In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I examined the applicant's credit report and public records criminal background.

The following information was discovered through this investigation:

West, Marissa R. – Owner/Manager

Criminal History-

A search of Fargo Police Department criminal records and North Dakota public records (publicsearch.ndcourts.gov) showed no criminal activity. A search of Minnesota public records (<https://chs.state.mn.us/>) verified a DUI conviction in Clay County, Minnesota with a disposition date of 6/1/2004. This was disclosed on the application.

Credit History-

Marissa West's credit report was reviewed. There are no prior bankruptcies, past due accounts or debts turned over to collections.

Fargo Police Department

Parr, Cody A. – Owner

Criminal History-

A search of Fargo Police Department criminal records, North Dakota public records (publicsearch.ndcourts.gov) and Minnesota public records (<https://chs.state.mn.us/>) showed no criminal activity.

Credit History-

Cody Parr's credit report was reviewed. There are no prior bankruptcies, past due accounts or debts turned over to collections.

Investigation Notes

This application is for transfer of a class "FA-Golf" Alcoholic Beverage License which allows the licensee to sell alcohol "on sale" at a USGA approved golf course with nine or more holes. A further requirement is 25% receipt of food sales from April to October and 50% the rest of the year. The investigation into the criminal and credit history of the applicants did not find any issues related to criminal activity or problems with their credit.

I ran a query through the website of the United States Golf Association (USGA). Rose Creek Golf Course is listed as an authorized course for the USGA.

On 2/26/2021 I contacted applicant Marissa West with some follow-up questions. Marissa did not check "yes" or "no" to the question on page five which reads, "Has your driver's license ever been suspended or revoked? If 'yes', where and when?" Marissa said her driver's license has been suspended once and that was in relation to her disclosed Clay County DUI in 2004.

The last question on page nine reads, "Do you plan to feature live entertainment? If 'yes', describe what you envision at the time, including how often such entertainment will take place." The application indicates the establishment plans to feature live entertainment, however there is no description of what type or the frequency.

Marissa said they plan on featuring solo acoustic artists approximately twice a month. They may also apply for a permit for outdoor entertainment during their grand opening or on other special occasions.

Fargo Police Department

Business Location

Legends will take over the existing facility at Rose Creek Golf Course, located at 1500 E. Rose Creek Pkwy. S., Fargo, ND. I am not aware of any other licensed liquor establishments in that immediate area.

Conclusion

This background investigation is being forwarded for your review and recommendation to the City of Fargo Liquor Control Board.

RE: Liquor License Application (Jasper Hotel)

**Application for a Class "ABH" Alcoholic Beverage License for

to be located at 215 Broadway N.**

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I examined the applicant's credit report and public records criminal background.

The following information was discovered through this investigation:

Tricoci, Mario M. – Owner

activity. Illinois does not have a free option to search public records.

Credit History-

Howard Silverman's credit report was reviewed. There are no prior bankruptcies, past due accounts or debts turned over to collections.

Brisch, Kylie M. – Manager

Criminal History-

A search of Fargo Police Department criminal records, North Dakota public records (publicsearch.ndcourts.gov), Minnesota public records (<https://chs.state.mn.us/>) and Wisconsin public records (<https://wcca.wicourts.gov/>) showed no criminal activity.

Investigation Notes

This application is for a class "ABH" Alcoholic Beverage License which allows the licensee to sell alcohol "on sale" or "off sale" at hotels with 100 or more guest rooms only. A physical bar is allowed and food sales are not required. The Jasper Hotel will have an event center which will cater towards weddings and similar type events. The investigation into the criminal and credit history of the applicants did not find any issues related to criminal activity or problems with their credit.

On 2/24/2021 I contacted applicant Howard Silverman with a few follow-up questions. He stated he could get me the answers to my questions but he would prefer I call applicant Mario Tricoci. Mr. Silverman stated he is a silent owner and does not deal with the operations of the establishment.

On 2/26/2021 I spoke with applicant Mario Tricoci by telephone. The application indicates the employees are required to go through "Training for Inventions ProcedureS (TIPS)" to ensure their employees are equipped with the knowledge of responsible service, sale and consumption of alcohol on the property. I verified with Mr. Tricoci that this was a typographical error on the application. The actual program is "Training for Intervention ProcedureS."

Fargo Police Department

The TIPS program website advertises itself as "a dynamic, skills-based training program designed to prevent intoxication, drunk driving and underage drinking by enhancing the fundamental 'people skills' of servers, sellers and consumers of alcohol."

Mr. Tricoci verified the spelling of the manager's first name as "Kylee." The hand-written name on the application was not completely legible. I verified the spelling to ensure my public records criminal history search was done using the valid name.

Mr. Tricoci stated the hotel will have 125 rooms.

Business Location

The Jasper Hotel will be located at 215 Broadway, Fargo, ND. Other businesses in the area with an alcoholic beverage license include: The Toasted Frog, Dempsey's and the VFW.

Conclusion

This background investigation is being forwarded for your review and recommendation to the City of Fargo Liquor Control Board.

The business model and application is so customers can consume an alcoholic beverages with their meal. The establishment will not be designed as a place to only consume drinks without ordering a meal.

Padam Gurung has been an owner for five years. Bijay Lama is a new owner. Padam's past business partner is no longer involved in ownership of the business.

I spoke to Bijay Lama and Padam Gurung by phone on March 15, 2021. I asked Padam about him checking both the "yes" and "no" box for a question asking if his liquor license has ever been suspended or revoked. Padam gave the phone to Bijay Lama. Bijay explained Padam misunderstood the question and initially marked "yes", then crossed out the check mark. He then checked the "No" box. They clarified the answer to the question is "no". They have not had a liquor license suspended or revoked.

I also asked Bijay Lama about the \$318 account that went to collections. He said he co-signed a lease for a friend's apartment and he put the wrong address on the application. The friend did not pay the rent and the letter went to the wrong address. Once he was notified of the overdue account, he said he paid it immediately.

