ORDINANCE NO. _____

AN ORDINANCE AMENDING ARTICLE 13-10 OF CHAPTER 13
OF THE FARGO MUNICIPAL CODE RELATING TO
AQUATIC VENUES

WHEREAS, the electorate of the City of Fargo has adopted a home rule charter in accordance with Chapter 40-05.1 of the North Dakota Century Code; and

WHEREAS, Section 40-05.1-06 of the North Dakota Century Code provides that the City shall have the right to implement home rule powers by ordinance; and

WHEREAS, Section 40-05.1-05 of the North Dakota Century Code provides that said home rule charter and any ordinances made pursuant thereto shall supersede state laws in conflict therewith and shall be liberally construed for such purpose; and

WHEREAS, the Board of City Commissioners deems it necessary and appropriate to implement such authority by the adoption of this ordinance;

NOW, THEREFORE,

Be it Ordained by the Board of City Commissioners of the City of Fargo:

Section 1. Amendment.

Section 13-1001 of Article 13-10 of Chapter 13 of the Fargo Municipal Code is hereby amended to read as follows:

13-1001. Definitions. —

1. ~~"Health department"~~ "Authority Having Jurisdiction" (also referred to as "AHJ") and "health department" shall mean the health department of the city of Fargo.
2. "Certified Operator" shall mean the person designated by the owner as responsible to operate and maintain the pool in compliance with this ordinance, and have having a current certification from the successful completion of at least one of the following three courses: (a) the National Swimming Pool Foundation Certified Pool Operator course, (b)

Section 3. Amendment.

Section 13-1002 of Article 13-10 of Chapter 13 of the Fargo Municipal Code is hereby amended to read as follows:

13-1002. - Regulation by health department.—

1. The health department, and agents and employees thereof, shall have authority to regulate the public health and safety in the city of Fargo concerning use, design, operation, and maintenance of ~~recreational-aquatic facilities~~ Aquatic Venues. The health department shall have such authority to adopt regulations, rules, standards and practices. Such regulations, rules, standards, and practices shall be approved by the board of city commissioners, are hereby adopted by reference and fully incorporated herein, including any amendments hereinafter adopted, and shall be controlling within the jurisdiction of the health department.

2. No person shall own, operate or allow to be occupied a ~~recreational-aquatic facility~~ Aquatic Venue, except a private residential pool, without a license for such issued by the health department pursuant to this article.

3. No person shall own, operate or allow to be occupied a private residential pool unless said pool is completely encircled by a fence or other barrier at least five (5) feet in height and with respect to any gates or doors for such fence or other ~~barrier~~ barriers, said gates or doors are equipped with latches that allow them to be opened from the inside and the latches must be capable of being locked to prevent access when the pool is unattended.

4. No person shall occupy an Aquatic Venue that has been closed and placarded for closure by the health department, as provided in section 6.6.4 of the Model Aquatic Health Code adopted herein, and no licensee shall allow such Aquatic Venue to be occupied after such closure and placarding other than for the limited purposes of repairs, maintenance or other activities needed to correct an imminent health hazard.

ORDINANCE NO. _____

Section 4. Amendment.

Sections 13-1003, 13-1008, 13-1009, 13-1012 and 13-1013 of Article 13-10 of Chapter 13 of the Fargo Municipal Code is hereby amended to read as follows:

13-1003. Health department approval of construction plans.—~~Before~~ any construction, alteration, addition, remodeling or other improvement to a ~~recreational aquatic facility, except a private residential pool,~~ an Aquatic Venue, the plans and specifications shall be approved by the health department.

13-1008. Inspection by health department.—~~The~~ health department may inspect or cause to be inspected, all recreational aquatic facilities, including private residential pools, within the city at such times as it may deem necessary to carry out the intent of this ordinance. The health department is hereby authorized to enter upon any premises, private or public, to take such samples of water from such pools at such times as it may deem necessary and to require the owner, proprietor or operator to comply with rules and regulations pertaining to ~~recreational aquatic facilities~~ Aquatic Venues promulgated by the health department in accordance with this ordinance, and as approved by the board of city commissioners. In the event of the failure of compliance after due notice with the rules and regulations and requirements of the health department or the requirements of this ordinance, the health department shall have the power to abate or cause a suspension of the use of such ~~recreational aquatic facility~~ Aquatic Venue or private residential pool until such time as the same is, in the opinion of the health department, no longer a menace or a hazard to health, safety or morals.

13-1009. Periodic inspection and testing by the health department.—~~All recreational aquatic facilities~~ Aquatic Venues in use shall be sampled and tested for water quality at intervals to be determined by the health department. The allowable limits and frequency of such tests shall be as determined by the health department.

13-1011. Licensing and Fees.—A license shall be issued when investigation has determined that the recreational aquatic facility and its method of operation will conform to the requirements of this chapter. A license, once issued, is nontransferable. A license shall be valid only for the location, unless revoked for cause, for the time period indicated. The license shall be posted in a conspicuous place in the ~~recreational aquatic facility~~ Aquatic Venue. Fees shall be set by resolution of the board of city commissioners and shall be sufficient to cover the actual expenses of

administering and enforcing this program, including the expenses of inspecting. The fee for the periodic tests required in 13-1009 shall be established by resolution of the board of city commissioners. Periodic inspection and testing fees shall be at the expense of the ~~recreational aquatic facility~~ Aquatic Venue.

13-1012. License-Compliance and revocation.

A. All licensees shall comply with the requirements of the regulations, rules, standards and practices promulgated and adopted as set forth in section 13-1002. The health department may revoke any license to operate a ~~recreational-aquatic facility~~ Aquatic Venue or; may direct any ~~recreational-aquatic facility~~ Aquatic Venue facility to close upon violation of this chapter including a violation of the adopted regulations, rules, standards and practices; and including the failure to pay the administrative penalty imposed pursuant to this section; or may both order such closure and revoke such license.

1. When the health department has revoked a ~~recreational-aquatic facility~~ Aquatic Venue license, the person in charge:

A.a. Shall immediately close the pool for use by anyone;

B.b. Shall be notified in writing by the health department that the ~~recreational-aquatic facility~~ Aquatic Venue license is immediately revoked upon service of the notice and the suspension shall remain in effect until a hearing with the health department occurs. If the health department finds the operation to be in compliance with the requirements of this chapter, the ~~recreational-aquatic facility~~ Aquatic Venue facility may reapply for a new license;

C.c. May request a hearing by filing a written request for a hearing with the health department within 10 days of receipt of the notice of revocation; and,

D.d. Shall be notified, if a written request for a hearing is not filed within 10 days that the revocation shall be sustained.

Any ~~recreational-aquatic facility~~ Aquatic Venue owner whose license has been revoked may, at any time, make written application for a re-inspection for the purpose of re-applying for a license. The application shall include a statement, signed by the owner, that, in the owner's opinion, the conditions causing the revocation have been corrected.

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

A new license may be issued if the health department determines that conditions which prompted the revocation no longer exist.

2. When the health department has ordered an Aquatic Venue to be closed and has placarded the same to prohibit use until an imminent health hazard is corrected, as provided in section 6.6.4 of the Model Aquatic Health Code, adopted herein, if the licensee or agent or employee of the licensee either fails to close said pool or said licensee, agent or employee thereof opens the pool for occupancy or use prior to approval of the AHJ, then, in addition to any other remedies provided herein, administrative penalties may be imposed upon the licensee as follows:
 - a. For a first offense: a \$500 monetary penalty;
 - b. For a second offense within the prior twelve-month period since the date of the prior offense: a \$1000 monetary penalty plus a period of suspension of the violator's license to be determined by the administrative board, below, or if said board's decision is appealed, by the board of city commissioners; and,
 - c. For a third or any subsequent such offense occurring within the prior twelve-month period since the next previous offense: a \$1000 monetary penalty plus a period of suspension of the violator's license to be determined by the administrative board, below, or if said board's decision is appealed, by the board of city commissioners.
3. Administrative Board-Notice of Violation-Procedure for Hearing-Appeals. There is hereby established a three-member administrative board consisting of the health officer, the director of public health and the city auditor. When an Aquatic Venue has been ordered closed and placarded by the health department, as authorized by law, and subsequently the health department determines that the Aquatic Venue either has not been closed, has not remained closed or has been unlawfully allowed to be occupied prior to approval of the AHJ, then the health department may cause a notice of violation to be delivered to the licensee, which notice shall describe the nature of the violation, the date or dates said violation existed, and the amount of the administrative penalty being sought by such notice. Upon receipt of the notice of violation, the licensee may admit to

1 the violation, pay the monetary administrative penalty and make arrangements
2 with the health department for implementation of the suspension of the
3 licensee's license within ten (10) days or a public hearing before the
4 administrative board will be scheduled by the health department. A hearing
5 shall be set by the health department and a notice of said hearing issued to the
6 licensee specifying the time and place of the hearing and further describing the
7 reason for said hearing. The notice shall be served upon the licensee. No
8 hearing shall be held until at least ten (10) days after the date of service of the
9 notice. The licensee shall have a right to be heard at the hearing. After
10 receiving the evidence at the hearing, the administrative board shall make a
11 determination as to the facts that occurred and issue a written decision,
12 determined by a majority vote of the members of the administrative board, to be
13 served upon the licensee. If an administrative penalty is imposed, the written
14 decision must identify the amount of the administrative fine in the amount set
15 forth herein and the date by which it must be paid and it must provide the dates
16 of commencement and completion of any period of suspension of the license.
17 The licensee may appeal the decision of the administrative board by filing a
18 written notice of appeal of said decision with the health department within ten
19 days of the date of service of the administrative board's written decision upon
20 the licensee. A hearing of said appeal shall be set by the city commission
21 specifying the time and place of the hearing and notice of the same shall be
22 served upon the licensee. At the hearing of the appeal to the board of city
23 commissioners, the licensee shall be allowed to make any statements or
arguments and fully argue its case but it will not be entitled to a trial de novo.
The decision of the board of city commissioners shall be based on a review of
the evidence presented to the administrative board along with a record of the
hearing and based upon a review of the findings and decision of the
administrative board along with the statements and arguments of the licensee
presented to the board of city commissioners to determine whether to affirm or
reverse the decision of the administrative board. The decision of the board of
city commissioners shall be served on the licensee, such decision being subject
to further appeal in accordance with Chapter 28-34 of the North Dakota Century
Code. Service of notices of hearing or of decisions of the administrative board or
the board of city commission shall be completed in the same manner as

Board of City Commissioners
City Hall
Fargo, ND 58102

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 4442 Carrie Rose Ln. S as submitted by Jeffrey & Rebecca Ledoux. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2017, 2018 & 2019.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about \$725 with the City of Fargo's share being \$125.

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Hushka". The signature is fluid and cursive, written over a horizontal line.

Board of City Commissioners
City Hall
Fargo, ND 58102

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 220 8 St. S Unit B1 as submitted by John K. Stibbe. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2017, 2018 & 2019.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about \$85 with the City of Fargo's share being \$15.

Sincerely,

Ben Hushka

MEMORANDUM

TO: Board of City Commissioners

FROM: Steven Sprague, City Auditor

SUBJECT: 2017 Downtown Business Improvement District

DATE: November 20, 2017

The City of Fargo advertised for request for proposals for management of the Downtown Business Improvement District (BID), the sole respondent was the Downtown Community Partnership. Staff feels the Downtown Community Partnership are a responsible bidder and the contract for the management of the BID should be awarded to the Downtown Community Partnership. Detailed plans and specifications are on file in the Auditor's Office.

Recommended Motion:

Approve the Downtown Business Improvement District (BID) agreement for services with the Downtown Community Partnership beginning January 1, 2018 and ending December 31, 2020.

**AGREEMENT FOR DOWNTOWN BUSINESS IMPROVEMENT DISTRICT
SERVICES AND MATERIALS
BETWEEN CITY OF FARGO AND DOWNTOWN COMMUNITY PARTNERSHIP**

THIS AGREEMENT is made and entered into effective the 4th day of December, 2017, by and between the **CITY OF FARGO, a municipal corporation** (hereinafter “City”) and Downtown Community Partnership, a private sector development C corporation, whose address is 210 Broadway N #202, Fargo, ND (hereinafter “Contractor”).

RECITALS:

WHEREAS, the Board of City Commissioners of the city of Fargo have created Business Improvement District (BID) No. 9117 and certain plans and specifications have been approved for the providing of services relating to the cleaning, safety, maintenance, beautification and promotion within said district and for the administration and oversight of said services and materials which functions are described in the plans and specifications attached hereto as Exhibit A and incorporated as if fully set forth herein; and

WHEREAS, the City entered into a separate Memorandum of Understanding (MOU) with the Downtown Community Partnership, which served as the proposer of the Business Improvement District No. 9117, for the contribution and investment by the city of Fargo of certain in-kind materials and services for the benefit of the BID No. 9117, a copy of which is attached hereto for purposes of reference as Exhibit B; and

WHEREAS, the City has engaged in a process of requesting proposals for the providing of the goods and materials described in Exhibit A and the Contractor has been designated as the successful proposer; and

WHEREAS, the City and Contractor wish to enter into a written agreement for the providing of the goods and services described in Exhibit A, said contract to conform with the requirements of N.D.C.C. Chapter 40-22.1;

NOW, THEREFORE, IT IS HEREBY AGREED:

1. Contractor shall provide all the goods and services described on the plans and specifications, Exhibit A.
2. As and for its compensation for the providing of these services, Contractor shall be entitled to an annual amount of compensation of \$40,000 per annum, payable in quarterly installments, commencing with January 1, 2018.
3. The term of this contract shall be for a period of three (3) years commencing January 1, 2018 and ending December 31, 2020.

4. The City has established the Downtown Business Improvement District No. 9117 Fund into which the City will deposit all proceeds received from the special assessments for said District No. 9117. All payments under this contract from the City to Contractor, or to any third parties, shall be paid from the Downtown BID 9117 Fund and any consideration expressed in this contract shall be payable only in warrants drawn on the Downtown BID No. 9117 Fund.

