Presentation on Regional Response:

Fire Chief Steve Dirksen presented an overview on the regional response concept in North Dakota. He said there are annual grants and agreements in place with the Department of Emergency Services (DES) for the Fire Department to maintain equipment and provide technical expertise and trained personnel for emergency responses in the southeast quadrant. Training in five disciplines is emphasized, he said: high angle rescue, confined space, heavy extrication, collapse rescue and trench rescue.

Mike Mitchell Appointed to the Board of Adjustment:

The Board received a communication from Mayor Mahoney stating when the City Commission appointed Russell Ford-Dunker as a regular member of the Board of Adjustment, the Board was left without an alternate member. Staff and citizens have experienced the inability to act on matters before the Board of Adjustment numerous times due to insufficient numbers of members being present, he said, therefore, it is essential that a full contingent of members plus an alternate be appointed to the Board. He said Mike Mitchell has expressed interest in serving as an Alternate member on the Board to fill the vacant alternate member position for a term ending June 30, 2017.

Commissioner Williams moved the appointment of Mike Mitchell as an alternate member of the Board of Adjustment for a term ending June 30, 2017 be approved.

Second by Piepkorn. On call of the roll Commissioners Williams, Piepkorn, Gehrig, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

City Attorney Directed to Draft a Resolution to Add a Cass County Commission Representative to the Renaissance Zone Authority: Invitation to be Extended to Open a Dialogue Regarding Representation from Cass County on the Tax Exempt Review Committee and the School Board on the Renaissance Zone Authority and/or the Tax Exempt Review Committee:

The Board received a communication from Mayor Mahoney stating the Renaissance Zone Authority is comprised of five members from the private sector as well as the Liaison Commissioner to the Planning Department and the Liaison Commissioner to the Finance Department, with the Chair being selected from the five private sector appointments. He said Cass County Commission Chair Mary Scherling requested the City look into the possibility of a Cass County Commissioner serving as a voting member on the Renaissance Zone Authority. He said his recommendation is to have City Attorney Erik Johnson look into the request.

Commissioner Williams moved to direct the City Attorney to create a resolution adding a Cass County Commissioner to the Renaissance Zone Authority and advise the Cass County Commission to select a representative.

Second by Piepkorn. On call of the roll Commissioners Williams, Piepkorn, Gehrig, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Commissioner Gehrig said he would like the same invitation extended to the Fargo School Board for representation on the Renaissance Zone Authority.

Commissioner Williams moved to direct the City Attorney to research changes necessary to add representation from the Fargo School Board to the Renaissance Zone Authority and/or the Tax Exempt Review Committee, and from the Cass County Commission to the Tax Exempt Review Committee; extending the invitation to be involved if they choose.

Second by Gehrig.

Commissioner Piepkorn said the Tax Exempt Review Committee is a separate entity with a different process to add members. He said he would prefer any formal action to create openings be delayed until there is communication to be certain there is interest.

Commissioner Williams said his intention is not to make a decision; it is to open the dialogue and make Cass County and the School Board aware that the City Commission is willing to discuss how they can become involved should they be interested.

Commissioner Sobolik said she agrees it is good to create the opportunity to join if either Cass County or the School Board are interested.

Commissioner Williams asked that he be allowed to revise his motion to extend an invitation to the Cass County Commission and the Fargo School Board to begin a dialogue on whether Cass County would like representation on the Tax Exempt Review Committee, and whether the School Board would like representation on the Renaissance Zone Authority and/or the Tax Exempt Review Committee.

Commissioner Gehrig agreed that his second could count toward the motion as revised. On call of the roll Williams, Gehrig, Sobolik, Piepkorn and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Discussion on the Possibility of a Fargo School Board Representative Serving as a Voting Member of the Metropolitan Council of Government's Policy Board:

Commissioner Williams said the Metro COG Policy Board has a structure on how many representatives each entity has, and this discussion would be to offer one of the seven seats allocated for Fargo to the School Board. He said there have been informal discussions on the makeup of the Board as Metro COG is becoming more multidimensional. The federal government is figuring out that it is not possible for cities to keep building their way out of congestion, he said, and doing more with less makes school placement, the amount of transportation and where people live very important.

Commissioner Piepkorn said while he favors a discussion, he is concerned that this could replace someone currently on the Policy Board. He said the average person does not completely understand the role of Metro COG, which is very influential in planning and setting priorities of road projects throughout the communities. He said the influence will be even more as increased population

triggers more responsibilities and benefits. Fargo currently has the majority of members, he said, which is important.

Mayor Mahoney said it is good to look at the makeup of the Policy Board to be certain the right people are at the table.

Commissioner Gehrig said the city has the staff and resources to keep its members informed on upcoming projects and priorities, which is something the School Board does not have, making it difficult for them to keep up to date on everything. While it is good to talk about it, he said, another reason he does not support it is due to concerns of setting a precedence when other communities see that Fargo appointed a School Board representative.

Commissioner Williams moved an item be added to the Metropolitan Council of Government's Policy Board agenda to discuss allowing entities to appoint representatives from area school districts

Second by Piepkorn. On call of the roll Commissioners Williams, Piepkorn Sobolik and Mahoney voted aye.

Commissioner Gehrig voted nay.

The motion was declared carried.

Hearing on a Renewal Plan for Tax Increment Financing District No. 2016-01
Continued to May 23, 2016:

A Hearing had been set for March 14, 2016 on a Renewal Plan for Tax Increment Financing District No. 2016-01.

