Direct City Auditor's Office to publish a Notice, as required by law, calling for bids for the construction of Improvement District No. AN-15-C in the City of Fargo, North Dakota.

Second by Piepkorn. On call of the roll Commissioners Sobolik, Piepkorn and Williams voted aye.

Absent and not voting: Mayor Mahoney.

The motion was declared carried.

(Mayor Mahoney present)

State Water Commission Cost Reimbursement Request for the FM Diversion Flood Project:

Finance Director Kent Costin said the expenditures listed in the reimbursement request are \$1,370,222.00 and this particular request is eligible for 50% cost sharing ratio, making the cost reimbursement amount \$685,111.00.

Commissioner Sobolik moved the cost reimbursement request to the State Water Commission for FM Diversion Flood Project costs in the amount of \$685,111.00 be approved.

Second by Piepkorn. On call of the roll Commissioners Sobolik, Piepkorn, Williams and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Year-End Budget Amendments Approved:

The Board received a communication from the Finance Committee stating two budget amendments were reviewed relating to the allocation of the year-end General Fund surplus. They said one item has to do with closing out the existing E911 Fund. Voters approved consolidation of this function at the County level, they said, so the City's E911 will cease to exist and a General Fund transfer is recommended in the amount of \$350,000.00 to eliminate the deficit in this fund at year end. The second item is related to a Library technology replacement project, they said. The City approved additional funding for departmental capital outlay in the amount of \$50,000.00, they said; however, in order to complete the project, some of the 2014 operating budget has been held back to fund a portion of this project. They said a budget amendment is recommended to carry forward operational savings in the amount of \$70,000.00.

Commissioner Williams moved the year-end budget amendments to close out the E911 Fund in the amount of \$350,000.00 from the General Fund and to carry over \$70,000.00 from the 2014 Fargo Public Library operating budget authority into 2015 to complete scheduled technology initiatives be approved.

Second by Sobolik. On call of the roll Commissioners Williams, Sobolik, Piepkorn and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

First Reading of an Ordinance Amending Section 25-1508 of Article 25-15 of Chapter 25 of the Fargo Municipal Code Relating to Alcoholic Beverages:

The Board received a communication from Assistant City Attorney Jodi Bass stating the proposed Ordinance amendment addresses applicable fees to be paid when the holder of a Class "W", "Z" or "B-Limited" Alcoholic Beverage License sells the business. She said the amendments are intended to specify that the fee applicable in situations where a business holding a Class "W", "Z" or "B-Limited" Alcoholic Beverage License is sold, the transfer fee shall be the total annual cost of the license being transferred.

City Auditor Steve Sprague said the amendment clarifies some confusing language regarding fees when transferring a liquor license when a business is sold. He said if the business is sold and remains open, the license would be transferred and an annual fee would be paid. He said in the case of a Class "W", "Z" or "B-Limited" Alcoholic Beverage License, if a business is closed, the license comes back to the City.

Commissioner Piepkorn moved the requirement relating to receipt of the Ordinance by the Commission one week prior to first reading be waived and that the Ordinance amending Section 25-1508 of Article 25-15 of Chapter 25 of the Fargo Municipal Code Relating to Alcoholic Beverages be placed on first reading.

Second by Williams. On call of the roll Commissioners Piepkorn, Williams, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

City Attorney Directed to Draft Ordinance Amendments to Allow Parking Enforcement in City Parking Lots:

The Board received a communication from Planning Director Jim Gilmour stating the Parking Commission and the Planning and Development Department have been looking for ways to improve enforcement of parking restrictions in City parking lots used for monthly renters, as well as ways to make off-street parking available for visitors of City Hall and the Library. He said currently, parking in a City lot without a permit can only be enforced by towing or expensive control equipment-parking attendants. Parking attendants are expensive in relation to revenue of short term parking, he said, and towing is very expensive for both the City and vehicle owner. A more effective enforcement method would be issuing parking tickets to those who park in a City lot without a permit, or park all day in a visitor parking spot designated for short term parking, he said; however, City Ordinance changes are needed to implement these enforcement options. He said the draft Ordinance would go before the Parking Commission and then be brought before the Board.

Commissioner Williams said there is a City lot downtown that is owned and operated jointly with a private party. He suggested the private party also be allowed some input. He said there will likely be more public/private parking lot relationships going forward so it is important to get the Ordinance right. He said the ability to issue tickets in these public lots is critical.

In response to a question from Commissioner Sobolik about who would do the ticketing, Mr. Gilmour said likely the language of the Ordinance will be written generally enough to enable the City to authorize the police, the contracted parking management firm or a private security firm to enforce it. There may be opportunities with the Downtown Business Improvement District, he said, or, some communities have downtown ambassadors that provide information and also can issue tickets. He said enforcement would take place only where signs are posted and people know what the rules are. If a private operator did not want it enforced, he said, then the City would not enforce it.

Commissioner Williams moved the City Attorney be directed to draft Ordinance Amendments to allow the Parking Commission and the Planning and Development Department to implement programs that issue parking tickets to people who violate time zones in parking lots, or park in long-term parking lots without permits.