5. Contractor will maintain detailed monthly accounting and annual budgeting records. Budget and accounting data will be maintained by tiers. City will remit to Contractor 95% of total assessments on a quarterly basis at the beginning of the quarter. Contractor will provide detailed quarterly reports or detailed reports as requested.

6. Contractor shall report to the Board of City Commissioners of the City within 30 days of the end of each calendar year throughout the term of this contract. Upon receipt of an acceptance of said report by the Board of City Commissioners, City Commissioners shall authorize the City Auditor to release some or all portions of the five percent (5%) retainage, while reserving the right to retain a portion of the retainage to assure full compliance with the contract obligations as the Board of City Commissioners may deem appropriate, in its own discretion. In addition to an annual report to the Board of City Commissioners, the Contractor shall be obligated to report on any or all activities contemplated under this contract upon request of the Board of City Commissioners.

7. The Board of City Commissioners may suspend the work to be performed by Contractor pursuant to this contract at any time for improper performance and, this contract may be terminated at any time for improper performance. In such case this contract may be re-let or the obligations contained herein be ordered to be re-performed as to all or any of the work contemplated herein that is improperly done, as contemplated by N.D.C.C. § 40-22.1.-10.

8. The work to be performed by Contractor shall be performed in a timely manner and within the term hereof.

9. City of Fargo shall assume and incur no general liability under this contract.

10. The City Auditor is authorized to reject work and materials which are not up to specifications and the acceptance of any job described herein by the City Auditor shall not release the Contractor from liability for any failure to perform work or furnish materials in accordance with the plans and specifications, Exhibit A.

11. Contractor acknowledges that the City Auditor, acting for the City, shall supervise and inspect the work contemplated under this agreement throughout its progress.

12. Contractor acknowledges that, in addition to any rights which the City may have under this contract before establishment and operation of part or all of Business Improvement District No. 9117 after this contract has been awarded and before this contract work has been completed, the City may, with the consent of Contractor, and without advertising for bids, order additional work done by the Contractor of the same character as that which is contracted for herein. Where within or without this Business Improvement District No. 9117,

and upon the same terms and conditions specified in this contract except as to time and performance, and at the same prices for the additional work; provided, that the total price payable to the Contractor for such additional work may not exceed twenty percent (20%) of the amount estimated by the City Auditor for the municipality to be payable for that character of work under this original contract. See generally, N.D.C.C. § 40-22.1-10.

13. Equal Employment Opportunity. In connection with this proposal and any subsequent contract, the consultant shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, disability, sex, sexual orientation, or status regarding public assistance. The consultant will take action to insure that its employees are fairly treated during employment without regard to their race, color, creed, religion, national origin, disability, sex, sexual orientation, or status regarding public assistance. Such actions shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising, layoff or termination; rate of pay or other forms of compensation; and selection for training, including internship and/or apprenticeship. The consultant further agrees to insert a similar provision in all subcontracts, except subcontract for standard commercial supplies or raw materials

14. Ownership, Publication, Reproduction, and Use of Materials. All work products of the contractor that result from this contract are the exclusive property of City or Fargo.

15. Conflicts of Interest. No official or employee of the City, who is authorized in his official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any contract or subcontract in connection with a project shall have, directly or indirectly, any financial or other personal interest in any such contract or subcontract.

16. Subcontracting and Assignments. The contractor may, only with prior written approval from the City, subcontract as necessary to accomplish the contract objectives. Subcontracts shall contain all applicable provisions of this agreement, and copies of the subcontract must be filed with the City. The contractor shall not assign or transfer the contractor's interest in this agreement without the express written consent of the City.

17. Termination. The right is reserved by the City to terminate any agreement with or without cause at any time if the recipient does not comply with the provisions of such agreement.

If the City terminates such agreement, it reserves the right to take such action as it deems necessary and appropriate to protect the interests of the City. Such action may include refusing to make any additional reimbursement of funds and requiring the return of all or part of any funds that have already been disbursed.

18. Persons with Disabilities. The contractor shall ensure that no qualified disabled individual, as defined in 29 USE 706(7) and 49 CFR Part 27 shall, solely by reason of this handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from the assistance under this agreement.

20. Hold Harmless. The contractor shall save and hold harmless the City, its officers, agents, employees, and members from all claims, suits, or actions of whatsoever nature resulting from or arising out of the activities of the contractor or its subcontractors, agents, or employees under this agreement. It is hereby understood and agreed that any and all employees of the contractor and all other persons employed by the contractor in the performance of any of the services required or provided for under this agreement shall not be considered employees of the City, and that any and all claims that may arise under the Worker's Compensation Act on behalf of said employees while so engaged and any and all claims by any third parties as a consequence of any act or omission on the part of said contractor's employees while so engaged in any of the services to be rendered under this agreement by the contractor shall in no way be the obligation or responsibility of the City.

MEMORANDUM

TO: Board of City Commissioners

FROM: Steven Sprague, City Auditor

SUBJECT: Green Mill Liquor License

DATE: December 1, 2017

In November 2017 the City Commission was presented with the following explanation and the requested extension was approved.

The Green Mill restaurant emailed the Auditor's office requesting an extension of time to use their class FA alcoholic beverage license. They have closed the restaurant and are remodeling the building with the hopes of opening a new concept by March 2018. The ownership group has not changed.

They are requesting a six month extension of ordinance 25-1512 on their liquor license to allow them time to remodel the building and open with a new concept. Extending the license until March 2018 will offer them time to finish the remodeling. I would recommend this extension.

The Auditor's Office has received a follow up email explaining that the GM Fargo LLC ownership group would like to change the D/B/A from Green Mill to Crooked Pint Ale House. Their intention is to be remodel the space and be open by March 2018.

Recommended Motion:

Approve the name change for GM Fargo LLC from D/B/A Green Mill to D/B/A Crooked Pint Ale House.

Steve,

When we reopen as a Crooked Pint in Fargo we will still be under the exact same ownership and LLC (GM Fargo, LLC). We will however, be changing the DBA to Crooked Pint Ale House. Can you tell me if you know what I need to do, if anything, regarding the liquor license?

Thank you,
Mary Jule

Commissioners:

The Fargo Dome Authority requests your approval of the designation of sole-source provider for replacement purchases through three existing vendors for a three-year period (2018-2020). The vendors and products listed were bid and vetted during the initial inventory acquisition. We currently own several hundred thousand dollars of vendor-specific tables, chairs, and stage decking. As we have nearly annual occasion to replace/increase a portion of these inventories due to damage, wear and tear, or additional building needs, it is most efficient to replace with the same brands due to compatibility with existing inventory (uniform "look", efficiencies with same carts and accessories, etc.), and our staff's familiarity with the product. In the unlikely event that we replace our entire inventory of any of these products during this three-year timeframe, we will bid the items as per the Purchasing Policy.

Tables	MityLite, Inc.
Arena Floor Chairs (blue folding)	Clarín/Hussey Seating
Stage Decking/Stair Units	Stageright Corp.

At their November 2017 meetings, the Fargo Dome Authority and their Finance/Building Committees approved the motion to designate Sole Source Provider status for a period of three-years for replacement components of existing inventories to MityLite, Clarín/Hussey, and Stageright. The City of Fargo Finance Committee also approved this motion at their November 27th meeting.

Requested Motion: To approve the designation of Sole Source Provider for a period of three-years for replacement components of existing inventories to:

Fargo City Commission

Fargo, ND 58102

Commissioners:

The Fargo Dome Authority requests your approval of the sole-source procurement of an annual subscription through the Arena Network. Arena Network (www.ArenaNetwork.net) is an association of major North American arenas not associated with private management companies who are working together to expand the touring season and increase the volume of business at each of its member venues. We believe the FARGODOME's affiliation with Arena Network will be another valuable asset as we strive to attract the top performing tours to the Fargo-Moorhead community.

Value provided through the Arena Network:

- Industry Representation and Resources:
 - Weekly conference calls regarding touring, sales, and other industry information.
 - Extensive relationships with agents, artists, and promoters to influence and lobby tour routings.
- Locations of affiliated Midwest venues create a natural tour routing.
- Membership exclusivity, as competing venues are not allowed to join Area Network.

Arena Network's annual membership fee is \$27,500. There is no long-term contract requirements, and membership can be terminated with a 90-day notice. While this expense was not specifically included in our 2018 Operating Budget, additional 2018 operating revenues anticipated through a non-budgeted seventh, regular season home NDSU football game will provide adequate funds for this expenditure.

At their November 2017 meetings, the Fargo Dome Authority and their Finance/Building Committees approved the motion to approve a 2018 subscription to Arena Network through the Sole Source Provider designation. The City of Fargo Finance Committee also approved this subscription at their November 27, 2017 meeting. Subsequent annual subscriptions will be approved through the annual budget process.

Requested Motion: To approve the 2018 subscription to Arena Network through the Sole Source Provider designation.

Thank you for your consideration of this matter.

Fargo City Commission
200 3rd Street North
Fargo, ND 58102

Commissioners:

The Fargo Dome Authority requests bid awards for FARGODOME Janitorial products to Cole Paper and Dacotah Paper as per the attached bid tabulation. We solicited bids for supply items to commence at bid award through 12/31/2018 with the option for two one-year annual renewals at prices mutually agreeable to both parties. Additionally, in our bid documents we expressed our preference to award a majority of products to one vendor; however, we reserved the right to award specific products to other vendors due to pricing, brands, quality, or other relevant factors.

As noted in our bid tabulation, we awarded all products within a category to one company, with the exception of Cleaning Supplies. Two alternate chemical products offered through Cole Papers are a satisfactory substitution and afford significant savings over the Dacotah Paper proposed product. Other minor instances in which a specific low bid was not from the company with the majority of low bids were nominal and not materially significant.

At their November 2017 meetings, the Fargo Dome Authority and their Finance/Building Committees approved the motion to award bids for FARGODOME Janitorial products to Cole Paper and Dacotah Paper as per the bid tabulation.

Requested Motion: To approve the Bid Award for FARGODOME Janitorial products to Cole Papers and Dacotah Paper as per the bid tabulation to commence at bid award through 12/31/2018 with the option for two one-year annual renewals at prices mutually agreeable to both parties.

AGREEMENT FOR SERVICES

THIS AGREEMENT, effective the 1st day of December, 2017, by and between Fargo Cass Public Health ("FCPH"); and Jaci McCaskell Kulish (Independent Contracting Consultant).

NOW, THEREFORE, it is hereby agreed by and between the parties hereto as follows:

- A. Term of Agreement:** The parties entered into a written agreement for the period of December 1, 2017, through May 31, 2018.
- B. Services to be provided by independent contractor:** To assist in the development of the breastfeeding Peer Counselor role as part of the Back to Work Mom program. During this pilot phase of the project, contractor responsibilities will include: researching current peer counselor programs, establishing an outreach plan for recruitment, developing the Peer Counselor role and the duties to be associated with the role after the pilot phase, developing content/curriculum for in-person meetings, and piloting initial counselor duties in regards to support contacts with moms enrolled in the Back to Work Mom program.
- C. Reimbursement:** The contracting consultant shall be reimbursed \$20.00 per hour and submit an invoice, not to exceed 140 hours or \$2800.00
- D. Termination:** This Agreement may be terminated by either party upon the giving of thirty (30) days written notice.
- E. Confidentiality:** The contracting consultant agrees to not, directly or indirectly, disclose, make known, divulge, publish or communicate any individually identifiable health information or other confidential information to any person, firm or corporation without consent unless that disclosure is authorized under North Dakota law.

Special Considerations:

- A.** It is understood and agreed that the relationship created by this Agreement shall be that of independent contractor and contractee shall not be deemed an employee of Fargo Cass Public Health for any other purpose.
- B.** The laws of the State of North Dakota shall govern this service agreement. I hereby certify that the above assurances and provisions of service have been reviewed and our agency has agreed upon the conditions as set forth.
- C.** It is understood any forms or paperwork required by Fargo Cass Public Health and the City of Fargo to receive payment for services will be completed as needed.

In Witness thereof, this purchase of service agreement has been executed between the Consultant and Fargo Cass Public Health on the date-executed below.

Client Agreement

This Client Agreement (the "Agreement"), effected as of the date noted in the attached Schedule A (the "Effective Date"), is by and between TargetSolutions Learning, LLC. ("TSL"), a Delaware limited liability company, and the undersigned client ("Client"), and governs the purchase and ongoing use of the services described in this Agreement (the "Services").

1. Services. TSL shall provide the following services:

- 1.1. **Access.** TSL will provide Client a non-exclusive, non-transferable, revocable, limited license to remotely access and use the Services hereunder and, unless prohibited by law, will provide access to any person designated by Client ("Users").
- 1.2. **Availability.** TSL shall use commercially reasonable efforts to display its content and coursework for access and use by Client's Users twenty-four (24) hours a day, seven (7) days a week, subject to scheduled downtime for routine maintenance, emergency maintenance, system outages and other outages beyond TSL's control.
- 1.3. **Help Desk.** TSL will assist Users as needed on issues relating to usage via e-mail, and a toll-free Help Desk five (5) days per week at scheduled hours.

2. Client's Obligations.

- 2.1. **Compliance.** Client shall be responsible for Users' compliance with this Agreement, and use commercially reasonable efforts to prevent unauthorized access to or use of the Services.
- 2.2. **Identify Users.** Client shall (i) provide a listing of its designated/enrolled Users; (ii) cause each of its Users to complete a profile; (iii) maintain user database by adding and removing Users as appropriate.
- 2.3. **Future Functionality.** Client agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any public comments regarding future functionality or features.

3. Fees and Payments.

- 3.1. **Fees.** Client will pay for the Services in accordance with the fee schedule in Schedule A attached to this Agreement. Upon expiration of the five (5) year Initial Term, fees shall be increased by 2.5% per year for any renewal terms.
- 3.2. **Payments.** All fees due under this Agreement must be paid in United States dollars. Such charges will be made in advance, according to the frequency stated in Schedule A. TSL will invoice in advance, and such invoices are due net 30 days from the invoice date. All fees collected under this Agreement are fully earned when due and nonrefundable when paid.
- 3.3. **Suspension of Service for Overdue Payments.** Any fees unpaid for more than ten (10) days past the due date shall bear interest at 1.5% per month. With fifteen (15) days prior written notice, TSL shall have the right, in addition to all other rights and remedies to which TSL may be entitled, to suspend Client's Users' access to the Services until all overdue payments are paid in full.

