TAX EXEMPT REVIEW COMMITTEE
Fargo, North Dakota

Regular Meeting**Tuesday, December 17, 2019**

The December meeting of the Tax Exempt Review Committee of the City of Fargo, North Dakota was held in the City Commission Room at City Hall at 1:00 p.m., Tuesday, December 17, 2019.

The committee members present or absent are:

Present: Dave Piepkorn, Bruce Grubb, Jim Buus, John Cosgriff, Jim Gilmour, Robert Wilson, Ben Hushka,

Absent: Mayor Tim Mahoney, Jessica Ebeling, Jackie Gapp, Erik Johnson, Kent Costin, Levi Bachmeier, Joseph Raso

Commissioner Piepkorn called the meeting to order at 1:00 p.m.

Renaissance Zone and Downtown Incentive Boundary Map Changes

Jim Gilmour stated that, at the last meeting, he referred to a major remodeling project at the corner North University and 7th Avenue that he felt was cause to consider the need for a change in the map defining the downtown. He stated that he reviewed the entire edge defining the downtown according to the existing map.

Gilmour stated that commercial properties in the downtown area are eligible for remodeling exemptions for two years longer than those outside the boundary. Policy also allows for longer Payment In Lieu of Tax (PILOT) incentives for apartment projects within the downtown area. He said that he looked at all of the properties just outside the current boundary to determine where it would be appropriate to change it. Mr. Gilmour said that most all of the properties he identified to be included in the downtown boundary are non-owner occupied and most are zoned for apartments and they fit more in a downtown character. He stated that most of the properties added to the south side included an additional half to one block to the defined area. The new map extends from the river west to beyond University Dr. to, for the most part, 14 St. N. He stated that recent changes to the Renaissance Zone Boundary added an additional block to the west. He said that he excluded properties or parts of blocks that were single family homes.

Commissioner Piepkorn suggested that there should be contact with the downtown neighborhood associations to inform them of these policies so that they know the boundaries and what is going on. Mr. Gilmour said that he has not yet met with the downtown neighborhood associations or Downtown Community Partnership, but said that we certainly can do that. He said that we can probably do that before putting this change on the City Commission agenda. Commissioner Piepkorn also stated that, although a separate issue, it would also be good to have a map of the opportunity zone. Mr. Gilmour said most of the downtown is in the opportunity zone.

Mr. Gilmour recommended changing the wording in the policy from "Downtown Business District" to "Downtown Incentive Area" and adopt the recommended changes to the boundary of the area map as well as changes to the Tax Exempt Review Committee membership.

Jim Buus made a motion to approve as recommended by Mr. Gilmour. John Cosgriff seconded the motion.

Commissioner Piepkorn adjourned the meeting.

ROBERTS COMMONS AND DILLARD BUILDING (625 2nd Avenue North, 217 Roberts Street North and 624 2nd Avenue North): The newly finished Roberts Commons sits upon the site of the Columbia Hotel that was built in 1888. The Columbia Hotel was a four-story brick structure featuring 100 electric lighted rooms. The Fargo fire of 1893 burned down the building and after the fire it was replaced by the Fargo Carnegie Library which was constructed in 1903. The building sits upon the location of a three-story structure built in 1892. The building first was utilized by the Masonic Temple and the Order of Elks before being converted into apartments with retail space on the ground floor. The Carnegie Library and various buildings around it were razed in the 1970s to build surface parking lots. In 2015, following a request for proposals that was issued by the City, a project consisting of two (2) mixed-use buildings and a parking garage was selected for construction on these properties. The initial phase involved the construction of a city owned structured parking facility with upwards of 450 spaces. The second phase included the construction of 74 residential units with nine (9) ground level retail spaces wrapped around the parking garage.

