Minutes are available on the City of Fargo website at www.FargoND.gov/citycommission.
December 2, 2019

City Commission
225 N 4th Street N
Fargo, ND 58102

Dear Commissioners:

**Background**

On November 18, 2019, Fargo City Commission held a public hearing to remove LinkFM service beginning January 1, 2020. During the discussion, Commission asked staff to provide additional details on what LinkFM could run for special events or altered service hours for the 2020 budget year and what those costs would be. The below tables outline the several options for Commission to review.

**MAT Coordinating Board Recommendation:** At their meeting of October 16, 2019, the MAT Coordinating Board voted unanimously to recommend scheduling public hearings to obtain citizen input regarding the possible elimination of LinkFM and to recommend the continuance of LinkFM during downtown community events effective January 2, 2020.

**LinkFM Ridership**

- As of July 2019, ridership was up 8.14% over 2018 for the same period, which can be attributed to the substantial ridership to the Downtown Street Fair, up 53.31% over 2018.
- Rides per hour averaged 8.5 from 2015-2019 (2.1 rides per 15-minute trip) which includes events.
- Highest ridership times were 11 a.m. to 4 p.m.
- Since inception, Saturday rides per hour average 11 and weekday rides per hour 8.

19:00-23:59 are expanded service hours for special events.

### Community Events
LinkFM has proven to be popular during downtown community events as noted in rides per hour below. Ridership is not tracked on all events occurring in downtown (i.e. Red River Market, Fargo Theatre), especially if no additional buses are added to meet demand.

Current Route Map:

**LinkFM**

operates every 15 minutes
Staff Recommendation:
After reviewing all information for LinkFM, staff would recommend operating the service Thursday through Saturday as most events downtown occur on those days. Staff would also recommend adjusting the hours to operate 10am to 10pm or 9:30am to 9:30pm to capture the best potential ridership possible. Furthermore, the cost for the service through our driver’s services contractor would be $3.49 less per revenue hour.

| Maximum Lot Coverage: | 85%  

#### Proposed

| Land Use: | Office and commercial development |  
| Zoning: | No change |  
| Uses Allowed: | No change |  
| Maximum Lot Coverage: | 85%  

#### Proposal:

The applicant requests one entitlement:

1. Replat of Lot 2, Block 1, BLU Water Creek 4th Addition, including a vacation of Right of Way at the Northeast corner of the intersection of 47th Street South and 33rd Avenue South.

*Note that this property was rezoned from LC, Limited Commercial with a C-O, Conditional Overlay to GC, General Commercial with a C-O, Conditional Overlay by Ordinance 5209 (effective July 15, 2019) during the time this plat was in process.*

This project was reviewed by the City’s Planning and Development, Engineering, Public Works, and Fire Departments (“staff”), whose comments are included in this report.
**Surrounding Land Uses and Zoning Districts:**
- North: LC, Commercial, with conditional overlay (Ordinance)
- East: None; LC, Commercial
- South: MR-3, Multi Dwelling Residential
- West: GO, General office and LC, with conditional overlay

**Area Plans:**

The subject properties are identified in the 2003 Southwest Future Land Use Plan as suitable for "Either Office or Commercial land uses."

---

**Context:**

**Schools:** The subject property is located within the West Fargo School District and is served by Independence Elementary, Liberty Middle and Sheyenne schools.

**Neighborhood:** The subject property is located within Brandt Crossing neighborhood.

**Parks:** Brandt Crossing Park (5009 33rd Avenue South) is less than one-quarter mile west of the subject property and offers the amenities of basketball, dog park, playgrounds for ages 2-5 and 5-12, recreational trails, and a shelter.

**Pedestrian / Bicycle:** The multi-purpose trails along the north side of 32nd Avenue South and east side of 45th Street south that are components of the metro area bikeways system.

**Staff Analysis:**

**PLAT—LOT ACCESS**

The applicant proposes a replat of Lot 2, Block 1, BLU Water Creek 4th Addition into six lots. Lots 1, 4, 5, and 6 have right of way along dedicated public streets (47th Street South or 33rd Avenue South). Lots 2 and 3 do not directly touch a dedicated public right of way. The applicant proposes these lots take access and utilities through an easement from 47th Street South. There is an existing 50-foot wide ingress/egress and utility easement created by the first BLU Water Creek Addition in 2016.

