New Change Order Policy for City Contracts Adopted:

The Board received a communication from City Administrator Pat Zavoral stating the City has a policy dealing with change orders which reads, "PWPEC and City Commission to approve change orders exceeding 10% of the original contract amount or exceeding \$25,000; City Engineer to approve change orders for amounts less than the lesser of \$25,000 or 10% of the original contract amount." This policy, he said, was adopted when most, if not all, of the City projects were developed in the Engineering department. He stated projects developed by other departments, such as Community Development or the Transit Department, followed this policy or adopted specific procedures for change orders directly related to their projects. Over time procedures and policies governing contract change orders have been developed into a standard practice which follows the framework of the existing policy, he said, but also has expanded the responsibilities of ad hoc building committees and department heads. He submitted a proposed re-write to the existing policy and said the proposed policy sets thresholds when change orders to contracts can be approved on the job site by staff (emergency situations) and when suggested changes to the contract need to go to the City Commission before they can be undertaken by the contractor as well as time extensions or time reductions to contracts that need to be approved.

Mr. Zavoral said the construction business and the City have become more sophisticated than when the original policy was created. This produces a need, he said, for the new policy which would allow for some review before the final decision is made but for amounts over \$25,000, the City Commission would debate the change prior to implementation.

In response to a question from Commissioner Wimmer, Mr. Zavoral said the new policy takes the issue of change orders being split to stay under the \$25,000 limit into consideration.

Commissioner Coates moved the new change order policy for City contracts be adopted.

Parcels of Land in Original Townsite Addition Rezoned (915 2nd Avenue South):

At a Hearing held on January 9, 2008 the Fargo Planning Commission recommended approval of a change in zoning from MR-3, Multi-Dwelling to DMU, Downtown Mixed Use on Lot 9, Block 16, Original Townsite Addition.

The City Auditor's Office published a Notice of Hearing stating this is the time and date set for said Hearing at which time all interested persons could appear and would be heard.

Senior Planner Jim Hinderaker stated the current MR-3 zoning for this condominium building does not meet zoning requirements and the location next to downtown makes it a good candidate for Downtown Mixed Use.

Commissioner Coates offered the following Resolution and moved its adoption:

WHEREAS, All legal requirements in connection with the above-described request for rezoning have been complied with; and

WHEREAS, There have been no written or verbal protests to the request for rezoning and no one is present to protest thereto.

Lots 7 through 11, Block 35; and

The East 97 feet of Lot 12, Block 35; and

The West 43 feet of Lot 12, Block 35.

The City Auditor's Office published a Notice of Hearing stating this is the time and date set for said Hearing at which time all interested persons could appear and would be heard.

Senior Planner Jim Hinderaker stated the request to rezone was initiated by Planning staff because the property was purchased by the Fargo Housing Authority to provide affordable housing. He said the Planning Commission discussed concerns with nearby commercial property owners regarding the possible affect on truck traffic. Planning staff also met with area property owners, he said, to discuss truck route concerns and the owners conveyed no negative impact from the rezoning.

Commissioner Coates offered the following Resolution and moved its adoption:

WHEREAS, All legal requirements in connection with the above-described request for rezoning have been complied with; and

WHEREAS, There have been no written or verbal protests to the request for rezoning and no one is present to protest thereto.

2008 Community Development Action Plan, Amendment to Transfer Unused CDBG Special Assessment Assistance Funds to the Homeless and Workforce Housing Allocation and 2008 City Social Service Fund Recommendation Approved:

A Hearing had been set for this day and hour on the 2008 Action Plan update for housing and community development resources which will be used in the next fiscal year in accordance with the community's Consolidated Plan update.

