Board of City Commissioners
City Hall
200 North Third Street
Fargo, ND 58102**RE: Amendment of Tall Grass and Noxious Weed Ordinances**

Dear Commissioners:

Pursuant to your direction, I have prepared the enclosed ordinance amending various provisions in our city code that address noxious weeds, tall grass and the like. I have worked with Grant Larson from the Environmental Health Division of the Health Department regarding these changes. By way of explanation, these changes are intended to address the following:

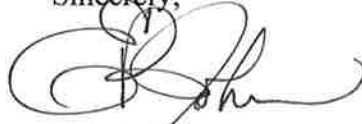

1. Removal of 30% Presumption. It has been the experience of the Environmental Health Division that the inclusion in the ordinance of the presumed violation to exist whenever there is more than 30% of grass plants in excess of 8 inches causes more confusion and harm than good. The 30% presumptive violation was inserted into Article 11-08 in 2006. The enclosed amendments remove that language. As a result, the ordinance returns to the previous language that simply states that the grass not be allowed to exceed 8 inches in length.
2. Simplify Enforcement on Prior Offenders. The amendment to Section 11-0819 will authorize Environmental Health to send a single notice in the spring of each year to those property owners who were offenders in the prior summer. The single letter will consist of a notice of the prior violation and a standing order that the property owner or occupant is required to maintain the appropriate grass length throughout the summer and, if Environmental Health identifies a violation during the period of the standing order, then Environmental Health will simply order the property to be mowed and the appropriate charge levied for such mowing. This change is intended to simplify the enforcement process.
3. Costs of Administration. The Environmental Health Division finds that the administrative burden of enforcing the tall grass and noxious weed ordinances is significant—it is not limited to merely the charge for mowing the offending property. Quite rightly, the cost associated with the abatement of the tall grass and noxious weed nuisance includes a significant amount of administrative time. This amendment will authorize those costs to be quantified and approved by resolution of the board of city

commissioners so that those costs can be assessed against the property along with the actual mowing fees.

SUGGEST MOTION: I move to waive the receipt and filing of the enclosed ordinance one week prior to first reading and that this be the first reading, by title, of An Ordinance Amending Sections 11-0805, 11-0806, 11-0807, 11-0819 and 11-0821 of Article 11-08 of Chapter 11 of the Fargo Municipal Code Relating to Environmental Nuisances.

Sincerely,

A handwritten signature in black ink, appearing to read 'Erik R. Johnson', written in a cursive style.

Erik R. Johnson

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

AN ORDINANCE AMENDING SECTIONS 11-0805, 11-0806, 11-0807,
11-0819 AND 11-0821 OF ARTICLE 11-08 OF CHAPTER 11 OF THE
FARGO MUNICIPAL CODE RELATING TO ENVIRONMENTAL
NUISANCES

WHEREAS, the electorate of the city of Fargo has adopted a home rule charter in accordance with Chapter 40-05.1 of the North Dakota Code; and,

WHEREAS, Section 40-05.1-06 of the North Dakota Century Code provides that the City shall have the right to implement home rule powers by ordinance; and,

WHEREAS, Section 40-05.1-05 of the North Dakota Century Code provides that said home rule charter and any ordinances made pursuant thereto shall supersede state laws in conflict therewith and shall be liberally construed for such purposes; and,

WHEREAS, the Board of City Commissioners deems it necessary and appropriate to implement such authority by the adoption of this ordinance;

NOW, THEREFORE,

Be It Ordained by the Board of City Commissioners of the City of Fargo:

Section 1. Amendment.

Section 11-0805 of Article 11-08 of Chapter 11 of the Fargo Municipal Code is hereby amended to read as follows:

11-0805. Control of stagnant water, noxious or other weeds, tall grass.--No stagnant water shall be allowed to stand or remain, noxious or other weeds, or grass allowed to grow more than eight inches (8") in length upon or along the line of any railroad, street, highway, alley, public place, along or upon any vacant or other lot or real estate parcel, public or private, or other place within the city. ~~An area having more than thirty percent (30%) of grass plants in excess of eight inches (8") in length shall be deemed a violation of this section.~~ For purposes of this article, "noxious weeds" shall mean any species of plant or vegetation recognized by the North Dakota State Weed Board as a noxious weed.

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

Section 2. Amendment.

1 Section 11-0806 of Article 11-08 of Chapter 11 of the Fargo Municipal Code is hereby
2 amended to read as follows:

3 11-0806. Duty of property owners to control stagnant water, fill excavations, remove dirt
4 piles, noxious or other weeds, tall grasses.--It shall be the duty of all property owners, occupants, or
5 persons having control over private property to remove or drain stagnant water, to fill excavations,
6 to remove dirt piles, to remove noxious or other weeds, and to maintain the growth of grass on such
7 property so that it does not exceed eight inches (8") in length. These requirements apply to areas
8 along and upon any railroad, street, highway, alley, public place or along or upon any vacant or
9 other lot or place within the city. ~~An area having more than thirty percent (30%) of grass plants in
10 excess of eight inches (8") in length shall be deemed a violation of this section.~~

8 Section 3. Amendment.

9 Section 11-0807 of Article 11-08 of Chapter 11 of the Fargo Municipal Code is hereby
10 amended to read as follows:

11 11-0807. Failure to drain stagnant water, fill excavations, remove dirt piles, remove weeds,
12 maintain grass.--Notice of violation.--Notice of a violation of this article shall be mailed to the
13 ~~registered record~~ property owner as shown in the property tax records maintained in the city
14 assessor's office, upon any agent of the property owner, and upon any occupant of the property
15 when appropriate. The owner, agent, tenant or person in charge of the property shall take
16 appropriate action to remove the stagnant water, fill excavations, remove dirt piles, fill holes or
17 depressions, cut and/or keep down the growth of any noxious or other weeds, and maintain all
18 grasses not to exceed eight inches (8") in height, as directed by the health department within the
19 specified period of time. If the property owner, tenant, or agent fails to take such appropriate action
20 within the time period as directed by the health department, the health department shall have
21 authority to remove or drain off any stagnant water, fill all excavations, holes, or depressions, and
22 cut or mow any noxious or other weeds and grasses.

18 Section 4. Amendment.

19 Section 11-0819 of Article 11-08 of Chapter 11 of the Fargo Municipal Code is hereby
20 amended to read as follows:

21 11-0819. Violations and nuisances, health officer's duty to remedy violations and abate,
22

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

1 notice.--Upon finding a violation of any section in article 11-08, the health officer, or his designee
 2 thereof, shall provide notice to the owner, occupant, or person in control of the property of the
 3 violation, ordering its abatement or corrected and along with a stating a deadline within which to
 4 correct the violation for such abatement or correction to occur. If the violation is not abated or
 5 corrected by the deadline, the health officer, or his designee thereof, is authorized to take further
 6 enforcement action to remedy the violation or to abate the nuisance. In the event a property owner
 7 has been found to be in violation of one or more provisions of this article within the prior 18
 8 months, the health department is authorized to issue a single written notice of the violation,
 9 delivered as provided in this article, said notice to contain a standing order that requires compliance
 10 with such maintenance requirement or requirements for such period of time as stated therein, said
 11 period to not exceed 8 months from the date of the order. After such standing order has been
 12 provided, should the health department determine that the lot, parcel or other place that is the
 13 subject of the notice and standing order has not been maintained in accordance with said order, the
 14 health department is authorized to take further action to remedy the violation or to abate the
 15 nuisance. Any costs associated with correcting the violation or abating the nuisance shall be
 16 chargeable to the property as otherwise authorized under this article. In addition, the health officer
 17 is authorized to include within such costs the costs of administration of the nuisance abatement
 18 program pertaining to this article and to establish a schedule of such costs to be approved by
 19 resolution of the board of city commissioners.

Section 5. Amendment.

Section 11-0821 of Article 11-08 of Chapter 11 of the Fargo Municipal Code is hereby amended to read as follows:

11-0821. Penalties for violation.--Any person, firm, company, or corporation violating any provision in article 11-08, other than section 11-0814, shall upon conviction, be punished by a fine not to exceed \$500\$1000, with the court having such power and discretion to suspend such fine and to revoke suspension thereof. Each day any person, firm, company, or corporation shall violate the provisions of this article shall constitute a separate offense.

Section 6. Penalty.

A person who willfully violates this ordinance is guilty of an infraction. Every person, firm or corporation violating an ordinance which is punishable as an infraction shall be punished by a fine not to exceed \$1,000; the court to have power to suspend said sentence and to revoke the suspension thereof.

Section 1. Amendment.

Section 25-1504.3 of Article 25-15 of Chapter 25 of the Fargo Municipal Code is hereby amended to read as follows:

Mandatory Meeting.--In addition to the requirements of Articles 25-1504, 25-1504.1 and 25-1504.2, the licensee, through its owner or manager, shall attend an alcohol license renewal meeting conducted by the city as part of the license renewal process. City will schedule sufficient one-hour meetings prior to the renewal date to accommodate licensees. Failure to attend the regularly scheduled meeting without good cause and prior notice to the city auditor, in the city auditor's discretion, shall result in the licensee incurring a \$500 monetary fee, and required attendance at a subsequent meeting to be held following the next regularly scheduled Liquor Control Board meeting. If licensee fails to attend the subsequent meeting, licensee shall be assessed an additional monetary fee of \$500. Licensee shall then be afforded the

ORDINANCE NO. _____

1 AN ORDINANCE REZONING CERTAIN PARCELS OF LAND
2 LYING IN TIMBER CREEK EIGHTH ADDITION
3 TO THE CITY OF FARGO, CASS COUNTY, NORTH DAKOTA

4 WHEREAS, the Fargo Planning Commission and the Board of City Commissioners of the
5 City of Fargo have held hearings pursuant to published notice to consider the rezoning of certain
6 parcels of land lying in the proposed Timber Creek Eighth Addition to the City of Fargo, Cass
7 County, North Dakota; and,

8 WHEREAS, the Fargo Planning Commission recommended approval of the rezoning
9 request on January 4, 2018; and,

10 WHEREAS, the rezoning changes were approved by the City Commission on April 23,
11 2018,

12 NOW, THEREFORE,

13 Be It Ordained by the Board of City Commissioners of the City of Fargo:

14 Section 1. The following described property:

15 Lots One (1) and Two (2), Block One (1) of Timber Creek Eighth Addition to the
16 City of Fargo, Cass County, North Dakota;

17 that is currently zoned as a "GC", General Commercial, District with a "C-O", Conditional Overlay
18 will hereby retain the "GC", General Commercial, District zoning and the "C-O", Conditional
19 Overlay is repealed and re-established to read as follows:

- 20 1. Uses:
 - 21 a. Within the Use Category for Retail Sales/Service and Office,
22 sales and leasing of consumer vehicles including passenger vehicles,
23 light/medium trucks and other recreational vehicles that includes outdoor
storage/display/sales are prohibited.
 - b. Detention Facilities
 - c. Adult Entertainment Center

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

- d. Self-Service Storage
- e. Vehicle Repair (excluding tire sales)
- f. Industrial Service
- g. Manufacturing and Production
- h. Warehouse and Freight Movement - (excluding furniture/appliance stores)
- i. Wholesale Sales
- j. Aviation/Surface Transportation

2. Design Standards: The following design standards are intended to provide an improved aesthetic quality to commercial development.

a. Height: Shall be restricted to a maximum height of 35 feet.

b. Building Massing:

- i. All buildings shall have architectural interest and variety to avoid the effect of a single, long or massive wall; buildings shall include variation in size and shape.
- ii. All building façades greater than 150 feet in length, measured horizontally, shall incorporate wall plane projections, recesses or articulations having a depth of at least 3% of the length of the façade, and extending a minimum of 20% of the length of the façade. Any articulation shall emphasize elements on the face of a wall which may include materials, roof pitch or structure height.
- iii. Ground floor facades that face public streets shall have arcades, display windows, entry areas, awnings or other such features along no less than 50% of its horizontal length. Any multi-dwelling structures shall be exempt from this provision.
- iv. Four-sided Design – All building façades shall be designed with a similar level of design detail, respective to building massing and building materials.
 - a. If storage/display/sales areas at the rear or back of building (i.e. lumber yard) associated with a permitted use are visible from public right-of-way (at-grade), said areas and corresponding structures (if any) shall be buffered with additional trees. At minimum, 1 tree per 50 lineal feet shall be planted with a 2-inch minimum caliper.

c. Building Materials:

- i. All walls shall be constructed or clad with natural stone, synthetic

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

1 stone, brick, stucco, exterior insulation finishing system, fiber cement,
2 curtain walls, glass, high quality pre-stressed concrete systems,
3 architectural metal panels or any similar high quality material as may be
4 approved by the Zoning Administrator. All materials shall be durable and
5 have a multi-generational life span.

