# Executive Summary

## AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

### 1. Introduction

As a recipient of federal funds through the U.S. Department of Housing and Urban Development (HUD) the City of Fargo is identified as a Community Development Block Grant (CDBG) Entitlement community and a HOME Participating Jurisdiction (PJ). The City uses HUD funds to provide decent housing, suitable living environments and economic opportunities for low-to-moderate income households.

The 2021 Annual Action Plan addresses fair, affordable housing and homelessness care and prevention. This focus expands Fargo's affordable housing by increasing availability of decent and safe housing for Fargo's low to moderate income citizens. Homeless prevention and diversion efforts will be a priority to help alleviate issues compounded by the coronavirus pandemic. This plan was developed in consultation with citizens, housing and service agencies, businesses, schools and other funding partners. It addresses the following topics related to the use of CDBG and HOME funds in the 2021 program year (May 1, 2021 to April 30, 2022).

- Source of Funds, including expected grant and program income receipts
- Specific Consolidated Plan Objectives met by 2021 activities
- Summary of 2021 budget and programmatic expenditure limits
- Description of projects included in 2021 budget
- Geographic distribution of the projects
- A summary of special considerations, including discussion on the topics of homeless and other special populations, public housing, poverty reduction strategies, lead paint hazards, minority concentrations, underserved needs, removal of barriers to affordable housing, partnerships, and efforts to further fair housing
- Local plans for monitoring sub-recipients and HUD-funded activities in general
- All of the anticipated HOME funds will benefit low/mod households and, an estimated 100 percent of Community Development Block Grant (CDBG) funds will provide a low/mod benefit. The majority of activities address the HUD objective of decent housing.
- Fair Housing & Civil Rights Progress Report – City will continue its efforts to ensure fair housing in Fargo, including implementation and ongoing changes to policy and procedures (see attached report)
- Summary of Broadband Access, Resiliency, and EnVision Centers (see attachments for more information)

The City of Fargo administers CDBG and HOME funds through its Planning and Development Department (specifically the Community Development Division, or "CD Division"). The CD Division administers the funds to meet the goals and objectives outlined in the Consolidated Plan and Annual Action Plan with the approval of the Fargo City Commission. To carry out these activities, it partners with the Fargo area's nonprofit

community, neighborhood groups, associated businesses, other local government entities and departments, residents and other stakeholders.

The involvement and participation of residents, business owners, public agencies, and stakeholders is actively sought through various forums to provide multiple opportunities for the collaboration and strategic planning necessary to establish the framework of the City's priorities and goals related to housing and community development. Participation by low- and moderate-income persons, residents of blighted areas, residents of predominantly low- and moderate-income neighborhoods, minority populations, non-English speaking persons, and persons with disabilities is especially encouraged.

The City of Fargo provides the public with reasonable and timely access to information and records relating to housing and community development plans and programs and the use of housing and community development funds. Information is distributed to persons and organizations with an interest in housing and community development through direct mail, social media, public meetings, newsletters, City's website, brochures, and news media. There is open access to all public meetings and Fargo City Hall, which is serviced by public transit, is fully accessible and can accommodate persons with disabilities. Alternative formats of information or reasonable accommodations for persons with hearing loss, vision loss, disabilities or limited English proficiency, including the availability of qualified sign language interpreters, documents in Braille, and interpretation and translation services are made upon request to ensure meaningful, equal access to participate in the City's programs, services, and activities. The Community Development Division maintains a database which is made up of hundreds of organizations representing these groups and individuals. Staff also attends gatherings of community groups, neighborhood organizations, and ethnic and senior communities. When the Planning and Development Department is notified that a significant number of non-English speaking persons are interested in participating in a community development meeting, contacts are made to obtain translation assistance. All news releases and City of Fargo website announcement postings are made available to the public in 108 languages.

A September 16, 2020 publication in *The Forum*, news release, and website posting announced Fargo's Notice of Funding Availability (NOFA) Request for Proposals for program years 2020 and 2021 Community Development Block Grant (CDBG) and HOME programs. The NOFA process was presented at a public meeting of the Community Development Committee.

As publicized through news media contacts and online announcements, additional public meetings were held on October 20, 2020 and May 21, 2021 to provide further opportunity for public input on Fargo's greatest community needs.

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

For the development of this Action Plan, the City of Fargo followed its Citizen Participation Plan. Information outlining the plan development process was distributed throughout the community and posted on the City's website ([www.fargond.gov](http://www.fargond.gov)). Several needs were identified through a mixed method approach including a combination of conversations with community members and organizations, a formal application process, and public meetings to hear about the needs of the community.

Notification of the Action Plan schedule, activities, and budget was published in *The Forum* newspaper, distributed to persons interested in housing and community development and the news media, and posted on the City's website. The notice included locations of where the plan was available for review, and how to obtain a copy. The City also offered to provide a reasonable number of free copies of the Action Plan to citizens or groups by request. A news release linked the plan and public notice, and viewers were able to read the release in multiple languages and were offered an interpreter to translate and explain the plan and notice. The plan was made available for public review and comment during the 30-day public comment period and public hearing, followed by final City Commission consideration and approval at the end of June, 2021.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))**

The City of Fargo works closely with the Fargo Housing and Redevelopment Authority (FHRA), the City's Public Housing Authority (PHA). The City also has ongoing relationships with housing providers working on housing development activities (CHDOs and non-CHDOs). Through support and engagement in the ND Continuum of Care process, the local FM Homeless Coalition, and other supportive housing collaborations, the City maintains relationships with mental health providers, homeless shelter and service providers, and other governmental agencies with specific responsibilities to assist homeless individuals and families. In addition, the City participates in a variety of other informal coalitions that seek to address issues that relate to housing and service needs. Most of the City's partners are listed in Table 2 of this section. The City and many of the organizations listed often work together to solve local housing problems.

### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

City staff works actively with the North Dakota Continuum of Care and local homeless coalition through the City's Department of Planning and Development, the City-operated Gladys Ray Emergency Shelter,

and local nonprofit housing, shelter and support partners. Staff participates in regularly scheduled meetings with the CoC and local homeless coalition, and point-in-time surveys. The City also provides administrative and general fund support to supplement Continuum of Care initiatives in Fargo and the State of North Dakota.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

A majority of the consultation with the CoC occurs through the City's Public Health Department, in particular the Gladys Ray Shelter (emergency homeless shelter) and its Harm Reduction staff. City staff at the Gladys Ray Shelter participate in multiple weekly and monthly meetings with other area shelters, homeless and housing service providers, the CoC, and FM Homeless Coalition. They discuss how best to allocate ESG funds as a community and whether or not to collaborate on the use of ESG funds for specific activities. Planning staff also attends the monthly FM Homeless Coalition meetings and was attending more pointed meetings during the height of the pandemic. Additionally, the City continues to work with non-City operated area shelters to address homelessness at this time, which includes how to use ESG funds. The City's Gladys Ray Shelter focuses on the procedures for the operation and administration of HMIS, as well as other HUD-funded entities in the jurisdiction. Planning staff does not interface with HMIS or policies and procedures, although it has provided some assistance (during the pandemic) to coordinate and develop procedures, and address the lack of an overall city-wide/service-wide plan or strategy to end homelessness, specifically among emergency shelters and homeless service providers.

In addition, the City is represented on and attends meetings of the ND Governor's Interagency Council on Homelessness, which works to address homelessness challenges and track and report progress toward addressing them.

### **Narrative (optional)**

The City works with various state agencies, including the North Dakota Department of Commerce and Housing Finance Agency, to support affordable housing and community development activities. These partnerships are intended to help invest in housing, enhance physical and social infrastructure, support quality-of-life, and encourage public-private housing partnerships. This coordination brings much needed capital to the local housing stock. Funding through the federal Low-Income Housing Tax Credits and the ND Housing Incentive Fund are used to supplement HOME and private equity financing in projects.

The City of Fargo coordinates with the Fargo-Moorhead Metropolitan Council of Governments (Metro COG) to develop long-range transportation solutions for the area. The City works to ensure that the regional transportation system provides access to jobs, education, business, and services.

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

Stakeholder participation is central to the City in identifying community development needs, assessing the effectiveness of ongoing housing and community development programs, and developing community development priorities. It is important to use all available methods to determine community development needs, assess effectiveness of existing programs, and develop community development plans. The City of Fargo obtains citizen input through conversations with people, consultation with housing and service providers, and adjacent units of local government, in an effort to better ascertain Fargo's community development needs. The City encourages and seeks participation from all citizens and emphasizes the involvement of low and moderate-income persons, residents of blighted areas, residents of predominantly low- and moderate-income neighborhoods, minority populations, non-English speaking/limited English proficiency persons, and persons with disabilities. Many of the organizations working with these populations received plan development information and an application for funds. See attachment for a list of these organizations and which ones predominately serve racial/ethnic minorities, non-English speaking persons, persons with disabilities, and protected classes that are historically discriminated against.

Prior to the solicitation and selection of the 2021 community development projects, a series of meetings were held. Staff met with representatives of area municipalities, local governments, community-based organizations, and service and housing-related agencies. A citywide public input meeting was held to inform the public about the CDBG and HOME programs and 5-Year goals, timelines, community development assets and needs, types of projects eligible for funding, and the process for selecting projects. The low-moderate income population in Fargo is not in one concentrated area. For that reason, the public meetings and hearings were held at City Hall in the downtown area, which is inclusive of the City's Census Tracts and Block Groups that contain the most sizable population of very-low and low-income residents. All meetings were held in locations accessible to people with disabilities. Alternative formats of the information or reasonable accommodations for persons with disabilities or limited English proficiency, including the availability of interpretation and translation services were available upon request through the Planning and Development Department. Auxiliary aids or other services were also offered upon request to hearing or sight-impaired residents to enable full participation in the citizen participation process.

