Discussion Regarding the Status of the GO2030 Comprehensive Plan:

The Board received a communication from City Commissioner Mike Williams stating the City of Fargo is entering into its first year of the implementation of the Fargo GO2030 Comprehensive Plan. He said the top five key initiatives are as follows:

1. Permanent Flood Protection
2. Infill, Neighborhoods
3. Arts and Culture
4. Bike and Pedestrian Facilities
5. Quality Design Standards

Commissioner Williams said he thinks all of the Commissioners have been approached by citizens questioning the status of the goals and key initiatives of the GO2030 plan and how they can help. He said even though the plan was developed by the Planning Department, he feels all departments have the opportunity to help implement these goals. He said he wants to work to keep citizens apprised of what is happening to keep them engaged in helping with achieving the goals of the plan and to understand that they can work on their own to achieve the goals without it being filtered through the City.

Commissioner Sobolik said it is important to tell citizens that this is not just a check list, but a guideline for the work of the City. She said she thinks that the staff Technical Committee may need to be recalled to go back over the check list. She said the website is also in the process of being transferred from the host server back to the City, which will help in updating the site on a regular basis.

Resolution Adopted Annexing Approximately 81.80 Acres of Land in Stanley Township:

The Board received a communication from Planning Director Jim Gilmour requesting adoption of two Annexation Resolutions. One is for land in Stanley Township, he said, and the other is for the City of Fargo's extraterritorial area. He said the first resolution is a request received by a developer who has the option of purchasing 81.80 acres of land owned by Fred Hector. The developer is proposing a residential subdivision on that site, he said. The second resolution is for City owned

land in close proximity to the borrow pits, he said and would ensure the availability of fill material within the city limits and the abutting right-of-way. City staff, he said, will be contacting the City of Briarwood since the tracts of land are within the joint jurisdictional control. He stated there was an agreement with Briarwood giving them a portion of land; however, that agreement has expired and past efforts to work out a new agreement have not gotten anywhere as there have not been any proposed developments until now.

In response to a question from Commissioner Williams as to why the need for the annexation now when the City has used the area for borrow pits in the past, Mr. Gilmour stated for long-term use of the property the City may need to bring utilities through this area in order to serve new developments. He continued by saying that it would be nice to have a cleaner boundary as well.

Commissioner Mahoney offered the following Resolution and moved its adoption:

**BE IT RESOLVED BY THE BOARD OF CITY COMMISSIONERS OF THE CITY OF FARGO:**

WHEREAS, The City of Fargo, Cass County, North Dakota, is a municipal corporation, organized and existing under the laws of the State of North Dakota, with about one hundred ten thousand (110,000) inhabitants; and

WHEREAS, There is contiguous and adjacent to the City of Fargo, a tract or parcel of land hereinafter specifically described, containing approximately 81.80 acres, more or less, which tract or parcel of land is not presently a part of the City of Fargo.

BE IT FURTHER RESOLVED, By the Board of City Commissioners of the City of Fargo, North Dakota, that this Resolution be published in the official newspaper for the City of Fargo once each week for two successive weeks, and a hearing be held

on the 10th day of June, 2013, at 5:15 p.m., in the City Commission Room, City Hall, Fargo, North Dakota.

Second by Sobolik. On the vote being taken on the question of the adoption of the Resolution Commissioners Mahoney, Sobolik, Wimmer, Williams and Walaker voted aye.

No Commissioner being absent and none voting nay, the Resolution was adopted.

Legislative Update:

City Administrator Pat Zavoral provided a summary of the hearings taking place this week.

Chief of Police Keith Ternes said HB1048, which will be heard later this week, will give home rule power to cities relating to speeding and moving violations. He said if the bill passes speeding fines could double and moving violations could triple in the City, which is an improvement over what the City currently has.

Flood Update:

Commission Mahoney offered the following Resolution and moved its adoption:

WHEREAS, Public Law 84-99, as amended, (33 U.S.C., § 701n) provides a means of preparing for and combating damage by floods and flood waters; and

WHEREAS, The City of Fargo, North Dakota has exhausted all resources available to it for flood fighting and rescue operations; and

WHEREAS, On the date of this Resolution, flood fighting and emergency assistance is required for the purposes of preserving life and public property.

