

City of Fargo Special Assessments Process Whitepaper

May 15, 2018

North Dakota Century Code Historical Summary & Authority

The City of Fargo utilizes special assessments as prescribed in North Dakota Century Code (NDCC). These statutes outline how assessments are developed, levied, and collected by political subdivisions. NDCC provides for a fair and equitable method of delivering high-quality, consistent infrastructure for the City of Fargo. This policy framework in Century Code provides a foundation for political subdivisions, like the City of Fargo, to administer local special assessment policies and procedures.

City of Fargo Procedure

The mechanics of special assessments in Fargo have been consistent for years and comply with NDCC. These mechanics remain unchanged today.

Deferral Process

A local ordinance, approved by the Fargo City Commission, governs how special assessment deferrals function, as NDCC does not prescribe how special assessments are to be administered. Fargo has a longstanding record of performance in achieving the capital goals of the community. As a high-growth community, the City has maintained high-quality capital assets and demonstrated a commitment to installing new infrastructure and replacing existing assets in an efficient manner.

Fargo uses special assessment deferrals in some cases when large tracts of property that have not been developed are assessed for infrastructure. The City's practice has been to grant interest-free deferrals for arterial roadways, and interest-bearing deferral contracts for local improvements. Deferrals consume funds within the debt service fund, and since Fargo is a growing city, this occurs often and requires a sizeable amount of deferred assessments to be carried.

Role of Tax Exempt Municipal Bonds in Infrastructure Projects

The infrastructure demands of a growing community require a sustainable source of revenue. Special assessments are the primary revenue source used by the City to pay tax-exempt municipal bonds. Tax-exempt municipal bonds are "tax preferred" instruments that assist communities in funding long-term improvements that are not affordable using cash resources. Fargo has a lengthy history of using tax-exempt municipal bonds, and has received very high credit ratings from Moody's Investors Service and Standard & Poor's Corporation based on its past performance.

Debt Service Management – Legal Compliance

Fargo's debt service funds are managed in compliance with NDCC 40-24-18. City staff, together with third party legal and financial advisors, assess infrastructure needs and develop responsive financing packages that deliver the best value while mitigating risk and exposure to the public. In fact, NDCC 40-24-18 requires that special assessment revenue be kept separate (segregated) and not be diverted for other purposes. Segregation of special assessment revenue is required for the life of the special assessment and bond obligations (see NDCC 40-24-18). This same section of the code provides that once special assessment

warrants and other obligations of the fund have been fully paid, all monies remaining in the fund may be transferred into the General Fund (see Attachment #1).

Assessments levied carry an interest rate above the actual borrowing rate on the bonds. NDCC 40-24-02 permits political subdivisions to levy the assessments up to 1.5% over the bond interest rate. Over the past several years, and based upon the recommendation of a Blue Ribbon Task Force that studied special assessments, the City of Fargo voluntarily agreed to lower the financing mark-up by 33% - reducing the 1.5% rate to 1% over the bond rate (see Attachment #2 – July 21, 2003 City Commission approval). The purpose of this incremental mark-up is to provide long-term stability for the debt service fund, as the City is legally committed to a twenty-five (25) year debt service obligation. There are several risks inherent in the City's ability to collect special assessments on a timely basis, including:

- Significant downturn in the local economy;
- Natural disaster risk, such as a catastrophic flood event;
- Property tax levy to cure a special assessment deficiency (a "deficiency levy"); and
- Political risk.

Fargo City Commission Approval of Mark-Up

By resolution, the City Commission approves the 1% mark-up on special assessments for each bond sale and each time assessments are levied. In its process, the Commission authorizes a bond sale, establishes a special assessment fund for the project (or projects), and approves the 1% mark-up on the bond when a special assessment resolution is adopted (see Attachments #3 and #4 for illustration).

Refinancing Existing Debt

NDCC, in the opinion of the City and its bond counsel (Dorsey & Whitney LLP), treats special assessments and warrants as "locked in" once made. Reducing interest rates at the time of bond refinancing (especially to a level equal to the new average interest rate) would increase the risk of needing a deficiency levy, and would thereby shift payment burden from benefiting residents to the general population. The City's refunding/refinancing procedure promotes equity across various projects, is consistent with NDCC, and does not favor project types or properties over others.

