RE: An Ordinance Amending Section 1-0305.A Relating to Ordinance Violations – Amendment of Penalty for Possessing a Firearm or Dangerous Weapon

Dear Commissioners,

It has come to our attention that there is a contradiction between the state law penalty and the city ordinance penalty for possessing a firearm or dangerous weapon. Recently passed state legislation, effective August 1st, 2019, changed the penalty for possessing a firearm or dangerous weapon from a Class B misdemeanor to an Infraction. Therefore, the city penalty, a Class B misdemeanor, must be revised accordingly. As a result, I am remitting to you for your approval, an ordinance revising the penalty for that violation to an Infraction.

Suggested Motion: I move to receive and file an ordinance amending Section 1-0305.A of Article 1-03 of Chapter 1 of the Fargo Municipal Code Relating to Ordinance Violations and to place the ordinance on for first reading at the next regularly-scheduled city commission meeting.

Please feel free to contact me if you have any questions or concerns.

Sincerely,

Alissa R. Farol
Assistant City Attorney

RE: Amending Previous Re-zoning Ordinance (Ord. No. 5140)

Dear Commissioners,

Submitted for your approval is a draft ordinance that is intended to simply correct a typographical error and an omission of a detail in an ordinance that was enacted April 9, 2018.

Beginning in 2017 and continuing into early 2018, the Planning Commission and City Commission considered an application for re-zoning of parcels in the Diamond Willow Addition located at the corner of 7th Street North and 10th Avenue North—a re-development project. At the time, the suggested Planned Unit Development (PUD) purposed the narrowing of setbacks. Unfortunately, the ordinance that was drafted to memorialize those terms contained a typographical error with respect to the rear setback (supposed to be 7 feet, not 8 feet) and the interior side setback was completely omitted from the ordinance (supposed to be "exempt per Alternative Development Option"). The enclosed amending ordinance would correct those errors.

SUGGESTED MOTION: I move to receive and file An Ordinance Amending Ordinance No. 5140 which Rezoned Certain Parcels of Land Lying in Diamond Willow Addition, a Re-plat of Portions of Douglas Addition, Fargo, Cass County, North Dakota, and place the matter on the next regularly scheduled City Commission meeting for first reading.

Sincerely,

Erik R. Johnson

ORDINANCE NO. _____

AN ORDINANCE AMENDING ORDINANCE NO. 5140
WHICH REZONED CERTAIN PARCELS OF LAND
LYING IN DIAMOND WILLOW ADDITION,
A REPLAT OF PORTIONS OF DOUGLAS ADDITION,
FARGO, CASS COUNTY, NORTH DAKOTA

WHEREAS, in 2017 the Fargo Planning Commission and the Board of City Commissioners of the City of Fargo having held hearings pursuant to published notice to consider the rezoning of certain parcels of land lying in the proposed Diamond Willow Addition, a replat of Lots Fifteen (15) and Sixteen (16), Block Fifteen (15), Douglas Addition to the city of Fargo, Cass County, North Dakota; and,

WHEREAS, the Fargo Planning Commission recommended approval of the rezoning request on November 7, 2017; and,

WHEREAS, the rezoning changes were approved by the City Commission on March 26, 2018; and

WHEREAS, Ordinance No. 5140 was duly adopted and enacted by the Board of City Commissioners, said ordinance receiving final passage on April 9, 2018; and,

WHERAS, the staff report and other supporting information provided at the aforesaid hearing that accurately described the nature of the Planned Unit Development Overlay and Master Land Use Plan for the Diamond Willow Addition; however, Ordinance No. 5140 contained a typographical error and an omission of the interior side setback, as the same was stated in the staff report and as reported at the said public hearings and, because of these errors, it is necessary and appropriate for an amendment to the said Ordinance No. 5140;

NOW, THEREFORE,

Be It Ordained by the Board of City Commissioners of the City of Fargo:

Section 1. Ordinance No. 5140 of the City of Fargo is hereby amended to read as follows:

The following described property:

All of Diamond Willow Addition, a replat of Lots Fifteen (15) and Sixteen (16), Block

Fifteen (15), Douglas Addition to the city of to the City of Fargo, Cass County, North Dakota,

is hereby rezoned from "MR-3", Multi-Dwelling Residential, District, to "MR-3", Multi-Dwelling Residential with a PUD, Planned Unit Development Overlay and Master Land Use Plan, District consisting of modifications of front, rear and street side setbacks pertaining to said base zoning district as follows:

Front Setback: The front setback is reduced from 25 feet to 8 feet;

Rear Setback: The rear setback is reduced from 20 feet to ~~8~~7 feet; and,

Street Side Setback: The street side setback is reduced from 12.5 feet to 8 feet.

Interior Side Setback: Exempt per Alternative Development Options.

In all other respects, development must comply with the dimensional standards for the base zoning district of a "MR-3", Multi-Dwelling Residential, District.

Section 2. The City Auditor is hereby directed to amend the zoning map now on file in his office so as to conform with and carry out the provisions of this ordinance.

Section 3. This ordinance shall be in full force and effect from and after its passage and approval.

AN ORDINANCE AMENDING SECTION 30-0106 OF ARTICLE 30-01 OF CHAPTER 30 OF THE FARGO MUNICIPAL CODE RELATING TO THE INTERNATIONAL MECHANICAL CODE

WHEREAS, the electorate of the City of Fargo has adopted a home rule charter in accordance with Chapter 40-05.1 of the North Dakota Century Code; and

WHEREAS, Section 40-05.1-06 of the North Dakota Century Code provides that the City shall have the right to implement home rule powers by ordinance; and

WHEREAS, Section 40-05.1-05 of the North Dakota Century Code provides that said home rule charter and any ordinances made pursuant thereto shall supersede state laws in conflict therewith and shall be liberally construed for such purpose; and

WHEREAS, the Board of City Commissioners deems it necessary and appropriate to implement such authority by the adoption of this ordinance;

NOW, THEREFORE,

Be it Ordained by the Board of City Commissioners of the City of Fargo:

Section 1. Repeal.

Section 30-0106 of Article 30-01 of Chapter 30 of the Fargo Municipal Code is hereby repealed in its entirety.

Section 2. Re-enactment.

Section 30-0106 of Article 30-01 of Chapter 30 of the Fargo Municipal Code is hereby re-enacted to read as follows:

30-0106. Standards adopted.--The following standards are hereby adopted for all heating, air conditioning and other gas, oil, or coal consuming appliances:

A. All heating, air conditioning, or other gas, oil, or coal consuming appliances for either domestic or commercial use installed in the city of Fargo shall bear a seal of approval from the American Gas Association, American Standards Association, Underwriters Laboratories, or other nationally recognized testing laboratory.

polyethylene, polyethylene, ABS, CPVC, PVC, or polypropylene pipe or tubing. Components shall be selected for the pressure and temperature rating of the installation. Joints and connections shall be made in accordance with the applicable provisions of ~~Chapter 7 of the *International Plumbing Code*~~ the North Dakota State Plumbing Code relative to the material type. Condensate waste and drain line size shall be not less than 3/4-inch (19 mm) internal diameter and shall not decrease in size from the drain pan connection to the place of condensate disposal. Where the drain pipes from more than one unit are manifolded together for condensate drainage, the pipe or tubing shall be sized in accordance with Table 307.2.2.

Section 401.2 is hereby amended to read as follows:

401.2 Ventilation required. Every occupied space shall be ventilated by natural means in accordance with Section 402 or by mechanical ventilation in accordance with Section 403. ~~Where the air infiltration rate in a dwelling units is less than 5 air changes per hour when tested with a blower door at a pressure 0.2 inch water column (50 Pa) in accordance with Section 402.4.1.2 of the *International Energy Conservation Code*, the dwelling unit shall be ventilated by mechanical means in accordance with Section 403.~~ Ambulatory care facilities and Group I-2 occupancies shall be ventilated by mechanical means in accordance with Section 407.

Section 403.1 is hereby amended to read as follows:

403.1 Ventilation system. Mechanical ventilation shall be provided by a method of supply air and return or *exhaust air*. ~~except that mechanical ventilation air requirements for Group R-2, R-3 and R-4 occupancies three stories and less in height above grade plane shall be provided by an exhaust system, supply system or combination thereof.~~ The amount of supply air shall be approximately equal to the amount of return and *exhaust air*. The system shall not be prohibited from producing negative or positive pressure. The system to convey *ventilation air* shall be designed and installed in accordance with Chapter 6.

Section 504.8.2 is hereby amended to read as follows:

504.8.2 Duct installation. Exhaust ducts shall be supported at 4-foot (1219 mm) intervals and secured in place. The insert end of the duct shall extend into the adjoining duct or fitting in the direction of airflow. Ducts shall not be joined with screws. ~~or similar fasteners that protrude more than 1/8 inch (3.2mm) into the~~

Section 505.4 is hereby amended to read as follows:

505.4 Makeup air required. Exhaust hood systems capable of exhausting in excess of 400 cfm (0.19 m^3/s) shall be provided with *makeup air* at a rate in excess of 400 cfm. ~~approximately equal to the exhaust air rate.~~ Such *makeup air* systems shall be equipped with a means of closure and shall be automatically controlled to start and operate simultaneously with the exhaust system.

Section 508.2 is hereby amended to read as follows:

508.2 Compensating hoods. Manufacturers of compensating hoods shall provide a label indicating the minimum exhaust flow, the maximum makeup airflow or both that provides capture and containment of the exhaust effluent. Short circuit compensating hoods are prohibited.

Section 508.2.1 is hereby added to read as follows:

508.2.1 Compensating Hood Makeup Air. Compensating hoods shall extract at least forty percent (40%) of the required exhaust air flow from the kitchen area.

Section 701.3 is hereby added to read as follows:

701.3 Attic space. Attic space may not be used for *combustion air*.

Section 908.5 is hereby amended to read as follows:

908.5 Water supply. Cooling towers, evaporative coolers and fluid coolers shall be provided with an approved water supply, sized for peak demand. The quality of water shall be provided in accordance with the equipment manufacturer's recommendations. ARTICLE 30.1-01

INTERNATIONAL FUEL GAS CODE – ADOPTION

Section
30.1-0101 Adoption of International Fuel Gas Code by Reference
30.1-0102 Amendment to International Fuel Gas Code

30.1-0101. Adoption of International Fuel Gas Code by Reference.—There is hereby adopted by reference by the Board of City Commissioners, for the purpose of prescribing regulations governing standards, relative to housing in the City of Fargo, that certain code known as the International Fuel Gas Code sponsored by the International Code Council, being particularly the 2018 Edition thereof, a copy of which is on file in the office of the City Auditor, and the same is hereby adopted and incorporated as fully as if set out in length herein, and from the date on which this ordinance shall take effect, the provisions thereof shall be controlling within the limits of the city, and within the extra-territorial zoning jurisdiction of the city.

30.1-0102. Amendment to International Fuel Gas Code.—The International Fuel Gas Code as adopted in Section 30.1-0101 is hereby changed and amended as follows:

Section 101.1 is hereby amended to read as follows:

101.1 Title. These regulations shall be known as the *Fuel Gas Code* of [~~NAME OF JURISDICTION~~] the city of Fargo, hereinafter referred to as "this code."

Section 103.4 is hereby amended to read as follows:

103.4 Liability. The code official, member of the board of appeals or employee charged with the enforcement of this code, while acting for the jurisdiction in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be rendered civilly or criminally liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act or by reason of an act or omission in the discharge of official duties.

This code shall not be construed to relieve from or lessen the responsibility of any person owning, operating, or controlling any building or structure for any damages to persons or property caused by defects, nor shall the code enforcement agency or the city be held as assuming any such liability by

reason of the inspection authorized by this code or any permits or certificates issued under this code.

Section 106.6.2 is hereby amended as follows:

106.6.2 Fee schedule. The fees for work shall be as indicated in the ~~following~~ schedule as established by resolution of the board of city commissioners.

Section 106.6.3 is hereby amended as follows:

106.6.3 Fee refunds. The code official shall authorize the refunding of fees as follows.

1. The full amount of any fee paid hereunder which was erroneously paid or collected.

2. Not more than ~~[SPECIFY PERCENTAGE]~~ eighty percent (80%) of the permit fee paid when no work has been done under a permit issued in accordance with this code.

3. Not more than ~~[SPECIFY PERCENTAGE]~~ eighty percent (80%) of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or canceled before any plan review effort has been expended.

The code official shall not authorize the refunding of any fee paid, except upon written application filed by the original permittee not later than 180 days after the date of fee payment.

Section 303.3 is hereby amended to read as follows:

303.3 Prohibited locations. Appliances shall not be located in sleeping rooms, bathrooms, toilet rooms, storage closets or surgical rooms, or in a space that opens only into such rooms or spaces, except where the installation complies with one of the following:

1. The *appliance* is a direct-vent *appliance* installed in accordance with the conditions of the listing and the manufacturer's instructions.

2. Vented room heaters, wall furnaces, vented decorative appliances, vented gas fireplaces, vented gas fireplace heaters and decorative

~~4. A single wall-mounted unvented room heater is installed in a bedroom and such unvented room heater is equipped as specified in Section 621.6 and has an input rating not greater than 10,000 Btu/h (2.93 kW). The bedroom shall meet the required volume criteria of Section 304.5.~~

~~5.~~3. The *appliance* is installed in a room or space that opens only into a bedroom or bathroom, and such room or space is used for no other purpose and is provided with a solid weather-stripped door equipped with an *approved* self-closing device. All *combustion air* shall be taken directly from the outdoors in accordance with Section 304.6.

~~6.~~4. A clothes dryer is installed in a residential bathroom or toilet room having a permanent opening with an area of not less than 100 square inches (0.06 $m^{2)}$ that communicates with a space outside of a sleeping room, bathroom, toilet room or storage closet.

Section 304.6.1 is hereby amended to read as follows:

304.6.1 Two-permanent-openings method.

* * *

Where directly communicating with the outdoors, or where communicating with the outdoors through vertical ducts, each opening shall have a minimum free area of 1 square inch per 4,000 Btu/h (550 mm^2/kW) of total input rating of all appliances in the enclosure ~~[see Figures 304.6.1(1) and 304.6.1(2)]~~.

Section 403.3 is hereby amended to read as follows:

403.3 Other materials. Material not covered by the standards specifications listed herein shall be investigated and tested to determine that it is safe and suitable for the proposed service, and, in addition, shall be recommended for that service by the manufacturer and shall be *approved* by the code official. Listed LPG hose may be used with natural gas when used for temporary heating at a maximum length of 50 feet.

Section 403.10.1.1 is hereby added to read as follows:

403.10.1.1 Gas supply systems with pressures 5 psig or greater and gas pipe joints 2 ½ inches or larger, regardless of pressure, shall be welded.

Section 403.10.5 is hereby amended to read as follows:

403.10.5 Metallic fittings. Metallic fittings shall comply with the following:

1. Threaded fittings in sizes ~~larger than 4 inches (102 mm)~~ 2 ½ inches or larger shall not be used except where *approved.*

* * *

Section 406.4 is hereby amended to read as follows:

406.4 Test pressure measurement. Test pressure shall be measured with a manometer or with a pressure-measuring device designed and calibrated to read, record or indicate a pressure loss caused by leakage during the pressure test period. The source of pressure shall be isolated before the pressure tests are made. ~~Mechanical gauges used to measure test pressures shall have a range such that the highest end of the scale is not greater than five times the test pressure.~~ Dial gauges used to measure test pressures shall be performed with gauges of 2 psi incrimination or less and have a range not exceeding 100 psi unless otherwise approved.

Section 406.4.1 is hereby amended to read as follows:

406.4.1 Test pressure. The test pressure to be used shall be no less than 1 ½ times the proposed maximum working pressure, but not less than ~~3 psig (20 kPa gauge),~~.25 psig irrespective of design pressure. Where the test pressure exceeds

125 psig (862 kPa gauge), the test pressure shall not exceed a value that produces a hoop stress in the *piping* greater than 50 percent of the specified minimum yield strength of the pipe.

