

**FLOOD DIVERSION BOARD OF AUTHORITY  
APRIL 14, 2016—3:30 PM**

**1. MEETING TO ORDER**

A meeting of the Flood Diversion Board of Authority was held Thursday, April 14, 2016, at 3:30 PM in the Fargo City Commission Room with the following members present: Cass County Commission representative Darrell Vanyo; Cass County Commissioner Mary Scherling; West Fargo City Commissioner Mike Thorstad; Fargo City Mayor Tim Mahoney; Fargo City Commissioner Mike Williams; Cass County Joint Water Resource District Manager Mark Brodshaug; Clay County Commissioner Kevin Campbell; and Moorhead City Council Member Nancy Otto. Also present was ex-officio member Gerald VanAmburg, Buffalo-Red River Watershed District. Fargo City Commissioner Melissa Sobolik was absent.

Staff members and others present: Cass County Administrator Keith Berndt; Fargo City Administrator Bruce Grubb; Moorhead City Manager Mike Redlinger; Cass County Engineer Jason Benson; Fargo City Director of Engineering Mark Bittner; Fargo City Engineer April Walker; Moorhead City Engineer Bob Zimmerman; Tom Dawson, Chairman, Chamber of Commerce Business Leaders Taskforce; Martin Nicholson, CH2M Hill; and Terry Williams, Project Manager, Corps of Engineers.

**2. MINUTES APPROVED**

***MOTION, passed***

**Mr. Campbell moved and Ms. Otto seconded to approve the minutes from the March 31, 2016, meeting as presented. Motion carried.**

**3. AGENDA ORDER**

***MOTION, passed***

**Mrs. Scherling moved and Ms. Otto seconded to approve the order of the agenda. Motion carried.**

**4. MANAGEMENT UPDATE**

**Program management consultant (PMC) report**

Martin Nicholson provided an update on activities over the last month including coordination with the North Dakota State Water Commission on the dam permit; continued support and coordination of the MN EIS process and Minnesota dam safety permit; and release of the updated program cost estimate. He said priority areas for April and May include development of a financial plan, approval of the Joint Powers Agreement (JPA), development of the Project Partnership Agreement (PPA); and advancement of the Public Private Partnership (P3).

Ty Smith from CH2M provided an update on in-town levee work, Park East Apartments and Howard Johnson property demolitions, El Zagal Phase 2 levee construction, and Mickelson levee extension construction.

**Corps of Engineers report**

Terry Williams provided an update of activities by Corps of Engineers staff which includes final review of the diversion inlet control structure; continued assistance to the MN DNR in preparation of the final MN EIS scheduled for completion in May 2016; coordination with North Dakota and Minnesota on phased permitting for the southern embankment/dam; continued support of in-town levee design and construction; development of RFP and reference documents on alternate financing and split delivery plan; and coordination with Corps of Engineers headquarters and project sponsors on the PPA document.

Mr. Vanyo said a meeting is being arranged with the North Dakota State Engineer to discuss the North Dakota dam construction permit.

**5. ADMINISTRATIVE/LEGAL UPDATE**

Attorney John Shockley said all federal claims against the Corps of Engineers were dismissed on March 31<sup>st</sup>. He discussed work by the finance team on a short-term loan; review of comments submitted on the draft PPA; and work on the JPA with the goal to present the final draft for review by the board on April 28<sup>th</sup>.

**6. TECHNICAL UPDATE**Recommended Contracting Actions Summary

Ty Smith reviewed the following contracted actions with the board:

Task Order Amendment

- Terracon Consultants, Inc. Task Order No. 1 Amendment 3 (Material Testing and Abatement Monitoring)—add asbestos abatement monitoring and asbestos survey and sampling services in the amount of \$82,500.