A September 16, 2020 publication in *The Forum*, news release (available in 108 languages), and website posting announced Fargo's Notice of Funding Availability (NOFA) Request for Proposals for program years 2020 and 2021 Community Development Block Grant (CDBG) and HOME programs. Proposals were due on October 9, 2020, and the NOFA process was presented at the October 20, 2020 public meeting of the Community Development Committee.

Community Development staff gathered input in the months leading up to submission of the plan. The list of consultations in the Consultation section represents the formal contacts made to gather information and to further coordination of program delivery. As publicized through news media, an additional public meeting was held on May 21, 2021 to provide further opportunity for public input on Fargo's greatest community needs.

Announcement of the City of Fargo's 2021 Annual Action Plan was published as a public notice in *The Forum*, distributed to persons interested in housing and community development, and publicized through a media release and the City's website ([www.FargoND.gov](http://www.FargoND.gov)) on May 26, 2021. The notice explains the contents and purposes of the plan, locations of where it is available for review, and how to obtain a copy. Public notices on the City's website are accessible for translation into over 100 languages. The Annual Action Plan was available during the public comment period on the City's website, and was also distributed to area libraries and Fargo Housing and Redevelopment Authority for viewing. The City provides a reasonable number of free copies of the plan to citizens or groups as requested.

No comments were received on the proposed plan during the 30-day public comment period, which was from May 27 to June 25, 2021. On June 14, 2021, the City Commission held a public hearing on the proposed Plan. On June 28, 2021, at which time the Commission reviewed and considered all comments received during the public comment period and at the public hearing, Fargo City Commission approved the 2021 Annual Community Development Action Plan and directed submittal of the plan to HUD.

The citizen participation outreach process for the October 18, 2021; May 2, 2022; July 11, 2022; and June 12, 2023 amendments to the 2021 Action Plan were added to the chart below.

## **Expected Resources**

### **AP-15 Expected Resources – 91.220(c) (1, 2)**

#### **Introduction**

In the past, the City has combined its federal CDBG and HOME allocations with funding from other public and private sector sources to address priority needs. In addition, many non-profit and for-profit organizations in the community apply for other federal, state, and foundation grants. Although the nature and amount of such funding is unknown at this time, the City fully intends to meet the challenges addressed in the 5-year Consolidated Plan period and meet increased demand and local community development needs. The City of Fargo anticipates a total of \$1,354,759 in combined resources to address priority needs for the 2021 program year. This amount is comprised of actual CDBG and HOME award amounts, prior year resources, and program income estimates.

## Priority Table

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 2				Expected Amount Available Remainder of ConPlan	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Admin and Planning  Public Improvements  Public Services	784,694	3,750	6,915	795,359	2,382,824	The City of Fargo is in its second year of its 2020-2024 Consolidated Plan. Expected resources have been allocated for 2021 activities. Any additional or unforeseen program income (i.e., repayments from loans) will be allocated as needed to meet affordable housing and homelessness goals that benefit low to moderate income individuals/households. Because these funding sources are subject to annual Congressional appropriations and potential changes in funding distribution formulas, the expected amount available for the remainder of the Con Plan, which includes program income estimations, is subject to change with availability of funding.

Expected resources have been allocated for 2021 activities. Any additional or unforeseen program income (i.e., repayments from loans) will be allocated as needed to meet the affordable housing goal that benefits low to moderate income individuals/households. Because these funding sources are subject to annual Congressional appropriations and potential changes in funding distribution formulas, the expected amount available for the remainder of the Con Plan, which includes program income estimations, is subject to change with availability of funding.

Table 5 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Through its partnerships with its subrecipients and developers, the City combines its federal entitlement allocations with funding from other public and private sector sources to address its priority needs.

Upon becoming a HOME Participating Jurisdiction, the City of Fargo became responsible for documenting appropriate match in conjunction with receiving HOME funds. For the 2020-2024 Consolidated Plan, \$100,000/year in matching fund liability is anticipated. For 2021, the sources of match may include local payments in lieu of taxes. The City also anticipates \$150,000/year in HOME program income, as well as \$3,750/year in CDBG program income.

Additional funding that is expected to be available includes the public housing capital fund, housing vouchers, City General Social Service Funds, Neighborhood Revitalization Initiative (NRI) rehabilitation loan funds in partnership with Gate City Bank, state and federal resources including those from the ND Housing Finance Agency, tax credits and incentives, and PILOT and Capital Bonds.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The City will consider the use of publicly-owned land or other property located within the jurisdiction for the construction of affordable housing for low-to-moderate income households, public green or park space, and community centers/public facilities.

**Discussion**

In 2021, the City will use CDBG and HOME in partnerships to leverage private, state and local funds to address goals and strategies outlined in Fargo's Consolidated Plan. The City will also continue to identify strategies to be used for a variety of activities with respect to affordable housing and community development.

**Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):**

The City of Fargo has set aside \$547,400 for multifamily rental development using HOME funds (with \$100,000 of that amount set aside for a CHDO reserve project). An additional \$300,000 of 2022 HOME funds (\$100,000 CHDO & \$200,000 HOME) were reallocated to this multi-family rental development project as well. At least five households will be provided with affordable housing. Funding up to two rental development projects with five rental units in total is anticipated to be set aside as HOME-assisted. Based on HOME monitoring reviews of rental properties in affordability periods, the City of Fargo anticipates these five rental units to be rented to individuals who qualify under HOME as extremely low-income (at or below 30% of area median income).

## AP-35 Projects – 91.220(d)

### Introduction

The City of Fargo is a Community Development Block Grant (CDBG) entitlement community and a HOME participating jurisdiction. This Action Plan will address the following topics related to the use of CDBG and HOME funds in the City of Fargo in the 2021 program year (May 1, 2021 to April 30, 2022).

- Source of Funds, including expected grant and program income receipts
- Specific Consolidated Plan Objectives met by 2021 activities
- Summary of 2021 budget and programmatic expenditure limits
- Description of projects included in 2021 budget
- Geographic distribution of the projects
- A summary of special considerations, including discussion on the topics of homeless and other special populations, public housing, poverty reduction strategies, lead paint hazards, minority concentrations, underserved needs, removal of barriers to affordable housing, partnerships, and efforts to further fair housing.
- Local plans for monitoring sub-recipients and HUD-funded activities in general
- All of the anticipated HOME funds will benefit low/mod households and, an estimated 100 percent of Community Development Block Grant (CDBG) funds will provide a low/mod benefit. The majority of activities address the HUD objective of safe, affordable, and decent housing. The following table summarizes the distribution of Fargo's FY2021 projects by HUD Performance Measure System.

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The 2021 Action Plan projects focus on housing, homelessness, and assistance for vulnerable populations' goals. CDBG funds will be used for projects related to homelessness prevention, direct care/sheltering, and eviction prevention; rehabilitation to an after school center that serves low-to-moderate income area neighborhoods; and fair housing. HOME-funded projects will include the addition

of affordable, multi-family housing through construction and/or rehabilitation. Allocation priorities are a result of the citizen participation and plan development process, including the impacts of COVID-19.

Until the pandemic, limited resources throughout the community had presented an obstacle in addressing underserved needs. Now, for an unknown amount of time, there is an abundance of funding and shortage of workers (e.g., case managers, housing navigators). Additionally, homelessness has been increasing during the pandemic, so the need for workers is greater than in the past. Another common issue generally heard is that many non-profits and service providers had to expand their missions or deviate from them in order to serve people who were reaching out to them for assistance during the pandemic. Aside from that, CDBG/HUD funding has not increased much over the years. These will all continue to be obstacles for our community as we navigate a post-pandemic time period.

The Community Development Division will continue to work on increasing its capacity to effectively partner with local nonprofit, public, and for-profit organizations to identify emerging community needs and resources. Throughout the 2020-2024 Consolidate Plan program years, the City will carry on its work to support low and extremely-low-income households by focusing community development efforts on working comprehensively in neighborhoods that contain some of the City's most vulnerable populations. By working comprehensively to revitalize entire neighborhoods, the City plans to use funding as effectively as possible.

## **AP-50 Geographic Distribution – 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

While there are no specified “Target Areas” identified in the 2021 Action Plan, the City of Fargo does prioritize its community development activities to neighborhoods that are predominately low-to-moderate income areas. In Fargo, most of the low-to-moderate areas are concentrated in the core of the city, which are also some of Fargo’s oldest neighborhoods. The City of Fargo Planning and Development Department has been working with a consultant on a Core Neighborhoods Plan, which will bring together neighborhood stakeholders to collaboratively expand planning efforts to the city’s core neighborhoods and will likely incorporate HUD-related activities. Over the course of the Five-Year Plan, the City’s Core Neighborhood Plan will be implemented to some extent and overlap with ConPlan goals.

### **Geographic Distribution**

Target Area	Percentage of Funds
City Wide	100

**Table 10 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The City’s strategy for prioritizing community development activities is to target neighborhoods city-wide that are low/mod, where affordable housing is available, and older (developed pre-1920).