LORETTA BUILDING (210 Broadway Street North): The Loretta building was constructed in two phases with the south portion of the building constructed in 1909 and the remaining portion being completed in 1912. The building was originally constructed as a three-story commercial building and over the years has accommodated several businesses that included a furniture store, cattle company and more recently a mixture of restaurants and boutique retail. The building was renovated in 2008 and this project added a fourth floor to the building. This RZ project included both rehabilitation and new construction and encompassed a total of 36,334 square feet. The investment included mechanical and electrical infrastructure, façade renovation, windows, roofing and altogether the project was estimated at \$2,672,995. At the time of the RZ project, the building value was approximately \$600,000. In 2018, the assessed building value was approximately \$4.3 million.

RUBY RULES (321 4th Street North): This building was constructed in 1961 as part of the North Dakota Urban Renewal 1 Subdivision. The building is a one-story commercial office building that occupies 5,781 square feet. In 2018 this building was renovated to accommodate a dental office and a yoga studio. The property was valued at \$485,000 in 2018 and approximately \$670,000 was invested in the renovation. This project is representative of one of the several smaller-scale RZ projects that over the 20-year history of the RZ program in Fargo has contributed to the overall improvement of the downtown core.

Renaissance Zone Development Plan Overview

As specifically set forth in N.D.C.C. 40-63-01(2)(a-e) Renaissance Zone “Development Plans” are intended to establish the following:

1. A map depicting the geographic boundary of the RZ;
2. Block by block analysis of structures and target areas;
3. An outline of applicable goals and objectives;
4. A description of the types of projects desired for each target area;
5. To establish promotion and management strategies to maximize investment.

The subsequent sections of the Plan are intended to address the minimum RZ Plan requirements as set forth above.

Downtown Fargo and Renaissance Zone Summary

In 1999 the Renaissance Zone Program was approved by the North Dakota Legislature and signed by the Governor. This program established the framework for certain tax incentives with the goal of enhancing economic growth and investment opportunities in downtown business districts throughout municipalities in North Dakota. The City of Fargo adopted the initial Renaissance Zone Development Plan in 1999 which covered a 15-year period; and in 2015 an updated plan was adopted pursuant to statutory requirements which effectively extended the duration of the Renaissance Zone through 2019. Consistent with N.D.C.C. 40-63-01(2) and N.D.C.C. 40-63-03 the 2020 Renaissance Zone Development Plan (RZDP) has been prepared and submitted as one of the components required to extend the duration of the program by five years.

Downtown revitalization has been a priority for the City of Fargo since the 1950s. The City has taken a more pro-active position on the economic importance of the downtown area over the last few decades. Subsequently, there have been several master planning documents created over the last two decades which have helped to formulate and implement a vision for downtown Fargo. These documents include:

1989 Red River Visions Study

1996 Downtown Area Plan

2001 Downtown Framework Plan

2003 Riverfront Development Master Plan

2007 Downtown Framework Plan

2018 Downtown InFocus Plan

Fargo Renaissance Zone Development Plan

Legislative Outline of the Renaissance Zone Program

The initial City of Fargo RZ Plan was approved in December of 1999 and an update was completed in 2003 in response to legislative changes in 2001 and 2003. Additional legislative changes were made in 2005, 2007, 2009, 2013, 2015, 2017 and the program has continued to evolve. There were no changes to the Renaissance Zone law during the 2019 legislative session.

Outlined below is a brief summary of the legislative changes:

Year	Session	Bill	Summary
1999	56	HB 1492	Original Enabling Legislation
2001	57	SB 2033	The definition of 'rehabilitation' was changed to include residential projects.
		SB 2033	A provision was added to allow a one-time adjustment to zone boundaries after 5 years.
		SB 2033	The amount of the Historic Preservation tax credit was reduced from 50% of the project cost to 25% of the project costs with a capped limit of \$250,000.
		SB 2033	The RZF provisions were changed to allow investments in Renaissance Zones (not limited to RZ projects) and funds could be invested in zone projects throughout the State.
2003	58	HB 1447	The initial legislation authorized a 20 block RZ boundary. This provision allowed an additional block for every 5,000 in population to a maximum size of 35 blocks.
		HB 1457	Adjustments to the zone boundaries may be made more often than the 'five-year, one-time' adjustment that was authorized in the 2001 legislation.
		SB 2259	In addition to investing in zone projects, a RZF may invest in projects in designated zone cities.
		SB 2259	Authorized an additional 2.5 million in tax credits for RZF investments.
2005	59		NO CHANGES
2007	60	HB 1225	The base RZ boundary was increased to 23 blocks.
		HB 1225	A provision was included to allow an exception to the "continuous and contiguous" boundary requirement. Each RZ may designate a 'satellite area' which cannot exceed 3 blocks or ½-mile from the primary boundary.
2009	61	HB 1428	If a block is completed a city may remove the subject block and designate a replacement block.
		HB 1428	The total amount of RZF tax credits was increased by \$2.5M to an aggregate not to exceed \$7.5M.
		SB 2060	The ½-mile requirement for a non-contiguous block (satellite block) was removed.
		SB 2060	Public utilities were added as eligible RZ projects.
2011			NO CHANGES
2013	63	HB 1166	Effective August 1, 2013 a \$500K annual cap was placed on the maximum amount of eligible income that can be exempted by a taxpayer.
			Provided clarification on the expansion of a previously approved zone project.
2015			Increased the maximum allowable size of a Renaissance Zone.
			The maximum amount of tax credits allowed to all taxpayers in all tax years for investments made in renaissance fund organizations was increased from \$8.5 million to \$10.5 million.
2017		HB 1354	If requested by the chairman of North Dakota's Legislative Management or a standing committee of the North Dakota Legislature, the Tax Commissioner must disclose the amount of any tax deduction or tax credit earned or claimed by a taxpayer.
		SB 2283	Certain state and local tax incentives may not be granted to, or claimed, by a taxpayer unless the taxpayer has satisfied all state and local tax obligations and tax liens of record for taxes owed to North Dakota or a political subdivision. In certain cases, a taxpayer may have to obtain a state or local tax clearance record.
2019			NO CHANGES

Renaissance Zone

Boundary Overview

Since the RZ boundary's original configuration in 1999 the boundary has been modified eight (8) times with the most recent change occurring in 2019 to accommodate potential investments. The following maps depict the history of RZ boundary changes in Fargo including the most recent boundary which is referenced as the "Renaissance Zone Boundary" on page 5.

1999 Renaissance Zone Boundary

Block 3, 4, 5, 10, 13, 15, 22 and 23 accounted for as 1/2 blocks per 1999 Renaissance Plan
Total RZ Blocks - 20 / 20

2003 Renaissance Zone Boundary

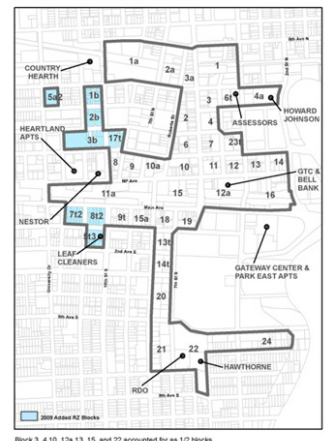

Block 3, 4, 12a, 13, 15, 22 and 23 accounted for as 1/2 blocks

2019 Boundary Changes

After extensive block by block analysis, there are a few changes to the boundary, which include removal completed Block 22, addition of Block 57, and re-evaluation of half blocks.

The City has determined that Block 22 has been completed. The owner of the property applied for a Renaissance Zone Rehabilitation and New Construction Project in 2015 and the project was completed in 2017. The project received final approval from the Division of Community Services on July 31, 2017 with a five year exemption period of June 2017 through May 2022.

