BOARD OF PLANNING COMMISSIONERS MINUTES

Regular Meeting:

Tuesday, March 7, 2023

The Regular Meeting of the Board of Planning Commissioners of the City of Fargo, North Dakota, was held in the Commission Chambers at City Hall at 3:00 p.m., Tuesday, March 7, 2023.

The Planning Commissioners present or absent were as follows:

Present: Rocky Schneider, Maranda Tasa, John Gunkelman, Art Rosenberg, Jennifer Holtz, Dawn Morgan, Thomas Schmidt

Absent: Brett Shewey, Scott Stofferahn

Chair Schneider called the meeting to order.

Business Items:

Item A: Approve Order of Agenda

Chair Schneider noted Item D.1 has been continued to April 4, 2023.

Member Holtz moved the Order of Agenda be approved as presented. Second by Member Gunkelman. All Members present voted aye and the motion was declared carried.

Item B: Minutes: Regular Meeting of February 7, 2023

Member Morgan moved the minutes of the February 7, 2023 Planning Commission meeting be approved. Second by Member Schmidt. All Members present voted aye and the motion was declared carried.

Item C: Public Hearing Items:

Item 1: Erskines Addition

Continued hearing on an application requesting a Zoning Change to repeal and re-establish a Conditional Overlay on parts of Lots 1-6 and 8, and all of Lot 7, Block SS, Erskines Addition. (Located at 1117 and 1155 13th Avenue South) (Steve Stremick): DENIED

A Hearing had been set for February 7, 2023. At the February 7, 2023 meeting, the Hearing was continued to March 7, 2023. At the March 7, 2023 meeting, the Hearing was continued to this date and time.

Planning Coordinator Donald Kress presented the staff report stating all approval criteria have not been met and staff is recommending denial.

Applicant Steve Stremick spoke on behalf of the application.

Discussion was held on the proposed sign height, the history of the sign, safety, and public input received on the application.

Resident Simone Wai, 514 10th Avenue South, spoke in opposition to the application, stating the scale of the sign is not appropriate to the building size, the area is residential not commercial, and the proposed height of the sign is not appropriate.

Discussion continued on the safety of drivers at the intersection, the location as the entrance to core neighborhoods, neighborhood quality, and what is currently allowed regarding the sign.

Member Morgan moved the findings and recommendations of staff be accepted and denial be recommended to the City Commission of the proposed Zoning Change to repeal and re-establish a C-O, Conditional Overlay of Ordinance 4692, as the proposal does not comply with all the Standards of Section 20-0906.F (1-4) of the Land Development Code. Second by Member Holtz. On call of the roll Members Tasa, Morgan, Schmidt, Gunkelman, Holtz, and Schneider voted aye. Member Rosenberg voted nay. Absent and not voting: Members Stofferahn and Shewey. The motion was declared carried.

Item 2: Adams Seventh Addition

Hearing on an application requesting a Zoning Change from GC, General Commercial with a CUP, Conditional Use Permit to LI, Limited Industrial with a C-O, Conditional Overlay on Lot 1, Block 2, Adams Seventh Addition. (Located at 2865, 2955, 2959, 2963, 2967, 2971, 2975, 2979, 2983, 2987, 2991, 3825, 3829, 3833, 3837, 3841, 3845, 3849, 3853, 3857, and 3861 Thunder Road South) (Essjay Thunder Road, LLC/Josh Benson): APPROVED

Planner Luke Morman presented the staff report stating all approval criteria have been met and staff is recommending approval.

Discussion was held on the residential protection buffer condition, outside storage, and fencing requirements.

Applicant Josh Benson spoke on behalf of the application.

Member Tasa moved the findings and recommendations of staff be accepted and approval be recommended to the City Commission of the proposed Zone Change from GC, General Commercial, to LI, Limited Industrial, with a C-O, Conditional Overlay, as outlined within the staff report, as the proposal complies with the GO2030 Fargo Comprehensive Plan, the 2003 Growth Plan, the Standards of Section 20-0906.F (1-4) of the Land Development Code, and all other applicable requirements of the Land Development Code, with the following conditions for the Conditional Overlay:

Prohibited Uses:

- Detention Facility

- Adult Establishment
- Off-Premise Advertising Signs
- Aviation/Surface Transportation
- Portable Signs

1. A residential protection buffer per the Residential Protection Standards of Section 20-0704.E is required on sides facing residential use.

2. Off-street parking, loading, vehicular circulation areas, and outdoor storage shall have an all-weather surface. No gravel, crushed concrete, or similar material is permitted.

3. The property shall not be used in whole or in part for storage of rubbish or debris of any kind whatsoever nor for the storage of any property or items that will cause such lot to appear untidy, unclean or unsightly as determined by the Zoning Administrator; nor shall any substance, item or material be kept on any lot that will emit foul odors, including compost sites and fertilizer.

4. Loading docks, stacked storage above 6 feet in height, storage yards, outdoor storage, and dumpsters shall have a setback of 50 feet from the right-of-way and include an 8 foot opaque fence.

