Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

As a recipient of federal funds through the U.S. Department of Housing and Urban Development (HUD), the City of Fargo is identified as a Community Development Block Grant (CDBG) Entitlement community and a HOME Participating Jurisdiction (PJ). HUD funds are administered through the Planning & Development Department and approved in accordance with the City's Citizen Participation Plan, which requires public input, consultations, and final approval by the Fargo City Commission. In order to meet the goals and objectives outlined in the 5-Year Consolidated Plan (2020-2024), an action plan is developed annually. During the 2022 program year (May 1, 2022 to April 30, 2023), the City will use HUD funds to provide decent, fair, and affordable housing for low-to-moderate income renters and homebuyers, and to make neighborhood improvements in a low-to-moderate income area in the community.

This 2022 Annual Action Plan addresses the following topics related to the use of HUD funds:

- Source of Funds, including expected grant and program income receipts
- Specific Consolidated Plan Objectives met by 2022 activities
- Summary of 2022 budget and programmatic expenditure limits
- Description of projects included in 2022 budget
- Geographic distribution of the projects
- A summary of special considerations, including discussion on the topics of homeless and other special populations, public housing, poverty reduction strategies, lead paint hazards, minority concentrations, underserved needs, removal of barriers to affordable housing, partnerships, and efforts to further fair housing
- Local plans for monitoring sub-recipients and HUD-funded activities in general
- All of the anticipated HOME funds will benefit low/mod households and, an estimated 100 percent of Community Development Block Grant (CDBG) funds will provide a low/mod benefit.
- Fair Housing & Civil Rights Progress Report (see attached report)

2. Summarize the objectives and outcomes identified in the Plan

The City of Fargo intends to focus efforts on the following goals that are identified in the 2020-2024 Five-Year Consolidated Plan.

1. **Affordable Housing** – the 2022 plan is focusing on homebuyer housing for low-to-moderate income households. The project will add approximately one new homebuyer unit within the City’s core neighborhoods as infill projects. It will also assist in acquisition of land for the construction of affordable housing units.
2. **Ending and Preventing Homelessness** – the 2022 plan is allocating funds to the operations of the existing Downtown Engagement Center (offers wrap around services), which serves people who are experiencing homelessness or are at risk of homelessness. People will be assisted with finding housing, maintaining housing, healthcare, life skills, therapy, etc.
3. **Neighborhood Improvements and Initiatives** – the 2022 plan is focusing on improving a green space adjacent to an elementary school and within a low-to-moderate income neighborhood (Madison) area. The project will add and repair sidewalks and bike paths to improve accessibility and connectivity.

3. Evaluation of past performance

Coronavirus (COVID-19) pandemic response has significantly impacted the timeline and progress of the current Consolidated Plan (2020-2024). The City received more than three times its normal HUD funding amount and even more with non-HUD CARES Act funds and other sources of relief and response dollars, most of which were prioritized first due to fewer restrictions.

4. Summary of Citizen Participation Process and consultation process

The City of Fargo values citizen engagement and participation as an essential element of identifying community development needs, assessing the effectiveness of ongoing housing and community development programs, developing housing and community development priorities, and proposing strategies and actions for affirmatively furthering fair housing. The involvement and participation of residents, business owners, public agencies, and stakeholders is actively sought through various forums to provide multiple opportunities for the collaboration and strategic planning necessary to establish the framework of the City's priorities and goals related to housing and community development. Participation by low- and moderate-income persons, residents of blighted areas, residents of predominantly low- and moderate-income neighborhoods, minority populations, non-English speaking persons, and persons with disabilities is especially encouraged.

The City of Fargo provides the public with reasonable and timely access to information and records relating to housing and community development plans and programs and the use of housing and community development funds. Information is distributed to persons and organizations with an interest in housing and community development through direct mail, social media, public meetings, newsletters, City's website, brochures, and news media. There is open access to all public meetings and Fargo City Hall, which is serviced by public transit, is fully accessible and can accommodate persons with disabilities. Alternative formats of information or reasonable accommodations for persons with hearing loss, vision loss, disabilities or limited English proficiency, including the availability of qualified sign language interpreters, documents in Braille, and interpretation and translation services are made upon request to ensure meaningful, equal access to participate in the City's programs, services, and activities. The Community Development Division maintains a database which is made up of over a hundred organizations representing these groups and individuals. If the Planning and Development Department is ever notified that a significant number of non-English speaking persons are interested in participating in a community development meeting, contacts will be made to obtain translation and interpretation assistance. All news releases and City of Fargo website announcement postings are made available to the public in 108 languages.

A December 8, 2021 publication in *The Forum*, news release, and website posting announced Fargo's Notice of Funding Opportunity (NOFO) Request for Proposals for program year 2022 Community Development Block Grant (CDBG) and HOME programs. The NOFO process was then e-mailed to the Community Development Committee in January 2022. As publicized through news media contacts and online announcements, public meetings were held on October 28, 2021 (specific to homeless & housing needs) and

December 1, 2021 (specific to non-homeless & non-housing community development needs) to provide further opportunity for public input on Fargo's greatest community needs.

Notification of the draft Action Plan was published on March 30, 2022 in *The Forum* newspaper, distributed to persons interested in housing and community development and the news media, and posted on the City's website (www.FargoND.gov). The notice explains the contents and purposes of the plan, locations of where it is available for review, and how to obtain a copy. The City also provides a reasonable number of free copies of the Action Plan to citizens or groups as requested. A 30-day comment period from March 31 through April 29, 2022 gave citizens, public agencies, and interested parties an opportunity to provide input on the proposed Plan. The Action Plan was presented at a public hearing on April 18, 2022 to the Fargo City Commission, at which time the Commission reviewed and considered all comments received during the public comment period and at the public hearing. Final consideration and approval was completed at the May 2, 2022 City Commission meeting. See next section for summary of public comments received.

5. Summary of public comments

No comments on the 2022 Annual Action Plan were received from the 30-day public comment period, which was from March 31, 2022 through April 29, 2022.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

For the development of this Action Plan, the City of Fargo followed its Citizen Participation Plan. Information outlining the plan development process was distributed throughout the community and posted on the City’s website (www.fargond.gov). Several needs were identified through a mixed method approach including a combination of conversations with community members and organizations, a formal application process, and public meetings to hear about the needs of the community.

Notification of the Action Plan schedule, activities, and budget was published in *The Forum* newspaper, distributed to persons interested in housing and community development and the news media, and posted on the City’s website. The notice included locations of where the plan was available for review, and how to obtain a copy. The City also offered to provide a reasonable number of free copies of the Action Plan to citizens or groups by request. A news release linked the plan and public notice. Viewers were able to read the release in multiple languages and were offered an interpreter to translate and explain the plan and notice. The plan was made available for public review and comment during the 30-day public comment period and public hearing, followed by final City Commission consideration and approval in May, 2022.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City of Fargo works closely with the Fargo Housing and Redevelopment Authority (FHRA), the City’s Public Housing Authority (PHA). The City also has ongoing relationships with housing providers working on housing development activities (CHDOs and non-CHDOs). Through support and engagement in the ND Continuum of Care process, the local FM Homeless Coalition, and other supportive housing collaborations, the City maintains relationships with mental health providers, homeless shelter and service providers, and other governmental agencies with specific responsibilities to assist homeless individuals and families. In addition, the City participates in a variety of other informal coalitions that seek to address issues that relate to housing and service needs. Most of the City’s partners are listed in Table 2 of this section. The City and many of the organizations listed often work together to solve local housing problems.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

City staff works actively with the North Dakota Continuum of Care and local homeless coalition through the City’s Department of Planning and Development, the City-operated Gladys Ray Emergency Shelter,

and local nonprofit housing, shelter and support partners. Staff participates in regularly scheduled meetings with the CoC and local homeless coalition, and non-CoC point-in-time surveys when conducted (i.e., Everyone Counts, Wilder Study) in partnership with the CoC. The City also provides administrative and general fund support to supplement Continuum of Care initiatives in Fargo and the State of North Dakota.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

A majority of the consultation with the CoC occurs through the City's Public Health Department, in particular the Gladys Ray Shelter (emergency homeless shelter) and its Harm Reduction staff. City staff at the Gladys Ray Shelter participate in multiple weekly and monthly meetings with other area shelters, homeless and housing service providers, the CoC, and FM Homeless Coalition. They discuss how best to allocate ESG funds as a community and whether or not to collaborate on the use of ESG funds for specific activities. Planning staff also attends the monthly FM Homeless Coalition meetings and was attending more pointed meetings during the height of the pandemic. Additionally, the City continues to work with non-City operated area shelters to address homelessness at this time, which includes how to use ESG funds. The City's Gladys Ray Shelter focuses on the procedures for the operation and administration of HMIS, as well as other HUD-funded entities in the jurisdiction. Planning staff does not interface with HMIS or policies and procedures, although it has provided some assistance (during the pandemic) to coordinate and develop procedures, and address the lack of an overall city-wide/service-wide plan or strategy to end homelessness, specifically among emergency shelters and homeless service providers.