### **Discussion**

## **Affordable Housing**

### **AP-55 Affordable Housing – 91.220(g)**

#### **Introduction**

In 2021, Fargo's affordable housing work involves creating and maintaining housing options and solutions. To do this in 2021, the City will work with local partners to create affordable multifamily housing, increase public awareness of affordability concerns, and work to increase homeownership rates for minority populations. Affordable housing needs go beyond basic housing, it directly ties into preventing and ending homelessness, too. Given that, collaborative efforts surrounding housing solutions across the housing continuum are starting. The continuum spans from homeless shelters, to supportive housing, to rental, to affordable homeownership, market rate housing and beyond.

This work includes ongoing conversations between the City and its housing and homeless partners that cover this spectrum of housing. A pointed housing study is being designed for our target populations, including low to moderate income and/or people experiencing homelessness. As part of this work, the City's Community Development Committee will have a more focused role on housing solutions and the Planning Department is considering adding a person to its staff with expansive housing-related experience within the years of the 5-Year Plan (2020-2024). The overarching goal within this time period will be to develop a housing strategy that will address housing for people at risk of homelessness or experiencing homelessness, including those who are chronically homeless. Housing solutions will also be designed for people who have low to moderate incomes (at most 80% of Area Median Income), including seniors and people with a disability. Housing strategies will include different models for supportive housing, accessible housing, rental, housing for homeownership, multi-family and single-family.

This housing strategy plan essentially replaces the City's (and community's) prior 10-Year Plan to End Homelessness, which ended in 2019 and has not been replaced or updated. Homelessness continues to be an issue in the community and the pandemic has only exacerbated the issue. Additionally, the pandemic pushed the community's homeless prevention and diversion programming to launch earlier than expected, which has since magnified the growing needs, as well as awareness of those needs. In 2021, the City will be awarded with homeless assistance funds through the HOME program, which will be amended into this plan during the 4<sup>th</sup> quarter of 2021 (estimated). These funds will help address housing and homelessness issues within our community. These funds will also be eligible to be used on other affordable housing development types as indicated earlier (i.e., single family homes, multi-family rental, seniors, etc.)

### **Discussion:**

There are three other prominent, local affordable housing initiatives that fall outside of the City's 2021 CDBG and HOME program, new and long standing, including:

- The Cass Clay Community Land Trust has begun to add homes to its portfolio. By the end of 2021, their goal is to have added 10 affordable homes for homeownership. The City previously partnered with the Cass Clay CLT in the 2020 Action Plan to create two HOME-assisted homeowner units.
- Lake Agassiz Habitat for Humanity continues to be a partner for affordable homeownership in the City of Fargo. The City previously partnered with Habitat for Humanity in the 2020 Action Plan to create two HOME-assisted homeowner units and has a long history with assisting in their builds.
- Rebuilding Together, a local non-profit housing rehabilitation and development organization, has recently partnered with the CLT in constructing new homes for their portfolio. They also assist low income (at 80% area median income or less) households on maintenance rehabilitation projects (e.g., roofing, siding, interiors).

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The Fargo Housing and Redevelopment Authority (FHRA) and City continue to address the needs of its public housing inventory and encourage residents to be involved in its operations.

### **Actions planned during the next year to address the needs to public housing**

The Fargo Housing & Redevelopment Authority (FHRA) will continue to relocate residents of Lashkowitz High Rise through December 2021, as part of receiving approval in 2020 from HUD to dispose of the building, North Dakota's largest public housing structure. To relocate residents, FHRA requested and received 247 tenant protection vouchers. Following a successful Request for Proposals (RFP) process in late 2020, FHRA will be contracting with BlueLine Development, Inc. to redevelop the anticipated 110-unit Lashkowitz project. This will include an analysis to determine whether to rehabilitate or demolish the building.

Following a successful RFP process in late 2019 seeking a co-development partner to build Elliott Place, an 84-unit affordable new construction project to be built on a vacant lot acquired by FHRA in early 2017, FHRA staff along with BlueLine Development group further sought a design, engineering, and architectural firm, a general contractor, and a tax-credit syndicator, all through three distinct competitive processes in the first half of 2020. Elliott Place is scheduled for a construction loan closing toward the end of the second quarter of 2021 and, following a 12-month construction schedule, will open its doors to its first tenants in summer 2022. Lease-up will continue through that year.

In addition, in 2021 the FHRA will continue to expand and maintain its portfolio of vouchers through various targeted specialty programs and maintain its high performer status in voucher administration. This includes:

- Administer 47 Emergency Housing Vouchers granted in June 2021
- Administer 92 Tenant Protection Vouchers for 2021 for Lashkowitz High Rise
- Administer 110 Project Based Vouchers to Lashkowitz Riverfront
- Administer 6 VASH Project Based Vouchers for Silver Lining Senior Property, anticipated to open December 2022, and 84 PPV for Elliot Place to open summer of 2022

It will also continue to administer COVID-19 funds for additional security for Lashkowitz High Rise.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

The FHRA works to engage, educate, and empower residents by providing opportunities for personal development, economic stability, education, health, and fostering family and community life. As mentioned, for every 100 residents in a property, there is a resident advisory board member which is convened to review annual plans, proposed policy changes, etc. Members receive a monetary stipend for participation and feedback.

The FHRA is not currently accepting new participants for a homeownership program. However, it still has eight participants in the homeownership voucher program, which accepted new participants until 2009. This program targeted disabled tenant households who can use their voucher to pay their mortgage, taxes, utilities, etc. indefinitely until they no longer need it.

The FHRA also still monitors 39 participants who have not yet sold their soft second mortgage as part of its 1999 5H Homeownership Program, in which public housing units were sold by FHRA to 59 low-income tenants with soft second mortgages payable upon resale of the property.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

The FHRA is considered “troubled” due to a clerical issue. Additional financial assistance is not needed for the FHRA to resume normal status. Once the issue is resolved, they will be in compliance.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

Homelessness encompasses a population that is elusive, hidden, highly mobile, and characterized by diverse and complex circumstances. In order to identify the needs of persons who are homeless in Fargo, the City works closely with the local homeless coalition, service and housing providers, as well as the ND Coalition for Homeless People, which manages the Continuum of Care and Homeless Management Information System (HMIS) for North Dakota.

The City Planning and Development Department continues to be involved in local and statewide Continuum of Care efforts and regularly provides CDBG funds to support the planning process. Although the City's "10-Year Plan to End Long-Term Homelessness" has ended, the City continues to be engaged in conversations with public and private partners from the metropolitan area to determine next steps in continued efforts to prevent and end homelessness in the community. Refer to the AP-55 Affordable Housing section to see more detail on planning efforts moving forward.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The City of Fargo will continue to support the North Dakota Continuum of Care's (ND CoC) annual Point-in-Time Count, which is coordinated locally by the FM Homeless Coalition. It involves outreach by several partners to survey all individuals who are sheltered and unsheltered on one given night. This year's count occurred on January 27.

The City will continue to fund operations for the Gladys Ray Shelter's Mobile Outreach Program, which assists unsheltered people in crisis, typically related to mental health and substance use issues. All staff of the Mobile Outreach Program are trained in administering the VI-SPDAT assessment tool to help assess a person's individual needs and connect to appropriate housing or detox interventions.

From a recent amendment to the 2021 Action Plan, the project for development of the Downtown Homeless & Housing Services Facility ("Downtown Engagement Center") has been cancelled. This Downtown Engagement Center would have helped facilitate outreach to homeless persons by providing a team of case managers, outreach workers, housing navigators, and various service agencies within the drop-in center to assess needs and encourage applying for mainstream benefits without needing to travel to different locations. The proposed change to remove this activity and reallocate the activity's budget to other activities in the 2022 Action Plan occurred because the City is re-focusing its funds on operations at the existing Downtown Engagement Center, located at the former Police Department building downtown (222 4<sup>th</sup> St N). A preliminary model of such operations is in its early stages and is

operated by the Gladys Ray Shelter.

The City will also continue to administer CDBG-CV funds for a Mobile Homeless Health Services Outreach program run by Family HealthCare. The mobile unit visits various area homeless shelters and is staffed by a registered nurse delivering direct care and a patient services representative checking patients in. Homeless Health staff who are employed by Family HealthCare are also located onsite of the former Police Department building downtown.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Emergency shelter needs are addressed through a network of public and non-profit partners, including seven shelters that each specialize in particular household types. Total emergency shelter capacity in Cass and Clay County combined is 284 beds, however there are an estimated 1,022 individuals experiencing homelessness in the FM area on any given night, including unsheltered people actively seeking a shelter bed and individuals doubled up (i.e., staying with a friend or family member temporarily due to nowhere else to go). This number only includes people who participate in point-in-time counts or are accessing services. The true number is higher and unknown, which is why outreach workers are so important.

The City primarily invests through the city-owned and operated Gladys Ray Shelter, which primarily relies on general funds and other grants. In 2021, the City is also providing funding for two non-profit shelters, New Life Center and Churches United, to enhance their overflow capacity by approximately 30 beds each.

Transitional housing needs are addressed through a network of public and non-profit partners. Total transitional housing capacity in Cass and Clay County combined is 109 units.

In 2021, the City continues to administer 2020 CDBG funding to provide operational support for the FM Homeless Coalition, which promotes overall coordination to appropriate shelter and housing for people experiencing homelessness. It advances ending homelessness through program and project development that results in systemic change, such as education on evidenced-based best practices to reduce homelessness; ongoing innovations to the Coordinated Entry (CARES) system, etc.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City of Fargo's primary response to helping homeless persons make the transition to permanent housing and independent living continues to be through its ongoing partnerships with area service

providers and organizations, including the FM Homeless Coalition, SouthEastern North Dakota Community Action Agency (SENDCAA), Presentation Partners in Housing, area shelters, and the North Dakota Continuum of Care, which organize around the implementation of the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act. These agencies focus on planning and delivering housing and services for people who are homeless, including homeless diversion and prevention. Members of the Coalition currently operate in partnership with the local Coordinated Access Referral and Entry Stabilization system “CARES”, which helps to coordinate, prioritize, refer, and evaluate people who are seeking shelter, services, or housing. The information obtained is also used by homeless and housing providers to identify gaps and improve performance.