4. Intellectual Property Rights.

- 4.1. Client acknowledges that TSL alone (and its licensors, where applicable) shall own all rights, title and interest in and to TSL's software, website or technology, the course content, and the Services provided by TSL, as well as any and all suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by Client, and this Agreement does not convey to Client any rights of ownership to the same. The TSL name and logo are trademarks of TSL, and no right or license is granted to Client to use them.
- 4.2. Except as otherwise agreed in writing or to the extent necessary for Client to use the Services in accordance with this Agreement, Client shall not: (i) copy the course content in whole or in part; (ii) display, reproduce, create derivative works from, transmit, sell, distribute, rent, lease, sublicense, transfer or in any way exploit the course content in whole or in part; (iii) embed the course content into other products; (iv) use any trademarks, service marks, domain names, logos, or other identifiers of TSL or any of its third party suppliers; or (v) reverse engineer, decompile, disassemble, or access the source code of any TSL software.
- 4.3. Client hereby authorizes TSL to share any intellectual property owned by Client ("User Generated Content") that its Users upload to the Community Resources section of TSL's website with TSL's 3rd party customers and users that are unrelated to Client ("Other TSL Customers"); provided that TSL must provide notice to Client's users during the upload process that such User Generated Content will be shared with such Other TSL Customers.

5. Term and Termination.

- 5.1 The term of this Agreement shall commence on the Effective Date, and will remain in full force and effect for the term indicated in Schedule A ("Term"). Upon expiration of the Initial Term, this agreement shall automatically renew for successive one (1) year periods (each, a "Renewal Term"), unless notice is given by either party of its intent to terminate the Agreement, at least sixty (60) days prior to the scheduled termination date.
- 5.2 Termination for Cause. Either Party shall be entitled to terminate this Agreement for cause in the event that such other Party materially breaches this Agreement, which breach remains uncured for thirty (30) calendar days following written notice to the other Party. Such notice shall specify with reasonable detail the nature and extent of the breach. Upon such termination by Client, TSL shall issue a prorated refund of all prepaid fees.

6. Mutual Warranties and Disclaimer.

- 6.1. **Mutual Representations & Warranties.** Each party represents and warrants that it has full authority to enter into this Agreement and to fully perform its obligations hereunder.
- 6.2. **Disclaimer.** EXCEPT AS EXPRESSLY PROVIDED HEREIN, NEITHER PARTY MAKES ANY WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

7. Miscellaneous.

- 7.1. **Limitation on Liability.** Except as it relates to claims related to Section 4 or Section 7.2 of this Agreement, (a) in no event shall either party be liable to the other, whether in contract, warranty, tort (including negligence) or otherwise, for special, incidental, indirect or consequential damages (including lost profits) arising out of or in connection with this Agreement; and (b) the total liability of either party for any and all damages, including, without limitation, direct damages, shall not exceed the amount of the total fees due to, or already paid to, TSL for the preceding twelve (12) months.

Subject to the limits in amount and types of coverage contained in TSL's insurance policies identified in its Certificate of Insurance, a copy of which is attached hereto for reference, TSL shall indemnify and hold Client harmless from any and all claims, damages, losses and expenses, including but not limited to reasonable attorney fees, awarded for personal injury, including death, or damage to real or personal property of Client to the extent proximately caused by the negligence of an employee or agent of TSL while TSL is physically on Client's premises, or resulting from TSL's gross negligence, willful misconduct, or fraud.

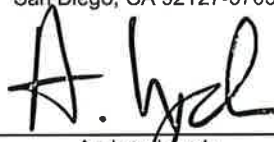

- 7.2. Intellectual Property Indemnification. TSL shall indemnify and hold Client harmless from any and all claims, damages, losses and expenses, including but not limited to reasonable attorney fees, arising out of or resulting from any third party claim that the Services or any component thereof infringes or violates any intellectual property right of any person.
- 7.3. Assignment. Neither party may assign or delegate its rights or obligations pursuant to this Agreement without the prior written consent of the other, provided that such consent shall not be unreasonably withheld. Notwithstanding the foregoing, TSL may freely assign or transfer any or all of its rights without Client consent to an affiliate, or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets.
- 7.4. Force Majeure. TSL shall have no liability for any failure or delay in performing any of its obligations pursuant to this Agreement due to, or arising out of, any act not within its control, including, without limitation, acts of God, strikes, lockouts, war, riots, lightning, fire, storm, flood, explosion, interruption or delay in power supply, computer virus, governmental laws or regulations.
- 7.5. No Waiver. No waiver, amendment or modification of this Agreement shall be effective unless in writing and signed by the parties.
- 7.6. Severability. If any provision of this Agreement is found to be contrary to law by a court of competent jurisdiction, such provision shall be of no force or effect; but the remainder of this Agreement shall continue in full force and effect.
- 7.7. Governing Law. This Agreement shall be governed by, and enforced in accordance with, the laws of the state of North Dakota.
- 7.8. Entire Agreement. This Agreement and its exhibits represent the entire understanding and agreement between TSL and Client, and supersedes all other negotiations, proposals, understandings and representations (written or oral) made by and between TSL and Client.

IN WITNESS WHEREOF, the parties have executed this Agreement as the last date set forth below.

Re: Position Evaluation Committee (PEC) Recommendations

Date: November 29, 2017

The Position Evaluation Committee (PEC) met on November 20, 2017 to review reorganization / reclassification requests submitted as a result of current and future vacant positions as outlined below:

1. Administration and Planning

Bruce Grubb, City Administrator, requests a reorganization of the Department of Planning and Development due to current and upcoming vacancies. The reorganization involves the classification of new positions, reclassification of existing positions and elimination of a few positions as indicated below:

New Classifications:

Director of Strategic Planning and Research	Grade 23
Assistant Planning Director	Grade 20

Reclassifications:

Planning Administrator to Planning Director	Grade 18 to Grade 23
Planner to Urban Planning Coordinator	Grade 14 to Grade 16
Planner to Community Development Coordinator	Grade 14 to Grade 16
Senior Planner to Current Planning Coordinator	Grade 15 to Grade 16
Planner to Long-Range Planning Coordinator	Grade 14 to Grade 16
Planner to Senior Planner	Grade 14 to Grade 15
Assistant Planner to Planner	Grade 12 to Grade 14
Community Development Assistant to Assistant Planner	Grade T99 to Grade 12

Positions / Classifications Eliminated:

Planner	Grade 14
Housing Rehabilitation Specialist	Grade 13

The PEC recommends the new classifications, reorganization / reclassifications and position eliminations listed above become effective upon approval. The reorganization is budget neutral.

2. Enterprise

Bruce Grubb, City Administrator, requests a reorganization of the Enterprise Utilities including the elimination of the Enterprise Director position, the classification of a new position and reclassification of existing positions as indicated below:

New Classifications:

Enterprise Instrumentation & Control Coordinator	Grade 16
--	----------

Reclassifications:

Utility Directors	Grade 20 to Grade 22
Plant Superintendents	Grade 15 to Grade 17
Control System Managers	Grade 14 to Grade 15
Supervisors*	

*The reorganization request included a reclassification for the supervisors to move from a grade 14 to 15; however, further consideration will be given to this request before being presented for approval.

Positions / Classifications Eliminated:

Enterprise Director	Grade 24
---------------------	----------

The PEC recommends the new classifications, reorganization / reclassifications and position eliminations listed above become effective upon approval. The reorganization results in salary savings of \$42,772.

3. Engineering

Mark Bittner, Director of Engineering, and Brenda Derrig, Division Engineer, request a reorganization of the Engineering Department utilizing the vacant City Engineer position to include the reclassifications and an out-of-grade request as indicated below:

Out-of-Grade:

Assistant City Engineer (out-of-grade for Division Engineer)	Grade 22 to Grade 23
*effective upon approval	

Reclassifications:

Office Associate III to Principal Office Associate	Grade 9 to Grade 11
*effective retroactive to June 26, 2017	
Civil Engineer II	Grade 17
*effective upon approval	
Engineering Technician II to III	Grade 11 to 13
*January 1, 2018	

Requests the reclassification and out-of-grade pay become effective as indicated above. The reorganization results in salary savings due to the salary savings from the vacant City Engineer Position.

4. Fargo Cass Public Health

Ruth Roman, Director of Fargo Cass Public Health, requests the classification of a new full-time temporary position, Harm Reduction Specialist (grade 9), effective upon approval.

The funding for the new position would be covered by a combination of existing budgeted dollars for addiction response and grant funding.

Suggested Motion:

Approve the recommendations of the PEC as outlined in this memo effective upon approval, unless otherwise noted.

Memorandum

DATE: November 29, 2017
TO: Mayor Mahoney and Board of City Commissioners
FROM: Bruce Taralson, Inspections Administrator
SUBJECT: Dangerous Building Notice and Order at 1011 5th Avenue South

BT

This is to notify you that the property owner of 1011 5th Avenue South, the property that is subject of the attached Notice, has failed to comply with my order to remove the heavily damaged structure at that location within the time allowed for that removal. In accordance with Fargo Municipal Code Article 21-0405 it will now be necessary for you to set a date for a hearing of this order at which time the property owner will be able to appear and show cause why the building should not be removed and the costs of that removal assessed against this property.

I have been advised that this property may have been purchased by another party. In the absence of substantiation of that sale, I recommend that we proceed with the procedures set forth in FMC 21-04 and consider any further information when and/or if it is supplied.

The recommendation is **to make a motion, in accordance with FMC Article 21-0405, to set December 18th, 2017 as the time and date for the hearing regarding the dangerous building order for the structure at 1011 5th Avenue South.**

DANGEROUS BUILDING ORDER TO COMMISSION- Detail and Timeline

This is to establish a DANGEROUS BUILDING hearing is required for 1011 5th AVE S. as stipulated in Article 21-0405 of the City of Fargo Municipal Code. If determination is made, that hearing should happen at next appropriate commission meeting.

The hearing is required under Article 21-0405 for the purpose of allowing any interested parties the opportunity to comment, and to allow the Owner of the property the opportunity to appear and show cause why the City of Fargo should not cause the removal of this building.

The Inspections Department has taken this action due to the amount of damage to the building. This building meets 8 of the 10 criteria which only one might be required. Our report on ordinance requirements-

1. Inspections Department received complaint on property.
2. Inspections Department inspected the property.
3. Inspections placed notice on the building.
4. Inspections secured assessors report.
5. Inspections provided notice to Owner giving 30 days. Actually 40+ days.
6. Inspections report to City Commission today.

In your packets, you will find my dangerous building notice. Article 21-0404 requires the Inspections Department give a 30-day notice to the Owner of the property prior to any action by the City Commission or staff. Our time line will show a notice went out on October 2, 2017 and there has been no action taken by the Owner within the next 30 days which expired on November 1, 2017.

Also in your packets you will find copies of the photo's we have taken of the property as well as a copy of the letter of determination of value from Assessors office. Article 21-0401 stipulates that if this building meets the definition of a dangerous building, it must be demolished or repaired. The assessor's letter states that repairs will exceed or are in excess of 50% of the current value. Article 21-0402 stipulates that if costs to repair the building exceed 50% or more of the current value, the building can be ordered demolished or repaired. We have taken the path of demolition due to the amount of repair required.

PROPERTY INFORMATION- Building is currently vacant and is uninhabitable due to condition and current Inspections order. Deterioration is extensive. Building constructed in 1897.

Description: Two story building- I assume was a single family home originally and converted to rental property with 2 units.

Description of damage: There are many and varied issues with this building including structural damage, structural deterioration, interior finish deterioration and damage, holes in roof, normal wear and tear, rot and deterioration combined with the effects of attempted and abandoned construction, remodeling, etc.

Timeline for our events-

2001-2017- Various notices and orders for violations of rental codes, vehicles, junk and zoning.

6/23/17- Received complaint of property in disrepair. Entered in apartment Inspections software for inspections.

6/28/17- First letter of notice of unsafe structure.

8/1/17- Inspection scheduled and nobody showed up.

9/7/17- Inspection scheduled and nobody showed up.

9/8/17- Inspector Joseph Girdner met with a realtor who represented the Owner to inspect the property. Joseph brought inspector Clinton Hildebrand and Assessor Robert Harshberger along on this inspection to assist. Robert made his assessors determination based upon this inspection.

10/2/17- Dangerous Building notice sent in mail.

10/3/17- Dangerous Building notice posted on property.

10/9/17- Inspected building to verify secure. Some doors and windows secure. Ordered one door and one window secured and verified all doors still posted with placard.

11/3/17- Inspected and building still standing. No mailings returned to our office.

11/29/17- Order sent to City Commission office for final determination and order.

Upon your finding for Owner to comply with this demolition order, you are required by Article 21-04, to notify Owner of your determination, and that if an Owner fails to comply with that order for demolition within 10 days, The City Commission can order city staff to take action on demolition and assess costs back to the property.

I suggest you agree with my notice and find this to be a dangerous building, and direct the City Attorney to prepare findings of fact in this matter. I also ask that you direct staff to proceed with all necessary measures to secure removal of this building should the Owner fail to do so. Commission action requires a 10 day allowance for action per Article 21-0405.E. Article 21-0406 also allows court action if that is the course the commission chooses to take. Article 21-0412 is allowance for Owner appeal to City Commission action.

I understand there may be persons purchasing or in the process of purchasing this property that may speak at this hearing. If there is a motion to allow an additional time for demolition, I suggest adding a condition that if the building is not down within that timeframe, that our order to demolish be in place and date specified for the City of Fargo to take action.

Thank you,

Respectfully submitted,
Dated this 29th day of November, 2017.