5. Dumpsters must contain permanent walls on three (3) sides with the service opening not directly facing any public right-of-way. The fourth side shall incorporate a metal gate to visually screen the dumpster or compactor.

6. The manufacturing, production, or processing of hazardous chemicals or materials shall not be permitted.

Second by Member Rosenberg. On call of the roll Members Gunkelman, Holtz, Morgan, Schmidt, Rosenberg, Tasa, and Schneider voted aye. Absent and not voting: Members Stofferahn and Shewey. The motion was declared carried.

Item 3: Amended Plat of Oak Grove Addition

Hearing on an application requesting a Zoning Change from SR-2, Single-Dwelling Residential, SR-3, Single Dwelling Residential, MR-2, Multi-Dwelling Residential, and AG, Agricultural to P/I, Public and Institutional on portions of Lots 1-4 and all of Lots 5-17 and 19-49, Block 1; portions of Lots 5 and 9, and all of Lots 6-8, Block 3; all of Lots 17-43 and portion of Lot 16, Block 4; all of Lots 1-15 and 17-25, and a portion of Lot 16, Block 5; Lots 1-41, Block 6; Lots 1-35, Block 7; Blocks E, F, G, and H, and vacated portions of North Terrace North; Amended Plat of Oak Grove Addition. (Located at 18, 24, 26, 40, 42, 44, 46, 60, 62, 64, 66, 68, 70, 92, 94, 96, 98, 100, 110, 118, and 124 North Terrace North; 723 and 724 North River Road North; 9 Lower Terrace North; 17, 23, 27, 31, 33, 37, 41, 45, 49, 53, 63, 65, 75, 79, 83, 87, 88, 93, 95, 99, 125, 129, 135, 136, 139, 140, 144, and 145 South Terrace North; 101, 150, and 170 Maple Street North; and 1 River Road North)

(Oak Grove Lutheran School/Fargo Park District/City of Fargo/Zerr Berg Architects): APPROVED

Planning Coordinator Maegin Elshaug presented the staff report stating all approval criteria have been met and staff is recommending approval. She noted a public open house was held February 23, 2023.

Discussion was held on the included areas, trails and connectivity in the area, and the nearby historic overlay.

Applicant Representative, Dave Leker, Fargo Park District, spoke on behalf of the application.

Discussion continued on the potential to expand the trails, the boundaries of the school property, and how this proposed zone change affects the proposed Institutional Master Plan.

Member Schmidt moved the findings and recommendations of staff be accepted and approval be recommended to the City Commission of the proposed Zone Change from SR-2, Single-Dwelling Residential, SR-3, Single-Dwelling Residential, and MR-2, Multi-Dwelling Residential, to P/I, Public and Institutional, as outlined within the staff report, as the proposal complies with the GO2030 Fargo Comprehensive Plan, the Core Neighborhoods Plan, the Standards of Section 20-0906.F (1-4) of the Land Development Code, and all other applicable requirements of the Land Development Code. Second by Member Gunkelman. On call of the roll Members Schmidt, Morgan, Rosenberg, Holtz, Gunkelman, Tasa, and Schneider voted aye. Absent and not voting: Members Shewey and Stofferahn. The motion was declared carried.

Item 4: Amended Plat of Oak Grove Addition

Hearing on an Institutional Master Plan on Lots 30-43, Block 4; Lots 1-25, Block 5; and vacated portions of North Terrace North, Amended Plat of Oak Grove Addition. (Located at 110, 118, and 124 North Terrace North; 88 and 136 South Terrace North) (Oak Grove Lutheran School/Zerr Berg Architects): APPROVED

Ms. Elshaug presented the staff report stating all approval criteria have been met and staff is recommending approval. She noted a public open house was held February 23, 2023.

Discussion was held on what an Institutional Master Plan is, the proposed plans for the site, and parking and traffic impacts.

Oak Grove Lutheran School President Bob Otterson, and Brian Berg, Zerr Berg Architects, spoke on behalf of the application.

Discussion continued on the location of the football field, the flood wall, and the potential for bike trails on the property.

Member Gunkelman moved to accept the findings and recommendations of staff and approve the Institutional Master Plan as outlined in the staff report, contingent on approval of the Zone Change to P/I, Public and Institutional for the subject properties, as the proposal complies with the GO2030 Fargo Comprehensive Plan, the Standards of Section 20-0911.E (1-3) of the Land Development Code, and all other applicable requirements of the Land Development Code. Second by Member Rosenberg. On call of the roll Members Rosenberg, Tasa, Gunkelman, Holtz, Schmidt, Morgan, Schneider voted aye. Absent and not voting: Members Stofferahn and Shewey. The motion was declared carried.