Second by Sobolik. On call of the roll Commissioners Williams, Sobolik, Piepkorn and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Ballot Language for the Proposed Home Rule Charter Amendment Eliminating the Resignation Requirement for Commissioners Seeking to Become a Candidate for Mayor and Placing the Question on the Ballot for the April 28, 2015 Election Approved:

The Board received a communication from City Auditor Steve Sprague submitting suggested ballot wording for the proposed Home Rule Charter Amendment eliminating the resignation requirement for Commissioners seeking to become a candidate for Mayor.

Commissioner Piepkorn moved the ballot language for the proposed Home Rule Charter Amendment eliminating the resignation requirement for Commissioners seeking to become a candidate for Mayor be approved and the question be placed on the ballot for the April 28, 2015 special election.

Second by Sobolik. On call of the roll Commissioners Piepkorn, Sobolik, Williams and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Request from Quaker Steak and Lube for a Six Month Extension of their Liquor License Approved:

The Board received a communication from City Auditor Steve Sprague stating Quaker Steak and Lube is requesting time to transfer their Class "FA" Alcoholic Beverage License. They are in the process of reorganizing and opening a new restaurant, he said, and are requesting a six month extension of Ordinance 25-1512 for their liquor license to allow them time to reorganize and transfer the license. He

said as he understands it, Quaker Steak and Lube is very close to having a transfer worked out.

Commissioner Piepkorn moved a six month extension to Ordinance 25-1512 until July 1, 2015 for Quaker Steak and Lube's Class "FA" liquor license be approved.

Second by Sobolik. On call of the roll Commissioners Piepkorn, Sobolik, Williams and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Presentation by Metropolitan Council of Governments Executive Director Bill Christian:

Metropolitan Council of Governments (Metro COG) Executive Director Bill Christian introduced himself to the Board. He was hired as Senior Transportation Planner in January 2014, he stated, and was offered the position of Executive Director in November 2014. He said his intention is to meet with the jurisdictions annually to give an update and remind the Board of the role of Metro COG. He said prior to working at Metro COG he spent 28 years as a transportation planner in Omaha, Nebraska and Wichita, Kansas. The Fargo-Moorhead Metro COG was formed as a council of governments to deal with issues that are regional in nature and transcend jurisdictional boundaries, he said. Metro COG is also the designated metropolitan planning organization for the area, he stated, and are entrusted with providing for a fair and impartial setting in making transportation decisions and Metro COG also deals with federal transportation funding. He said 7 of the 14 members on the policy board are from the City of Fargo. He outlined current projects and studies, work being done with local transportation systems and project prioritizations being submitted to the North Dakota DOT for funding. Metro COG also works the grant program for MATBUS, he said. Metro COG is a service organization, he stated, and he encouraged the Board to contact him or his staff with any questions or concerns.

In response to a question from Commissioner Piepkorn about alignment with Minnesota's Heartland Trail, Mr. Christian said proposed alignments are being looked at through Clay County which would hook in through the Dilworth/Moorhead trail systems and hopefully, more of the system would eventually tie in to the Fargo trail system. He said gathering public input is under way on some of the alignments.

Commissioner Piepkorn thanked Mr. Christian and Metro COG for all their fine work.

Legislative Update:

City Administrator Pat Zavoral provided a summary of upcoming hearings and reviewed bills supported and opposed. He said among the bills that failed is one that slightly increased speeding fees, some proposed bills addressing sales tax issues and a bill related to the diversion which limited eminent domain by water resource districts. On the list of bills supported or opposed is HB 1067 which now uses more current census data, he said, and would result in a better break in how much sales tax is returned to the City. HB 1195 relating to concealed firearms in schools is opposed, he said, and has passed in the House. HB 1322, which may become a study bill, deals with restrictions of allowable costs by special assessments, he stated. Fargo currently treats mobile home parks as commercial property, similar to an apartment

building with a number of units, he said, and does not support HB 1392 which proposes mobile home parks be treated like a single family lot for special assessment purposes. For now, he said, the City is comfortable with the progress of HB 1415 for State Water Commission appropriations. He said HB 1443, which will be heard in committee next week, provides a revolving loan pool for infrastructure loans capped at 2% and could be a good funding source going forward. The City would like to see a modification to SB 2144 which limits the Airport Authority's bonding ability, he stated. The Housing incentive fund, SB 2220, has had some amendments, he said, and is critical for the Housing Authority's being able to take care of the Fargo High Rise.

City Engineer April Walker said SB 2149 relates to public improvement contracts and requires an engineer to stamp plans prior to advertising, which is doable; however, it would place a huge burden on staff to have the plans available six weeks prior to bid opening.

Mr. Zavoral said the crossover date for the Legislature is February 27th.

Commissioner Sobolik moved that the Board adjourn to 5:00 o'clock p.m., Monday, March 2, 2015.

Second by Piepkorn. All the Commissioners voted aye and the motion was declared carried.

The time at adjournment was 5:46 o'clock p.m.