During the analysis phase the City also determined that the proposed Block 57 be added back into the Renaissance Zone Boundary as part of the 2019 Renaissance Zone Development Plan Update. The proposed Block 57 encompasses the area between Main Avenue, Northern Pacific Avenue, Broadway North and 4th Street North. Over half of the proposed block is currently underutilized as surface parking lots. The recent reconstruction of Main Avenue and the goals of the Downtown InFocus Plan encourage slower driving speeds, which make crossing and walking along Main Avenue safer and more comfortable, and ultimately position the surface parking lots for redevelopment creating a true gateway to Downtown Fargo.

The City has identified eight blocks that are eligible for half block status since the blocks contain government owned buildings. Previously Block 9 was included as a half block, with this analysis it was determined that this block was no longer eligible for half block status. See Appendix A for a detailed list of property owners within each block.

Changes to the Renaissance Zone Boundary

Fargo Renaissance Zone Development Plan

Program Data

Since inception of the program in 1999 the City of Fargo has approved a total of 242 RZ projects which includes new construction, rehabilitation, tenant leases and residential purchases (condominiums).

Project Type: As shown in the exhibit (right), a large percentage of the RZ projects completed to-date have been rehabilitation projects versus new construction. Not including tenant lease and residential purchase projects, new construction and rehab represents a total of 81 projects. In the future, especially given the degree of priority and importance the City has placed on infill development within the City’s GO2030 Comprehensive Plan and the Downtown InFocus Plan; new construction type “infill” projects should start to become more attractive and promote development opportunities.

RZ Tax Benefits: Eighty-one projects (new construction + rehab) have facilitated significant investment and have contributed to an approximate two-and-a-half times increase in the assessed value of properties in the downtown core. The assessed value in 1999 was approximately \$197,375,000 and today, the boundary’s assessed value is approximately \$546,331,600.

Project Type	Total Completed RZ Projects
New Construction	11
Purchase with Improvements	5
Residential Purchase	87
Commercial/ Mixed-Use Rehabilitation	70
[Tenant] Lease	69
Total	242

The Renaissance Zone Program has been supportive of mixed use development, as is shown in this example along 2nd Avenue North.

Vision and Goals

Renaissance Zone Plan Vision

As set forth in N.D.C.C. 40-63-01(2) the Renaissance Zone Development Plan is required to establish a series of goals and objectives under which the RZ Plan shall be administrated and under which RZ applications shall be reviewed. As part of this plan update process, the City has specifically re-structured the vision and goals to more accurately represent a consolidation of goals and policy objectives from critical master planning documents; including the G02030 Comprehensive Plan and the Downtown InFocus Plan.

G02030 Fargo Comprehensive Plan

In 2012 the City completed a new Comprehensive Plan and as part of this effort the community prioritized 40 different “key initiatives”. The promotion of *infill development* was ranked as the second most important initiative by the community behind *permanent flood protection*. As such, there are a number of critical objectives and guiding principles established within the G02030 Comprehensive Plan that should align, support and ultimately be used as another tool to further implement the RZ goals and objectives. These objectives and guiding principles are specifically set forth within the G02030 Plan to support quality infill development that will increase density in the core area and adjacent downtown fringe neighborhoods. Furthermore, these principles are intended to promote a diverse, durable and attractive housing mix for all income levels. For additional information on the G02030 Comprehensive Plan, visit the City of Fargo website.

Downtown InFocus Plan

In 2018 the City completed a comprehensive, action-oriented plan to guide development and both public/private investment in the downtown core. The plan specifically recognizes that the downtown area is fundamentally different than other areas of the City in terms of infrastructure, density and investment/growth opportunities. In this regard, there are a number of critical goals and policy objectives set forth within the Downtown InFocus Plan that should be utilized as another tool to further implement the RZ goals. For additional information on the Downtown InFocus Plan, visit the City of Fargo website.

Vision: The RZ Plan vision, as defined by the Renaissance Zone Authority, is as follows:

“Downtown Fargo’s Renaissance Zone is an economically vital, culturally rich mixed-use district where there are well-designed public and private spaces for residents, visitors, employees, and employers and where an appreciation for the district’s historic character and natural amenities is paramount.”