Local organizations also work with ongoing McKinney-Vento homeless projects to improve outcomes related to transitioning to permanent housing, reducing the number of veterans and families with children that are homeless, assisting youth aging out of foster care, as well as lowering the number of people who become homeless again.

As part of its response to COVID-19, the City of Fargo is utilizing its CDBG-CV funding appropriated by the CARES Act for operational support for homeless prevention, diversion, and emergency housing assistance. This funding, coupled with a 2020 CDBG award, fund Gladys Ray Shelter Housing Navigator positions staffed by Presentation Partners in Housing.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

Approximately one-third of the persons experiencing homelessness were identified as chronically homeless in the most recent point-in-time counts. The City operates the Gladys Ray Shelter through its Public Health Department. These efforts, in addition to general fund and human resource support to local shelters, service and housing providers are key to addressing the needs of individuals entering and exiting the criminal justice system, working to incorporate housing into the discharge planning being done by healthcare facilities, and identifying solutions to address concerns of youth homelessness and kids aging out of foster care. This work is critical toward insuring that the issue of homelessness is addressed along a community-wide continuum of prevention and intervention strategies. Representatives from local hospitals Sanford and Essentia work and meet with area homeless providers to coordinate medical discharges, as some of our area shelters have medical respite rooms to be used by people who are being discharged from the hospital.

In response to the impacts of COVID-19, including the loss of jobs and housing, CDBG funds will be used for emergency subsistence payments as well as operational support for homeless prevention and diversion efforts. This emergency assistance and operational support will be carried out by two local

agencies, which are SouthEastern North Dakota Community Action Agency (SENDCAA) and Presentation Partners in Housing (PPIH). Keeping people housed, rapidly re-housing, or housing people who are currently homeless has instantly provided (and will continue to) a safe place for quarantine isolation and social distancing. Ultimately, this response has presumably reduced the spread of COVID-19 and kept the community's hospitals from being inundated. If an outbreak were to occur again, this would continue to minimize the impacts and spread of COVID-19 or any other diseases.

Finally, the CDBG funds that were to be used for Phase I of developing a Downtown Homeless & Housing Services Facility, which would be a central service hub to serve people who are homeless or at-risk of becoming homeless, were reallocated to other activities in the 2022 Action Plan. The reason for this change is that the City is re-focusing its funds on operations at the existing Downtown Engagement Center, located at the former Police Department building (222 4<sup>th</sup> St N).

The Downtown Homeless & Housing Services Facility concept over time will strive to implement the pillars of HUD's "EnVision Center" initiative launched in 2018, including 1) economic empowerment; 2) educational advancement; 3) health and wellness; and 4) character and leadership.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction**

The 2021 Action Plan demonstrates support for the creation of affordable housing in the community.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City is currently drafting its Analysis of Impediments to Fair Housing Choice (AI), which will include a review of public policies for potential negative impacts to affordable housing access and steps toward mitigation. In tandem, the City continues to support the development of more affordable housing. Availability of both new and existing units of affordable housing has been an increasing challenge in Fargo, both for renters and owners. Fargo's approach to addressing affordability includes local regulatory review and coordination and development of local financing alternatives.

Significant effort has been made to ensure that local regulation does not act as a barrier to housing affordability, including the recent analysis of the City's Land Development Code and the development of the Core Neighborhood Plan. The City's tax policies, zoning controls, building inspections and housing-related incentives do not act as a barrier to affordable housing creation/preservation.

In the 2021 Action Plan, HOME funds will be used to create affordable, multi-family housing to be occupied by low-to-moderate income households. Developers will be identified through a Notice of Funding Availability (NOFA) opportunity at a later date in the 2021 Program Year.

### Tax Policies

The City has a two-year property tax exemption for newly constructed owner-occupied housing that is weighted more heavily toward affordable units. Fargo also has a property tax exemption for home remodeling projects that freezes the pre-rehab value for a period of 3-5 years, depending on the age of the home. In addition, the State of North Dakota has a Homestead Tax Credit that is designed to reduce the property tax burden on low-income elderly and disabled homeowners. One potential issue with the homestead credit is the limit established by statute on the value of eligible property. The current statute says that only the first \$100,000 of a property's value is eligible for exemption.

The City is examining its Tax Increment Financing (TIF) policy to focus local incentive dollars on encouraging affordable housing development; previously, the policy was for any housing development, which often resulted in higher end, more expensive rental housing development. Additionally, the City has begun training and educating local developers on the use of 4% LIHTCs, which are rarely used throughout the state. This has already resulted in one planned development with more being

considered.

### Zoning and Land Use Controls

Fargo does not have an outer ring growth boundary but is trying to encourage smart growth to allow for more efficient use of existing infrastructure systems. The Fargo Land Development Code outlines several categories of residential zoning that allow for variation in lot sizes and densities. The City of Fargo adopted a zoning category (SR-5) for the specific purpose of providing developers with an opportunity to build housing on smaller lots, with the end result often being an increase in affordability. The Code also allows for cluster housing development and other alternative development models, facilitating the efficient use of land for the development of housing.

The process of applying zoning to property is an area that can prove challenging to developers, particularly developers interested in building affordable housing. The community often displays fears of density, in general, and affordability, in particular. This can prompt changes in subdivision design that negatively affect project affordability.

### Building Codes, Fees, or Charges

The Building Inspections Department adopted the International Residential Code (IRC) (2018 edition) to govern rehabilitation of existing residential properties. The IRC has helped to address some of the concerns that had been expressed about the application of new construction codes to older residential properties.

Also, the Fargo Rental Inspection Program works with and enforces the 2018 International Property Maintenance Code (IPMC). From a cost/process perspective, when compared to other communities, Fargo's building inspection and plan review process is both affordable and expedient. This means that the process itself is not a barrier to housing affordability. Also, the Fargo Rental Inspection Program works to ensure that the community's rental housing stock is safe, sanitary and decent; fees are only applied if a property owner refuses to correct code violations. Some advocate that this is an impediment to continued affordability of certain units, but it is the City's position that affordability cannot come at the expense of safety. Within the Core Neighborhood Plan, a Rental Registration program is being promoted and suggested.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction**

The City of Fargo will continue to develop partnerships and programs to support people with underserved needs.

### **Actions planned to address obstacles to meeting underserved needs**

The City will work with funding agencies, including Cass County, United Way of Cass-Clay, FM Area Foundation, Dakota Medical Foundation, and the Impact Foundation to coordinate and meet the needs of the community. The City will seek opportunities to increase funding available for affordable housing. The City will continue to monitor needs that may emerge as a result of COVID-19 recovery and respond as needed. By the end of 2021, the City will also have completed its required Analysis of Impediments (AI) that will further outline action steps for the City to take to mitigate housing obstacles.

Broadband Access: Broadband access is required for multi-family rental properties that are new construction, funded with HOME, and have 4 or more units.

The City of Fargo evaluated broadband needs of low- and moderate-income households, as affordable access to internet is an increasingly essential component to community development. Per [2019 ACS 5-Year Estimates](#), 82.1% of Cass County households have a desktop or laptop and 83.6% have a smartphone. 85.4% have some type of broadband access, including 72.5% with broadband access such as cable, fiber optic, or DSL. 9.3% have a cellular data plan with no other type of Internet connection. 14.4% overall are without an internet subscription. According to the latest data available from the FCC, 89.25% of Cass County residents, which includes Fargo, have access to 3 or more broadband providers for standard 25/3 Mbps speed. ([FCC Broadband Map, 2017](#)).

Approximately 37.4% of households earning less than \$20,000 are without an internet subscription, as compared to 17.1% of households earning between 20,000 to 74,999 and just 4.4% of households earning over \$75,000. Residents without a computer and/or broadband subscription may obtain access at any of the public libraries, including:

- Fargo Public Library: 102 3<sup>rd</sup> St N
- Dr. James Carlson Library: 2801 32nd Avenue South
- Northport Library: 2714 North Broadway

### **Actions planned to foster and maintain affordable housing**

Most of the City's affordable housing inventory is owned and managed by non-profit housing providers. There is little risk that projects will be lost from the affordable housing inventory, with the exception of single-family owner-occupied homes involving City funds. Generally when these homes are sold, they are no longer considered part of the affordable housing inventory. Some partners have implemented

'right of first refusal to purchase' policies to maintain affordability. In the 2021 Action Plan, the City will partner with local housing organizations to provide affordable, multi-family housing for low-to-moderate income households.

Resiliency: In the wake of recent severe flooding and weather events, Fargo is increasingly concerned with mitigating the threats of natural hazards, especially as climate change poses to amplify them and as low- to moderate-income residents are disproportionately impacted. The greatest natural hazard risks faced by residents of Fargo are: flooding, severe storms, strong winds, and droughts.

In 2021, as part of the 2019-2023 Cass County Multi-Hazard Mitigation Plan, the City has several capital improvements plan projects underway, including permanent flood levee projects per Fargo's Revised Comprehensive Flood Mitigation Plan; storm water retention ponds as development occurs; and several lift station raises with permanent generator installations.

