Communication Received from Attorney Jonathan Garaas Regarding Improvement District No. 5244:

The Board received a communication from Jonathan Garaas written on behalf of Fred and Earlyne Hector. He stated opposition to a recent legal publication of June 21 and 28, 2010 and a letter addressed to property owners dated June 24, 2010 concerning the special assessments for Improvement District No. 5244.

City Attorney Erik Johnson stated his recommendation would be for the Board to receive and file Mr. Garaas's communication and he will take the letter under consideration and provide a response at a later date.

Mr. Garaas said the recommendation from Mr. Johnson would not be appropriate since there is a 30-day time period for which an appeal has to be submitted and if the Board does not rescind the actions from the June 14, 2010 City Commission Meeting, he would have no choice but to protect his clients and start legal action. He said this is a jurisdictional prerequisite to a valid special assessment district and would prefer not to take legal action to protect his clients.

Mr. Johnson stated he recognizes what Mr. Garaas is saying, however; his preference would be to study the matter and come up with an appropriate response for the Board.

Mr. Garaas stated this would be an invalid action due to the Dakota Land Company case and this action would create a very major nightmare for the City of Fargo. He said if the Board does not rescind the action from June 14, 2010 it may be possible that the City of Fargo will never have another opportunity to assess a single penny against anyone as a result of the jurisdictional prerequisite not being met.

At 5:15 p.m., the time advertised for public hearings, the Board deferred additional discussion on this item until after the hearings.

Appeal of the Denial of a Residential Protection Standard Waiver at 1117 and 1155 13th Avenue South Denied:

A Hearing had been held by the Fargo Planning Commission on June 9, 2010 to consider a request for a Residential Protection Standard Waiver for the parking lot and property on the East 16.6 feet of Lot 6, all of Lot 7, and the West 8.4 feet of Lot 8, Block SS; and the South 51 feet of Lots 1, 2, 3, 4, and 5; the South 51 feet of the South 101 feet of the West 8.4 feet of Lot 6, Block SS, Erskine's Addition, and the Fargo Planning Commission at such Hearing recommended that the Residential Protection Standard Waiver be denied.

The City Auditor's Office published a Notice of Hearing stating this is the time and date set for said Hearing at which time all interested persons could appear and would be heard.

At the June 29, 2010 meeting, the Hearing was continued to this day and hour.

Senior Planner Jim Hinderaker said he met with the abutting property owners and had a conversation with the property owners at 1101 13th Avenue South. Their concern, he said, is the overall commercialization of the corner and opposes anything that would add to the commercialization of the area. The two adjacent property owners, he said, are still comfortable with the waiver.

Steven Stremick, 1155 13th Avenue South, stated the business across the street, Art and Learn, was granted the same waiver he is requesting therefore this is not an unprecedented request.

Commissioner Piepkorn moved the appeal of the denial of a Residential Protection Standard Waiver be denied.

Second by Williams. On call of the roll Commissioners Piepkorn, Williams, Wimmer and Walaker voted aye.

Commissioner Mahoney voted nay.

The motion was declared carried.

Hearing on a Dangerous Building Located at 118 24th Street South: No Further Action Needed:

A Hearing had been set for this day and hour on a dangerous building located at 118 24th Street South.

The Board received a communication from Inspections Administrator Ron Strand submitting a Notice of Dangerous Building Order.

Mr. Strand stated since the time of the original issuance of the Notice of Dangerous Building Order, the owner removed the building and the lot is restored to a level condition so no further action is needed.

Hearing on a Dangerous Building Located at 17-19 University Drive North: City Attorney's Office Directed to Prepare the Appropriate Findings of Fact and Order:

A Hearing had been set for this day and hour on a dangerous building located at 17-19 University Drive North.

The Board received a communication from Inspections Administrator Ron Strand submitting a Notice of Dangerous Building Order. He said the property owner has failed to remove the structure in accordance with his order and the structure has been damaged or deteriorated more than fifty percent of its original value prior to the damage or deterioration. He said the structure is full of debris and has outlived its usefulness.

In response to a question from Commissioner Wimmer regarding how this was determined, Mr. Strand stated this conclusion came through the normal rental inspection process.

Joni Larson, owner of said property, stated she has no money to tear the structure down. She said she had the structure sold, however she could not come up with the cash needed to pay off the taxes owed on the property.

Mr. Strand stated if the property owner is not able to tear the structure down, the City will hire a contractor to remove the structure and the cost will be assessed against the property.

Commissioner Wimmer moved to issue an order that the owner remove this structure within 30 days of the date of this hearing and authorize the Inspections Department to take the necessary steps to secure the removal of this structure if it is not removed within the time allowed by the Board's Order.

Second by Piepkorn. On call of the roll Commissioners Wimmer, Piepkorn, Mahoney, Williams and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

At 5:50 p.m. the Board took a ten-minute recess.

After recess: All Commissioners present. Mayor Walaker presiding.

Communication from Attorney Jonathan Garaas Regarding Improvement District No. 5244 (Continued): Further Comments Continued until July 13, 2010:

City Attorney Erik Johnson stated he had a little time to visit with staff regarding the issues Mr. Garaas has brought forward and said this is not a simple situation. He said contracts need to be let in order for the improvement district to go into south Fargo and any delays could be difficult for the City to absorb. He said he is still recommending that the Board not rescind their action from June 14, 2010.