Change Orders

- Industrial Builders, Inc. Change Order 6 (2<sup>nd</sup> Street North Pump Station)—completion milestone changes, extended warranty duration, modifications to trash rack and rake, and check valve replacement in the amount of \$43,488.99;
- Landwehr Construction Change Order 1 (2<sup>nd</sup> Street/Downtown In-Town Levees, Demolition)—removal and cleanup of unknown asbestos containing fire doors, Xcel transformer blow out, spring pavement removal, Xcel Energy and City of Fargo utility expenses, water service disconnect and unknown asbestos abatement in the amount of \$87,263.59;
- Industrial Builders, Inc. Change Order 5 (2<sup>nd</sup> Street North – South of Pump Station)—concrete grading within pump station, unit price change, bridge abutment seal, traffic signals, bridge abutment concrete disposal and floodwall connections in the amount of \$68,743.01.

Construction Contract Award

- Industrial Builders, Inc.— construction contract award (2<sup>nd</sup> Street North – North of Pump Station) in the amount of \$12,969,699.05, which was 6.3% lower than the engineer's bid estimate.

***MOTION, passed***

**Mr. Williams moved and Mrs. Scherling seconded to approve the appropriation of funds for the task order amendment, change orders and contract award as outlined, and recommend approval of the appropriation of funds by the Dakota Metro Flood Board for the Diversion Authority. On roll call vote, the motion carried unanimously.**

**7. PUBLIC OUTREACH UPDATE**Committee report

The Public Outreach Committee met on April 13<sup>th</sup>. Kevin Campbell said the committee received a right-of-entry report; reviewed the litigation ruling; reviewed the updated cost estimate; received an update on the various public outreach presentations given over the last month; and received a new handout on the common questions regarding the project.

Mr. Campbell said there has been difficulty in the past to obtain a quorum for meetings, so he asked about adding a couple people to the committee. Mr. Williams said it is a good idea to have a varied demographic to get the message out regarding the project. Mr. Vanyo does not see an issue with expanding the committee and asked for names to be forwarded for consideration. Mr. Mahoney suggested Fargo City Commissioner Tony Gehrig be added as a new member to the committee.

Business Leaders Task Force

Tom Dawson said the task force will meet on Tuesday, April 19<sup>th</sup>. He said a separate meeting will be scheduled with task force members and Moorhead City Council members.

**8. LAND MANAGEMENT UPDATE**Committee report

Mr. Mahoney said the Land Management Committee met on April 13<sup>th</sup> and approved nine property acquisitions in Oxbow, which are the last of the Oxbow buyouts. He said the Flood Diversion Authority has begun and will continue to receive proceeds from the sale of replacement lots in Oxbow.

CCJWRD update

Mark Brodshaug referred to the handout regarding land acquisitions completed through April 13, 2016, which includes completed acquisitions, budget figures, and completed negotiations. Activities from last month include preparation of the purchase agreements for the final Oxbow acquisitions; continued critical in-town property negotiations with Mid-America Steel and Case Plaza; pre-demolition activities at the Howard Johnson Hotel property; completion of a review by the Corps on all diversion inlet appraisals; and pre-property acquisition efforts for diversion inlet area lands.

**9. FINANCE UPDATE**Committee report

Mike Montplaisir, Cass County Auditor, said the Finance Committee met on April 13<sup>th</sup>. He said the cumulative spent on the project to date is almost \$200 million. He said the remainder of \$100 million in U.S. Bank loans will soon be spent, and then sales tax dollars and North Dakota state funding will be used to pay monthly expenses. Staff have been working to secure another short-term loan agreement with U.S. Bank for \$100 million to help with costs at the end of the 2016 and the beginning of 2017. The committee also approved nine property acquisitions in Oxbow.

Fredrikson & Byron, P.A. agreement

The current agreement with Fredrikson & Byron, P.A. ends on June 30<sup>th</sup>. The Finance Committee approved a new agreement for the period of July 1, 2016, to June 30, 2017, at the same rate of \$3,500 per month for government relations services. The agreement was for two years, but the committee requested a change to one year and also requested language to include additional reporting requirements.