In addition, the City of Fargo continues to develop policies that promote infill and density within areas that are already developed and are protected by a flood resiliency strategy (GO2030). In 2021, it also re-activated its Sustainability and Resiliency Committee to make recommendations to the City Commission for actions or policy adoptions related to climate resiliency, renewable energy, emissions reductions, energy efficiency, and environmental stewardship.

### **Actions planned to reduce lead-based paint hazards**

The City will continue to address lead-based paint hazards for all HUD-funded housing rehabilitation projects on homes built before 1978. Lead-based paint hazards will be identified through lead-based paint testing and hazard evaluations. All hazards found from the lead-based paint testing will be addressed by a lead-certified contractor, either through interim controls or abatement. In addition, the City will continue to provide educational information about the hazards of lead-based paint to residents and subrecipients of federal funds on projects involving lead-based paint.

### **Actions planned to reduce the number of poverty-level families**

The City continues to support the efforts of nonprofit and public agencies that work to reduce the number of families living in poverty, including the efforts of the Fargo Housing and Redevelopment Authority (FHRA), the City's Public Housing Authority (PHA). The FHRA provides a number of self-sufficiency programs that are aimed at increasing a family's economic independence and works closely with Job Service of North Dakota to provide necessary training opportunities to poverty-level families. The City will continue to coordinate anti-poverty efforts with local service providers and social service agencies.

### **Actions planned to develop institutional structure**

The City is a partner in identifying ways to coordinate and improve the effectiveness of the institutional

systems, housing, and community development needs. The City will continue to work with all housing and human service agencies to coordinate and improve communications.

A challenge for Fargo's Community Development Division over the next five years is to effectively adapt its institutional structure to meet changing needs and a challenging fiscal environment. In a time of Federal budget reductions, the Community Development Division will need to find ways to implement programming efficiently and effectively to meet increasing demands for services and fewer resources.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City will continue to support the efforts of housing and social service agencies in the community. The City continues to be an active participant in the FM Homeless Coalition, statewide Continuum of Care Planning Committee, the ND Interagency Council on Homelessness, as well as other community-wide partnerships that discuss a variety of housing issues facing the metropolitan area. The City also continues to provide technical assistance to housing-related nonprofits whenever possible to support their organizational capacity and link them to potential partner agencies.

The 2021 Action Plan includes activities that will foster enhanced coordination between housing and social service agencies. The Downtown Homeless & Housing Services Facility model offers a centralized location for agencies to operate and coordinate amongst each other. The Emergency Subsistence Payments program relies on ongoing close communication between the two subrecipients, SouthEastern North Dakota Community Action Agency (SENDCAA) and Presentation Partners in Housing, and the several housing and social service agencies they help connect clients to for resources. This includes improved coordination with FirstLink (2-1-1), the area's crisis and resource hotline, to streamline the process to connect citizens to the appropriate resources.

In addition, in April 2021, the City's Community Development Committee hosted a public meeting featuring presentations from several housing and social service agencies from across the housing continuum, in order to enhance coordination and understanding. The Community Development Committee will continue to be utilized as a platform for coordination between housing and social service agencies.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

As the 2020-2024 Consolidated Plan includes more HOME-funded single-family homebuyer activities than in past plans, the City of Fargo has revised its resale and recapture policies to better reflect HUD guidance and best practices. The City also incorporates these resale or recapture requirements into any HOME written agreement it would enter into with developers and/or homeowners.

In addition, staff are proposing an amendment to cancel and remove the 2021 Action Plan activity titled "Downtown Homeless & Housing Services Facility" and reallocating the activity's budget to other activities in the 2022 Action Plan. Lastly, the City has prepared a draft version of the Analysis of Impediments to Fair Housing Choice (AI), which helps to identify fair housing issues and other contributing factors.

Details of the proposed 2022 Action Plan funding sources and projects are outlined in the attached public notice, which was published in *The Forum* newspaper on March 30, 2022. The public notice also contains information on the proposed 2021 Action Plan amendment and Analysis of Impediments to Fair Housing. Per the adopted Citizen Participation Plan, this proposal is being presented at the April 18th City Commission meeting as a Public Hearing. The timeline, including the 30-day public comment period, is outlined in the attached public notice. Once approved by citizens and the City, the 2022 Action Plan and 2021 Action Plan amendment will be submitted to HUD for approval, and the AI will be submitted to HUD's Office of Fair Housing & Equal Opportunity (FHEO).

**Subject:** HUD Amendments - Kmart Plaza 1 & 2 and Milton Earl Projects

CD Committee Members:

Hello again! As you know, we like to reach out to you when we have changes or updates to our HUD work. You just heard from me last week on the HOME ARP public comment period, but we are also doing another one concurrently. This is a full 30-day public comment period that started on June 9<sup>th</sup> and ends July 8<sup>th</sup>. These amendments remove the Kmart Plaza 1 & 2 apartments by Beyond Shelter, Inc. (BS) out of the 2022 HUD Action Plan and reallocate some the HOME funds to their Milton Earl project. As costs increase due to inflation and the delayed timeline due to environmental hang ups, the budget has increase and their gap re-opened. We are proposing to re-allocate their HOME funds (\$300,000) from Kmart to Milton Earl. The Kmart project also ran into some environmental hang ups and it will no longer be funded with HUD CDBG or HOME. We still need to reallocate the \$500,000 CDBG from Kmart to other eligible activities, which we are analyzing now. You'll see a future amendment for those CDBG dollars at a later time. Below is the notice that went out to citizens. Please let me know if you have any questions.

Planning & Development Department staff are proposing an amendment to the 2021 HUD Action Plan to increase the budget for The Milton Earl Multi-Family Rental activity by \$300,000 (\$100,000 CHDO & \$200,000 HOME). Due to construction costs inflation, delayed timeline resulting from the environmental assessment process, and increased legal fees for project review and preparation, a funding gap has occurred. The developer has since rescinded its application for funds. A total of \$300,000 (\$100,000 CHDO & \$200,000 HOME) will be reallocated to the 2021 HUD Action Plan activity, The Milton Earl. The remaining budget of \$500,000 (CDBG) from this canceled project will be addressed and reallocated by a future amendment to the 2022 Action Plan.

Details of the proposed 2021 Action Plan Amendment and 2022 Action Plan Amendment are outlined in the attached public notice, which was published in *The Forum* newspaper on June 8, 2022. Greetings Partners!

The City has finished it's HOME-ARP draft plan with proposed activities. We are in a 15 day public comment period starting today and ending on June 30. **If you have time, please take a look at the attached and let me know if you think anything should be added or changed – feel free to track your changes or leave comments right in the document.** Also, please circulate it to whomever you think might be interested.

Thank you!!!!

For some background, HOME-ARP is one-time specific assistance for people who are experiencing homelessness, at risk of homelessness, fleeing or attempting to flee domestic violence, or experiencing housing instability. It comes from the larger ARRA allocation from Washington, but this will run through its HUD HOME program. The City received approximately \$1.7 million. Typically, the eligible activities within the HOME ARP program are funded through other agencies and funding sources such as ESG, but because these are specific to the HUD HOME program, cities and states nationwide are administering the funds. North Dakota also has an allocation. The proposed activities for Fargo's allocation are listed below:

1. **YWCA Lantern Light Apartments - \$550,000.** Rehabilitation of an existing property in south Fargo to develop permanent supportive affordable transitional housing. The project will house and support those experiencing domestic violence, homelessness, or who are at risk of experiencing homelessness, or have other housing instability issues. The location of this project is at 1101 32 Ave S, Fargo, North Dakota.
2. **Operational Support for Homelessness Prevention & Diversion: SouthEastern North Dakota Community Action Agency (SENDCAA) - \$450,000.** Operational support to increase the organization's capacity to carry out the Homeless Prevention and Diversion & Housing Navigation Programs.
3. **Operational Support for Homelessness Prevention & Diversion: Presentation Partners in Housing - \$450,00.** Operational support to increase the organization's capacity to carry out homeless prevention and diversion activities.
4. **Operational Support for McKinney Vento Supportive Services: Downtown Engagement Center - \$247,107.** Operational support for homeless and housing-related services at the Downtown Engagement Center located in at 222 4<sup>th</sup> St N in downtown Fargo (allocation may later include New Life Center supportive services funding – pending discussions/review of activities between the Downtown Engagement Center and NLC)

Based on existing services, adults and youth are benefitting from programming that occurs at the center (e.g., events, meals, performance, classes, etc.).

Details of the proposed 2023 Action Plan funding sources and projects are outlined in the attached public notice, which was published in *The Forum* newspaper on May 10, 2023. **COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) & HOME INVESTMENT PARTNERSHIPS**

---

The City of Fargo is seeking proposals for its 2020 & 2021 program years, which run from May 1 through April 30 each year. The City of Fargo receives annual entitlement funds from the Department of Housing and Urban Development, which are distributed through the City's CDBG and HOME programs. Due to COVID-19, HUD has extended the 2020 Action Plan deadline to August 2021. As a result, the timelines for both the 2020 and 2021 program years coincide. This NOFA covers both years.

The primary purpose of CDBG & HOME funds is to benefit low and moderate income individuals and households. Although the 5-Year Consolidated Plan is currently underway, the goals have been established and will continue to focus on affordable housing, homelessness, neighborhoods, and poverty reduction. For 2020 & 2021, proposals addressing COVID-19 response, preparation, and prevention will be prioritized first. All proposals must include information regarding the feasibility and readiness of the project or program because CDBG & HOME funds are generally the last financial component of a project. Proposals will be evaluated based on low to moderate income benefit, project readiness, cost reasonableness and impact, activity management, experience, past performance, and current resources.