- 6 ii. Prohibited materials shall specifically include metal wall panels that
7 exceed 25% of the building elevation, steel siding that exceeds 25% of the
8 building elevation, painted concrete masonry units, full ceramic tile walls,
9 highly reflective wall treatments, exposed neon or color tubing that is not
10 used in an accent capacity or un-textured concrete, untreated concrete
11 masonry unit or plain/un-textured precast concrete panels; unless otherwise
12 approved by the Zoning Administrator

13 d. Screening / Dumpsters, Outdoor Storage Areas and Loading Areas:

- 14 i. Dumpsters and storage areas shall be screened (minimum opacity of 50%)
15 and shall be completely screened from any property within an SR or MR
16 zoning district. Screening shall occur by use of buildings, fences, walls,
17 berms or landscape buffers. Dumpster and trash enclosures shall contain
18 permanent walls on three (3) sides and the service opening shall not face
19 any public right-of-way or residentially-zoned property. All permanent
20 walls shall be clad with the same materials as used for the principle
21 building or clad with another high quality building material consistent with
22 subparagraph (c) above. Metal gates shall be used to visually screen the
23 collection area.
- ii. Loading or service areas/facilities shall be located at the side or rear of
buildings and screened from public view by structures and/or landscaping,
with a minimum opacity of 50%. All structures or walls shall be clad with
the same materials as used for the principle building or clad with another
high quality material consistent with subparagraph (c) above
- iii. Adjacent properties shall combine collection areas, as feasible.
- iv. Setbacks for dumpsters and storage areas shall be 20 feet.

e. Screening / Mechanical, Ground Level and Rooftop Equipment:

- i. Flat roofs and rooftop mechanical equipment, such as HVAC units, shall be
concealed from public view. Parapets at any point shall not exceed 1/3 of the
height of the supporting wall and shall not be at a constant height for a distance
greater than 100 feet.
- ii. All ground level HVAC units and utility boxes shall be screened from view by

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

a structure and/or landscaping.

1 f. Parking Lots / Screening, Landscaping:

- 2 i. A minimum of ten percent (10%) of the internal surface area of surface
3 parking lots shall be landscaped.
4 ii. Parking lot perimeter landscaping buffers are required for any off-street
5 parking area on any side that is adjacent to an SR zoning district. The
6 minimum buffer shall be 10 feet and may include a combination of trees,
7 shrubs, decorative fence, landscaped berms or other materials or techniques
8 to be approved by the Zoning Administrator. Vegetative buffers shall, at
9 minimum, provide a similar level of buffering as compared with either a
10 Type A or Type B buffer as contemplated under §20-0704 of the Land
11 Development Code. Trees shall be a minimum of 2-inch caliper.

12 g. Landscape Buffer, Other:

- 13 i. As dedicated by separate instrument, a 50 foot landscape easement will be
14 provided on the south side of 36th Street from (approximately) the private
15 roadway opening to the western extent of the Timber Creek First Addition
16 plat. The developer shall be required to submit a landscape plan for this
17 easement area which shall include a combination of trees and landscaped
18 berms; and the overall landscape plan shall be approved by the Zoning
19 Administrator. The developer intends this buffer to provide a high quality
20 transition between residential and commercial properties while also
21 providing an added aesthetic element to the development. If, in the opinion
22 of the Zoning Administrator, the proposed landscape plan meets the
23 intended objective and is reflective of high quality design and materials; the
requirement for landscaping internal to parking lots as contemplated under
subparagraph 2.(f)(ii), above, shall be reduced to 5%. The landscaping plan
shall be implemented within the easement area within 12 months following
issuance of any building permit. Trees shall be a minimum of 2-inch
caliper.

h. Landscaping and Street Tree Installation / Maintenance:

- i. All landscaping, buffers and street trees shall be in place and healthy
within 12 months following issuance of any building permit.

i. Operational Requirements / Lighting:

- i. All site development light sources shall be concealed and or shielded with

OFFICE OF THE CITY ATTORNEY
FARGO, NORTH DAKOTA

ORDINANCE NO. _____

luminaires with cut-offs with an angle not exceeding 90 degrees to minimize the potential for glare and unnecessary diffusion of on adjacent property. In no circumstance shall exterior lighting add any footcandle illumination within the right-of-way.

- j. Signage:
 - i. Off-premise Signs and digital billboards shall be prohibited.
 - ii. Unless otherwise specified above, all other provisions within the Sign Code shall remain in full force and effect.

- k. Residential Protection Standards:
 - i. Residential Protection Standards shall remain in full force and effect, including applicability to pursuant to §20-0704 of the Land Development Code, unless requirements or standards within this Ordinance are determined to be more restrictive.

Section 2. The City Auditor is hereby directed to amend the zoning map now on file in his office so as to conform with and carry out the provisions of this ordinance.

Section 3. This ordinance shall be in full force and effect from and after its passage and approval.

FROM: KENT COSTIN, DIRECTOR OF FINANCE *Ksc*
RE: PCARD PROGRAM AGREEMENT WITH THE CITY OF MOORHEAD
DATE: MAY 1, 2018

The City of Fargo has been managing a purchasing card program for the past several years. This allows us to make vendor payments by credit card and receive volume rebate revenue each year.

The City of Moorhead will be initiating a purchasing card program this year and would like to leverage the success of the City of Fargo's program to achieve maximum efficiency and level of rebate revenue.

Your review and approval of a memorandum of understanding relating to their purchasing card program is requested. The Finance Committee endorses sharing of information and business strategies to help other communities.

Suggested Motion:

Approve a memorandum of understanding with the City of Moorhead for their implementation of a purchasing card program.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding, made and entered into this ____ day of _____, 2018 (hereinafter referred to as the "Effective Date") by and between the City of Moorhead, a political subdivision of the state of Minnesota, 500 Center Avenue, Moorhead, MN 56561-0779 (hereinafter referred to as "Moorhead"), and the City of Fargo, a political subdivision of the State of North Dakota, 200 3rd Street North, Fargo, ND 58102 (hereinafter referred to as "Fargo").

RECITALS

WHEREAS, the Government Finance Officer Association ("GFOA") recommends that governmental units consider implementation of a purchasing card program as a best business practice; and

WHEREAS, Moorhead desires to implement a purchasing card ("PCard") program in Moorhead (the "PCard Program") to increase administrative efficiency and to grow a new revenue stream by using the PCard Program for all of its departments; and

WHEREAS, Fargo has been operating a PCard program with PFM Financial Services, LLC since 2012 and can provide detailed implementation information and program administration guidance to implement the PCard Program; and

WHEREAS, PCard rebates are typically based upon purchasing volumes attained by each governmental unit and are progressive in nature; and

WHEREAS, Fargo achieved approximately \$20,000,000 in its PCard program purchasing volume for the fiscal year of 2016-2017 and the City of Fargo is willing to offer Moorhead a commensurate rebate based upon a combined level of purchasing; and

WHEREAS, Moorhead has established a PCard purchasing goal of \$7,000,000 per year that would produce rebate revenue of \$105,000; and

WHEREAS, it is mutually beneficial for the parties to cooperate in the PCard Program to maximize its rebate revenues and to adopt a GFOA best business practice; and

WHEREAS, the parties agree to enter into this Memorandum of Understanding to govern the parties' cooperation in the implementation of PCard Program.

NOW, THEREFORE, in consideration of the mutual agreements contained in this Memorandum of Understanding, and other valuable consideration, the receipt and sufficiency of which the parties acknowledge, Fargo and Moorhead agree as follows:

AGREEMENT

1. PCard Program. The parties agree to take the following actions regarding the implementation the PCard Program:

a. Moorhead shall be responsible for establishing the PCard Program, developing reasonable protocols and regulations regarding its implementation, and developing any technical protocols and regulations regarding its use or refinement.

b. Moorhead will coordinate directly with PFM Financial Services, LLC to implement the PCard Program.

c. The parties agree to comply with all reasonable requests for documentation and expertise within a reasonable time.

d. The parties agree to send employees, contractors, or assignees, whichever may be reasonable under the circumstances, to meet with the other party for purposes of coordination and implementation of the PCard Program or for any other purpose under this Memorandum of Understanding.

2. Costs of PCard Program Implementation. Moorhead agrees to bear all costs of the PCard Program implementation, and to hold Fargo harmless from any such costs, except to the extent provided for in this Memorandum of Understanding. Explicitly excluded from this obligation are any costs incurred by Fargo or its employees, contractors, or assignees, incurred in the ordinary course of business. These include, but are not limited to, wages or other employment compensation paid to Fargo employees or contractors who are performing Fargo's obligations under this Memorandum of Understanding.

3. Term. The Term of this Memorandum of Understanding shall be from the Effective Date until December 31, 2021. The parties may agree terminate this Memorandum of Understanding at an earlier date with prior written consent signed by both parties.

4. Indemnity. Neither party shall be liable to the other party for any claims, demands, liabilities, causes of action, penalties losses, costs, damages and expenses, including reasonable investigation and attorneys' fees and expenses and court costs, that may arise against or incurred by the other party in any way related to, caused by, or arising out of or in connection with this Memorandum of Understanding, except where such was caused by wrongful acts or omissions of the other party, its agents, or employees. This provision shall survive the Term of this Memorandum of Understanding.

5. Liability. Under no circumstances shall either party be required to indemnify the other party to an extent greater than the statutory damages cap for municipal subdivisions in their respective states, irrespective of the extent of its liability or whether it may have waived any applicable statutory limit on damages. The limits of liability for some or all of the parties may not be added or stacked together to determine a maximum amount of liability for each party.

6. General Provisions. The parties agree to the following provisions:

a. Good Faith and Fair Dealing. The parties affirmatively represent that they are entering into this Memorandum of Understanding in good faith, complete cooperation, due diligence, and honesty, and with the full and complete intention to uphold the provisions of this Memorandum of Understanding. The parties agree to deal fairly and cooperate with the other party regarding the purpose of this Memorandum of Understanding. The parties must perform their obligations under this Memorandum of Understanding with reasonable skill and diligence and may not intentionally interfere with or prevent the other party's performance of its obligations under this Memorandum of Understanding.

b. Time of Essence. The parties agree that time shall be of the essence in the performance of their obligations under this Memorandum of Understanding and of implementation and execution of the PCard Program.

c. No Assignment. Neither party may assign or transfer their rights or obligations under this Memorandum of Understanding without the other party's prior written consent.

d. Modification. No modification, amendment, or waiver of the terms and conditions of this Memorandum of Understanding shall be binding upon either party unless approved in writing and signed by an authorized representative of both parties.

e. Mediation. The parties agree that they will seek to resolve any dispute arising under or in connection with this Memorandum of Understanding through cooperation and informal mediation before instigating or filing any legal or equitable cause of action. The parties will split the costs of mediation.

f. Choice of Law and Forum. This Memorandum of Understanding is a Minnesota contract which shall be governed by and construed in accordance with the laws of the State of Minnesota. Any action or proceeding arising from or relating to this Memorandum of Understanding shall be venued in the appropriate Minnesota court having jurisdiction located in Clay County, Minnesota.

g. No Third Party Beneficiaries. This Memorandum of Understanding is solely for the benefit of the parties hereto and their respective successors and assigns and shall not be deemed to confer upon third parties any remedy, claim, liability, or reimbursement, claim of action, or other right.

h. Representations. Each of the parties hereto represents and warrants to the other that the party executing this Memorandum of Understanding has the authority to do so knowing that each of the other parties to this Memorandum of Understanding are acting in reliance upon such representation. The provisions of this section shall survive the termination of this Memorandum of Understanding.

i. Notices. Any notice, demand, request, payment, or other communication which any party hereto maybe required or may desire to give hereunder shall be in writing and shall be deemed to have been properly given if sent to the addresses set forth below:

Notice to Moorhead: City Manager's Office
City of Moorhead
P.O. Box 779
Moorhead, Minnesota 56561

Notice to Fargo: _____
City Auditor
200 3rd Street North
Fargo, ND 58102 N

j. Merger. Except as provided for above, this Memorandum of Understanding shall constitute the entire agreement between the parties. This Memorandum of Understanding supersedes all previous agreements between the parties relating to the subject matter of this Memorandum of Understanding and incorporates all previous negotiations and consents given by the parties relating to the subject matter of this Memorandum of Understanding. The existence of this Memorandum of Understanding does not preclude the parties from entering into further agreements regarding the subject matter of this Memorandum of Understanding.

k. Severability. Any provision of this Memorandum of Understanding that is prohibited or unenforceable shall be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof.

l. Captions. The captions in this Memorandum of Understanding are for convenience only and in no way define, limit, or describe the scope or intent of any provisions or sections of this Memorandum of Understanding. They shall not be interpreted as part of this Memorandum of Understanding.

m. Interpretation. This Memorandum of Understanding shall be interpreted so as to enforce its purpose and the parties' mutual intentions to the fullest extent allowable under law and equity.

n. Numbers and Gender. Except when otherwise indicated by the context or by definition, masculine terms used in this Memorandum of Understanding shall include feminine and neuter, and vice versa, and singular terms shall include the plural, and vice versa.

o. Additional Action. The parties agree to promptly execute and deliver to each other any further documentation and any further action required or requested in order to more effectively carry out the intent and purpose of this Memorandum of Understanding .

p. Mutuality. All terms, agreements, and covenants in this Memorandum of Understanding are mutual and dependent.

q. Binding Effect. This Memorandum of Understanding shall be binding upon and inure to the benefit of the parties hereto and their respective personal representatives, successors and assigns.

r. Execution in Counterparts. This Memorandum of Understanding may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. This Memorandum of Understanding shall not be effective until a counterpart has been signed by each party to be bound by it. Signatures provided by electronic transmission or facsimile shall be deemed as valid as original signatures.