Section 408.2 is hereby amended to read as follows:

408.2 Drips. Where wet gas exists, a drip shall be provided at any point in the line of pipe where condensate could collect. ~~A drip shall also be provided at the outlet of the meter and shall be installed so as to constitute a trap wherein an accumulation of condensate will shut off the flow of gas before the condensate will run back into the meter.~~

Section 411.2 is hereby amended to read as follows:

411.2 Manufactured home connections. Manufactured homes shall be connected to the distribution *piping* system by ~~one of the following materials:~~

~~1. Metallic pipe in accordance with Section 403.4.~~

~~2. Metallic tubing in accordance with Section 403.5.~~

~~3. L~~*listed* and *labeled* connectors in compliance with ANSI Z21.75/CSA 6.27 and installed in accordance with the manufacturer's installation instructions.

Section 415.1 is hereby amended to read as follows:

415.1 Interval of support. *Piping* shall be supported at intervals not exceeding the spacing specified in Table 415.1. Spacing of supports for CSST shall be in accordance with the CSST manufacturer's instructions. In addition to the requirements of Table 415.1, *piping* and tubing shall be supported within 2 feet of every bend or angle.

Section 501.12 is hereby amended to read as follows:

501.12 Residential and low-heat appliances flue lining systems. Flue lining systems for use with residential-type and low-heat appliances shall be limited to the following:

1. Clay flue lining complying with the requirements of ASTM C315 or equivalent when each appliance connected into the masonry chimney has a minimum input rating greater than 400,000 Btu/h. Clay flue lining shall be installed in accordance with the *International Building Code*.
2. *Listed* chimney lining systems complying with UL 1777.

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 1001 5 St. S as submitted by Sheila R. Remboldt. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2016, 2017, 2018, 2019, & 2020.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about $535 with the City of Fargo's share being $90.

Sincerely,

Ben Hushka
City Assessor

MEMORANDUM

TO: Board of City Commissioners

FROM: Steven Sprague, City Auditor

SUBJECT: City Seal

DATE: July 31, 2019

The City of Fargo was incorporated in 1875. The City has used an embossed city seal since August 1, 1939. With current technology there are many times the embossed seal will not appear on a copy or a scanned image. The Auditor's office is requesting approval to use either the embossed stamp or a stamped image as the official seal of the City of Fargo and to designate the Auditor's office as the official keeper of the seal.

Recommended Motion:

Approve the use of the attached stamped or embossed City seal as the official seal of the City of Fargo

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

Project No. SN-18-C2 Type: Change Order #3 & Time Extension

Location: City Hall Date of Hearing: 8/5/2019

Routing	Date
City Commission	8/12/2019
PWPEC File	X
Project File	Rob Hasey

The Committee reviewed the accompanying correspondence from Project Manager, Rob Hasey, regarding Change Order #3 & time extension requested by Key Contracting. Change Order #3 is for replacing a damaged portion of Pontoppidian Lutheran Church's access that has been damaged by semi-trucks using the loading dock at the Fargo Civic Center and for traffic control that is needed during the installation of sidewalk along 2nd Street. The time extension is being requested due to delays on the City Centre Lofts project and the extra work to repair the alley for Pontopiddian Lutheran Church.

Staff is recommending approval of Change Order #3 in the amount of $25,122.00, and a time extension adjusting the Substantial Completion Date to September 30, 2019 and the Final Completion Date to October 14, 2019.

On a motion by Bruce Grubb, seconded by Steve Sprague, the Committee voted to recommend approval of Change Order #3 & time extension as described above to Key Contracting.

RECOMMENDED MOTION
Concur with the recommendations of PWPEC and approve Change Order #3 in the amount of $25,122.00, bringing the total contract amount to $446,467.60, and a time extension to the Substantial and Final Completion Dates.

Re: Project SN-18-C2 – Change Order #3 & Time Extension

Background:

Project SN-18-C2 is for the construction of sidewalks on the north and east side of City Hall.

The remaining portion of sidewalk to be installed on this project is shown on the image below in the red dashed lines. This area is located north of City Hall and south of the City Centre Lofts building.

On April 23rd, 2019 the City, the City's Contractor (Key Contracting) and Mike Vipond from the City Centre lofts met to discuss Key Contracting installing the remaining sidewalk. Mr. Vipond said that if the sidewalk was to be installed in the spring it would cause problems for them while installing the siding on the south wall and the machinery used could possibly damage the new sidewalk. Mr. Vipond stated that it would take them until the end of June to complete the siding work. I have been in contact with Dave Glessner (City Centre project manager) and I was told they would finish by the first week in July and when that date lapsed, the new completion date changed to July 24th. When July 24th passed without the siding being completed I requested a meeting with City Centre at 9am on Monday, July 29th. During this meeting, we were informed that City Centre would finish the siding by August 2nd. Balconies on the south side would be installed the week of August 8-12. A large door on the upper floor on the south side is anticipated to be delivered to the site in late August or early September. Key Contracting should be able to start the remaining sidewalk either in late August or right after Labor Day.

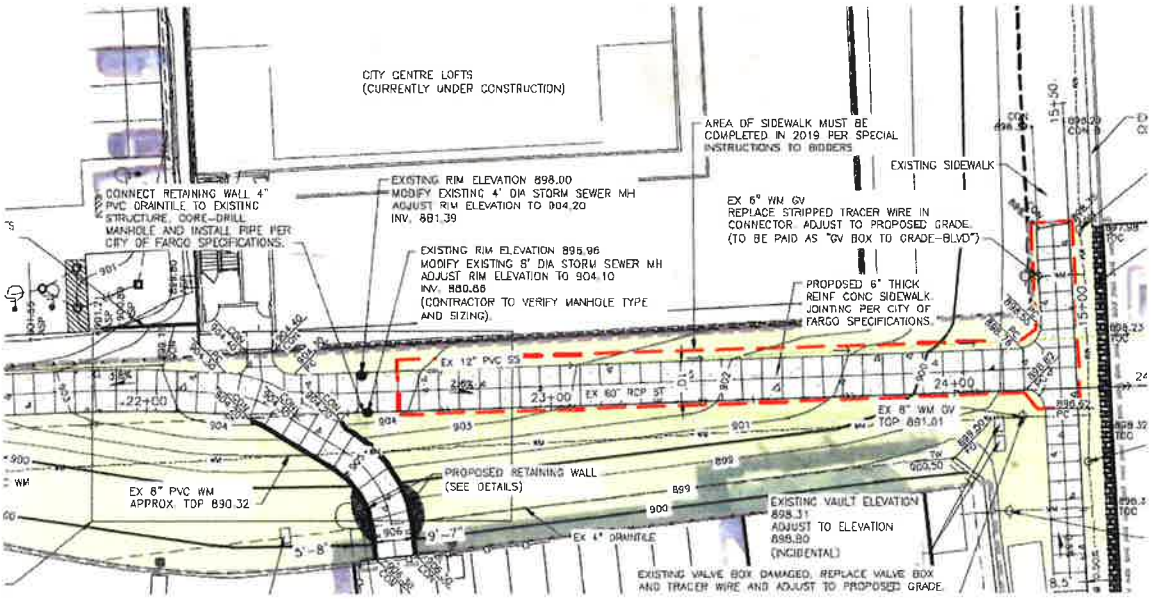
Pontoppidian Lutheran Church is requesting that a portion of their access be restored from truck damage. I met with Roy Sander who represents Pontoppidian and he stated when semi-trucks use the loading dock at the Fargo Civic Center they pull up to their dumpster and that has cause damage to their asphalt surface. We propose to install 7" reinforced concrete to restore their driving surface. The estimated cost to do this is $24,297.00.

Traffic control is also being added in this change order for installing sidewalk closure signs along 2nd Street until the remaining portion of the sidewalk outlined in red in the image below is installed. That cost is $825.00.

Total cost of Change Order #3: $25,122.00.

Source of funding: 100% Sales Tax Funds – Infrastructure 420

We recommend approving the alley work and granting Key Contracting a time extension to September 30th, 2019 to have the project Substantially Complete and two weeks later for Final Completion, which includes punchlist items and final cleanup. The additional time is due to delays on the City Centre project along with the extra work to repair the alley to Pontoppidian Church.



Recommended Motion:

Re: Project #UR-19-A1 Storm Sewer, Storm Sewer Repairs, PC Concrete Paving and Incidentals Change Order #2, Emergency Storm Sewer Repair - Sink Hole

---

Background:

Project UR-19-A1 was bid on May 1, 2019 with bid award on May 6, 2019. The project began the week of July 8, 2019. The project documents identified Final Completion for all cleanup and punch list items for October 1, 2019. Fox Underground was awarded the project and subsequently given a Notice to Proceed. After several repeated rainfalls in the middle of July, the Street Department identified settlement and a sink hole had developed above the 30-inch storm sewer along the north side 18th Avenue South, adjacent to the West Acres Area Regional Storm Sewer Pond located east of 42nd Street South. After inspection with Public Works, it was determined the best solution was to do the work on a time and materials basis with a not to exceed cap of $15,770 through a change order on our storm sewer repairs project. The repair cost will be paid for out of the Storm Sewer Utility-524.

The price increase is reasonable and Engineering recommends approval.

Recommended Motion:

Approve Change Order #2 for a not to exceed amount of $15,770.00.

*** Breakdown is for Reference to Size & Scope Only - All Items Tied ****

Sinkhole Repair Estimate: 10,770.00
Time & Material - Price NOT to Exceed: 15,770.00

Does Not Include: Remove/Replace of Any Kind (Besides Specifically Quote Items), Strip/Stockpile Topsoil, Survey Staking, Soils Compaction Testing, Seeding/Landscaping/Restoration, Storm Water Management, Hold/Relocate Poles, Farming/Drying Dirt, Rock Bedding If Wet, Regraveling Roads, Sewer Jetting/Cleaning/Jetting, Tracer Wire, Perforated Drain, Riprap w/ Fabric, Storm Manhole Boots, Bond.

NOTE: Fox Underground will mobilize a backhoe, sawcut and remove picture frame around excavation to allow for OSHA compliant trench. We will have the street lights cut out fo the way, will install a box, and will excavate the side of the storm pipe to expose the hole. We will bolt a wire mesh to the RCP, and will pour 4000psi concrete in and around the void. Fox will backfill the entire trench with Class 3 gravel-backfill-compacted, and will haul away debris and excess clay. Fox will then coordinate the replacement of the curb & gutter/bike path/sidewalk, and will take the traffic control down.
Final Grading and Seeding is NOT included

PRICING: An estimate has been provided, however Fox would prefer to manage job with Time & Material Pricing, NOT TO EXCEED the priced amount. We are NOT sure how big the void is, and what problems we will encounter.

Project File	Kristy Schmidt

The Committee reviewed a communication from Civil Engineer, Kristy Schmidt, regarding a request received from McGough Construction, the Contractor for Block 9, to install a construction barrier on 3rd Avenue North between Broadway and 5th Street.

As the project continues to climb vertical the potential hazards to adjacent pedestrians increase. This is an added precaution for safety. The current operations do not allow for horizontal netting. The request is to have a safety fence with netting installed vertically in the center of 3rd Avenue adjacent to the Block 9 tower. This would be installed as soon as Broadway is open to traffic and would be in place until early November.

Staff is recommending approval of the Amendment for the Developer and Road Use Agreement to allow closure of the east bound lane of 3rd Avenue North between Broadway and 5th Street.

On a motion by Tim Mahoney, seconded by Ryan Erickson, the Committee voted to recommend approval of the Amendment for the Developer and Road Use Agreement for additional safety measures.

RECOMMENDED MOTION
Concur with the recommendations of PWPEC and approve the Amendment for the Developer and Road Use Agreement with Kilbourne Group.

Date: August 2, 2019

Re: Amendment to Block 9 Developer and Road Use Agreement

Background:

We have received a request from the McGough Construction, the Contractor for the Block 9, supported by Kilbourne, to install a construction barrier on 3rd Avenue North between Broadway and 5th Street (adjacent to Block 9 tower). As the project continues to climb vertical the potential hazards increase. This is an added precaution for safety. The ongoing construction operations do not allow for horizontal netting. They are requesting to have a safety fence with netting installed vertically in the center of 3rd Avenue adjacent to the Block 9 tower. This would be installed as soon as Broadway is open to traffic, approximately August 14, and would be in place until early November. McGough is working on the plans to submit to the City for review prior to the Amendment to the ROW Use Agreement approval.

Staff is recommending to approve the Amendment to the Block 9 Developer and Road Use Agreement to allow closure of the east bound lane of 3rd Avenue North between Broadway and 5th Street.

Recommended Motion:

Approve eastbound road closure on 3rd Avenue North adjacent to Block 9 tower for additional safety measures.

McGOUGH

3rd Ave Road Amendment- Block 9

Narrative:

The McGough management team is proposing to extend the construction barriers to the centerline of 3rd Ave North between Broadway and the intermediate point to 5th Street. Currently, all construction barriers provide protections to the adjacent public that are within all applicable code and OSHA standards. As the project continues to climb vertical, the potential hazard to adjacent pedestrians increases. The building design and layout within the site make this especially true along 3rd Ave. It is important to note that design and multiple ongoing exterior façade operations do not allow for conventional horizontal netting practices to take place. The collective team understands that the current ROW user agreement provides full code compliance and adequate levels of safety for the downtown community. We feel that OSHA compliance is a minimum and would like to implement this added precaution as a means of displaying our commitment to a safe atmosphere in downtown Fargo. This proposal has been discussed with immediate neighbors whom appear to be in alignment. It is also important to note that this condition would only be in place from mid-August until early November.

Amendment (Third) to Developer and Road Use Agreement

This Amendment (Third) amends that Developer and Road Use Agreement dated July 11, 2018. Paragraph #2 shall be amended to include use of the south ½ of the City Right of Way on 3rd Avenue North, between Broadway North and the alley, as identified on Exhibit "A" attached hereto. The permitted use shall commence on August 13, 2019, and shall cease no later than November 15, 2019.

All other terms and conditions of the Developer and Road Use Agreement shall remain in full in force in effect.

PART II
General Assistance Terms & Conditions
Updated 6/17/19

A. AVAILABILITY OF FEDERAL FUNDS - If disclosed on Part I, funds to be disbursed under this Award have been appropriated pursuant to the enabling federal legislation cited in Part I of this Award. Should federal funds become limited by the awarding federal agency, this grant may be amended accordingly.

B. STATE APPROPRIATION AUTHORITY - Funds authorized under this Award are subject to State Appropriation Authority.

C. SCOPE OF WORK - All work and activities authorized by this Award will be performed in accordance with the terms and conditions and work program attached, described, or referenced in this agreement. In addition, if a work or grant proposal was submitted, all work will comply with that which was described and requested in the work proposal unless otherwise noted as changed.

D. LIMITATIONS ON EXPENDITURES - The total cost of performing the tasks under this Award must not exceed the total funds authorized in Part I, Basic Information and Signatory Sheet, and will be limited to and in accordance with those delineated in the budget plan attached to this Award.

E. AMENDMENTS AND MODIFICATIONS - When necessary, the Recipient may request changes in the scope of services to be provided in this Award to include changes in the attached budget. These requests must be made in writing and supported with appropriate documentation. Such changes must not be undertaken until incorporated by written amendments to this Award.

F. RECORD RETENTION AND ACCESS - The DCS and duly authorized officials of the state and federal government shall have full access and the right to examine any pertinent documents, papers, records and books of the Recipient and of persons or organizations the Recipient may contract with which involve transactions related to this Award. The Recipient shall retain all documents, papers, records and books that are pertinent to this Award for a period of five (5) years following the submission of the final Financial Status Report or until all audit findings have been resolved, whichever is later unless otherwise stated in this agreement.

G. SUBCONTRACTING - The Recipient shall not assign, transfer, or subcontract professional service responsibilities (excluding approved construction and rehabilitation services) covered under this Award without prior written approval of the DCS.

H. PROHIBITION AGAINST PAYMENTS OF BONUS OR COMMISSION - The assistance provided under this Award shall not be used in the payment of any bonus or commission for the purpose of the preparation of and/or activities associated with obtaining approval of the work proposal.

I. TERMINATION - The Recipient and the DCS may terminate this Award agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof and the cause for the termination. Unless otherwise noted in Part III of this award, the other party must receive such notice at least thirty (30) days before the effective date of termination. Cause for termination may include nonperformance of specified work activities and noncompliance with the terms and conditions of this Award. The DCS shall be liable only for work performed or services provided under this Award prior to the effective date of termination.