In addition, the City is represented on and attends meetings of the ND Governor's Interagency Council on Homelessness, which works to address homelessness challenges and track and report progress toward addressing them.

Narrative (optional)

The City works with various state agencies, including the North Dakota Department of Commerce and Housing Finance Agency, to support affordable housing and community development activities. These partnerships are intended to help invest in housing, enhance physical and social infrastructure, support quality-of-life, and encourage public-private housing partnerships. This coordination brings much needed capital to the local housing stock. Funding through the federal Low-Income Housing Tax Credits and the ND Housing Incentive Fund are used to supplement HOME and private equity financing in projects.

The City of Fargo coordinates with the Fargo-Moorhead Metropolitan Council of Governments (Metro COG) to develop long-range transportation solutions for the area. The City works to ensure that the regional transportation system provides access to jobs, education, business, and services.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Stakeholder participation is central to the City in identifying community development needs, assessing the effectiveness of ongoing housing and community development programs, and developing community development priorities. It is important to use all available methods to determine community development needs, assess effectiveness of existing programs, and develop community development plans. The City of Fargo obtains citizen input through conversations with people, consultation with housing and service providers, and adjacent units of local government, in an effort to better ascertain Fargo’s community development needs. The City encourages and seeks participation from all citizens and emphasizes the involvement of low and moderate-income persons, residents of blighted areas, residents of predominantly low- and moderate-income neighborhoods, minority populations, non-English speaking/limited English proficiency persons, and persons with disabilities. Many of the organizations working with these populations received plan development information and the Notice of Funding Opportunity. See attachment for a list of these organizations and which ones predominately serve racial/ethnic minorities, non-English speaking persons, persons with disabilities, and protected classes that are historically discriminated against.

Prior to the solicitation and selection of the 2022 community development projects, a series of meetings were held. Staff met with representatives of area municipalities, local governments, community-based organizations, and service and housing-related agencies. Two citywide public input meetings were held to inform the public about the CDBG and HOME programs and 5-Year goals, timelines, community development assets and needs, types of projects eligible for funding, and the process for selecting projects. The low-moderate income population in Fargo is not in one concentrated area. For that reason, the public input meetings were held virtually and the public hearing at City Hall, which is accessible to people with disabilities. Alternative formats of the information or reasonable accommodations for persons with disabilities or limited English proficiency, including the availability of interpretation and translation services were available upon request through the Planning and Development Department. Auxiliary aids or other services were also offered upon request to hearing or sight-impaired residents to enable full participation in the citizen participation process.

A December 8, 2021 publication in *The Forum*, news release (available in 108 languages), and website posting announced Fargo’s Notice of Funding Opportunity (NOFO) Request for Proposals for program year 2022 Community Development Block Grant (CDBG) and HOME programs. Proposals were due on December 31, 2021, and the NOFO process was then e-mailed to the Community Development Committee in January 2022.

Community Development staff gathered input in the months leading up to submission of the plan. The list of consultations in the Consultation section represents the formal contacts made to gather information and to further coordination of program delivery. As publicized through news media contacts and online announcements, public meetings were held on October 28, 2021 and December 1, 2021 to provide further opportunity for public input on Fargo's greatest community needs.

Announcement of the City of Fargo's 2022 Annual Action Plan was published as a public notice in *The Forum*, emailed to persons interested in housing and community development, and publicized through a media release and the City's website (www.FargoND.gov) on March 30, 2022. The notice explains the contents and purposes of the plan, locations of where it is available for review, and how to obtain a copy. Public notices on the City's website are accessible for translation into over 100 languages. The Annual Action Plan was available during the public comment period on the City's website, and was also distributed to area libraries and Fargo Housing and Redevelopment Authority for viewing. The City provides a reasonable number of free copies of the plan to citizens or groups as requested.

No comments were received on the proposed plan during the 30-day public comment period, which was from March 31 to April 29, 2022. On April 18, 2022, the City Commission held a public hearing on the proposed Plan. On May 2, 2022, at which time the Commission reviewed and considered all comments received during the public comment period and at the public hearing, Fargo City Commission approved the 2022 Annual Community Development Action Plan and directed submittal of the plan to HUD.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

In the past, the City has combined its federal CDBG and HOME allocations with funding from other public and private sector sources to address priority needs. In addition, many non-profit and for-profit organizations in the community apply for other federal, state, and foundation grants. Although the nature and amount of such funding is unknown at this time, the City fully intends to meet the challenges addressed in the 5-year Consolidated Plan period and meet increased demand and local community development needs. The City of Fargo anticipates a total of \$1,995,884.84 in combined resources to address priority needs for the 2022 program year. This amount is comprised of actual CDBG and HOME award amounts, prior year resources, and program income estimates.

Priority Table

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 3				Expected Amount Available Remainder of ConPlan	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning, & Fair Housing Housing Multifamily Rental New Construction Public Improvements Public Services	807,876	3,750	577,528.53	1,389,154,53	1,571,198	The City of Fargo is in its third year of its 2020-2024 Consolidated Plan. Expected resources have been allocated for 2022 activities. Any additional or unforeseen program income (i.e., repayments from loans) will be allocated to Madison Bike Trails & Sidewalks if needed. If not, funds will be applied to one of the affordable housing projects. Because these funding sources are subject to annual Congressional appropriations and potential changes in funding distribution formulas, the expected amount available for the remainder of the Con Plan, which includes program income estimations, is subject to change with availability of funding.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 3				Expected Amount Available Remainder of ConPlan	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Admin and Planning Housing Multifamily Rental New Construction	520,318	83,270.45	3,141.86	606,730.31	1,567,471.55	The City of Fargo is in its third year of its 2020-2024 Consolidated Plan. Expected resources have been allocated for 2022 activities. Any additional or unforeseen program income (i.e., repayments from loans) will be allocated as needed to meet the affordable housing goal that benefits low to moderate income individuals/households. Because these funding sources are subject to annual Congressional appropriations and potential changes in funding distribution formulas, the expected amount available for the remainder of the Con Plan, which includes program income estimations, is subject to change with availability of funding.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Through its partnerships with its subrecipients and developers, the City combines its federal entitlement allocations with funding from other public and private sector sources to address its priority needs.

Upon becoming a HOME Participating Jurisdiction, the City of Fargo became responsible for documenting appropriate match in conjunction with receiving HOME funds. For the 2020-2024 Consolidated Plan, \$100,000/year in matching fund liability is anticipated. For 2022, the sources of match may include local payments in lieu of taxes. The City also anticipates \$150,000/year in HOME program income, as well as \$3,750/year in CDBG program income.

Additional funding that is expected to be available includes the public housing capital fund, housing vouchers, and state resources including those from the ND Housing Finance Agency, tax credits and incentives, and PILOT and Capital Bonds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City will consider the use of publicly-owned land or other property located within the jurisdiction for the construction of affordable housing for low-to-moderate income households, public green or park space, and community centers/public facilities.

Discussion

In 2022, the City will use CDBG and HOME in partnerships to leverage private, state and local funds to address goals and strategies outlined in Fargo’s Consolidated Plan. The City will also continue to identify strategies to be used for a variety of activities with respect to affordable housing and community development.

Table 7 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

The previously-approved “Multi-Family Rental Housing & Community Development Housing Organization (CHDO)” project (that was to be located at the former K-Mart site) has been cancelled. The City of Fargo had initially set aside \$300,000 in HOME funds and \$500,000 in CDBG funds for this multifamily rental development (with \$100,000 of that amount designated as ‘set aside’ HOME funds for a HOME CHDO reserve project). Due to a change in funding sources during the environmental review process, the project was cancelled from the use of HUD federal funds. From this cancelled project, \$800,000 must be reallocated. A total of \$300,000 (in HOME funds) is being addressed by an amendment to the 2021 Action Plan and the remaining \$500,000 in CDBG funds is being reallocated to the 2022 Action Plan project titled “Core Neighborhood Affordable Housing Development.” In addition, \$237,876 in CDBG funds, \$15,000 in contingency funds, and \$3,819 in CDBG Admin funds are allocated to the “Core Neighborhood Affordable Housing Development” project as well (for a total budget of \$756,695). The City of Fargo has also set aside \$200,000 in HOME funds for “Affordable Single-Family Housing for Ownership.” It is anticipated that at least six households, with incomes at or below 80% of the area median income, will be provided with affordable, owner-occupied housing.

AP-35 Projects – 91.220(d)

Introduction

The City of Fargo is a Community Development Block Grant (CDBG) entitlement community and a HOME participating jurisdiction. This Action Plan will address the following topics related to the use of CDBG and HOME funds in the City of Fargo in the 2022 program year (May 1, 2022 to April 30, 2023).