Item D: Other Items:

Item 1: Duanes Pizza Addition

Continued hearing on an application requesting a PUD, Planned Unit Development, Final Plan within the boundaries of Duane's Pizza Addition. (Located at 1601, 1605, 1615, 1617, 1619, 1621, 1623, 1627, and 1629 University Drive South; 1602, 1606, 1610, 1614, 1618, 1622, and 1626 13 ½ Street South; 1321 17th Avenue South) (BLOC Partners, LLC/Craig Development, LLC): CONTINUED TO APRIL 4, 2023

A Hearing had been set for January 3, 2023. At the January 3, 2023 meeting, the Hearing was continued to this February 7, 2023. At the February 7, 2023 meeting, the Hearing was continued to this date and time; however the applicant has requested this application be continued to April 4, 2023.

(continued on next page)

Area Plans:

The subject property is located within the 2007 Southwest Tier 1 Growth Plan, which designates the property for “Commercial” land use. The current GC, General Commercial, zoning is consistent with this land use designation. No zone change is proposed.

Context:

Schools: The subject property is located within the West Fargo School District, specifically within the Deer Creek Elementary, Heritage Middle and Horace High schools.

Neighborhood: The subject property is located within the Deer Creek neighborhood.

Parks: Osgood Park (4951 47th Street North) is approximately 0.7 mile from the subject property. This park provides playgrounds for ages 2-5 and 5-12, recreational trails, a shelter, picnic table, multi-purpose field, basketball court, grill, recreational trails, disc golf, and a soccer field.

Pedestrian / Bicycle: The existing multi-use path along Veterans Boulevard north of 52nd would be continued south of 52nd as Veterans Boulevard is developed.

MATBUS Route: The subject property is not located along a MATBUS route.

Staff Analysis:

The applicant, Rice Companies, intends to build their local corporate office on this site. Though this is primarily an office building, Rice Companies will have some outdoor storage and larger vehicles on the property, which classifies this use as “industrial service” and requires a conditional use permit (CUP) to be allowed in the GC, General Commercial zone.

A proposed site plan is attached for the Commission’s reference. Note that approval of the CUP is not approval of the site plan, which will go through the standard building permit process for approval.

Land Development Code (LDC) Section 20-0402.R states the use standards to be applied to industrial service uses in the GC zone. These standards address location of truck parking and loading areas, required screening of storage areas, how residential protections standards apply, and certain prohibited uses. These standards apply to industrial uses in the GC zone. Additionally, the conditions of the CUP further mitigate the impact of this industrial service use in the GC zone. Those recommended conditions are:

1. The property shall not be used in whole or in part for storage of rubbish or debris of any kind whatsoever nor for the storage of any property or items that will cause such lot to appear untidy, unclean or unsightly as determined by the Zoning Administrator; nor shall any substance, item or

material be kept on any lot that will emit foul odors, including compost sites and fertilizer. All garbage containers, including dumpsters, shall be concealed from public view by fence, screen wall or building extension.

2. No outdoor storage of equipment or supplies.
3. Off-street parking, loading, and vehicular circulation areas (including circulation areas internal to storage yards) shall have an all-weather surface, as defined by the LDC.
4. The manufacturing, production, or processing of food and/or animal products shall not be permitted.
5. The manufacturing, production, or processing of hazardous chemicals or materials shall not be permitted.
6. Any expansion of the industrial service use, other than the future building addition indicated on the site plan, shall require an amendment to the Conditional Use Permit with review and approval by the Planning Commission.
7. The Conditional Use Permit shall terminate if all industrial uses cease for a period of more than 12 consecutive months.

These conditions, developed by Planning staff, have become standard for CUP's for industrial uses in the GC zone.

LIMITATION ON DEVELOPMENT AREA: The watercourse adjacent to the south side of this property is owned by the City of Fargo, which holds a 50-foot wide easement adjacent to this watercourse for the protection of the bank. No development is allowed within this easement.

Conditional Use Permit Approval Criteria (Section 20-0909.D)

The following is a list of criteria that must be determined satisfied in order for a Conditional Use Permit to be approved:

1. **Does the proposed conditional use comply with all applicable provisions of the LDC and will it conform to the general intent and purpose of this LDC?**
The purpose of the LDC is to implement Fargo's Comprehensive Plan in a way that will protect the general health, safety, and welfare of the citizens. As noted above, provisions of the LDC will apply and additional conditions will be added to insure that this project is developed in a manner that is appropriate to the context of the surrounding properties and uses. Staff finds this proposal is consistent with the purpose of the LDC, the 2007 Growth Plan, and other adopted policies of the City. **(Criteria Satisfied)**
2. **Will the proposed conditional use at the specified location contribute to and promote the welfare or convenience of the public?**
Staff believes that the location of the proposed conditional use will contribute and promote the welfare and convenience of the public. The applicant's proposal will develop a property that has remained undeveloped since it was platted over a year ago with a land use that, with the CUP, is appropriate for the location.
Criteria Satisfied)
3. **Will the proposed conditional use cause substantial injury to the value of other property in the neighborhood in which it is to be located?**
Staff has no data to suggest the proposed use would cause substantial injury to the value of other property in the neighborhood. In accordance with Section 20-0901.F of the LDC, notices of the proposed use were sent out to property owners within 300 feet of the subject property. To date, Planning staff has received no comments or inquiries. **(Criteria Satisfied)**