J. DEFAULT - If the Recipient fails to comply with the terms of this Award or fails to use the Award for only those purposes set forth herein, the DCS may, unless otherwise noted in Part III of this award:

1. After notice to the Recipient, suspend the award and withhold further payment or prohibit the Recipient from incurring additional obligations of grant funds, pending corrective action by the Recipient.

2. Terminate the Award in whole, or in part, at any time before the final award payment is made. The DCS shall promptly notify the Recipient in writing of the determination to terminate, the reason for such termination, and the effective date of the termination.

K. NONDISCRIMINATION - The Recipient agrees that it will be subject to and will comply with Title VI of the Civil Rights Act of 1964, Executive Order 11246 as amended by the Executive Orders 11375 and 12086, the Age Discrimination Act of 1975, and Title VIII of the Civil Rights Act of 1968. Under these acts, no person shall on the grounds of race, color, religion, sex, national origin or age be excluded from participation in, be denied the benefits or be otherwise subject to discrimination under this program.

L. SECTION 504 - The Recipient agrees that it will be subject to and will comply with Section 504 of the Rehabilitation Act of 1973. Under this act no person shall solely by reason of disability be excluded from participation in, be denied the benefits of or be subjected to discrimination under this program.

M. CODE OF CONDUCT - Recipients shall maintain a written code or standards of conduct which shall govern the performance of their officers, employees or agents engaged in the Award and administration of contracts supported by federal funds. No employee, officer or agent of the Recipient shall participate in selection, or in the award or administration of a contract supported by federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

1. The employee, officer or agent;

2. Any member of his immediate family;

3. His or her partner; or

4. An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award.

The Recipient's officers, employees or agents shall neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements.

To the extent permitted by state or local law or regulations, such standards of conduct shall provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the Recipient's officers, employees, or agents, or by contractors or their agents.

PART III - PROGRAMMATIC TERMS AND CONDITIONS
Emergency Solutions Grants (ESG)
and North Dakota Homeless Grant (NDHG)
Updated – 6/21/19

1. The grantee must obligate all grant funds within the award timeline of this Financial Award. At least one Request for Funds must be submitted to the DCS not less than once during each quarter of the program year. Failure to obligate or request reimbursement as specified may result in the termination of this award.

2. The grantee must submit a mid-term and final progress report to the DCS. The mid-term report is due January 31, 2019. Within 30 days following project completion, a final progress report must be submitted with a final cash request. Expenditure of funds must be reported by activity funded - Renovation; Rehabilitation or Conversion; Operational; and/or Essential Services. The Financial Status Report must reflect both federal and other funds, both cash and noncash.

3. The grantee must complete an environmental review and obtain Release of Funds from the DCS before allowing recipients to commit ESG funds, if applicable.

4. The grantee must submit to DCS, within 60 days, verification of ownership of the property by the subgrantee or a lease agreement giving the subgrantee control of the property at least until the end of the project. (For rehab projects only).

5. Grantees providing emergency shelter in hotels or motels or other commercial facilities must certify that leases have been negotiated which provide that the living space will be rented at substantially less than the daily room rate otherwise charged by the facility, and that the grantee has considered using other facilities as emergency shelter and has determined that the use of the hotel or motel provides the most cost effective means of providing emergency shelter for the homeless in its jurisdiction.

6. The grantee is required to be readily accessible to and usable by persons with disabilities in accordance with Section 504 of the Rehabilitation Act and implementing regulations at 24 CFR Part 8; the Fair Housing Act and implementing regulations at 24 CFR Part 100; and Title II of the Americans with Disabilities Act and 28 CFR Part 35; where applicable.

7. Grantees, with the exception of Domestic Violence assistance providers, must input client data into the HMIS system as required by the Grantor and the Department of HUD. Domestic Violence assistance providers must use a comparable database.

8. Grantees, with the exception of Domestic Violence assistance providers, must use the centralized or coordinated assessment system.

9. The grantee must provide for the participation of not less than one homeless individual or

formerly homeless individual on the board of directors or other equivalent policy-making entity of the grantee, to the extent that the entity considers and makes policies and decisions regarding any facilities, services, or other assistance that receive funding under ESG. If unable to meet the requirement above, it must develop and implement a plan to consult with homeless or formerly homeless individuals in considering and making policies and decisions regarding any facilities, services, or other assistance that receive funding under ESG. This involvement may include employment or volunteer services.

10. The Grantee must comply with provisions contained in 24 CFR 576.23 and Executive Order 13559 regarding faith-based organizations as outlined in Attachment A of this award.

11. Youth aged 24 and under seeking assistance shall not be required to provide third party documentation to establish their eligibility under 42 U.S.C. 11302(a) or (b) to receive services. Unaccompanied youth aged 24 and under or families headed by youth aged 24 or under who are living in unsafe situations may be served by youth-serving providers.

12. The Grantee will maintain its DUNS number and SAM registration throughout the term of this agreement.

Emergency Solutions Grant (ESG) and North Dakota Homeless Grant (NDHG)
Certifications by the Chief Executive Officer

I, Desi Fleming, Director of Public Health/ Timothy J. Mahoney, Mayor, Chief Executive Officer of Fargo Cass Public Health, City of Fargo, certify that the grantee will ensure the matching supplemental funds required by the regulation at 24 CFR Parts 91 and 576. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the grantee will comply with 24 CFR Parts 91 and 576 Emergency Solutions Grants Program Interim Regulations (see attached).

I further certify that the grantee will not:

1. Conduct renovation, major rehabilitation, or conversion of any building; listed on the National Register of Historic Places; located in a historic district; immediately adjacent to a property listed on the National Register; or deemed to be eligible for inclusion on the National Register by the State Historic Preservation Officer;

2. Conduct any such activity taking place in a 100-year floodplain designated by map by the Federal Emergency Management Agency;

3. Conduct any such activity which will jeopardize the continued existence of an endangered or threatened species designated by the Department of the Interior's Fish and Wildlife Service, or by the Department of Commerce's National Maritime Fisheries Service, or affecting the critical habitat of such a species;

Additionally, I certify that use of emergency solutions grant amounts will comply with the following additional requirements:

1. ***Nondiscrimination and Equal Opportunity***

   a. The requirements of Title VIII of the Civil Rights Act of 1968, 42 U.S.C. 3601-19 and implementing regulations; Executive Order 11063 and implementing regulations at 24 CFR Part 107; and Title VI of the Civil Rights Act of 1964 (42 U.S.C.2002d) and implementing regulations issued at 24 CFR Part 1;

   b. The prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101-07) and the prohibitions against discrimination against handicapped individuals under Section 504 of the Rehabilitation Act of 1973 (20 U.S.C. 794);

c. The requirements of Executive Order 11246 regarding anti-discrimination in employment decisions on the basis of race, color, religion, sex or national origin, and the regulations issued under the Order at 41 CFR Chapter 60; and

d. The requirements of Section 3 of Housing and Urban Development Act of 1968, 12 U.S.C. 170lu (see Section 570.607(b) of this Chapter); and

e. The requirements of Executive Orders 11625 and 12432, and 12138. Consistent with HUD's responsibilities under these Orders, the grantee must make efforts to encourage the use of minority and women's business enterprises in connection with activities funded under this part.

2. ***Applicability of OMB Circulars***. The policies, guidelines, and requirements of OMB Circular 2 CFR Part 200 Uniform Guidance as it relates to the acceptance and use of emergency solutions grant funds.

3. ***Uniform Federal Accessibility Standards***. For major rehabilitation or conversion, the Uniform Federal Accessibility Standard at 24 CFR Part 40, Appendix A.

4. ***Lead-based paint***. The requirements, as applicable, of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. Sections 4821-4846) and implementing regulations at 24 CFR Part 35. In addition, the grantee (or in the case of States, the State recipient) must also meet the following requirements relating to inspection and abatement of defective lead-based paint surfaces:

   a. Treatment of defective paint surfaces must be performed before final inspection and approval of the renovation, rehabilitation or conversion activity under this part; and

   b. Appropriate action must be taken to protect shelter occupants from the hazards associated with lead-based paint abatement procedures.

5. ***Conflicts of Interest***. In addition to conflict of interest requirements in OMB 2 CFR Part 200 Uniform Guidance, no person (1) who is an employee, agent, consultant, officer, or elected or appointed official of the grantee, State recipient, or nonprofit recipient (or of any designated public agency) that receives emergency solutions grants amounts and who exercises or has exercised any functions or responsibilities with respect to assisted activities; or (2) who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for him or herself or those with whom he or she has family or business ties, during his or her tenure or for one year thereafter.

6. **Use of debarred, suspended, or ineligible contractors**. The provisions of 24 CFR Part 24 relating to the employment, engagement of services, awarding of contracts, or funding of any contractors or subcontractors during any period of debarment, suspension, or placement in ineligibility status.

7. ***Flood Insurance.*** No site proposed on which renovation, major rehabilitation, or conversion of a building is to be assisted under this part, other than by grant amounts allocated to the State, may be located in an area that has been identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, unless the community in which the area is situated is participating in the National Flood Insurance Program and the regulations thereunder (44 CFR Parts 59-79) or less than a year has passed since FEMA notification regarding such hazards, and the grantee will ensure that flood insurance on the structure is obtained in compliance with Section 102(a) of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4401 et seq.).

8. ***Audit.*** The financial management system used by a State, unit of general local government or nonprofit organization that is a grantee or State recipient shall provide for audits in accordance with Subpart (F) of 2 CFR Part 200 Uniform Guidance.

9. ***Coastal Barriers.*** In accordance with the Coastal Barrier Resources Act, 16 U.S.C. 3501, no financial assistance under this part may be made available within the Coastal Barrier Resources System.

10. ***Intergovernmental Review.*** The requirements of Executive Order 12372 and the regulations issued under the order at 24 CFR Part 52, to the extent provided by FEDERAL REGISTER notice in accordance with 24 CFR 52.3.

11. ***Displacement.*** A grantee or State or nonprofit recipient may not expend ESG grant funds for any activities that would result in the displacement of persons or businesses.

I further certify that the submission of an application for an Emergency Solutions Grant/North Dakota Homeless Grant is authorized under State and/or local law and that the grantee possesses legal authority to carry out Emergency Solutions Grant/North Dakota Homeless Grant activities in accordance with the conditions of this award.

EMERGENCY SOLUTIONS GRANTS (ESG) PROGRAM
NORTH DAKOTA HOMELESS GRANT (NDHG)

Provisions for Inclusion in ESG/NDHG Agreements with Grant Recipients that are faith based organizations or that may contract with faith based organizations in accordance with 24 CFR 576.23.

1. The Recipient may not discriminate against an organization on the basis of the organization's religious character or affiliation.

2. Organizations that are directly funded under this award may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of its programs or services funded under this award. If an organization conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under this award, and participation must be voluntary for the beneficiaries or the programs or services provided under this award.

3. A religious organization that receives ESG/NDHG funds will retain its independence from governmental entities and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use ESG/NDHG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide ESG/NDHG funded services, without removing religious art, icons, scriptures, or other religious symbols. The faith-based organization may retain its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

4. The Recipient will not discriminate against program beneficiaries or prospective program beneficiaries on the basis of religion or religious belief.

5. ESG/NDHG funds may not be used for the rehabilitation of structures to the extent that those structures are used for inherently religious activities. Funds may be used for the rehabilitation of structures that are used for conducting eligible activities under this part. Where a structure is used for both eligible and inherently religious activities, ESG funds may not exceed the cost of those portions of the rehabilitation that are attributable to eligible activities in accordance with applicable cost accounting circulars. Sanctuaries,

chapels, or other rooms that an ESG/NDHG funded religious organization uses as its principal place of worship are ineligible for ESG/NDHG funded improvements. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 24 CFR parts 84 and 85).

Homeless Certification for the North Dakota Homeless Grant (NDHG) And Emergency Solutions Grant (ESG)

I certify that all individuals served by the North Dakota Homeless Grant are eligible beneficiaries that meet at least one of the definitions of homeless, homeless individual or homeless person as defined in Section 103 of 42 USC 11302.

UNDER THE ACT – the term "homeless", "homeless individual", and "homeless person" means –

	Category 1	Literally Homeless	(1) Individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: (i) Has a primary nighttime residence that is a public or private place not meant for human habitation; (ii) Is living in a publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state and local government programs); or (iii) Is exiting an institution where (s)he has resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.
	Category 2	Imminent Risk of Homelessness	(2) Individual or family who will imminently lose their primary nighttime residence, provided that: (i) Residence will be lost within 14 days of the date of application for homeless assistance; (ii) No subsequent residence has been identified; and (iii) The individual or family lacks the resources or support networks needed to obtain other permanent housing.
	Category 3	Homeless under other Federal statues	(3) Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition, but who: (i) Are defined as homeless under the other listed federal statutes; (ii) Have not had a lease, ownership interest, or occupancy agreement in permanent housing during the 60 days prior to the homeless assistance application; (iii) Have experienced persistent instability as measured by two moves or more during the preceding 60 days; and (iv) Can be expected to continue in such status for an extended period of time due to special needs or barriers.
	Category 4	Fleeing/ Attempting to Flee DV	(4) Any individual or family who: (i) Is fleeing, or is attempting to flee, domestic violence; (ii) Has no other residence; and (iii) Lacks the resources or support networks to obtain other permanent housing.

Dear Jan:

In its 12th year as a program of The Barry Foundation, Philanthropy and Youth (PaY) engaged 680 students from 21 area high schools and allocated 142 grants to 89 nonprofit organizations totaling $110,000.

The Barry Foundation is pleased to provide a check for $1,000 to City of Fargo Gladys Ray Shelter, recommended by the West Fargo High School PaY committee. The grant is to be used for the taxi fund, garden and Home Slice Program.

As follow-up to your PaY Grant, each grantee is asked to complete a Grant Utilization Final Report. This report will become available in The Barry Foundation Portal on July 1, 2019; the PaY Grantee Contact will receive an email notification with instructions at that time. Early completion is requested with a deadline of October 1, 2019. You will be prompted to complete a form outlining the use of funds and provide appropriate documentation, such as a copy of purchase receipts and photo of grant usage.

Grantees are also required to send grant utilization information to the granting school. They appreciate hearing how their grant has impacted your organization. The PaY Advisor contact information is as follows:

The Barry Foundation has a quiet culture, preferring to privately provide support through proactive initiatives and accepts grant applications by invitation only. Consisent with the quiet culture, we ask that your organization refrain from issuing any press related information with regard to the PaY grant. Please contact Jennifer Schillinger, Interim Program Director, at 701-356-7800 or jschillinger@barryfoundation.org with any questions regarding your grant.

Thank you for supporting the PaY student experience.

RE: North Dakota Department of Emergency Services Grant Application

Dear Commissioners:

In October of 2018, the North Dakota Department of Emergency Services (ND DES) awarded the Fargo Police Department/Red River Valley SWAT team $62,217.00 for the purposes of updating the SWAT team's ballistic helmets. Shortly after, the Fargo Board of City Commissioners accepted the awarded funds on consent agenda. The awarded funds were then moved into City of Fargo account number 101-5045-411-74-10, and the Red River Valley SWAT team conducted an extensive testing process to pick a new ballistic helmet. Rules of the grant allowed for hearing protection to be purchased with the awarded grant funds, if the devices were attached to the ballistic helmets. The Red River Valley SWAT team also tested multiple noise canceling hearing protection devices for purchase.

The helmet which has been chosen is ballistically resistant to high velocity pistol and rifle rounds. The Equipment purchased with the awarded funds will be used by the Red River Valley SWAT team to safely complete tactical missions in an effort to keep the community and other Officers safe during critical incidents.

The attached bid from the vendor, which has been chosen, is $1383.00 above the awarded grant funds. The difference will be paid by existing funds in the Red River Valley SWAT team's operating budget, 101-5016-411-61-40.

If given the opportunity, the Red River Valley SWAT team would like to purchase the following items, with the awarded funds in order to update our ballistic helmets and hearing protection:

- Armor Source AS-600 high cut, Rifle Resistant Helmet (replacement)
- 3M Peltor COMTAC III ACH Tactical Communication Headset (replacement)

Attached you will find descriptions of each item and a bid from the vendor.

Recommended Motion:

Allow purchase of the above items.