- Source of Funds, including expected grant and program income receipts
- Specific Consolidated Plan Objectives met by 2022 activities
- Summary of 2022 budget and programmatic expenditure limits
- Description of projects included in 2022 budget
- Geographic distribution of the projects
- A summary of special considerations, including discussion on the topics of homeless and other special populations, public housing, poverty reduction strategies, lead paint hazards, minority concentrations, underserved needs, removal of barriers to affordable housing, partnerships, and efforts to further fair housing.
- Local plans for monitoring sub-recipients and HUD-funded activities in general
- All of the anticipated HOME funds will benefit low/mod households and, an estimated 100 percent of Community Development Block Grant (CDBG) funds will provide a low/mod benefit. The majority of activities address the HUD objective of safe, affordable, and decent housing. The following table summarizes the distribution of Fargo’s FY2022 projects by HUD Performance Measure System.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The 2022 Action Plan projects focus on housing, homelessness, and neighborhood goals. CDBG funds will be used for projects related to capital improvements in a low-to-moderate income area neighborhood; public services for homeless engagement operations; single-family affordable housing

development; acquisition for future construction of affordable housing; and fair housing. HOME-funded projects will include the addition of affordable, single-family housing. Allocation priorities are a result of the citizen participation and plan development process, including the impacts of COVID-19.

Obstacles to addressing underserved needs will be capacity issues related to worker shortage. Many service providers are finding it difficult to keep and/or find staff, especially when the work is related to homelessness, mental health, and poverty. Workers are “burning out” due to the mental demands of the job, the chronic crisis that clients are in, the long hours, and because most are significantly underpaid and often underappreciated. Workers are struggling with mental health challenges as a result, which intensifies the problem. Another obstacle is the one time funding available right now. The pending drop in funding will impact programs, beneficiaries, and staff numbers.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

While there are no specified “Target Areas” identified in the 2022 Action Plan, the City of Fargo does prioritize its community development activities to neighborhoods that are predominately low-to-moderate income areas. In Fargo, most of the low-to-moderate areas are concentrated in the core neighborhoods of the city. The City of Fargo adopted the Core Neighborhoods Plan in 2021, which will bring together neighborhood stakeholders to collaboratively expand planning efforts to the city’s core neighborhoods and will likely incorporate HUD-related activities. The City is also in the process of interviewing a Neighborhood Planner to help implement work done in the core neighborhoods.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Housing needs in Fargo are projected to increase, particularly those related to affordability. To address these needs, the majority of the City of Fargo's local partners. The 2022 action plan helps to meet affordable housing needs for both renter and homebuyer households. Additionally, the City works to increase public awareness of affordability concerns on a regular basis. This occurs through regular housing meetings with partners, housing studies, and housing agenda topics at public meetings. Collaborative efforts and multi-discipline discussions surrounding housing solutions across the housing continuum are ongoing, spanning from homeless sheltering, supportive housing, rentals, affordable homeownership, and market rate housing.

Affordable housing availability also ties into preventing and ending homelessness. The City has been focused on the need for supportive services to keep people housed after experiencing homelessness. As part of this focus, federal dollars have been used to hire housing navigators for its Gladys Ray Shelter housing programming. The City has also contributed expertise and funding for a pointed housing study, which is being finalized for the downtown area and includes information on low to moderate income people and people experiencing homelessness. Using this tool and others, the overarching goal within the next 3 years is to develop a housing strategy that will address housing for low-to-moderate income households and people at risk of homelessness or experiencing homelessness, including those who are chronically homeless. A housing strategy plan would replace the City's expired 10-Year Plan to End Homelessness since homelessness continues to be an issue in the community, one that has intensified as a result of the pandemic. In 2022, the City will be allocating its HOME ARP homeless assistance funds, which will help address housing and homelessness issues within our community.

Discussion:

The one year goals listed above are associated with 2022 activities, but the completion and reporting of those activities will happen within the next two years due to construction schedules being longer than a program year. A total of 6 non-homeless people will benefit from federal HUD funds being used to construct six affordable homeownership units.

AP-60 Public Housing – 91.220(h)

Introduction

The Fargo Housing and Redevelopment Authority (FHRA) and City continue to address the needs of its public housing inventory and encourage residents to be involved in its operations.

Actions planned between May 1, 2022-April 30, 2023 to address the needs to public housing

Preservation:

FHRA will continue to manage a portfolio of approximately:

- 230 units of FHRA-owned public housing in multi-family and scattered sites
- 1,908 Section 8 Housing Choice Vouchers, including:
 - 140 project-based vouchers across 10 properties
 - 1000 tenant-based vouchers
 - 7 Home ownership vouchers
 - 75 Family Unification vouchers
 - 195 Mainstream Vouchers
 - 100 Veterans Affairs Supportive Housing vouchers
 - 247 Tenant Protection Vouchers
- 50 Section 8 rental certificates
- 42 units of permanent supportive housing at Cooper House
- 0 units of transitional housing
- 96 Affordable LIHTC units at New Horizons,
- 42 HUD Multi-Family units Burrell and Colonial.

New Development:

- 1) 110 new LIHTC affordable units will be under construction after the Lashkowitz High Rise is demolished. The redevelopment is expected to be completed by 2025.
- 2) 84 new units of affordable LIHTC 55+ Senior housing at Elliott Place will be available August 2022
- 3) 6 new units of permanent supportive housing at Silver Lining Senior Property will be available December 2022
- 4) 84 new units of affordable housing will be available 2028 through the renovation and reconstruction of the Burrell and Colonial units
- 5) 65 new units of affordable housing at the intersection of 18th St S & 25th Avenue currently known as project 14-4 available 2026.
400+ units available will be allowable to be acquired and placed back into Public Housing, thanks to the 2020 repeal of the Faircloth Amendment which limited the number of public housing units allowable under local housing authorities.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The FHRA works to engage, educate, and empower residents by providing opportunities for personal development, economic stability, education, health, and fostering family and community life. For every 100 residents in a property, there is a resident advisory board member which is convened to review annual plans, proposed policy changes, etc. Members receive a monetary stipend for participation and feedback.

The FHRA is not currently accepting new participants for a homeownership program. However, it still has seven participants in the homeownership voucher program, which accepted new participants until 2009. This program targeted disabled tenant households who can use their voucher to pay their mortgage, taxes, utilities, etc. indefinitely until they no longer need it.

The FHRA also still monitors 39 participants who have not yet sold their soft second mortgage as part of its 1999 5H Homeownership Program, in which public housing units were sold by FHRA to 59 low-income tenants with soft second mortgages payable upon resale of the property.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The FHRA is considered “troubled” due to a clerical issue. Additional financial assistance is not needed for the FHRA to resume normal status. While working on its recovery plan with HUD’s Denver regional office FHRA meets all criteria and indicators to be deemed a standard performer. Due to HUD postponing all PHAS due to COVID-19, rescoring will be completed at the end of 2022.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City’s Consolidated Plan identifies “Ending and Preventing Homelessness” and “Assistance for Vulnerable Populations” as priority goals. The City will support these goals through activities outlined below. In addition, the City regularly coordinates with the FM Coalition to End Homelessness (FM Homeless Coalition), local service and housing providers, and the North Dakota Continuum of Care to evaluate needs and determine next steps in metro-wide strategic efforts to prevent and end homelessness in the community.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The North Dakota Continuum of Care’s (ND CoC) annual Point-in-Time (PIT) Count, which is coordinated locally by the FM Homeless Coalition, is the primary data piece that the City uses to identify the numbers and needs of people experiencing homelessness in Fargo. The PIT count involves outreach by several partners to survey all individuals who are sheltered and unsheltered on one given night. This year’s count occurred on January 27. In the recent past, the City has partially funded independent count studies coordinated by the FM Homeless Coalition and will continue to do so when conducted.

The City will continue to fund operations for the Gladys Ray Shelter’s Mobile Outreach Program, which assists unsheltered people in crisis, typically related to mental health and substance use issues. All staff of the Mobile Outreach Program are trained in administering the VI-SPDAT assessment tool to help assess a person’s individual needs and connect to appropriate housing or detox interventions.

The City will continue to fund operations of the current Downtown Engagement Center. This centralized drop-in center helps facilitate outreach to homeless persons by providing a team of case managers, outreach workers, housing navigators, and various service agencies that can assess needs and encourage applying for mainstream benefits without needing to travel to different locations.

The City will continue to administer CDBG-CV funds for a Mobile Homeless Health Services Outreach program run by Family HealthCare. The mobile unit will visit various area homeless shelters and is staffed by a registered nurse delivering direct care and a patient services representative conducting intake and registration with patients. Homeless Health staff who are employed by Family HealthCare are also located on-site of the Downtown Engagement Center.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelter needs are addressed through a network of public and non-profit partners, including

seven shelters that each specialize in particular household types. Total emergency shelter capacity in Cass and Clay County combined is 348 beds, however, there are an estimated 1,022 individuals experiencing homelessness in the FM area on any given night, including unsheltered people actively seeking a shelter bed and individuals doubled up (i.e., staying with a friend or family member temporarily). Transitional housing needs are addressed through a network of public and non-profit partners. Total transitional housing capacity in Cass and Clay County combined is 143 units, but this number will be increasing through the YWCA's Lantern Light rehabilitation project which will provide apartment units to 23 families (approximately 60 individuals).