NDCC Compliance Summary

The City has a track record of success and has consistently prevailed in legal challenges to its assessment practices. Significant policy discussion has occurred at the State Legislature over the past several sessions, but no substantive changes have been made. As a result, the City's special assessment process and mechanics remain consistent and compliant to the legal requirements and the directives of the Legislature as expressed in North Dakota Century Code.

40-23-15. Governing body to hear and determine appeals and objections to assessments - Altering assessments - Limitations.

At the regular or special meeting of the governing body at which the assessment list is to be acted upon, any person aggrieved by the determination of the special assessment commission in regard to any assessment who has appealed therefrom as provided in section 40-23-14 may appear before the governing body and present the person's reasons why the action of the commission should not be confirmed. The governing body shall hear and determine the appeals and objections and may increase or diminish any of such assessments as it may deem just, except that the aggregate amount of all the assessments returned by the commission shall not be changed and no assessments as adjusted shall exceed the benefits to the parcel of land on which it is assessed as determined by the assessment commission.

40-24-02. Payment of special assessments - Interest.

All special assessments levied under this title may be paid without interest within ten days after they have been approved by the governing body and thereafter shall bear interest at an annual rate not exceeding one and one-half percentage points above the average net annual interest rate on any warrants or bonds for the payment of which they are pledged on the total amount thereof remaining unpaid.

40-24-18. Special improvement moneys to be kept separate - Designation and numbering of funds - Diversion of moneys prohibited.

All special assessments and taxes levied and other revenues pledged under the provisions of this title to pay the cost of an improvement shall constitute a fund for the payment of such cost, including all principal of and interest on warrants and other obligations issued by the municipality to finance the improvement, and shall be diverted to no other purpose. The city auditor shall hold all moneys received for any such fund as a special fund to be applied to payment for the improvement. Each such fund shall be designated by the name and number of the improvement district in or for which said special assessments, taxes, and revenues are collected. When all principal and interest on warrants and other obligations of the fund have been fully paid, all moneys remaining in a fund may be transferred into the general fund of the municipality.

40-26-08. Municipality liable generally for deficiencies in special improvement fund.

Whenever all special assessments and all utility revenues and taxes, if any, appropriated and theretofore collected for a special improvement, made under authority of any law authorizing the payment of the cost thereof in whole or in part from special assessments, are insufficient to pay principal or interest then due on the special improvement warrants issued against such improvement, the governing body shall levy a tax upon all of the taxable property in the municipality for the payment of such deficiency. If at any time a deficiency is likely to occur within one year in such special improvement fund for the payment of principal and interest due on such warrants, the governing body, in its discretion, may levy a general tax upon all the taxable property in the municipality for the payment of such deficiency. This section applies to any deficiency in a special improvement fund, including a sewer and water connections assessment fund under chapter 40-28, sidewalk special fund under chapter 40-29, curbing special fund under chapter 40-31, and boulevard special fund under chapter 40-32. In case a balance remains unexpended in a special improvement fund after the payment of all warrants drawn thereon with interest, it shall be paid over or transferred to the general fund of the municipality.

Excerpt of Board of City Commissioners June 5, 2017 Minutes

The Regular Meeting of the Board of City Commissioners of the City of Fargo, North Dakota, was held in the City Commission Room at City Hall at 5:00 o'clock p.m., Monday, June 5, 2017.

The Commissioners present or absent were as shown following:

Present: Gehrig, Grindberg, Piepkorn, Strand, Mahoney.

Absent: None.

Mayor Mahoney presiding.