[Signatures appear on the following pages.]

IN WITNESS WHEREOF, the parties have executed this Memorandum of Understanding under on the date first written above.

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE
NATIONAL VETERANS INTERMEDIARY
AND
CITY OF FARGO**

The National Veterans Intermediary, hereinafter referred to as the NVI, hereby enters into an agreement with the City of Fargo, hereinafter referred to as COF. The purpose of the agreement is to provide \$2,000 in collaboration funds to support the Fargo ND Cares Chapter.

AGREEMENT

1. The COF will:
 - a. Be responsible for the completing the NVI community commitment form and survey as well as receive the collaborative funding.

2. The NVI will:
 - a. Provide any assistance to fill out the required NVI information associated with the funding as well as provide the funding upon completion of the required information.

3. Terms:

The NVI will honor the City of Fargo with a onetime amount of \$2,000 in collaboration funds based on the NVI Community Collaboration Commitment with the Fargo ND Care Chapter for Veteran Services in the City of Fargo.

CITY OF FARGO

NATIONAL VETERANS INTERMEDIARY

MAYOR, CITY OF FARGO

NVI DIRECTIOR

DATE

DATE

CHAIRMAN FARGO ND CARES

DATE

Community Collaboration Commitment

National Veterans Intermediary (NVI)

The network of Veteran services is complex, fragmented and lonely to navigate. Access and outcomes are highly variable across and within communities. But by collaborating, Veteran stakeholders can work together more effectively and efficiently to increase impact.

As < *Backbone Leader(s)* > of the < *Name of Community and State* >, we **commit** to accelerate the pace of change for Veterans in our community and we will begin by pledging to do the following:

ACT in alignment with collaboration principles, guided by the following tenets:

- **Include** community members in the collaborative effort and work together to develop and refine a common agenda that includes problems, goals and guiding principles
- **Recruit** cross-sector partners and cultivate leaders with unique system leadership skills
- **Build** a culture that fosters relationships, trust and respect
- **Use** data to continuously learn, adapt and improve and to inform strategy and learning
- **Focus** on program and system strategies; define and track progress using agreed-upon indicators and customize for local context

PROVIDE collaborative leadership to our community through the following actions:

- **Identify** as the designated backbone of a Veterans collaborative¹ in < *our community* > and allow NVI to publicly recognize us as such
- **Designate** a fiscal agent to receive and make use of NVI collaboration funds, to be distributed after the community self-assessment survey has been completed
- **Serve** as the vocal champion for military and Veteran residents and for our community collaboration and impact
- **Collect and disseminate** data and information about the contributions Veterans make to our community and to the growing network of NVI communities
- **Connect** service providers and funders to ensure greater coordination and efficacy

¹ Definition from CNAS Paper: A Continuum of Collaboration: Collaborative. When used as a noun (e.g., “the Los Angeles collaborative”), this generic term suggests some collective organization, whether formal or informal, whose purpose is to better serve Veterans through some level of communication, coordination, and collaborative activity. An organization need not have its own legal entity nor funding to qualify as a collaborative for purposes of this paper. Further, we distinguish collaborative (the noun) from collaborative (the adjective) and collaborate (the verb), with the latter two terms meant to describe types of activity engaged in by organizations, agencies, and individuals within a broader ecosystem of service at the community, regional, state or federal level.

Community Collaboration Commitment

National Veterans Intermediary (NVI)

REINFORCE the strength of all NVI community collaboratives across the country by playing an active role in the following:

- **Interact** with NVI on strategy, community engagement and shared measurement
- **Contribute to** the development of NVI capabilities by participating in convenings and interviews to share feedback on the utility and value of NVI support for our community. NVI support includes: *Collaboration Funding, Veteran Ecosystem Data, Learning and Sharing Platform, Opportunities for Public Private Partnerships*
- **Complete** an NVI Community Collaborative Survey
- **Participate** in NVI meetings (1-2 per year) and come prepared for engaged discussion, active listening and respectful dialogue to support efforts above

RE0: AGREEMENT FOR SERVICES WITH ACTIVE MINDS
ACADEMY FOR \$500.00

The attached agreement for services is for breastfeeding friendly environment support for Active Minds Academy.

No budget adjustment is required for this contract.

Suggested Motion: Move to approve the contract agreement with Active Minds Academy.

RR/LA
Enclosure

CONTRACT AGREEMENT

THIS AGREEMENT, effective the 1st day of May 2018, by and between Fargo Cass Public Health ("FCPH"); and Active Minds Academy (Grant Partner).

NOW, THEREFORE, it is hereby agreed by and between the parties hereto as follows:

- A. Term of Agreement:** Project plans must be implemented by December 31, 2018 after funds are received.
- B. Statement of Work:** Support worksites in their efforts to provide a breastfeeding friendly environment for their employees. Provided the activities authorized under the statement of work and contract signed by the Recipient are eligible expenditures of Fargo Cass Public Health, the City agrees to provide an amount not to exceed \$500.00. Funds shall be disbursed upon a presentation of a signed agreement.
- C. Termination:** This agreement may be terminated by either party upon the giving of thirty (30) days written notice.
- D. Accounts and Records:** The grant partner shall establish and maintain accurate and complete account and financial or other record in relation to the receipt and expenditure of all grant funds for the project so they adequately show that the grant funds were used exclusively for the purposes described in this agreement.

Special Considerations:

- A.** It is understood and agreed that the relationship created by this Agreement shall be that of grant partner and shall not be deemed an employee of Fargo Cass Public Health for any other purpose.
- B.** The laws of the State of North Dakota shall govern this contract agreement. I hereby certify that the above assurances and provisions of responsibility have been reviewed and our agency has agreed upon the conditions as set forth.
- C.** It is understood any forms or paperwork required by Fargo Cass Public Health and the City of Fargo to receive payment for services will be completed as needed.

In Witness thereof, this contract agreement has been executed between the Grant Partner and Fargo Cass Public Health on the date-executed below.

Fargo City Commission
200 3rd Street North
Fargo, ND 58102

Commissioners:

The Fargo Dome Authority requests your approval of the sole-source procurement of the agreement between FARGODOME and Twin City Garage Door to demolish/remove the existing 27'7" x 16'6" Cookson interior overhead door located in the FARGODOME loading dock and replace with a new Cookson overhead door to fit the space.

The original door was manufactured by Cookson and Twin City Garage Door is the authorized dealer for Cookson in the Fargo area. The need to replace the door with the same manufacture is because the operating mechanism for the door is located in a very confined space in the ceiling of the loading dock. When initially installed in 1992, some areas of the wall above the loading dock were removed to allow for installation of, and working space, for the operating mechanism. Since the door will be manufactured by the same company, the operating mechanism will be located in the same position and certain other operating parts will be able to be re-used. As Twin City Garage Door is the authorized dealer of this brand, it allows for local service should anything be needed with regards to the door.

The budget dollars for this project have been re-allocated from within the existing FARGODOME Capital Budget that has been previously approved by both the Fargo Dome Authority and the Fargo City Commission.

At their April 2018 meetings, the Fargo Dome Authority and their Finance/Building Committees approved the motion to approve the Sole Source Provider procurement method for this project.

Requested Motion: To approve the Sole Source Procurement request from the Fargo Dome Authority for the project relating to the removal and installation of the loading dock interior overhead door using door manufacturer Cookson and Twin City Garage Door to perform the removal of the existing door and installation of the new door.

Thank you for your consideration of this matter.

Very truly yours,

Rob Sobolik
General Manager, FARGODOME

Re: Cookson Authorized Dealer

This letter is to confirm that Twin City Garage Door, Fargo is the authorized dealer in this market. TCGD is also in good standing with Cookson and we have a high degree of confidence in their technicians that perform installations.

Please feel free to contact me with any questions.

Sincerely,

Mark Erichsrud
Upper Midwest Regional Manager

Sole Source and Piggyback Procurement Form

Sole Source and Piggyback Justification for Procurement

The following information is offered for the sole source acquisition of goods or services described below. The purchase has been thoroughly researched and it has been determined that the vendor/brand is the only acceptable vendor/brand for the product or services that will fit the particular need.

Vendor Name:

Twin City Garage Door

Estimated Dollar Amount of Purchase:

\$38,000

The project/service is required to:

Demolish and remove the existing interior overhead door located in the Furgedome loading dock as this door is no longer operational and needs to be replaced. This door will be replaced with a new door by the same manufacturer, Cookson.

Description of features or capabilities unique to the vendor/brand being requested as related to project requirements:

The existing 27'7" by 16'6" door was manufactured by Cookson. The operating mechanism for this door is located in a very confined space in the ceiling of the loading dock. Certain areas of the wall above had to be modified to accommodate the operating mechanism originally. By using the same door manufacturer for the replacement, the same openings can be used for the new installation and operation. By using Twin City Garage Door, the authorized dealer in the Fargo area, we will have local service should something go wrong.

Provide a brief description of how your investigation was conducted. (Internet, publications, consultations) List all sources identified and investigated to determine that no other source exists for similar products capable of meeting requirements (Must be exhaustive of all sources for the commodity being purchased. **)

Please see attached letter from door manufacturer Cookson stating that Twin City Garage Door is the authorized dealer for Cookson brand products in the Fargo area.

****If all sources are not investigated a competitive solicitation must be issued.**

Provide a side-by-side comparison of the features/service of all other vendors/brands considered. (List the features or capabilities required for your project and how each vendor investigated does or does not meet those requirements. A table format is recommended)

May 1, 2018

Fargo City Commission
200 3rd Street North
Fargo, ND 58102

Commissioners:

The Fargo Dome Authority requests your approval of their sole-source provider selection of CEIA USA to purchase divesting tables for metal detector screenings. As background, the FARGODOME purchased 30 walk-through metal detectors from CEIA USA in late 2017 following a competitive bid process. As we develop strategies for efficient patron ingress with the new metal detectors, we are focusing on patron education regarding what may and may not be brought into the venue (communicated in advance through our website, press releases, and patron emails and communicated onsite via specific signage) and actual logistics of the walk-through process. The tables we request are designed to speed ingress in that divested items (cell phones, cameras, sunglass cases, etc.) are placed on the "pre walk-through" side of the table and use gravity to slide down to the other end of the table for "post walk-through" patron pick-up. See the attached photo. This table is designed by CEIA USA and allows for more efficient use of the walk through screening units.

The budgeted dollars for this purchase are contained within the existing FARGODOME Capital Budget that has been previously approved by both the Fargo Dome Authority and the Fargo City Commission.

At their April, 2018 meetings, the Fargo Dome Authority and their Finance/Building Committees approved the motion to purchase these tables from CEIA USA using the Sole Source Procurement.

Requested Motion: To approve the purchase of walk through screening divesting tables in the amount of \$18,525 through CEIA USA, using the Sole Source Procurement.

Thank you for your consideration of this matter.

Very truly yours,

Rob Sobolik
General Manager, FARGODOME

MEMORANDUM

TO: BOARD OF CITY COMMISSION

FROM: NICOLE CRUTCHFIELD, PLANNING DIRECTOR 

DATE: MAY 03, 2018

RE: ACQUISTION OF 708 4th AVENUE NORTH IN EXCHANGE OF 11 11TH STREET NORTH

On April 17th, the Community Development Committee recommended unanimous approval to consider a land exchange between the City owned parcel at 11 11th Street North with the DFI AV, LLC owned parcel at 708 4th Avenue North.

This exchange will allow the City of Fargo to further consolidate city owned properties located on the west side of 7th Street North, between 3rd Avenue and 4th Avenue North (see attached map). These properties were acquired over time with Community Development Block Grant funds and city general funds.

The consolidation of land at this location meets a longstanding Community Development Committee goal of finding opportunities for developments that encourage affordable housing, particularly in areas of our core neighborhoods that might be blighted or deteriorating.

If approved, the consolidated properties present an opportunity for further conversations to strategize methods for promoting affordable housing. This could include issuing an RFP to call for development proposals or including this property in a city sponsored program for developing further home ownership options for citizens.

Recommended Motion

Recommend that the city acquire 708 4th Avenue North in exchange for 11 11th Street North.