Re: 1011 5 Ave S, Fargo, ND

To whom it may concern:

This letter is to notify a responsible party to inform them that the property at 1011 5 Ave S, Fargo, ND has been placarded as unsafe. It is unlawful for any person to enter or occupy the building. I received a complaint stating: the property is in disrepair, there is a smell of mold, the roof is caving in, a door has panel missing. I went to the property and did an inspection of the exterior only. Numerous code violations exist. The following list is not inclusive of all violations:

- The building is not secured- door open, windows open
- Gutters are rotting off
- Balcony appears to need structural support
- Balcony decking has rotted through
- Interior photos on Zillow show failed ceilings
- The roof has trees growing out of it and a shredded tarp trying to protect it
- This was an exterior inspection only and again is not inclusive of all the violations

If you are a responsible party, the building needs to be secured immediately and I need to go in to do a complete inspection to document all violations. My contact number is 701-476-4165.

DATE: September 11, 2017

TO: Joseph Girdner, Residential Building Inspector
John Arens, Rental Housing Inspector

FROM: Robert E Harshberger, Deputy Assessor

SUBJECT: 1011 5 Ave S, Fargo, ND
01-2140-00410-000

On September 8, 2017 I inspected the subject residential building to determine if the damage, caused by neglect, would qualify it as a dangerous building as defined in city ordinance. One requirement of that classification is that the cost to repair would exceed fifty percent (50%) of the building value as established by the Fargo Assessment Department.

Based on observed component damage and assumptions relative to the condition of other building elements, I have estimated a cost to repair that exceeds the minimum fifty- percent threshold.

NOTICE OF DANGEROUS BUILDING

TO: PREMIUM MORTGAGE ACQUISITION TRUST, DBA.
CHRISTIANA TRUST TRUSTEE

YOU ARE HEREBY Given Notice of the following:

1. That this Notice is being given to you pursuant to Fargo Municipal Code, Article 21-04 concerning Dangerous Buildings.

2. That the building with which this Notice is concerned is commonly known as 1011 5 Avenue South, Fargo, North Dakota, and is located on that tract of land in the city of Fargo, more particularly described as follows:

Lot 10, Block 38, Addition, Northern Pacific

(hereinafter referred to as "the building")

3. That an inspection was made of the building on Sept 8, 2017 by Joseph Girdner, Building Inspector, John Arens, Rental Housing Inspector, Clinton Hildebrand, Building Inspector and Robert Harshberger, Deputy Assessor, of the City of Fargo.

4. That the building inspector for the city of Fargo has found the building, consisting of a multistory, wood-framed structure to be a Dangerous Building within the standards set forth in the Fargo Municipal Code, Article 21-04, Dangerous Buildings and IPMC Code 108.1.5 concerning Dangerous Structures.

5. That the owner of the building must demolish the building within 30 (thirty) days from the date of this notice.

6. That the building is unsafe and is a dangerous building in the following respects: Extensive water damage to upper level roof ceiling, walls, and floor. Water damage to main level ceiling and walls. Structural decay, mold, and faulty electrical. Trees and vegetation growing from the roof.

A. Robert Harschberger, Deputy Assessor, of the City of Fargo has deemed that the building has been damaged or deteriorated to the extent of more than fifty (50) percent of its original value prior to the damage or deterioration.

Source: Fargo Municipal Code, Article 21-0402 concerning Dangerous Buildings.

7. The building is unsafe and constitutes a public nuisance pursuant to Fargo Municipal Code, Article 21-04 concerning Dangerous Buildings and Section 116 of the International Building Code as adopted by Article 21-0101 of the Fargo Municipal Code.

8. You are further given Notice that unless the building is demolished within the time period set forth herein, the City of Fargo will take such steps as are necessary to cause said building to be demolished pursuant to Fargo Municipal Code, Article 21-04 concerning Dangerous Buildings and the International Building Code and the owner will be assessed such costs as are provided for therein.

Dated this 2nd day of October, 2017.

RE: COPS Hiring Program Grant# 2017UMWX0048 - CFDA #16.710

Dear Commissioners:

The United States Department of Justice - Office of Community Oriented Policing Services (COPS) – has awarded the Fargo Police Department \$125,000 for the purpose of adding one police officer position to the department. The \$125,000 award is to pay a portion of the salary and benefits of one police officer position over a period of three years. The total cost to the fund the police officer position for three years is \$217,758. The City of Fargo is responsible for \$92,758 of the funding.

A condition associated with accepting the grant requires the City of Fargo to retain the position for a minimum of one year following the 36-months of federal funding for the position.

A copy of the grant award will be forwarded to the Auditor's Office once it becomes available.

Recommended Motion:

Accept and utilize the COPS Hiring Program Grant award and approve an adjustment to the police department's 2018 budget in the amount of \$217,758.

Sincerely,

Proposal:
<p>The applicant is seeking approval of a minor subdivision, entitled Brandt Crossing Thirteenth Addition, which is a replat of Lot 1, Block 1, Brandt Crossing 12th Addition. The subject property is located at 3252 51st Street South and encompasses approximately 3.19 acres. The applicant is proposing a two (2) lot, one (1) block minor subdivision to accommodate for future development</p> <p>This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.</p> <p>Surrounding Land Uses and Zoning Districts:</p> <ul style="list-style-type: none"> • North: LC, Limited Commercial and a CO, Conditional Overlay, with vacant land use • East: P/I, Public Institutional with park use • South: LC, Limited Commercial and a CO, Conditional Overlay, with construction of future commercial use • West: Across 51st Street South, MR-3, Multi-Dwelling Residential and LC, Limited Commercial with a CO, Conditional Overlay, with apartment and nursing home uses
Area Plans:

The subject property is located in the 2003 Southwest Future Land Use Plan. According to the plan, this property is most suitable for "Low/Medium Density or Medium/High Density" land use. The property was zoned for LC, Limited Commercial with a CO, Conditional Overlay in 2016 as is consistent with the land use plan.

Schools and Parks:

Schools: The subject property is located within the West Fargo School District and is served by Independence Elementary, Liberty Middle and Sheyenne High schools.

Neighborhood: The subject property is located within the Brandt Crossing neighborhood.

Parks: Brandt Crossing Park (5009 33rd Avenue S) abuts the subject property on the east and offers basketball, dog park, playground, recreational trail, and shelter amenities.

Pedestrian / Bicycle: There are off-road bike facilities located in Brandt Park and along 32nd Avenue South that are components of the metro area bikeways system.

Staff Analysis:

Minor Subdivision

The LDC stipulates that the following criteria are met before a minor plat can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.**

The subdivision is intended to replat Lot 1, Block 1, Brandt Crossing 12th Addition into two lots and one block to accommodate future development. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, staff has not received any inquiries. Staff has reviewed this request and finds that this application complies with standards of Article 20-06 and all applicable requirements of the Land Development Code.

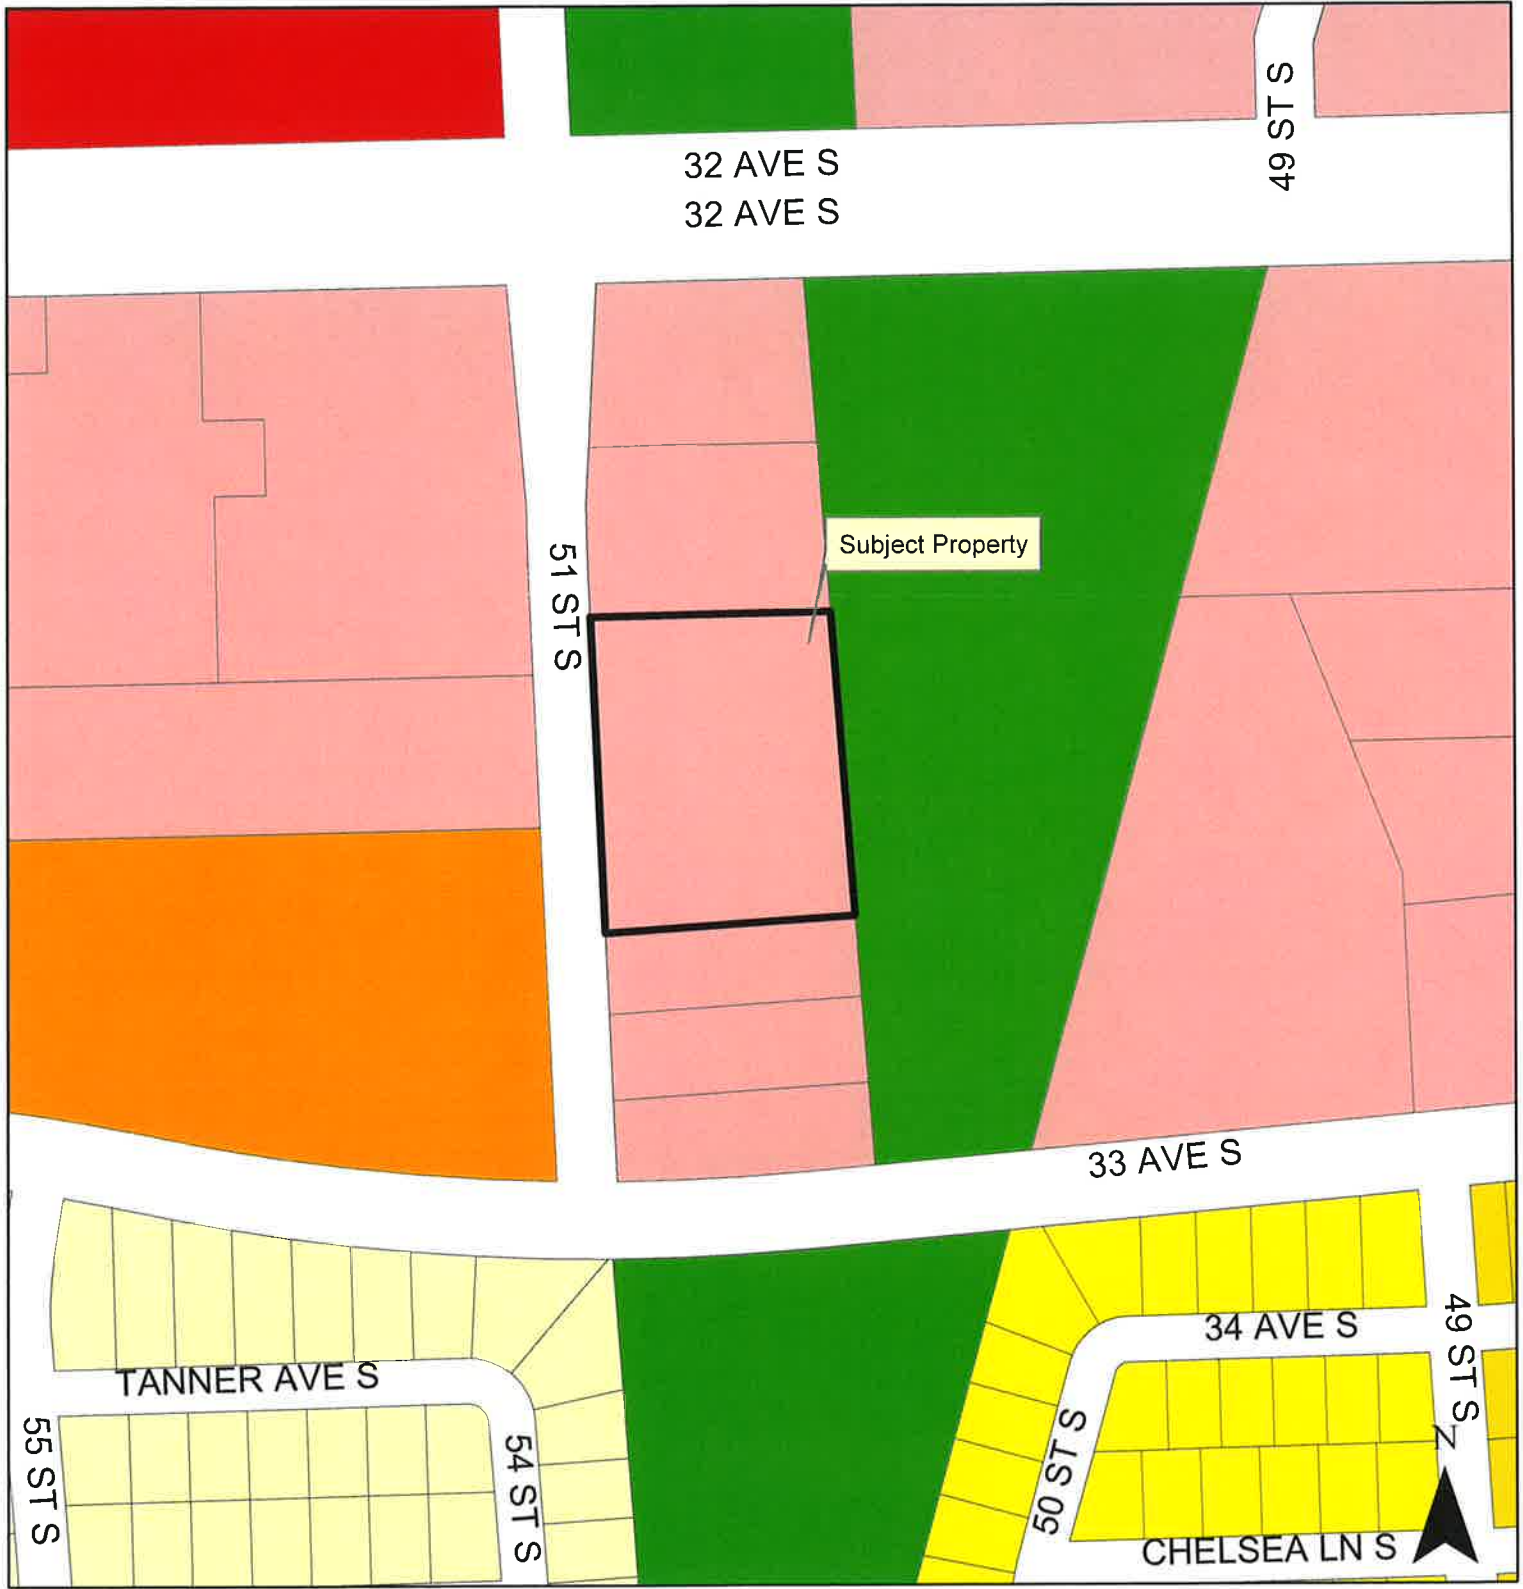

(Criteria Satisfied)

<p>2. Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.</p> <p>While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles.</p> <p>(Criteria Satisfied)</p>
<p>Planning Commission Recommendation: October 3, 2017</p>
<p>On October 3, with a 7-0 vote, the Planning Commission accepted the findings and recommendations of staff and recommended approval to the City Commission of the proposed subdivision plat, Brandt Crossing Thirteenth Addition as outlined within the staff report, as the proposal complies with the Go2030 Fargo Comprehensive Plan, Standards of Section 20-0906.F (1-4) and all other applicable requirements of the LDC.</p>
<p>Staff Recommendation:</p>
<p>Suggested Motion: "To accept the findings and recommendations of staff and the Planning Commission and move to approve the proposed subdivision plat, Brandt Crossing Thirteenth Addition as outlined within the staff report, as the proposal complies with the Go2030 Fargo Comprehensive Plan, Standards of Section 20-0906.F (1-4) and all other applicable requirements of the LDC."</p>

RE: RFP Results for Solid Waste, Water, and Wastewater General Engineering Services

On October 9, 2017, the City Commission approved the advertisement of separate RFP's for Engineering Services for the Solid Waste, Water and Wastewater Utilities. The current Engineering Services Agreements (Agreements) are due to expire on December 31, 2017. The Agreements provide outside professional engineering support to the three Utilities on an as-needed basis. The current Agreements are with consulting engineering firms selected through a formal RFP process. The City Commission originally adopted the concept of professional engineering services agreements to support the Water, Wastewater and Solid Waste Utilities in late 2001. The primary reason for the engineering services agreements are related to long-term infrastructure planning, financial modeling, as well as design and construction of prioritized infrastructure improvements. The General Engineering Services Agreements are "open-end" agreements in which specific Task Orders (scope and fee) are negotiated and issued on an as-needed basis.