Economic Vitality: Provide an environment that will strengthen existing businesses and that will attract new commercial enterprises (specifically talent-dependent businesses) to continue job growth in the downtown area in an effort to build a sound and sustainable economic base.

Housing Stock Diversity: Encourage the continued development and investment in a diversity of downtown housing stock options that supports a mixture of income levels with the overall goal to increase the downtown population base. Promote the development of quality housing that embodies strong urban design principles to further improve

the sense of community, connectivity and attractiveness of the downtown neighborhood as a place to live, work and play.

Vibrant City Center: Make downtown Fargo a desirable destination by creating a physical environment that is aesthetically pleasing and sensitive to the historic significance of the area, while also encouraging programs, activities and investments that will draw visitors, including families and residents downtown. Vibrancy shall be viewed as conterminous with high density and activity generating uses as well as maximum use of a property and strong urban design principles for all projects.

Renaissance Zone Plan Goals

Consistent with previous downtown master plans as well as the most current City master planning documents (the G02030 Comprehensive Plan and the Downtown InFocus Plan), the 2020 RZ Plan continues to focus on **renewal**, **investment**, and **redevelopment**. The goals outlined below are the items that the Renaissance Zone Authority envisions are necessary in order to produce a downtown environment that is consistent with the tenets of the *vision* statement and City master plans. Further, the goals shall be utilized as an element of the criteria that submitted RZ applications are reviewed against for compliance.

1. **Grow as a Neighborhood:** Invest in housing to increase the population living Downtown and maintain Downtown's diversity.
2. **Prosper as a Business Center:** Increase the number and types of jobs Downtown.
3. **Thrive as a Destination:** Create a unique Downtown experience with an activated riverfront and vibrant sidewalks and public spaces that serve as the backdrop of the community's social life.
4. **Be a model for Inclusive Growth and Development:** Protect Downtown's diversity and evolve as a model for equitable growth and development.
5. **Complete our Streets:** Make complete streets common place and encourage trips by foot, bicycle, and bus, as well as car.
6. **Park Smart:** Manage parking resources to meet the needs of drivers, while also making room for new development and activity.
7. **Play with purpose:** Develop a system of connected all-season green spaces designed for people (of a range of ages and interests) and purpose (as infrastructure that absorbs stormwater).

Renaissance Zone Block Development Objectives

Economic Development

- **High Priority Land Uses:** Redevelopment or rehabilitation projects.
 - Primary Sector Business, Industry and Talent-dependent Enterprises;
 - Active Commercial, Specialty Retail and/or Destination Commercial;
 - Mixed-Use Development (combination of housing, commercial and/or retail uses in a horizontal or vertical manner).
- **Targeted Areas:** Redevelopment or rehabilitation projects in targeted areas.
 - Parcels or properties that have been vacant or underutilized for an extended period of time.
 - Projects that increase the productivity of underutilized parcels such as surface parking lots, vacant land and parcels with low building-to-land values ratios.
 - Properties specifically targeted for clearance (see "Block Data Spreadsheet" on page 35).
- **Investment:** Amount of capital investment in a project (see minimum investment thresholds for additional information).

Urban Design—Redevelopment or rehabilitation projects:

- **Street Activation:** Projects shall embody strong urban design principles including, but not limited to, building massing and form, pedestrian access, enhanced streetscape, building orientation, improve the customer experience and design longevity.
- **Historic Preservation:** For structures with architectural or historical significance, regardless of whether the structure is within a historic district or has been specifically identified as a contributing structure; the review process shall consider the project in terms of whether it will appropriately preserve, rehabilitate and/or renovate the structure.

Program Specifics

Review Criteria

The following criteria shall be used to review RZ applications.