Sincerely,

David E. Todd

This is the exact costs I have been quoted by American Blast Systems and 3M's vendor, Advantage Police Supply. This order is a direct pass through to Red River SWAT. I need to be held financially harmless throughout this purchase. I need to mail a check to Advantage Police Supply, for that company has a 3.5% convenience fee on credit card sales. I am sure American Blast will also need to be paid in advance, for that has been my experience buying product from that company for the past year. With all that said, the terms of this sale are payment in advance of me ordering the product. I understand that the product needs to be delivered to your location in Fargo, ND no later than 12-31-2019, but I cannot be held responsible or have any financial fallout from either of these vendors failing to meet that deadline. By placing the order, based on this quote, Red River SWAT and its member agencies accepts the above terms.

RE: Inter-Local Agreement between the City of Fargo and Cass County relative to the 2018 Edward Byrne Memorial Justice Assistance Grant (JAG) Funding – CFDA # 16.738

Dear Commissioners:

The US Department of Justice has tentatively awarded the Fargo Police Department and Cass County Sheriff's department $60,799.00 in grant funding through the 2019 Edward Byrne Memorial Justice Assistance Grant (JAG). In order to receive the funding, both the City of Fargo and Cass County governmental subdivisions must agree on how the funds are allocated between the two entities.

In addition to acting as the fiscal agent and grant manager of the funding, the Cass County Sheriff's Department is agreeable to allocating $50,799.00 of the available funding to the Fargo Police Department and retaining $10,000.00 of the funding for their use. I concur with distributing the grant funding in this manner.

Attached for your review and approval is the inter-local agreement that will need to be signed by both governmental subdivisions in order for the funds to be allocated. There is no local match funding required to accept the grant.

Recommended Motion:

I recommend acceptance of the inter-local agreement with Cass County and the allocation of the 2019 Edward Byrne Memorial Justice Assistance Grant (JAG) as described within the agreement.

Please contact me if you have any questions or concerns relative to this issue.

Sincerely,

David E. Todd

RE: RFP for Loader Mounted Snow Blower (RFP19128)

Commissioners:

On August 2nd, 2019, request for proposals were received for one (1) Loader Mounted Snow Blower. Five proposals were submitted by four (4) venders. Two proposals met specification and are listed below.

The results are as follows:

Firm	Total per unit
Swanston Equipment	$158,600.00
Northern Truck Equipment	$210,797.00

The review committee consisting of Ben Dow and Tanner Smedshammer determined that two vendors met the specifications required. Price was within the expected parameters. Our recommendation is to award the RFP to Swanston Equipment. Funding for this project is included in the 2019 Vehicle Replacement budget.

SUGGESTED MOTION:

Approve the recommendation to purchase one Loader Mounted Snow Blower from Swanston Equipment for the total amount of $158,600.00.

Respectfully Submitted,

Tanner Smedshammer

Commissioners:

Two RFP's were received July 19, 2019, for our 2020 spring tree order. Urban Forestry Programs Manager Allen Lee, Arborist Supervisory Tracy Zablotney, Park District Forester Sam DeMarais, and I reviewed these.

Company	Proposed Tree Cost
Bailey Nurseries, Inc.	$87,232.25
Chestnut Ridge Nursery, Inc.	$84,322.00

Funding is currently proposed in the 2020 forestry division tree budget. The Chestnut Ridge Nursery proposal was the most complete.

Most companies are able to provide volume discounts. To maximize this possibility, this is a combined order between the City of Fargo and the Fargo Park District. The park district will cover approximately $28,000 of the total tree cost.

Recommended motion:
Based on overall prices, size, current availability, and to secure the order as soon as possible, move to award the 2020 request for proposals (RFP19120) tree order to Chestnut Ridge Nursery, Inc.

Your approval of this request is appreciated. Thank you.

Dear Commissioners:

The City of Fargo Transit Department respectfully requests approval of the attached Amendment #4 to the Contract with First Transit to revise the Management Fee and hourly driver rates for both fixed route and paratransit for the period August 1, 2019, through December 31, 2020.

Fargo had a three-year contract with First Transit to operate the fixed route and paratransit system, including management, dispatchers and drivers for the period January 1, 2016, through December 31, 2018. With an option to extend up to two additional years. Last November you approved amendment #3 to continue services through the end of 2019. At this time staff is requesting an 18 month extension to the contract starting August 1, 2019. The attached Amendment #4 has includes the driver wage rate approved by City Commission on July 15, 2019. Appendix 15 is also included which shows the increase to the driver wages, contingent upon proof First Transit.

Requested motion: Approve attached Amendment #4 to the First Transit and City of Fargo contract to revise the fees for the period of August 1, 2019 through December 31, 2020.

Sincerely,

Matthew Peterson

AMENDMENT NO. 4
TO AGREEMENT BETWEEN CITY OF FARGO AND FIRST TRANSIT

THIS AMENDMENT NO. 4, made this ____ of _____, 2019, by and between the City of Fargo, hereinafter referred to as "CITY," and First Transit, hereinafter referred to as "CONTRACTOR."

WHEREAS, CITY and CONTRACTOR previously entered into an Agreement and two Amendments to the Agreement, to provide CITY with management, supervisory and operational services for its fixed route and paratransit system, (the Agreement and two Amendments are attached hereto as Exhibit A, and collectively referred to as the "Agreement"); and

WHEREAS, CITY AND CONTRACTOR agree that to recruit employees and fill vacancies, the minimum wage scale for drivers and dispatchers needs to be increased; and

WHEREAS, CITY AND CONTRACTOR desire to revise Appendix 15 to increase the minimum wage rates effective August 1, 2019, and

WHEREAS, the Agreement provides for an option to extend the contract for an additional one-year period from January 1, 2020 to December 31, 2020; and

WHEREAS, CITY also desires to exercise the remaining one-year option with CONTRACTOR to extend the Agreement from January 1, 2020 to December 31, 2020; and make changes to the management fees for Fixed Route service set out in the Agreement.

NOW, THEREFORE, the Agreement is hereby further amended as follows:

A. The parties hereby extend the Agreement for an additional one-year period beginning January 1, 2020, through and including December 31, 2020.

B. Paragraph 8.3.1 of the Agreement is hereby amended, effective August 1, 2019, so that the rate for fixed route dispatch is as follows:

	Annually	**Monthly**
August 1, 2019 through December 31, 2019:	$ 241,767	$ 20,147
January 1, 2020 through December 31, 2020:	$ 242,263	$ 20,189

C. Paragraph 8.3.2 of the Agreement is hereby amended, effective August 1, 2019 for the rate per vehicle service hour for fixed route is as follows:

	Hourly Rate
August 1, 2019 through December 31, 2019:	$ 29.26
January 1, 2020 through December 31, 2020:	$ 28.91

This rate will be reduced to $24.96 until CITY receives proof CONTRACTOR'S employees are receiving the wages outlined in Attachment A, Appendix 15, Minimum Wages and Benefits as of August 1, 2019.

D. Paragraph 8.3.3 of the Agreement is hereby amended, effective August 1, 2019 for rate per vehicle service hour for paratransit as follows:

	Hourly Rate
August 1, 2019 through December 31, 2019:	$ 26.96
January 1, 2020 through December 31, 2020:	$ 27.59

This rate will be reduced to $24.61 until CITY receives proof CONTRACTOR'S employees are receiving the wages outlined in Attachment A, Appendix 15, Minimum Wages and Benefits as of August 1, 2019.

E. Paragraph 8.3.4 of the Agreement is hereby amended, effective August 1, 2019 for a fixed monthly rate for management services as follows:

	Annually	Monthly
August 1, 2019 through December 31, 2019:		
Fixed Route	$427,775.79	$ 35,647.98
Paratransit	$146,427.05	$ 12,202.25
GTC	$ 49,219.91	$ 4,101.66

	Annually	Monthly
January 1, 2020 through December 31, 2020:		
Fixed Route	$499,319.94	$ 41,610.00
Paratransit	$158,746.97	$ 13,228.91
GTC	$ 54,167.99	$ 4,514.00

F. Paragraph 8.3.5 of the Agreement is hereby amended, effective August 1, 2019 for reimbursement of actual annual rate for the performance bond estimated as follows:

	Annual
January 1, 2020 through December 31, 2020:	$ 12,543

The actual annual performance bond cost will be billed to the CITY on the January invoice of each year, and include the original bond and proof of payment by CONTRACTOR.

Attachment A, Appendix 15, Employee Compensation: Drivers and dispatchers must be paid at a minimum the wages and benefits as outlined in the revised Attachment A, Appendix 15, Year 4, effective August 1, 2019. The Year 4 employee compensation rates will not take effect until proof is provided by CONTRACTOR that the new wages are being paid to the drivers and dispatchers. Proof will consist of providing CITY a copy of the appropriate portion of the agreement between CONTRACTOR and the respective union.

To the extent the modifications or amendments set forth in this Amendment No. 4 to Agreement contradict the terms of the Agreement, the terms of this Amendment No. 4 shall be interpreted to control and govern.

All other terms of the Agreement not modified by this Amendment No. 4 will remain in full force and effect.

IN WITNESS WHEREOF, the parties have caused this Amendment No. 4 to Agreement to be executed effective the day and year first above written.

APPENDIX 15

MINIMUM WAGES AND BENEFITS

Fixed Route and Paratransit Bus Operators
Fixed Route Dispatchers

Probationary Period:
The Cities of Fargo and Moorhead require a 1-year probationary period for all employees hired under this contract. For purposes of this appendix probationary period refers to the employees ability to perform necessary job functions only and does not refer to when benefits will become available to each employee. Performance reviews shall be given to each employee at 30 days, 60 days, 90-days, 180-days, 1-year and no less than annually thereafter.

Contractor:
The employee hire date will be based off the employee's personal anniversary hire date (month, day, and year) of when the employee was hired. Employees will be paid, according to the step progression scale listed below, based on years of service from their original hire date with the current or previous contractor of this service; whichever is greater.

The employee seniority date will be based off the date (month, day, and year) of when the employee began revenue service with the current or previous contractor of this service or the date said employee changes employment status with current contractor.

Change of employment status is anytime the employee switches from full-time to part-time or part-time to full-time, or anytime an employee changes from one department to another (i.e. Bus Operator to Dispatcher).

Wages:
All new and current bus operators and dispatchers will be paid at the rates listed below. Drivers and dispatchers working at least 32 hours per week shall be guaranteed, **at a minimum**, the **wages and benefits** listed during the term of this contract.

MINIMUM WAGES IN CONTRACTOR'S PROPOSAL:

Year	Step	Driver Minimum Wage Per Hour 2019	Dispatcher Minimum Wage Per Hour 2019
0	1	$ 18.00	$ 18.50
>1	2	$ 18.36	$ 18.86
>2	3	$ 18.73	$ 19.23
>3	4	$ 19.10	$ 19.60
>4	5	$ 19.61	$ 20.11
>5	6	$ 20.20	$ 20.70
>10	7	$ 20.60	$ 21.10
>15	8	$ 21.01	$ 21.51
>20	9	$ 21.55	$ 22.05
>25	10	$ 22.09	$ 22.59

i. Employees who move horizontally on the wage scale in the 5-10 year rate row shall receive a longevity addition of $.07 per hour to the above rates.
ii. Employees who move horizontally on the wage scale in the 10-15 year rate row shall receive a longevity addition of $.12 per hour to the above rates.
iii. Employees who move horizontally on the wage scale in the 15-20 year rate row shall receive a longevity addition of $.17 per hour to the above rates.
iv. Employees who move horizontally on the wage scale in the 20-25 year rate row shall receive a longevity addition of $.22 per hour to the above rates.
v. Employees who move horizontally on the wage scale in the 25+ year rate row shall receive a longevity addition of $.27 per hour to the above rates.

Paid-time off (PTO): (Vacation and Sick Time)
All PTO will be earned on an annual basis as described herein.

Regular PTO:
After the first complete year of employment, upon the employee's personal anniversary hire date, the employee shall receive 7 days regular PTO and the employee shall begin to accrue regular PTO. Regular PTO will be the employee's main PTO and will be used any time the employee needs time off regardless if the time off is sick time or vacation time. All regular PTO hours must be used within 12 months of the employee's annual personal anniversary date or the hours will be forfeited. Upon separation of employment from the contractor during the first year of employment, no payout of regular PTO will be made. Thereafter, upon separation of employment from the contractor, the employee will be paid out for the remaining regular PTO balance.

Banked PTO:
Banked PTO is an additional PTO benefit an employee receives. An employee will begin accruing banked PTO at .42 days per month beginning upon the employee's personal anniversary hire date. The employee shall have access to their accrued banked PTO (accrued at .42 days per month) after the employee has completed 90 days of employment. Banked PTO can only be used once the employee has exhausted all of their regular PTO hours. Banked PTO hours (up to 40 hours per year (5 days), may be carried over from year to year up to a maximum total of 120 hours,(15 days). Upon separation of employment from the contractor, the employee will **not** be paid out for any of the banked PTO hours balance.

Chart of hours and days are listed below.

Years of Service	Regular PTO (Hours)	BANKED PTO (Hours)	Regular PTO (Days)	BANKED PTO (Days)
0 – 12 Months	0	40	0	5
>1 YR but < 3 YRS	56	40	7	5
>3 YRS but <10 YRS	80	40	10	5
>10 YRS but < 15YRS	120	40	15	5
>15 YRS	160	40	20	5

PTO can only be taken in 4 hour (1/2 Day) or 8 hour (Full Day) increments.

Health / Welfare:
A group health-insurance plan shall be offered to employees working at least 32 hours per week. Health insurance is required to be provided to employees. The employer shall pay a minimum of 70%

of a single premium under this plan or, if the employee chooses not to enroll in the health insurance plan, shall pay the employee a stipend to spend elsewhere valued at 30% of the single premium.

Paid Holidays:
Employees shall be eligible for holiday pay immediately upon entry into revenue service. Paid holidays are to include: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

401(k):
The contractor is to offer a 401K retirement plan, with a company match.

Short-term Disability Insurance:
Contractor shall pay for a short-term disability insurance policy for all employees and shall pay 100% of the premium.

SRC Hospital Indemnity:
Employees have the option to enroll in First Transit's SRC Hospital Indemnity insurance program. This program offers single to family enrollment options in addition to the medical insurance plans. This program provides our employees' reassurance of financial stability in the event the employee or family members are hospitalized.

Health Savings Account (HSA):
The contractor health insurance allows for employees to contribute a HSA account. The amount contributed to the account is determined by the employee and may be used for out-of-pocket health care costs.

IRS Section 125 Plan:
During the term of this agreement First Transit shall, if applicable and allowable by law, allow employees to participate in the IRS Section 125 plan, thus providing pre-tax cost savings to our employees.

Bereavement Leave:
Employees are eligible for bereavement leave the day before, the day of, and the day after an immediate family member's funeral. Immediate family members include, spouse, mother or father, brother or sister, mother-in-law or father-in-law, grandparents of employee or spouse, children of the employees, stepfather, step-mother, step-sister, step-brother, and step-children

Safety Meetings:
Attendance at monthly safety meetings is required. Employees will be paid to for time at monthly safety meetings.

Dental Coverage Plans
Full time employees may enroll in the contractor's Dental Coverage plan during the enrollment period. The contractor will cover 50% of the single coverage cost for each employee who chooses to enroll in dental coverage.

Life and AD&D Insurance / Voluntary Life and Voluntary AD&D Insurance:
Employees receive ten thousand dollars ($10,000) in life and AD&D insurance fully paid by the contractor. The employee through voluntary plans may purchase additional life and accidental death and disability insurance.

Vision Insurance:
Employees have the option to enroll in the contractor's vision insurance program. This program offers single to family enrollment options to help ensure vision care is affordable to all contractor employees.

Safety and Customer Service Incentives:

Safety Bonus:
An employee who performs their job exhibiting superior safety habits and behaviors will be rewarded! The monthly payment for each employee who achieves this goal is $50.00 for full time employees and $25.00 for part time employees. Employees who receive this bonus for the entire quarter (3 months) will be given an additional bonus of $100.00 for full time employees and $50.00 for part time employees.