**MOTION, passed**

**Mr. Mahoney moved and Ms. Otto seconded to approve an agreement with Fredrikson & Byron, P.A. for government relations services from July 1, 2016, to June 30, 2017. On roll call vote, the motion carried unanimously.**

Voucher approval

The bills for the month are with CCJWRD for costs associated with in-town levees, access issues, Diversion Project Assessment Committee (DPAC) work, OHB levee, and Oxbow Country Club golf course construction; Fredrikson & Byron, P.A. for government relations services; Dorsey & Whitney LLP for legal services; Erik R. Johnson & Associates, Ltd. for legal services; Ohnstad Twichell, P.C. for P3 bond counsel; Springsted Inc. for financial feasibility analysis services; BNSF Railroad for roadway resurfacing permit processing fee; and Clay County for property taxes on diversion-owned parcels.

Mr. Montplaisir said the vouchers total \$9.6 million—almost \$9 million is for the purchase of the Fargo School District property and its replacement property. Mr. Williams asked about the total spent on in-town projects. Mr. Montplaisir said \$51.7 million has been spent.

**MOTION, passed**

**Mr. Williams moved and Mrs. Scherling seconded to approve the vouchers in the amount of \$9,682,771.45 for March, 2016. On roll call vote, the motion carried unanimously.**

**10. NEXT MEETING DATE**

The next meeting will be held on Thursday, April 28, 2016.

11. **ADJOURNMENT**

***MOTION, passed***

**On motion by Mr. Williams, seconded by Mr. Campbell, and all voting in favor,  
the meeting was adjourned at 4:13 PM.**

Minutes prepared by Heather Worden, Cass County Administrative Assistant

**Technical Advisory Group Recommendation**

Meeting Date: 4/19/2016

**RECOMMENDATION FOR ACTION:**

The Technical Advisory Group (TAG) have reviewed and recommends approval of the following Contract Action(s).

**SUMMARY OF CONTRACTING ACTION:**

The Owner’s Representative prepared the following Contract Action(s) for the Technical Staff team:

List description of Contract Action(s):

**Houston-Moore Group, LLC**

*Task Order 15, Amendment 4 – Draft Operations Plan*

**\$79,000**

- Add scope and budget to support development of USACE Draft Water Control Manual

**BACKGROUND:**

Houston-Moore Group, LLC (HMG) is the Engineer of Record for the preparation of a Draft Operations Plan, which will inform the design of project features and provide base information for the USACE Water Control Manual. The Water Control Manual will expand upon the work done to date and incorporate the Draft Operations Plan. USACE has requested support from HMG to complete the Draft Water Control Manual by the end of September 2016.

HMG has provided these professional services under Task Order 15 from September 12, 2013, to the present time. See the table below for a summary of the amendments to the Task Order.

**Summary of Contracting History and Current Contract Action:**

Original Agreement or Amendment	Budget (\$) Change	Original Project Cost	Revised Project Cost	Project Start	Project Completion	Comments
Task Order 15 Amendment 0	\$ -	\$500,000	\$ -	12-Sep-13	30-Sep-14	Initial authorization of subtasks 2.A -2.C.
Task Order 15 Amendment 1	\$0	-	\$500,000	12-Sep-13	30-Sep-15	Extended POP to 30-Sep-15.
Task Order 15 Amendment 2	\$150,000	-	\$650,000	12-Sep-13	31-Mar-16	Extended POP to 31-Mar-16, and added funding to complete scoped activities.
Task Order 15 Amendment 3	\$0	-	\$650,000	12-Sep-13	31-Dec-16	Added requirements for monthly invoicing and status reporting. Extended POP to 31-Dec-16.
<b>Task Order 15 Amendment 4</b>	<b>\$79,000</b>	<b>-</b>	<b>\$729,000</b>	<b>12-Sep-13</b>	<b>31-Dec-16</b>	<b>Add scope and budget to support development of USACE Draft Water Control Manual</b>

**DISCUSSION:**

USACE is developing a Water Control Manual to describe and document the project operations with respect to the control of water by the project, and has requested support from HMG to complete the Manual by the end of September 2016.