- **Rehabilitation Projects** (inclusive of residential, commercial or mixed-use)
 - Is the use consistent with the RZ Plan (vision and goals)?
 - Will exterior rehabilitation or the proposed improvements be sufficient to eliminate any and all deteriorated conditions that are visible on the exterior of the building? Does the project scope address the interior and exterior of the building in a comprehensive manner?
 - Does the investment comply with the minimum State standard that requires an investment of no less than 50% of the current and true valuation of the building?
 - Does the investment comply with minimum investment thresholds (locally determined) for residential and commercial projects as set forth in this RZ Plan? [note that for mixed-use projects the total square footage should be dissected into commercial and residential totals for comparison to minimum investment thresholds]
 - The rehabilitation project or proposed improvements are representative of “High Priority Land Uses” as defined by this RZ Plan?
 - The investment is located in a “Targeted Area” as defined by this RZ Plan? Consideration shall be given to whether this property has been vacant or underutilized for a period of time and/or whether the property is specifically targeted for clearance.
 - The rehabilitation project is representative of strong urban design principles as defined by this RZ Plan?
 - Consideration and analysis as to the total actual investment in the project?
 - Consideration as to whether the project will include or accommodate the relocation of a business from another North Dakota community?
 - Will the project facilitate the preservation of any remaining historic integrity, if appropriate?

- **New Construction Projects** (inclusive of residential, commercial or mixed-use)
 - Is the use consistent with the RZ Plan (vision and goals)?
 - Does the investment comply with minimum investment thresholds (locally determined) for residential and commercial projects as set forth in this RZ Plan? [note that for mixed-use projects the total square footage should be dissected into commercial and residential totals for comparison to minimum investment thresholds]
 - The new construction or proposed improvements are representative of “High Priority Land Uses” as defined by this RZ Plan?
 - The investment is located in a “Targeted Area” as defined by this RZ Plan? Consideration shall be given to whether this property has been vacant or underutilized for a period of time and/or whether the property is specifically targeted for clearance (see spreadsheet).
 - The project is representative of strong urban design principles as defined by this RZ Plan?
 - Consideration and analysis as to the total actual investment in the project?
 - Consideration as to whether the project will include or accommodate the relocation of a business from another North Dakota community?
 - Will the project fit contextually and will the project contribute or enhance the area from an architectural perspective?

- **Residential Purchase** (condominiums, etc.)
 - Is the applicant able to provide verification that the project location will be their primary, “legal” residence (as required by statute)?
 - For condominiums, is the unit within a building that has been approved as a zone project?
 - Has any of the applicable square footage (whether in part or whole) been included as part of another zone project and received RZ tax exemptions?
- **Lease** (tenant lease)
 - For lease projects, is the unit or applicable square footage within a building that has been approved as a zone project?
 - Is the tenant re-locating within the boundary of the downtown core or is the tenant re-locating from another North Dakota community?

Minimum Investment Thresholds

Minimum Investment Thresholds: To qualify for consideration as a Renaissance Zone project, a proposal must meet the minimum criteria below. To note, in the Fargo Renaissance Zone, a transfer of property ownership does not automatically qualify a transaction as an approved RZ project.

Intent: As part of an approved RZ project, the thresholds encourage and ensure significant levels of investment are made; consistent with the vision and goals as set forth in this RZ Plan. The thresholds include both the minimum statutory requirements as well as the minimum local requirements.

Approvals: All applications seeking RZ benefits must secure both local and state approvals prior to any construction and/or acquisition. Applicants should note that any construction costs prior to receipt of “Project Approval” from the North Dakota Division of Community Services will not be considered or eligible for inclusion into the total project cost. Thereby, these costs will not count towards meeting the applicable minimum investment thresholds set forth below.

Financial/ Cost Breakdown: The financial summary shall be submitted concurrent with the RZ application and shall be in sufficient detail to document costs and the anticipated total capital investment. To note, this financial breakdown will be utilized by the City to determine compliance with the RZ approval following project completion and prior to the city submitting for issuance of “Final Approval” by the North Dakota Division of Community Services.