4. **Is the location and size of the conditional use, the nature and intensity of the operation conducted in connection with it, and the location of the site with respect to streets giving access to it such that the conditional use will not dominate the immediate neighborhood so as to prevent the development and use of the neighboring property in accordance with the applicable zoning district regulations? In considering this criteria, location, nature, and height of buildings, structures, walls, and fences on the site are to be considered, as well as the nature and extent of proposed landscaping and buffering on the site.**

The proposed CUP for industrial service use will not dominate the immediate neighborhood or prevent any other sites from being used in the manner allowed by zoning district regulations. In fact, properties to the east, west and northeast of the subject property have similar CUP's. The proposed conditions of the CUP are specifically meant to mitigate the effects of an industrial use to an intensity appropriate to the GC zone. Additionally, the CUP conditions provide a trigger for further review is the approved use is proposed to be expanded.

(Criteria Satisfied)

5. **Are adequate utility, drainage, and other such necessary facilities and services provided or will they be at the time of development?**

The property has access to all necessary utilities and services. Staff is not aware of any deficiencies regarding drainage or utilities that would limit the ability of the applicant to utilize the property as proposed. Based on this information, staff finds that the adequate utility, drainage, and other such necessary facilities and services are in place.

(Criteria Satisfied)

6. **Have adequate access roads or entrances and exit drives been provided and are they designed to prevent traffic hazards and to minimize traffic congestion in public streets?**

The subject property will use an existing access on the north side of the property. It will not have direct access to Veterans Boulevard.

(Criteria Satisfied)

Staff Recommendation:

Suggested Motion: "To accept the findings and recommendations of staff and approve the proposed conditional use permit to allow industrial service use on Lots 8, 9, and 10, Block 1, **Radio Addition** as presented, as the proposal complies with the 2007 Growth Plan, Standards of Section 20-0909.D, and all other applicable requirements of the LDC, with the following conditions:

1. The property shall not be used in whole or in part for storage of rubbish or debris of any kind whatsoever nor for the storage of any property or items that will cause such lot to appear untidy, unclean or unsightly as determined by the Zoning Administrator; nor shall any substance, item or material be kept on any lot that will emit foul odors, including compost sites and fertilizer. All garbage containers, including dumpsters, shall be concealed from public view by fence, screen wall or building extension.
2. No outdoor storage of equipment or supplies.
3. Off-street parking, loading, and vehicular circulation areas (including circulation areas internal to storage yards) shall have an all-weather surface, as defined by the LDC.
4. The manufacturing, production, or processing of food and/or animal products shall not be permitted.
5. The manufacturing, production, or processing of hazardous chemicals or materials shall not be permitted.
8. Any expansion of the industrial service use, other than the future building addition indicated on the site plan, shall require an amendment to the Conditional Use Permit with review and approval by the Planning Commission.

6. The Conditional Use Permit shall terminate if all industrial uses cease for a period of more than 12 consecutive months.

(continued on next page)

Area Plans:

The subject property is located within the 2007 Southwest Tier 1 Growth Plan, which designates the property for “Commercial” land use. The current GC, General Commercial, zoning is consistent with this land use designation. No zone change is proposed.

Context:

Schools: The subject property is located within the West Fargo School District, specifically within the Deer Creek Elementary, Heritage Middle and Horace High schools.

Neighborhood: The subject property is located within the Deer Creek neighborhood.

Parks: Osgood Park (4951 47th Street North) is approximately 0.7 mile from the subject property. This park provides playgrounds for ages 2-5 and 5-12, recreational trails, a shelter, picnic table, multi-purpose field, basketball court, grill, recreational trails, disc golf, and a soccer field.

Pedestrian / Bicycle: The existing multi-use path along Veterans Boulevard north of 52nd would be continued south of 52nd as Veterans Boulevard is developed. A new shared use path was built on either side of 52nd Avenue South with the recent reconstruction. These paths connect to the metro area path system.

MATBUS Route: The subject property is not along a MATBUS route.

Staff Analysis:

The plat would replat the existing 10 lots into five lots for commercial development. The existing zoning is GC, General Commercial. No zone change is proposed.

ACCESS: None of the lots will take access directly from 52nd Avenue South or Veterans Boulevard South due to negative access easements. All lots will take access from the 40-foot wide access and utility easement depicted on the plat. Utility service to some of the lots will also be provided through the access and utility easements.

EASEMENT AGREEMENT: The applicant will submit an agreement for maintenance of the access and utility easements for staff review prior to final plat approval.

VACATION OF 53rd AVENUE SOUTH CUL-DE-SAC: The plat includes a vacation of a portion of the 53rd Avenue South right of way (ROW). This ROW was dedicated on the Radio Addition plat (2022) and has not been improved. Staff supports the proposed vacation of this portion of the 53rd Avenue South ROW. Findings specific to this vacation are below.

