I think fargo is great because

there are sooooo many things to

do like going to the park, zoo,

skate city and the beach. There are so

many FUN things to do in fargo. That's

why I think fargo is great.

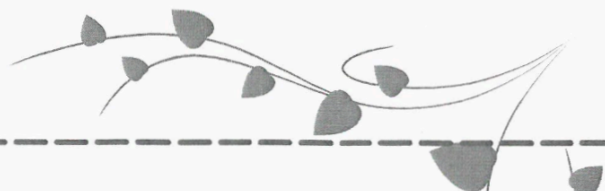

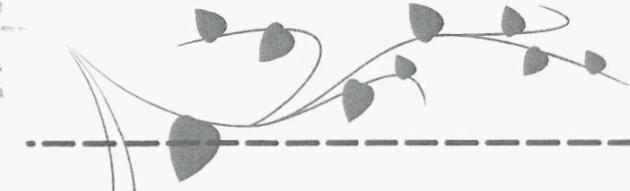

I think fargo is special because

there are many things to do and these

are some things that I think make

fargo SPECIAL: the water park, dance

shows, tennis and way more.

That's why I think Fargo is
special. If I was the Mayor I
would want to make nursing homes
free because it would be hard to make
money when you're old. I would also
lower taxes because almost every year
they get higher. Those are just two
things I would do if I were Mayor!