City of Fargo Staff Report			
Title:	The Basins At 100th Addition	Date: Update:	3/1/18 5/1/2018
Location:	4000 98th Avenue South	Staff Contact:	Donald Kress, planning coordinator
Legal Description:	Lot 6, Block 1, Commerce on I-29 Addition		
Owner(s)/Applicant:	RI Properties, LLC /Jesse Riley	Engineer:	Moore Engineering, Inc.
Entitlements Requested:	Minor Subdivision (Replat of Lot 6, Block 1, Commerce on I29 Addition, to the City of Fargo, Cass County, North Dakota)		
Status:	City Commission Public Hearing: May 7, 2018		

Existing
Land Use: Warehouse
Zoning: LI, Limited Industrial
Uses Allowed: Colleges, community service, daycare centers of unlimited size, detention facilities, health care facilities, parks and open space, religious institutions, safety services, adult entertainment centers, offices, off-premise advertising, commercial parking, outdoor recreation and entertainment, retail sales and service, self-storage, vehicle repair, limited vehicle service, industrial service, manufacturing and production, warehouse and freight movement, wholesale sales, aviation, surface transportation.
Maximum Lot Coverage Allowed: 85% building coverage

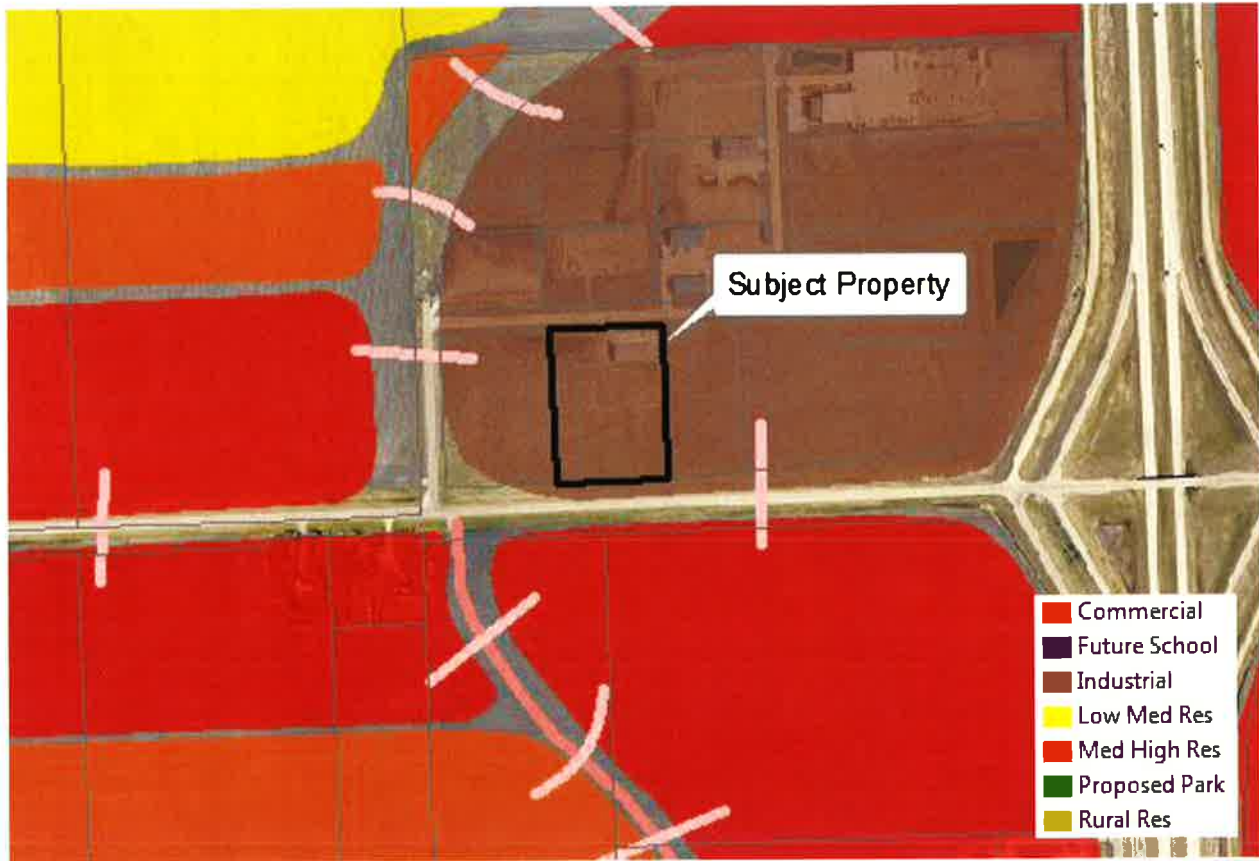

Proposed
Land Use: No Change
Zoning: No Change
Uses Allowed: No Change
Maximum Lot Coverage Allowed: No Change

Proposal:
<p>The applicant is seeking approval of a minor subdivision, entitled The Basins At 100th Addition, which is a replat of Lot 6, Block 1, Commerce on I29 Addition. The subject property is located at 4000 98th Avenue South and encompasses approximately 5.95 acres. The property is zoned LI: Limited Industrial.</p> <p>The plat proposes to create four lots for limited industrial development. All four lots touch public right of way. The lots range from 0.99 to 1.98 acres in area. There is no minimum required lot area in the LI zone.</p> <p>The lots are accessed by a private cul-de-sac driveway from 98th Avenue South. This cul-de-sac meets the diameter requirement (96 feet) to be consistent with Fire code. No access from this lot is allowed onto 100th Avenue South due to the negative access easement that was part of the original Commerce on I-29 plat (100th Avenue South is a future arterial).</p> <p>This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.</p> <p>Surrounding Land Uses and Zoning Districts:</p> <ul style="list-style-type: none"> • North: Across 98th Avenue South; LI, Limited Industrial with vacant land • East: LI, Limited Industrial with vacant land use

- South: Across 100th Avenue South; AG, Agricultural with agricultural uses.
- West: LI, Limited Industrial with vacant land use

Area Plans:

The subject property is located within the 2007 Growth Plan Tier 2 South Land Use map. This map was amended November 23, 2015 to designate this area for "Industrial" land use.

Schools and Parks:

Schools: The subject property is located within Fargo School District, including Bennett Elementary, Discovery Middle, and Davies High schools.

Neighborhood: The subject property is not located within the bounds of a designated neighborhood.

Parks: Rutten Family Park (No address available) is located approximately a little over a half mile northeast of the subject property and offers the amenities that are unknown at this time.

Pedestrian / Bicycle: No bike facilities are available at this location.

Staff Analysis:

EXTRA-TERRITORIAL JURISDICTION: This project site is located in the City's extra-territorial jurisdiction (ETJ). The City has the responsibility for planning and zoning, including subdivisions, in the ETJ. This property is not being annexed into the City of Fargo at this time.

Minor Subdivision

The LDC stipulates that the following criteria is met before a minor plat can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.**

The subject property is located within the 2007 Growth Plan Tier 2 South Land Use map. This map was amended November 23, 2015 to designate this area for "Industrial" land use. The zoning for the project site is LI, Limited Industrial. This zoning will accommodate the proposed limited industrial development. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. No comments have been received. The project has been reviewed by the city's Planning, Engineering, Public Works, Inspections, and Fire Departments and found to meet the standards of Article 20-06 and other applicable requirements of the Land Development Code.

(Criteria Satisfied)

2. **Section 20-0907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.**

While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles.

(Criteria Satisfied)

Planning Commission Recommendation: March 6, 2018

On March 6, 2018, by a vote of 5-0 with one Commissioner abstaining and four Commissioners absent, the Planning Commission voted to accept the findings and recommendations of staff and recommended approval to the City Commission of the proposed subdivision plat, **The Basins At 100th Addition** as outlined within the staff report, as the proposal complies with the adopted Area Plan, the standards of Article 20-06, and all other applicable requirements of the Land Development Code."

Staff Recommendation: May 7, 2018

Suggested Motion: "To accept the findings and recommendations of staff and the Planning Commission and move to approve the proposed subdivision plat, **The Basins At 100th Addition** as outlined within the staff report, as the proposal complies with the adopted Area Plan, the standards of Article 20-06, and all other applicable requirements of the Land Development Code."

City of Fargo Staff Report			
Title:	The Edge Addition	Date: Update:	1/28/18 5/2/18
Location:	1321 5th Avenue North & 502 University Drive North	Staff Contact:	Kylie Bagley
Legal Description:	Lots 1-9 and 19-24, Block 6 and a portion of a vacated alley in said Block 6, and a portion of vacated 6th Avenue North in Reeves Addition		
Owner(s)/Applicant:	DFI AU, LLC/Erin Anderson - Commonwealth Development	Engineer:	Moore Engineering, Inc.
Entitlements Requested:	Minor Subdivision (Replat of Lots 1-9 and 19-24, Block 6 and a portion of a vacated alley in said Block 6, and a portion of vacated 6th Avenue North in Reeves Addition)		
Status:	City Commission Public Hearing: May 7, 2018		

Existing
Land Use: Vacant
Zoning: DMU, Downtown Mixed-Use with a C-O, Conditional Overlay
Uses Allowed: DMU – Downtown Mixed Use. Allows detached houses, attached houses, duplexes, multi-dwelling structures, community service, daycare centers of unlimited size, health care facilities, parks and open space, religious institutions, safety services, offices, off-premise advertising, commercial parking, retail sales and service, vehicle repair, limited vehicle service, and major entertainment events. C-O: Later determination of the east setback through structural analysis and site accommodations to provide on-site storm water retention.
Maximum Building Coverage Allowed: No maximum

Proposed
Land Use: Multi-Dwelling Residential
Zoning: No Change
Uses Allowed: No Change
Maximum Building Coverage Allowed: No Change

Proposal:
<p>The applicant is seeking approval of a minor subdivision, entitled The Edge Addition, which is a replat of Lots 1-9 and 19-24, Block 6 and a portion of a vacated alley in said Block 6, and a portion of vacated 6th Avenue North in Reeves Addition. The applicant is proposing a two (2) lot, one (1) block subdivision. The subject property is located at 1321 5th Avenue North and 502 University Drive North and encompasses approximately 2.52 acres.</p> <p>This project was reviewed by the City’s Planning and Development, Engineering, Public Works, and Fire Departments (“staff”), whose comments are included in this report.</p> <p>Surrounding Land Uses and Zoning Districts:</p> <ul style="list-style-type: none"> • North: GC, General Commercial with vacant land and BNSF Railroad uses; • East: Across University Avenue North, LI, Limited Industrial with light manufacturing use; • West: GC, General Commercial with warehouse and office uses; • South: Across 5th Avenue North, GC, General Commercial and LC, Limited Commercial with restaurant and warehouse uses. <p>Area Plans:</p> <p>No area plans apply to the subject location.</p>

<p>Schools and Parks:</p> <p>Schools: The subject properties are located within the Fargo School District and is served by Roosevelt Elementary, Ben Franklin Middle and North High schools.</p> <p>Neighborhood: The subject property is located within the bounds of the Madison/Unicorn Park neighborhood.</p> <p>Parks: Unicorn Park (1603 3rd Avenue N) is located approximately less than 1/4 mile west of the subject property and offers multipurpose field, grill, basketball, picnic table, playground, and recreational trails amenities.</p> <p>Pedestrian / Bicycle: On road bike facilities are located along University Drive North. These facilities are a component of the metro area trail system.</p>
<p>Staff Analysis:</p> <p>Minor Subdivision</p> <p>The LDC stipulates that the following criteria is met before a minor plat can be approved:</p> <ol style="list-style-type: none"> <p>Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.</p> <p>The subdivision is intended to replat in order to accommodate future low income housing development. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, staff has not received any inquiries. Staff has reviewed this request and finds that this application complies with standards of Article 20-06 and all applicable requirements of the Land Development Code.</p> <p>(Criteria Satisfied)</p> <p>Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.</p> <p>While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. REPORT OF ACTION

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

12

Project No. UR-17-C1

Type: Change Order #1

Location: City Wide

Date of Hearing: 4/30/2018

Routing	Date
City Commission	5/7/2018
PWPEC File	X
Project File	Scott Olson

The Committee reviewed the accompanying correspondence from Project Manager, Scott Olson, regarding a change order for additional work at three locations near locations already included in the project. Public Works Department identified two locations on 5th Street S to be lowered (\$17,735) and the third location is for repair of a private drive and sod previously disturbed by the City (\$4,060). This repair has been known for some time and has been held until the proper project structure was found. Adding this repair to project UR-17-C1 is justified as the service lowering project is funded by the water main replacement fund.

Staff is recommending approval of Change Order #1 in the amount of \$21,795, bringing the total contract amount to \$163,300.

On a motion by Bruce Grubb, seconded by Steve Sprague, the Committee voted to recommend approval of Change Order #1.

RECOMMENDED MOTION

Approve Change Order # 1 in the amount of \$21,795 to Dirt Dynamics.

Memorandum

To: Members of PWPEC
From: Scott Olson, Project Engineer *So*
Date: April 16, 2018
Re: Project #UR-17-C1 – Change Order # 1 – Additional Items

Background:

Project UR-17-C1 consists of lowering the water service lines within the City of Fargo right-of-way to a minimum of 7.5' below finished road grade to decrease the potential for freezing water service lines within the City right-of-way.

The attached change Order #1 is for work at three additional locations near locations already included in the project.