The USACE requested scope of work for this Amendment 4 (Subtask 2.D) includes: review and verification of Manual work completed by USACE, provide project feature descriptions, descriptions and other information related to historic flood events on the Red River, flood forecasting plans, descriptions of interim operating procedures, draft operations plan, stakeholder and agency roles and responsibilities, preparation and review of exhibits, and an overall QA/QC review of the draft document.

HMG’s \$79,000 cost proposal for the scope work includes 600 hours of labor for management, engineering, and GIS technical labor categories. The average billing rate for this amendment is approximately \$130/hour, and the work is scheduled to be completed in approximately 5 months.

**TO15 Draft Operations Plan Budgets by Subtask:**

Subtask	Activity ID	Current Budget (\$)	Amendment 4 (\$)	Total (\$)
2.A – 2.C Draft Operations Plan	SW-1040	650,000		650,000
2.D – Draft Water Control Manual Support	SW-1040		79,000	79,000
<b>TOTAL</b>		<b>650,000</b>	<b>79,000</b>	<b>729,000</b>

The PMC reviewed HMG’s cost proposal and found it to be acceptable.

This change amount of \$79,000 is included in the FY-2016 FMDA budget.

# Task Order No. 15, Amendment ~~43~~

MFDA Purchase Order No. 165854

Draft Operations Plan

---

In accordance with Paragraph 1.01 of the Agreement between Fargo-Moorhead Flood Diversion Authority ("Owner") and Houston-Moore Group, LLC (HMG) ("Engineer") for Professional Services – Task Order Edition, dated March 8, 2012 ("Agreement"), Owner and Engineer agree as follows:

The parties agree that in the event of a conflict between prior versions of this Task Order No. 15 and this Amendment, the terms and conditions in this Amendment shall prevail, provided however, nothing herein shall preclude ENGINEER from invoicing for work authorized under prior versions of this Task Order and performed prior to effective date of this Amendment, even to the extent such prior work was revised by this Amendment. All other terms and conditions shall remain the same and are hereby ratified and affirmed by the parties.

## 1. Specific Project Data

- A. Title: DRAFT OPERATIONS PLAN
- B. Description: Provide modeling and engineering services in order to develop a project Draft Operations Plan. The Draft Operations Plan development will utilize the Phase 7.1 unsteady HEC-RAS model that extends to Drayton, ND.
- C. Background: A project Operations Plan, developed by USACE, is required prior to operation of the project. A Draft Operations Plan will inform the design of project features and address interim operation of the project. The Draft Operations Plan development will require iterative model runs to simulate the range of flooding conditions anticipated throughout the life of the project and determine the interim operation plan(s) for the project.

## 2. Services of Engineer

- A. Team meetings with Diversion Authority, PMC, and USACE:
  - 1) Participation in periodic Operations Plan Development team meetings.

Deliverables:

- 1) Meeting notes
- B. Draft Operations Plan:
  - 1) Review the 2013 flood stream gage monitoring plan and identify key input locations for the FM Diversion modeling/operations.
  - 2) Review the Manitoba Floodway and Sheyenne River Diversion Operations Plans.
  - 3) Develop calibration model runs for the 1997, 2006, 2009, 2010, 2011, and 2013 spring flood events using the latest Phase 7.1 (and Phase 8 when available) existing condition model geometry.
  - 4) Model with-project operation for the 1997, 2006, 2009, 2010, 2011, and 2013 spring flood events with the latest Phase 7.1 (and Phase 8 when available) with project

geometry. Project operation must be based on actual gage information and reasonable “real-time” estimates of ungaged inflow.

- 5) Develop a draft Technical Memorandum summarizing key HEC-RAS model input locations and the Draft Operations Plan matrix which will serve as the framework for the operations plan (Draft Operations Plan).
  - i. Submit for review to Local Sponsors, PMC, and USACE. Incorporate review comments.