The Utility Departments and a seven-member selection committee reviewed the RFP's. The scoring was based on a system that included prior related technical experience, qualifications of personnel and cost of services. Proposals were received to the RFP's from the following engineering consultants:

<u>Water Utility RFP's (Score)</u>	<u>Wastewater Utility RFP's (Score)</u>	<u>Solid Waste Utility RFP's (Score)</u>
AE2S/Black & Veatch (552)	AE2S/Black & Veatch (518)	Wenck Associates (560)
Apex/Carollo (509)	Apex/Carollo (550)	
Ulteig/HDR (491)	HMG/Stantec (459)	
HMG/Stantec (462)		

Based on proposal review, the Selection Committee determined the preferred consultants as follows:

<u>Water Utility</u>	<u>Wastewater Utility</u>	<u>Solid Waste Utility</u>
AE2S/Black & Veatch	AE2S/Black & Veatch	Wenck Associates
Apex/Carollo	Apex/Carollo	

SUGGESTED MOTION

Approve three-year (2018 through 2020) General Engineering Service Agreements with the aforementioned preferred consultants for the Water, Wastewater and Solid Waste Utilities respectively.

REPORT OF ACTION

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

Project No. UN-15-B1 Type: Liquidated Damages
 Location: 52nd Ave S from 45th to 63rd St S Date of Hearing: 11/27/2017

<u>Routing</u>	<u>Date</u>
City Commission	12/4/2017
PWPEC File	X
Project File	Mark Miller

The Committee reviewed communication from Project Engineer, Mark Miller, regarding a request from the Contractor for a time extension. This memo provides details supporting a 1.5-day time extension, not the requested 15 days. Staff is recommending applying 13.5 days of liquidated damages to the Contractor in the amount of \$1,200 per day for a total of \$16,200.

The liquidated damages will stop over the winter and begin being applied on May 15, 2018 per standard practice.

On a motion by Tim Mahoney, seconded by Bruce Grubb, the Committee voted to recommend approval of the staff recommendation.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and apply 13.5 calendar days of liquidated damages in the amount of \$1,200 per day and extend the substantial completion date to May 15, 2018.

Re: UN-15-B1 (2017 Liquidated Damages)

Background:

Improvement District UN-15-B1 purpose is to construct a connection to the interceptor sewer on 45th St S for the area serviced by Sanitary lift station 62, located adjacent to the City's Ground Storage Reservoir. Additionally, a Sanitary Sewer Meter Pit will be constructed. A requisite for the sanitary sewer service agreement between the Cities of Horace and Fargo.

This Contract was awarded to Master Construction on July 31, 2017. The contract substantial completion date was October 15, 2017. The job was divided into 3 separate phases. Phasing was such that phases 2 & 3 required completion before phase 1 could commence. Phase 1 requires by-pass pumping to keep the lift station operational. Phase 2 & 3 were completed during the 2017 construction season. Construction in its entirety was suspended on November 7, by my recommendation. Concern of the bypass line freezing during low flow times being my biggest rational. In addition, the reality of Horace's project not even starting this fall did not necessitate the Sanitary Sewer Meter Pit needing to be connected to Fargo's sewer.

Phase 3 required an easement from the adjacent landowner. Negotiations for the easement started 3 months before bid award, however the easement was not granted until September 25th. The Contractor completed phase 3 before phase 2 was completed. Phase 2 was completed on October 31. Phase 2 had the necessary easement recorded at the time of bid award. The requisite work was completed 16 calendar days after the substantial completion date.

Concerning Master's request for 15 days for completion of phase 2. I bring attention to the submitted letter, specifically the sentence mid paragraph that starts, "It was Determined". I would debate that it was "hypothesized" that the depth of the bore was at the stratification between original ground and imported fill from the construction of the levee along Drain 27. No soil borings were presented to the Contractor for bid purposes nor were any boring samples taken after bid opening. I did observe a visible difference in material at the approximate depth of bore hole at the bore hole locations. However, in my opinion, no conclusive causation has been provided to grant an extension.

Concerning Master's request for 1.5 days due to the City's inability to isolate a portion of city water main in order for Master construction to place a manhole in a safe environment. This situation was unusual for the fact that repeated attempts to close specific valves did not appear to work, but in this case, the third time was the charm. The valves in question are located on a 30" distribution line and require coordination with water treatment personal, several hundred valve stem revolutions and a deliberate time allocation to operate the valves. In conclusion, the City was not able to isolate the portion of watermain necessary to create a safe environment for Master to continue work. I am in support of this request.

Staff is recommending 13.5 calendar days of liquidated damages. Based on the liquidated damages schedule, the amount to be applied for the 2017 calendar year to be \$16,200. The breakdown is as follows; 13.5 calendar days X \$1,200 per day = \$16,200. Liquidated Damages shall begin being applied on May 15, 2018 per policy. Liquidated Damages shall be applied thru the completion of Phase 1 defined by the Special Instruction to Bidders.

Recommended Motion:

Apply liquated damages of 13.5 calendar days X \$1,200 per day = \$16,200 to Improvement District UN-15-B1.

RE: Time Extension Request
Improvement District UN-15-B1

Dear Mr. Miller,

Master Construction Co. Inc. would like to request a 16-day time extension on the above referenced project based upon the following:

Master construction was required to have work substantially completed on the UN-15-B1 project a 3 phase project by October 15th, 2017. Work in phases 2 and 3 were to be completed prior to the ability to begin work in phase 1. We began work in phase 2 first (boring of sanitary sewer) during this work we encountered unforeseen circumstances in the soil conditions. During our boring operations it was necessary that we make multiple attempts to ream (Clean) our boring hole before we were able to pull the pipe through. It was determined that we were boring at an elevation that was between virgin soil and that which was disturbed by levee construction, causing our boring line to cave in after attempts to ream the hole. This caused an estimated delay of 15 days, the work took us approx. 37 days to complete. The work took about twice as long as expected. We also encountered a 1.5 day delay with the existing 30" water line not being able to be shut off. We do not feel the delays caused on this project affect anyone as this line will not be operational this year. Horace has not begun their work to tie into this sanitary line.

As a result of the delays outlined above we are requesting a 16-day extension for all work

We appreciate your consideration of our request for a time extension on this project. If you have any questions or comments please feel free to contact me at 701-361-9764.

Sincerely,

Scott Ahlf
Project Manager

Project No. FM-14-81 Type: Storm Sewer Easement Vacation

Location: 2nd Street Dike East Date of Hearing: 11/27/2017

The Committee reviewed communication from Diversion Division Engineer, Nathan Boerboom, regarding the extension of a new storm sewer into Island Park. To allow for the construction of the proposed storm sewer within Island Park, an easement was acquired from the Fargo Park District back in 2015.

During the installation of the storm sewer, it was determined that the alignment of the storm sewer within Island Park should be shifted. This resulted in the storm sewer pipe not being installed within the previously acquired storm sewer easement. Subsequently, a new easement was approved by the Fargo Park District and recorded for the actual installed location of the storm sewer.

Since the original easement is no longer needed, staff is recommending that the City release the original easement. A copy of the proposed Release of Permanent Easement document is attached with this memo.

On a motion by Bruce Grubb, seconded by Kent Costin, the Committee voted to recommend approval of the Release of Permanent Easement document for the previously recorded storm sewer easement within Fargo Park District property.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve of the Release of Permanent Easement document for the previously recorded storm sewer easement within Fargo Park District property.

Re: Storm Sewer Easement Vacation
Project No. FM-14-81

Project FM-14-81 was designed and constructed by the Diversion Authority. A major component of this project was the replacement of the two existing storm sewer lift stations as well reconfiguring the storm sewer system upstream of the newly construct storm sewer lift station. A portion of this upstream storm sewer system included extending new storm sewer into Island Park. To allow for the construction of the proposed storm sewer within Island Park, an easement was acquired from the Fargo Park District back in 2015.

During the installation of the storm sewer, it was determined that the alignment of the storm sewer within Island Park should be shifted further away from existing trees so that the root system of those trees were not impacted by construction. This resulted in the storm sewer pipe not being installed within the previously acquired storm sewer easement. Subsequently, a new easement was approved by the Fargo Park District and recorded for the actual installed location of the storm sewer.

Since the original easement is no longer needed, staff is recommending that the City releases the original easement. A copy of the proposed Release of Permanent Easement document is attached with this memo.

Recommend Motion:

Approve the Release of Permanent Easement document for the previously recorded storm sewer easement within Fargo Park District property.

Release of Permanent Easement
(Storm Sewer)
Document #1438043

On or about January 5, 2015, Park District of the City of Fargo ("Grantor") granted the City of Fargo, North Dakota, a municipal corporation, its successors and assigns, including but not limited to Cass County Joint Water Resource District and/or Metro Flood Diversion Authority ("Grantee") a permanent and perpetual easement for the purpose of constructing, operating, maintaining and repairing a storm sewer, together with customary appurtenances, recorded as Document #1438043, over the following described property:

That part of the Northeast Quarter of Section 7, Township 139 North, Range 48 West of the Fifth Principal Meridian, in the City of Fargo, Cass County, North Dakota, described as follows:

A 30.00 foot wide strip of land centered on the following described line:

Commencing at the intersection of the westerly line of 4th Street South with the southerly line of 1st Avenue South; thence South 02°31'31" West, along the westerly line of said 4th Street South, for a distance of 335.97 feet to an angle point along the westerly line of said 4th Street South; thence South 08°15'11" West, along the westerly line of said 4th Street South, for a distance of 205.90 feet to the true point of beginning of the line to be described; thence North 73°16'03" West for a distance of 56.37 feet; thence North 49°58'16" West for a distance of 86.47 feet, said line there terminating. The sidelines of said strip shall be lengthened or shortened as necessary to intersect the westerly line of said 4th Street South on the east, and to intersect at the angle point.

Said tract of land contains 4,304 square feet, more or less.

Grantee hereby consents to, and does hereby release, any and all interest of the Grantee in the Storm Sewer Easement, and does, by this instrument, release the Grantor, or Grantor's

successors-in-interest, from the easement established by the Storm Sewer Easement instrument (Document No. 1438043).

The Mayor and City Auditor are hereby authorized to execute on behalf of the City of Fargo any other such instrument as may be necessary to effect the terms of this Release of Easement, if any.

IN WITNESS WHEREOF, Grantee has set its hand and caused this instrument to be executed this ____ day of _____, 2017.

The Committee reviewed a communication from Transportation Division Engineer, Jeremy Gorden regarding the current solicitation from the NDDOT regarding the Transportation Alternatives Program applications (TAP) for federal aid shared use path/bridge projects for year 2019 construction. The City's priorities shall be submitted to Metro COG for further vetting and then on to the NDDOT.

Staff identified three projects and administration identified one project and they are as follows:

- The shared use path bridge project over 2nd Street adjacent to the new City Hall under construction. This would connect the 2nd Avenue N corridor to the new river path system completed in 2017. This project has been discussed over the past 5 years with all the work going on in the vicinity and multiple concepts have been laid out by the HMG Group working on the 2nd Street floodwall project. The project's estimated construction cost estimate is \$1.5M, with a request of \$290,000 federal max (20%) and \$1,210,000 local (80%).
- The Deer Creek/Drain 27 shared use path project. The project's estimated construction cost estimate is \$414,000, with a request of \$290,000 federal max (70%) and \$124,000 local (30%). The path would run on the Drain 27 property south of 52nd Avenue S to the Veterans Boulevard street right-of-way, and then run across the City of Fargo property that the water storage reservoir sits on. It would run west to Deer Creek Parkway. I've also included a 2000' offshoot of a path that would run on top of the Drain 27 levee from the end of Veterans Boulevard to a City of Fargo parcel that houses a gatewell for storm sewer drainage into Drain 27. It is assumed with this application that the path connection at 52nd Avenue S would be completed with the road construction project for 52nd Avenue S itself currently slated for 2019. This project is needed and I believe this project should be our first priority.
- The Coulee's Crossing shared use path project that would connect the Coulee's Crossing neighborhood to the Timberline/Fox Run shared use path via Drain 53. This would be a short project, roughly 700' in length, but would be a great connection to make as the Milwaukee Trail ends at 25th Street and really can't make it to the Drain 53 path system easily. This connection would allow folks to use 25th Street for about a block and then head west on Rose Creek Parkway to this connection. This project has an estimated construction cost estimate of \$200,000, split \$160,000 federal and \$40,000 local.
- The shared use path signing project for both the Red River Trail and the Milwaukee Trail. Metro COG completed a wayfinding study a few years ago and they identified 14 trails in the metro that should be signed. This project has an estimated construction cost estimate of \$50,000, split \$40,000 federal and \$10,000 local.