Item #1 – Addition of two (2) residences on 5th Street S. Two locations have been determined by the Public Works Department to have water services lowered below the frost line in the near future:

- 1410 5th St South
- 1414 5th St South

These two residences are located directly south of a home that is included in project UR-17-C1 and would be easy additions given the proximity, and traffic control has been designed and will be in place along 5th Street. The Contractor has agreed to add the two locations at the current unit bid prices. The cost to add the two additional 5th Street locations is \$17,735.00

Item #2: Repair of Private Drive and Sod from Previous Project: Following a previous service improvement project to 807 24th Avenue S, areas within the property have settled over trench locations disturbed by the City. This needed repair has been known for some time and has been held until the proper project structure was found. Adding this repair to project UR-17-C1 is justified as the service lowering project is funded by the water main replacement fund (Fund 501).

To repair the settled areas would include removing and replacing a portion of the existing concrete driveway, and conditioning and re-compacting clay soils. Within this, an additional bid item (Embankment) for handling, placing and compacting approximately 25 cubic yards of clay soils would need to be added, with the other items being completed at the current unit bid prices. The cost to add this repair to the project is \$ 4,060.00

The total Change Order #1 amount is \$21,795.00 with an original contract amount of \$141,505.00 making the new contract amount \$163,300.00.

Recommended Motion:

Approve the described additional work and bid item increasing the contract amount to \$163,300.00

Funding Source – Water Main Replacement (Fund 501)

C: Tom Knakmuhs

Project No. FM-14-61 (6229) Type: Change Order #10
 Location: Drain 27/Prairie Rose Area Date of Hearing: 4/30/2018

<u>Routing</u>	<u>Date</u>
City Commission	<u>5/7/2018</u>
PWPEC File	<u>X</u>
Project File	<u>Jody Bertrand</u>

The Committee reviewed the accompanying correspondence from Division Engineer, Jody Bertrand, related to a change order for the removal and replacement of concrete sidewalk/path along both sides of 40th Avenue South, just west of the bridge crossing of Rose Coulee. During the final walk-thru, major surface scaling/defects were encountered on the sections of sidewalk/path poured during the 2015 construction season. After material testing and observation, no definitive cause could be determined. The parties have proposed to resolve the issue through the cost sharing of the removal and replacement of the sidewalk/path. The cost of the City share is \$55,532.00, bringing the total contract amount to 3,961,779.31.

Staff is recommending approval of the removal and replacement of the sidewalk/path and to participate in the cost share with ICS and Strata.

On a motion by Bruce Grubb, seconded by Steve Sprague, the Committee voted to recommend approval of Change Order #10 to Industrial Contract Services, Inc.

RECOMMENDED MOTION

Approve Change Order #10 in the amount of \$55,532.00 to Industrial Contract Services, Inc., Project No. FM-14-61, bringing the total contract amount to \$3,961,779.31.

Re: Change Order #10 – 40th Avenue South Sidewalk Removal & Replacement
Cost Share Participation
Project #FM-14-61 (also known as #6229) Drain 27/ Prairie Rose Area and 40th Avenue South

This Change Order #10 is for the removal and replacement of concrete sidewalk/path along both sides of 40th Avenue South just west of the bridge crossing of Rose Coulee.

Background

The flood mitigation project along 40th Avenue South started in 2014 with the flood components and a portion of sidewalk completed that year. Due to construction issues and required time extensions, the project was substantially completed in the fall of 2015 with final turf acceptance occurring in the spring of 2016. During the spring of 2016 while completing the final walk-thru, major surface scaling/defects were encountered on the sections of sidewalk/path poured during the 2015 construction season. Several meetings were held on-site to evaluate the sidewalk condition and possible reasons for the issue and solutions. The Contractor initially proposed to grind the entire sidewalk area to provide a new finish surface. Engineering was skeptical of this method due to the possible smoothness of the finished surface (roughness/grip) and this method would also not remedy the deeper defects appearing at the saw-cut joints.

Through materials testing and observation results, a definitive cause could not be determined. The parties involved in the process proposed to resolve the issue through the cost sharing of the removal and replacement of the sidewalk/path. A settlement was reached, because of the uncertainty of the cause, for an equal cost share per party.

Recommended Motion

Approve Change Order #10 for the removal and replacement of the 40th Avenue South sidewalk/path and to cost participate with ICS and Strata for a 1/3 share of the removal and replacements. The present total contract amount of \$3,906,247.31 will be increased by \$55,532.00, for an increased project cost of 1.5% for a new final contract amount of \$3,961,779.31.

ATTN: Jody Bertrand

Re: Sidewalk Replacement

This letter is to confirm ICS's acceptance to remove and replace the sidewalks on project FM-14-61. The costs to replace the sidewalks will be split three ways between ICS, Strata and the City of Fargo. ICS also understands that the sidewalk replacement needs to be completed by July 15, 2018.

The following is a breakdown of the costs associated with the sidewalk replacement:

Bid Item	Description	Quantity	Unit	Unit Price	Extended Price
28	F&I Sidewalk 4" Thick Reinf Conc	1,797.00	SY	\$65.00	\$116,805.00
29	Remove Sidewalk All Thicknesses	1,987.00	SY	\$15.00	\$29,805.00
30	F&I Impressioned 4" Thick Reinf Conc	115.00	SY	\$65.00	\$7,475.00
31	F&I Driveway 6" Thick Reinf Conc	75.00	SY	\$100.00	\$7,500.00
32	F&I Det Warn Panels Cast Iron	8.00	SF	\$150.00	\$1,200.00
N/A	Traffic Control	1.00	LS	\$1,500.00	\$1,500.00
N/A	Seeding/Topsoil	1.00	LS	\$2,000.00	\$2,000.00
Total Price:					\$166,285.00

Clarification:

- Payment will be made based on field measured quantities.

Utilizing the shared cost approach, the City of Fargo would be responsible for 1/3 of the total cost or \$55,428.33.

If you have any questions regarding this proposal please contact Gary Beeter, Vice President, at 701-740-3491.

Regards,

Gary Beeter
Vice President
ICS, Inc.

April 14, 2018

Mr. Gary Beeter
Vice President
Industrial Contract Services Inc.

It is our understanding that the City of Fargo and Industrial Contract Services (I.C.S.) have negotiated a resolution for the dispute over the sidewalks associated with the 40th Ave South Floodwall project.

In support of I.C.S. Inc., and to achieve closure for this issue in good faith, Strata Corporation will participate in this resolution plan.

Strata does not admit, or agree, that the disputed issues are the cause of the concrete material provided by Strata. It is Strata's position that the concrete placed for the sidewalks exceeded city specifications, and is sound and durable. This is based on the City of Fargo inspection team's quality assurance testing results at the time of placement, and the forensic testing of the hardened concrete after placement. Strata's decision to participate in the resolution agreement is a decision based solely in support of I.C.S. Inc. in an effort to attain agreement and closure for this dispute.

Regards,

A handwritten signature in black ink that reads 'Henry Hauge'. The signature is written in a cursive, flowing style.

RE: 40th Avenue South Sidewalk Replacement – FM-14-61 Prairie Rose Flood Mitigation Project Phase 1

Dear Gary:

Thank you for your email dated February, 20, 2018 detailing the anticipated costs of a full replacement of the sidewalk on 40th Avenue South, Project FM-14-61, Prairie Rose, Phase 1. Fargo and its consulting engineer, Houston Engineering, have now confirmed the quantities correspond closely to the numbers which Houston has within their internal project documents.

As indicated in my earlier letter dated January 26, 2018, Fargo wishes to come to an agreement to closeout this project and change order the replacement of the identified sidewalk. Your email reiterates your offer to cost share the replacement, wherein the City would be responsible for 1/3 of the estimated cost of the full replacement, \$166,285.00. Fargo wishes to accept your offer of compromise, and will present a change order to the PWPEC committee and City Commission for approval, increasing the ICS contract in the amount of \$55,428.33.

Please confirm in writing your acceptance of this change order, for the work to be completed on or before July 15, 2018. Substantial completion of this project will be accomplished upon Fargo's acceptance of the replaced sidewalk and final payment will be made at that time.

I look forward to hearing from you at your earliest convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jody Bertrand".

Re: Project FM-14-61 Prairie Rose Phase 1 - 40th Avenue South Path/Sidewalk

Dear Mr. Gary Beeter:

This letter is being sent to inform you of the flood mitigation project status along 40th Avenue South. City staff and our consultants from Houston Engineering and Braun Intertec have reviewed the supplied materials testing report supplied by ICS and Strata performed by American Engineering Testing Inc.

Through Braun's evaluation of Terracon's conclusions of the materials testing conducted, they are not in agreement with two of the major statements. The first being the use of deicing chemicals being a significant contributor to the surface scaling defects. Sidewalk throughout the City over decades and the most recently installed sidewalk by ICS on this project the year prior to this installation and a separate sidewalk project the following year just east of this project area do not have similar surface defects.

The second is the ability of the use of a grinding operation to correct the problem for a long life concrete pavement. Our consultant believes that if grinding were to be accomplished the likelihood of future similar distresses is probable within a couple of years. As a note, it should be mentioned that a large portion of the saw joints have pop-outs which would be a more substantial depth than could be corrected by the grinding of 1/8 of an inch of the entire surface.

With multiple factors possibly contributing to the existing condition of the sidewalk from materials to placement, finishing and curing, it has become difficult to definitively specify one item which has led to the present situation.

The City wishes to come to an agreement to closeout this project and make the necessary repairs to obtain a long lasting useable concrete product and to that end, the City will entertain the possibility of a City cost participation. The City of Fargo believes a full replacement is necessary. To enable a cost participation level to be determined, some additional information as to the overall material costs for removal and replacement, along with necessary labor to complete the replacement will be needed. After the costs have been received, the negotiations can proceed.

We appreciate your cooperation and patience as we work towards a compromise to enable the completion of this important project.

If you have any questions, please feel free to contact me at 701.241.1548.

Sincerely,

Jody Bertrand, PE, CFM

ENGINEER'S REPORT
SHARED USE PATH & INCIDENTALS
PROJECT NO. SN-18-A

Nature & Scope

Install a 10' wide concrete shared use path on what would be the 5th Street alignment between 5th Avenue S and 7th Avenue S, crossing Fargo Park District property, Dill Hill.

Purpose

The City of Fargo in cooperation with the North Dakota Department of Transportation, Federal Highway Administration, and Fargo Park District is proposing a shared use path improvement connecting 5th Street South to Island Park from 7th to 6th Avenues South. 5th Street South ends at 7th Avenue South, which is the north end of Hawthorne Elementary. The path will be 10' wide and will go through City of Fargo Park District Land. This project will fill in a missing connection between 5th Street and Island Park, and also further to the north, the Broadway district.

The City of Fargo, the Fargo Park District, and Metro COG have planned for an extensive off-street system of shared use paths. This project is one that has been identified by all parties to move forward.

Feasibility

The estimated construction cost of this project is \$216,068.03 (\$172,854.42 Federal, \$43,213.61 Local). There are three funding sources; Federal Transportation Alternatives Program Funds (TAP), Fargo Park District Funds, and Fargo Infrastructure Sales Tax Funds. The breakdowns are as follows:

<u>Costs:</u>	
Construction Costs:	\$ 216,068.03
6% Engineering Fees (on Local Funds):	\$ 2,592.82
3% Legal (on Local Funds):	\$ 1,296.41
4% Interest (on Local Funds):	\$ 1,728.54
Total:	\$ 221,685.80

<u>Funding:</u>	
TAP funds	\$ 172,854.42
Fargo Park District funds	\$ 24,415.69
Infrastructure Sales Tax funds	\$ 24,415.69

We believe this project to be cost effective.

Jeremy M. Gorden, PE, PTOE
Division Engineer - Transportation

AMENDED

ENGINEER'S REPORT

RAISED REDESTRIAN CROSSING, RADIUS IMPROVEMENTS & INCIDENTALS

IMPROVEMENT DISTRICT NO. TN-18-A

Nature & Scope

This project calls for the installation of a raised Pedestrian Crosswalk, Solar Flashers, Pavement Markings, and Signage. The goal of the project is to improve safety for those walking or biking to the new Northside Elementary School and are located in the West Fargo school district.

Purpose

The purpose of the project is to provide safe crossings for the students of Northside Elementary School.

Feasibility

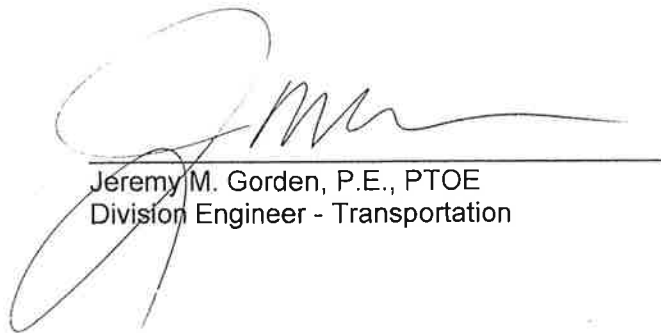

The estimated cost of construction is summarized as follows:

Estimated Construction Cost:	\$ 99,175.00
Plus 11% Engineering	\$ 10,909.25
Plus 6% Admin	\$ 5,950.50
Plus 3% Legal	\$ 2,975.25
Plus 4% Interest	\$ 3,967.00
Total Estimated Project Cost:	\$ 122,977.00

This project will be funded with Special Assessments.