NOW, THEREFORE, BE IT RESOLVED, That the U.S. Army Corps of Engineers be, and is hereby, requested to furnish assistance in flood fighting and rescue operations.

BE IT FURTHER RESOLVED that in consideration of such assistance the above-named Governmental body agrees to:

- a. Provide to the United States all lands, easements and rights-of-way for the emergency work, including, but not limited to, levee, borrow, spoil and access rights-of-way, determined to be necessary by the Corps for purposes of providing the requested assistance.
- b. Hold and Save the United States free from all claims for damages attributable to the construction, operation, maintenance, repair, replacement, and rehabilitation of emergency work, except for damages due to the fault or negligence of the United States or its Contractors.
- c. Operate and maintain the emergency construction works for the duration of the flood emergency.
- d. Provide common labor.
- e. Provide as required under the applicable provisions of Public Law 91-646, relocation assistance payments to those eligible because of

dislocation of persons or property from their dwellings, farms or businesses due to the acquisition of rights-of-way for the emergency work.

- f. Remove, after the flood emergency, without cost to the U.S. Army Corps of Engineers, any temporary emergency works constructed for the flood emergency, with the initiation of the removal within 30 days of the conclusion of the flood event as determined by the U.S. Army Corps of Engineers.

BE IT FURTHER RESOLVED, That Dennis R. Walaker, Mayor, be authorized to enter into agreements in furtherance of this Resolution, with the U.S. Army Corps of Engineers, as a means of supplementing the local flood emergency preparation and flood fighting and rescue operations, and that such agreements shall be binding upon the Public Sponsor.

Second by Sobolik. On the vote being taken on the question of the adoption of the Resolution Commissioners Mahoney, Sobolik, Wimmer, Williams and Walaker voted aye.

No Commissioner being absent and none voting nay, the Resolution was adopted.

Commissioner Mahoney moved the Mayor's Emergency Declaration be extended for an additional thirty days.

Second by Williams.

In response to a question from Mayor Walaker in regards to extending the declaration further than two weeks, City Attorney Erik Johnson said the City Commission has the authority to extend the Declaration for as long as they would like.

Commissioner Wimmer moved the motion be amended to extend the Mayor's Emergency Declaration for thirty days from April 7, 2013.

Second by Mahoney. On call of the roll Commissioners Wimmer, Mahoney, Williams, Sobolik and Walaker voted aye.

On call of the roll on the original motion as amended Commissioners Mahoney, Williams, Wimmer, Sobolik and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

The Board received a communication from Planning Director Jim Gilmour stating First Assembly is requesting an Indemnification Agreement with the City of Fargo. The Agreement, he said, would hold them harmless during operations from their facility during the flood event.

Commissioner Mahoney moved the Indemnification Agreement between First Assembly and the City of Fargo be approved.

Second by Sobolik. On call of the roll Commissioners Mahoney, Sobolik, Williams, Wimmer and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was carried.

Yard Damage Restoration Program and Consent to Construct or Remove Emergency Flood Control Structures Form Approved:

The Board received a communication from Division Engineer Nathan Boerboom stating after the 2009, 2010 and 2011 spring flood events, the City had a Yard Damage Restoration Program developed for property owners that experienced damage to their property from the temporary levee construction leading up to the spring floods. A similar Yard Damage Restoration Program has been developed again this year, he said. Also, he said, he would like the Board's review and approval of a form consenting to right of entry onto private property.