It has generally been the City’s policy not to recommend for approval plats that propose lots that do not directly touch dedicated public right of way, whether those plats are intended for commercial, residential, or industrial development. The City’s main concerns are:
- Location of public water and sewer lines and access for maintenance
- City access to water shutoff valves
- Retaining the pedestrian portion of the public realm—that is, having pedestrian access (sidewalks) and landscaping similar to a public sidewalk along a dedicated public street
- Future lot owners may not understand the ramifications of having their lot access be by easement rather than directly from a dedicated public street

For this project, staff is willing to recommend approval of the plat that includes two lots (Lots 2 and 3, Block 1) without right of way touch for the following reasons:
- The lots are commercial lots, not residential lots.
- There is an existing 50 foot wide ingress/egress and utility easement, as noted above, that would serve Lots 2 and 3 and provide access to water and sewer lines for maintenance as well as City access to water shutoff valves. Staff will review the existing easement language and may recommend additional wording.
- The existing conditional overlay (C-O) requires internal landscaping of the parking lot.
- The existing C-O requires separate pedestrian and vehicular circulation systems and an on-site system of pedestrian walkways designed to provide direct access and connections:
  - between commercial buildings, including pad site buildings;
  - to walkways on adjacent properties;
  - to adjacent public sidewalks; and
  - to parking areas or parking structures.

Additionally, the applicant will be required to work with city staff members to potentially amend the existing covenants on the property to add covenants to provide for
- an easement for government personnel needed to carry out their duties; and
- maintaining the access easement such that it remains safely accessible to emergency vehicles.

It is proposed that the City will be a party to these covenants. Wording for the covenants will be coordinated with the city attorney. Covenants will be recorded at the time of plat recordation.

The applicant is also required to work with the City Engineer to create a developer's agreement providing for specifics of access, utilities, and stormwater. At the time of the planning commission hearing, staff members and the applicant will still be in process of coordinating the details of both the covenants and the developer's agreement. The purpose of both documents is to confirm City access and also to make sure life and safety issues are adequately governed due to the absence of public Rights-of-Way. Staff believes these components can be adequately coordinated in advance of the City Commission public hearing being scheduled.

UPDATE—REVIEW OF COVENANTS AND DEVELOPER'S AGREEMENT
Subsequent to the July 2, 2019 Planning Commission hearing, staff, including the city attorney, reviewed the project and the existing covenants, and determined that a separate developer's agreement was not necessary. Staff did recommend an additional covenant relating to prohibiting parking in the fire lane. The applicant is preparing that covenant. The plat will not be recorded until staff have reviewed and approved this covenant.

PLAT—VACATION OF RIGHT OF WAY
The plat also proposes to vacate right of way on the northwest corner of 47th Street and 33rd Avenue South that was originally reserved for a roundabout that is no longer going to be built. The vacated “corner” of right of way will be added to the adjacent lot (Lot 6).
Subdivision
The LDC stipulates that the following criteria are met before a major plat can be approved.

1. Section 20-0907(C)(1)(Development Review Procedures—Subdivisions—Major Subdivisions) of the LDC stipulates that no major subdivision plat application will be accepted for land that is not consistent with an approved Growth Plan or zoned to accommodate the proposed development.

The zoning for the project site is GC, General Commercial, with a C-O, Conditional Overlay. This zoning is consistent with the 2003 Southwest Future Land Use Plan designation of this area as “either commercial or office” land uses. The applicant is proposing an office building on Lot 3 at this time. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. Staff has not received any public comment. The project has been reviewed by the city’s Planning, Engineering, Public Works, Inspections, and Fire Departments and found to meet the standards of Article 20-06 and other applicable requirements of the Land Development Code. (Criteria Satisfied)

2. Section 20-0907.4 of the LDC further stipulates that the Planning Commission shall recommend approval or denial of the application and the City Commission shall act to approve or deny, based on whether it is located in a zoning district that allows the proposed development, complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.

The pending zoning for the project site is GC, General Commercial. This zoning is consistent with the 2003 Southwest Future Land Use Plan designation of this area as “either commercial or office” land uses. The applicant is proposing an office building on Lot 3 at this time. The project has been reviewed by the city’s Planning, Engineering, Public Works, Inspections, and Fire Departments and found to meet the standards of Article 20-06 and other applicable requirements of the Land Development Code. (Criteria Satisfied)

3. Section 20-0907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.

The City’s standard policy is that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles. (Criteria Satisfied)