We believe this project to be cost effective.

Jeremy M. Gorden, P.E., PTOE
Division Engineer - Transportation

REPORT OF ACTION

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

Improvement District No. BN-18-B1 Type: Early Build Permit
Location: Grayland First Addition Date of Hearing: 4/30/2018
Lot 10, Block 4

Routing Date
City Commission 5/7/2018
PWPEC File X
Project File Brenda Derrig

The Committee reviewed an early build permit request submitted by West Fargo Public Schools for the new elementary school on Lot 10, Block 4 in Grayland First Addition. Site access can be maintained during the construction of 54th Avenue S since it is adjacent to 63rd Street. The infrastructure work for this area will be bid under the project noted above. A deposit will be required of \$9,500.

Staff is recommending approval.

On a motion by Steve Sprague, seconded by Ben Dow, the Committee voted to recommend approval of the early building permit.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve the Early Building Permit.

Date: April 26, 2018
CC: Jason Satterlund
Mark Lemer, West Fargo Public School
Re: BN-18-B1 Grayland First Addition – Early Building Permit in Lot 10, Block 4

Attached you will find a request for an early building permit from West Fargo Public School for the new elementary school on Lot 10, Block 4 in Grayland First Addition.

Site access can be maintained during the construction of 54th Avenue South, since it is adjacent to 63rd Street.

The applicant will need to sign the agreement noting their access location.

As part of the early building permit, the applicant has provided a deposit that could be used to repair any impacts from the site construction to the municipal project. We used 475' frontage at \$20/ff. This brings the total to \$9,500 for their deposit.

Recommended Motion:

I recommend that the Public Works Project Evaluation Committee approve the early building permit request for Lot 10, Block 4 Grayland First Addition and collect a deposit of \$9,500.

AGREEMENT

EARLY BUILDING PERMIT

THIS AGREEMENT, made and entered into by and between **THE CITY OF FARGO**, a North Dakota municipal corporation, 200 North Third Street, Fargo, North Dakota 58102, hereinafter referred to as "City", and **WEST FARGO PUBLIC SCHOOL DISTRICT #6**, a North Dakota political subdivision, hereinafter referred to as "Owner", and **LEE JONES & SON CONSTRUCTION CO.**, a North Dakota corporation, hereinafter referred to as "Builder" (collectively hereafter "Builder").

WITNESSETH:

WHEREAS, building permits are not available until sewer and water main connections are functional, except under limited circumstances and by agreement of the parties; and,

WHEREAS, for large building projects (commercial, industrial and multi-family [8-plex or greater]), permits may be issued prior to completion of said underground utilities, provided certain criteria are met; and,

WHEREAS, installation of utilities and paving can take place during the time said building projects are under way; and,

WHEREAS, City requires a deposit, cash, check or letter of credit, as one of the conditions for granting early building permits, said deposit to be utilized, if necessary, to reimburse City for any costs incurred by City arising out of Owner's, Builder's, Developers', Agents' or Subcontractors' activities under the early building permit; and,

WHEREAS, City requires an agreement with Owner and Builder relative to the issuance of early building permits.

NOW, THEREFORE, for good and valuable consideration hereby acknowledged, it is agreed by and between the parties as follows:

1. City agrees to issue an early building permit to Owner and Builder for the project, provided all conditions precedent are met.

2. In consideration of the issuance of said early building permit for the project stated, Owner agrees to deposit with City a cash deposit or letter of credit in the amount of Nine Thousand Five Hundred Dollars (\$9,500.00) (\$20.00 per front foot of lot covered by the permit). Said cash deposit may be utilized by City for any building site impacts, municipal project impacts, including utilities or paving, payment for corrective measures such as debris removal, drain maintenance, damages caused by unauthorized access, and cleaning adjacent streets impacted by building construction. It is specifically understood and agreed that this list is not exhaustive or exclusive, and that the City may use the deposited funds for any costs incurred by City due to Builder's activities.

3. Owner and Builder agree to be bound by the terms of the City of Fargo's policy on early building permit waivers. Builder agrees to provide a building site plan drawing showing access points and exact service utility connections before any construction activities may take place, such drawing and/or site plan must clearly show sanitary sewer, water sewer service, and storm sewer plans. Builder shall specify the following:

- a. Site access to the building that will not impact municipal utilities/paving installation.
- b. Temporary measures to address nonfunctional sewer, water and storm sewer on the building site.
- c. Building construction and occupancy schedule.
- d. Contact person for notification including name, address and phone.

4. City agrees to provide Builder 48-hour notice of project start-up. Builder agrees to clear right-of-way for such public construction. During construction, City shall give Builder two (2) hour notice to clear any area impacted by the City project.

5. Owner and Builder agree to indemnify and hold City harmless for any delays in municipal projects (i.e. utilities or paving) resulting from Builder's activities including, but not limited to, site interference, storage of construction materials, or any other activities permitted by the Early Building permit.

6. Owner and Builder understand and agree to accept all risks of proceeding with the building project in advance of the installation and operation of the municipal improvements. Owner and Builder waive, for themselves and successors, any and all claims for damages against City as a result of any delay in the installation of the municipal projects, for whatever reason. City will enter into a standard contract for the municipal project. Owner and Builder are not third party beneficiaries of the City contract and has no rights thereunder.

7. Owner and Builder agree to acquire any easements deemed necessary for site access to the building site. City shall not be responsible for easements.

8. Owner and Builder understand and agree that without installation of streets there is limited access to the site for fire and police protection. Builder agrees it is solely responsible for any access limitations, and Owner and Builder agree to indemnify and hold the City harmless from any all claims or damages alleged as a result of the limited site access.

9. The parties agree that any cash deposit or letter of credit remaining unused upon completion of the paving project (thus completing the public construction) shall be returned to the remitter upon application.

10. The project and project location are as follows:

5565 63rd Street South, Fargo, ND

IN WITNESS WHEREOF, the parties have entered into this agreement the day and year first above written.

Approved by Fargo City Commission on this ____ day of _____, 2018.

Timothy J. Mahoney, Mayor

Memorandum

To: PWPEC
REX, PE, CFM

From: Roger Kluck, Civil Engineer II, Storm Water

Date: April 25, 2018

Re: Improvement District No. BR-18-B2 – Request for Change Order #2 to Consultant Services for land surveyor assistance for parcel acquisition during bidding and construction services for a Replacement Storm Sewer Lift Station on 10th Street N between 4th Avenue and 6th Avenue N as part of NDDOT project NHU-CPU-8-081(038)927

Background:

Improvement District No. BR-18-B2 was initiated to provide the design services to replace the storm sewer lift station on 10th Street N between 4th Avenue and the BNSF underpass as part of a larger project being designed by the NDDOT (Federal Aid project NHU-CPU-8-081(038)927) for 10th Street reconstruction from 4th Avenue to 12th Avenue, in 2018.

The lift station on 10th Street N, north of 4th Avenue was last upgraded in 1977. The 1977 project provided for separation of storm sewer flow from sanitary sewer flow. The lift station is currently on BNSF property and has seen limited maintenance by them. The intent is to replace the existing lift station and relocate it to City right-of-way for long-term ease of maintenance by the City. The cities "Master Services Agreement" was used as the vehicle to solicit cost proposals from already pre-approved consultants to perform storm sewer lift station replacement design services. Houston Engineering was selected as the project consultant. The original approved agreement was for \$25,862.00.

During the design process, it was determined that the following items would be necessary to provide a complete design for relocation of the storm sewer lift station: Additional Design Services-Hydrologic & Hydraulic analysis for pipe and lift station sizing, Additional Design Services-Structural Analysis for the chosen lift station new location off Railroad Right of Way, Additional Design Services- for design of detours to install the force main pipe from the new lift station location, Additional Design Services-Project Management/Coordination/Right of Way was required beyond the original project scope to integrate the City's work with the NDDOT project and design schedule. This change order for \$62,000.00 was approved by PWPEC 9-26-17.

During the right of way purchase negotiations additional land surveyor services were needed to clear up land ownership with the railroad of the chosen location for the new lift station. This extra work amounted to \$3,887.18.

The overall corridor project has been bid and awarded thru the NDDOT. NDDOT projects require specialized record keeping, full time inspection services, and construction staking. It is

Improvement District No. BR-18-B2
PWPEC
April 25, 2018

appropriate to request the costs to provide these services from the design engineer. Houston Engineering has provided the City with the attached detailed services quote on a not to exceed hourly services basis:

Houston Engineering Construction Services including construction staking for new lift station and related work:	\$140,000.00
Braun Intertec Materials Testing Services:	<u>\$25,696.00</u>
TOTAL	\$165,696.00

The recap of engineering consultant services are as follows:

Original Contract:	\$25,862.00
Change Order 1:	\$62,000.00
Change Order 2:	<u>\$169,583.18</u> (\$3,887.18 + \$165,696.00)
Total	\$257,445.18

Funding will come from special assessments.

Recommended Motion

Approve the change order costs to the Houston Engineering, Inc. contract for \$169,583.18.

CAUTION: This email originated from an outside source. Do not click links or open attachments unless you know they are safe.

Roger,

I left you a voicemail a bit ago. I just want to make sure I get you everything you need for PWPEC. I think my comments below cover the questions you had. If you need any information beyond whats in this email, please give me a call.

- The total cost we have incurred to date for the BNSF work is \$3887.18. You may want to confirm with Jeremy and/or Shawn if there is any expectation for additional work from HEI on this task before giving a budgetary number to PWPEC. My understanding is that there is not.
- For the purposes of your memo, we had assumed that \$10,000 of the \$140,000 construction services quote would be devoted to construction staking and as-built data collection. The remaining \$130,000 would be for submittal reviews/coordination/observation/close-out.

Thanks,

Gabe Bladow, PE

Subject: RE: BR-18-B2 construction services proposal request

CAUTION: This email originated from an outside source. Do not click links or open attachments unless you know they are safe.

Roger,

Please see the attached proposal. I tried to get in contact with Jason Winter, who I believe will be the PM from Master Construction on this project, to get some information on expected commencement/completion dates for the lift station portion of the project and estimated weekly/daily working hours. He answered once but told me he hadn't looked at the plans yet 😊. So, without much information to go on, we made some assumptions as follows:

1. We will have a full-time (40 hrs/week) RPR on-site for the months of June, July, and August. In reality, we expect it to be more like 60 hours some weeks, 20 hours other weeks, and possibly some weeks where we aren't required to be there at all. The RPR on this project will be Tom Kornkven. Tom has been an engineer with us for 3 years. He has spent the bulk of those 3 years performing observation on the downtown flood control projects. He did so under the guidance of Mike Buerkley, who is our construction inspection lead at HEI. Tom has a lot of experience with reinforced concrete projects.
2. We assumed 8 hrs/week for reporting and coordination in the office. Adam Walker will lead the reporting. Adam performs the same services for the majority of NDDOT projects in our Fargo office and has over 10 years of experience doing so.
3. We assumed 4 hrs/week for general project management, coordination meetings, and additional observation. I will be performing the overall project management for this project. Time under this task will cover any required contractor, City, or NDDOT coordination meetings, as well as additional observation time required of myself, or of our structural engineers.
4. The remaining cost in the proposal includes costs for submittal review, construction staking, construction material testing, electrical and controls (submittal review, observation as needed, and start-up services), project closeout and "as-constructed" documents.

Also, we have some outstanding time that hasn't been billed yet for the assistance that Jim Schlieman provided for the BNSF property acquisition. I was waiting to see if we were asked to provide construction services before submitting an amendment to our original contract. If our proposal is acceptable, I could add that on as a separate task and submit the whole package as a contract amendment. If not, I can do a separate contract amendment for that work. Please advise.

Page 95

Please review and let us know if you would like us to make any adjustments to the provided scope. I will be out of the office this afternoon but should be in all day Wednesday and Thursday if you need to call me. Otherwise, I'll be available via email this afternoon.

Thanks,

Gabe Bladow, PE

Subject: City of Fargo MSA Project No. BR-18-B2 – Construction Services for a New Storm Sewer Lift Station

Dear Roger:

Houston Engineering, Inc. (HEI) appreciates the opportunity to submit this proposal and offer the City of Fargo (City) construction services for City of Fargo Project No. BR-18-B2. We are excited about this project and will use our recent and relevant experience providing construction services for similar projects in the downtown area throughout this project.

Based on our knowledge of the project and the design that has been completed to date, HEI proposes the following scope items to provide services during construction of the new storm sewer lift station, appurtenances, and incidental work. We have also included any assumptions that went into developing the scope and cost proposal.