The City will continue to invest in the city-owned and operated Gladys Ray Shelter, which primarily relies on general funds and other grants. It can serve up to 25 adult males and 10 adult females.

The City will continue to meet consistently with homeless service providers to assess emergency shelter demands and how to allocate resources accordingly. For example, preparing to increase emergency shelter capacity for severe winter weather may require coordination from several City departments, the CoC, shelters, and the faith community.

The City will also be supporting emergency shelter and transitional housing needs of homeless persons with approximately \$1.7 million in HOME-American Rescue Plan dollars. These activities will be outlined in a separate allocation plan that will be submitted to HUD this spring/summer.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City will continue to administer its HUD funds for operational and direct support for homeless prevention, diversion, rapid rehousing, housing navigation, and emergency housing assistance. Partners include Presentation Partners in Housing, SouthEastern North Dakota Community Action Agency (SENDCAA), and its own Gladys Ray Shelter and Downtown Engagement Center.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City will continue to invest in the city-owned and operated Gladys Ray Shelter. It is one of several

key partners that support the needs of at-risk individuals exiting institutions and advocates for housing to be incorporated into discharge planning.

The City will continue to administer CDBG funds for emergency subsistence payments as well as operational support for homeless prevention and diversion efforts. This emergency assistance and operational support will be carried out by two local agencies, which are SouthEastern North Dakota Community Action Agency (SENDCAA) and Presentation Partners in Housing (PPiH). This activity will help to preserve affordable housing for those at risk of homelessness.

The City will continue to administer CDBG funds for eviction prevention efforts to ensure that residents facing eviction have legal support and eviction prevent resources.

The City will continue funding operations for the Downtown Engagement Center, which provides a central service hub to serve people who are homeless or at-risk of becoming homeless.

Discussion

One year goals for the number of households to be provided housing through the use of HOPWA for:
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The 2022 Action Plan demonstrates support for the creation of affordable housing in the community.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City has recently finished its Analysis of Impediments to Fair Housing Choice (AI), which includes a review of public policies for potential negative impacts to affordable housing access and steps toward mitigation. In tandem, the City continues to support the development of more affordable housing. Availability of both new and existing units of affordable housing has been an increasing challenge in Fargo, both for renters and owners. Fargo’s approach to addressing affordability includes local regulatory review and coordination and development of local financing alternatives.

Significant effort has been made to ensure that local regulation does not act as a barrier to housing affordability, including the recent analysis of the City’s Land Development Code and the development of the Core Neighborhood Plan. The City’s tax policies, zoning controls, building inspections and housing-related incentives do not act as a barrier to affordable housing creation/preservation.

Tax Policies

The City has a two-year property tax exemption for newly constructed owner-occupied housing that is weighted more heavily toward affordable units. Fargo also has a property tax exemption for home remodeling projects that freezes the pre-rehab value for a period of 3-5 years, depending on the age of the home. In addition, the State of North Dakota has a Homestead Tax Credit that is designed to reduce the property tax burden on low-income elderly and disabled homeowners. One potential issue with the homestead credit is the limit established by statute on the value of eligible property. The current statute says that only the first \$100,000 of a property’s value is eligible for exemption.

The City is examining its Tax Increment Financing (TIF) policy to focus local incentive dollars on encouraging affordable housing development; previously, the policy was for any housing development, which often resulted in higher end, more expensive rental housing development. Additionally, the City has begun training and educating local developers on the use of 4% LIHTCs, which are rarely used throughout the state.

Zoning and Land Use Controls

Fargo does not have an outer ring growth boundary but is trying to encourage smart growth to allow for more efficient use of existing infrastructure systems. The Fargo Land Development Code outlines several categories of residential zoning that allow for variation in lot sizes and densities. The City of Fargo adopted a zoning category (SR-5) for the specific purpose of providing developers with an opportunity to

build housing on smaller lots, with the end result often being an increase in affordability. The Code also allows for cluster housing development and other alternative development models, facilitating the efficient use of land for the development of housing.

The process of applying zoning to property is an area that can prove challenging to developers, particularly developers interested in building affordable housing. The community often displays fears of density, in general, and affordability, in particular. This can prompt changes in subdivision design that negatively affect project affordability. This is a topic that will be addressed as part of the updated Land Development Code.

Building Codes, Fees, or Charges

The Building Inspections Department adopted the International Residential Code (IRC) (2018 edition) to govern rehabilitation of existing residential properties. The IRC has helped to address some of the concerns that had been expressed about the application of new construction codes to older residential properties.

Also, the Fargo Rental Inspection Program works with and enforces the 2018 International Property Maintenance Code (IPMC). From a cost/process perspective, when compared to other communities, Fargo's building inspection and plan review process is both affordable and expedient. This means that the process itself is not a barrier to housing affordability. Also, the Fargo Rental Inspection Program works to ensure that the community's rental housing stock is safe, sanitary and decent; fees are only applied if a property owner refuses to correct code violations. Some advocate that this is an impediment to continued affordability of certain units, but it is the City's position that affordability cannot come at the expense of safety. Within the Core Neighborhood Plan, a Rental Registration program is being promoted and suggested, which will increase the safety of Fargo's rental tenants.

AP-85 Other Actions – 91.220(k)

Introduction

The City of Fargo will continue to develop partnerships and programs to support people with underserved needs.

Actions planned to address obstacles to meeting underserved needs

The City will work with funding agencies, including Cass County, United Way of Cass-Clay, FM Area Foundation, Dakota Medical Foundation, and the Impact Foundation to coordinate and meet the needs of the community. The City will seek opportunities to increase funding available for affordable housing. The City will continue to monitor needs that may emerge as a result of COVID-19 recovery and respond as needed. The City has also completed its required Analysis of Impediments (AI) that further outlines action steps for the City to take to mitigate housing obstacles.

Broadband Access: Broadband access is required for multi-family rental properties that are new construction, funded with HOME, and have 4 or more units.

The City of Fargo evaluated broadband needs of low- and moderate-income households, as affordable access to internet is an increasingly essential component to community development. Per 2020 ACS 5-Year Estimates:

- 78.3% of Fargo households have a desktop or laptop
- 83.7% have a smartphone
- 85.2% have some type of broadband access
- 14.5% overall are without an internet subscription

According to the latest data available from the Federal Communications Commission (FCC) Fixed Broadband Deployment Map, 92.21% of Fargo residents have access to 3 or more broadband providers for standard 25/3 Mbps speed.

Approximately 37.4% of households earning less than \$20,000 are without an internet subscription, as compared to 17.0% of households earning between \$20,000 to \$74,999 and just 4.7% of households earning over \$75,000. Residents without a computer and/or broadband subscription may obtain access at any of the public libraries, including:

- Fargo Public Library: 102 3rd St N
- Dr. James Carlson Library: 2801 32nd Avenue South
- Northport Library: 2714 North Broadway

Actions planned to foster and maintain affordable housing

Most of the City's affordable housing inventory is owned and managed by non-profit housing providers. There is little risk that projects will be lost from the affordable housing inventory, with the exception of single-family owner-occupied homes involving City funds. Generally when these homes are sold, they are no longer considered part of the affordable housing inventory. Some partners have implemented 'right of first refusal to purchase' policies to maintain affordability. In the 2022 Action Plan, the City will partner with local housing organizations to provide affordable, multi-family housing for low-to-moderate income households.

Resiliency: Fargo is increasingly concerned with mitigating the threats of natural hazards, especially as climate change poses to amplify them and as low- to moderate-income residents are disproportionately impacted. The greatest natural hazard risks faced by residents of Fargo are: flooding, severe storms, strong winds, and droughts.

As part of the 2019-2023 Cass County Multi-Hazard Mitigation Plan, the City has several capital improvements plan projects underway, including permanent flood levee projects per Fargo's Revised Comprehensive Flood Mitigation Plan; storm water retention ponds as development occurs; and several lift station raises with permanent generator installations. Additionally, the \$2.75 billion FM Area Diversion is under construction, which is a comprehensive flood management system being constructed jointly by the U.S. Army Corps of Engineers and the Metro Flood Diversion Authority. The diversion is expected to add 19 new bridges, 4 railroad bridges, a 30 mile inlet channel, a 20 mile embankment, 3 gated control structures, 2 aqueduct structures, and protect 235,000 residents within 70 square miles of existing infrastructure in the communities of Fargo, Moorhead, West Fargo, Horace, and Harwood.