On a motion by Bruce Grubb, seconded by Ben Dow, the Committee voted to recommend approval of the priorities as presented above, with the signing project being withdrawn for submittal at this time.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve the projects listed above for submittal to Metro COG, with the 2nd Street bridge being first priority, the Deer Creek project being the second priority, and the Coulee's Crossing project being the third priority.

Subject: Federal Aid Transportation Alternatives Program Applications for Year 2019

The NDDOT is soliciting Transportation Alternatives Program applications (TAP) for federal aid shared use path/bridge projects for year 2019 construction. Each year we apply for these funds and historically we've been successful in receiving them about 80% of the time. The following projects have been completed or are in the process of being completed using these funds since 2009:

- Shared use path and bridge over Drain 27 in Osgood (near 49th Avenue S)
- Shared use path and bridge over Drain 27 along 36th Street between 35th Avenue S & 40th Avenue S
- Red River shared use path lift bridge between Lindenwood and Gooseberry Parks
- Shared use paths along 12th Avenue N from I-29 to 45th Street, and along 45th Street from 7th Avenue N to 16th Avenue N
- Shared use path inside of Drain 53 from 52nd Avenue S to 58th Avenue S
- Shared use path along north side of 40th Avenue S from Drain 27 (near Timberline) to 18th Street
- Red River shared use path lift bridge between Oak Grove and Memorial Parks
- Dill Hill shared use path between 6th and 7th Avenues S just south of Island Park on what would be the 5th Street alignment.

Last year we submitted on two projects and were successful in receiving funds for one. The project selected was for the Dill Hill shared use path between 6th and 7th Avenues S just south of Island Park on what would be the 5th Street alignment.

I'd like to submit as our first priority the Deer Creek/Drain 27 shared use path project. The project's estimated construction cost estimate is \$414,000, with a request of \$290,000 federal max (70%), and \$124,000 local (30%). The path would run on the Drain 27 property south of 52nd Avenue S to the Veterans Boulevard street right-of-way, and then run across the City of Fargo property that the water storage reservoir sits on. It would run west to Deer Creek Parkway. I've also included a 2000' offshoot of a path that would run on top of the Drain 27 levee from the end of Veterans Boulevard to a City of Fargo parcel that houses a gatewell for storm sewer drainage into Drain 27. It is assumed with this application that the path connection at 52nd Avenue S would be completed with the road construction project for 52nd Avenue S itself currently slated for 2019. This project is needed and I believe this project should be our first priority.

I'd like to submit as our second priority a shared use path project that would connect the Coulee's Crossing neighborhood to the Timberline/Fox Run shared use path via Drain 53. This would be a short project, roughly 700' in length, but would be a great connection to make as the Milwaukee Trail ends at 25th Street and really can't make it to the Drain 53 path system easily. This connection would allow folks to use 25th Street for about a block and then head west on Rose Creek Parkway to this connection. This project has an estimated construction cost estimate of \$200,000, split \$160,000 federal, and \$40,000 local.

PWPEC – 11/27/17

TAP Applications for 2019

Page 2

I'd like to submit as our third priority a shared use path signing project for both the Red River Trail and the Milwaukee Trail. Metro COG completed a wayfinding study a few years ago and they identified 14 trails in the metro that should be signed. I think the project is a good one and should be implemented. This project has an estimated construction cost estimate of \$50,000, split \$40,000 federal, and \$10,000 local.

Recommended Motion

Approve the projects listed above for submittal to Metro COG, with the Deer Creek/Drain 27 shared use path project being our first priority, the Coulee's Crossing/Drain 53 shared use path project being our second priority, and the trail signing project being our third priority. These should be submitted to City Commission for approval, and then on to Metro COG Policy Board for final approval.

TRANSPORTATION ALTERNATIVES (TA) PROGRAM

The North Dakota Department of Transportation (NDDOT) is accepting applications for Transportation Alternatives (TA) Program projects for federal fiscal year 2019.

TA provides funding for projects that include: 1) Pedestrian and bicycle projects; 2) Safe routes to school and safe routes for non-drivers projects; 3) Conversion and use of abandoned railroad corridor projects for non-motorized users; 4) Construction of turnouts, overlooks, and viewing areas along roadways; 5) Community improvement activities including: preservation and rehabilitation of operating historic transportation facilities, vegetation management practices in transportation rights of way, archaeological activities relating to impacts from implementation of a transportation project, streetscape improvements, and corridor landscaping; and 6) Environmental mitigation projects.

Eligible project applicants include: 1) City and county governments; 2) Transit agencies; 3) Natural resource or public land agencies; 4) School districts, local education agencies, or schools; 5) Tribal governments; and 6) Any other local or regional governmental entity with responsibility for or oversight of transportation or recreational trails. A nonprofit applicant needs to partner with an eligible project applicant to submit applications to the NDDOT. Cities above the 5,000 population, Bureau of Indian Affairs, Transit Agencies, or Federal and State Agencies may apply directly to the NDDOT. Cities below the 5,000 population must apply through a Board of County Commissioners.

All projects within the jurisdiction of a Metropolitan Planning Organization (MPO) need to be submitted to the MPO by their respective deadline for MPO approval and submittal to the NDDOT.

To learn more about TA, including funding guidelines and instructions, go to the NDDOT web page at www.dot.nd.gov. TA applications are to be submitted to the NDDOT **by December 31, 2017**. If you have questions or need assistance with the application process, please contact Pam Wenger, Local Government Division, at (701) 328-4787.

7. PROJECT DESCRIPTION:

The City of Fargo and the Fargo Park District continue to plan and construct an extensive shared use path system in Fargo. This project would provide a pedestrian bridge from the civic quad, over 2nd Street North and the floodwall, connection to the Park District property along the Red River. City Hall is slated to open by the summer of 2018, with the design of the civic quad soon to follow. The floodwall was constructed to support a pedestrian bridge over it. The project would provide ADA access on the wet side of the wall.
8. PROJECT COST:

Federal Share	\$ 290,000
Local Share	<u>\$ 1,210,000</u>
Total cost	\$ 1,500,000
9. WHAT TAP CATEGORY/CATEGORIES BEST DESCRIBES YOUR PROJECT? (Bolded and underlined)
 - A. **Construction of on-road and off-road trail facilities for pedestrians, bicyclists, and other non-motorized forms of transportation, including sidewalks, bicycle infrastructure, pedestrian and bicycle signals, traffic calming techniques, lighting and other safety-related infrastructure, and transportation projects to achieve compliance with the Americans with Disabilities Act of 1990.**
 - B. **Construction of infrastructure related projects that will substantially improve the ability of students to walk and bicycle to school.**
 - C. **Construction of infrastructure related projects and systems that will provide safe routes for non-drivers, including children, older adults, and individuals with disabilities to access daily needs.**

- D. Conversion and use of abandoned railroad corridors for trails for pedestrians, bicyclists, or other non-motorized transportation users.
- E. Construction of turnouts, overlooks, and viewing areas.
- F. Community improvement activities, including:
 - historic preservation and rehabilitation of historic transportation facilities that are continuing to, or upon rehabilitation, function for their intended transportation purpose;
 - vegetation management practices in transportation rights of way to improve roadway safety, prevent against invasive species, and provide erosion control;
 - archaeological activities relating to impacts from implementation of a transportation project; and
 - streetscape improvements and corridor landscaping.
- G. Any environmental mitigation activity, including pollution prevention and pollution abatement activities and mitigation to:
 - address storm water management, control, and water pollution prevention or abatement related to highway construction or due to highway runoff, including activities described in 23 U.S.C. 133(b)(11), 328(a), and 329; or
 - reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats.

10. SUPPORTING DATA

Second Avenue N is identified within the Downtown InFocus comprehensive plan (anticipated to be adopted in December 2017) as a vital connection for bicycle and pedestrian connection through Downtown and to the Red River. This specific connection is also identified in the 2003 Riverfront Development Master Plan and the 2002 Downtown Fargo Redevelopment Framework Plan. Connecting with the Red River and providing a bicycle and pedestrian links has been identified in the GO2030 Comprehensive Plan and the Fargo-Moorhead Downtown Framework Plan Update.

The City of Fargo Board of Commissioners support this project. This project has been reviewed by the Metro Council of Governments staff and approved for submittal.

11. PUBLIC ACCESSIBILITY:

This project will be owned by the City of Fargo and maintained by the Fargo Park District. The public will have continuous access.

12. MATCHING FUNDS PROVIDED BY:

City of Fargo Infrastructure Sales Tax revenue.

13. RIGHT OF WAY FOR THIS PROJECT WILL BE PROVIDED BY:

Construction will take place on City of Fargo and Fargo Park District property.

14. MAINTENANCE OF THIS PROJECT WILL BE PROVIDED BY:

Maintenance of the project will be coordinated between the Fargo Park District and the City of Fargo.

15. ENVIRONMENTAL IMPACTS:

The land use adjacent to the proposed project is commercial and open space. This project is compatible to all adjacent land uses. This project will be constructed in an urban area and next to the Red River. Positive social impacts should come from this project due to the improved level of safety and convenience the project will provide to the surrounding land uses and shared use path uses. This project will provide a positive economic impact because the project will be bid, thereby creating work for contractors and suppliers. No relocations will be required. No filling will occur in any wet lands. A portion of this project will be located within the 100-yr floodplain. There will be no impacts to threatened or endangered species that are present within the project area. There are no properties on or eligible to be on the National Register of Historic Places in the project area.

Application for 2019 Construction

1. PROJECT NAME: **Deer Creek/Drain 27 Shared Use Path**

2. PROJECT LOCATION: The project is located along the west side of Drain 27 from just south of 52nd Avenue S to the Deer Creek Addition to Fargo. This project would connect the Deer Creek neighborhood to the metro path system. See Attachment A for Project Location Map.

3. PROJECT CONTACT: City of Fargo

4. CONTACT PERSON:

NAME: Dr. Timothy J. Mahoney, Mayor
ADDRESS: 200 3rd St. N., Fargo ND 58102
TELEPHONE: (701) 241-1310

7. PROJECT DESCRIPTION:

The City of Fargo and the Fargo Park District continue to plan and construct an extensive shared use path system in Fargo. This project would provide a 10' wide, off-road shared use path that would connect the Deer Creek neighborhood with the existing path network located along and north of 52nd Avenue South. The alignment of the trail would begin at 52nd Avenue South and be constructed on a shelf following the alignment of Drain 27, and would connect to City owned property at 59th Avenue South and tie into the existing path network. This project would fill in a missing connection between 52nd Avenue South and 59th Avenue South. The path would also connect to existing path north of 52nd Avenue along Drain 27, which also provides path connections to the west and east. The proposed project is approximately 7280' long.

8. PROJECT COST:

Federal Share	\$ 290,000
Local Share	<u>\$ 124,000</u>
Total cost	<u>\$ 414,000</u>

9. WHAT TAP CATEGORY/CATEGORIES BEST DESCRIBES YOUR PROJECT? (Bolded and underlined)

A. **Construction of on-road and off-road trail facilities for pedestrians, bicyclists, and other non-motorized forms of transportation, including sidewalks, bicycle infrastructure, pedestrian and bicycle signals, traffic calming techniques, lighting and other safety-related infrastructure, and transportation projects to achieve compliance**

with the Americans with Disabilities Act of 1990.

- B. Construction of infrastructure related projects that will substantially improve the ability of students to walk and bicycle to school.
- C. Construction of infrastructure related projects and systems that will provide safe routes for non-drivers, including children, older adults, and individuals with disabilities to access daily needs.
- D. Conversion and use of abandoned railroad corridors for trails for pedestrians, bicyclists, or other non-motorized transportation users.
- E. Construction of turnouts, overlooks, and viewing areas.
- F. Community improvement activities, including:
 - historic preservation and rehabilitation of historic transportation facilities that are continuing to, or upon rehabilitation, function for their intended transportation purpose;
 - vegetation management practices in transportation rights of way to improve roadway safety, prevent against invasive species, and provide erosion control;
 - archaeological activities relating to impacts from implementation of a transportation project; and
 - streetscape improvements and corridor landscaping.
- G. Any environmental mitigation activity, including pollution prevention and pollution abatement activities and mitigation to:
 - address stormwater management, control, and water pollution prevention or abatement related to highway construction or due to highway runoff, including activities described in 23 U.S.C. 133(b)(11), 328(a), and 329; or
 - reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats.

10. SUPPORTING DATA

This project was identified in the 2016 FM Metro Bicycle and Pedestrian Plan. As shown in the attached appendix, Project 87 and 88 are identified as short range and long range projects, respectively. The City of Fargo Board of Commissioners support this project. This project has been reviewed by the Metro Council of Governments staff and approved for submittal. See Attachment B for Supporting Data.

11. PUBLIC ACCESSIBILITY:

This project will be owned by the City of Fargo and maintained by the Fargo Park District. The public will have continuous access.

12. MATCHING FUNDS PROVIDED BY:

City of Fargo Infrastructure Sales Tax revenue and Special Assessments.

13. RIGHT OF WAY FOR THIS PROJECT WILL BE PROVIDED BY:

Construction will take place on City of Fargo and Southeast Cass Water Resource District Property.

14. MAINTENANCE OF THIS PROJECT WILL BE PROVIDED BY:

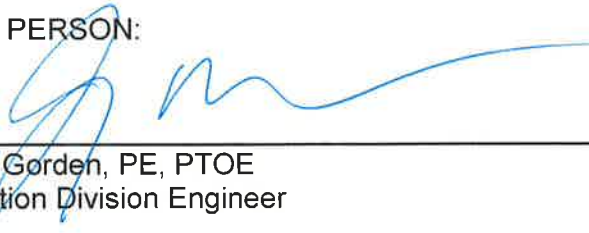

Maintenance of the project will be coordinated between the Fargo Park District and the City of Fargo.