DRAIN DEDICATION NOT REQUIRED: The watercourse adjacent to the south side of this property is not owned by the Southeast Cass Water Resources District; therefore, the 175-foot dedication noted in Land Development Code Section 20-0610 is not required to be shown on this plat. The plat depicts a 50-foot wide City of Fargo easement adjacent to this watercourse for the protection of the bank. No structures can be built within this easement.

Major Subdivision

The LDC stipulates that the following criteria is met before a major subdivision plat can be approved

1. **Section 20-0907 of the LDC stipulates that no major subdivision plat application will be accepted for land that is not consistent with an approved Growth Plan or zoned to accommodate the proposed development.**

The property is zoned GC, General Commercial. No zone change is proposed. The GC zone will accommodate the proposed commercial development on these lots. Additionally, certain industrial uses could be allowed by conditional use permit on individual lots. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, staff has received no comment on the application. **(Criteria Satisfied)**

2. **Section 20-0907.4 of the LDC further stipulates that the Planning Commission shall recommend approval or denial of the application and the City Commission shall act to approve or deny, based on whether it is located in a zoning district that allows the proposed development, complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.**

The property is zoned GC, General Commercial. No zone change is proposed. The GC zone will accommodate the proposed commercial development on these lots. Additionally, certain industrial uses could be allowed by conditional use permit on individual lots. The GC zoning designation is consistent with the "Commercial" land use designation of the 2007 Growth Plan for this area. The project has been reviewed by the city's Planning, Engineering, Public Works, Inspections, and Fire Departments.

(Criteria Satisfied)

3. **Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.**

Staff is working with the applicant on a draft amenities plan that specifies the terms or securing installation of public improvements to serve the subdivision. The amenities plan will be reviewed by the Public Works Project Evaluation Committee (PWPEC) prior to City Commission hearing. Any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles. **(Criteria Satisfied)**

ROW Vacation Approval Criteria: The City of Fargo does not currently have any adopted regulation dealing with the vacation of rights-of-way. However, city policy requires that any applicant wishing to vacate right-of-way must submit a Vacate Application—a one-page form wherein the petitioner provides: a description of the area to be vacated and signatures of all property owners adjoining the area to be vacated. In addition, the applicant must submit a vacation plat (a major subdivision). Notwithstanding the Land Development Code's (LDC) silence on the matter, the North Dakota Century Code (N.D.C.C) does address the opening and vacating of roadways in Chapter 40-39 (inside municipal limits). To that end, the balance of this report will focus on the specific approval criteria outlined within Chapter 40-39 of the N.D.C.C.

N.D.C.C. 40-39-04. Vacation of streets and alleys where sewers, water mains, pipes, and lines located – Conditions. No public grounds, streets, alleys, or parts thereof over, under, or through which have been constructed, lengthwise, any sewers, water mains, gas, or other pipes or telephone, electric, or cable television lines, of the municipality or the

municipality's grantees of the right of way thereof, may be vacated unless the sewers, mains, pipes, or lines have been abandoned and are not in use, or unless the grantee consents, thereto, or unless perpetual easements for the maintenance of sewers, water mains, gas, or other pipes, or telephone, electric facilities, whether underground or aboveground, is subject to the continued right of location of such electric facilities in the vacated streets.

It is the applicant's responsibility to contact all potential utility providers and submit documentation that there are no utilities in these easements. City staff reviews the applicant's documentation prior to City Commission approval of the plat. Any existing utility line that must remain would have an easement retained. **(Criteria Satisfied)**

N.D.C.C. 40-39-05. Petition for vacation of streets, alleys, or public grounds – Contents – Verification. No public grounds, streets, alleys, or parts thereof within a municipality shall be vacated or discontinued by the governing body except on a petition signed by all of the owners of the property adjoining the plat to be vacated. Such petition shall set forth the facts and reasons for such vacation, shall be accompanied by a plat of such public grounds, streets, or alleys proposed to be vacated, and shall be verified by the oath of at least one petitioner.

In accordance with the requirement of this section, a petition signed by all adjacent owners has been submitted for review and consideration, along with a plat of such public street. **(Criteria Satisfied)**

N.D.C.C 40-39-06. Petition filed with city auditor – Notice published – Contents of notice. If the governing body finds that the petition for vacation is in proper form and contains the requisite signatures, and if it deems it expedient to consider such petition, it shall order the petition to be filed with the city auditor who shall give notice by publication in the official newspaper of the municipality at least once each week for four weeks. The notice shall state that a petition has been filed and the object thereof, and that it will be heard and considered by the governing body or a committee thereof on a certain specified day which shall not be less than thirty days after the first publication of the notice.

The vacation plat will be advertised as required by this section prior to the hearing before the City Commission (the City's governing body). **(Criteria Satisfied)**

N.D.C.C. 40-39-07. Hearing on petition – Passage of resolution declaring vacation by governing body. The governing body, or such committee as may be appointed by it, shall investigate and consider the matter set forth in the petition specified in section 40-39-05 and, at the time and place specified in the notice, shall hear the testimony and evidence of persons interested. After hearing the testimony and evidence or upon the report of the committee favoring the granting of the petition, the governing body, by a resolution passed by a two-thirds vote of all its members, may declare the public grounds, streets, alleys, or highway described in the petition vacated upon such terms and conditions as it shall deem just and reasonable.