Eligibility requirements:

- The employee must complete a pre/post trip inspection each day they work
- The employee must have no preventable collisions or passenger injuries
- The employee has no preventable safety incidents resulting in any personal/passenger injury, damage, or other safety related issues
- The employee must have no traffic violations in company or personal vehicles

The Safety Bonus is a pass-through bonus which will be billed to the City of Fargo and City of Moorhead at the end of each month on their regular invoices

Part-Time employees must work at least 40 hours per month in order to receive this bonus.

Incentive Bonus:
The Incentive Bonus program will reward employees that provide excellent customer service, have perfect attendance, and exhibit superior performance and behavior when performing all job functions. Employees have the opportunity to earn an additional $1,000.00 per year. This bonus will be paid out at $50.00 per month for full time employees who achieve the requirements listed below. Any full time employee who has achieved this bonus for the entire quarter (3 months) will be given an additional $100.00 at the end of the quarter.

Eligibility requirements:

- No verifiable passenger complaints or incidents
- Have a perfect attendance record
  - Zero attendance points for current month (Late, absent, etc.)
- Be in a full and clean uniform at all times (shirt, trousers, tie, and plain black shoes)
- Completing and turning in all paperwork with no missing information; including: Manifests, DVIR for Pre and Post trip inspections, Payroll exception forms
- No ADA Violations (i.e. P.A. Announcements, lowering ramp/kneeler)
- Attended the monthly safety meetings
- Having no other discipline incidents / actions

Part-Time employees are not eligible for this bonus.

NDDOT Contract No. 38191046

North Dakota Department of Transportation
STATE AID FOR PUBLIC TRANSIT AGREEMENT

This agreement is between the state of North Dakota, acting by and through its Director of Transportation, hereinafter referred to as NDDOT, whose address is 608 East Boulevard Avenue, Bismarck, North Dakota 58505-0700, and City of Fargo, a Political Subdivision, hereinafter referred to as the Contractor, whose address is 650 23rd Street North, Fargo, ND 58102.

WHEREAS, House Bill 1337 (NDCC 39-04.2) of the 1989 State Legislature established a Public Transportation Fund to provide state aid funds to political subdivisions and nonprofit corporations for the purpose of assisting in establishing and operating public transit systems and service in the state; and

WHEREAS, the Director of NDDOT has the responsibility of developing the transit program guidelines and administering the Public Transportation Fund; and

WHEREAS, the Contractor desires to receive the available state aid funds to assist in providing needed public transit services in the service area;

NOW, THEREFORE, IT IS AGREED:

I.

For the period of July 1, 2019, through June 30, 2020, the Contractor shall undertake and provide the transit services as described in the Contractor's application for state aid transit funds, which is on file with the NDDOT.

II.

Costs. NDDOT shall reimburse the Contractor for providing the transportation services, not to exceed $499,892, provided costs are incurred in accordance with NDDOT program guidelines. (Copy of which will be provided upon request.) Requests for reimbursements will be allowed to be submitted to NDDOT quarterly. The final request for reimbursement must be submitted by close of business on the fifth (5th) business day following the termination date of this agreement.

III.

Purchase and Disposal of Project Equipment. The purchase and disposition of all project vehicles or equipment financed in whole or in part with state aid transit funds shall be undertaken by the Contractor in accordance with the state Office of Management and Budget regulations and NDDOT purchasing manual, copies of which will be provided upon request.

IV.

Assignments. The Contractor shall not assign nor transfer the Contractor's interests or duties under this agreement without the express written consent of the state.

V.

Subcontracting. The Contractor shall not assign any portion of the work under this agreement, execute any contract, or obligate itself in any manner with a third party with respect to its rights and responsibilities to this

agreement without written consent of NDDOT. Any agreement with a subcontractor does not create a contractual relationship between the NDDOT and the subcontractor.

VI.

Merger and Waiver. This agreement constitutes the entire agreement between the parties. No waiver consent, modification or change of terms of this agreement shall bind either party unless in writing and signed by both parties. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this agreement. The Contractor, by the signature below of its authorized representative, hereby acknowledges that the Contractor has read this agreement, understands it, and agrees to be bound by its terms and conditions.

VII.

Records and Reports. The Contractor shall complete and submit all forms and reports as required by NDDOT. The Contractor shall also maintain supporting documentation for all costs charged to the project. All accounting documents shall be clearly identified, readily accessible, and where possible, kept separate and apart from all other such documents. All project records and documents shall be kept by the Contractor for three years after the termination date of this agreement.

VIII.

Audit. Entities that receive federal funds through NDDOT may be required to obtain an audit in accordance with 2 C.F.R. Part 200, Subpart F. A copy of such audit shall be submitted to NDDOT. Entities that spend less than $750,000 of federal funds from all sources may be subject to reviews by NDDOT at its discretion. Additionally, all entities receiving federal funds through NDDOT shall certify whether a Single Audit has been completed as part of the annual Federal award process. These requirements are applicable to counties, cities, state agencies, Indian tribes, colleges, hospitals, and non-profit businesses.

IX.

Amendments. The terms of this agreement shall not be waived, altered, modified, supplemented, or amended in any manner whatsoever, except by written instrument signed by both parties.

X.

Equipment Use. The Contractor agrees that the project vehicles or equipment funded with state aid transit funds shall be used solely for providing public transit services in accordance with NDDOT program guidelines. Such vehicles or equipment shall be used for the duration of useful life. If any project vehicles or equipment are not used in this manner or are withdrawn from service before the end of useful life, the Contractor shall immediately notify NDDOT. The Contractor agrees that the vehicles or equipment shall not be used for charter service or exclusively for school busing.

XI.

Insurance. The Contractor shall maintain insurance coverage on the project vehicle(s) in an amount adequate to protect the fair market value of the vehicles throughout the duration of this agreement.

XII.

Termination. The contract may be terminated by mutual consent of both parties, or by either party upon 30 days notice, in writing and delivered by certified mail or in person.

XIII.

Nondiscrimination – Compliance with Laws. The Contractor agrees to comply with all applicable laws and rules, including, but not limited to, those relating to nondiscrimination, accessibility, and civil rights.

XIV.

Risk Management. The Risk Management Appendix, attached, is hereby incorporated into and made a part of this agreement.

Routine* Transit Agreements With Sovereign Entities and Political Subdivisions of the State of North Dakota:
Parties: **State** – State of North Dakota, its agencies, officers and employees
Governmental Entity – The Governmental Entity executing the attached document, its agencies, officers and employees
Governments – State and Government Entity, as defined above

Each party agrees to assume its own liability for any and all claims of any nature including all costs, expenses and attorney's fees which may in any manner result from or arise out of this agreement.

Each party shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds, authorized to do business in North Dakota, the following insurance coverages:

1) **Commercial general liability** and **automobile liability** insurance – minimum limits of liability required of the Governmental Entity are **$250,000 per person** and **$500,000 per occurrence**. The minimum limits of liability required of the State are **$250,000 per person** and **$1,000,000 per occurrence**.
2) **Workers compensation** insurance meeting all statutory limits.
3) The policies and endorsements may not be canceled or modified without **thirty (30) days prior written notice** to the undersigned State representative.

The State reserves the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time.

Each party that hires subcontractors shall require any non-public subcontractors, prior to commencement of work set out under an agreement between that party and the non-public subcontractor, to:

Defend, indemnify, and hold harmless the Governments, their agencies, officers and employees, from and against claims based on the vicarious liability of the Governments or its agents, but not against claims based on the Government's contributory negligence, comparative and/or contributory negligence or fault, sole negligence, or intentional misconduct. The legal defense provided by the Subcontractor to the Governments under this provision must be free of any conflicts of interest, even if retention of separate legal counsel for the Governments is necessary. Subcontractor also agrees to defend, indemnify, and hold the Governments harmless for all costs, expenses and attorneys' fees incurred if the Governments prevail in an action against the Subcontractor in establishing and litigating the indemnification coverage provided herein. This obligation shall continue after the termination of this agreement.

Subcontractor shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds authorized to do business in North Dakota: 1) commercial general liability; 2) automobile liability; and 3) workers compensation insurance all covering the Subcontractor for any and all claims of any nature which may in any manner arise out of or result from this agreement. The minimum limits of liability required are $250,000 per person and $1,000,000 per occurrence for commercial general liability and automobile liability coverages, and statutory limits for workers compensation. The Governments shall be endorsed on the commercial general liability policy and automobile liability policy as additional insureds. Said endorsement shall contain a "Waiver of Subrogation" waiving any right of recovery the insurance company may have against the Governments as well as provisions that the policy and/or endorsement may not be canceled or modified without thirty (30) days prior written notice to the undersigned representatives of the Governments, and that any attorney who represents the State under this policy must first qualify as and be appointed by the North Dakota Attorney General as a Special Assistant Attorney General as required under N.D.C.C. Section 54-12-08. Subcontractor's insurance coverage shall be primary (i.e., pay first) as respects any insurance, self-insurance or self-retention maintained by the Governments. Any insurance, self-insurance or self-retention maintained by the Governments shall be excess of the Contractor's insurance and the Subcontractor's insurance and shall not contribute with them. The insolvency or bankruptcy of the insured Subcontractor shall not release the insurer from payment under the policy, even when such insolvency or bankruptcy prevents the insured Subcontractor from meeting the retention limit under the policy. Any deductible amount or other obligations under the Subcontractor's policy(ies) shall be the sole responsibility of the Subcontractor. This insurance may be in policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and be placed with insurers rated "A-" or better by A.M. Best Company, Inc. The Governments will be indemnified, saved, and held harmless to the full extent of any coverage actually secured by the Subcontractor in excess of the minimum requirements set forth above. The Government Entity that hired the Subcontractor shall be held responsible for ensuring compliance with the above requirements by all Subcontractors. The Governments reserve the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time.

Re: Change Order Items Time Extension - REVISED
Improvement District BN-17-A1

Dear Mr. Leonard:

KLJ has reviewed Master Construction's supplemental time extension request emailed on July 19, 2019 along with a letter dated July 12, 2019. Please see the following items for background on the changes that Master Construction has requested payment for:

1. Hydrant relocate STA 112+00
    - Master Construction will be credited 1 work day towards liquidated damages. The table below has a breakdown of Labor/Equipment and Materials cost. There is an increase from your submittal due to materials being left out of your total.

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	CAT 326F - excavator	$200.00	7.5	$1,500.00
2	skid steer	$90.00	7.5	$675.00
3	John Deere 644 loader	$150.00	7.5	$1,125.00
4	small tools	$30.00	3	$90.00
5	foreman - Cory	$50.00	7.5	$375.00
6	1 operator	$35.00	7.5	$262.50
7	2 laborers	$22.00	7.5	$330.00

Materials

Line Item	Material Description	Material Cost	Quantity	Total
1	45 degree section	$75.60	2	$151.20
2	6" PVC	$5.56	20	$111.20
3	3/4" stainless rods	$7.25	40	$290.00
4	1.5" rock	$30.00	10	$300.00

Total Cost =	$5,209.90
Materials Markup 25% =	$213.10
Total Cost with Markup =	$5,423.00

2. Regrade Storm Sewer ST-16.3
    - Master Construction will be credited 0.5 work days towards liquidated damages. The table below has a breakdown of Labor/Equipment and Materials cost. There is a slight increase from your submittal due to materials being charged with a 25% markup.

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	CAT 326F - excavator	$200.00	3	$600.00
2	skid steer	$90.00	3	$270.00
3	small tools	$30.00	3	$90.00
4	1 foreman - Mike	$50.00	3	$150.00
5	1 operator	$35.00	3	$105.00
6	1 laborer	$22.00	3	$66.00

Materials

Line Item	Material Description	Material Cost	Quantity	Total
1	Class 3	$9.45	12	$113.40

Total Cost =	$1,394.40
Materials Markup 25% =	$28.35
Total Cost with Markup =	$1,422.75

3. Grade change on west end of project (regrade roadway)
    - *Master is claiming that the grades shown in the plans were changed which required Master to regrade a portion of the roadway on the west end of the project. For this claim, Master has requested $5,935 and a one-day time extension.*
    - *The profile for the project was changed in July of 2018. This change was discussed, and an updated plans and surface was provided to Scott Ahlf. On Thursday, April 18, 2019 an updated set of plans and a proposed surface was again provided to Master that included the profile revision. The surface was again submitted to Master on May 15, 2019.*

- *The information Master required to construct the roadway with this change was provided to Master prior to construction. We do not agree that any time or increase in contract price is warranted for this change.*
- Master Construction will be credited 1 work day towards liquidated damages for the adjustment of the inlets. The table below has a breakdown of Labor/Equipment and Materials cost. It has been determined that Master Construction will be paid labor for bringing ST-25.1 & 25.2 to grade, but not the labor or equipment required to bring the road to grade as wrong surface was used to cut the subgrade.

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	foreman - Mike	$50.00	2	$100.00
2	1 laborer	$22.00	2	$44.00
			Total Cost =	$144.00
			Materials Markup 25% =	-
			Total Cost with Markup =	$144.00

4. *Grade and pour additional driveway west end of project.*
   - *Master has requested a contract increase of $3,440 and a three-day time extension due to an additional driveway added to the project at sta 103+90 LT. This driveway was added to the project in 2017 and the change was discussed with Scott Ahlf. The plan set and GPS file submitted to Master on April 18, 2018 had this driveway included. The work for the driveway will be paid at the contract unit prices.*
   - *Because the driveway was extended in field beyond what the plans show, we acknowledge that additional effort was required by Master. Therefore, we are proposing a two-day time extension. One day for the removals and grading, and one day for prepping the area for concrete and pouring the concrete.*
5. Lower ST-19.3
   - Master Construction will be credited 0.5 work days towards liquidated damages. The table below has a breakdown of Labor/Equipment and Materials cost to be paid.

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	CAT 326F - excavator	$200.00	2	$400.00
2	small tools	$30.00	4	$120.00
3	foreman - Mike	$50.00	4	$200.00
4	1 laborer	$22.00	4	$88.00
5	1 operator	$35.00	4	$140.00
			Total Cost =	$948.00
			Materials Markup 25% =	-
			Total Cost with Markup =	$948.00

6. Culvert and sidewalk grade near Horse Park
    - Master Construction will be credited 1 work day towards liquidated damages. The table below has a breakdown of Labor/Equipment and Materials cost. There is a slight increase from your submittal due to materials being charged with a 25% markup.

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	CAT 326F - excavator	$200.00	6	$1,200.00
2	skid steer	$90.00	6	$540.00
3	CAT D6 dozer	$195.00	6	$1,170.00
4	dump trucks	$85.00	5	$425.00
5	foreman - Mike	$50.00	6	$300.00
6	1 laborer	$22.00	6	$132.00
7	1 operator	$35.00	6	$210.00

Materials

Line Item	Material Description	Material Cost	Quantity	Total
1	12" CSP	$12.00	20	$240.00
2	12" FES	$73.00	2	$146.00

Total Cost =	$4,363.00
Materials Markup 25% =	$96.50
Total Cost with Markup =	$4,459.50

7. L2 Street grade raise
    - *Master Construction will be credited 1 work day towards liquidated damages. The table below has a breakdown of Labor/Equipment and Materials cost. All aggregate tickets submitted for this work will be paid.*

Labor/Equipment

Line Item	Equipment (Make/Model)	Rental Rate Per Hour	Hours	Total
1	roller	$60.00	4	$240.00
2	skid steer	$90.00	5	$450.00
3	John Deere 644 loader	$150.00	4	$600.00
4	foreman - Mike	$50.00	5	$250.00
5	1 operator	$35.00	5	$175.00

Materials

Line Item	*Material Description*	*Material Cost*	*Quantity*	*Total*
1	*Crushed Concrete*	*$13.25*	*490*	*$6,492.50*

Total Cost = *$8,207.50*
Materials Markup 25% = *$1,623.15*
Total Cost with Markup = *$9,830.65*

In summary, the following time extension and bid items will be added to contract:

Work Item	Bid Item	Unit	Quantity	Unit Price	Total Price	Days Granted
Hydrant Relocate STA 112+00	Relocate Hydrant	EA	1	$5,423.00	$5,423.00	1

L2 Street grade raise	*Salvage Gravel*	*SY*	*713.62*	*$13.78*	*$9,830.65*	*1*
Driveway at Sta 103.90 LT	*N/A*	*N/A*	*N/A*	*N/A*	*N/A*	*2*
Total					***$22,227.90***	***7***

Based on the above information, KLJ recommends a change order in the amount of $22,227.90 and a 7-day time extension to the substantial and final completion dates.