Deliverables:

- 1) Draft Operations Plan
- 2) Model runs for the 1997, 2006, 2009, 2010, 2011, 2013 spring flood events using the latest model geometries

C. Operations Plan Development Iterations:

- 1) Iteration 1
  - i. Perform with-project model runs for the 1997, 2006, 2009, 2010, 2011, and 2013 historic flood events and the 10, 20-, 50-, 100-, and 500-year synthetic flood events based on the draft operations plan.
  - ii. Perform QA/QC reviews of the Iteration 1 Historic model runs.
  - iii. Refine the Draft Operations Plan based on Iteration 1 modeling.
- 2) Iteration 2
  - i. Perform with-project model runs for the 1997, 2006, 2009, 2010, 2011, and 2013 historic flood events and the 10, 20-, 50-, 100-, and 500-year synthetic flood events based on the Iteration 1 operations plan
  - ii. Perform QA/QC reviews of the Iteration 2 Historic model runs.
  - iii. Refine the iteration 1 Operations Plan based on Iteration 2 modeling.
- 3) Iteration 3
  - i. Perform with-project model runs for the 1997, 2006, 2009, 2010, 2011, and 2013 historic flood events and the 10, 20-, 50-, 100-, and 500-year synthetic flood events based on the Iteration 2 operations plan
  - ii. Perform QA/QC reviews of the Iteration 3 Historic model runs.
  - iii. Refine the iteration 2 Operations Plan based on Iteration 3 modeling.
- 4) Develop a Final Technical Memorandum summarizing operation plan. The technical memorandum shall include operation scenarios for the 6 historic events and 5 synthetic flood events.
  - i. Submit for review to Diversion Authority, PMC, and USACE. Incorporate review comments.

Deliverables:

- 1) Final Draft Operations Plan
- 2) Model runs for the 1997, 2006, 2009, 2010, 2011, 2013 spring flood events using the latest model geometries.

D. Draft Water Control Manual Support (Amendment 4)

- 1) USACE is developing a Water Control Manual to describe and document the project operations with respect to the control of water by the project. The Water Control Manual will expand upon the work done to date and incorporate the Draft Operations Plan. USACE has requested support from HMG to complete the Draft Water Control Manual by the end of September 2016.

2) Requested work tasks include: review and verification of Manual work completed by USACE, provide project feature descriptions, descriptions and other information related to historic flood events on the Red River, flood forecasting plans, descriptions of interim operating procedures, draft operations plan, stakeholder and agency roles and responsibilities, preparation and review of exhibits, and an overall QA/QC review of the draft document.

3) Deliverables:

- i. Draft chapter text
- ii. Draft exhibits

3. Owner's Responsibilities

Owner shall have those responsibilities set forth in Article 2 and in Exhibit B.

4. Times for Rendering Services

4-

<u>Subtask</u>	<u>Start Time</u>	<u>Completion Time</u>
2.A - 2.C Draft Operations Plan	September 12, 2013	December 31, 2016
<u>2.D Draft Water Control Manual Support</u>	<u>April 28, 2016</u>	<u>September 30, 2016</u>

5. Payments to Engineer

A. Owner shall pay Engineer for services rendered as follows:

- I. Compensation for services identified under Subtasks 2.A through 2.C shall be on a Time and Material basis in accordance with the Standard Hourly Rates shown in Appendix 2 of Exhibit C of the Agreement.
- II. The total compensation for services identified under the Task Order, for Subtasks 2.A through 2.C is not to exceed the amount defined in the table below.

<b>Subtask</b>	<b>Activity ID</b>	<b>Current Budget (\$)</b>	<b>Change (\$)</b>	<b>Revised Budget (\$)</b>
2.A - 2.C Draft Operations Plan	SW-1040	650,000	<u>0</u>	650,000
<u>2.D Draft Water Control Manual Support</u>	<u>SW-1040</u>	<u>0</u>	<u>79,000</u>	<u>79,000</u>
<b>TOTAL</b>		<b>650,000</b>	<b><u>79,000</u></b>	<b><u>729,000</u></b> <del>650,000</del>

B. The terms of payment are set forth in Article 4 of the Agreement and in Exhibit C.

C. When invoicing work, Engineer shall note the Activity ID (shown in the table above) associated with each invoiced activity.