MEMORANDUM

TO: BOARD OF CITY COMMISSIONERS

FROM: JIM GILMOUR, STRATEGIC PLANNING DIRECTOR

DATE: MARCH 31, 2021

SUBJECT: RENEWAL PLAN & TAX INCREMENT FINANCING DISTRICT

City staff have completed work on a Renewal Plan for redevelopment of property along the river in downtown Fargo. The City Commission directed the preparation of this plan in October 2020. The renewal plan, along with a resolution to adopt the plan, is attached for your consideration.

The Fargo Planning Commission has reviewed the Renewal Plan and determined that it is consistent with the GO2030 Comprehensive Plan of the City of Fargo and the Downtown InFocus Plan.

The Renewal Plan includes a description of activities to implement the plan and creates a Tax Increment Financing District to pay for a portion of these activities.

A public hearing on the Renewal Plan is part of the review process. As required by state law, the Fargo School District, Fargo Park District and Cass County have been notified of this renewal plan and the hearing.

RECOMMENDED MOTION:

Approve the Resolution adopting the Renewal Plan 2021-01 for the redevelopment of an area along the river in downtown Fargo and the creation of a Tax Increment Financing District.

RESOLUTION
BOARD OF CITY COMMISSIONERS OF THE
CITY OF FARGO

DISTRICT NO. 2021-01

Commissioner _____ moved for approval of the following:

WHEREAS, Certain areas within the City are in need of redevelopment in order to prevent further deterioration, to encourage investment and to preserve property values; and

WHEREAS, The Board of City Commissioners desires to avail itself of the power and authority granted by Chapter 40-58 NDCC.

NOW, THEREFORE, BE IT RESOLVED, By the Board of City Commissioners as follows:

1. That one or more slum or blighted areas, or areas consisting of industrial or commercial property, or a combination of those areas of properties, exist in the City of Fargo.
2. That the development, rehabilitation, conservation or redevelopment, or a combination thereof, of the area contained within the Renewal Plan for District No. 2021-01, is necessary in the interest of public health, safety, morals or welfare of the residents of the City of Fargo and will afford maximum opportunity, consistent with the sound needs of the city as a whole, for the rehabilitation or redevelopment of the development area.
3. That there are properties within the area contained within the Renewal Plan with deteriorated conditions, and other conditions existing that discourage redevelopment. The Renewal Area, as defined in the Renewal Plan, is blighted due to the presence of these properties and conditions have substantially impaired the growth of the City, and have slowed the provision of appropriate redevelopment in this area. As a result, the Board of City Commissioners finds that a blighted condition exists in the said area.
4. That persons living in residential buildings who would be displaced by the redevelopment will be provided relocation assistance.
5. That the area designated as the Renewal Plan for District No. 2021-01 is appropriate for development projects.
6. That such development, rehabilitation, conservation or redevelopment of the area contained in the Renewal Plan for District No. 2021-01 requires the powers and authority granted in Chapter 40-58 NDCC.

7. That the Renewal Plan for District No. 2021-01 is hereby officially adopted by the Board.

Said motion was seconded by Commissioner _____ and, upon call of the roll, the motion carried with Commissioner(s) _____ not being present, Commissioners _____ voting aye, Commissioners _____ voting nay and Commissioner(s) _____ abstaining and the motion therefore being declared carried.

RENEWAL PLAN FOR TAX INCREMENT DISTRICT NO. 2021-01

Subsection 1.1. Definitions.

For the purposes of the Renewal Plan, the following terms shall have the meanings specified below, unless the context otherwise requires:

"City" means the City of Fargo, a municipal corporation under the laws of the State of North Dakota.

"City Commission" or "Commission" means the Fargo City Commission.

"Comprehensive Plan" means the City's GO2030 Comprehensive Plan, including the objectives, policies, standards and programs to guide public and private land use, development, redevelopment and preservation for all lands and water within the City as and when such plan is adopted and finalized.

"County" means Cass County, North Dakota.

"Development" means the construction of new buildings, structures or improvements; the demolition, alteration, remodeling, repair or reconstruction of existing buildings, structures or improvements; the acquisition of equipment; and the clearing and grading of land on industrial or commercial property in the Renewal Area.

"Renewal Area" means the property described in Subsection 1.4 of this Plan.

"Renewal Plan" or "Plan" means this Plan adopted by the Commission for the Renewal Area.

"State" means the State of North Dakota.

"Tax Increment Financing Act" or "TIF Act" means North Dakota Century Code, Section 40-58-20, as amended.

"Tax Increment Bonds" means any general obligation or revenue tax increment bonds or notes issued by the City to finance the public costs associated with the TIF District as stated in this Plan, or any obligations issued to refund the Tax Increment Bonds.

"Tax Increment Financing District" or "TIF District" means Tax Increment Financing District No. 2021-01.

"Urban Renewal Law" means North Dakota Century Code, Chapter 40-58.

Subsection 1.2. Statutory Authority.

The creation of the Renewal Area and the establishment of Tax Increment Financing District No. 2021-01 are authorized by the Urban Renewal Law. Specifically the creation of the Renewal Area is authorized under North Dakota Century Code, Sections 40-58-01.1(7) and (14), which provide that the local governing body may designate industrial or commercial property, a slum or blighted area or a combination of these properties as appropriate for a development or renewal project.

The Urban Renewal Law provides that communities develop a "workable program" for the use of public and private resources to facilitate the development of industrial or commercial properties, eliminate and prevent the development or spread of slums and urban blight, encourage needed urban rehabilitation, provide for the redevelopment of slum and blighted areas, or undertake these activities or other feasible municipal activities as may be suitably employed to achieve the objectives of the workable program. North Dakota Century Code, Section 40-58-04.

Subsection 1.3. Statement of Public Purpose

In adopting the Renewal Plan for TIF District No. 2021-01, the City Commission intends to make the following findings:

- (a) The Renewal Area includes a blighted area.

Factual basis: This Renewal Area is blighted due to the presence of deteriorated or deteriorating structures, which substantially impairs the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals or welfare in its present condition and use. Photos of blighted conditions within the Renewal Area can be found in Appendix A.

- (b) The Renewal Area includes vacant, industrial, commercial and residential properties.

Factual basis: Areas within the Renewal Area are considered blighted as described in (a) above. Blighted areas are eligible for renewal.

- (c) The Renewal Area is appropriate for a development or renewal project.