**NOFA Period**

September 16 through October 9, 2020

**Submission Instructions**

All proposals must be submitted electronically. Proposals are due no later than **11:59 p.m. on October 9, 2020**. Full instructions, NOFA, application materials, and submission links are located online at: <https://fargond.gov/work/bids-rfqs-rfps>.

## Community Development Block Grant and HOME Investments Partnerships Notice of Funding Availability (NOFA)

09/16/2020

The City of Fargo is seeking proposals for its 2020 & 2021 program years, which run from May 1 through April 30 each year. The City of Fargo receives annual entitlement funds from the Department of Housing and Urban Development (HUD), which are distributed through the City's CDBG and HOME programs. Due to COVID-19, HUD has extended the 2020 Action Plan deadline to August 2021. As a result, the timelines for both the 2020 and 2021 program years coincide. This NOFA covers both years.

The primary purpose of CDBG & HOME funds is to benefit low and moderate income individuals and households. Although the 5-Year Consolidated Plan is currently underway, the goals have been established and will continue to focus on affordable housing, homelessness, neighborhoods, and poverty reduction. For 2020 & 2021, proposals addressing COVID-19 response, preparation, and prevention will be prioritized first. All proposals must include information regarding the feasibility and readiness of the project or program because CDBG & HOME funds are generally the last financial component of a project. Proposals will be evaluated based on low to moderate income benefit, project readiness, cost reasonableness and impact, activity management, experience, past performance, and current resources.

The NOFA period runs from September 16 through October 9, 2020, with proposals due no later than **11:59 p.m. on October 9, 2020**. Full instructions, NOFA, application materials, and submission links are located online at: <https://fargond.gov/work/bids-rfqs-rfps>. All proposals must be submitted electronically.

## **Aviso de disponibilidad de fondos (NOFA) de subvenciones en bloque para el desarrollo comunitario y asociaciones de inversiones HOME**

**16/09/2020**

La ciudad de Fargo está buscando propuestas para sus años de programa 2020 y 2021, que se ejecutan desde el 1 de mayo hasta el 30 de abril de cada año. La ciudad de Fargo recibe fondos de derechos anuales del Departamento de Vivienda y Desarrollo Urbano (HUD), que se distribuyen a través de los programas CDBG y HOME de la ciudad. Debido a COVID-19, HUD ha extendido la fecha límite del Plan de Acción 2020 hasta agosto de 2021. Como resultado, los plazos para los años del programa 2020 y 2021 coinciden. Este NOFA cubre ambos años.

El propósito principal de los fondos CDBG & HOME es beneficiar a las personas y hogares de ingresos bajos y moderados. Aunque el Plan Consolidado de 5 Años está actualmente en marcha, las metas se han establecido y continuarán enfocándose en viviendas asequibles, personas sin hogar, vecindarios y reducción de la pobreza. Para 2020 y 2021, las propuestas que aborden la respuesta, preparación y prevención de COVID-19 se priorizarán primero. Todas las propuestas deben incluir información sobre la viabilidad y preparación del proyecto o programa porque los fondos de CDBG & HOME son generalmente el último componente financiero de un proyecto. Las propuestas se evaluarán en función de los beneficios de ingresos bajos a moderados, la preparación del proyecto, la razonabilidad e impacto de los costos, la gestión de actividades, la experiencia, el desempeño pasado y los recursos actuales.

El período NOFA se extiende desde el 16 de septiembre hasta el 9 de octubre de 2020, y las propuestas deben presentarse a más tardar a las **11:59 p.m. del 9 de octubre de 2020**. Las instrucciones completas, el NOFA, los materiales de solicitud y los enlaces de envío se encuentran en línea en: <https://fargond.gov/work/bids-rfqs-rfps>. Todas las propuestas deben enviarse electrónicamente.

## INTRODUCTION TO RESALE & RECAPTURE POLICY

The City of Fargo (City) receives federal funds through the U.S. Department of Housing and Urban Development (HUD), which includes funds under the Home Investment Partnerships Program (HOME). Under this program, the City is considered a HOME Participating Jurisdiction (PJ). The primary purpose of the HOME Program is to provide decent, safe, and affordable housing to lower-income households.

PJs that are implementing HOME-assisted homebuyer activities, including any projects funded with HOME Program Income (PI) (income that is generated by the use of HOME funds), must establish written requirements to ensure long-term affordability for HOME-assisted properties over a specified period of time, referred to as the "Affordability Period". These requirements are known as resale and recapture provisions and PJs must use only one or the other per activity/program.

Property that is assisted with HOME funds must be the principal residence of a low-income owner household during the Affordability Period. If the property does not continue to be the principal residence of an income-qualified household during the Affordability Period (if the owner were to move, sell, die, or transfer their title to someone else), the resale and recapture provisions are used to determine if any financial obligations are required.

These provisions must also be set forth in the PJ's Consolidated Plan. The written resale and/or recapture provisions that a PJ submits in its annual Action Plan must clearly describe the terms of the resale and/or recapture provisions, the specific circumstances under which these provisions will be used (if more than one set of provisions is described), and how the PJ will enforce the provisions for HOME-funded ownership projects. HUD reviews and approves the provisions as part of the annual Action Plan process.

The purpose of this document is to provide the "resale" and "recapture" policies used by the City of Fargo in its HOME-assisted ownership programs. As stated above, HOME requires that PJs utilize resale/recapture provisions to ensure continued affordability for low- to moderate-income homeowners and as a benefit to the public through the wise stewardship of federal funds.

The City of Fargo currently uses HOME funds to assist developers of new ownership housing. In addition, the City of Fargo has included HOME-funded home buyer assistance in its current 2020-2024 Consolidated Plan, to be implemented and outlined in future years. Prior to the implementation of homebuyer assistance programming, the City will update its Resale & Recapture Policy to incorporate related provisions.

## RESALE POLICY

This option ensures that the HOME-assisted units remain affordable over the entire affordability period because it requires the owner and any subsequent owners to be below specified income limits throughout the affordability period. The resale method is used in cases where HOME funding is provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as a "Development Subsidy," these HOME funds trigger the resale requirements that must remain with the property for the length of the affordability period. **The City must use the resale method if no direct subsidy has been provided to the original buyer of a HOME-assisted unit.**

Specific examples where the City of Fargo would use the resale method include:

1. Providing funds to the developer for property acquisition (land or units);
2. Providing funds for permit fees, construction materials, and labor.

### Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo

The resale policy is explained to the prospective homebuyer(s) prior to signing a purchase agreement/contract to purchase the HOME-assisted unit. The prospective homebuyer(s) sign an acknowledgement that they understand the terms and conditions applicable to the resale policy as they have been explained. This document is included with the executed purchase agreement/contract. (See attached "Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo")

### Enforcement of Resale Provisions

The resale policy is enforced through the use of a Land Use Restrictive Agreement (LURA) signed by the homebuyer at closing. The LURA will specify:

1. The length of the affordability period (based on the dollar amount of HOME funds invested in the unit: either 5, 10, or 15 years);
2. That the home remain the Buyer's or subsequent Buyers' principal residence throughout the affordability period; and
3. The conditions and obligations of the owner should the owner wish to sell before the end of the affordability period, including:
  - a. The owner or their real estate agent must contact the City of Fargo Planning and Development Department, in writing, at least fourteen **(14) days prior to listing** the property if intending to sell the home before the end of the affordability period;
  - b. The subsequent Buyer must be low-income at time of purchase as defined by HUD under the HOME Program, and occupy the home as their primary residence for the remaining years of the affordability period.
    - i. If the new Buyer receives direct assistance through a HOME-funded program, the affordability period will be re-set according to the amount of assistance provided; and
  - c. The sales price must be affordable to the subsequent Buyer; "affordable" is defined as limiting the Principal, Interest, Taxes and Insurance (PITI) amount to no more than 38% of the new Buyer's maximum gross annual income, adjusted to a monthly income. The City of Fargo must determine and approve income eligibility of subsequent Buyers. This process will involve income verification via third party (i.e., employers, bank statements, benefits, etc.).

#### Fair Return on Investment

The City of Fargo will administer its resale provisions by ensuring that the owner receives a fair return on their investment and that the home will continue to be affordable to a specific range of incomes. "Fair Return on Investment" means the total homeowner investment, which includes the down payment, earnest money, and any approved capital improvement credits, as described below:

1. The amount of the down payment and earnest money paid;
2. The cost of any capital improvements, documented with receipts provided by the homeowner, including but not limited to:
  - a. Any additions to the home such as a bedroom, bathroom, or garage;
  - b. Replacement of heating, ventilation, and air conditioning systems;
  - c. Accessibility improvements such as bathroom modifications for disabled or elderly, installation of wheel chair ramps and grab bars, any and all of which must have been paid for directly by the owner and which were not installed through a federal, state, or locally-funded grant program; and
  - d. Outdoor improvements such as a new driveway, walkway, retaining wall, or fence.

**Note:** All capital improvements must be inspected by the City and must have been completed by licensed contractors with all required building permits obtained. *The City has the right to deny a property improvement if it is determined it would not add to the value and useful life of the property.* The costs for routine maintenance items, replacement of worn/dated components, and cosmetic changes are not considered capital improvements.