In addition, the City of Fargo continues to develop policies that promote infill and density within areas that are already developed and are protected by a flood resiliency strategy (GO2030). In 2021, it also re-activated its Sustainability and Resiliency Committee to make recommendations to the City Commission for actions or policy adoptions related to climate resiliency, renewable energy, emissions reductions, energy efficiency, and environmental stewardship.

Actions planned to reduce lead-based paint hazards

The City will continue to address lead-based paint hazards for all HUD-funded housing rehabilitation projects on homes built before 1978. Lead-based paint hazards will be identified through lead-based paint testing and hazard evaluations. All hazards found from the lead-based paint testing will be addressed by a lead-certified contractor, either through interim controls or abatement. In addition, the City will continue to provide educational information about the hazards of lead-based paint to residents

and subrecipients of federal funds on projects involving lead-based paint.

Actions planned to reduce the number of poverty-level families

The City continues to support the efforts of nonprofit and public agencies that work to reduce the number of families living in poverty, including the efforts of the Fargo Housing and Redevelopment Authority (FHRA), the City's Public Housing Authority (PHA). The FHRA provides a number of self-sufficiency programs that are aimed at increasing a family's economic independence and works closely with Job Service of North Dakota to provide necessary training opportunities to poverty-level families. The City will continue to coordinate anti-poverty efforts with local service providers and social service agencies.

Actions planned to develop institutional structure

The City is a partner in identifying ways to coordinate and improve the effectiveness of the institutional systems, housing, and community development needs. The City will continue to work with all housing and human service agencies to coordinate and improve communications.

A challenge for Fargo's Community Development Division over the next five years is to effectively adapt its institutional structure to meet changing needs and a challenging fiscal environment. In a time of Federal budget increases due to the pandemic, the Community Development Division has had to further refine its ability to implement programming efficiently and effectively to expend funds quickly. The increase in funds has also led to an increase in projects. Additionally, individual project budgets have increased in order to match staff capacity. New staff has been hired and is currently being trained in HUD programming. Program administration funds may also become available for adding grant funded staff to assist with project management and the disbursement of funds if necessary.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to support the efforts of housing and social service agencies in the community. The City is also an active participant in the FM Homeless Coalition, statewide Continuum of Care Planning Committee, the ND Interagency Council on Homelessness, as well as other community-wide partnerships that discuss a variety of housing issues facing the metropolitan area. The City also continues to provide technical assistance to housing-related nonprofits whenever possible to support their organizational capacity and link them to potential partner agencies.

The Downtown Engagement Center model offers a centralized location for agencies to operate and coordinate, which is included in the 2022 Action Plan. The Emergency Subsistence Payments program relies on ongoing close communication between the two subrecipients, SouthEastern North Dakota Community Action Agency (SENDCAA) and Presentation Partners in Housing, and the several housing and social service agencies they help connect clients to for resources. This includes improved

coordination with FirstLink (2-1-1), the area's crisis and resource hotline, to streamline the process to connect citizens to the appropriate resources. While there are no activities in the 2022 action plan for Emergency Subsistence Payments, we are still working closely with our partner agencies to expend the funds from last year, including the COVID-19 CDBG dollars.

The City also occasionally works with connecting private developers to public housing and social service agencies on collaborative projects. Oftentimes, the requirements of HUD funding are more than private developers are willing to follow and they often back out, lose interest, or fail. This is an area the City is interested in improving if possible.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction

The City has prepared specific requirements for the use of CDBG and HOME program income, as well as HOME resale and recapture provisions for the development of homebuyer housing. All HOME-funded ownership projects in Fargo’s 2022 Action Plan are subject to the City’s recapture/resale policy. The City must use the resale method if no direct subsidy has been provided to the original buyer of a HOME-assisted unit. The HOME-funded 2022 Action Plan ownership projects are subject to the resale provision, as opposed to the recapture provision.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	15,000

2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)**

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City uses no other form of investment beyond those identified in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

As the 2020-2024 Consolidated Plan includes more HOME-funded, single-family homebuyer activities than in past plans, the City of Fargo has revised its resale and recapture policies to better reflect HUD guidance and best practices. The City also incorporates these resale or recapture requirements into any HOME written agreement it would enter into with developers and/or homeowners. For projects using HOME funds for homebuyer assistance or for the rehabilitation of owner-occupied single-family properties, the City uses the HOME affordable homeownership limits provided by HUD for newly-constructed housing and for existing housing (24 CFR 92.254(a)(2)(iii)). These limits are based on 95% of the median purchase price for the area. The City does not plan to limit the beneficiaries or give preferences to a segment of the low-income population.

The subrecipients of the HOME-funded ownership projects have their own processes for determining eligible applicants, soliciting and funding applications/proposals, and information on where their information can be obtained.

The local housing organization who is carrying out the Affordable Single-Family Housing for Ownership project in the 2022 Action Plan has a Family Selection Committee that is responsible for marketing the application process, reviewing all applications received, ensuring applicants meet selection criteria, and preparing the final recommendation. The subrecipient considers its target audience to be renters who want to make the transition to homeownership, providing many types of assistance to lower-income households. The subrecipient qualifies applicants whose incomes range from a minimum of 30% AMI to 60% AMI. Information is made available to the public through a variety of means including, but not limited to: 1) distributions of flyers to area businesses; 2) sending applications/brochures to area churches, non-profits, and social service agencies; 3) providing application orientation session information in area community calendars; 4) sending application announcements to area media; and 5) posting information on social media.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

For HOME-assisted homebuyer activities, the City must use the resale method if no direct subsidy has been provided to the original buyer of a HOME-assisted unit. The HOME-funded 2022 Action Plan ownership projects are subject to the resale provision, as opposed to the recapture provision. The remaining HOME-funded projects are rental projects. The City typically enforces the resale provisions through the use of a Land Use Restrictive Agreement (LURA). The LURA provides details on the resale requirements, including the applicable affordability period for the project, and is recorded on the HOME-assisted property.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Fargo does not intend to use HOME funds to refinance existing debt that is secured by housing that is being rehabilitated with HOME funds (as per 92.206(b)).

Subject: HUD Amendments - Kmart Plaza 1 & 2 and Milton Earl Projects

CD Committee Members:

Hello again! As you know, we like to reach out to you when we have changes or updates to our HUD work. You just heard from me last week on the HOME ARP public comment period, but we are also doing another one concurrently. This is a full 30-day public comment period that started on June 9th and ends July 8th. These amendments remove the Kmart Plaza 1 & 2 apartments by Beyond Shelter, Inc. (BS) out of the 2022 HUD Action Plan and reallocate some the HOME funds to their Milton Earl project. As costs increase due to inflation and the delayed timeline due to environmental hang ups, the budget has increase and their gap re-opened. We are proposing to re-allocate their HOME funds (\$300,000) from Kmart to Milton Earl. The Kmart project also ran into some environmental hang ups and it will no longer be funded with HUD CDBG or HOME. We still need to reallocate the \$500,000 CDBG from Kmart to other eligible activities, which we are analyzing now. You'll see a future amendment for those CDBG dollars at a later time. Below is the notice that went out to citizens. Please let me know if you have any questions.

MEMORANDUM RECEIVED AND FILED BY THE BOARD OF CITY COMMISSIONERS 4/27/22

TO: BOARD OF CITY COMMISSIONERS

FROM: TIA BRASETH, COMMUNITY DEVELOPMENT PLANNING COORDINATOR TB
 NICOLE CRUTCHFIELD, PLANNING DIRECTOR

DATE: JUNE 27, 2022

RE: PUBLIC HEARING FOR PROPOSED AMENDMENTS TO COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)/HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) 2021 HUD ACTION PLAN AND 2022 HUD ACTION PLAN

Planning & Development Department staff are proposing an amendment to the 2021 HUD Action Plan to increase the budget for The Milton Earl Multi-Family Rental activity by \$300,000 (\$100,000 CHDO & \$200,000 HOME). Due to construction costs inflation, delayed timeline resulting from the environmental assessment process, and increased legal fees for project review and preparation, a funding gap has occurred. These funds will be reallocated from the 2022 Action Plan.

In addition, staff are proposing an amendment to the 2022 HUD Action Plan to cancel and remove the project titled "Multi-Family Rental Housing & Community Development Housing Organization (CHDO) Project/Beyond Shelter, Inc.," which was to be located at the former K-Mart site. The developer has since rescinded its application for funds. A total of \$300,000 (\$100,000 CHDO & \$200,000 HOME) will be reallocated to the 2021 HUD Action Plan activity, The Milton Earl. The remaining budget of \$500,000 (CDBG) from this canceled project will be addressed and reallocated by a future amendment to the 2022 Action Plan.

Details of the proposed 2021 Action Plan Amendment and 2022 Action Plan Amendment are outlined in the attached public notice, which was published in *The Forum* newspaper on June 8, 2022. Per the adopted Citizen Participation Plan, this proposal is being presented at the June 27th City Commission meeting as a Public Hearing. The timeline, including the 30-day public comment period, is outlined in the attached public notice. Once approved by citizens and the City, the 2021 Action Plan amendment and 2022 Action Plan amendment will be submitted to HUD for approval.