ROW Vacation Approval Criteria: The City of Fargo does not currently have any adopted regulation dealing with the vacation of rights-of-way. However, city policy requires that any applicant wishing to vacate right-of-way must submit a Vacate Application—a one-page form wherein the petitioner provides: a description of the area to be vacated and signatures of all property owners adjoining the area to be vacated. In addition, the applicant must submit a vacation plat (a major subdivision). In this case, the petition for vacation and the plat are included in the applicant’s overall subdivision application and plat. Notwithstanding the Land Development Code’s (LDC) silence on the matter, the North Dakota Century Code (N.D.C.C) does address the opening and vacating of roadways in Chapter 24-07 (outside of municipal limits) and Chapter 40-39 (inside municipal limits). To that end, the balance of this report will focus on the specific approval criteria outlined within Chapter 40-39 of the N.D.C.C. The final decision on vacation of right of way is made by the City Commission.
N.D.C.C. 40-39-04. Vacation of streets and alleys where sewers, water mains, pipes, and lines located - Conditions. No public grounds, streets, alleys, or parts thereof over, under, or through which have been constructed, lengthwise, any sewers, water mains, gas, or other pipes or telephone, electric, or cable television lines, of the municipality or the municipality’s grantees of the right of way thereof, may be vacated unless the sewers, mains, pipes, or lines have been abandoned and are not in use, or unless the grantee consents, thereto, or unless perpetual easements for the maintenance of sewers, water mains, gas, or other pipes, or telephone, electric facilities, whether underground or aboveground, is subject to the continued right of location of such electric facilities in the vacated streets.

There are no City utilities in the area to be vacated. (Criteria Satisfied)

N.D.C.C 40-39-05. Petition for vacation of streets, alleys, or public grounds - Contents - Verification. No public grounds, streets, alleys, or parts thereof within a municipality shall be vacated or discontinued by the governing body except on a petition signed by all of the owners of the property adjoining the plat to be vacated. Such petition shall set forth the facts and reasons for such vacation, shall be accompanied by a plat of such public grounds, streets, or alleys proposed to be vacated, and shall be verified by the oath of at least one petitioner.

In accordance with the requirement of this section, this information is included in the plat and its application. (Criteria Satisfied)

N.D.C.C 40-39-06. Petition filed with city auditor - Notice published - Contents of notice. If the governing body finds that the petition for vacation is in proper form and contains the requisite signatures, and if it deems it expedient to consider such petition, it shall order the petition to be filed with the city auditor who shall give notice by publication in the official newspaper of the municipality at least once each week for four weeks. The notice shall state that a petition has been filed and the object thereof, and that it will be heard and considered by the governing body or a committee thereof on a certain specified day which shall not be less than thirty days after the first publication of the notice.

Documentation of said action is located within both the Planning project file and Auditor’s file. (Criteria Satisfied)

N.D.C.C. 40-39-07. Hearing on petition - Passage of resolution declaring vacation by governing body. The governing body, or such committee as may be appointed by it, shall investigate and consider the matter set forth in the petition specified in section 40-39-05 and, at the time and place specified in the notice, shall hear the testimony and evidence of persons interested. After hearing the testimony and evidence or upon the report of the committee favoring the granting of the petition, the governing body, by a resolution passed by a two-thirds vote of all its members, may declare the public grounds, streets, alleys, or highway described in the petition vacated upon such terms and conditions as it shall deem just and reasonable.

This procedure---hearing by the City Commission following the appropriate notice period--is the subject of this December 2, 2019 hearing. (Criteria Satisfied)

Staff Recommendation:

Suggested Motion: “To accept the findings and recommendations of staff and move to approve the proposed plat of BLU Water Creek 5th Addition, including a vacation of Right of Way at the Northeast corner of the intersection of 47th Street South and 33rd Avenue South, as presented, as the proposal complies with the Go2030 Fargo Comprehensive Plan, 2003 Southwest Future Land Use Plan, Standards of Article 20-06, and all other applicable requirements of the LDC, and standards of Chapter 40-39 of the North Dakota Century
Code, with plat recordation contingent on staff review and approval of the necessary covenant."

**Planning Commission Recommendation: July 2, 2019**

On July 2, 2019, by a vote of 9-0 with two Commissioners absent, the Planning Commission voted to accept the findings and recommendations of staff and moved to recommend approval to the City Commission of the proposed **BLU Water Creek 5th Addition**, including a vacation of Right of Way at the Northeast corner of the intersection of 47th Street South and 33rd Avenue South, as presented, as the proposal complies with the Go2030 Fargo Comprehensive Plan, 2003 Southwest Future Land Use Plan, Standards of Article 20-06, and all other applicable requirements of the LDC.

July 2, 2019
MEMORANDUM

TO: Board of City Commissioners

FROM: Steven Sprague, City Auditor

SUBJECT: Liquor License Application – Pixeled Brewing Co.