D. Provide monthly invoice and status report

- I. Status report will accompany invoice, and detail work completed during the invoice period.
- II. Status report will be organized by subtask, and provide narrative of work completed on each subtask.
- III. Status of work completed will include:
  - i. Outstanding issues to resolve, expected steps to progress work, outstanding items required from Owner, Owner's Representative, or others to progress work, anticipated completion date of subtasks.
  - ii. Dates of on-call services provided, and description of the activities performed by Engineer, including any deliverables produced.
  - iii. Dates of deliverables otherwise required under the Project Management task.

6. Consultants: None

7. Other Modifications to Agreement: None

8. Attachments: None

9. Documents Incorporated By Reference: None

DRAFT

10. Terms and Conditions: Execution of this Task Order by Owner and Engineer shall make it subject to the terms and conditions of the Agreement (as modified above), which Agreement is incorporated by this reference. Engineer is authorized to begin performance upon its receipt of a copy of this Task Order signed by Owner.

The Effective Date of this Task Order is September 12, 2013.

**Technical Advisory Group Recommendation**

Meeting Date: 4/20/2016

**RECOMMENDATION FOR ACTION:**

The Technical Advisory Group have reviewed and recommend approval of the following Contract Action(s).

**SUMMARY OF CONTRACTING ACTION:**

The Owner’s Representative has reviewed and recommends the following Contract Action(s):

List description of Contract Action(s):

Description	Budget Estimate (\$)
<b>Reiner Contracting Inc.</b>	
<i>Change Order #1</i>	<b>26,997.30</b>
<ul style="list-style-type: none"> <li>WP-42H.2, El Zagal Area Flood Risk Mgmt-Phase 2 – Additional time and cost for asbestos containing material abatement, and additional time for utility disconnects.</li> </ul>	

**Summary of Contracting History and Current Contract Action:**

BACKGROUND

Reiner was the low responsive bidder for this publically bid project and the Metro Flood Diversion Authority (MFDA) board award the project to Reiner on Feb 26, 2016. The Contract was signed and executed Mar 7, 2016, Notice to Proceed was issued Mar 25, 2016, and field activities started Mar 28, 2016.

Original Agreement or Amendment	Budget (\$) Change	Original Project Cost	Revised Project Cost	Project Start	Project Completion	Comments
Original Contract	\$0.00	\$1,515,798.64	N/A	7-Mar-16	31-Oct-16	Contract Award recommended to lowest responsive bidder, Reiner Contracting Inc.
Change Order No. 1	\$26,997.30	\$1,515,798.64	\$1,546,173.94	7-Mar-16	7-Nov-16	Additional asbestos containing materials abatement.

DISCUSSION

Change Order No. 1 adds scope, cost, and time to the home demolition work, increasing the project cost \$26,997.30 and adding three (3) working days of time. Two (2) additional working days of time are recommended for utility disconnects for a total time change of five (5) days.

- Additional Asbestos Abatement** – This added scope was previously approved in WCD 001. Pre-Demolition Asbestos Containing Materials (ACM) sampling and testing provided by Techtron did not include destructive sampling because the homes were occupied. After the homes were vacated, CH2M requested that Terracon conduct additional destructive asbestos sampling of the El Zagal homes to ensure all ACM was identified. Terracon found additional ACM that requires abatement prior to demolition. CH2M provided a change proposal request to the contractor. The Contractor provided a change proposal including a time request of three (3) days and cost increase of \$26,997.30. CH2M has reviewed this cost and time extension and find them acceptable.

- 2. **Utility Disconnects** – At project start-up the Owner’s Representative initiated coordination of residential home utility disconnects on March 29, 2016 with the utility companies to get homes disconnected. Due to utility disconnections taking longer than anticipated, demolition started April 14, two (2) days after the Contractor’s scheduled start date of April 12. With the tight time schedule required on this project, CH2M recommends granting two additional days to the Milestone 1, Milestone 2 and Milestone 3 completion dates.