This action will be taken by the City Commission. **(Criteria Satisfied)**

Staff Recommendation:

Suggested Motion: "To accept the findings and recommendations of staff and recommended approval to the City Commission of the proposed **Radio Second Addition** subdivision plat as presented, including the vacation of right of way; as the proposal complies with the 2007 Growth Plan, Standards of Article 20-06, and all other applicable requirements of the LDC."

Proposal:
<p>The applicant requests the approval of one entitlement: Planned Unit Development (PUD) Final Plan.</p> <p><u>Project Summary</u> BLOC Partners, LLC proposes a 5-story mixed-use development, consisting of 127 residential apartment units, 15,258 square feet of commercial space, with up to 114 spaces between underground, main floor, and exterior parking spaces.</p> <p><u>Project History</u> In January, the Planning Commission reviewed applications for a minor subdivision (Duane's Pizza Addition), PUD</p>

Master Land Use Plan and PUD ordinance. The commission recommended approval to the City Commission, and motioned to continue the PUD Final Plan to a later date. The City Commission conditionally approved the minor subdivision, and approved the PUD Master Land Use Plan and Ordinance on February 21, 2023. Once the approval conditions are satisfied, the plat will be recorded. The PUD Final Plan is now before the Planning Commission for review. The Final Plan is not a public hearing item.

Attached to this staff report are project plans, including the site plan, elevations and landscaping plan. Between the January Planning Commission meeting and the February City Commission meeting, staff and the applicant worked together on finalizing the PUD ordinance. Changes to the ordinance from the Planning Commission meeting include:

- Removal of planting requirements to follow Land Development Code due to the scale of site;
- Reduced the maximum overall building height from 70 feet to 65 feet with exceptions to elevators, stair towers and similar, which cannot exceed 75 feet;
- Clarified that within the interior cut through of building, it is limited to one vehicular pick-up window on the north side of the cut through and one drive-thru on the south side of the cut through;
- Limited the freestanding sign to a monument sign and increased maximum height from 12 feet to 20 feet.

This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.

Surrounding Land Uses and Zoning Districts:

- North: Across 16th Avenue South is LC, Limited Commercial and SR-2, Single-Dwelling Residential with commercial and detached residential;
- East: Across University Drive South is GO, General Office with a parking lot;
- South: Across 17th Avenue South is LC and SR-2, owned by Sanford;
- West: Across 13 ½ Avenue South is SR-2 with detached residential.

Area Plans:

The Future Land Use Map of the Lewis & Clark Neighborhood implementation brief within the Core Neighborhoods Plan (CNP) identifies the subject property as appropriate as mixed-use neighborhood commercial. Per the CNP, Neighborhood commercial opportunities such as restaurants, local retail establishments and community gathering spaces with residential uses incorporated into the development are the primary components of this land use designation. Mixed-Use designation requires the inclusion of a residential component to ensure 24 hour viability. Additionally, walking and cycling access must be fully integrated into these developments.

Context:

Neighborhood: Lewis & Clark (Clara Barton is just across University Drive to the east).

Schools: The subject property is located within the Fargo Public School District, specifically the Lewis & Clark Elementary, Carl Ben Jr High and South Senior High schools.

Parks: Lewis & Clark Park (1807 16th St S) that includes sports courts and fields, outdoor skating rink and warming house, picnic tables and playground, and Clara Barton Park (1451 6th St S) that includes sports courts and fields, outdoor skating rink and warming house, and playground. Just beyond a half-mile are the following facilities: Southwest Recreational Pool, Tharaldson Little League Complex, Sports Arena at South High, Burdick Park, Ponte's Park, and Lindenwood Park.

Pedestrian / Bicycle: Currently, there are no shared-use paths located in proximity to the property. At the time of redevelopment, University Drive South and 17th Avenue South are intended to have shared use paths.

Bus Route: Route 14 runs along University Drive South and route 16 runs along 17th Avenue South. A bus stop is located approximately 150 feet north of the subject property along University Drive South and a shelter is located approximately 400 feet to the east on 17th Avenue South.

Core Neighborhoods Plan: Supports and encourages "complete street" roadway designs and a focus to encourage all modes of transportation. When reviewing WalkScore.com, this location has a 72 score (very walkable).

Staff Analysis:

Proposed Final Plan consistency with approved Master Land Use Plan

The graphic below provides a comparison of the approved master land use plan (left) and the proposed final plan (right). Findings evaluating the differences between the two plans are below. Copies of these plans are also attached.