DATE: November 5, 2019

The following application for a liquor license was received by the Auditor’s office and reviewed by the Liquor Control Board:

License Class: CM Micro Brewery, Beer only
Business Name: Pixeled Brewing Co.
Location: 1100 NP Avenue, Suite 101
Applicants: Nathan Hill
           John-Paul Klien

Pixeled Brewing has requested a change to a Class CM license, this will allow them to continue brewing and selling their beer but will also allow them to sell other companies beer.

Being no significant concerns, the Liquor Control Board voted to approve the issuance of the license. The complete application is available for review in the Auditor’s Office.

**Recommended Motion:**
Move to approve the issuance of a Class CM alcoholic beverage license to Pixeled Brewing Co.
MEMORANDUM

TO: Chief David Todd

FROM: Sergeant Matt Christensen

DATE: November 7th, 2019

SUBJECT: Application for a Class “Y” Alcoholic Beverage License changing to a Class “C” Alcoholic Beverage License for Pixeled Brewing Co. d/b/a: Pixeled Brewing Co. to be located at 1100 NP Avenue, Suite 101, Fargo, ND.

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I questioned the applicant’s criminal background, credit history, past residence history as well as any interaction they have had with law enforcement in any state.

The following information was discovered through this investigation:

**John-Paul William Klein – Owner**

Criminal History- No areas of concern.

Credit History- No areas of concern.

**Nicholas Alan Hill – Owner/Manager**

Criminal History- Arrested for DWI (greater than .08) in Moorhead, MN in 2007. Pled guilty and received 2 years unsupervised probation and $500 fine.

Hill was listed as a suspect in a domestic with his wife in February 2019 in which he pushed her and grabbed her by the neck while at Pixeled Brewing Company. Fargo Police were called after the wife went to the hospital to be evaluated. Charges were declined as the victim did not wish to pursue charges. Alcohol was involved in the altercation.

Credit History- No areas of concern.
Investigation Notes

Pixeled Brewing Co. is operating as a brewery as well as a vintage arcade. The change of license request is to allow them to sell additional beers from other breweries to meet customer demand. The business model will continue to be that of a taproom and arcade combined. Their goal is to provide a location where friends can get together to play nostalgic video games and enjoy locally brewed craft beers. The location will be in the newly renovated Union Storage building in Fargo. Through my investigation there did not appear to be any issues or concerns that would lead me to believe the issuance of this license would cause any issues for Law Enforcement, outside of the one incident involving Hill and his wife. There have not been any documented criminal incidents since then with Hill.

Business Location

Pixeled Brewing Co. will be located at 1100 NP Avenue, Suite 101, Fargo, ND. Other businesses in the area with an alcoholic beverage license include; Duffy’s and Amvets Post 7.

Conclusion

I believe I have discovered all information related to the listed applicant(s) and all information related to the issuance of the requested liquor license. I have provided this completed background investigation to Fargo Police Chief David Todd for his review and recommendation.
MEMORANDUM

TO:        Board of City Commissioners
FROM:      Steven Sprague, City Auditor
SUBJECT:   Liquor License Application – Pancheros Mexican Grill
DATE:      November 20, 2019

The following application for a liquor license was received by the Auditor’s office and reviewed by the Liquor Control Board:

License Class:     H        On-Sale, Beer only, food sales must exceed alcohol
Business Name:     Pancheros Mexican Grill
Location:          4360 13th Avenue S Suite C – Location transfer only
Applicants:        Steven Majkrzak

Being no significant concerns, the Liquor Control Board voted to approve the location transfer of the MARS Restaurant Group LLC d/b/a Pancheros Mexican Grill. The complete application is available for review in the Auditor’s Office.

Recommended Motion:
Move to approve the location transfer of a Class H alcoholic beverage license from MARS Restaurant Group LLC d/b/a Pancheros Mexican Grill, new location 4360 13th Avenue South, Suite C
MEMORANDUM

TO: Chief David Todd
FROM: Sergeant Matt Christensen
DATE: November 7th, 2019

SUBJECT: Application for transfer of a Class “H” Alcoholic Beverage License from Mars Restaurant Group, LLC d/b/a Panchero’s Mexican Grill, was located at 4761 13th Avenue South to be relocated to 3460 13th Avenue South, Suite C, Fargo, ND.

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I questioned the applicant’s criminal background, credit history, past residence history as well as any interaction they have had with law enforcement in any state.