Attachment: Notice of Public Hearing & Public Comment Period

Recommended Motion: No action is required at this time; public hearing only. Final consideration of the 2021 Action Plan Amendment and 2022 Action Plan Amendment is scheduled for July 11, 2022.

Citizen Participation Comments and Process

Citizen Participation Comments

No comments were received on the original proposed 2022 Action Plan during the 30-day public comment period, which was from March 31 – April 29, 2022.

For a summary of comments received from the public input meetings, which were held on Thursday, October 28, 2021 at 12:30 p.m. (virtual town hall meeting) and Wednesday, December 1, 2021 at 12:30 p.m. (virtual meeting), please see *Section AP-05 Executive Summary*, Question #5.

The 30-day public comment period for amendment #1 of the plan was from June 9 – July 8, 2022 and no comments were received on the proposal.

The 30-day public comment period for amendment #2 of the plan was from October 20 – November 18, 2022. Public comments were received on this proposed amendment, which identified a core neighborhood affordable housing development project site, activity, and budget. General consensus from public comments, submitted via email and at the October 31, 2022 City Commission public hearing, is that more affordable housing is needed. Commenters cautioned against concentrating affordable housing and urged the development of affordable small, detached, single-family homes as opposed to larger, single-structure developments (i.e., apartment complexes, one long row of townhomes, etc.). Comments were also received concerning the need to provide programs and opportunities to those living in the affordable housing.

The 30-day public comment period for amendment #3 of the plan was from March 16 – April 14, 2023 and no comments were received on the proposal.

Documentation from the citizen participation processes is included in the plan, including the attachments.

PROPOSED AMENDMENT TO 2021 HUD ACTION PLAN

ANALYSIS OF IMPEDIMENTS TO HOUSING DRAFT

The City has prepared a draft version of the Analysis of Impediments to Fair Housing Choice (AI). Part of the Consolidated Plan includes the AI, which addresses patterns of integration and segregation; racially or ethnically concentrated areas of poverty; disparities in access to opportunity; and disproportionate housing needs. The AI helps to identify fair housing issues and other contributing factors. The City uses this information to set goals that will address these issues. These goals inform subsequent housing and community development planning processes. Comments on this draft should be provided during this comment period.

FROM: TIA BRASETH, COMMUNITY DEVELOPMENT PLANNING COORDINATOR TB
NICOLE CRUTCHFIELD, PLANNING DIRECTOR

DATE: APRIL 14, 2022

RE: PUBLIC HEARING FOR COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)/HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) 2022 ACTION PLAN, ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING AND PROPOSED AMENDMENT TO 2021 HUD ACTION PLAN

Planning & Development Department staff has prepared the 2022 Action Plan for the use of U.S. Housing and Urban Development (HUD) funds. A total of \$1,932,690.84 is anticipated to be available for the 2022 Community Development budget.

In addition, staff are proposing an amendment to cancel and remove the 2021 Action Plan activity titled "Downtown Homeless & Housing Services Facility" and reallocating the activity's budget to other activities in the 2022 Action Plan. The activity is being canceled because the City is re-focusing its funds on operations at the existing Downtown Engagement Center.

Lastly, the City has prepared a draft version of the Analysis of Impediments to Fair Housing Choice (AI), which helps to identify fair housing issues and other contributing factors.

Details of the proposed 2022 Action Plan funding sources and projects are outlined in the attached public notice, which was published in *The Forum* newspaper on March 30, 2022. The public notice also contains information on the proposed 2021 Action Plan amendment and Analysis of Impediments to Fair Housing. Per the adopted Citizen Participation Plan, this proposal is being presented at the April 18th City Commission meeting as a Public Hearing. The timeline, including the 30-day public comment period, is outlined in the attached public notice. Once approved by citizens and the City, the 2022 Action Plan and 2021 Action Plan amendment will be submitted to HUD for approval, and the AI will be submitted to HUD's Office of Fair Housing & Equal Opportunity (FHEO).

The 2022 Action Plan and AI have been drafted in compliance with federal regulations and are consistent with the approved 5-Year Consolidated Plan (2020-2024). The draft plans are available on the City website (posted March 30, 2022). To date, no public comments have been received.

1. Benefits, Services, and Methods of Administration

City staff will analyze demographic data for race, color, national origin, sex, religion, and disability to determine whether any minority groups appear under-represented in the HUD-funded programs. Results will be reported in the 2022 CAPER.

2. Citizen Participation

The City of Fargo will continue to its Citizen Participation Plan, which includes targeted outreach for members of protected classes. The full plan is available on the City of Fargo’s website under the Department of Planning and Development’s Plans and Studies page.

3. Limited English Proficiency (LEP)

The City of Fargo has conducted a four-factor analysis and is underway adopting and implementing its newly-drafted Language Access Plan.

4. Recordkeeping

Fargo has taken actions to ensure complete and accurate records are maintained, both at the grantee level and at the subrecipient level. Source documents have been updated to uniformly collect race, ethnicity, and head of household data. INTRODUCTION TO RESALE & RECAPTURE POLICY

The City of Fargo (City) receives federal funds through the U.S. Department of Housing and Urban Development (HUD), which includes funds under the Home Investment Partnerships Program (HOME). Under this program, the City is considered a HOME Participating Jurisdiction (PJ). The primary purpose of the HOME Program is to provide decent, safe, and affordable housing to lower-income households.

PJs that are implementing HOME-assisted homebuyer activities, including any projects funded with HOME Program Income (PI) (income that is generated by the use of HOME funds), must establish written requirements to ensure long-term affordability for HOME-assisted properties over a specified period of time, referred to as the "Affordability Period". These requirements are known as resale and recapture provisions and PJs must use only one or the other per activity/program.

Property that is assisted with HOME funds must be the principal residence of a low-income owner household during the Affordability Period. If the property does not continue to be the principal residence of an income-qualified household during the Affordability Period (if the owner were to move, sell, die, or transfer their title to someone else), the resale and recapture provisions are used to determine if any financial obligations are required.

These provisions must also be set forth in the PJ's Consolidated Plan. The written resale and/or recapture provisions that a PJ submits in its annual Action Plan must clearly describe the terms of the resale and/or recapture provisions, the specific circumstances under which these provisions will be used (if more than one set of provisions is described), and how the PJ will enforce the provisions for HOME-funded ownership projects. HUD reviews and approves the provisions as part of the annual Action Plan process.

The purpose of this document is to provide the "resale" and "recapture" policies used by the City of Fargo in its HOME-assisted ownership programs. As stated above, HOME requires that PJs utilize resale/recapture provisions to ensure continued affordability for low- to moderate-income homeowners and as a benefit to the public through the wise stewardship of federal funds.

The City of Fargo currently uses HOME funds to assist developers of new ownership housing. In addition, the City of Fargo has included HOME-funded home buyer assistance in its current 2020-2024 Consolidated Plan, to be implemented and outlined in future years. Prior to the implementation of homebuyer assistance programming, the City will update its Resale & Recapture Policy to incorporate related provisions.

RESALE POLICY

This option ensures that the HOME-assisted units remain affordable over the entire affordability period because it requires the owner and any subsequent owners to be below specified income limits throughout the affordability period. The resale method is used in cases where HOME funding is provided directly to a developer to reduce development costs, thereby, making the price of the home affordable to the buyer. Referred to as a "Development Subsidy," these HOME funds trigger the resale requirements that must remain with the property for the length of the affordability period. **The City must use the resale method if no direct subsidy has been provided to the original buyer of a HOME-assisted unit.**

Specific examples where the City of Fargo would use the resale method include:

1. Providing funds to the developer for property acquisition (land or units);
2. Providing funds for permit fees, construction materials, and labor.

Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo

The resale policy is explained to the prospective homebuyer(s) prior to signing a purchase agreement/contract to purchase the HOME-assisted unit. The prospective homebuyer(s) sign an acknowledgement that they understand the terms and conditions applicable to the resale policy as they have been explained. This document is included with the executed purchase agreement/contract. (See attached "Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo")

Enforcement of Resale Provisions

The resale policy is enforced through the use of a Land Use Restrictive Agreement (LURA) signed by the homebuyer at closing. The LURA will specify:

1. The length of the affordability period (based on the dollar amount of HOME funds invested in the unit: either 5, 10, or 15 years);
2. That the home remain the Buyer's or subsequent Buyers' principal residence throughout the affordability period; and
3. The conditions and obligations of the owner should the owner wish to sell before the end of the affordability period, including:
 - a. The owner or their real estate agent must contact the City of Fargo Planning and Development Department, in writing, at least fourteen **(14) days prior to listing** the property if intending to sell the home before the end of the affordability period;
 - b. The subsequent Buyer must be low-income at time of purchase as defined by HUD under the HOME Program, and occupy the home as their primary residence for the remaining years of the affordability period.
 - i. If the new Buyer receives direct assistance through a HOME-funded program, the affordability period will be re-set according to the amount of assistance provided; and
 - c. The sales price must be affordable to the subsequent Buyer; "affordable" is defined as limiting the Principal, Interest, Taxes and Insurance (PITI) amount to no more than 38% of the new Buyer's maximum gross annual income, adjusted to a monthly income. The City of Fargo must determine and approve income eligibility of subsequent Buyers. This process will involve income verification via third party (i.e., employers, bank statements, benefits, etc.).

