Native STAND Sponsorship Request

Follow-up Q&A

1. How the program will be promoted and how will the NAC be highlighted in the promotional/educational materials?

We are leveraging our connections and meeting with staff from the Indian Education programs at Fargo Public and West Fargo Public Schools and Moorhead Public Schools, and we will be doing active recruitment for program participants at the Graduation Picnic scheduled for May 22 at Gooseberry Park. Our promotional, "save-the-date" card includes the logo for the Native American Commission as well as the logo for F-M Crossroads.

2. Will the students participating be selected evenly throughout the Fargo, West Fargo and Moorhead districts?

Our topline goal for recruitment is 12 youth from the area and our minimum number is 8 youth; we've already started conversations with Indian Education program staff from all three local school districts to help identify current students who would be a good fit for this pilot program.

3. Will the NAC have the opportunity to speak to your group and recruit youth commissioners?

We are still hoping you'd be able to give some of your time during the event (June 10-14) and to get to know the youth who are participating, and on the last day during lunch I'd be happy to give you a few minutes to share your idea with the youth. Do you have criteria for youth commissioners that you can share with us ahead of time?

4. Is the department open to a MOU/MOA to share resources and data (specific to the approved IRB methodology)?

Vanessa and I will look into this, but there may be a possibility that the participant data cannot be shared with outside partners.