The Board received a communication from Senior Planner Dan Mahli stating the Community Development Committee is recommending approval of the submitted 2008 Community Development Action Plan and City Social Service Fund budget. Mr. Mahli also submitted an outline of the four 2008 community development goals which include Affordable Housing & Homelessness, Poverty Reduction, Community Culture and Arts and Entertainment. He said the proposed 2008 budget utilizes \$710,864 in CDBG funds, \$718,000 in HOME funds and \$288,000 in City Social Service funding. On January 12, 2008, he said, the 2008 Community Development Action Plan was advertised and made available for a 30 day public comment period of which there were no comments on the Action Plan. He stated there were two unwritten comments on the City's Social Service Fund recommendation. The comments, he said, came from the executive directors of the People's Diversity Forum and the Immigrant Development Center, both of whom were denied funding in 2008. Mr. Mahli said the Immigrant Development Center still has funds available from a CDBG allocation in 2007 to train New American entrepreneurs and the People's Diversity Forum's request is over 90% of the organization's total operating budget. The City's Social Service Fund guidelines state, he said, that organizations cannot receive more than 30% of their operating budget. Since 2005, he said, the City has expended \$1,300 of the budgeted \$150,000 in CDBG funds for the Special Assessment Assistance program which serves low income people in the community by providing assistance to pay for special assessments. In an effort to ensure that the Special Assessment Assistance funds are spent to support households that are in

greatest need, he said, the City increased the income limits to include households that earn 60% of the area median income or less in 2008. He said the 2008 budget includes \$50,000 in Special Assessment Assistance, which would be sufficient to meet needs and the recommendation is to direct the remaining balance of \$148,700 from previous years to the Homeless and Workforce Housing allocation. He said projects in the 2008 Action Plan include the following:

HOUSING REHABILITATION: \$300,000 to be available for rehabilitation of existing owner-occupied housing units. This includes \$50,000 in CDBG and \$250,000 in HOME funds.

DOWNPAYMENT ASSISTANCE: \$100,000 to be available to assist lower income families to purchase homes. This includes \$60,000 in HOME funds and the City will apply to the State of ND for \$40,000 in American Dream Downpayment Initiative funds.

SPECIAL ASSESSMENT ASSISTANCE: \$50,000 of CDBG funds to pay the special assessments of low income households for designated infrastructure projects.

AFFORDABLE HOUSING PROJECTS:

Beyond Shelter, Inc. CHDO Projects - \$100,000 in HOME funds for housing at 414 11 Street North.

DOWNTOWN PROJECTS: \$150,000 in CDBG funds for projects that address slum and blight conditions in downtown Fargo.

CHARISM - \$40,000 of CDBG funds to help fund a refugee service coordinator and outreach.

Fargo Emergency Shelter - \$27,000 in CDBG funds to provide operating support at the emergency shelter in Fargo.

Metropolitan Transportation Initiative - \$5,000 in CDBG funds to support transportation services for low income individuals in Fargo.

Snow Removal Assistance - \$2,000 in CDBG funds to offer emergency snow removal assistance to low income senior households.

Native American Programs building - \$2,000 in CDBG funds to maintain the Native American Programs building and parking lot at 324 & 320 7th Street North.

FACILITIES/CAPITAL:

Jefferson Area Neighborhood Association - \$12,000 in CDBG funds for improvements at Jefferson Park West.

YWCA of Cass Clay - \$13,000 in CDBG funds to upgrade the security and surveillance system at the YWCA emergency shelter.

Mert Armstrong Center - \$10,290 in CDBG funds to repair the ceiling at the Mert Armstrong Center.

ADMINISTRATION: \$142,000 in CDBG funds for project development, planning, and administrative costs associated with the delivery of the CDBG program. HOME funds will provide an additional \$48,000 for administration.

In response to a question from Commissioner Mahoney, Mr. Mahli said he has been working with Family Healthcare Center Executive Director Patricia Patron to determine the amount of work needed before they are included in the future budget.

Commissioner Coates moved the 2008 Community Development Action Plan be approved and staff be directed to submit the plan to the U.S. Department of Housing and Urban Development, which includes an amendment to transfer unused CDBG Special Assessment Assistance funds to the Homeless and Workforce Housing allocation.