Sincerely,

KLJ

Scott,

Generally speaking the justification for the change order requests I sent in are directly due to a change in the plans and design from how the job was originally bid. In all cases we met on site and completed the work as directed by you. I currently do not see any documented requests for change as required by the contract for the design changes. We built the project off a file that was submitted to us. I understand we signed a release for errors and omissions but that waiver does not cover a change in design. I talked to Ryan our dirt foreman on the project from previous years of work and he acknowledged that the area around L2 was in fact graded with the gps file and checked by your surveyors prior to fabric, drain tile and crushed. The area to the west was also graded with a gps file created by your firm. In fact your surveyors didn't even have the right data for the grades when they came out to check it / blue top it. They had to call back to get the revised plan. The area by L2 was previously graded with crushed. We met with you and Jason on site to address the grade concern where you directed us to fill it with crushed. We installed approximately 500 additional ton above and beyond the plan quantity as per your direction to address the design change. The west end was graded and prepped for blue tops. When your surveyor came out there was a difference in grades. It was determined that this difference was directly related to the design change. The time submitted in the co was the time required to regrade and prep. This additional work was above and beyond the original plan that was bid on. The additional driveway on the west end was also added after the original bid. Again I don't see any change requests documented on the project. Please process the change requests as submitted and get ahold of me if you have any questions.

Thanks

Jason

RE: Change Order items time extension
Improvement District BN-17-A1

Dear Mr. Middaugh,

As you are aware there are multiple items that required extra work on the project. The following is a summary of extra work completed to date. The change invoices are attached behind this correspondence. Master Construction is requesting days to be added to the project to account for this additional work. Please see the following list

- Hydrant relocate station 112+00 – 1 Day
- Regrade Storm sewer St 16.3 – ½ Day
- Grade change on west end of project (regrade roadway) - 1 Day
- Grade and pour additional driveway west end of project - 3 Days
- Lower ST 19.3 - ½ day
- Culvert and sidewalk grade near Horse park - 1 day
- L2 Street grade raise - 1 day

Due to the above mentioned items Master is requesting a 8 day time extension be granted to both the substantial completion date and final completion date.

Thank you in advance for your consideration of this request and as always please feel free to contact me at (701)412-7081 with any questions.

Sincerely,

Jason Winter

Re: Improvement District No. BN-19-B1 – Change Order #1 & Time Extension Request

---

Background:

Improvement District No. BN-19-B1 provides new development infrastructure for the second and final phase of Grayland Addition. It consists of underground utilities, concrete curb and gutter, asphalt paving, and street lighting on 54th Avenue South west of 66th Street and on Grayland Drive from 55th Avenue South to a cul-de-sac located approximately 500' north of 54th Avenue.

Dakota Underground, Inc. is the Contractor for this project.

Change Order #1 includes a time extension request from Dakota Underground due to weather related delays and an Engineering initiated request for installation of tracer wire pedestals on the water services ($2,200).

Dakota Underground has submitted a request for a time extension due to weather related delays. They have identified 18 days with weather related delays. Dakota Underground has submitted a schedule to finish the remaining work in 15 days and therefore are only asking for a 15 calendar day extension. Based on our daily records, we believe that the Contractor was delayed only 14 days, not 18 days. The project completion was calculated based on an assumed 11 days lost due to weather, therefore Engineering is recommending a 3 working day time extension to both Substantial and Final Completion Dates. With the current completion date on a Thursday, 3 working days equates to 5 calendar days.

Dakota has asked for 1 additional day for installation of the tracer wire pedestals.

Recommended Motion:

Approve Change Order #1 in the amount of $2,200.00 for the additional work as requested by Engineering and add 6 calendar days to the Substantial and Final Completion Dates as shown below:

Original Completion Dates	Revised This Memo
Substantial – August 1, 2019 **Final – September 1, 2019**	**Substantial – August 7, 2019** **Final – September 7, 2019**

RE: Dakota Underground Company Request for Time Extenstion for BN-19-B1

Dear Jason:

As per the plans and specifications, the substantial completion date for BN-19-B1 is August 1st, 2019 which includes all work except for the installation of the street light poles and fixtures. With the late spring and the nearly 8-inches of rainfall between early June and Late July, we are requesting an additional 15 days to complete the project. This would make the substantial completion date of August 15th , 2019, and the Final Completion Date of September 15th , 2019.

As you are aware this project was bid on April 3rd, 2019. The bids were awared by the City Commission on April 8th, 2019, and the contracts were approved by the City Commision on April 22nd, 2019. With this in mind, the spring load restrictions were in place on April 1st and lasted until May 23rd, 2019 (See Attached. This didn't allow for us to feasiably move equipment on-site until after May 23rd, 2019.

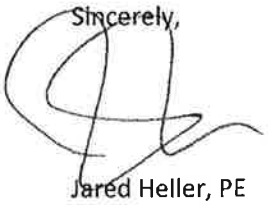
Addditionally, since staring on the project on June 6th, 2019, the site has received nearly 8-inches of rainfall (See Attached Daily Rainfall Data from NDAWN). I have summarized the 15 days lost either to rain days or non-productive days due to rain (i.e. dewatering site).

- June 20, 21, 22: The site received 1.32" of rainfall. Although June 22nd was a Saturday, the following Monday June 24th was non-productive due to the need to dewater the site.
- June 27: The site received 0.37" of rainfall, not allowing us to be productive on site that day.
- June 29: The site received 1.02" of rainfall. This resulted in non-productive day on June 29 and then the following Monday July 1st was partially lost due to the need to dewater the site.
- July 8th-13th: During this period of time, the site received 3.02" of rainfall. This resulted in 6 days being lost due to rain and or non-prodcution work (i.e. dewatering).
- July 17-20: During this period of time the site received 1.49" of rainfall. This resulted in 4 days being lost due to rain and or non-production work (i.e. dewatering).

I have included our Weekly Look Ahead Schedule for the Week of July 29th. The planned activites this coming week include asphalt paving, flatwork, street light trenching and base pours. As long as we continue to have favorable weather, we anticpate being substantially completed by August 15th.

Thank You for your advance consideration of this request.

Sincerely,



Jared Heller, PE

City of Fargo spring load restrictions begin April 1

FARGO, N.D. ( ) – Effective April 1, 2019 at 12:01 a.m., the City of Fargo will impose Class A and Class 1 load restrictions on various roads throughout town.

Class A restrictions are defined as follows:

• Single Axle 18,000 lbs
• Tandem Axle 32,000 lbs - 16,000 lbs per axle • 3 Axles or more 42,000 lbs - 14,000 lbs per axle • Gross Vehicle Weight 80,000 lbs

Class 1 restrictions are defined as follows: • Single Axle 15,000 lbs • Tandem Axle 30,000 lbs - 15,000 lbs per axle • 3 Axles or more 36,000 lbs - 12,000 lbs per axle • Gross Vehicle weight 80,000 lbs

Restrictions shall remain in effect until pavement subgrade conditions warrant removal, generally the first or middle part of May. Permit applications for weights in excess of restrictions shall be in writing and submitted to the Fargo City Engineer, 225 4th St. N., Fargo, ND, 58102. The Truck Route Map and roads that are affected by spring load restrictions can be viewed online at www.fargotruckroutes.com.

REPORT OF ACTION

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

Improvement District No. NN-19-A0 Type: Design and Construction Services Task Order #1

Location: Drain #53 Date of Hearing: 8/5/2019

Routing	Date
City Commission	8/12/2019
PWPEC File	X
Project File	Jody Bertrand

The Committee reviewed the accompanying correspondence from Division Engineer, Jody Bertrand, regarding approval of Task Order #1 with Moore Engineering for Design and Construction Services of a new storm sewer lift station located along Drain #53.

Quotes were requested from two consultants through our MSA who presently have design projects in the immediate area for construction in the same year of 2020. The design components of theirs projects will directly affect the lift station's ultimate design. KLJ did not submit a quote due to staff availability to complete the work.

Staff believes the quote from Moore Engineering, in the amount of $250,000, to be reasonable and recommends approval. Costs will be Special Assessed to the benefitting property.

On a motion by Ben Dow, seconded by Steve Sprague, the Committee voted to recommend approval of Task Order #1 to Moore Engineering for Design and Construction Services of a new storm sewer lift station located along Drain #53.

RECOMMENDED MOTION
Concur with the recommendations of PWPEC and approve Task Order #1 in the amount of $250,000 to Moore Engineering.

Memorandum

To: Members of PWPEC

From: Jody Bertrand, Division Engineer

Date: August 5, 2019

Re: Improvement District No. NN-19-A0 – MSA, Design Engineering & Construction Services for a Storm Sewer Lift Station and Incidentals

---

Background:

Improvement District No. NN-19-A0 was created for Engineering Design and Inspection Services for the construction of a storm sewer lift station located along Drain #53, which will service the area west of Drain #53 to I-29 and for the area south of 64th Avenue. Quotes were requested from two consultants through our MSA who presently have design projects in the immediate area for construction in the same year of 2020. The design components of their projects will directly affect the lift stations ultimate design. KLJ has the design for the 64th Avenue South paving improvements from 25th Street South to I-29. The Moore Engineering project is the lowering and widening of Drain #53, which is being completed for the SE Cass Water Board. Moore Engineering has also been hired by Bolton and Menk to complete water modeling for the Selkirk Addition internal drainage and pond design, which will direct runoff to the proposed new lift station.

KLJ did not submit a quote due to staff availability to complete the work. Moore Engineering's quote for Design and Construction Management is attached to this memorandum. The quote for Engineering Services is reasonable and Engineering Staff recommends approval. These engineering costs will be paid through Special Assessments to the benefitting properties.

Recommended Motion:

Approve the MSA for NN-19-A0 in the amount of $250,000.00 to Moore Engineering for Design and Construction Services of a new storm sewer lift station located along Drain #53 with the costs being special assessed to the benefitting property.

Re: City of Fargo Project #NN-19-A0 – Design and Inspection Services for a new storm sewer lift station #43, Selkirk Addition

---

Per the city of Fargo Master Services Agreement, the city is requesting quotes from contract holders to assist with designing, inspecting and construction administration for a new storm sewer lift station located along the west side of Drain #53, south of 64th Avenue South.

Background

There are three major construction projects under design for this area, which will affect the lift station design and layout. The first is the Selkirk Addition development, which was proposed in the spring of 2019 for single family residences and a few westerly commercial properties, located south of 64th Avenue South and east of I-29 up to Drain #53.

The second project is the 64th Avenue South pavement construction starting at I-29 and continuing to 25th Street South with a box culvert crossing at the drain. The storm sewer flows from the 64th Avenue South roadway improvements (with an anticipated construction of 2020) and the new Selkirk subdivision runoff contributions are being directed to a multiple retention pond layout with the ponds located adjacent to the west side of Drain #53.

The third project is the lowering and widening of Drain #53, which is presently being developed by the Southeast Cass Drain Board for anticipated construction also in 2020. As part of the excavation of the drain, the excavated material will be used on the west side of the drain to construct a flood protection levee for the Selkirk subdivision from 64th Avenue to the south.

The proposed storm sewer lift station will be designed to be a gravity flow system with the isolation capability for high rainfall and flood events, which will impact the drain water elevations, placing the lift station in a pump condition.

A map of the proposed lift station location is included with this scoping request. The City will provide the selected Consultant the exact area where the lift station is to be located once that has been determined. A soil boring to a depth of 100 feet and a geotechnical report will need to be completed for the proposed lift station location as part of this scoping request. The lift station will be located in a future levee that will be constructed on the west side of Drain 53 during a Southeast Cass drain lowering and widening project.

The designing of a retention pond is being completed by Bolton and Menk Engineering as part of the Selkirk Addition improvements. The pond is anticipated to have two major cells and will be located immediately upstream of the lift station. The construction of the retention pond will not be part of the storm sewer lift station design scope of work. It is anticipated that this retention pond will primarily serve as storm water retention and as the water quality aspect for the future development west of Drain 53 from 64th Avenue to 1/4 mile north of 76th Avenue South. The pond will also be used as a storage basin to feed the lift station.

Consultant Services
Services shall be provided in accordance with the "Consultant Guide for Project Development, Plan Development, and Bidding of Public Infrastructure Projects, City of Fargo Engineering Department, March 2014".

1. Project Administration

   The consultant shall provide a qualified project manager. The project manager will be responsible for coordinating all project activities including keeping the project on schedule. The project manager will coordinate all project activities between the City and other interested parties.

   The Project Manager will be responsible for setting up a Project Review Committee consisting of representatives from Fargo and the consultant(s). The project manager will organize committee meetings at key points in the project development, arrange for a meeting location, conduct the meetings and prepare detailed minutes for distribution.

   The project manager will provide the City's representative with progress reports once a month. As a minimum, the progress reports will recap activities completed to date, identify any problems that may delay the project, list date or decisions necessary to keep the project on time and identify any potential problem budget concerns.

   The following are some additional items that the Project Manager will be responsible for:

   a. Establish and implement ongoing project management strategies.
   b. Coordinate with the City Project Manager to discuss work products and project schedule.
   c. Meet with City of Fargo staff to discuss project status as deemed necessary by the Project Manager.
   d. Coordinate the work to be completed, time schedule, cost allowance and deliverables.
   e. Refine the Scope of Work as required by changing project conditions.
   f. Give technical direction to and coordinate the various disciplines and specialists required on the project.
   g. Coordinate the input-output between the various disciplines through periodic technical review of project activities with project staff.
   h. Assure the project work program is completed on time through the monitoring of task performance as compared to planned performance, within budget, through strict monitoring of total project expenditures against time phase budget.
   i. Review the products developed in each work task and recommend appropriate additions and corrections.
   j. Coordinate right-of-way and easement acquisition tasks (as needed).

2. Project Development

   a. Preliminary Survey
      - Full topographic survey of above and below ground facilities in the project area

- NAVD88 Vertical Datum
- City of Fargo Coordinate System (GIS)
  – Fargo Ground Coordinates

b. Preliminary Engineering
   - Collect all available data including digital base mapping, right-of-way and property lines, utility data, drainage data, etc.
   - Review basemap data and update as required to reflect any changes since original mapping. Add underground utilities, etc. and annotate as needed.
   - Utilize existing soil borings as available to complete a geotechnical analysis, including additional field data collection (borings as needed), laboratory analysis and summary report with recommendations.
   - Develop conceptual layouts, which shall include up to two additional layouts.
   - Determine potential utility impacts and reconstruction.
   - Present concept level layouts to City staff for review and comments. Make revisions as necessary.
   - Develop project cost estimates for two of the concept level layouts created.

c. Final Design
   - Design shall follow the requirements of CFR 65.10.
   - Complete hydraulic lift station design.
   - Complete the preliminary design of the preferred alternative.
   - Complete structural and electrical design of lift station and associated improvements
   - Present preliminary plans and cost estimate to City staff for review and comments.
   - As needed, incorporate landscape architect's assistance in project development.
   - Finalize design and plan set.
   - Create summary report, which shall include recommendations and decision documents of preferred plan.
   - Prepare right-of-way and easement acquisition drawings as needed.
   - Prepare all necessary permit applications.
     - NDSWC
     - Floodplain Development
     - Southeast Cass WRD (if necessary)
     - ND Department of Health - SWPPP (NOI & NOT)
     - USACE
     - Others

d. Detail Construction Plans
   - Prepare title sheet and general layout plans.
   - Prepare construction plan/profile sheets **using City of Fargo standard drawing templates**, section numbers and layering

standards. Sheets shall include in place topography, plan features and drainage features. Plans to be prepared at 11"x17" format.

- Prepare construction staging plans.
- Prepare plans for construction details and construction/soils notes including City standard plates and others as required.
- Provide standard and special erosion control plans for construction as required.
- Prepare traffic control plans (if required).
- Identify existing utilities locations and possible conflicts
- Complete special instructions to bidders for special pay items and other construction related items that are not included in the City of Fargo Standard Specifications for Construction.
- Develop contract pay items using City of Fargo bid items and funding breakdowns in the City project tracking software "Masterworks".
- Compute and check contract pay items quantities. These calculations will be submitted on 8-1/2" x 11" sheets as far as practicable and bound in a neat and orderly manner.
- Prepare Engineer's estimate of cost (Masterworks).
- Prepare tabulation plan sheets of all significant pay items.

e. SCADA Design

- Design of a new control panel and any control panel components necessary to operate the lift station pumps, lighting, mechanical and SCADA communications. The pump controls shall be PLC based and shall operate the pumps using a level transducer for primary on/off operation and a set of redundant floats in the event of transducer failure.

