Excessive outstanding fees can affect access to public computers.

Note: Any item that is **more than 30 days overdue is considered long overdue, and the cost of the item is automatically charged to the borrowing account. Upon return of the item(s) in good condition, lost item fees are automatically removed from the patron account.*

Borrowers who have more than \$30 in outstanding fees on their account may not check out materials. Borrowing may resume when fees are reduced below the \$30 maximum by return of the item(s), or by payment of fees.