Commissioner Mahoney moved the Yard Damage Restoration Program 2013 and the form for Consent to Construct or Remove Emergency Flood Control Structures be approved

Second by Williams. On call of the roll Commissioners Mahoney, Williams, Wimmer, Sobolik and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

City Engineer April Walker said the RFP's for rapid deploy products were accepted today and have been evaluated. She said there were a number of submitters and of those submitted Trap Bag came in with the lowest bid. She said Engineering is recommending approval of the RFP submitted by Trap Bag; however, Engineering was contacted by the Iowa Department of Transportation indicating that they would be willing to sell their previously purchased Trap Bags to the City of Fargo for their cost. She said there are several thousand feet and it would require purchasing a little bit of equipment from Trap Bag to install it, as well as paying for freight, but even considering those items their offer to sell to the City was lower than Trap Bag's RFP for new product. The cost of about 2,870 lineal feet at \$15 per lineal foot would be \$50,150.00, she said. The City, she said, would still need the six foot product which will have to come directly from Trap Bag at a cost of \$9,450.00 for 350 lineal feet. And finally, she said, they received a call from Bismarck to buy back the Aqua Fence that the City sold to them in their last flood fight. She said they are willing to sell it to the City for 3%, which is the portion that was not reimbursed by the State or Federal government. The total for the Aqua Fence would be \$20,516.00, she said, bringing the grand total for all three products to \$80,116.00.

Commissioner Mahoney moved the recommendations submitted by Ms. Walker be accepted.

Second by Williams. On call of the roll Commissioners Mahoney, Williams, Wimmer, Sobolik and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

City Engineer April Walker said two weeks ago there was a discussion regarding preparation of an RFP for the removal of the homes purchased in Oakcreek. One of the items of information that was requested by the Commission, she said, was a summary of how the City got to where they are with the development of the project in Oakcreek. The second piece was to prepare an RFP and come back to the Commission with the prices for removal of the homes in Oakcreek.

Jerry Bents, Houston Engineering, gave a power point presentation summarizing the project.

Commissioner Wimmer said he would like to see the City wait on demolition of the homes so that there may be a better consensus from everyone.

Ms. Walker said the RFP looked at demolishing up to 8 homes, the construction of an emergency levee and plugging the emergency levee on Harwood Drive. The bid does require the contractor to have seven calendar days from the notice to proceed, she said. Industrial Builders came in as the low bidder, she said, with a bid of \$207,969.50.

Commissioner Williams said a decision does not need to be made now since the City is not able to build certifiable protection there at this time anyway.

At 6:15 p.m. the Board took a five-minute recess.

After recess: All Commissioners present. Mayor Walaker presiding.

Gary Cavett, 4449 Oakcreek Drive, said he is speaking for the residents of Oakcreek and Copperfield Court when he says he feels there are other alternatives available. He said there are fifty-five homes in the combined neighborhoods with a combined assessed value of approximately \$20 million dollars. He said he is appealing to the Commission to recognize the value that these two developments have. He said he does not see the urgency in tearing the homes down and putting up an earthen dike. He said in looking back at the last four floods, starting in 1997, these neighborhoods have gotten good at sandbagging. In the last flood, Oakcreek was able to sandbag to 42.5 feet in nine hours, he said and Cooperfield Court did it in four hours. He said he feels the urgency is in stabilizing the rear yards because once that is accomplished the dikes can be decided upon. He said he does not feel that all the options have been exhausted and thinks that there are opportunities to allow all of those homes to stay.

Mayor Walaker said he is not comfortable with this option either and thinks that if the residents are willing to sandbag with the City, then other options should be reviewed.

Keith McGovern, 4473 Oakcreek Drive, said he wonders how big of an impact the surveys that were done had on their decision, due to the fact that the people who would not allow a dike or a wall in their back yards have been bought out by the City. He said he feels that if the survey was done again there would be a different result.

Ms. Walker said the survey was more important during the process of developing the alternatives; therefore, other alternatives were looked at so that the City could hopefully get consensus. However, in the end, the decision and the recommendation, she said, was the best technical recommendation to be both permissible and have long term sustainability.

Commissioner Wimmer moved the RFP to remove homes in Oakcreek be denied.

Second by Williams.

Commissioner Wimmer moved the motion be amended to hold the RFP in place with any further action to come before the Commission for a final decision.

Second by Williams. On call of the roll on the original motion as amended Commissioners Wimmer, Williams, Sobolik, Mahoney and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Commissioner Sobolik moved that the Board adjourn to 5:00 o'clock p.m., Monday, April 15, 2013.

Second by Williams. All the Commissioners voted aye and the motion was declared carried.

The time at adjournment was 7:05 o'clock p.m.
