

Memo

To: Traffic Technical Advisory Committee

From: Mark Buchholz

Date: August 5th, 2015 Meeting

Subject: Speed Limit on 40th Ave S

As a Fargo resident and a user of 40th Ave S. I am concerned about the speed limit on 40th Ave and wish to enter into a discussion to consider lowering it.

I plan to present the committee with a comparable analysis of current speed limits on Fargo roadways. Also, I ask that we discuss all the factors that consider usability and promote safety for the discussed roads.

Thank you for your willingness to listen to my concerns. I am confident that as a community we can come up with the best solution(s) for the residents, city, and visitors.

Thank you,

Mark Buchholz