Fair Return on Investment

The City of Fargo will administer its resale provisions by ensuring that the owner receives a fair return on their investment and that the home will continue to be affordable to a specific range of incomes. "Fair Return on Investment" means the total homeowner investment, which includes the down payment, earnest money, and any approved capital improvement credits, as described below:

1. The amount of the down payment and earnest money paid;
2. The cost of any capital improvements, documented with receipts provided by the homeowner, including but not limited to:
 - a. Any additions to the home such as a bedroom, bathroom, or garage;
 - b. Replacement of heating, ventilation, and air conditioning systems;
 - c. Accessibility improvements such as bathroom modifications for disabled or elderly, installation of wheel chair ramps and grab bars, any and all of which must have been paid for directly by the owner and which were not installed through a federal, state, or locally-funded grant program; and
 - d. Outdoor improvements such as a new driveway, walkway, retaining wall, or fence.

Note: All capital improvements must be inspected by the City and must have been completed by licensed contractors with all required building permits obtained. *The City has the right to deny a property improvement if it is determined it would not add to the value and useful life of the property.* The costs for routine maintenance items, replacement of worn/dated components, and cosmetic changes are not considered capital improvements.

3. The value of the owner's investment will be calculated using the Housing Price Index (HPI) Calculator of the Federal Housing Finance Agency. The change in HPI from the original purchase price to the time of sale will be applied to the value of the owner's investment, so that the value of the improvements is increased or decreased by the amount of increase or decrease in the housing market overall. The HPI Calculator is currently located at <https://www.fhfa.gov/DataTools/Tools/Pages/HPI-Calculator.aspx>. The calculation shall be performed for the Fargo, ND-MN Metropolitan Statistical Area (MSA).
4. If the market price that provides a fair return to the initial homebuyer is too high to be affordable for a subsequent Eligible Buyer, the City, at its discretion, may provide additional direct HOME subsidy or other funds, if available, to the subsequent buyer. Such consideration will only be given after the owner has demonstrated they have made all reasonable attempts to sell the unit. The PJ cannot require the homeowner to adjust the resale price in order to achieve affordability for the subsequent Buyer.

It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on their investment because the home sold for less or the same price as the original purchase price. In these situations, this would be considered a fair return.

Affordability to a Range of Buyers

The City will ensure continued affordability to a range of buyers whose total household incomes range from 40% to no greater than 80% of the Area Median Income (AMI).

Maximum Sales Prices shall be set so that the amount of Principal, Interest, Taxes, and Insurance (PITI) does not exceed 38% of the targeted Buyer's maximum gross annual income and the maximum sales price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year. The homeownership sales price limits change annually and are provided by HUD.

Approval of Sales Price and Eligible Buyer

If an owner wants to sell the property, the owner or real estate agent must contact the City of Fargo Planning and Development Department, in writing, at least fourteen **(14) days prior to listing** the property and receive approval for a proposed listing price in accordance with the affordability restrictions. The listing price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year.

After receiving approval of the proposed listing price, the Seller may list the property for sale with a real estate agent or broker licensed in the State of North Dakota or the Seller may market the property as a so-called "for sale by owner," and may enter into a purchase agreement/contract for the sale of the property upon such terms and conditions as the Seller deems acceptable, provided that:

1. The purchase price shall not exceed the Maximum Sales Price (see the definition of "Maximum Sales Price" under the Basic Terminology section of this policy);
2. The purchase agreement or contract must state, as a contingency, that the Buyer will submit the "Notification of Intent to Purchase from Prospective Buyer(s) to the City of Fargo" (See Attached Form) within three (3) days after the purchase agreement/contract is signed by both parties and that the Seller's obligations under the purchase agreement/contract are expressly contingent upon the City's determination and approval that the Buyer is income eligible to purchase.

Resale Example

A home with a 15-year affordability period was purchased in October 2017 by a person who now wishes to sell in December 2020. The original homeowner purchased through "Entity XYZ", with an original purchase price and mortgage of \$185,000 and has made \$24,000 in principal payments. In addition, the original homeowner was required to put down \$1,000 for the down payment. The current balance of the mortgage is now \$160,000. Finally, a total of \$10,000 in homeowner improvements has been documented.

Original Purchase Price <i>(purchased in October 2017)</i>	\$185,000
Down Payment <i>(Included as part of Original Purchase Price noted above)</i>	\$1,000
Documented Homeowner Improvements	\$10,000
Total Homeowner Investment <i>(Down Payment + Improvements)</i>	\$11,000
Housing Price Index Change (using HPI Calculator for a December 2020 sale/4 th Quarter - https://www.fhfa.gov/DataTools/Tools/Pages/HPI-Calculator.aspx - screenshot below)  <i>(selling in December 2020)</i>	+7.6%
Fair Return on Initial and Capital Investments (Gain/Loss) <i>(Total Homeowner Investment x Housing Price Index Change)</i>	\$836
Total Fair Return on Investment <i>(Total Homeowner Investment + Fair Return)</i>	\$11,836
Subsequent Sales Price <i>(Original Purchase Price + Total Fair Return)</i> <i>(\$185,000 + \$11,836)</i>	\$196,836

Termination of Resale Restrictions

Resale restrictions may terminate upon foreclosure, transfer in lieu of foreclosure, or assignment of FHA mortgage, in order to clear title. The PJ may use purchase options, rights of first refusal, or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record (before the termination event) obtains an ownership interest in the housing.

RECAPTURE POLICY

Under HOME recapture provisions, financial assistance must be repaid if it is provided directly to the buyer or the homeowner. Upon resale, the seller may sell to any willing buyer at any price. The written agreement and other applicable legal documents will disclose the net proceeds percentage, if any, that will be allotted to the homebuyer and what proceeds will return to the PJ. Once the HOME funds are repaid to the Participating Jurisdiction (PJ – City of Fargo), the property is no longer subject to any HOME restrictions. The funds returned to the PJ may then be used for other HOME-eligible activities.

Specific examples where the City of Fargo would use the recapture method include (direct homeowner subsidy):

1. Providing funds for homebuyer assistance
2. Providing funds for a sales-price write down

The (HOME) federal assistance will be provided in the form of a 0% interest, deferred payment loan or grant. A fully executed (by all applicable parties) and dated Written Agreement, Mortgage, Promissory Note, and Land Use Restrictive Agreement (LURA) will serve as the security for these loans or grants. The LURA and Mortgage will be recorded with the Cass County Recorder's Office.

Amount Subject to Recapture

The amount subject to recapture is based on the amount of assistance that enabled the homebuyer to buy the unit (referred to as "Direct Home Subsidy"). The recapture amount of the HOME loan or grant is made solely from the net proceeds of sale of the property (except in the event of fraud or misrepresentation by the Borrower described in the applicable legal documents).

Reduction during Affordability Period

The amount of direct HOME subsidy will be forgiven at a rate equal to the percent of the affordability period that is completed. This will determine how much of the HOME subsidy will be recaptured. The City of Fargo will calculate the amount of the HOME grant or loan to be forgiven by:

1. Dividing the (number of years the homebuyer occupied the home) by (the affordability period); and
2. Multiplying the resulting number by the total amount of direct HOME subsidy originally provided to the homebuyer to determine the amount to be forgiven. The difference is the recapture amount, which is limited to the net proceeds available.

Recapture Example

A homebuyer received a direct subsidy of \$10,000 in HOME funds. The affordability period is five years. After three years, they decide to sell the home at which point 60% (3 years/5 years) of the affordability period has elapsed. A total of \$6,000 (60% x \$10,000) is forgiven, resulting in a total of \$4,000 subject to recapture from the net proceeds of the sale (see next section).

Net Proceeds

Net proceeds consist of the sales price minus loan repayment, other than HOME funds, and closing costs (see calculation table below).

Note: Recapture provisions cannot be used when a project receives only a development subsidy and is sold at fair market value, because there is no direct HOME subsidy to recapture from the homebuyer. Instead, resale provisions must be used.

Net Proceeds Calculation Table

Sales Price		\$
Original Superior Lien(s) Payoff Amount(s)	(-)	\$
Any reasonable and customary sales expenses paid by the Borrower in connection with the sale (Closing costs)	(-)	\$
Net proceeds		\$
HOME Loan or Grant Prorated Dollar Amount	(-)	\$
Equity to Borrower/Seller	=	\$

Other than the actual sale of the property, if the homebuyer or homeowner breaches the terms and if the net proceeds of the sale are insufficient to recapture the full amount due at sale (the entire direct HOME subsidy or the reduced amount of the direct HOME subsidy), the City will recapture all net proceeds (up to what is owed). The City is not required to repay the difference between the reduced direct HOME subsidy due and the amount the City is able to recapture from available net proceeds.