Capital Cost Definition: This RZ Plan identifies capital costs as the cost incurred for the repair, replacement or renovation of a building’s exterior, roof, structural systems, electrical/plumbing, heating/ventilation/air conditioning systems, windows, exterior doors, elevator improvements and accessibility improvements. Any other costs that do not meet the definition above shall be approved by the Renaissance Zone Authority concurrent with the project approval process if the costs are to be included in determining the total RZ investment.

Square Footage Calculations/ Applicability: For the purposes of calculating ‘per square foot’ values, the investment number shall be the total square footage of the entire building, excluding the basement.

Thresholds:

- **Rehabilitation Projects** (inclusive of residential, commercial or mixed-use)
 - Commercial: The application must provide verification through cost estimates that the rehabilitation project will facilitate an investment that totals no less than 50 percent of the true and full valuation of the building. Additionally, the application must provide verification that the investment will total at least \$40.00 in capital improvements per square foot (with differentiation between uses in a mixed-use scenario).

- Residential: The application must provide verification through cost estimates that the rehabilitation project will facilitate an investment that total no less than 20 percent of the true and full valuation of the building. Additionally, the application must provide verification that the investment will total at least \$25.00 in capital improvements per square foot (with differentiation between uses in a mixed-use scenario).
- **New Construction** (inclusive of residential, commercial or mixed-use)
 - All Types: Investments must equal \$100.00 per square foot.

Renaissance Zone Authority—Square Footage Waivers: The Renaissance Zone Authority and City Commission retain the right to waive the local minimum investment threshold requirements for projects with special circumstances or factors.

Individual Project Selection and Review Process

Application Process: The Fargo Planning and Development Department supports the Renaissance Zone Authority and its corresponding processes for reviewing applications. Prior to submittal, applicants should contact the Planning and Development Department. The applicant is responsible for coordinating their application process.

Incentive Packages: In certain situations, the owner may consider putting together a package of RZ incentives with non-RZ incentives. The non-RZ incentives may include options such as the Payment in Lieu Program (PILOT), Tax Increment Financing (TIF), Historic Tax Credits, or Opportunity Funds. The oversight of the RZ program is completely independent of the other tax incentive programs and the owner is responsible for coordinating any overlapping programs.

Other Commissions/Approval Processes: Depending on the circumstances of each project, the applicant may be required to secure approvals through other commissions or boards such as: Historic Preservation Commission, Planning Commission, Parking Commission or the City's Tax Exempt Review Committee. An approved Renaissance Zone project does not override, supersede or invalidate any approvals from other boards or commissions that may have review authority over elements not set forth within this RZ Plan. The owner is responsible for coordinating their entitlement schedule and application processes.

Management of Renaissance Zone

The Renaissance Zone Authority is assigned with three (3) primary responsibilities:

1. Economic Development;
2. Promote the Renaissance Zone;
3. Administration of the RZ incentives.

The Fargo City Commission appoints the Renaissance Zone Authority to oversee implementation of the RZ Plan and to ensure projects comply with applicable goals and objectives. All RZ decisions that have budgetary implications are reviewed and approved by the City Commission.

Community Support

Public Hearing: As required under North Dakota RZ Program Guidelines, the City is required to conduct at least one (1) public hearing on the updated RZ Plan. The City of Fargo held a duly noticed public hearing on November 18, 2019.

Letters of Support: Attached are the required letters of support from the Fargo Public School District and Cass County.

Tax Incentive Overview

Tax Exemptions and Credits: The Renaissance Zone program includes two (2) primary incentives [property tax and income tax] of which the framework for these incentives is set forth in State statute. The local RZ Plan sets forth the specific requirements and restrictions to be administered by the municipality.

- **Property Tax Exemptions** (administered by the municipality) including both Residential and Business or Investment – see N.D.C.C. 40-63-05.
- **Income Tax Exemptions** (administered by the North Dakota Office of the State Tax Commissioner) including both Residential and Business or Investment – see N.D.C.C. 40-63-04.