15. ENVIRONMENTAL IMPACTS:

The land use adjacent to the proposed project is residential, public, commercial and is also adjacent to County Drain 27. This project is compatible to all adjacent land uses. This project will be constructed in an urban area where the existing farm lands have already been converted to urban areas, however, the land across Drain 27 is still used for agricultural purposes. Positive social impacts should come from this project due to the improved level of safety and convenience the project will provide to the surrounding land uses and shared use path uses. This project will provide a positive economic impact because the project will be bid, thereby creating work for contractors and suppliers. No relocations will be required. No filling will occur in any wet lands. A small portion of this project will be located within the 100-yr floodplain. The threatened or endangered species in the project area will not be affected by this project. There are no properties on or eligible to be on the National Register of Historic Places in the project area.

7. PROJECT DESCRIPTION:

 The City of Fargo and the Fargo Park District continue to plan and construct an extensive shared use path system in Fargo. This project would provide a 10' wide, off-road shared use path that would connect the Coulee's Crossing neighborhood to the Timberline/Fox Run shared use path. The project would begin at the end of Rose Creek Parkway South, proceed down the grade of the levee to a flat part of the levee, follow that bench to the bottom of the drain, cross the drain bottom via a low level culvert crossing, and connect to an existing path located on Park District property located behind the Timberline neighborhood. This project would fill in a missing connection between Timberline and Rose Creek neighborhoods, and would provide a vital connection in the larger metro trail system. It would provide a means to connect the popular Milwaukee Trail that runs through the Rose Creek Golf Course to the Drain 53/Drain 27 path systems. The proposed project is approximately 700' long.

1. PROJECT NAME: **Trail Wayfinding Project**

2. PROJECT LOCATION: The project would include wayfinding signage along the two longest trails in Fargo; the 'Red River Trail' and the 'Milwaukee Trail.' The Red River Trail is located along the shared use path that runs along the Red River and also along the roadways adjacent/near the river that fill in the gaps where the path doesn't run adjacent to the river that are used to make up the 'Red River Trail'. The 'Milwaukee Trail' begins at 1st Avenue N and 25th Street, runs south to I-94, and then follows the Milwaukee Trail railroad bed to the Rose Creek Golf Course, then heads south on 25th Street to 70th Avenue S and heads east to its terminus at University Drive. See Attachment A for Project Location Map.

7. PROJECT DESCRIPTION:
 The City of Fargo continues to improve the built environment of non-motorized connectivity. The 'Red River Trail' and 'Milwaukee Trail' provides vital connections north to south for pedestrians and bicyclists that is largely separate from vehicular circulation. The signage will allow residents and visitors to use the trails as recreational amenities, commute to destinations including commercial centers, neighborhoods, neighborhood amenities and parks. The signage would be installed every 1/3 mile, and include destinations and distances. The funding would allow the City of Fargo to install the first wayfinding signage in the city.

 - reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats.

10. SUPPORTING DATA

In 2016, the FM Metropolitan Council of Governments (MetroCOG) completed a Bicycle Wayfinding Signage Study, which identified a total of eighteen trails within the metro area. The study included trail route identification, wayfinding signage standards, sign identification and location for each route, destinations in proximity of each trail, and cost estimates for the signage. The signage would be installed every 1/3 mile, and include destinations and distances. The 'Red River Trail' is 17.5 miles long and the 'Milwaukee Trail' is 8.1 miles long and connects many other routes and trails identified in the study. There are seven locations to cross the Red River along the trail and connect into Moorhead and Minnesota. Funding would allow the City of Fargo to install the first wayfinding signage in the city.

11. PUBLIC ACCESSIBILITY:

This project will be owned by the City of Fargo and the Fargo Park District. The public will have continuous access.

12. MATCHING FUNDS PROVIDED BY:

13. RIGHT OF WAY FOR THIS PROJECT WILL BE PROVIDED BY:

The project will be located within the City of Fargo right-of-way or Fargo Park District property.

14. MAINTENANCE OF THIS PROJECT WILL BE PROVIDED BY:

Maintenance of the project will be coordinated between the Fargo Park District and the City of Fargo.

15. ENVIRONMENTAL IMPACTS:

There are many land use adjacent to the proposed project, and is compatible. This project will be constructed in an urban area where the existing farm lands have already been converted to urban areas, and areas on the fringes of the City. Positive social impacts should come from this project, as it establishes a trail and identifies destinations in proximity. No filling will occur in any wet lands. Portions of this project will be located within the 100-yr floodplain. The threatened or endangered species within the project area will not be affected by this project. There are no properties on or eligible to be on the National Register of Historic Places in the project area.

Re: Project #PN-17-A1 – Final Balancing Change Order

Background:

Project # PN-17-A1 is for Asphalt Wear Course & Incidentals.

Attached is a final balancing change order in the amount of \$-21,346.86 for Project #PN-17-A1 that reconciles the estimated quantities used in the contract with the final quantities as measured in the field.

The original contract bid price for this project was \$1,008,609.40 and this FBCO will bring the project final amount to \$987,262.54 (2.1% decrease). This Project is funded with Special Assessments and Street Rehabilitation Funds.

Recommended Motion:

Approve the final balancing change order.

Project File	Jason Leonard

The Committee reviewed the accompanying correspondence from Project Manager, Jason Leonard, regarding Change Order #3 & time extension requested by Master Construction.

The Contractor has requested a 28-day time extension for Phase 3. City staff can justify 24 calendar days due to design adjustments and supplier delays. Winter suspension, beginning November 15, 2017 and reinstating on April 15, 2018, is being applied to the adjusted contract dates.

Phase 4 has also been delayed due to BNSF being unable to fit the crossing reconstruction into their schedule. BNSF plans to be onsite early next spring to complete this work and at that time Master Construction will complete phase 4 to reduce impacts to traffic.

Staff is recommending approval of the time extension as shown below:

On a motion by Bruce Grubb, seconded by Mark Bittner, the Committee voted to recommend approval of Change Order #3 & time extension as shown above.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve Change Order #3 in the amount of \$14,700.00, bringing the total contract amount to \$6,697,141.59 and the time extension to the interim Phase 3 & 4 substantial and final completion dates.

Re: Improvement District #BN-17-B1 – Change Order # 3 & Time Extension Request

Background:

Improvement District #BN-17-B1 is for the new construction of underground utilities, concrete paving, site grading, street lights and incidentals on 19th Avenue North from 45th Street North to the west I-29 on/off ramp and 45th Street from 16th Avenue North to 19th Avenue North. In addition, the sanitary sewer interceptor mains will have an overflow structure installed.

Master Construction is the prime contractor for Improvement District #BN-17-B1.

Phase three of this project is the new off alignment of 19th Avenue North between 43rd Street North and 45th Street North and 45th Street North between existing 19th Avenue North and new alignment of 19th Avenue North. Phase three currently has an interim completion date of November 1st, 2017. During the construction of phase three the following delays occurred due to design adjustments, supplier delays and fall temperature constraints. The super elevation of the new alignment grades were adjusted to ensure proper storm water drainage and roadway grade which required the Contractor to haul in an additional 4,200 cubic yards of clay backfill. This material had to be dried and compacted resulting in an additional 7 days of work. The grading surface provided to the Contractor had an error which resulted in 1 additional day. During the installation of the 12' x 6' box culverts across Cass County Drain 40 the supplier provided the incorrect number of precast box structures that delayed the construction of 45th Street North at the drain 6 days. The City and Contractor agreed to split the delay of days in half resulting 3 additional days added to the phase three interim completion date. In the latter portion of October colder than average temperatures were experienced from October 27th to November 1st (current completion date). This affected the concrete placement and curing times resulting in delay to the project. An additional 6 days will be added to the interim completion date.

The Contractor has requested a 28 calendar day time extension of which City Staff can justify 24 calendar days due to the above mention design adjustments and supplier delays. Winter suspension beginning November 15th, 2017 and reinstating on April 15th, 2018 are applied to the adjusted contract dates.

Phase four of this project is 45th Street North from 16th Avenue North to the existing 19th Avenue North intersection. Within this section of roadway, the existing BNSF Railroad crossing needs to be widened to accommodate the proposed 5 lane section plus bike path. During the 2017 construction season, BNSF was not able to fit this crossing re-construction into their schedule which delayed this portion of the project to be built. BNSF plans to be onsite early next spring to complete this work and at that time Master Construction will complete phase four to reduce impacts to traffic.

The substantial and final completion dates have been adjusted to correlate to the project interim completion date adjustment.

Recommended Motion:

Approve Change Order # 3 in the amount of \$14,700 and the time extension to the interim Phase 3 & 4 substantial and final completion dates as shown below.

RE: Time Extension Request
Improvement District BN-17-B1

Dear Mr. Leonard,

Master Construction Co. Inc. would like to request a 28-day time extension on the above referenced project based upon the following:

Due to a series of delays associated with this project, some of which affected interim completions of work within 41st St. intersection within phase 2. We would like to request interim completion be extended for work in phase 3 of the project. Additional delays encountered throughout the project include the need for additional clay to phase 3, box culvert, and the early onset of cold weather. The cold weather came earlier than it historically has in the past several years, dropping below the temperatures allowed within the parameters of the specifications requiring us to halt concrete work for the season. With winter suspension starting November 15th we would like an additional 2 weeks in the spring to complete the remainder of the concrete pavement and miscellaneous items.

As a result of the delays outlined above we are requesting a 28-day extension for all work associated within phase 3.

We appreciate your consideration of our request for a time extension on this project. If you have any questions or comments please feel free to contact me at 701-361-9764.

Sincerely,

Scott Ahlf

The Committee reviewed the accompanying correspondence from Project Manager, Aaron Edgar, for a Change Order in the amount of \$79,037.50, bringing the total contract amount to \$2,149,529.50.

The Contractor has requested a time extension to July 1, 2018 on the interim completion date for Phase 2 and the substantial completion date. They are also requesting a time extension to July 15, 2018 on the final completion date. These time extension requests are due to cold weather. The Contractor has also requested a time extension for the installation of street lights due to a delay in street lighting poles supplied by Millerbend.

Staff is recommending approval of Change Order #3 and time extension as shown below:

Original Completion Dates	Revised Previously	Revised This Memo
4 th Avenue/4 th Street – 50 days	-	-
Interim Phase 1 - 65 days (Sept. 18 th , 2017)	-	-

Re: Change Order #3 for ID #BR-17-F1 Water Main Replacement, Street Reconstruction & Incidentals

Background:

Improvement District BR-17-F1 runs along 4th Avenue North from Broadway to 3rd Street and on 3rd Street North from 4th Avenue to the RR Tracks.

Master Construction is the prime contractor on this project.

The attached Change Order in the amount of \$79,037.50 (3.9% of the original contract), which increases the total contract amount to \$2,149,529.50, is for additional work as shown on Change Order #3. A full description of the additional work can be seen on the attached change order.

Master Construction is requesting a time extension to July 1, 2018 on the interim completion date for Phase 2 (4th Avenue North from 4th Street to the mid-block of 5th St & Broadway) and the substantial completion date. They are also requesting a time extension to July 15, 2018 on the final completion date.

Master Construction's time extension request is due to the cold weather, which caused them to not be able to finish pouring the new concrete sidewalks as well as installing the tree pits and grates. Master Construction will be required to complete next year's remaining construction under traffic and they will have 30 consecutive calendar days to complete all work from the day they start impacting traffic next spring.

Due to a delay in the street lighting poles supplied by Millerbend, Master Construction is asking for a time extension, January 30th 2018, on the installation of the street lights.

Recommended Motion:

Approve Change Order #3 and the time extensions, for Improvement District BR-17-F1, as shown below:

This change is made under the terms of or is supplemental to your present contract, if and when approved, you are ordered to perform the work in accordance with the additions, changes, or alterations hereinafter described.

EXPLANATION OF CHANGE:

This change order is for additional work as follows:

- 1.) Extra - Paving(\$33,442.50): Due to the early cold weather, the Contractor had to take various steps to keep some of the newly poured concrete street and curb and gutter from freezing along 4th Avenue North. The Concrete supplier had a hot water cost increase and the Contractor also had to use plastic and insulating blankets to ensure that the concrete didn't freeze.
- 2.) Extra - Sidewalks/Driveways (\$36,223) - The Contractor was not able to install all the new concrete sidewalks this year due to the cold weather. In order to have a hard walking surface for pedestrians to walk on over the winter, the Contractor installed temporary concrete sidewalks.
- 3.) Extra - Remove Sidewalk all Thicknesses all Types(\$7,832): The temporary sidewalks will get removed in the spring.
- 4.) Extra - Signing/Striping (\$1,540): Due to the cold weather, the Contractor had to install temporary pavement markings for the winter.

7th Street South from 1st Avenue South to 5th Avenue South is the subject of a street reconstruction project in 2017. Through the design process, an undocumented encroachment has been identified. Staff brought this to the attention of the Park District and they are now requesting to be allowed to continue to encroach. They would like all fees (application and annual) to be waived.

Staff is recommending approval provided the Park District agree to the following terms:

- The Park District must hold the City harmless and provide a Certificate of Insurance.
- A railing must be provided on the top of the wall adjacent to the boulevard.
- The Park District must be willing to incur all costs above and beyond what it would cost the City to provide a vegetated surface in this area on this project and any future projects and be willing to restore the area to vegetation upon the termination of this agreement.
- Agreement will expire upon sale or transfer of the property.

On a motion by Mark Bittner, seconded by Ben Dow, the Committee voted to recommend approval of the Encroachment Agreement and to waive the application fee and annual fees subject to the terms outlined above.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve the Encroachment Agreement waiving the application fee and the annual fee.

Re: Encroachment Request Park District – 616 1st Ave. S. Island Park

We have received a request for an encroachment agreement from the Fargo Park District to include the concrete bleachers on the east side of the 100 Block of 7th Street South. The hatched area on the map shows the encroachment within the right-of-way.

