Books by Mail Service Application

Some people require large print books or audiobooks because of a visual or physical disability that prevents them from using standard print. They are eligible to receive large print or audiobook materials postage-free through a postal provision called "Free Matter for the Blind or Handicapped." To receive this benefit, the U.S. Postal Service requires a certified application. Please complete the attached Certification of Disability form and return it along with this application to the Fargo Public Library Books by Mail Service.