PUD Final Plan Section 20-0908.D:

The LDC stipulates that the Planning Commission shall approve the PUD Final plan if it is determined to be in substantial compliance with the approved PUD Master Land Use Plan. The PUD Final Plan shall be deemed to be in compliance so long as, when compared with the PUD Master Land Use Plan, it does not result in: Currently the Final Plan lacks the detail to provide further review and will request to review this at a separate meeting at Planning Commission, scheduled upon receipt of building permit submittal.

MEMORANDUM

TO: Fargo Planning Commission

FROM: Jim Gilmour, Director of Strategic Planning and Research 

DATE: March 14, 2023

SUBJECT: Renewal Plan Review

City staff prepared a Renewal Plan for property located in downtown Fargo. The plan is attached for your review.

The plan was prepared to be consistent with the City's Go2030 Comprehensive Plan. This plan implements the comprehensive plan in several ways:

- Arts and Culture are supported by including the Fargo-Moorhead Community Theater in the first phase of this redevelopment.
- Infill development is a key part of this plan, replacing surface parking lots with new higher density mixed use development.
- Transportation and parking principals are supported as this redevelopment will include shared parking between daytime and nighttime uses.
- Historic preservation is encouraged with the redevelopment of a vacant building at 14 Broadway.

As part of the Renewal Plan review process, the plan is referred to the Planning Commission for recommendation as to its conformity with the Go2030 Comprehensive Plan.

I am requesting that the Planning Commission make a recommendation to the City Commission that this Renewal Plan is consistent with the Go2030 Comprehensive Plan of the City of Fargo.

Recommended Motion:

Recommend to the City Commission that the proposed Renewal Plan is consistent with the Go2030 Comprehensive Plan of the City of Fargo.

RENEWAL PLAN FOR TAX INCREMENT DISTRICT NO. 2023-02

Subsection 1.1. Definitions.

For the purposes of the Renewal Plan, the following terms shall have the meanings specified below, unless the context otherwise requires:

"City" means the City of Fargo, a municipal corporation under the laws of the State of North Dakota.

"City Commission" or "Commission" means the Fargo City Commission.

"Comprehensive Plan" means the City's GO 2030 Comprehensive Plan, including the objectives, policies, standards and programs to guide public and private land use, development, redevelopment and preservation for all lands and water within the City as and when such plan is adopted and finalized.

"County" means Cass County, North Dakota.

"Development" means the construction of new buildings, structures or improvements; the demolition, alteration, remodeling, repair or reconstruction of existing buildings, structures or improvements; the acquisition of equipment; and the clearing and grading of land on industrial or commercial property in the Renewal Area.

"Renewal Area" means the property described in Subsection 1.4 of this Plan.

"Renewal Plan" or "Plan" means this Plan adopted by the Commission for the Renewal Area.

"State" means the State of North Dakota.

"Tax Increment Financing Act" or "TIF Act" means North Dakota Century Code, Section 40-58-20, as amended.

"Tax Increment Bonds" means any general obligation or revenue tax increment bonds or notes issued by the City to finance the public costs associated with the TIF District as stated in this Plan, or any obligations issued to refund the Tax Increment Bonds.

"Tax Increment Financing District" or "TIF District" means Tax Increment Financing District No. 2023-02.

"Urban Renewal Law" means North Dakota Century Code, Chapter 40-58.

Subsection 1.2. Statutory Authority.

The creation of the Renewal Area and the establishment of Tax Increment Financing District No. 2023-02 are authorized by the Urban Renewal Law. Specifically the creation of the Renewal Area is authorized under North Dakota Century Code, Sections 40-58-01.1(7) and (14), which provide that the local governing body may designate industrial or commercial property, a slum or

blighted area, or combination of these properties as appropriate for a development or renewal project.

The Urban Renewal Law provides that communities develop a “workable program” for the use of public and private resources to facilitate the development of industrial or commercial properties, eliminate and prevent the development or spread of slums and urban blight, encourage needed urban rehabilitation, provide for the redevelopment of slum and blighted areas or undertake these activities or other feasible municipal activities as may be suitably employed to achieve the objectives of the workable program. North Dakota Century Code, Section 40-58-04.

Subsection 1.3. Statement of Public Purpose

In adopting the Renewal Plan for TIF District No. 2023-02, the City Commission intends to make the following findings:

- (a) The Renewal Area includes blighted properties.

Factual basis: This Renewal Area is blighted due to the presence of surface parking lots, some in very poor condition. The parking lots expose deteriorated sidewalls of older commercial buildings. A vacant building at 14 Broadway has deteriorated interior conditions and needs major renovation to be reused. This substantially impairs the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals or welfare in its present condition and use.

- (b) The Renewal Area is appropriate for a development or renewal project.

Factual basis: The renewal area is zoned Downtown Mixed Use which encourages several different land uses including commercial, housing and community facilities. The downtown land use plan shows this area being mixed use or commercial.

- (c) There are some existing housing units in the renewal area, but they will not be directly affected by the implementation of this plan.

Factual basis: Existing housing will not be directly affected as this plan is implemented. The redevelopment will include new housing units.

- (d) The Plan conforms to the Comprehensive Policy Plan for the City as a whole.