Factual basis: Most of the Renewal Area is located within the DMU (Downtown Mixed-Use) zoning district. South of 2nd Street South, there are properties in the MR-3 zoning district. Older industrial, warehouse and surface parking land uses are most appropriate for redevelopment to newer housing, commercial and hospitality land uses.

- (d) Comparable replacement dwellings or housing is or can be made available to persons displaced by the proposed Tax Increment Project.

Factual basis: There are vacant apartments in the City. The multi-family vacancy rate in the City is estimated to be 5.4% as of September 2020, which is high enough to meet the needs of the persons who would be displaced. This plan includes activities to provide new housing, including housing for lower income households.

- (e) The Plan conforms to the Comprehensive Policy Plan for the City as a whole.

Factual basis: The proposed development is consistent with the goals that are embodied in the Go2030 Comprehensive Plan and the Downtown InFocus Plan.

Specifically, the Fargo Go2030 Comprehensive Plan supports infill and density within areas that are already developed, serviced with utilities and protected by a flood

resiliency strategy. The promotion of infill development is the number two ranked priority of GO2030.

Additionally, housing development within this Renewal Area provides an opportunity for residents to live in close proximity to shopping and work. The proposed development will not burden the existing infrastructure as the property is served with water and sewer main lines.

Redevelopment activities are consistent with the Downtown InFocus Plan. The InFocus land use plan is for residential, commercial, mixed-use and public/institutional land uses within the area of the renewal plan.

Subsection 1.4. Description of Renewal Area

The TIF district Renewal Area is located on the eastern side of downtown Fargo. General boundaries are the Great Northern rail line on the north, 4th Street on the west, the Red River on the east and 7th Avenue South on the south. The district does include some properties on the west side of 4th Street and south of 6th Avenue South. A map of the renewal area is in Appendix B. Appendix C is a list of the properties in the renewal area.

The Renewal Area includes many properties that are vacant, surface parking and older commercial, warehouse and industrial areas. A map in Appendix D shows the location of properties with the potential for redevelopment. There are four general areas including:

North of 2nd Avenue North – There are sites with potential for redevelopment on five blocks. A city owned warehouse and a privately owned single story commercial building are along 2nd Street North with a good view of the river. A Fargo Housing Authority property in need of replacement for major renewal is located NE of 4th Avenue and 4th Street. Property NW of 4th Street and 4th Avenue is surface parking for a single story commercial building. The former Public Health Department is located NW of 3rd Avenue, it is owned by the City and is in poor condition. Another City building, the former police station, and a parking ramp with the potential to expand are located SW of 3rd Avenue and 4th Street.

South of 1st Avenue North – The block SE of 1st Avenue and 4th Street has surface parking, a vacant housing building and an auto repair business. The block south of City Hall is half surface parking and half older commercial buildings. South of that block is a newly renovated office building and commercial laundry business. The former Mid-America Steel operation is located along the river between NP Avenue and Main Avenue, it is owned by the City and much of the site could be redeveloped.

South of NP Rail Line – The two blocks along Main Avenue between 2nd Street and 4th Street have a lot of redevelopment potential. Many properties on the north side of Main Avenue are vacant. The Gateway Mall was recently acquired for redevelopment and the first new building is under construction. The City owns a vacant parcel on the block that has a high potential for housing development. The Fargo Housing Authority has 22-story large apartment building that is in poor condition and needs redevelopment.

6th Avenue South – Prairie St. John's is building a new healthcare facility to replace its existing facility on the same site on the north side of the avenue. The south side of the avenue is

surface parking and older housing units.

Subsection 1.5. Land Acquisition, Demolition and Removal of Structures, Redevelopment Incentives or Public Improvements

The Development of the Renewal Area includes the following activities. They are listed in four phases including those planned for 2021, those planned for 2022, those that could be ready for 2023 to 2025 when TIF revenue is expected to increase, and those that may occur after 2025.

These activities are designed to implement the Downtown InFocus land use plan. The land use plan map is included in Appendix E.

2021 Activities

- Sell the City property at 1 2nd Street South for redevelopment, with the condition that no development incentives will be provided so that new property tax revenue will be available for TIF-funded activities.
- Demolish the City-owned warehouse at 419 3rd Street North (old school district warehouse) and sell the cleared site for redevelopment, with the condition that no development incentives will be provided so that new property tax revenue will be available for TIF-funded activities. Money for the demolition would be reimbursed from future TIF revenue and/or sale of City properties within the Renewal Area.
- Sell the City property at 401 3rd Avenue North (old Public Health building) to encourage redevelopment at this site or an adjacent site. Use funds from the sale of this property towards the cost of the demolition of 419 3rd Street North and other renewal plan activities.
- Planning for the Mid-America Steel site redevelopment to include general flood protection plans, a review of City ordinances that affect redevelopment, identification of buildings that have no potential for redevelopment and development of concepts for redevelopment.

2022 Activities

- Demolish buildings on the Mid-America Steel site that do not have the potential for redevelopment.
- Provide redevelopment incentives as needed to encourage redevelopment by private developers for private redevelopments or public-private partnership redevelopments. Incentives may include costs of land acquisition, demolition, public improvements and other appropriate costs.
- In partnership with the Fargo Housing Authority, develop plans or redevelopment of public housing projects at 409 4th Street North and 101 2nd Street South. Costs may include demolition costs, public improvements and other costs. Implementation in 2023.

2023 to 2025 Activities

- Acquire land and assist with an affordable housing project within the Renewal Area, possibly in coordination with Prairie St. John's.
- Redevelop the Fargo Housing Authority site at 401 3rd Street North.
- Redevelop the Fargo Housing Authority site at 101 2nd Street South.
- Pedestrian/bike bridge over 2nd Street at City Hall.
- Civic Plaza work in coordination with redevelopment of the Civic Auditorium.

- Pedestrian connection between Fargo City Hall and the Skyway System.
- Civic Center Parking Ramp addition to provide additional parking downtown.
- Civic Auditorium redevelopment.
- Redevelopment incentives for Mid-America Steel site.
- New infrastructure to the Mid-American Steel site.

2026 and Beyond

- Redevelopment incentives for other sites within the Renewal Area.
- Public infrastructure.