March 31, 2016

To: CH2M  
Attn: Tyler Smith  
Project: WP 42H.2, El Zagal Area – Phase 2  
RE: Request for Change Order #1

Mr. Smith,

As I believe you are aware, the homes scheduled for demolition are still connected to Xcel Energy's gas & electric services as of the date of this letter. An Xcel representative brought this to my attention as a result of a one-call locate ticket on Tuesday March 29, 2016 in preparation for demolition. I immediately contacted Paul Breen to coordinate the disconnects with Xcel and followed up with an email to David Buck to keep the owner informed (reference email to David Buck Re: Elz Zagal – Small Utilities, 3/29/16). David Breen later indicated that the gas & electric will be disconnected within a two-week time period from March 29. On March 30, 2016 David verbally indicated in a phone conversation that per Section 3500 of the City of Fargo Specifications, notification of termination is by the contractor.

Termination of power and gas to the eight homes scheduled to be demolished was addressed at our Pre-Construction Meeting on March 18. In my meeting notes I show discussions indicating that the gas had already been terminated but there may still be power to the homes. At that time David said he would coordinate the termination. Note that this conversation about the Xcel Energy services was not included in the meeting minutes provided on March 24 nor the updated version on March 28.

Until the above referenced phone call from the Xcel Representative, I understood that the termination of gas & electric had been taken care of. Thus we have a delay in our schedule.

At this time, I request a contract time extension be granted for each of the milestone dates in the amount of time it takes for termination of the gas and electric services to occur, presumably two-weeks or 14 calendar days.

Respectfully,  
*Thomas A. Soucek*  
Tom Soucek  
Project Manager

**WORK CHANGE DIRECTIVE**

**001**

TO: Reiner (Tom Soucek Project Manager) PROJECT NO.: WP-42H.2  
 PROJECT: El Zagal Area Flood Risk Management – Phase 2  
 OWNER: Metro Flood Diversion Authority  
 ENGINEER: Houston Moore Group  
 OWNER’S REPRESENTATIVE: CH2M

**DESCRIPTION OF WORK:**

Additional Asbestos Containing Material – Abate additional asbestos containing material identified in the homes. Continue abatement with additional asbestos work as discussed at the preparatory meeting on 3/25/16, the email provided by Terracon/CH2M on 3/25/16 and the on-site meeting conducted on 3/30/16. Exact scope definition is to be determined

**REASON FOR CHANGE(S):**

Destructive sampling could not be done during the original asbestos survey because the homes were occupied at the time. Terracon consultants conducted additional sampling after the bid opening, but before work start. Terracon identified additional materials that will need to be sampled.

**ATTACHMENTS (List Supporting Documents):**

**DESIGN IMPACT (List Impacts):**

Is the described change outside of the design parameters?  Yes /  No

If yes, DOR and USACE signoff are required and documented below:

_____ [Name], P.E. Designer of Record	_____ Date	_____ [Name] USACE PM	_____ Date
---	---------------	-----------------------------	---------------

It is understood that this Work Change Directive will not change the Contract Price or Times, but is evidence that the parties expect a Change Order to be subsequently issued reflecting the changes.

RE: CPR #1 – Added Asbestos Scope

Mr. Smith,

The following quotation is provided for the scope modification as directed in the field and as described in item #1 of Change Proposal Request #1 (CPR #1). The direct impact to the schedule for this change in scope is 3 calendar days.

