

****Note for the following report:**

On March 20, 2024, Sanford Ambulance was required to move their documentation software to the National Emergency Medical Services Information System (NEMSIS) 3.5 reporting dataset. Therefore, the data in this report contains data through approximately noon on March 20th.

To summarize the changes, they moved from 5 choices (Cancelled, No Treat/No Transport, Treat & Release, Assessment/No Transport, Transport) to 4 disposition categories (Unit Disposition, Patient Evaluation/Care, Crew Disposition, Transport Disposition). Each category then has 4-7 choices within it to pick from.

The last ten days of March's data will be submitted with quarter two