This schedule is for planning purposes, so specific activities and details may be different when these activities are implemented. The schedule will depend on the availability of TIF and other resources, including private sector investment. The schedule and the annual selection of activities will depend on the success of the first developments, availability of private sector partners and schedule of other public improvements.

Subsection 1.6. Land Use Attributes – TIF District

- (a) *Zoning, Densities and Building Requirements.*
Most of the renewal plan area is zoned DMU (Downtown Mixed-Use), and no zoning changes are required to implement this plan. DMU zoning district does not restrict the number of dwelling units or density. All properties within this district are subject to the provisions of the City of Fargo Building Codes and the Land Development Code.
- (b) *Plan relationship to land use objectives (land uses, improved traffic, public utilities, recreational and community facilities and other public improvements).*
The activities outlined in the plan meet critical needs required for the redevelopment of this area. The redevelopment complies with the DMU zoning district and the redevelopment goals of the GO2030 Comprehensive Plan and the Downtown InFocus Plan. The development provides for the infill of new housing units, mixed-use development and commercial development within downtown Fargo.

Subsection 1.7. Estimate of Development Costs

The City anticipates development of the Renewal Area will involve certain public costs. North Dakota Century Code, Sections 40-58-20 and 40-58-20.1 allows the use of funds received from tax increments to be applied to certain specified costs. The City will provide for certain costs as listed below in a development agreement. The primary costs involved in the development are demolition and site cleanup, development incentives and public facility improvements.

This list of estimated costs is very high-level estimates. In most cases, a detailed or even general estimate is not available. These estimates will need to be more fully developed as part

of the continuing planning and implementation process. As this planning process continues, additional activities may be added and other activities may be amended or removed from the plan.

Year 1 – 2021

- Demolish the City-owned warehouse at 419 3rd Street North: \$500,000 to \$1,000,000.

Year 2 – 2022

- Mid-America demolitions: \$500,000 to \$2,000,000.
- Redevelopment incentives: \$1,000,000 to \$2,000,000.

Year 3 to Year 5 – 2023-2025

- Affordable housing: \$500,000 to \$1,000,000.
- Senior housing redevelopment at 409 4th Street North: \$1,000,000 to \$2,000,000.
- Demolition of High Rise: \$2,000,000 to \$3,000,000.
- Civic Parking expansion: \$1,500,000 to \$2,500,000.
- Civic Center Plaza: \$2,000,000 to \$10,000,000.
- 2nd Street pedestrian/bike bridge (local): \$1,000,000 to \$1,500,000.
- Skyway connection to City Hall: \$500,000 to \$1,000,000.

Attachment F shows the location of these proposed activities.

Subsection 1.8. Estimate of Bonded Indebtedness

The City intends to finance certain costs of the Development through a variety of methods. Development incentives may be done through the issuance of Tax Increment Financing Notes to developers. The City may use general obligation bonds, special assessment warrants or refunding improvement bonds pursuant to North Dakota Century Code, Section 40-58-20 (9), and the City may special assess all or a portion of the costs of development and apply funds received from tax increments to payment of the special assessments and other bonds. The City may borrow from other internal funds and repay those with future tax increment revenue.

Subsection 1.9. Tax Increment Financing.

The County Auditor is requested to compute, certify and remit tax increments resulting from the Development within the Renewal Area.

The original assessed value of the property within the Renewal Area, as last assessed and equalized before the base year of this Plan, is outlined on Attachment A.

Each year the County Auditor will compute the amount of tax increment generated within the Renewal Area in accordance with the TIF Act. Any year where there is an "incremental value" as provided in the TIF Act, an increment will be payable to the City and deposited in the fund created by the County Auditor for that purpose. Any year in which there is "lost value" pursuant to the TIF Act, no increment will be payable to the City.

Subsection 1.10. Estimate of Tax Increment.

It is anticipated that the Development will result in an increase in true and full value of the Renewal Area redevelopment site to \$215 million. The value of taxable private property within the TIF district is \$65 million. The increase in value has the potential to be over \$150 million. Under the mill rate in effect as of the date of this Plan, development within the Renewal Area will generate tax increment each year of \$140,000 for every \$10 million in development. If \$150 million of new buildings are eventually developed, tax increment would be \$2 million per year.

While there is potential for over \$150 million of new development within this Renewal Area, the development will likely be slow to occur, and will depend on the success of the first phases of redevelopment. TIF income will be very small in the first few years, begin to grow in 2024, and grow significantly, as private property within the Renewal Area develops. Outside of property that the City owns, the timing of the development is unpredictable.

This an estimate of TIF income for activities that are expected soon or those that the City can influence the schedule.

2022 and 2023: Minimal income from construction activities at 300 Main Avenue and City Centre.

2024: Completion of projects at Park East, old school warehouse and Prairie St. John's. Significant TIF income of \$500,000 a year begins.

2029: Renaissance Zone exemptions expire on projects at 300 Main Avenue and 225 4th Avenue North. TIF income increases by \$250,000 a year.

2030+: Projects are completed on other sites within the Renewal Area. Total TIF income could eventually grow significantly to more than \$2 million a year as new development occurs and redevelopment incentives expire.

Subsection 1.11. Duration of the TIF District.

The City anticipates that the TIF District will continue until all development costs are reimbursed through the receipts of tax increment, or after a maximum of 25 years. The first substantial tax increment payment will be received in 2024 and increase as new development is constructed within the boundary of the Renewal Area.

RE: City of Fargo Temporary Policies - COVID-19 Pandemic Overtime, Families First Coronavirus Response Act (FFCRA), and Emergency Paid Leave (EPL) Policy

DATE: April 1, 2021

Please review the proposed adoption of the temporary employment policy, COVID-19 Pandemic Overtime, along with the recommendation to repeal the Families First Coronavirus Response Act (FFCRA) and Emergency Paid Leave (EPL) Policies as indicated below.

COVID-19 Pandemic Overtime

The COVID-19 Pandemic Overtime Temporary Policy (attached) is intended to supplement Employment Policy #600-007 Overtime & Compensatory Time and to cover periods of time during which an emergency declaration may not be active but response efforts are on-going. This policy extends overtime payment for non-exempt and exempt employees actively working in continued response to the pandemic.

