He said the agreement that addressed extraterritorial zoning on the north side of town has expired and on the south side of town, the outcome of the disputes with Horace regarding annexation has left portions of the Fargo extraterritorial zoning jurisdiction not contiguous to Fargo. Annexation by both cities, he stated, has eliminated the need for some portions of the previous agreement. He submitted a new extraterritorial zoning and annexation agreement with the City of West Fargo and this agreement retains the relevant aspects of the current agreements and extends the term for 10 years with the following provisions:

- Fargo may annex a small parcel of property along the Sheyenne River on the north side of 52nd Avenue South. The City of Fargo owned parcel is adjacent to the city water intake on the river.
- West Fargo may annex other parcels of property north of 52nd Avenue South that are already surrounded by the City of West Fargo.
- Fargo may annex parcels of land in Section 5 of Stanley Township on the east side of the Sheyenne River.
- The extraterritorial zoning jurisdiction boundary on the north side of town will follow the same boundary as the previous agreement.
- The agreement retains language that improvements on arterial and collector roads along the boundaries of the Cities of Fargo and West Fargo will be allocated equally between Fargo and West Fargo.

Payment of Special Assessment Taxes Levied Against North Dakota Horse Park Deferred Until February 15, 2012:

The Board received a communication from Heather Benson, General Manager of the North Dakota Horse Park, and Dr. James Tilton, Executive Board President of Horse Race North Dakota, asking for a thirty-six month deferral on their special assessment taxes levied on Parcel 01-6560-00100-000 and Parcel 01-6560-00200-000. They said the 2008 statement of taxes requires the first payment on the Special Assessment taxes to occur February 15, 2009 and they would like to defer this payment until February 15, 2012. The request for deferment, they said, is part of an ongoing effort to allow additional time for development to occur on the parcel immediately to the east of the North Dakota Horse Park. Sheyenne Development, they said, is actively pursuing projects on the adjoining parcel to satisfy the taxation requirements of the TIF District. In addition, they said, the North Dakota Horse Park is actively pursuing development on its property as well as creating a more stable financial base from which to refund any outstanding taxes by 2012. Thirty six months, they said, would give sufficient time for these projects to occur.

City Administrator Pat Zavoral stated the thirty -six month deferral will allow for development of the adjacent properties which will help with specials along the way.

Heather Benson, General Manager of the North Dakota Horse Park, said the Horse Park consists of two non-profit entities and the deferral will allow a little more time to see development take place. She said the organization is in the midst of developing a 5 year plan to increase revenue which includes plans for more year-round equine events.

Commissioner Wimmer said this is a chance for economic development and tourism to help make the Horse Park successful.

In response to a question from Commissioner Mahoney regarding how things would be different in three years and plans in the event the deferral request is denied, Ms. Benson said she has only been with the Horse Park since March but has already added a dozen new equine events in 2009 and is planning for more year-round events. She said if the request is denied, major number crunching will occur. Ms. Benson said NDSU is also working on year-round events including horse shows, PRC rodeos and possible kennel club events - making it truly a North Dakota race park.

In response to a question from Commissioner Williams regarding funding from the FM Convention Bureau, Ms. Benson said she plans on working more closely with them but the special assessment payment is rather large for them. She said \$118,000 is due February 15, 2009.

In response to questions from Mayor Walaker regarding attendance and setting aside money for taxes, Ms. Benson said attendance is up 38% and the 5-year plan will include the funds for repayment in the budget.

Commissioner Wimmer said he supports the deferral to help the Horse Park succeed by encouraging development. He said the Horse Park is an asset to the area.

Commissioner Mahoney moved payment of special assessment taxes levied against North Dakota Horse Park property be deferred until February 15, 2012, with an annual review by the City Commission.

Variance of the City's 30-Day Waiting Period Guideline for Transfer of Gaming Operations Approved:

The Board received a communication from. Randy Thorson, President of Mr. G's, stating Mr. G's currently has a lease agreement with the North Dakota Association for the Disabled, Inc. (NDAD) for the organization's charitable gaming. He said NDAD has requested that they be released from this lease agreement and that Mr. G's find another organization to take its place and the Fargo Youth Commission is willing and ready to commence charitable gaming at Mr. G's as soon as January 1, 2009. Mr. Thorson said Gambling Guidelines adopted by the Fargo City Commission state that a third site operated by a charitable organization must be vacant of any gaming for thirty days prior to approval and the Mr. G's location will be the third gaming site for the Fargo Youth Commission. Because this is a voluntary vacation of the gaming operation by NDAD and for the benefit of the Fargo Youth

Commission, Mr. Thorson said he is requesting that a variance of the 30-day waiting period between the two gaming leases be granted. He submitted a letter from the Fargo Youth Commission supporting the waiver of the 30-day waiting period.

Gaming Auditor Terri Leier-Sprenger said in 2005, charities were only allowed 2 gaming sites and upon review, a 30-day waiting period was put into place in order to prevent pirating when charities wanted a third location. She stated NDAD volunteered to leave so it does not appear to be pirating. She said the Fargo Youth Commission has had 2 gaming sites in Fargo for many years and should be able to handle a third site. The waiting period, she said, allows time for background checks and completion of a Limited Scope Review.

Commissioner Wimmer moved, in consideration of this unique situation, the variance to the City's 30-day waiting period guideline for transfer of gaming operations at Mr. G's be approved.

Second by Piepkorn. On call of the roll Commissioners Wimmer, Piepkorn, Mahoney, Williams and Walaker voted aye.

Discussion Regarding the Amendment to "The Mayor's Committee on Site Access, 1991 Year End Report" Postponed to January 12, 2009:

The Board received a communication from Planner Nate Bailly and Civic Auditorium Director Bob Getz, recommending that the "The Mayor's Committee on Site Access, 1991 Year End Report" be amended. They stated the purpose of the document is to ensure that the City of Fargo's buildings are in compliance with Section 504 of the Rehabilitation Act of 1973 (as amended) and the Americans with Disabilities Act (ADA), which requires all places of public accommodation and businesses with 15 or more employees to provide equal access to services and prohibits discrimination in employment. In response to a citizen inquiry, they stated, the report has been amended to reflect the designation of ADA Co-Coordination, clarification of the Grievance Procedure and clarification of the City's responsibility to notify citizens of its ADA compliance, which includes appropriate posting of information on the City's website.

City Administrator Pat Zavoral stated the person making the inquiry is not able to be here and she was instrumental in bringing attention to this item. He said there are also sections of the amendment that need further discussion by staff.

Amendment to the Agreement for Transit Services with NDSU for an Additional NDSU Bus Route Approved:

The Board received a communication from Planning Director Jim Gilmour recommending that an additional on-campus bus route be added. He said the route, which would connect with 13A and 13B, would also provide access between the main campus and a hotel, several restaurants and housing. He stated NDSU is willing to provide the money needed for the cost of this new route and has worked with City Attorney Erik Johnson to amend one of the existing transit agreements to provide money for this route. The current agreement, he stated, runs to August 17, 2009 and the route can be continued beyond that date as part of the transit agreements for the 2009-2010 school year.

Transit Administrator Julie Bommelman said the new route will feed into existing routes, serving more of the NDSU campus and the Stop-N-Go area. She said this agreement will terminate in August so there will be opportunity to test it out.