- NFPA 820 "Standard for Fire Protection in Wastewater Treatment and Collection Facilities 2016 Edition" assessment. Table 4.2.2 Rows 3 through 5 apply to this application.

- Drawings including:
  - Hazardous Area Classification Drawing (NFPA 820 Results)
  - Site Plan
  - Electrical Plan View
  - Section Views (if required)
  - One-line Diagram
  - Typical Details
  - Typical Wiring Schematics
  - I/O Schedules

- Division 16 Specifications including:
  - 16000 – Electrical General Conditions
  - 16210 – Conduit
  - 16220 – Conductors (Less than 600V)
  - 16230 – Outlet Boxes, Junction Boxes and Pull Boxes
  - 16250 – Labeling & Equipment Identification
  - 16260 – Grounding
  - 16270 – Excavating, Trenching and Backfilling (if required)

- 16455 – Wiring Devices
- 16900 – Lift Station Controls

Note: Depending on the equipment required additional specification sections may be included such as panel boards, disconnects, surge protective devices, etc.

- Construction cost estimate for electrical related items.
- All required SCADA Master PLC and HMI programming to integrate the lift station into the city's new SCADA system. It is assumed that the Systems Integrator providing the new controls will provide the required programming of the local site PLC and OIT for specific desired pump station operation.
- Complete a radio path study to determine the required antenna height to communicate with the City's SCADA base station located on water tower #6 located on 32nd Avenue South between 32nd Street & 33rd Street South.
- The City of Fargo uses Ignition Software for the storm sewer lift station communications.

f. Bid Documents

- Plans and Specifications
- Engineer's Estimate
- Provide list of quantities. Consultant will complete bid sheet in Masterworks.
- Bid advertisement will be completed by City
- Bid period support on questions from Contractors
- Bid opening, tabulation and award recommendations will be made by the City.
- Preparation of contracts will be completed by the City.
- Location and Comprising plan sheet – assessment area
- Project Memorandum – public notice

3. Construction Administration

The consultant shall perform the needed construction engineering work such as, but not limited to, staking, cross-sectioning, inspection, sampling and testing of materials, and measuring and computing pay quantities. They shall prepare the required engineering and administrative documents and records as required by the City. It is the consultant's responsibility to perform construction inspections to verify the contractor's work is performed according to the governing specifications, plans and special provisions, and to CFR 65.10 standards so as to facilitate certification.

a. Contract Administration

- Shop drawing reviews and approvals (structural, electrical, pumps ect.).
- Coordination with utility companies.
- Inspector qualifications approved by the City Engineer
- Construction signing review and approval.

- Receive Request to Sublet Work forms from contractor (City of Fargo standard form)
- Completion of Extra Work Record and Contractor's Order forms (City of Fargo standard forms)
- Change Order Memos
- Project administration.
- Program estimates and progress reports (Daily Progress Report –DPRs).
    - Progress reports will be entered into the City's software program by the Consultant.
- Clerical correspondence.
- Record drawings.
- Final out project per City requirements.

b. Inspection and Construction Staking
- Construction staking and layout.
- Onsite inspection.
- Quality control testing and assurance.
- Review of contractors erosion control inspection forms.
- Measurement/ties for record drawings.
- Lift Station Start-up and operation

c. Project Closeout with Contractor
- Balancing change order for final payment.
- Coordinate with Street/Operations Department Inspection
- Final inspection and closeout certification (City of Fargo standard form).
- Review project site prior to end of one-year warranty period.

d. Project Closeout with City - All items should be supplied to City at end of each phase of the project, electronic copies unless other specified
- Approved shop drawings
- Report of approved project materials
- Record drawings (hard copy, PDF & CAD files)
- Base CAD files including data shortcuts
- InfoSWMM model of newly constructed storm sewer, if needed.
- Easement documents
- Field inspectors project diaries (can be scanned into Masterworks DPR files)
- Materials testing and field compaction testing reports.
- Project correspondence
- Required permits
- Explanation of any change orders
- Progress payments including final certified estimate
- Final acceptance letter to contractor
- Project photographs (pre-construction, during construction and as-builts)
- SWPPP termination & N.O.T. from ND Department of Health

- SWC Permit Closeout
- Final inspection reports
- Project development summary report, which shall include any recommendations made and all decision documents on how the preferred plan was identified.
- Operations and maintenance manuals (4 hard copies, 1 digital CD or flash drive)
- Maintenance crew training (as necessary)

The Engineering Department will provide lift station details to the selected Consultant that should be incorporated into the plan sheets. The Consultant shall submit 50% & 90% review plans that will be reviewed by the city and returned to the Consultant for modifications or additions to the plan sheets.

RE: City of Fargo – Project #NN-19-A0 – Design and Inspection Services for a new storm sewer lift station #43, Selkirk Addition

We propose to utilize the skills of Kurt Lysne, PE and Tyrel Clark, PE to lead the engineering design for the city of Fargo Selkirk Addition storm sewer lift station project. Kurt will lead a team of SWMM modelers to perform the tasks necessary to meet the design standards for CFR 65.10. Tyrel will lead engineering design for the construction plans to meet the city of Fargo standards. Tracy Eslinger, PE will provide the project management for effective communications between the city of Fargo, KLJ, Bolton and Menk Engineering and Moore. Tracy has coordinated and project administered multi-million dollar projects over his 25 years of professional engineering career and will bring the right leadership skills to assure a successful project outcome. Eric Medbery, our construction group leader, will be involved during the construction of the lift station to make sure the project plans are followed and the components meet the project specifications. Eric is highly skilled in lift station construction, including rebar, concrete, electrical and mechanical system inspection. Nick Gludt, PE will offer project oversight along with QA/QC review. Nick's knowledge of diverse civil engineer project spans over 30 years, and his experience will be of great benefit to the project.

Our project team is available to begin immediately on performing the necessary preliminary survey and project design to meet the city of Fargo standards. Our proposal is based on the following criteria: 1) the lift station will be concrete structure cast in place of approximately 30 feet, 2) two vertical turbine pumps of approximately 30 cfs each, 3) one detention pond will supply the lift station and be emptied within 48 hours, 4) C.O.F. project scoping request dated 7-17-19. Our Cost Proposal and Billing Schedule is attached for your review.

Thank you for considering us for this important project. We look forward to working with the city of Fargo Engineering Department. Should you have any questions or need additional information, please contact me, Tracy Eslinger, at 701-499-5860.

Respectfully,

Tracy D. Eslinger, PE

The Committee reviewed the accompanying correspondence from Project Manager, Jason Satterlund, regarding a time extension (CO #1) requested by Northern Improvement Co. Due to delays with the underground project #UN-18-C1, the site was unavailable for the work to start on the scheduled date of June 3, 2019. The first day the site was available was June 18, 2019, which is when they started.

Staff is recommending approval of the time extension (CO #1) for a 15-calendar day extension adjusting the Substantial Completion Date to August 30, 2019 and the Final Completion Date to September 14, 2019.

On a motion by Bruce Grubb, seconded by Steve Sprague, the Committee voted to recommend approval of the time extension (CO #1) as described above.

RECOMMENDED MOTION
Concur with the recommendations of PWPEC and approve the time extension (CO #1) for a 15-calendar day extension to the Substantial and Final Completion dates.

Re: Improvement District No. PN-18-C1 – Time Extension (CO #1)

Background:

Improvement District No. PN-18-C1 is for new construction concrete paving for Laverne's Addition on 43rd Street North between 19th and 28th Avenue North, 24th Avenue North between 41st and 43rd Street North, and an extension of 41st Street North up to 24th Avenue North.

Northern Improvement Co., is the Contractor for this project.

Due to delays on the underground project UN-18-C1, the site was not available for Northern Improvement Co. to start on June 3, 2019 as called out in the SIB's. Northern Improvement moved in the first day the site was available which was June 18. This 15 day delay was out of Northern Improvement Co.'s control.

Recommended Motion:

Approve Time Extension (CO #1) to revise the substantial and final completion dates as shown below:

Re: Time Extension (CO #1) for ID #PR-19-G1 Asphalt Mill & Overlay & Incidentals

---

Background:

Improvement District PR-19-G1 is a Asphalt Mill & Overlay consisting of 2 sections. Section 1 is in the Woodcrest Addition (Lilac Ln, Maple St, North Woodcrest Dr, MeadowLark Ln, and Willow Rd). Section 2 is bound by 32nd Ave N, 19th Ave N, 10th St N, and Broadway North.

Northern Improvement Co. is the prime contractor on this project.

This Change Order is to modify the phasing of the interim completion as well as to add 1 week to the substantial and final completion dates.

In an effort to have all work near McKinley Elementary school complete before school started, all work in Section 2 was to be complete by August 20. All work in Section 1 was to be completed by September 13. The Contractor was unable to start work in Section 2 when they wanted due to the route of the Fargo Marathon, so they instead started work in Section 1. All work in Section 1 is already complete and the Contractor is now working diligently in Section 2. The Contractor has proposed splitting Section 2 into two parts. The first, Section 2A includes all work near McKinley Elementary (28th Ave N and north) and all work south of 22nd Ave N and must be complete by August 20. The Contractor is proposing all work between 28th Ave N and 22nd Ave N be complete by September 20.

The Engineering Department supports this request.

Recommended Motion:

Approve the Time Extension (CO #1) and the interim completion rearrangement, for Improvement District PR-19-G1, as shown below:

Re: Asphalt Mill & Overlay & Incidentals
Improvement District PR-19-G1

Dear Brian:

I am requesting a time extension for the Asphalt Mill & Overlay & Incidentals project. The original completion dates proposed to have section 2 complete by 8/20/2019 and section 1 complete by 9/13/2019. Due to a request by Opp construction we are asking for an adjustment to the completion dates as follows:

Section 1 is complete and request for extension does not apply

Section 2 remove and replace request for extension does not apply

Section 2 mill and overlay request for extension is as follows:

> Please see attached map for reference, we are proposing to complete section 2A and 2B by the 8/20/2019 original completion date to accommodate the start of school. We are asking for an extension to the date of 9/20/2019 for the completion of the following avenues and streets as marked section 2C. 22nd Ave, 25th Ave, 28th Ave and 7th St, 8th St, 9th St & 9 ½ St.

Please see that attached request from Opp construction as to the multiple reasons for this request. Please let me know if you have any questions or concerns about this request for time extension.

Sincerely,

Northern Improvement Company

Request is hereby made that time allowed for completion be extended on section 2 work without liability for liquidated damages for the following reasons.

1. Project area(s) were not available to begin work as early as anticipated due to prolonged winter conditions and delayed spring thaw. This resulted in road restrictions not being lifted until 6/5/19 thus delaying start times by two to three weeks.
2. Constraints imposed by the Fargo Marathon route passing through the construction area(s) limited where and when work could take place. The result was electing to begin work in section 1 to decrease impact on the Marathon while still maintaining forward progress of the project. This redirection impacted when work in section 2 started.
3. An increase of over 16%(+/-1,145 LF) in curb and gutter quantity alone in Section 2. This increased quantity necessitates two added weeks to complete the work but compounds the need for added time because Section 2 has an earlier interim completion date.
4. Unexpected cement shortages caused by flooding on the Missouri River. This resulted in ready-mix providers being placed on allocation by cement suppliers, thus limiting the amount of concrete available to contractors in our region. This not only limited supply of concrete but created unexpected scheduling delays by ready-mix producers. The trickledown affect created two days worth of scheduling/coordination delays on this project.

Based on the reasons stated above we request the project completion dates to be adjusted as shown on the attached document.

Respectfully submitted,

L. Strum

Memorandum

To: Members of PWPEC

From: Jason Satterlund, Project Manager

Date: July 19, 2019

Re: Improvement District No. UN-18-C1 – Change Order #1 and Time Extension

---

Background:
Improvement District No. UN-18-C1 is for new construction underground for Laverne's Addition on 43rd Street North between 19th and 28th Avenue North, 24th Avenue North between 41st and 43rd Street North, and an extension of 41st Street North up to 24th Avenue North.

KPH, Inc. is the Contractor for this project.

Change Order #1 includes extra work to install additional water stubs into the E.W. Wylie site on the west side of 43rd Street as requested by the owner, a change to the topsoil stripping plan due to the development of the E.W. Wylie site, weather related delays, and delays caused by a change in plan to a cased bore.

KPH has asked for 1 additional working day to complete the additional water service work. Topsoil stripping was running concurrent to pipe laying and did not require any additional time. Since the original completion date is on a Friday, I'm recommending an extension of 3 calendar days (1 working day) to the contract to for installation of the additional services.

During the duration of the contract, it was anticipated that 12 days would be lost due to weather related delays. KPH experienced 15, and therefore should receive an additional 3 working days for weather related delays. Due to an unusually late thaw followed by a wet month of May, KPH realized they were behind schedule and mobilized additional crews in an attempt to complete the project by its original completion date.

While in the middle of the uncased sanitary sewer bore the existing ground changed from clay to water-bearing sand requiring the uncased bore to be abandoned and a cased bore utilized. The change from an uncased bore to completing a cased bore resulted in an additional delay of 8 calendar days (6 working days).

Combined, the additional services, weather delays, and cased bore, KPH experienced a delay of 14 calendar days (10 working days). KPH was able to complete the project on June 14, 2019.

Recommended Motion:
Approve Change Order #1 in the amount of $8,240 for the additional work as requested by E.W. Wylie and add 14 calendar days to the substantial and final completion dates as shown below:

Honorable Board of City
Commissioners
City of Fargo
Fargo, North Dakota

Re: BR-19-B1

Dear Commissioners:

On June 6, 2019 the Public Works Project Evaluation Committee approved the proposed Improvement District No. BR-19-B1. This project would include reconstruction and repair to a portion of 43 ½ Street North between 3rd Avenue North and 7th Avenue North. Approximately 350' of 43 ½ Street North, including the underlying infrastructure, was damaged due to a large stockpile of material located east of the street on a privately owned material storage property. The stockpile caused the roadway to heave, misaligned storm sewer, and crushed a portion of the sanitary sewer. There may be further damage that has yet to be determined. The street is currently closed, since it is impassible.

Plans have been developed to reconstruct the roadway and repair the infrastructure with an estimated cost of construction being $245,915.75.

Since the damage was a result of the site conditions on private property and that owner has the ability to complete the repair, we worked with our Assistant City Attorney, Nancy Morris, on an agreement to complete the work. Attached you will find a signed Settlement Agreement and Mutual Release of Claims with Master Construction to complete the repair adjacent to their property at their sole expense.

RECOMMENDED MOTION
Approve the signed Settlement Agreement and Mutual Release of Claims with Master Construction for the rehabilitation of 43 ½ Street North between 3rd Avenue North and 7th Avenue North.

Respectfully,

on behalf of

Brenda E. Derrig, P.E.
City Engineer

The Committee reviewed a communication from Project Manager, Scott Olson, regarding changes to the 2019 CIP.

Proposed Improvement District No. BR-19-B1 would include reconstruction and repair to a portion of 43 ½ St N between 3 Ave N and 7 Ave N. Approximately 350' of 43 ½ St N, including the underlying infrastructure, was damaged due to a large stockpile of material located east of the street on a privately owned material storage property. The stockpile caused the roadway to heave, misaligned storm sewer, and crushed a portion of the sanitary sewer. There may be further damage that has yet to be investigated. Thru traffic is currently closed on the street as it is impassible.

Plans have been developed to reconstruct the roadway and repair the infrastructure with an estimated cost of construction being $245,915.75. Costs to complete the project would be assessed directly to the owner of the property whose stockpile caused the damage.

Staff is recommending the addition of Improvement District BR-19-B1 to the 2019 CIP.

On a motion by Nicole Crutchfield, seconded by Brenda Derrig, the Committee voted to recommend approval of the 2019 CIP revision as described.