ADDRESS	DESCRIPTION	SUB (Mavo Systems)	Labor	Equipment
1333 Oak St.	No Add	\$0.00		
1341 Oak St.	Mastic	\$400.00		
1313 Elm St.	Mastic, Roofing	\$3,250.00		
*1314 Elm St.	Mastic, Texture, Coating, Demo Assist	\$4,720.00	\$371.24	\$528.32
1318 Elm St.	Pipe Wrap	\$300.00		
1322 Elm St.	Wall, Ceiling Texture	\$12,500.00		
1326 Elm St.	Floor Tile, Packing	\$1,950.00		
1330 Elm St.	Floor Tile, Sink, Patch	\$1,200.00		
ALL	** Additional Supervisor Time	\$1,235.00		
<b>Subcontractor Cost</b>		<b>\$25,555.00</b>	<b>\$371.24</b>	<b>\$528.32</b>
9% Overhead		\$2,299.95	\$33.41	\$47.55
<b>Subtotal</b>		<b>\$27,854.95</b>	<b>\$404.65</b>	<b>\$575.87</b>
Profit		\$1,392.75	\$60.70	\$86.38
<b>TOTAL</b>		<b>\$29,247.70</b>	<b>\$465.35</b>	<b>\$662.25</b>

**TOTAL COST OF MODIFICATION: \$30,375.30**

\*Additional time of 4-hours estimated for the excavator to work with the asbestos contractor to load lined dumpsters for disposal at the City of Fargo Landfill

\*\*Additional Supervisor time used by Mavo Systems to help figure out unclear schedule of work  
13 hrs @ \$95.00/hr = \$1,235.00

Respectfully,

Subject: WP42H.2 El Zagal Area, Phase 2 – Project Milestone Extension Request

Dear Mr. Soucek:

We received your Change Proposal Requests on March 31, and April 13 2016 and outlining Reiner's milestone date extension and cost increase requests on the El Zagal Area – Phase 2 Project located in Fargo. Based on the information you provided, the Owner's Representative (CH2M) has the following comments and the proposed resolution as discussed below.

## **COMMENTS AND PROPOSED RESOLUTIONS**

### Small Utility Connections

Reiner requested two-weeks or 14 calendar extension for each of the milestone dates due to an alleged Owner caused delay to the termination of the gas and electric services. The Contractor is responsible for contacting utilities for disconnection per City of Fargo specification 3500 paragraph 3.1.4D. Based on the Preliminary Construction Schedule of Reiner Contracting, Submittal No. 013200-001, structure Demolition was scheduled to begin Tuesday, April 12, 2016; however, Reiner indicated verbally that the preliminary schedule had an incorrect Milestone 1 date and so work was actually scheduled to begin Monday April 11, 2016. Based on Owner's Representative daily logs, demolition began on April 13, therefore, the small utility connections had only a two day schedule impact.

**Proposed Resolution:** Two (2) working day addition to the Milestone 1, Milestone 2 and Substantial Completion Milestone dates.

### Additional Asbestos Abatement

After project award Terracon consulting conducted additional sampling for asbestos containing materials (ACM) in the homes to be demolished. Terracon's sampling/testing results indicated that the homes contained additional asbestos above what was originally included in the project scope. CH2M issued Work Change Directive 001 on April 1<sup>st</sup>, 2016 and Change Proposal Request 001 on April 6, 2016. Reiner provided a quote on April 13, 2016 requesting 3 additional days and \$30,375.30. Per verbal conversations on April

19, 2016, between Reiner CH2M and MAVO, Reiner/MAVO will provide CH2M with actual costs for this work. Additionally, the Owner and Contractor will split the \$3,250 cost for the roofing on 1313 Elm due to the unclear nature of the scope.

**Proposed Resolution:** Three (3) working days addition to the Milestone 1, Milestone 2 and Substantial Completion milestone dates. Pricing to be finalized

#### **TOTAL PROPOSED CLAIM RESOLUTION**

If Reiner agrees with the above proposed resolution, please notify CH2M and CH2M will recommend the resolution to the Owner for inclusion in a future Change Order per the General Conditions of the Contract. If Reiner does not agree with the abovementioned resolution further substantiation is required. If Reiner does not provide substantiation within a reasonable timeframe after transmittal of this letter, the issue will be closed per General Condition Article 17. Please feel free to contact me at (701) 205-3771 or [David.Buck@ch2m.com](mailto:David.Buck@ch2m.com) for questions regarding this letter.

Sincerely,

*David Buck*