Special Assessment List for Various Improvement Districts Approved:

A Hearing had been set for this day and hour on the special assessment list for the construction of the following Improvement Districts in the City of Fargo, North Dakota, all having been approved by the Special Assessment Commission on May 5th, 2017; set the interest rate at 1% per annum over the net rate on bonds financing said projects:

- i. Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights, Grading and Incidentals No. BN-15-A1.
- j. Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights, Grading and Incidentals No. BN-15-B1.
- k. Sanitary Sewer, Water Main, Storm Sewer, Site Grading, Concrete Curb and Gutter, Asphalt Paving and Incidentals No. BN-15-E1.
- l. Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights, Site Grading and Incidentals No. BN-15-G1.
- m. Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights and Incidentals No. BN-15-H1.
- n. Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights and Incidentals No. BN-16-A1.
- o. Water Main Replacement, Street Reconstruction, Street Scape with Cycle Track and Incidentals No. BR-15-B1.
- p. Water Main Replacement, Force Main Construction, Street Reconstruction and Incidentals No. BR-15-F1.
- q. Retention Pond and Incidentals No. FP-14-01.
- r. Concrete Curb and Gutter, Asphalt Pavement, Street Lights and Incidentals No. PN-14-11.
- s. Concrete Curb and Gutter, Asphalt Pavement, Street Lights and Incidentals No. PN-15-G1.
- t. Concrete Curb and Gutter, Asphalt Pavement, Street Lights and Incidentals No. PN-15-K1.
- u. Asphalt Wear Course and Incidentals No. PN-16-A1.
- v. Seal Coat and Incidentals No. PR-16-B1.
- w. Asphalt Mill and Overlay and Incidentals No. PR-16-C1.
- x. New Construction City Ordered Sidewalks and Incidentals No. SN-16-A1.
- y. Reconstruction City Ordered Sidewalks and Incidentals No. SR-15-A1.
- z. Reconstruction City Ordered Sidewalks and Incidentals No. SR-16-A1.
- aa. Traffic Signal Improvements and Incidentals No. TN-15-B1.
- bb. Sanitary Sewer, Water Main, Storm Sewer and Incidentals No. UN-15-J1.

No appeals have been filed in writing against any item appearing on such special assessment list and no person is present at this Hearing to appeal or offer any objection thereto.

In response to a question from Commissioner Strand about how benefit is determined, Special Assessment Coordinator Dan Eberhardt said benefit is calculated on a linear foot basis and everyone pays the same per linear foot. He said the assessments are defined by front footage and for example, in the Woodhaven area, one lot could have five units and another lot could have eight or nine due to the

fact the green space is evenly divided. He said he looks at the total cost of a project, calculates the footage of all parcels in the area and then divides it by the total front footage. He said benefit is statutorily defined by the state.

Commissioner Grindberg moved that the special assessment list for the construction of the above listed Improvement Districts be and the same are hereby approved and confirmed and ordered filed in the office of the City Auditor, that the City Auditor's Office be instructed to proceed to collect the assessments in the manner provided by law and that the interest rate be set at 1% per annum over the net rate on bonds financing said projects.

Second by Gehrig. On call of the roll Commissioners Grindberg, Gehrig, Strand, Piepkorn and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

City Auditor Steve Sprague said the projects being presented have been constructed, finalized and have gone through the assessment process with all of the required notices and inspections done. The total is

\$43 million in completed project costs, he said, and \$35 million in assessments is being proposed affecting just under 3,200 parcels. He said the interest rate which is set at 1% above the bond interest and it varies between projects; however, generally speaking it is at about 4%. The term is 25 years on most projects, he said, and some are required to be only 10 years, set by statute.

Virgil Schultz, 3225 45th Avenue South, spoke regarding Traffic Signals Improvement District No. TN-16-E. He said everyone uses that road and while he does not mind paying some of it, it all adds up. He suggested a transportation fund could be implemented and funded by a tax on gas of a half-cent or penny on a gallon of gas in Fargo, rather than taxing residents, he said.

Commissioner Piepkorn moved that the special assessment list for the construction of the above listed Improvement Districts be and the same are hereby approved and confirmed and ordered filed in the office of the City Auditor, that the City Auditor's Office be instructed to proceed to collect the assessments in the manner provided by law and that the interest rate be set at 1% per annum over the net rate on bonds financing said projects.

Second by Grindberg. On call of the roll Commissioners Piepkorn, Grindberg, Gehrig, Strand and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.