3. The value of the owner's investment will be calculated using the Housing Price Index (HPI) Calculator of the Federal Housing Finance Agency. The change in HPI from the original purchase price to the time of sale will be applied to the value of the owner's investment, so that the value of the improvements is increased or decreased by the amount of increase or decrease in the housing market overall. The HPI Calculator is currently located at <https://www.fhfa.gov/DataTools/Tools/Pages/HPI-Calculator.aspx>. The calculation shall be performed for the Fargo, ND-MN Metropolitan Statistical Area (MSA).
4. If the market price that provides a fair return to the initial homebuyer is too high to be affordable for a subsequent Eligible Buyer, the City, at its discretion, may provide additional direct HOME subsidy or other funds, if available, to the subsequent buyer. Such consideration will only be given after the owner has demonstrated they have made all reasonable attempts to sell the unit. The PJ cannot require the homeowner to adjust the resale price in order to achieve affordability for the subsequent Buyer.

It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on their investment because the home sold for less or the same price as the original purchase price. In these situations, this would be considered a fair return.

#### **Affordability to a Range of Buyers**

The City will ensure continued affordability to a range of buyers whose total household incomes range from 40% to no greater than 80% of the Area Median Income (AMI).

Maximum Sales Prices shall be set so that the amount of Principal, Interest, Taxes, and Insurance (PITI) does not exceed 38% of the targeted Buyer's maximum gross annual income and the maximum sales price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year. The homeownership sales price limits change annually and are provided by HUD.

#### **Approval of Sales Price and Eligible Buyer**

If an owner wants to sell the property, the owner or real estate agent must contact the City of Fargo Planning and Development Department, in writing, at least fourteen **(14) days prior to listing** the property and receive approval for a proposed listing price in accordance with the affordability restrictions. The listing price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year.

After receiving approval of the proposed listing price, the Seller may list the property for sale with a real estate agent or broker licensed in the State of North Dakota or the Seller may market the property as a so-called "for sale by owner," and may enter into a purchase agreement/contract for the sale of the property upon such terms and conditions as the Seller deems acceptable, provided that:

1. The purchase price shall not exceed the Maximum Sales Price (see the definition of "Maximum Sales Price" under the Basic Terminology section of this policy);
2. The purchase agreement or contract must state, as a contingency, that the Buyer will submit the "Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo" (See Attached Form) within three (3) days after the purchase agreement/contract is signed by both parties and that the Seller's obligations under the purchase agreement/contract are expressly contingent upon the City's determination and approval that the Buyer is income eligible to purchase.

### Resale Example

A home with a 15-year affordability period was purchased in October 2017 by a person who now wishes to sell in December 2020. The original homeowner purchased through "Entity XYZ", with an original purchase price and mortgage of \$185,000 and has made \$24,000 in principal payments. In addition, the original homeowner was required to put down \$1,000 for the down payment. The current balance of the mortgage is now \$160,000. Finally, a total of \$10,000 in homeowner improvements has been documented.

<b>Original Purchase Price</b> (purchased in October 2017)	<b>\$185,000</b>
<b>Down Payment</b> (Included as part of Original Purchase Price noted above)	<b>\$1,000</b>
<b>Documented Homeowner Improvements</b>	<b>\$10,000</b>
<b>Total Homeowner Investment</b> (Down Payment + Improvements)	<b>\$11,000</b>
<b>Housing Price Index Change</b> (using HPI Calculator for a December 2020 sale/4 <sup>th</sup> Quarter - <a href="https://www.fhfa.gov/DataTools/Tools/Pages/HPI-Calculator.aspx">https://www.fhfa.gov/DataTools/Tools/Pages/HPI-Calculator.aspx</a> - screenshot below)  (selling in December 2020)	<b>+7.6%</b>
<b>Fair Return on Initial and Capital Investments (Gain/Loss)</b> (Total Homeowner Investment x Housing Price Index Change)	<b>\$836</b>
<b>Total Fair Return on Investment</b> (Total Homeowner Investment + Fair Return)	<b>\$11,836</b>
<b>Subsequent Sales Price</b> (Original Purchase Price + Total Fair Return) (\$185,000 + \$11,836)	<b>\$196,836</b>

### Termination of Resale Restrictions

Resale restrictions may terminate upon foreclosure, transfer in lieu of foreclosure, or assignment of FHA mortgage, in order to clear title. The PJ may use purchase options, rights of first refusal, or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record (before the termination event) obtains an ownership interest in the housing.

## RECAPTURE POLICY

Under HOME recapture provisions, financial assistance must be repaid if it is provided directly to the buyer or the homeowner. Upon resale, the seller may sell to any willing buyer at any price. The written agreement and other applicable legal documents will disclose the net proceeds percentage, if any, that will be allotted to the homebuyer and what proceeds will return to the PJ. Once the HOME funds are repaid to the Participating Jurisdiction (PJ – City of Fargo), the property is no longer subject to any HOME restrictions. The funds returned to the PJ may then be used for other HOME-eligible activities.

Specific examples where the City of Fargo would use the recapture method include (direct homeowner subsidy):

1. Providing funds for homebuyer assistance
2. Providing funds for a sales-price write down

The (HOME) federal assistance will be provided in the form of a 0% interest, deferred payment loan or grant. A fully executed (by all applicable parties) and dated Written Agreement, Mortgage, Promissory Note, and Land Use Restrictive Agreement (LURA) will serve as the security for these loans or grants. The LURA and Mortgage will be recorded with the Cass County Recorder's Office.

### Amount Subject to Recapture

The amount subject to recapture is based on the amount of assistance that enabled the homebuyer to buy the unit (referred to as "Direct Home Subsidy"). The recapture amount of the HOME loan or grant is made solely from the net proceeds of sale of the property (except in the event of fraud or misrepresentation by the Borrower described in the applicable legal documents).

### Reduction during Affordability Period

The amount of direct HOME subsidy will be forgiven at a rate equal to the percent of the affordability period that is completed. This will determine how much of the HOME subsidy will be recaptured. The City of Fargo will calculate the amount of the HOME grant or loan to be forgiven by:

1. Dividing the (number of years the homebuyer occupied the home) by (the affordability period); and
2. Multiplying the resulting number by the total amount of direct HOME subsidy originally provided to the homebuyer to determine the amount to be forgiven. The difference is the recapture amount, which is limited to the net proceeds available.

### Recapture Example

A homebuyer received a direct subsidy of \$10,000 in HOME funds. The affordability period is five years. After three years, they decide to sell the home at which point 60% (3 years/5 years) of the affordability period has elapsed. A total of \$6,000 (60% x \$10,000) is forgiven, resulting in a total of \$4,000 subject to recapture from the net proceeds of the sale (see next section).

### Net Proceeds

Net proceeds consist of the sales price minus loan repayment, other than HOME funds, and closing costs (see calculation table below).

*Note: Recapture provisions cannot be used when a project receives only a development subsidy and is sold at fair market value, because there is no direct HOME subsidy to recapture from the homebuyer. Instead, resale provisions must be used.*

**Net Proceeds Calculation Table**

Sales Price		\$
Original Superior Lien(s) Payoff Amount(s)	(-)	\$
Any reasonable and customary sales expenses paid by the Borrower in connection with the sale (Closing costs)	(-)	\$
<b>Net proceeds</b>		\$
HOME Loan or Grant Prorated Dollar Amount	(-)	\$
Equity to Borrower/Seller	=	\$

Other than the actual sale of the property, if the homebuyer or homeowner breaches the terms and if the net proceeds of the sale are insufficient to recapture the full amount due at sale (the entire direct HOME subsidy or the reduced amount of the direct HOME subsidy), the City will recapture all net proceeds (up to what is owed). The City is not required to repay the difference between the reduced direct HOME subsidy due and the amount the City is able to recapture from available net proceeds.

When the net proceeds of the sale are insufficient to pay the HOME subsidy balance that is due, the City of Fargo may not personally seek or obtain a deficiency judgment or any other recovery from the Borrower/Seller. If there are no net proceeds, the City of Fargo will receive no share of net proceeds. If funds remain after the City has recaptured the HOME funds, the homeowner will retain any remaining proceeds.

In the event of an uncured Default, the City of Fargo may, at its option, seek and obtain a personal judgment for all amounts payable under the Note or other applicable legal documents. This right shall be in addition to any other remedies available to the City of Fargo. If there are insufficient funds remaining from the sale of the property and the City recaptures less than or none of the recapture amount due, the City must maintain data in each individual HOME loan or grant file that documents the amount of the sale and the distribution of the funds, including:

1. There were no net sales proceeds; or
2. The amount of the net sales proceeds was insufficient to cover the full amount due; and
3. No proceeds were distributed to the homebuyer/homeowner.

Other than actual sale of the property, if the homebuyer or homeowner breaches the terms and conditions for any other reason (e.g., no longer occupies the property as their principal residence), the

full amount of the loan or grant (which does not include any reductions that would have been made during the affordability period, per the City's recapture requirements) is immediately due and payable.

If Borrower/Seller is in Default, the City may send the Borrower/Seller a written notice stating the reason Borrower/Seller is in Default and telling Borrower/Seller to pay immediately:

1. The full amount of Principal then due on the Promissory Note or other applicable legal documents;
2. All of the City's costs and expenses reimbursable for recovery against the Borrower/Seller responsible for the fraud or misrepresentation is not limited to the proceeds of sale of the property, but may include personal judgment and execution thereon to the full extent authorized by law.

The City of Fargo HOME Recapture requirements allow the subsequent homebuyer to assume the HOME assistance (subject to the HOME requirements for the remainder of the Affordability Period) if the subsequent homebuyer meets the income limits, and no additional HOME assistance is provided. However, if the subsequent homebuyer meets the income limits and receives direct assistance through a HOME-funded program (e.g., down payment assistance), the Affordability Period will be re-set according to the amount of assistance provided.