When the net proceeds of the sale are insufficient to pay the HOME subsidy balance that is due, the City of Fargo may not personally seek or obtain a deficiency judgment or any other recovery from the Borrower/Seller. If there are no net proceeds, the City of Fargo will receive no share of net proceeds. If funds remain after the City has recaptured the HOME funds, the homeowner will retain any remaining proceeds.

In the event of an uncured Default, the City of Fargo may, at its option, seek and obtain a personal judgment for all amounts payable under the Note or other applicable legal documents. This right shall be in addition to any other remedies available to the City of Fargo. If there are insufficient funds remaining from the sale of the property and the City recaptures less than or none of the recapture amount due, the City must maintain data in each individual HOME loan or grant file that documents the amount of the sale and the distribution of the funds, including:

1. There were no net sales proceeds; or
2. The amount of the net sales proceeds was insufficient to cover the full amount due; and
3. No proceeds were distributed to the homebuyer/homeowner.

Other than actual sale of the property, if the homebuyer or homeowner breaches the terms and conditions for any other reason (e.g., no longer occupies the property as their principal residence), the

full amount of the loan or grant (which does not include any reductions that would have been made during the affordability period, per the City's recapture requirements) is immediately due and payable.

If Borrower/Seller is in Default, the City may send the Borrower/Seller a written notice stating the reason Borrower/Seller is in Default and telling Borrower/Seller to pay immediately:

1. The full amount of Principal then due on the Promissory Note or other applicable legal documents,
2. All of the City's costs and expenses reimbursable for recovery against the Borrower/Seller responsible for the fraud or misrepresentation is not limited to the proceeds of sale of the property, but may include personal judgment and execution thereon to the full extent authorized by law.

The City of Fargo HOME Recapture requirements allow the subsequent homebuyer to assume the HOME assistance (subject to the HOME requirements for the remainder of the Affordability Period) if the subsequent homebuyer meets the income limits, and no additional HOME assistance is provided. However, if the subsequent homebuyer meets the income limits and receives direct assistance through a HOME-funded program (e.g., down payment assistance), the Affordability Period will be re-set according to the amount of assistance provided.

AFFORDABILITY PERIODS

HOME Program Assistance Amount	Affordability Period in Years
Under \$15,000	5
\$15,000 to \$40,000	10
Over \$40,000	15

A HOME Written Agreement, Promissory Note (as applicable), Mortgage (as applicable), and LURA will be executed by the Borrower and the City of Fargo that accurately reflects the resale or recapture provisions before or at the time of sale.

CITY OF FARGO SUBORDINATION POLICY

The City of Fargo has a separate Subordination Policy, which is used when homeowners are going to refinance or obtain a home equity loan. The policy outlines the circumstances in which the City would consider subordinating to a position lower than second position.

MONITORING

The City of Fargo will ensure ongoing monitoring of the principal residency requirement is conducted, within the affordability period, for the HOME-assisted projects subject to resale and recapture. The City (or Developer, as applicable) will verify that the property is the principal residence of the current owner (and any subsequent owners) through mailings, records searches, or direct contact with the HOME-assisted owner.

When verification is conducted through mailings, letters will be mailed through certified mail with "do not forward" instructions, to demonstrate whether the buyer is receiving mail at the home. The letters will include information related to the terms of the HOME assistance that was used on the property, including the affordability period.

The principal residency requirement must be verified each year, by one of the methods above, within forty-five (45) days from the anniversary of the closing date (the closing date is noted on the Land Use Restrictive Agreement and other applicable legal documents). If no response and/or documentation verifying principal residency by the owner is received within forty-five (45) days, the owner and/or Developer will be in default of the loan or grant, as well as the Developer and HOME Agreements. Repayment of the HOME funds will then be required as noted below.

For Projects Subject to Recapture Requirements. In the event of noncompliance where the owner is no longer occupying the property during the affordability period, full repayment of the HOME assistance that enabled the homebuyer to buy the unit (the entire direct HOME subsidy, which does not include any reductions that would have been made during the affordability period, per the City's recapture requirements) will be subject to recapture from the owner.

For Projects Subject to Resale Requirements. In the event of noncompliance where the owner is no longer occupying the property during the affordability period, the HOME investment that was provided directly to the developer to reduce the development costs for the HOME-assisted property must be repaid by the City to HUD.

BASIC TERMINOLOGY

Affordability to a Range of Buyers: means ensuring continued affordability to a range of buyers whose total household income ranges from 40% to no greater than 80% of the Area Median Income and ensuring the Maximum Sales Price is set so the amount of Principal, Interest, Taxes, and Insurance does not exceed 38% of the targeted Buyer's annual gross income.

Affordable Housing: The City of Fargo follows the provisions established in 24 CFR 92.254, and considers that, in order for homeownership housing to qualify as *affordable housing*, it must:

- Be single-family, modest housing (modest means purchase price does not exceed 95% of median purchase price for the area);
- Be acquired by a low-income family as its principal residence; and
- Meet affordability requirements for a specific period of time as determined by the amount of assistance provided.

Area Median Income: Annual income limits, published by HUD, that are based on household size and used to determine the maximum household income.

Capital Improvement: means additions to the property that increase its value or upgrades the facilities. These include upgrading the heating and air conditioning system, upgrading kitchen or bathroom facilities, adding universal access improvements, or any other permanent improvement that would add to the value and useful life of the property. The costs for routine maintenance items, replacement of worn/dated components, and cosmetic changes are excluded.

Capital Improvement Credit: means credits for verified expenditures for Capital Improvements.

City: means the City of Fargo

Direct HOME Subsidy: is the amount of HOME assistance, including any program income that enabled the homebuyer to buy the unit. The direct subsidy includes down payment, closing costs, interest subsidies, or other HOME assistance provided directly to the homebuyer. In addition, direct subsidy includes any assistance that reduced the purchase price from fair market value to an affordable price.

Eligible Buyer: means a person, family, or household with: (1) a minimum gross annual income that is no less than 40% of the Area Median Income for Fargo and a maximum gross annual income that is no more than 80% of the Area Median Income for Fargo, and (2) whose proposed monthly housing expense(s) (principal, interest, taxes, and insurance) do not exceed 38% of the maximum gross annual income, adjusted to a monthly income. This definition of Eligible Buyer is to be used solely to calculate the maximum income level of buyers eligible to purchase the property and shall not be construed as in any way limiting the type of lending program or loan terms (except that such terms or conditions shall not be predatory) which an Eligible Buyer may accept to finance the purchase of the property. A person, family, or household who at the time of purchase qualified as an Eligible Buyer shall continue to be deemed so qualified until such time as the property is transferred.

Fair Return on Investment: means the total homeowner investment, which includes the down payment, earnest payment, and any approved capital improvement credits.

Maximum Sales Price: Every transfer of the property by an owner to a Buyer (during the affordability period) shall be for a purchase price which does not exceed the Maximum Sales Price determined as follows: sales prices shall be set such that the amount of Principal, Interest, Taxes, and Insurance does not exceed 38% of the new Buyer's annual gross income, adjusted to a monthly income and the maximum sales price cannot exceed 95% of the median purchase price for single-family housing in the Fargo, ND-MN MSA for the current year. The homeownership sales price limits change annually and are provided by HUD.

Net proceeds: are defined at 24 CFR 92.254(a)(5)(ii)(A) as the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

Participating Jurisdiction (PJ): means the City of Fargo.

Program Income (PI): means income that is generated by the use of HOME funds. Program income is gross income received by the Participating Jurisdiction, State recipient, or a subrecipient directly generated from the use of HOME funds or matching contributions. When program income is generated from the use of HOME funds or matching funds, the income should be prorated to reflect the percentage of HOME funds used.

Recapture: The recapture provisions, established at 24 CFR 92.254(a)(5)(ii), permit the original homebuyer to sell the property to any willing buyer during the period of affordability while the PJ is able to recapture all or a portion of the HOME-assistance provided to the original homebuyer.

Re sale: The resale provisions, established at 24 CFR 92.254(a)(5)(i), ensure that the HOME-assisted units remain affordable over the entire affordability period. If the housing does not continue to be the principal residence of the family for the duration of the affordability period, the housing must be made available for subsequent purchase only to a buyer whose family qualifies as a low-income family and will use the property as the family's principal residence. The resale requirement must also ensure that the price at resale provides the original HOME-assisted owner a fair return on investment (including the homeowner's investment and any capital improvement) and ensure that the housing will remain affordable to a reasonable range of low-income homebuyers, whose total household incomes range from 40% to no greater than 80% of the Area Median Income.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020, 2021, 2022 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.