Families First Coronavirus Response Act (FFCRA)

The City of Fargo adopted the Families First Coronavirus Response Act (FFCRA) Policy (attached) in order to comply with the Families First Coronavirus Response Act that went into effect on April 1, 2020. While the FFCRA expired on December 31, 2020, we continued voluntarily offering paid leave under FFCRA based on the guidance from the Department of Labor (DOL).

We would like to continue voluntarily offering paid FFCRA leave through May 30, 2021 and then discontinue the temporary policy and end paid leave under FFCRA on May 31, 2021. By this point in time, our entire workforce will have had the opportunity for vaccination and the need for this leave should be significantly diminished.

Emergency Paid Leave (EPL)

We would like to discontinue the temporary Emergency Paid Leave (EPL) Policy (attached) effective today, April 5. This temporary policy was reinstated in November 2020 in support of departmental continuity of operations plans and to allow for departmental staffing rotation as a preventative measure when necessary. Emergency Paid Leave is not needed at this time.

RECOMMENDED MOTION:

To approve the COVID-19 Pandemic Overtime Temporary Employment Policy effective April 5, 2021, to repeal the Families First Coronavirus Response Act (FFCRA) Temporary Policy effective May 31, 2021, and to repeal the Emergency Paid Leave Temporary Policy effective April 5, 2021.

City of Fargo
Temporary Employment Policy
COVID-19 Pandemic Overtime

Effective: April 5, 2021 until repealed

As the response to the COVID-19 Pandemic continues, many non-exempt and exempt employees continue to regularly work in excess of 40 hours per week. Due to the extended duration of the pandemic, this policy is intended to supplement Employment Policy #600-007 Overtime & Compensatory Time and to cover periods of time during which an emergency declaration may not be active. In the event COVID-19 related response efforts exceed the emergency declaration period, employees will continue to receive overtime for hours in excess of 40 hours per week as indicated below:

- Non-exempt and exempt employees are eligible for overtime for all pandemic related hours worked in excess of 40 hours per week
- Non-exempt and exempt employees are eligible for overtime for all hours worked on regular job responsibilities in excess of 40 hours per week that are attributable to pandemic related work accomplished during regularly scheduled hours
- Non-exempt and exempt employees designated to backfill a shift or workload of the employees directly responding to the pandemic are eligible for overtime attributable to the backfill shift or additional workload
- Public Safety Provision - pandemic related overtime pay for police and fire covered under the 207(k) exemption is covered in police and fire department pandemic and/or emergency/disaster pay policies.

Department heads must monitor overtime and limit overtime hours to those operationally necessary in response to the pandemic.

City of Fargo
Temporary Employment Policy
Families First Coronavirus Response Act (FFCRA)

Effective: April 1, 2020 until repealed

In accordance with the Families First Coronavirus Response Act (FFCRA), the City of Fargo will grant eligible employees paid sick leave and expanded family and medical leave for qualifying reasons related to COVID-19.

The City of Fargo will pay all qualified leave under FFCRA at 100% of the employee's regular rate of pay. Although FFCRA allows for compensation at rates lower than 100% of pay under certain circumstances, as well as establishes daily maximums, the City has opted to pay employees at their regular rate of pay when leave is taken for qualifying reasons under FFCRA.

PAID LEAVE ENTITLEMENTS

Up to two weeks (80 hours, or a fire suppression or part-time employee's two-week equivalent) of paid sick leave as follows:

- 100% of the employee's regular rate of pay for qualifying reasons #1- #4 and 6 below; and
- 100% of the employee's regular rate of pay, up to 12 weeks of paid sick leave and expanded family and medical leave for qualifying reason #5 below. Fire suppression and part-time employees are eligible for leave for the number of hours that the employee is normally scheduled to work over that period.

ELIGIBLE EMPLOYEES

City of Fargo employees are eligible for up to two weeks of paid sick leave for COVID-19 related reasons (see below). Employees who have been employed for at least 30 days prior to their leave request may be eligible for up to an additional 10 weeks of paid expanded family and medical leave for reason #5 below. This time counts towards the total 12-week entitlement under the Family and Medical Leave Act (FMLA).

The City intends to include all employees; however, the FFCRA allows public employers to exclude local health department employees and emergency responders, including but not limited to sworn police officers, fire fighters, emergency management personnel, public works personnel and persons with skills or training in operating specialized equipment or other skills needed to provide aid in a declared emergency, leave for these employees will be considered on a case-by-case basis. The City reserves the right to deny leave for public employees exempted under FFCRA if the leave creates a critical staffing shortage.

QUALIFYING REASONS FOR LEAVE RELATED TO COVID-19

An employee is entitled to take leave related to COVID-19 if the employee is unable to work, including unable to telework, because the employee:

1. is subject to a Federal, State, or local quarantine or isolation order related to COVID-19;
2. has been advised by a health care provider to self-quarantine related to COVID-19;
3. is experiencing COVID-19 symptoms and is seeking a medical diagnosis;
4. is caring for an individual subject to an order described in (1) or self-quarantine as described in (2)
5. is caring for his or her child whose school or place of care is closed (or child care provider is unavailable) due to COVID-19 related reasons; or
6. is experiencing any other substantially-similar condition specified by the U.S. Department of Health and Human Services

Intermittent leave may be allowed while on paid sick leave and/or expanded family and medical leave only under certain circumstances and upon agreement between the employee and supervisor. When the reason for the employee's leave is due to reasons 1-4 and 6 above, the employee will only be allowed to take leave intermittently while they telework. This limit is imposed because if an employee physically reports to work, even intermittently, and they are sick or possibly sick with COVID-19 (reasons 1-3 or 6), or they are caring for an individual who is sick or possibly sick with COVID-19 (reasons 4 or 6), they could spread the virus to others. Employees are allowed to take intermittent leave for the purpose of caring for a child whose school or place of care is closed (or child care provider is unavailable) due to Covid-19 related reasons (reason 5 above).

FFCRA REQUEST AND DOCUMENTATION

Employees will be required to complete a FFCRA Request Form in order to be granted the leave. All information, along with the necessary documentation, must be provided as requested.

POLICY MODIFICATIONS

This policy is subject to future modification as additional guidance is released from the Department of Labor or at the direction of the City Commission in compliance with FFCRA.