- HEI and our subconsultants will provide construction services for the project items related to construction of the storm sewer lift station, which generally consists of all items in Section 199, Sheets 25-66 of the overall plan set. This includes contractor submittal review, construction staking, construction observation, construction reporting and record keeping, and as-built drawing completion. All tasks will be completed to NDDOT standards, and in cooperation with NDDOT and City inspections which are being completed for the additional portions of the overall project.
- The proposal assumes a 12-week construction period for which HEI will provide full time construction observation (40 hours/week), construction reporting (8 hours/week), and construction coordination (4 hours/week).

Roger Kluck
April 24, 2018
Page 2

- HEI's electrical subconsultant (JK Engineers) will complete submittal review for all electrical and controls related items. JK Engineers will also provide additional observation for electrical and controls construction as needed, which will include assistance with start-up.
- HEI's subconsultant (Braun Intertec) will provide materials testing during construction. A copy of their cost-based proposal is attached to this letter. The total cost for testing services is dependent on the schedule for concrete pours which is unknown at this time. It is possible that the cost for testing will be reduced, but will not exceed the cost in the quote.

The principal HEI team assigned to this project is as follows:

Gabe Bladow

As Project Manager, Gabe will use his knowledge from the design of the 10th Street storm sewer lift station for the City to ensure the construction phase of this project goes smoothly. Throughout his time at HEI, Gabe has been in charge of designing lift station hydraulics for sanitary sewer, storm sewer, and flood protection lift stations for the City of Fargo, City of Minot, the F-M Diversion Authority, and other municipalities.

Adam Walker

Adam will lead all construction services for this project. He has served as Project Manager on numerous NDDOT construction engineering projects and will use that knowledge to ensure NDDOT standard requirements during construction from NDDOT bid award through final payment to the contractor are met. Adam currently holds numerous NDDOT certifications and trainings including Asphalt Pavement Inspection, Traffic Control Supervisor Training, and Erosion & Sediment Control Training.

Tom Kornkven

Tom will provide the City with construction observation services for the new 10th Street storm sewer lift station. Tom performed observation throughout the entire construction on the 2nd Street/Downtown Flood Risk Management projects, giving him insight into your specific needs. Throughout this project he became very familiar with the City's expectations and will use his learned knowledge on this project.

Roger Kluck
April 24, 2018
Page 3

HEI proposes to complete the City's scope for BR-18-B2 for a not-to-exceed cost of **\$140,000.00**, which is based upon the scope and assumptions provided in this quote letter. Please let us know if you believe there are any errors in scope definition assumptions or if there is overlap between construction services proposed to be provided by HEI and services provided by the City and the NDDOT.

Thank you for this opportunity, and we encourage you to contact us with any questions you may have.

Sincerely,

HOUSTON ENGINEERING, INC.

Proposal QTB077121

Mr. Gabe Bladow, PE
Houston Engineering, Inc.
1401 21st Avenue North
Fargo, ND 58102

Re: Proposal for Construction Materials Testing Services
10th Street North Lift Station
NDDOT Project NHU-CPU-8-081(038)927, City of Fargo Project BR-18-B1
Fargo, North Dakota

Dear Mr. Bladow:

Braun Intertec Corporation respectfully submits this proposal to provide construction materials testing services for the 10th Street North Lift Station project located in Fargo, North Dakota.

We completed the geotechnical evaluation so we have a unique understanding of the subsurface soils, site constraints and construction challenges. We can aid the construction oversight team by applying this experience and transferring our knowledge developed during the design phase, which will provide professional continuity to the construction. Our work to date on the project gives us familiarity with the project team and design development, which allows us to understand some of the considerations used when constructing the project.

Since our inception in 1957, we have grown into one of the largest employee owned engineering firms in the nation. With around 1,000 employee owners, retaining our firm gives you access to a diverse range of services and professionals you can consult with if the unforeseen occurs. The size of our company also allows us to respond quickly when schedule constraints occur.

Our office is located within five miles of the site, minimizing travel times and trip expenses. This proximity also provides the opportunity to quickly mobilize to the site when unforeseen needs arise.

Our Understanding of Project

This project will include the demolition of one lift station and two bridge abutments, and the construction of a new storm water lift station and three hundred feet of retaining wall. This project will consist of improvements to the storm water utilities, pavement subgrade preparation, aggregate base, structural backfill, new concrete curb and gutter, sidewalks, concrete pavement, retaining walls and a storm water lift station.

This project is a City of Fargo project with state funding. Projects that are constructed with state funding are required to perform Quality Control and Quality Assurance (QC/QA) testing in accordance with the North Dakota Department of Transportation's (NDDOT's) 2014 Standard Specifications for Road and Bridge Construction along with the NDDOT Field Sampling and Testing Manual. Personnel with NDDOT certifications must complete the monitoring and testing.

Braun Intertec will perform the QA field testing on the project as listed in our scope of services and as shown on our attached cost estimate table. The contractor will be responsible for performing all of the required QC testing and submitting all of the documentation upon completion of the project. An audit of the project could be conducted upon completion. The audit may include reviewing tests and paperwork provided by your QC/QA representative.

Available Project Information

This proposal was prepared using the following documents and information.

- Project plans prepared by Houston Engineering, dated August 18, 2017.
- NDDOT Standard Specifications for Road and Bridge Construction 2014.
- NDDOT Field Sampling and Testing Manual.
- Geotechnical report No. B1706258, prepared by Braun Intertec, dated July 14, 2017
- Correspondence with Mr. Gabe Bladow with Houston Engineering in regards to our scope of services.

Braun Intertec Project Personnel

For this project, we will provide technicians that are NDDOT certified in each specialized field. For the proposed scope of services, our staff will have the following certifications:

- Soils Field Tester
- Aggregate Tester
- ACI Concrete Field Testing Technician – Grade 1

Scope of Services

We will provide NDDOT certified technicians working under the direction of a registered professional engineer to perform our testing services. Our testing services will be performed on an on-call, as-needed basis as requested and scheduled by you or the project contractors. We have reviewed the available project information and based on our discussions with you propose to provide the testing items listed below.

Soil Related Services

- Observe and evaluate the soils exposed in the bottoms of excavations to evaluate if the soils are similar to those encountered by soil borings associated with the referenced geotechnical report, and suitable for support of excavation backfill, additional required fill, and the project's structural design loads.
- Perform laboratory mechanical analyses (gradations) of prospective granular materials.

- Sample and perform laboratory Proctor tests to evaluate the maximum standard Proctor dry densities and optimum moisture contents of prospective backfill and subgrade materials.
- Test compacted backfill and fill placed below sidewalks, and in areas for which compaction specifications have been provided, to evaluate the relative compaction achieved.

Concrete Related Services

- Sample and perform laboratory mechanical analysis (gradations) of the concrete aggregates.
- Sample and perform moisture content testing of the concrete aggregates.
- Sample and test the plastic concrete for slump, air content, temperature, unit weight and prepare test cylinders for laboratory compressive strength testing with ACI level 1 field technicians.
- Perform laboratory compressive strength testing of the concrete strength specimens.

Project Communication and Reporting Services

- Review test results and observation reports.
- Management, including scheduling of our field personnel, and communication with the contractor and design team.
- Transmit results one or two times per week to the contractor and design team.

Assumptions

The costs associated with the proposed scope of services were estimated using several assumptions. If the construction schedule is modified, the plans change, or the contractor completes the various phases of the project at different rates than are assumed herein, or at rates that require more tests, hours per trip or trips, we may need to adjust the overall cost accordingly. The scope of work and number of trips required to perform these services are as shown in the attached table. Notable assumptions in developing our estimate include:

- Assumptions regarding the quantity of lab tests and number of hours for testing and sampling are outlined in the attached cost estimate table. As the contractor's schedule becomes available and designs are finalized, please review this proposed scope of work to determine if the project's needs and budget will be met.
- Ready mix concrete will consist of 1 fine aggregate and 2 coarse aggregates.
- We assume the project engineer of record will review and approve the contractor's quality control submittals and test results.
- You, or others you may designate, will provide us with current and approved plans and specifications for the project. Modification to these plans must also be sent to us so we can review their incorporation into the work.
- No special site specific training or gear is required to complete our scope of services.

- We require a minimum of 24 hours' notice for scheduling inspections for a specific time. Shorter than 24 hours' notice may impact our ability to perform the requested services, and the associated impacts will be the responsibility of others.

Cost

We will furnish the services described in this proposal for an estimated fee of **\$25,696.00**. A cost estimate table showing hourly and unit rates associated with our proposed scope of services is attached. The actual cost of our services will be based on the actual units or hours expended to meet the requirements of the project documents.

Because our services are directly controlled by the schedule and performance of others, the actual cost may vary from our estimate. Invoices for our services will be based on the actual number of hours provided for the project and the units tested. It is difficult to project all of the services and the quantity of services that may be required for any project. If services are required that are not discussed above, we will provide them at the rates shown in the attached table or, if not shown, at our current Schedule of Charges. We will invoice you on a monthly basis.

General Remarks

We will be happy to meet with you to discuss our proposed scope of services further and clarify the various scope components.

We appreciate the opportunity to present this proposal to you. After reviewing this proposal, **please sign and return one copy to our office as notification of acceptance and authorization to proceed**. If anything in this proposal is not consistent with your requirements, please let us know immediately. Braun Intertec will not release any written reports until we have received a signed agreement. Also, ordering services from Braun Intertec constitutes acceptance of the terms of this proposal including the attached General Conditions.

The proposed fee is based on the scope of services described and the assumption that our services will be authorized within 30 days and that others will not delay us beyond our proposed schedule.

------------------------	--------------------

Section 1: Agreement

1.1 Our agreement with you consists of these General Conditions and the accompanying written proposal or authorization ("Agreement"). This Agreement is the entire agreement between you and us. It supersedes prior agreements. It may be modified only in a writing signed by us, making specific reference to the provision modified.

1.2 The words "you," "we," "us," and "our" include officers, employees, and subcontractors.

1.3 In the event you use a purchase order or other documentation to authorize our scope of work ("Services"), any conflicting or additional terms are not part of this Agreement. Directing us to start work prior to execution of this Agreement constitutes your acceptance. If, however, mutually acceptable terms cannot be established, we have the right to terminate this Agreement without liability to you or others, and you will compensate us for fees earned and expenses incurred up to the time of termination.

Section 2: Our Responsibilities

2.1 We will provide Services specifically described in this Agreement. You agree that we are not responsible for services that are not expressly included in this Agreement. Unless otherwise agreed in writing, our findings, opinions, and recommendations will be provided to you in writing. You agree not to rely on oral findings, opinions, or recommendations without our written approval.

2.2 In performing our professional services, we will use that degree of care and skill ordinarily exercised under similar circumstances by reputable members of our profession practicing in the same locality. If you direct us to deviate from our recommended procedures, you agree to hold us harmless from claims, damages, and expenses arising out of your direction. If during the one year period following completion of Services it is determined that the above standards have not been met and you have promptly notified us in writing of such failure, we will perform, at our cost, such corrective services as may be necessary, within the original scope in this Agreement, to remedy such deficiency. Remedies set forth in this section constitute your sole and exclusive recourse with respect to the performance or quality of Services.

2.3 We will reference our field observations and sampling to available reference points, but we will not survey, set, or check the accuracy of those points unless we accept that duty in writing. Locations of field observations or sampling described in our report or shown on our sketches are based on information provided by others or estimates made by our personnel. You agree that such dimensions, depths, or elevations are approximations unless specifically stated otherwise in the report. You accept the inherent risk that samples or observations may not be representative of things not sampled or seen and

further that site conditions may vary over distance or change over time.

2.4 Our duties do not include supervising or directing your representatives or contractors or commenting on, overseeing, or providing the means and methods of their services unless expressly set forth in this Agreement. We will not be responsible for the failure of your contractors, and the providing of Services will not relieve others of their responsibilities to you or to others.

2.5 We will provide a health and safety program for our employees, but we will not be responsible for contractor, owner, project, or site health or safety.

2.6 You will provide, at no cost to us, appropriate site safety measures as to work areas to be observed or inspected by us. Our employees are authorized by you to refuse to work under conditions that may be unsafe.

2.7 Unless a fixed fee is indicated, our price is an estimate of our project costs and expenses based on information available to us and our experience and knowledge. Such estimates are an exercise of our professional judgment and are not guaranteed or warranted. Actual costs may vary. You should allow a contingency in addition to estimated costs.

Section 3: Your Responsibilities

3.1 You will provide us with prior environmental, geotechnical and other reports, specifications, plans, and information to which you have access about the site. You agree to provide us with all plans, changes in plans, and new information as to site conditions until we have completed Services.

3.2 You will provide access to the site. In the performance of Services some site damage is normal even when due care is exercised. We will use reasonable care to minimize damage to the site. We have not included the cost of restoration of damage in the estimated charges.

3.3 If we notify you that radiographic or gamma ray equipment or other nuclear testing or measuring device will be used, you will be responsible for the cooperation of your employees and your contractors in observing all radiation safety standards.

3.4 You will notify us of any knowledge or suspicion of the presence of hazardous or dangerous materials present on any work site. If we observe or suspect the presence of contaminants not anticipated in this Agreement, we may terminate Services without liability to you or to others, and you will compensate us for fees earned and expenses incurred up to the time of termination.