Other incentives that are applicable via the Renaissance Zone Program include:

- *Historic Preservation and Renovation Tax Credit:* See N.D.C.C. 40-63-06.
- *Federal Tax Credit Program:* Visit the following website: <http://www.nps.gov/tps/tax-incentives.htm>
- *Renaissance Zone Fund Organization:* See N.D.C.C. 40-63-07.

Tax Incentive Guidelines: The tax incentives available to taxpayers under the RZ program are administered by the North Dakota Office of State Tax Commissioner. For additional information on the tax incentives visit the following website:

Block Data and Projected Development Strategy

The following spreadsheet was developed to provide insight into the existing characteristics of each of the 49 blocks. The data includes acreage totals, valuation totals, valuation per acre calculations, existing buildings of significance and/or reference, existing land uses, zoning district applicability and the desired land use or primary development strategy as it relates to the Downtown InFocus Plan.

Development Strategy Applicability: This table should be used and applied as ‘guidelines’ versus regulatory. The intent of the primary development strategy is to encourage and ensure strong urban design principles are considered and implemented with rehabilitation, redevelopment and new construction projects. Each submitted RZ application shall be reviewed against these general guidelines for consistency. See RZ vision and goals for additional information.

Dr. Tim Mahoney, Mayor
City of Fargo
225 4th Street North
Fargo, ND 58102

Mayor Mahoney,

The Cass County Commission appreciates the opportunity to review the updated Renaissance Zone (RZ) materials and is submitting this letter in support of the City's efforts to obtain a 5-year extension of the program.

From the Commission's perspective, over the last 20 years the Renaissance Zone program and the applicable incentives have been an important catalyst to downtown revitalization, economic development and investment in Fargo's historic downtown core. The tax incentives have been a critical element in attracting investment and the program has also been an integral part of marketing the downtown core to potential investors, developers, businesses, entrepreneurs and residents.

As noted in City data, since 1999 property values in the downtown core have increased substantially and the RZ program has been a key factor in helping to facilitate this tax base growth. It is apparent that the RZ program has been highly successful in Fargo and that it continues to produce a significant Return on Investment (ROI) for the community and the State of North Dakota.

The Commission acknowledges that the city is seeking a 5-year extension of the program and as part of this effort the City is required to update the RZ Development Plan in addition to securing a letter or resolution of support from other major taxing entities affected by the tax incentives. It is the opinion of the Cass County Commission that the Renaissance Zone has been an important and successful program in Fargo and therefore the County strongly supports the City of Fargo application for re-designation as a Renaissance Zone.

The Cass County Commission requests that this letter of support be submitted and filed with the City of Fargo application.

Respectfully,

Mary Scherling

 Fargo, ND 58102

Mayor Mahoney,

As the City of Fargo completes the process to update the local Renaissance Zone (RZ) Development Plan and the related program goals and policies, the Fargo School District appreciates the opportunity to review and comment on the materials.

Since initiation of the program in 1999, the Renaissance Zone program has been instrumental in revitalizing the downtown core and rehabilitating several important downtown buildings. The tax incentives have been a critical component to attract economic development and investment. As noted in City data, since 1999 property values in the downtown core have increased substantially and the RZ program has been a key factor in helping to facilitate this tax base growth. It is apparent that the RZ program has been highly successful in Fargo and that it continues to produce a significant Return on Investment (ROI) for the community and the State of North Dakota.

The Fargo Public School District understands that in order for the City to receive a 5-year extension of the program an updated RZ Development Plan is required in addition to securing a letter or resolution of support from other major taxing entities affected by the tax incentives. It is the opinion of the Fargo School District that the Renaissance Zone has been an important and successful program in Fargo and therefore the school district strongly supports the City of Fargo application for re-designation as a Renaissance Zone.

The Fargo Public School District requests that this letter of support be submitted and filed with the City of Fargo application.

Respectfully,

Robin Nelson