City of Fargo
Temporary Employment Policy
COVID-19 Emergency Paid Leave

Effective: November 16, 2020 through the end of the Mayor's Emergency Declaration or until repealed

Under the Mayor's Emergency Declaration, which was issued on March 16, 2020, Emergency Paid Leave (EPL) will be available for employees whose work schedule is impacted by a continuity of operations plan, or who are absent from work due to COVID-19 related circumstances listed below.

EPL Under Continuity of Operations Plans

Employees who are scheduled to work less hours than their regularly scheduled hours per week under an approved departmental continuity of operations plan may be eligible for pay under EPL. Prior to approving paid leave hours under EPL, the manager must assess the employee's ability to productively perform work remotely and/or under a modified work schedule consistent with the continuity of operations plan. If these alternative work arrangements are not possible or have been exhausted, EPL may be utilized with the approval of the Department Head.

EPL for COVID-19 Related Absences

Employees who are absent for COVID-19 related reasons must first apply for leave under Families First Coronavirus Response Act (FFCRA). If the leave is qualifying, the employee will first be paid under FFCRA. Once the FFCRA leave entitlement (if any) is exhausted, or the leave is determined ineligible under FFCRA, the employee will be paid EPL under the following circumstances:

1. The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19;
2. The employee has been advised by a health care provider to self-quarantine related to COVID-19;
3. The employee is experiencing COVID-19 symptoms and is seeking a medical diagnosis;
4. The employee is caring for an individual subject to an order described in (1) or self-quarantine as described in (2);
5. The employee is caring for his or her child whose school or place of care is closed (or child care provider is unavailable) due to COVID-19 related reasons; or
6. The employee is experiencing any other substantially-similar condition specified by the U.S. Department of Health and Human Services

Employees must follow departmental processes to communicate absences with their immediate supervisors. Prior to awarding EPL, the manager and employee must assess the employee's ability to productively perform work remotely and/or under a modified work schedule. If these alternative work arrangements are not possible, EPL may be utilized.

EPL is paid at 100% of the employee's regular rate of pay and does not draw from the employee's sick or vacation leave balances. Any employee with regularly scheduled hours may use this emergency leave, including temporary employees but excluding Civic and FARGODOME event staff who normally work on a per-event basis. EPL will only be paid up to a maximum of the employee's regularly scheduled hours per week. For example, if an employee regularly works 40 hours, is absent on Monday but then works 40 hours Tuesday through Friday, EPL would not be paid. There is no limit to the amount of EPL an employee is eligible to receive while this temporary policy is effective.

Any leave of absences for purposes other than the COVID-19 related reasons defined above would fall under the applicable policy (i.e. annual leave, sick leave, Family and Medical Leave Act (FMLA), injury leave and military leave).

TO: BOARD OF CITY COMMISSIONERS

FROM: MAYOR TIMOTHY J. MAHONEY

DATE: APRIL 1, 2021

SUBJECT: EMERGENCY DECLARATION TERMINATION (COVID-19 PANDEMIC)

On March 16, 2020, I signed an emergency declaration in accordance with Fargo Municipal Code 10-0318 pertaining to the COVID-19 Pandemic. The City Commission voted to extend this emergency declaration at its April 6, 2020 meeting until such time as the emergency conditions no longer exist or is otherwise terminated by the Board of City Commissioners.

Collectively, we share a belief that emergency declarations should only be utilized when absolutely necessary. Accordingly, in consideration of our area's strong vaccination rates, availability of vaccines to members of the public, decreased hospitalizations, low fatalities, wastewater testing and discontinuance of the mask mandate, I am recommending a termination of the COVID-19 Pandemic Emergency Declaration as of 12:01 a.m. on Tuesday, April 6.

I have requested the City's Human Resources Department and City Attorney's Office to collaboratively prepare a temporary employment policy related to COVID-19 Pandemic overtime. This policy has been placed on this evening's agenda for your consideration.

It is very important that the temporary employment policy's approval coincides and fully syncs with the emergency declaration termination to ensure no gap exists which would prevent our employees from receiving the appropriate compensation for time they are working related to pandemic-related activities.

I appreciate your consideration of these recommendations as we continue to work towards a new normal in Fargo.

SUGGESTED MOTION: To concurrently terminate the COVID-19 Pandemic Emergency Declaration in conjunction with the integration of a temporary employment overtime policy related to COVID-19, effective at 12:01 a.m. on April 6, 2021.

The Committee reviewed a communication from Transportation Division Engineer, Jeremy Gorden, regarding the award of federal funds through the Urban Grant Program to the City for the 2nd Street North Pedestrian Bridge.

The City of Fargo was notified that we have been awarded the funding for the project in the amount of \$2,400,000. Engineering's estimate for the project is as follows:

Estimated Construction Costs are \$3,000,000 for an 80/20 (Federal/Local) cost share.
Federal Funds - \$2,400,000
Local Funds - \$600,000

The City would be responsible for Design and Construction fees that are estimated at \$400,000. This will bring the total Local Funds to \$1,000,000.

In order for this project to move forward, the NDDOT Local Government Division needs an approval from our City Commission to allocate the funds for us. Staff is recommending acceptance of the Urban Grant Program funds from the NDDOT.

On a motion by Tim Mahoney, seconded by Bruce Grubb, the Committee voted to recommend acceptance of Urban Grant Program funds from the NDDOT in the amount of \$2,400,000 for the 2nd Street Pedestrian Bridge programmed for construction in 2023.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve acceptance of the Urban Grant Program funds from the NDDOT in the amount of \$2,400,000 for the 2nd Street Pedestrian Bridge programmed for construction in 2023.

Subject: Discussion of 2nd Street Pedestrian Bridge Design and Acceptance of Federal Funds
Urban Grant Program for Year 2023 construction

In December, we sent our applications over to Metro COG for the projects that we were requesting federal aid on, one of which was the 2nd Street pedestrian bridge project outside of City Hall. We were notified recently that we have been awarded funding for that project, in the amount of 2.4M. Shown below is how I estimated the project.