At the March 14, 2016 meeting, the Hearing was continued to March 28, 2016.

At the March 28, 2016 meeting, the Hearing was continued April 25, 2016.

At the April 25, 2016 meeting, the Hearing was continued to this day and hour; however, Planning staff is requesting the Hearing be continued to May 23, 2016.

Commissioner Piepkorn moved the Hearing be continued to 5:15 o'clock p.m. Monday, May 23, 2016.

Second by Williams. On call of the roll Commissioners Piepkorn, Williams, Gehrig, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Hearing on an Application Filed by Block 9, LLC for Property Tax Exemption
Continued to May 23, 2016:

A Hearing had been set for April 25, 2016 on the application filed by Block 9, LLC for a property tax exemption.

At the April 25, 2016 meeting, the Hearing was continued to this day and hour; however, Planning staff has requested that the Hearing be continued to May 23, 2016.

Commissioner Piepkorn moved the Hearing be continued to 5:15 o'clock p.m. Monday, May 23, 2016.

Second by Williams. On call of the roll Commissioners Piepkorn, Williams, Gehrig, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Contract and Scope of Services for the City Center Comprehensive Plan Awarded to Interface Studio:

The Board received a communication from Planning Director Jim Gilmour and Planning Administrator Nicole Crutchfield stating the City issued an RFP for comprehensive city center planning services in December 2015. In February 2016 a selection committee reviewed approximately 18 submittals, they said, and in March interviewed five consulting teams. The five consulting team's proposals ranged in cost from \$429,950.00 to \$450,000.00, they said and sixteen of the proposals were over \$400,000.00. The Selection Committee, they said, recommends awarding the project to Interface Studio due to their robust team, expertise and creative approach in addition to most recently completing the downtown plan for Macon, Georgia and Grand Rapids, Michigan. They said they anticipate the work to span eight months at a cost of \$429,110.00. The 2016 Planning Department budget included \$330,000.00 for the Plan, they said, and in April the Planning Department sought an additional \$100,000.00 for planning services to meet the proposal requested. They said the Finance Committee decided to wait and include the additional \$100,000.00 in the 2017 budget since the planning process will span into 2017.

Ms. Crutchfield said there are some unique things included in Interface Studio's presentation, such as the importance of branding the downtown, density of dollars, how placemaking creates community and culture, and how jobs equal talent and real estate. She said perhaps what is most important in this project is building on GO2030, the riverfront plan and other downtown and planning efforts. She said if the contract is awarded, Interface Studio plans to be here the week of July 11, 2016.

Commissioner Williams said Interface Studio is very data driven and incorporates a lot of comparative analysis.

Commissioner Williams moved the contract and scope of services for the City Center Comprehensive Plan be awarded to Interface Studio and to commit \$100,000.00 in the 2017 budget to the Plan.

Second by Sobolik. On call of the roll Commissioners Williams, Sobolik, Gehrig, Piepkorn and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Construction Projects Update:

City Engineer April Walker provided a Power Point presentation outlining current road construction projects and closures. She said she will provide updates throughout the construction season.

Commissioner Piepkorn thanked Ms. Walker for keeping the Board and the community informed.

Landfill Task Order with Wenck Associates, Inc. for Management and Coordination in an Amount Not to Exceed \$118,762.00 (Project No. SW 16-01):

Solid Waste Utility Director Terry Ludlum said this task order is with Wenck Associates, Inc. for management, coordination, oversight and documentation of the landfill project. He said this is the first project transitioning from the current landfill to what is called the former landfill. A nine-acre cell area has been identified, he said, and the soil covering the garbage will be removed and that garbage not in a lined cell will be hauled to the current landfill. He said then a liner will be developed for that

nine-acre area and that will become the first full cell in the former landfill. The amount of waste to be moved is just over 100,000 cubic yards or about 2,000 truckloads, he said, and the construction group has agreed to do that transportation at night. Soil within the landfill will be moved during the day and at night they will switch over and haul the old buried waste, he said. There will be some overtime involved, he said, due to requirements that a certified operator be on staff any time anyone hauls into the landfill and also, the State Health Department requires that when old waste is uncovered, a Certified Asbestos Inspector must be there. Also, if hazardous waste is uncovered, that must be handled properly, he said. The project is expected to take approximately 20 weeks, he said; however, hauling the waste may only take three weeks.

Commissioner Gehrig moved the Landfill Task Order from Wenck Associates, Inc. for construction management and coordination of Project No. SW 16-01 in an amount not to exceed \$118,762.00 be approved.

Second by Piepkorn. On call of the roll Commissioners Gehrig, Piepkorn, Williams, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Change Order No. 2 for Project No. WW1403 Approved:

Wastewater Utility Director Jim Hausauer gave an overview and update on the project at the Wastewater Treatment Plant. He said the improvements include equipment replacement and upgrades to existing components and solves many vulnerabilities that exist due to the age and condition of some of the components, as well as offering increased efficiencies.

Commissioner Williams moved Change Order No. 2 from PKG Contracting for an increase of \$120,644.09 for Project No. WW1403 be approved.

Second by Gehrig. On call of the roll Commissioners Williams, Gehrig, Piepkorn, Sobolik and Mahoney voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Commissioner Williams moved that the Board adjourn to 5:00 o'clock p.m., Monday, May 23, 2016.

Second by Gehrig. All the Commissioners voted aye and the motion was declared carried.

The time at adjournment was 6:05 o'clock p.m.