## AFFORDABILITY PERIODS

HOME Program Assistance Amount	Affordability Period in Years
Under \$15,000	5
\$15,000 to \$40,000	10
Over \$40,000	15

A HOME Written Agreement, Promissory Note (as applicable), Mortgage (as applicable), and LURA will be executed by the Borrower and the City of Fargo that accurately reflects the resale or recapture provisions before or at the time of sale.

## CITY OF FARGO SUBORDINATION POLICY

The City of Fargo has a separate Subordination Policy, which is used when homeowners are going to refinance or obtain a home equity loan. The policy outlines the circumstances in which the City would consider subordinating to a position lower than second position.

## MONITORING

The City of Fargo will ensure ongoing monitoring of the principal residency requirement is conducted, within the affordability period, for the HOME-assisted projects subject to resale and recapture. The City (or Developer, as applicable) will verify that the property is the principal residence of the current owner (and any subsequent owners) through mailings, records searches, or direct contact with the HOME-assisted owner.

When verification is conducted through mailings, letters will be mailed through certified mail with "do not forward" instructions, to demonstrate whether the buyer is receiving mail at the home. The letters will include information related to the terms of the HOME assistance that was used on the property, including the affordability period.

The principal residency requirement must be verified each year, by one of the methods above, within forty-five (45) days from the anniversary of the closing date (the closing date is noted on the Land Use Restrictive Agreement and other applicable legal documents). If no response and/or documentation verifying principal residency by the owner is received within forty-five (45) days, the owner and/or Developer will be in default of the loan or grant, as well as the Developer and HOME Agreements. Repayment of the HOME funds will then be required as noted below.

**For Projects Subject to Recapture Requirements.** In the event of noncompliance where the owner is no longer occupying the property during the affordability period, full repayment of the HOME assistance that enabled the homebuyer to buy the unit (the entire direct HOME subsidy, which does not include any reductions that would have been made during the affordability period, per the City's recapture requirements) will be subject to recapture from the owner.

**For Projects Subject to Resale Requirements.** In the event of noncompliance where the owner is no longer occupying the property during the affordability period, the HOME investment that was provided directly to the developer to reduce the development costs for the HOME-assisted property must be repaid by the City to HUD.

## BASIC TERMINOLOGY

**Affordability to a Range of Buyers:** means ensuring continued affordability to a range of buyers whose total household income ranges from 40% to no greater than 80% of the Area Median Income and ensuring the Maximum Sales Price is set so the amount of Principal, Interest, Taxes, and Insurance does not exceed 38% of the targeted Buyer's annual gross income.

**Affordable Housing:** The City of Fargo follows the provisions established in 24 CFR 92.254, and considers that, in order for homeownership housing to qualify as *affordable housing*, it must:

- Be single-family, modest housing (modest means purchase price does not exceed 95% of median purchase price for the area);
- Be acquired by a low-income family as its principal residence; and
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided.

**Area Median Income:** Annual income limits, published by HUD, that are based on household size and used to determine the maximum household income.

**Capital Improvement:** means additions to the property that increase its value or upgrades the facilities. These include upgrading the heating and air conditioning system, upgrading kitchen or bathroom facilities, adding universal access improvements, or any other permanent improvement that would add to the value and useful life of the property. The costs for routine maintenance items, replacement of worn/dated components, and cosmetic changes are excluded.

**Capital Improvement Credit:** means credits for verified expenditures for Capital Improvements.

**City:** means the City of Fargo

**Direct HOME Subsidy:** is the amount of HOME assistance, including any program income that enabled the homebuyer to buy the unit. The direct subsidy includes down payment, closing costs, interest subsidies, or other HOME assistance provided directly to the homebuyer. In addition, direct subsidy includes any assistance that reduced the purchase price from fair market value to an affordable price.

**Eligible Buyer:** means a person, family, or household with: (1) a minimum gross annual income that is no less than 40% of the Area Median Income for Fargo and a maximum gross annual income that is no more than 80% of the Area Median Income for Fargo, and (2) whose proposed monthly housing expense(s) (principal, interest, taxes, and insurance) do not exceed 38% of the maximum gross annual income, adjusted to a monthly income. This definition of Eligible Buyer is to be used solely to calculate the maximum income level of buyers eligible to purchase the property and shall not be construed as in any way limiting the type of lending program or loan terms (except that such terms or conditions shall not be predatory) which an Eligible Buyer may accept to finance the purchase of the property. A person, family, or household who at the time of purchase qualified as an Eligible Buyer shall continue to be deemed so qualified until such time as the property is transferred.

**Fair Return on Investment:** means the total homeowner investment, which includes the down payment, earnest payment, and any approved capital improvement credits.

**Maximum Sales Price:** Every transfer of the property by an owner to a Buyer (during the affordability period) shall be for a purchase price which does not exceed the Maximum Sales Price determined as follows: sales prices shall be set such that the amount of Principal, Interest, Taxes, and Insurance does not exceed 38% of the new Buyer's annual gross income, adjusted to a monthly income and the maximum sales price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year. The homeownership sales price limits change annually and are provided by HUD.

**Net proceeds:** are defined at 24 CFR 92.254(a)(5)(ii)(A) as the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

**Participating Jurisdiction (PJ):** means the City of Fargo.

**Program income (PI):** means income that is generated by the use of HOME funds. Program income is gross income received by the Participating Jurisdiction, State recipient, or a subrecipient directly generated from the use of HOME funds or matching contributions. When program income is generated from the use of HOME funds or matching funds, the income should be prorated to reflect the percentage of HOME funds used.

**Recapture:** The recapture provisions, established at 24 CFR 92.254(a)(5)(ii), permit the original homebuyer to sell the property to any willing buyer during the period of affordability while the PJ is able to recapture all or a portion of the HOME-assistance provided to the original homebuyer.

**Re sale:** The resale provisions, established at 24 CFR 92.254(a)(5)(i), ensure that the HOME-assisted units remain affordable over the entire affordability period. If the housing does not continue to be the principal residence of the family for the duration of the affordability period, the housing must be made available for subsequent purchase only to a buyer whose family qualifies as a low-income family and will use the property as the family's principal residence. The resale requirement must also ensure that the price at resale provides the original HOME-assisted owner a fair return on investment (including the homeowner's investment and any capital improvement) and ensure that the housing will remain affordable to a reasonable range of low-income homebuyers, whose total household incomes range from 40% to no greater than 80% of the Area Median Income.

## EXHIBIT A. NOTIFICATION OF INTENT TO PURCHASE

This document must be included with the executed purchase agreement/contract.

### NOTIFICATION OF INTENT TO PURCHASE FROM PROSPECTIVE BUYER(S) TO THE CITY OF FARGO The [5, 10, or 15]-Year Affordability Period & Land Use Restrictive Agreement (LURA)

I understand that because a certain amount of federal funds were used by [Developer Name] to develop the property at [Property Address], the federal government requires that certain restrictions apply to the occupancy and re-sale of this home for a period of [5, 10, or 15] years. I understand that during that [5, 10, or 15]-year period, those requirements will be enforced through a legally-enforceable document called a "Land Use Restrictive Agreement."

If I choose to purchase this home and execute a purchase agreement/contract, **I will be required to submit income documentation to the City of Fargo** for anyone living in the household who is 18 years of age or older. The City of Fargo must review and verify that my total gross annual household income is no less than 40% of the Fargo Area Median Family Income Limits and no more than 80% of the Fargo Area Median Family Income Limits that are in effect at the time I would buy the home.

At the time the home is sold to me, **I will sign a Land Use Restrictive Agreement**, and it will be filed in the Official Public Records of the Cass County Recorder's Office.

**\*\*Please read each statement and initial each line below\*\***

The requirements of the Land Use Restrictive Agreement are:

\_\_\_\_\_ That **I must occupy the home as my principal residence** during the [5, 10, or 15]-year period in which the LURA is in effect.

\_\_\_\_\_ If I wish to sell the property before the end of that period, **I am required to sell it to a subsequent buyer whose total gross annual household income is no less than 40% of the Fargo Area Median Family Income Limits and no more than 80% of the Fargo Area Median Family Income Limits** that are in effect for the year I wish to sell the home.

\_\_\_\_\_ The sales price must be set such that I receive a **fair return**, which shall be defined as:

1. The amount of down payment made and earnest money paid;
2. The cost of any capital improvements, documented with receipts provided by the homeowner, including but not limited to:
  - a. Any additions to the home such as a bedroom, bathroom, or garage;
  - b. Replacement of heating, ventilation, and air conditioning systems;
  - c. Accessibility improvements such as bathroom modifications for disabled or elderly, installation of wheel chair ramps and grab bars, any and all of which must have been paid for directly by the owner and which were not installed through a federal, state, or locally-funded grant program; and
  - d. Outdoor improvements such as a new driveway, walkway, retaining wall, or fence.

- \_\_\_\_\_ The sales price must be set so that the monthly principal, interest, taxes and insurance to be paid by the subsequent buyer **will not exceed 38% of that subsequent buyer's maximum gross annual income**, adjusted to a monthly household income and the **maximum sales price cannot exceed 95% of the median purchase price** for single-family housing in the Fargo, ND-MN MSA for the current year.
- \_\_\_\_\_ I will notify the City of Fargo Planning and Development Department, in writing, at least **fourteen (14) days prior to listing** the property to ensure compliance of the above federal regulations.

### Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** – Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** – It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** – It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020, 2021, 2022 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** – It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

**Compliance with Laws** -- It will comply with applicable laws.