3.5 The time our field personnel spend on the job site depends upon the scheduling of the work we are observing or testing. You agree that any changes in scheduling may result in additional

costs and agree to pay for those services at the rates listed in our cost estimate.

3.6 You agree to include us as an indemnified party in your contracts, if any, for work by others on the project, protecting us to the same degree as you are protected. You agree to list us as an Additional Insured under your liability insurance policies and to require subrogation be waived against us and that we will be added as an Additional Insured on all policies of insurance, including any policies required of your contractors or subcontractors, covering any construction or development activities to be performed on the project site.

Section 4: Reports and Records

4.1 Unless you request otherwise, we will provide our report(s) in an electronic format.

4.2 Our reports, notes, calculations, and other documents and our computer software and data are instruments of our service to you, and they remain our property. We hereby grant you a license to use the reports and related information we provide only for the related project and for the purposes disclosed to us. You may not transfer our reports to others or use them for a purpose for which they were not prepared without our written approval. *You agree to indemnify, defend, and hold us harmless from claims, damages, losses, and expenses, including attorney fees, arising out of such a transfer or use.*

4.3 If you do not pay for Services in full as agreed, we may retain work not yet delivered to you and you agree to return to us all of our work that is in your possession or under your control.

4.4 Electronic data, reports, photographs, samples, and other materials provided by you or others may be discarded or returned to you, at our discretion, unless within 15 days of the report date you give us written direction to store or transfer the materials at your expense.

Section 5: Compensation

5.1 You will pay for Services as stated in this Agreement. If such payment references our Schedule of Charges, the invoicing will be based upon the most current schedule. An estimated amount is not a firm figure. You agree to pay all sales taxes and other taxes based on your payment of our compensation. Our performance is subject to credit approval and payment of any specified retainer.

5.2 You will notify us of billing disputes within 15 days. You will pay undisputed portions of invoices upon receipt. You agree to pay interest on unpaid balances beginning 30 days after invoice dates at the rate of 1.5% per month, or at the maximum rate allowed by law.

5.3 If you direct us to invoice a third party, we may do so, but you agree to be responsible for our compensation unless the third party is

creditworthy (in our sole opinion) and provides written acceptance of all terms of this Agreement.

5.4 Your obligation to pay for Services under this Agreement is not contingent on your ability to obtain financing, governmental or regulatory agency approval, permits, final adjudication of any lawsuit, your successful completion of any project, receipt of payment from a third party, or any other event. No retainage will be withheld.

5.5 If you do not pay us in accordance with this Agreement, you agree to reimburse all costs and expenses for collection of the moneys invoiced, including but not limited to attorney fees and staff time.

5.6 You agree to compensate us in accordance with our Schedule of Charges if we are asked or required to respond to legal process arising out of a proceeding related to the project and as to which we are not a party.

5.7 If we are delayed by factors beyond our control, or if project conditions or the scope or amount of work changes, or if changed labor conditions result in increased costs, decreased efficiency, or delays, or if the standards or methods change, we will give you timely notice, the schedule will be extended for each day of delay, and we will be compensated for costs and expenses incurred in accordance with our Schedule of Charges.

5.8 If you fail to pay us in accordance with this Agreement, we may consider the default a total breach of this Agreement and, at our option, terminate our duties without liability to you or to others, and you will compensate us for fees earned and expenses incurred up to the time of termination.

5.9 In consideration of our providing insurance to cover claims made by you, you hereby waive any right to offset fees otherwise due us.

Section 6: Disputes, Damage, and Risk Allocation

6.1 Each of us will exercise good faith efforts to resolve disputes without litigation. Such efforts will include, but not be limited to, a meeting(s) attended by each party's representative(s) empowered to resolve the dispute. Before either of us commences an action against the other, disputes (except collections) will be submitted to mediation.

6.2 *Notwithstanding anything to the contrary in this Agreement, neither party hereto shall be responsible or held liable to the other for punitive, indirect, incidental, or consequential damages, or liability for loss of use, loss of*

business opportunity, loss of profit or revenue, loss of product or output, or business interruption.

6.3 You and we agree that any action in relation to an alleged breach of our standard of care or this Agreement shall be commenced within one year of the date of the breach or of the date of substantial completion of Services, whichever is earlier, without regard to the date the breach is discovered. Any action not brought within that one year time period shall be barred, without regard to any other limitations period set forth by law or statute. We will not be liable unless you have notified us within 30 days of the date of such breach and unless you have given us an opportunity to investigate and to recommend ways of mitigating damages. You agree not to make a claim against us unless you have provided us at least 30 days prior to the institution of any legal proceeding against us with a written certificate executed by an appropriately licensed professional specifying and certifying each and every act or omission that you contend constitutes a violation of the standard of care governing our professional services. Should you fail to meet the conditions above, you agree to fully release us from any liability for such allegation.

6.4 *For you to obtain the benefit of a fee which includes a reasonable allowance for risks, you agree that our aggregate liability for all claims will not exceed the fee paid for Services or \$50,000, whichever is greater. If you are unwilling to accept this allocation of risk, we will increase our aggregate liability to \$100,000 provided that, within 10 days of the date of this Agreement, you provide payment in an amount that will increase our fees by 10%, but not less than \$500, to compensate us for the greater risk undertaken.* This increased fee is not the purchase of insurance.

6.5 *You agree to indemnify us from all liability to others in excess of the risk allocation stated herein and to insure this obligation. In addition, all indemnities and limitations of liability set forth in this Agreement apply however the same may arise, whether in contract, tort, statute, equity or other theory of law, including, but not limited to, the breach of any legal duty or the fault, negligence, or strict liability of either party.*

6.6 This Agreement shall be governed, construed, and enforced in accordance with the laws of the state in which our servicing office is located, without regard to its conflict of laws rules. The laws of the state of our servicing office will govern all disputes, and all claims shall be heard in the state or federal courts for that state. Each of us waives trial by jury.

6.7 No officer or employee acting within the scope of employment shall have individual liability for his or her acts or omissions, and you agree not to make a claim against individual officers or employees.

Section 7: General Indemnification

7.1 *We will indemnify and hold you harmless from and against demands, damages, and expenses of others to the comparative extent they are caused by our negligent acts or omissions or those negligent acts or omissions of persons for whom we are legally responsible. You will indemnify and hold us harmless from and against demands, damages, and expenses of others to the comparative extent they are caused by your negligent acts or omissions or those negligent acts or omissions of persons for whom you are legally responsible.*

7.2 To the extent it may be necessary to indemnify either of us under Section 7.1, you and we expressly waive, in favor of the other only, any immunity or exemption from liability that exists under any worker compensation law.

Section 8: Miscellaneous Provisions

8.1 We will provide a certificate of insurance to you upon request. Any claim as an Additional Insured shall be limited to losses caused by our negligence.

8.2 You and we, for ourselves and our insurers, waive all claims and rights of subrogation for losses arising out of causes of loss covered by our respective insurance policies.

8.3 Neither of us will assign or transfer any interest, any claim, any cause of action, or any right against the other. Neither of us will assign or otherwise transfer or encumber any proceeds or expected proceeds or compensation from the project or project claims to any third person, whether directly or as collateral or otherwise.

8.4 This Agreement may be terminated early only in writing. You will compensate us for fees earned for performance completed and expenses incurred up to the time of termination.

8.5 If any provision of this Agreement is held invalid or unenforceable, then such provision will be modified to reflect the parties' intention. All remaining provisions of this Agreement shall remain in full force and effect.

8.6 No waiver of any right or privilege of either party will occur upon such party's failure to insist on performance of any term, condition, or instruction, or failure to exercise any right or privilege or its waiver of any breach.

May 2, 2018

Honorable Board of City
Commissioners
City of Fargo
Fargo, ND

Re: Improvement District No. BN-18-A1

Dear Commissioners:

Bids were opened at 11:30 AM on Wednesday, May 2, 2018, for Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights & Incidentals, Improvement District No. BN-18-A1, located at Bison Meadows Addition Underground and Paving Phase II.

The bids were as follows:

KPH, Inc.	\$2,075,244.22
Dakota Underground Co., Inc.	\$2,313,550.49
Engineer's Estimate	\$2,551,361.25

The special assessment escrow is not required.

This office recommends award of the contract to KPH, Inc. in the amount of \$2,075,244.22 as the lowest and best bid. No protests have been received.

Sincerely,

Thomas Knakmuhs
Division Engineer

TAK/jmg

ENGINEER'S STATEMENT OF ESTIMATED COST
IMPROVEMENT DISTRICT # BN-18-A1
Sanitary Sewer, Water Main, Storm Sewer, Paving, Street Lights & Incidentals

Bison Meadows Addition Underground and Paving Phase II

WHEREAS, bids have been opened and filed for the above described Improvement District for City of Fargo, North Dakota; and WHEREAS, an estimate of the cost of work is required by the engineer for the City of Fargo, North Dakota;

Honorable Board of City
Commissioners
City of Fargo
Fargo, ND

Re: Improvement District No. BR-18-G1

Dear Commissioners:

Bids were opened at 11:30 AM on Wednesday, May 2, 2018, for Water Main Replacement, Street Reconstruction & Incidentals, Improvement District No. BR-18-G1, located at 4th Street South from 2nd Street South to 13th Avenue South, 10th Avenue South from 4th Street South to the east, 11th Avenue South from 4th Street South to the east.

The bids were as follows:

KPH, Inc.	\$3,285,292.32
Dakota Underground Co.	\$3,375,469.10
Master Construction	\$3,761,968.00

Engineer's Estimate	\$3,050,051.00
---------------------	----------------

The special assessment escrow is not required.

Two protests have been received amounting to less than 1% of the Improvement District. We recommend that protests be declared insufficient and the contract be awarded KPH, Inc. in the amount of \$3,285,292.32 as the lowest and best bid.

Sincerely,

Thomas Knakmuhs
Division Engineer

ENGINEER'S STATEMENT OF ESTIMATED COST
IMPROVEMENT DISTRICT # BR-18-G1
Water Main Replacement, Street Reconstruction & Incidentals

215 Remove Street Light	EA	1.00	260.00	260.00
216 F&I Base 5' Deep Reinf Conc	EA	1.00	1,150.00	1,150.00
217 Remove Base	EA	1.00	260.00	260.00
218 F&I Conductor #6 USE Cu	LF	480.00	1.30	624.00
219 F&I Innerduct 1.5" Dia	LF	160.00	9.50	1,520.00
220 F&I Luminaire Type A	EA	1.00	1,300.00	1,300.00
221 F&I Light Standard Type A	EA	1.00	1,100.00	1,100.00
11th Avenue S/Street Lighting - 11Ave Total				6,214.00

11th Avenue S/Signing - 11Ave

222 F&I Sign Assembly & Anchor	EA	3.00	72.00	216.00
223 F&I Diamond Grade Cubed	SF	6.25	21.00	131.25
224 F&I Engineering Grade	SF	10.00	14.50	145.00
11th Avenue S/Signing - 11Ave Total				492.25

6 Ave Speed Table

225 Remove Pavement All Thicknesses All Types	SY	110.00	12.00	1,320.00
226 Remove Curb & Gutter	LF	105.00	7.00	735.00
227 Remove Sidewalk All Thicknesses All Types	SY	15.00	9.00	135.00
228 F&I Pipe w/GB SDR 26 - 12" Dia PVC	LF	57.00	85.00	4,845.00
229 Connect Pipe to Exist Structure	EA	1.00	1,050.00	1,050.00
230 F&I Inlet - Single Box (SBI) Reinf Conc	EA	2.00	2,850.00	5,700.00
231 F&I Woven Geotextile	SY	140.00	2.00	280.00
232 F&I Class 5 Agg - 8" Thick	SY	140.00	9.00	1,260.00
233 F&I Edge Drain 4" Dia PVC	LF	105.00	5.50	577.50
234 F&I Curb & Gutter Standard (Type II)	LF	105.00	18.50	1,942.50
235 F&I Pavement 9" Thick Reinf Conc	SY	110.00	61.00	6,710.00
236 Inlet Protection - Existing Inlet	EA	4.00	115.00	460.00
237 Inlet Protection - New Inlet	EA	2.00	130.00	260.00
238 Traffic Control - Type 1	LS	1.00	1,000.00	1,000.00

6 Ave Speed Table Total 26,275.00

Total Construction in \$ 3,285,292.32

Engineering	9.08 %	298,304.54
Legal & Misc	3.00 %	98,558.77
Contingencies	10.00 %	328,529.23
Administration	3.70 %	121,555.82
Interest	4.00 %	131,411.69

Total Estimated Costs 4,263,652.37

Utility Funds - Wastewater - 521	244,314.00
Utility Funds - Water - 501	256,805.00
Sales Tax Funds - Infrastructure - 420	980,803.45
Special Assessments	2,714,098.00
Sales Tax Funds - Flood Control - 460	67,632.00

Unfunded Costs -0.08

IN WITNESS THEREOF, I have hereunto set my hand and seal

Date: 05/03/2018

Tom Knakmuhs
 Division Engineer