Item	Total	Federal	State	Local
Preliminary Engineering	300,000	0	0	300,000
Construction Administration and Construction Staking (estimated)	100,000	0	0	100,000
Bridge and Shared Use Path				
Mobilization	130,000	104,000	0	26,000
Steel Truss Bridge	614,645	491,716	0	122,929
West Side Path Connections	413,550	330,840	0	82,710
West Side Retaining Wall & Lightweight Fill	364,000	291,200	0	72,800
East Side Ramps & Switchback	1,419,012	1,135,210	0	283,802
Street Lighting	58,793	47,034	0	11,759
Totals	3,400,000	2,400,000	0	1,000,000

The estimate was based on a very preliminary layout that Houston Engineering and SRF Consulting had put together in the 2014-2016 time frame. Please see the attached Finance memo for versions of the preliminary layout, both of which would be a steel truss style bridge. Since that time, we have had Bishop Land Design lay out a variety of options for the Civic Plaza, which includes a different type of bridge over 2nd Street than what the Houston/SRF team had envisioned. His bridge type is a cable-stayed bridge, of which the preliminary cost estimate is unknown, but likely well above the estimate created above.

We plan to procure a consultant design team through an RFP, and through that process we expect good conversations to take place on what final design alternative moves forward to construction.

In order for this project to move forward, the NDDOT Local Government Division needs an approval from our City Commission to allocate the funds for us, thus the reason for this memo.

Recommended Motion

To approve accepting the Urban Grant Program funds from the NDDOT in the amount of \$2.4 million for this project, slated for construction in 2023.

Subject: Preliminary Discussion of 2nd Street Pedestrian Bridge Design
Urban Grant Program for Year 2023 construction

In December, we sent our applications over to Metro COG for the projects that we were requesting federal aid on, one of which was the 2nd Street pedestrian bridge project outside of City Hall. We were notified recently that we have been awarded funding for that project, in the amount of 2.4M.

The estimate was based on a very preliminary layout that Houston Engineering and SRF Consulting had put together in the 2014-2016 time frame as part of the floodwall work along 2nd St. Attached is that layout, concepts that HDR and Bishop Land Design put together for the plaza, as well as a number of other bridge examples.

As we accept funding and go into design development through an RFP, to do both, staff would like to coordinate with the Finance Committee, PWPEC and ultimately the City Commission, confirming the vision for bridge alternatives and corresponding site work. The significance of the design may impact the need for additional funds above the required match funds. We would also like to note the potential of development of properties surrounding this area by City Hall, including the Civic Plaza and Performing Arts Center, so the context of these developments are thought of collectively.

Maegin Elshaug, from the Planning Department, put together a list of projects/studies that referenced the plaza and the connection to the river and potential bridges. We understand this area is important, as can be seen based on the amount of times this has been identified and included in studies.

As we begin to think about implementation of the vision of the documents noted below, we will start to assemble design decision questions. As an example, as staff we begin to ask, how basic and utilitarian is the bridge versus creating a place of iconic significance? (See photo attachments) We seek conversation with the Finance Committee, PWPEC and City Commissioners to narrow the vision in order to be successful in procuring a consultant to create engineering and design documents for ultimate construction. Decisions of scope don't necessarily need to be conducted now, but as we accept the federal funds we are mindful of the need for design decisions in the near future as they will impact the funds needed for matching or beyond.

Compilation of the times the Civic Plaza has been contemplated:

**underlined plans include concept design of plaza*

- Downtown Fargo Redevelopment Master Plan (late 90's)
 - A key element of the plan was to establish a strong connection on 2nd Ave to the Red River; concept of plaza space included in plan.
- Riverfront Development Master Plan (2002)

- Plan focuses on development and open spaces and includes a concept of plaza space.
- Fargo-Moorhead Downtown Framework Plan Update (2007)
 - Plan includes opportunities for elements of the civic quad (library, performing arts center, replacement of City Hall, etc.) including public riverfront plaza with concept design.
- Go2030 Comprehensive Plan (2012)
 - Recommendations to design multi-functional public gathering spaces (including plazas); does not specifically note civic plaza
- Siting of City Hall
 - 2013-14
- Riverfront Design Study by Image Group (2015 Update to the Riverfront Development Master Plan)
 - The plan contemplates a civic community plaza that gathers and celebrates, and that the plaza would help to tie together the Civic Center, New City Hall, Library, and Future Downtown Riverfront Development, while enhancing the connection to the Broadway District.
- Houston/SRF Flood Wall Project (beginning 2014; plaza work came after Riverfront Design Study)
 - As part of the 2nd Street Urban Design work, stemming from the new floodwall and greenspace adjacent to the Red River, the group conceptualized a civic plaza space adjacent to the location of the (then) new City Hall. See attachment.
- HDR (2016)
 - HDR was hired for City Hall and civic plaza site planning. Building off previous work, tasks included stakeholder discussions, design charrettes, and conceptual design work with renderings. See attachment.
- Downtown InFocus (2018) by Interface Studies, Bishop Land Design, and others
 - Plan proposes to create a new, actively programmed City Hall Plaza and pursue a bridge aligned with 2nd Avenue. The plan includes several concepts for the plaza.
- Public Art Master Plan (2018)
 - Suggests capitalizing on opportunities to integrate public art, infrastructure, and public investment projects, and to employ public art to better connect downtown with the right along 2nd Avenue and Civic Center plaza.
- Bishop Land Design (beginning 2019)
 - Bishop Land Design was hired to investigate opportunities to implement the vision of the Downtown InFocus comprehensive plan within the Civic Plaza. Building off previous work, tasks included contextual and site programming services, site and landscaping design services of Fargo Civic Plaza, Area 1 “Sodbuster Landscape”, and concept design of the remainder of the Civic Plaza area. See attachment.

We look forward to a good discussion on the topic at the meeting. Next steps after Finance Committee, include PWPEC and City Commission. Assuming the grant funds are accepted, then an RFP will be created for a design team to create construction documents for 2023 construction.

SUBJECT: POLICY CHANGE IN TIF REVIEW PROCESS

The Tax Exempt Review Committee is recommending a change in the process for reviewing applications for Tax Increment Financing.