Factual basis: The proposed development is consistent with the goals that are embodied in the Go2030 Comprehensive Plan. Specifically, the Fargo Go2030 Comprehensive Plan supports infill and density within areas that are already developed, serviced with utilities and protected by a flood resiliency strategy. The promotion of infill development is the number two ranked priority of Go2030.

The plan includes a new Fargo Moorhead Community Theater, which supports the Arts and Culture goal of developing space for events. Go2030 supports activation of parking structures and shared parking between daytime and nighttime uses.

Subsection 1.4. Description of Renewal Area

The Renewal Area is located in downtown Fargo, adjacent to the 600 block of NP Avenue, Broadway between NP Avenue and 1st Avenue South, and the 500 block of Main Avenue. The properties are described in Appendix A. A map of the Renewal Area is attached as Appendix B.

The first phase projects will include commercial space, a theater, parking and multi-family housing. Redevelopment of the building at 14 Broadway will also be part of the first phase. Vacant lots with surface parking are expected to redevelop after the first phase is completed in 2025.

The redevelopment plan for the first phase is attached as Appendix C.

Subsection 1.5. Redevelopment, Infill Development and Public Parking

The Development of the Renewal Area includes the following activities:

Public Parking – Construction of a city-owned parking garage to serve the area.

Infill Development – Surface parking lots can be used for infill development both in the first phase and subsequent phases. New buildings should replace surface parking.

Public Infrastructure – Reconstruction of underground infrastructure and adjacent streets are needed for this redevelopment and will be funded with infrastructure money and special assessments.

Subsection 1.6. Land Use Attributes – TIF District

- (a) *Zoning or Planning Changes.*
The Renewal area Downtown Mixed Use. No additional zoning changes are required to accommodate this project.
- (b) *Maximum Densities.*
The property within the TIF District will be developed in accordance with the applicable zoning district requirements which allows high density development.
- (c) *Building Requirements.*
All properties within this district are subject to the provisions of the City of Fargo Building Codes and the Land Development Code.
- (d) *Plan relationship to land use objectives (land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public imps.)*
The physical improvements outlined in the plan meet critical needs required for the redevelopment of this property. The project complies with the zoning district and the redevelopment goals of the Go2030 Comprehensive Plan and the Downtown Plan.

Subsection 1.7. Estimate of Development Costs

The City anticipates development of the Renewal Area will involve certain public costs. Under North Dakota Century Code, Sections 40-58-20 and 40-58-20.1 allow the use of funds received from tax increments to be applied to certain specified costs. The City will provide for certain costs as listed below in a development agreement, and can use other funds to pay for City infrastructure. The primary costs involved are the parking garage and development incentives.

Parking Garage	\$3,300,000
Development Incentives	\$2,000,000
Public Infrastructure	Non-TIF Financed
TOTAL	\$5,300,000

These costs represent estimated costs for planning purposes, and may be different when this plan is implemented with a development agreement.

Development agreement costs will be determined after a review by City financial advisers. The maximum allowed costs will be specified in development agreements. Based on the first phase of the proposed development, the value of TIF revenue is approximately \$1.5 million over 5 years.

The City and Developer may also obtain reimbursement of interest between the time project costs are incurred and the date the Tax Increment Revenue Note is issued, such interest being capitalized and added to the foregoing costs.

The parking garage is estimated to be \$20 million. The city will use existing parking funds, internal borrowing and bonding to pay for the facility. Sources to repay bonds and internal loans will be from downtown parking revenue and new Tax Increment funds. The present value of the new TIF funds is \$3.3 million.

Subsection 1.8. Estimate of Bonded Indebtedness

The City intends to finance certain costs of the Development through the issuance of a Tax Increment Financing Note to the Developer. In addition, the City may use bonds, internal borrowing and other sources to pay for the parking garage.

Subsection 1.9. Tax Increment Financing

The County Auditor is requested to compute, certify and remit tax increments resulting from the Development within the Renewal Area.

The original assessed value of the private property within the Renewal Area, as last assessed and equalized before the base year of this Plan, is ~\$58,759,000.

Each year, the County Auditor will compute the amount of tax increment generated within the Renewal Area in accordance with the TIF Act. Any year in which there is an "incremental value" as provided in the TIF Act, an increment will be payable to the City and deposited in the fund created

by the County Auditor for that purpose. Any year in which there is "lost value" pursuant to the TIF Act, no increment will be payable to the City.

Subsection 1.10. Estimate of Tax Increment.

It is anticipated the Development will result in an increase in true and full value of the Renewal Area redevelopment sites to \$70 million. The value of the development site within the TIF district is \$2.8 million. The increase in value may eventually be approximately \$70 million. Under the mill rate in effect as of the date of this Plan, the Renewal Area will generate tax increment each year in the estimated amount of \$980,000.

Subsection 1.11. Duration of the TIF District.

The City anticipates that the TIF District will continue until all development costs are reimbursed through the receipts of tax increment, or after a maximum of 25 property tax years after completion of the project.