Staff is recommending granting the encroachment with the following stipulation:

- The Encroacher agrees to hold the City harmless against any and all expenses, demands, claims or losses sustained by the City by use of the public right of way by the Encroacher. The Encroacher must provide the City a Certificate of Insurance indicating acceptance by the Insurer of its obligation to defend and hold harmless the City.
- Install and maintain a railing system on top of the wall adjacent to the boulevard that complies with local safety requirements and building codes.
- Incur all costs above and beyond those the City would have incurred to return this area back to a vegetated surface in association with future improvement districts or the termination of this Agreement.
- Agreement expires upon sale or transfer of the property.

Recommended Motion:

Approve the existing encroachment at 616 1st Ave S contingent upon the owner meeting the above criteria.

Dear Committee,

This letter is in regard to our concrete bleachers that encroach into the City of Fargo's 7th Street South right-of-way on the west side of Island Park Pool.

With the reconstruction of 7th Street set for this summer, we would ask the City of Fargo for an encroachment for these bleachers. These bleachers have been in place since the construction of the pool back in the early 1970's and have become a prominent seating area for parents watching their kids and local residents just taking a break in the day.

With our past working relationship with the City and their staff, we would also ask for the application fee of \$500 and annual fees be waived.

I have attached a site plan showing the area in question.

If you should have any questions, please feel free to give me a call.

Thank you for your consideration in this matter.

ENCROACHMENT AGREEMENT

THIS AGREEMENT, made and entered by and between the **CITY OF FARGO**, a North Dakota municipal corporation, hereinafter referred to as “City”, and **PARK DISTRICT OF THE CITY OF FARGO**, hereinafter referred to as “Park District” or “Owner”;

WITNESSETH:

WHEREAS, Park District desires to encroach on a portion of City right-of-way (described below) for the continued use of their existing concrete bleachers;

WHEREAS, Park District has requested permission to encroach on a portion of the right-of-way hereinafter particularly described, thus allowing it to utilize City rights-of-way for such purpose;

WHEREAS, the Public Works Projects Evaluation Committee has reviewed the request for encroachment and recommends approval; and,

WHEREAS, Park District has agreed to execute this agreement required by City for encroachment on City right-of-way.

NOW, THEREFORE, it is hereby agreed by and between the parties hereto as follows:
Park District, its successors and assigns, is hereby granted the right to encroach and use a portion of

the right-of-way, said encroachment being for the purpose of existing concrete bleachers, located as follows:

Commencing in the northwest corner of Block 19 of Original Township, City of Fargo, Cass County, North Dakota; thence S02° 27' 54"W along the west line of said Block 19 a distance of 13.00 feet to the point of beginning; thence continuing along said west line S02° 27' 54"W a distance of 287.00 feet; thence N87° 32' 06"W a distance of 21.00 feet; thence N02° 27' 54"E a distance of 287.00 feet; thence S87° 32' 06"E a distance of 21.00 feet to the point of beginning.

Said tract contains 6,027 square feet, more or less.

Said encroachment is more particularly described and indicated in attached Exhibit "A" showing the property and the existing concrete bleachers. Exhibit "A" is attached hereto and incorporated herein by reference.

2. It is the intent of this agreement that Owner may utilize City right-of-way for the purpose of maintaining the existing concrete bleachers.
3. Owner agrees and understands that as a condition of the use of the rights of way, Owner shall be responsible for the installation cost and maintenance of a railing/fence on the top of the bleacher wall. City and Owner agree that the railing/fence shall be installed as part of the City project under construction in the vicinity of the bleacher encroachment agreed to herein, and that Owner shall be fully responsible for the cost and acceptance of the railing/fence upon completion. Owner shall own the railing/fence, and shall be responsible for all maintenance of the same for as long as this agreement to encroach continues. City shall have no responsibility for the payment of the railing/fence, or any ongoing responsibility for maintenance and repairs.
4. Upon discontinuance of use, Owner will restore and replace all public property to a vegetated surface, or pay all costs above those that would be incurred by City to restore such surface.
5. It is understood and agreed by and between the parties that Owner will be

responsible for the repair or replacement of any public property which may be damaged or destroyed as a direct or indirect result of the use of the public rights-of-way for the concrete bleachers. Park District agrees to accept all maintenance responsibility for the concrete bleachers and associated property use in the City right-of-way.

6. Owner agrees to further hold the City harmless against any and all expenses, demands, claims or losses of any kind that may be sustained by City, its officers, agents and employees, its property, streets, sidewalks, or any other municipal improvements by reason of the use of the public rights-of-way as aforesaid. Owner agrees to provide to the City a certificate of insurance indicating acceptance by its insurer of its obligation to defend and hold the City harmless as hereinabove stated.

7. This agreement is personal to Owner and cannot be sold, transferred or otherwise assigned. This agreement shall immediately terminate upon Owner's sale, transfer or assignment of the encroaching property. Subsequent owners may request permission to encroach, and enter into a separate agreement with City. City shall not withhold permission to encroach under the terms herein without due cause.

8. It is understood and agreed by and between the parties that this agreement and permission to encroach is given subject to any limitation on the authority of City to grant such permission, which may now or hereafter exist.

9. It is specifically understood and agreed that the City retains authority to operate and maintain existing above ground and underground municipal facilities in the encroachment area. In the event the City needs to permanently retake the encroachment area, City will provide Owner written notice ninety (90) days in advance to remove the encroaching private facilities, to the extent deemed necessary by City. If City determines, in its sole discretion, that Owner has failed to

maintain the concrete bleachers in an acceptable manner, City may terminate as provided herein. Further, this agreement shall terminate if the encroaching property is repaired, reconstructed or improved at a cost of 25% or more of the market value of the property prior to such improvement or repair. If the encroaching property is damaged, market value will be determined as the value before the damage occurred. Owner agrees and understands it will be Owner's responsibility to restore the property to a vegetated surface, and is responsible for all additional costs incurred as a result of such removal.

10. It is specifically agreed between the parties that a copy of this Encroachment Agreement may be recorded.

11. City agrees to waive the processing and annual fees.

Dated this 29 day of November, 2017.

Re: Concur with Low Bid and Recommend Award
 University Drive Street Reconstruction Project – 18th Avenue S to 21st Avenue S
 City of Fargo Improvement District No. PR-17-B1
 NDDOT Project Nos. IM-8-094(090)351, NHU-8-081(039)924

Dear Commissioners:

Bids were opened by the NDDOT on November 17, 2017, for the S University Drive Street Reconstruction.

The bids were as follows:

Master Construction Company, Inc.	\$ 4,900,705.30
Northern Improvement Company	\$ 5,907,916.10
Dakota Underground Company	\$ 6,266,078.49
Engineer's Estimate	\$ 5,318,450.70

There are Special Assessments associated with this project and no protests have been received, therefore the protests should be declared insufficient. Fargo's share of this project is \$ 1,396,997.23.

Recommended Motion

Declare protests to be insufficient, and concur with low bid and recommend the NDDOT award the low bid to Master Construction Company, Inc. in the amount of \$ 4,900,705.30 as the best bid, subject to review of the Contractor's Disadvantaged Business Enterprise Program by the NDDOT.

Sincerely,

 Jeremy M. Gorden, PE, PTOE

Subject: Urban Agreement for Construction of Federal Aid Project Title II Safety Program
Upgrading & Relocating Existing Railroad Signal System in conjunction with City
Roadway Improvement Project – on the new alignment of 19th Avenue N just west of
45th Street

Re: City of Fargo Improvement District No. BN-17-A2
NDDOT Project No. RSU-8-984(161)164
BNSF Crossing No. DOT 071031T

I have received an agreement from NDDOT Local Government Division for a project to upgrade and relocate the existing railroad signal system on the new alignment of 19th Avenue N just west of 45th Street as a result of our street reconstruction project. This project to complete the railroad work is eligible to receive federal aid, with a 90/10 split. The estimated cost of railroad signal work is \$287,177, with \$258,459 federal funds and \$28,717 local funds.

I support this agreement and the local funding source for this work will be special assessment funds.

Project No. RSU-8-984(161)164**City of Fargo****Description: City Realignment of 19th Ave N and Relocation of BNSF Crossing DOT 071031T**

The state of North Dakota, acting by and through its Director of Transportation, hereinafter referred to as NDDOT, whose address is 608 East Boulevard Avenue, Bismarck, North Dakota 58505-0700, and the City of Fargo, North Dakota, hereinafter referred to as the City, hereby agree that:

1. The BNSF Railroad will upgrade and relocate the existing signal system at crossing DOT 071031T over realigned 19th Avenue North, in the City of Fargo North Dakota.
2. The estimated project cost is \$287,177.00. This amount will require a minimum of 10% Federal funds. By process, the project will be 90% Federal and 10% City funds.
3. NDDOT will take all steps necessary toward securing cooperation with the United States Government through the Federal Highway Administration (FHWA) in order to obtain federal funds for the project construction, to the extent provided in Title 23 of the United States Code (90% federal funds), as amended and supplemented.
4. The Risk Management Appendix, attached, is hereby incorporated into and made a part of this agreement.
5. The City will reimburse NDDOT for all construction payments advanced by NDDOT except the amount paid by FHWA. It is specifically agreed and understood that at any time that the City shall fail to reimburse NDDOT within 60 days after billing for funds advanced in behalf of the City, this document shall constitute an assignment of funds now or hereafter coming into the hands of the state treasurer, which would otherwise be distributed to the City out of the Highway Tax Distribution Fund and the state treasurer is hereby directed to pay NDDOT all such funds until the total thereof shall equal the sum billed pursuant to this agreement.
6. Appendices A and E of the Title VI Assurances, attached, is hereby incorporated into and made a part of this agreement.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be duly executed this _____ day
of _____ 20_____.

**NORTH DAKOTA DEPARTMENT OF TRANSPORTATION
APPENDIX A OF THE TITLE VI ASSURANCES**

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the Contractor) agrees as follows:

1. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, the Federal Highway Administration, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. Non-discrimination: The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding, or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the Contractor's obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, or national origin.
4. Information and Reports: The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the Federal Highway Administration to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Recipient or the Federal Highway Administration as appropriate, and will set forth what efforts it has made to obtain the information.
5. Sanctions for Noncompliance: In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:
 - a. withholding payments to the Contractor under the contract until the Contractor complies; and/or
 - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. Incorporation of Provisions: The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Recipient or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

**NORTH DAKOTA DEPARTMENT OF TRANSPORTATION
APPENDIX E OF THE TITLE VI ASSURANCES**

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the Contractor) agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *et seq.*), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 *et seq.*).

Risk Management Appendix

Routine* Service Agreements With Sovereign Entities and Political Subdivisions of the State of North Dakota:

Parties: **State** – State of North Dakota, its agencies, officers and employees

Governmental Entity – The Governmental Entity executing the attached document, its agencies, officers and employees

Governments – State and Government Entity, as defined above

Each party agrees to assume its own liability for any and all claims of any nature including all costs, expenses and attorney's fees which may in any manner result from or arise out of this agreement.

Each party shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds, authorized to do business in North Dakota, the following insurance coverages:

- 1) **Commercial general liability and automobile liability insurance** – minimum limits of liability required of the Governmental Entity are **\$250,000 per person and \$500,000 per occurrence**. The minimum limits of liability required of the State are **\$250,000 per person and \$1,000,000 per occurrence**.
- 2) **Workers compensation** insurance meeting all statutory limits.
- 3) The policies and endorsements may not be canceled or modified without **thirty (30) days prior written notice** to the undersigned State representative.

The State reserves the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time.

Each party that hires subcontractors shall require any non-public subcontractors, prior to commencement of work set out under an agreement between that party and the non-public subcontractor, to:

Defend, indemnify, and hold harmless the Governments, its agencies, officers and employees, from and against claims based on the vicarious liability of the Governments or its agents, but not against claims based on the Government's contributory negligence, comparative and/or contributory negligence or fault, sole negligence, or intentional misconduct. The legal defense provided by the Subcontractor to the Governments under this provision must be free of any conflicts of interest, even if retention of separate legal counsel for the Governments is necessary. Subcontractor also agrees to defend, indemnify, and hold the Governments harmless for all costs, expenses and attorneys' fees incurred if the Governments prevail in an action against Subcontractor in establishing and litigating the indemnification coverage provided herein. This obligation shall continue after the termination of this agreement.

Subcontractor shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds authorized to do business in North Dakota: 1) commercial general liability; 2) automobile liability; and 3) workers compensation insurance all covering the Subcontractor for any and all claims of any nature which may in any manner arise out of or result from this agreement. The minimum limits of liability required are \$250,000 per person and \$1,000,000 per occurrence for commercial general liability and automobile liability coverages, and statutory limits for workers compensation. The Governments shall be endorsed on the commercial general liability policy and automobile liability policy as additional insureds. Said endorsement shall contain a "Waiver of Subrogation" waiving any right of recovery the insurance company may have against the Governments as well as provisions that the policy and/or endorsement may not be canceled or modified without thirty (30) days prior written notice to the undersigned representatives of the Governments, and that any attorney who represents the State under this policy must first qualify as and be appointed by the North Dakota Attorney General as a Special Assistant Attorney General as required under N.D.C.C. Section 54-12-08. Subcontractor's insurance coverage shall be primary (i.e., pay first) as respects any insurance, self-insurance or self-retention maintained by the Governments. Any insurance, self-insurance or self-retention maintained by the Governments shall be excess of the Contractor's insurance and the Subcontractor's insurance and shall not contribute with them. The insolvency or bankruptcy of the insured Subcontractor shall not release the insurer from payment under the policy, even when such insolvency or bankruptcy prevents the insured Subcontractor from meeting the retention limit under the policy. Any deductible amount or other obligations under the Subcontractor's policy(ies) shall be the sole responsibility of the Subcontractor. This insurance may be in policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and be placed with insurers rated "A-" or better by A.M. Best Company, Inc. The Governments will be indemnified, saved, and held harmless to the full extent of any coverage actually secured by the Subcontractor in excess of the minimum requirements set forth above. The Government Entity that hired the Subcontractor shall be held responsible for ensuring compliance with the above requirements by all Subcontractors. The Governments reserve the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time.