RECOMMENDED MOTION
Concur with PWPEC recommendation and approve the 2019 CIP revision.

Re: Improvement District No. BR-19-B1 – Partial Reconstruction of 43rd ½ Street North

---

Background:

Proposed Improvement District No. BR-19-B1 would include reconstruction and repair to a portion of 43rd ½ Street North between 3rd Avenue North and 7th Avenue North.

Approximately 350 feet of 43rd ½ Street North, including the underlying infrastructure, was damaged due to a large stockpile of material located east of the street on a privately owned material storage property. The stockpile caused the roadway to heave, misaligned storm sewer and crushed a portion of the sanitary sewer. There may be further damage to infrastructure that we have not been able to investigate as of yet. Through traffic is currently closed on the street as it is impassible.

Plans have been developed to reconstruct the roadway and repair the infrastructure with an estimated cost of construction being $245,915.75. These costs to complete the proposed project would be assessed directly to the owner of property whose stockpile caused the damage. Engineering is proposing to amend the 2019 CIP to include Improvement District No. BR-19-B1.

Recommended Motion:

Amend the 2019 CIP to include Improvement District No. BR-19-B1.

SETTLEMENT AGREEMENT AND MUTUAL RELEASE OF CLAIMS

For and in consideration of the mutual agreements and covenants described below, and enter into this Settlement Agreement and Mutual Release of Claims ("Agreement"), Master Construction Co., Inc., a North Dakota corporation (hereafter "Master" or "Contractor") and the city of Fargo, North Dakota, a municipal corporation (hereafter "City" of "Fargo") hereby agree as follows.

RECITALS

A. Master owns property located at 4361 3rd Avenue North, Fargo, ND, legally described as follows:

Lots 1 thru 9, Block 6A of a Replat of Lots 12 and 13, Block 3 and Lots 18, 19, 20 and 30, 31, 32, 33, Block 4 of E.G. Clapp's First Addition less the platted Lucken Addition.

Hereafter "Property."

B. Master agrees and understands that as a result of its activities on the above identified Property, including but not limited to excessive stockpiling of material, there occurred a rotational shift resulting in disturbance to the City infrastructure adjacent to the property at 43 ½ Street North. The road surface, curb and gutter heaved, and the water, sanitary and storm sewer infrastructure were damaged by Master's conduct beyond repair, necessitating replacement of the same in the area identified in Exhibit A attached hereto.

C. Master secured the services of Braun Intertec to prepare a Geotechnical Evaluation Report analyzing the stockpile stability and impacts by providing subsurface information at the site and geotechnical recommendations for repair and future use of the Master property, limiting further disturbance to the street and utilities. A draft of the Braun Intertec report was provided dated October 31, 2018, pending payment from Master for finalization.

D. The Braun Intertec report conclusively finds that the road and infrastructure failure were a result of Master's stockpiling activities.

E. Subject to and as addressed with greater specificity in the terms and conditions set forth below, Master and the City now desire to settle any and all disputes that relate to the damage Master caused to the City infrastructure.

AGREEMENT

1. Consideration by the Parties. In consideration for all of the terms and conditions of this Settlement Agreement, the parties agree that Master shall pay the sum of (1) $1,470.00, as reimbursement for the Traffic Control measures provided by 3D

specialties, Inc.; and (2) $28,150.73, which sum represents 11% of the Engineer's Estimate for the work necessary to repair the damaged City infrastructure, in addition to $7,677.47, which sum represents 3% for legal and miscellaneous expenses (for a total payment of $35,828.20). This Settlement Payment shall be made by Certified Check made payable to the City of Fargo, in advance of commencement of any work contemplated in this agreement. Master must also fully compensate Braun Intertec for the work completed in the amount of $10,697, and deliver to City a fully executed, final report before moving forward with the settlement agreement terms.

2. Specifications, Plans and Stakes. City agrees Master may complete the work as identified in the Engineer's Preliminary Estimates for Project BR-19-B1, attached hereto as Exhibit 2, namely Sanitary Sewer, Storm Sewer, Street Reconstruction and Incidentals. The parties agree that the work shall be done in strict conformity to the plans, profiles and Standard Specifications for Construction and to the exact lines and grades as defined by the City Engineer.

Master shall complete the work agreed to herein on or before September 20, 2019. Substantial Completion shall be no later than September 20, 2019. Final Completion will be 30 days after Substantial Completion.

Master further understands and agrees that additional issues that may be discovered during the time of the corrective repairs that could not have been anticipated at the time of design are Master's responsibility to repair, at the direction of the City Engineer or an authorized representative, at no additional cost to the City.

3. Inspection. All materials furnished by Master are subject to the inspection and approval of the City Engineer or an authorized representative at all times during the progress of the work, and until the final completion of the same. Master shall allow sufficient time to enable the City Engineer or an authorized representative to make the proper tests and inspection. As soon as the materials are tested and inspected, the Contractor shall immediately remove all rejected materials from the work and to such a point distant there from as the City Engineer or authorized representative may require. No materials shall be used before being inspected and approved by the City Engineer or authorized representative. Failure of the City Engineer or authorized representative to condemn or reject inferior materials or work does not imply acceptance of the same should their inferiority become evident at any time.

Master shall furnish at its own expense such labor as may be required to enable a thorough inspection and culling of all materials.

4. Obstruction, Guard and Contractor's Liability. Master shall follow Section 4100 of the Standard Specifications for Construction in all cases to maintain a safe passageway at all road crossings, crosswalks and street intersections, and shall do all other things necessary to prevent accidents or loss of any kind, and shall save the City harmless forever from any and all damages, costs, and expenses resulting from the

neglect or failure of the Contractor in the performance of this Contract, to properly protect the public and employees from injury to person or property.

5. Property Liable to Damages. Master shall be liable for any and all damage to public and private utilities, including but not limited to, water, gas, steam or other pipes, flumes, poles or conduits or other property owned by any person or corporation. Contractor shall have ten (10) days following notice from the City to repair or replace the damaged property. After ten (10) days City may arrange for such repairs or replacements to be made as necessary and deduct from any sum or sums due or to become due Contractor under this Contract the cost thereof.

Master shall be responsible for all survey irons and monuments, and if disturbed they will be replaced by a Registered Land Surveyor of the State of North Dakota, at Master's own expense.

Master is responsible for damage to any underground or overhead piping, wiring, or other utility property occurring during any excavation or construction by Contractor. Master, before commencing any excavation or construction, shall locate the previously mentioned underground property by contacting the following:

ND One Call 1-800-795-0555

6. Cleaning Up. Immediately upon the completion of the work on each block, the Contractor shall at their cost and expense, clean up and remove all refuse materials of every kind resulting from the work. If Contractor fails to clean up and remove refuse within twenty-four (24) hours after having been notified by the City Engineer or authorized representative, the work may be done by the City and the cost thereof charged to the Contractor.

7. Orders. Whenever the Contractor is not present on any part of the work where it may be necessary to give instructions, orders may be given by the City Engineer or authorized representative to the superintendent or foreman who may have charge of the particular work in question, and such orders shall be obeyed.

8. Defective Work. Master, upon being so directed by the City Engineer or authorized representative, shall suspend, remove or reconstruct, or make good without charge any work which they may consider to be defectively executed.

9. Competent Workers to be Employed. Master shall provide and have at all times a competent Superintendent in charge of the overall Project who will be personally available at the site of the work within 24 hours' notice. This Superintendent may be either the Contractor himself or a responsible employee who has been authorized to act in the Contractor's behalf. This individual shall be fully authorized to:

(a) Conduct all business with the subcontractors.

(b) Negotiate and execute all Contract change orders or directly coordinate with the Contractor on such matters.
(c) Execute the orders and directions of the Engineer or authorized representative without delay.
(d) Promptly supply the materials, equipment, tools, labor, and incidentals necessary for prosecution of the work.

At all times while work is actually being performed, the Contractor shall have at the site of the work a competent individual who is:

(a) Authorized and fully capable of managing, directing, and coordinating the work in progress.
(b) Thoroughly experienced in the type of work being performed.
(c) Capable of reading and thoroughly understanding the Plans and Specifications.
(d) Authorized to receive instructions from the Engineer or authorized representative.

If this individual is an employee of someone other than Master, Master shall notify the City Engineer or authorized representative as to who will act in the supervisory capacity stated above. This individual and the Superintendent having overall responsibility for the Project may be one and the same person if constantly available in person on the Project and fully qualified in all other respects.

If any person employed by Master appears incompetent, disorderly, or disobedient to the City Engineer or authorized representative, they shall be discharged immediately upon request of the City Engineer or authorized representative and shall not again be employed upon the work without the consent of the City Engineer or authorized representative.

10. Failure to Pay for Labor and Materials. If Master fails to pay laborers, or for materials used, the City shall have no responsibility to make such payments, and Master shall be immediately deemed in breach of this Agreement. City shall then be entitled to terminate the Agreement and take appropriate and timely steps, in its sole discretion, to complete the work.

Master agrees to secure signed acknowledgements wherein such laborers, subcontractors and suppliers explicitly state their understanding that they are contracting directly with Master Construction, and that they understand and agree that the City does not guarantee or assure payment for the labor and/or materials supplied. Such acknowledgement shall be in a form substantially similar to attachment "A" hereto, for each and every laborer, subcontractor or supplier providing goods and services to Master for the work to be completed in accordance with this agreement.

11. Defective Work. Master, upon being so directed by the City Engineer or authorized representative, shall suspend, remove or reconstruct, or make good without charge any work which they may consider to be defectively executed.

12. Subletting. Master shall not assign or sublet the whole or any portion of the work (except for the supply of materials, equipment and tools) without first obtaining the written consent of the City Engineer. Consent given does not release Master from responsibility. Master shall be held accountable the same as if no consent had been given. Master is required to give its personal attention to the work.

13. Performance Bond. Master agrees to secure and file a performance bond with the City Auditor in a sum equal to the full amount of the Engineer's Estimate. Said bond shall be executed by Master as principal and a surety company authorized to do business in the State of North Dakota as surety.

The bond shall be made payable to the City and shall be conditioned on Master's full and faithful performance of the work Master agrees to complete herein. In the event of default, the bond shall be taken and held to be fixed and liquidated damages in favor of the City and the full amount thereof may be recovered from Master and its sureties in an action by the City against them on their bonds. If the City Commission shall at any time deem the bond of the Contractor insufficient, either in form or sufficiency of sureties, it may require Master to furnish a new bond. Said bond to be approved by the City Commission, within such reasonable time as the City Commission may fix and if Master shall fail to furnish such new bond within the time required after notice to do so, the Contract shall be cancelled and the Contractor's bond shall be liable the same as if the Contractor had failed to perform the Contract.

14. Insurance. Master shall secure insurance against hazards as enumerated herein. All policies shall be with companies satisfactory to the City and in amount and form as specified.

All certificates of insurance shall be on an acceptable form, and the said certificate shall state that ten (10) days written notice will be given to the City before the policy is cancelled or changed.

Master will not be permitted to start any construction under the terms of this Agreement until a certificate of all insurance as required herein is filed with the City.

Public Liability and Property Damage. Contractor shall provide public liability and property damage insurance against risks resulting from the following:

A. Operations of Contractor;
B. Operations of Subcontractors (contingent);
C. Completed operations;
D. Contractual Liability (broad form); and
E. Property damage liability including:

1. Damage due to blasting;
2. Damage due to collapse;

3. Damage to underground facilities; and
4. Broad form property damage:

a. Premises and operations
b. Contractual

The liability limits of said insurance shall be as follows:

A. Bodily Injury

1. $1,000,000 each person
2. $1,000,000 each occurrence
3. $2,000,000 aggregate

B. Property Damage

1. $1,000,000 each occurrence
2. $1,000,000 aggregate
3. $2,000,000 aggregate (property damage auto)

Automobile Liability. The Contractor shall provide automobile liability insurance covering operation of all vehicles which are either hired, owned, or non-owned as follows:

A. Bodily Injury
1. $1,000,000 each person
2. $1,000,000 each occurrence

B. Property Damage Liability
1. $1,000,000 each occurrence

Workmen's Compensation. The Contractor shall be insured against liability for injury to employees in accordance with the laws of the State of North Dakota. A coverage certificate shall be furnished to the City prior to the commencement of any work.

15. Laws and Ordinances to be Observed. Master agrees and understands it must abide by all applicable laws.

16. Indemnity. Master shall indemnify the City against all claims, damages, suits, actions and expenses, including reasonable attorney's fees to the property of the City of any person, caused by Master's negligence in carrying out or attempting to carry out this Agreement, and from claims made by laborers or others for injury sustained by reason of Master's negligence, its servants or employees, in the performance or attempted performance of this Agreement. Master shall further City from damages sustained by

depositing materials to public injury or to the injury of any person or corporation, or resulting from the use of any patented material, implement or process which may be employed in executing the work under this Agreement, including costs and expense of defense. City will notify Master of the bringing of suit in such cases, and be permitted to defend the same.

17. Warranty. Master guarantees the work will remain in good condition for the period of one (1) year from the date of completion, ordinary wear excepted. Master understands and agrees it is financially responsible for any repairs necessary to maintain the work in good condition within one year from completion, ordinary wear excepted.

18. Special Assessment Waiver of Protest and Amount. Public Improvements, including water mains, sewers, storm sewers, paving, curb and gutter and other Public Improvements enumerated in N.D. Cent. Code Section 40-22-01 will be constructed pursuant to this Agreement. Special assessments may be levied and assessed against the Property in the event the work is not completed in a timely manner and in accordance with City Standards and Specification. Master hereby waives the right to protest, if any, the resolution of necessity for any Public Improvements in accordance with N.D. Cent. Code Section 40-22. Further, Master consents to the construction of the Public Improvements and to the assessment of the costs against the Property. Owner further waives the right to protest the amount of benefit levied against the Property for the Public Improvements.

19. Waiver of Rights Under N.D.C.C. § 9-13-02. The parties agree that the release provisions in paragraphs 3 and 4 above include a release of all unknown and unsuspected claims. Further, the parties specifically and expressly waive all rights pursuant to § 9-13-02 of the North Dakota Century Code, which provides:

> § 9-13-02. Extension to Known Claims. A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him, must have materially affected his settlement with the debtor.

20. Attorneys' Fees and Costs. In any action relating to or arising out of the enforcement of this Agreement, City shall be entitled to recover its reasonable attorneys' fees and reasonable costs from Master.

21. Stockpile Restrictions. Master agrees that the maximum ground elevation of 904 feet within 100 feet of the west property line shall be attained and maintained on its Property. From 100 feet east of the west property line to the east property line the stockpile can have a maximum elevation of 920 feet. This assumes that the side slopes of the pile will not be steeper than 1 1/2H:1V.

These pile requirements must be met prior to the start of any repair work within the ROW.

Master shall prepare a Deed Restriction detailing these use restrictions satisfactory to City and record the same.

22. Governing Law, Forum, and Jurisdiction. This Agreement shall be governed by the laws of the state of North Dakota. The Parties consent to the personal jurisdiction of the state courts located in Cass County, state of North Dakota in connection with any controversy that arises out of or in any way relates to this Settlement Agreement. The parties further agree that any litigation arising out of or relating to this Settlement Agreement shall be venued exclusively in Cass County, state of North Dakota.

23. Admission of Liability. By executing this Agreement, Master understands and agrees that this Agreement constitutes an admission of liability, fault or wrongdoing, and that it is solely responsible for the damages caused by its actions to the City roadway and infrastructure.

24. Voluntary Nature of Agreement. The parties acknowledge and agree that they have entered into this Agreement voluntarily and without any coercion. The parties further represent that they have had the opportunity to consult with an attorney of their own choice, that they have read the terms of this Agreement, and that they fully understand and voluntarily accept the terms.

25. Entire Agreement. The terms of this Agreement supersede and terminate all prior oral and written agreements and communications between the parties.

26. Execution in Counterparts. The parties agree that this Settlement Agreement may be executed by facsimile or email and in counterparts, all of which shall constitute one instrument and shall be deemed to be an original.

27. Authority. Each party signing this Settlement Agreement represents and warrants that the person signing this Agreement on its behalf has the full authority to bind that party to the terms of this Settlement Agreement.

28. Recording. The parties agree and understand that a Memorandum of this Agreement and a Deed Restriction may be recorded as to the Property.