The existing policy is for an initial review by the Fargo City Commission prior to staff working on a plan and development agreement. The Tax Exempt Review Committee is recommending that their Committee, rather than the City Commission, do the initial review. This change would allow the Tax Exempt Review Committee to review the appropriateness of the first phase and the need for property tax incentives in the second phase of the review.

There is one pending request for Tax Increment Financing from Drekker Brewing, attached for your information. This application has been held pending the special City Commission meeting to discuss incentives.

Should the City Commission approve the TIF process change, the Tax Exempt Review Committee did review the Drekker application and recommended a financial review and that staff begin working on a Renewal Plan. If the City Commission makes this change in the TIF process, that work would begin.

Should the City Commission not make this change, please review the Drekker request and decide if preparation of a financial review and Renewal Plan should begin.

RECOMMENDED MOTION: Approve a change in the review process for requests for Tax Increment Financing for the review to begin with the Tax Exempt Review Committee.

RE: TIF Application
Brewhalla Market / Mixed Use
1702 1st Avenue North
Fargo, ND

Mr. Gilmour,

We are partnering with the Drekker Brewing ownership on a new and exciting project in north Fargo on the west edge of Downtown, Brewhalla Market. The 100,000 SF project includes a 2 story Food Market / Multi-Use space; 2 Conference / Event spaces; 24 Lodging Units; 18 Apartment Units; underground parking for 41 vehicles; and a connecting corridor to the existing Drekker Brewery. The project also includes surface parking for nearly 200 cars; a drive-up lane for a Coffee Shop; 2 on-grade Outdoor Patios; 3 balconies or rooftop terraces; and a storm detention pond to manage storm water at this site.

We have been working on this project for nearly two years. Land acquisition required the purchase of a storage unit complex across 1st Avenue and the demolition of 4 buildings to facilitate a "trade" for the proposed new site for this project. This drove up the land cost substantially but had the added benefit of cleaning up and improving adjacent properties.

We have been working on determining the project costs and developing a business model estimating the potential revenue and expenses. The unique characteristics of this project and project site are leading us to request a TIF for this project to help offset the unusual costs that we are running into, some of which are summarized below:

- Land Acquisition resulted in an additional cost of nearly \$1.0M to acquire an adjoining property, demo 4 buildings and improve the site in order to "trade" for a pipe storage yard near Drekker. This benefited Ferguson Waterworks by adding land that is now contiguous to their site and eliminating the need to move utility pipes from one yard to another across the busy 1st Avenue and resulted in a site that we could work with.

- The current site was used as a demo site in the late 1960's for building debris removed after the Fargo Central High School fire. This will result in additional excavation costs to remove and dispose of this material.
- Soil conditions require the addition of geopiers to support parts of the building foundation to avoid excessive settlement over time.
- There are added demolition costs for clearing / grading the industrial pipe storage yard and soils near the railroad track.
- There are a number of public works improvement costs unique to this site particularly for sanitary sewer and storm sewer work. The sanitary sewer in the 1st Avenue right-of-way was stopped well short of this site requiring additional costs to bring sewer to the site. There are also added costs to provide a storm water pond and manage storm water run-off at a site which has never been required to manage storm water till now.

We are estimating the assessed value of our project at \$15-16M. We are requesting a TIF for this project that will be capped at a maximum of 10 years. The site is currently undeveloped and has an annual tax payment of approximately \$9,000 / yr. We are estimating the new Brewhalla project will generate a new tax assessment of \$150,000 to \$175,000 annually.

We are hoping to start construction in May this year and to complete the construction by September, 2022 with move-in to start as soon as construction wraps up.

It is important to note that the site for this new project is an "Infill Site" and does not require any additional public work or costs to extend streets or utilities. The project will continue to pay taxes on the land and any existing or new special assessments during the TIF period as it currently does.

Thank you for considering our request for a TIF capped at 10 years for the new Brewhalla Market project. If there are any questions or comments, please feel free to contact us at your convenience.

Sincerely,

Kevin J. Bartram, President

SUBJECT: Request for Pay-Go TIF with 10 Year Maximum Term
DATE: February 22, 2021

This site was initially developed in 1882/1883 and other structures were located on this site until the 1920's or so. Based on our experience with the development of the Railyard complex to the east of Brewhalla and our knowledge that other buildings existed on the Brewhalla site, we are certain we will experience added costs for the sitework. Following are some notes related to each site – the already developed Railyard site and the proposed Brewhalla site.

Railyard Site

- Nearly every excavation for site utility piping encountered old foundations (masonry, stone and concrete).
- Bad soils were encountered where old foundations were improperly backfilled.
- At one excavation for the addition to the private residence, there was an approximately 20' x 20' x 6' deep excavation that had been backfilled entirely with layers of plate glass covered by a foot or so of soils all of which needed to be removed.

Brewhalla Site

- A former roundhouse was located in the area of this site (see attached photograph) and we will undoubtedly encounter the old foundations.
- The new soil borings encountered known construction rubble in three locations on site.
- There is anecdotal information that part of the old central High School construction debris was "land-filled" in the area of the new construction. This could include asbestos containing materials and lead paint the full extent of which will not be known until excavation work commences.
- The soil borings indicate that 12'-15' of soil must be removed and the ground be built up for the new foundation system.
- The site is a Brownfield site, not in the traditional sense that there is any known petroleum or chemical contamination, but in the sense that there is known underground debris and contamination the extent of which won't be fully known until excavation work begins.

We are requesting a 10 year TIF to help offset the unusual costs to acquire the site and the unusual costs to prepare the site for development. This is not a TIF that will put ANY financial burden or risk on the City. Without the TIF, it is very likely this project, or any project, will go forward at this site and the site will keep generating approximately \$10,000 / year of taxes for the City, County, School District over the next 10 years and beyond. With the TIF, this site will CONTINUE to generate the same \$10,000 / year in taxes and beginning in year 11 or sooner, the site will generate \$175,000 or more per year in taxes. This would be accomplished with no public bonds or financial risk of any kind to the public on an infill site that will help spur other activity in the area which will in turn lead to even more in future tax collections.

We are respectfully requesting a Pay-Go TIF (no bonds or public funds) for a maximum term of 10 years to help the Brewhalla development project offset some of the unique additional costs associated with this site that are not typical of similar sites in the area or at any suburban sites.