The following information was discovered through this investigation:

**Steven Majkrzak – Owner**

Criminal History- No areas of concern

Credit History- No areas of concern

**John Moreno – Manager**

Criminal History- No areas of concern

Credit History- 2 Accounts that are seriously past due. One with a balance of $281 and one with a balance of $533. Both are related to cell phone bills.
Investigation Notes

This application is for a class “H” Alcoholic Beverage License and is simply a location change for Panchero’s restaurant. The operation of the business will remain the same as the previous location. I have spoken to Moreno regarding the credit issues mentioned above. He has stated he is in the process of getting that taken care of and has been in touch with both creditors. I asked Moreno to gather some documentation showing he is working towards bringing the accounts current, which he said he would. To date, Tuesday November 12th, I have not heard back from him. I did not uncover any other issues which would cause concern for the granting of this transfer.

Business Location

Panchero’s will be located at 3460 13th Avenue South, Fargo, ND. Other businesses in the area with an alcoholic beverage license include: Acapulco, Borrowed Bucks, Chuck E Cheese, Spirit Shop, Cash wise Liquor, Fargo Suites, Ramada Hotel, Crooked Pint and Sickie’s Garage

Conclusion

I believe I have discovered all information related to the listed applicant(s) and all information related to the issuance of the requested liquor license. I have provided this completed background investigation to Fargo Police Chief David Todd for his review and recommendation.
MEMORANDUM

TO:        Board of City Commissioners
FROM:      Steven Sprague, City Auditor
SUBJECT:   Liquor License Application – Steve’s Package/Royal Liquor Village West
DATE:      November 20, 2019

The following application for a liquor license transfer was received by the Auditor’s office and reviewed by the Liquor Control Board:

License Class:       B       Off Sale – location transfer
Business Name:       Steve’s Package / Royal Liquors Village West
Location:            4101 13th Avenue South
Applicants:          James Swanick

Mr. Swanick is requesting a transfer of his Steve’s Package off sale liquor license to the Village West shopping mall. He will change the name to Royal Liquors Village West. The location will be 4101 13th Avenue South, the same location where an off sale liquor store existed previously.

Being no significant concerns, the Liquor Control Board voted to approve the location transfer of a Class B alcoholic beverage license from Steve’s Package Store Inc. d/b/a Steve’s Package Store located at 524 4th Street North to Steve’s Package Store Inc. d/b/a Royal Liquors Village West to be located at 4101 13th Avenue South. The complete application is available for review in the Auditor’s Office.

Recommended Motion:
Move to approve the location transfer of a Class B alcoholic beverage license from Steve’s Package Store Inc. d/b/a Steve’s Package Store located at 524 4th Street North to Steve’s Package Store Inc. d/b/a Royal Liquors Village West located at 4101 13th Avenue South.
MEMORANDUM

TO: Chief David Todd
FROM: Sergeant Matt Christensen
DATE: November 7th, 2019

SUBJECT: Application for transfer of a Class “B” Alcoholic Beverage License from Steve’s Package Store, Inc d/b/a Steve’s Package Store to Steve’s Package Store, Inc d/b/a Royal Liquors Village West, to be located at 4101 13th Avenue South, Fargo, ND.

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I questioned the applicant’s criminal background, credit history, past residence history as well as any interaction they have had with law enforcement in any state.

The following information was discovered through this investigation:

**James Swanick – Owner/Manger**

Criminal History- No areas of concern
Credit History- No areas of concern

**Investigation Notes**

Steve’s Package will be moving to the location to do business as Royal Liquors Village West in Village West strip mall on 13th Avenue South. This operation will be similar to the previous business model as an off sale liquor store. During this investigation, there were not any issues found that would suggest the issuance of this liquor license would cause any problems.

**Business Location**

Royal Liquors Village West will be located at 4101 13th Avenue South, Fargo, ND. Other businesses in the area with an alcoholic beverage license include; Holiday Inn, Holiday Inn Express, Osakas Sushi & Hibachi, Santa Lucia, Fargo Inn & Suites/Penalty Box, Crave, and Chili’s.
Conclusion

I believe I have discovered all information related to the listed applicant(s) and all information related to the issuance of the requested liquor license. I have provided this completed background investigation to Fargo Police Chief David Todd for his review and recommendation.
MEMORANDUM

TO: Board of City Commissioners
FROM: Steven Sprague, City Auditor
SUBJECT: Liquor License Application – Plaza Azteca Restaurantes Mexicanos
DATE: November 20, 2019

The following application for a liquor license transfer was received by the Auditor’s office and reviewed by the Liquor Control Board:

License Class: FA Full alcohol, food sales requirements, bar allowed
Business Name: Plaza Azteca Restaurantes Mexicanos
Location: 5505 28th Avenue South
Applicants: Themis Reyes, Leon Ruben, Alberto Arelano, Juan Perez

Plaza Azteca is requesting the transfer of the FA liquor license originally issued to Grazies.

Being no significant concerns, the Liquor Control Board voted to approve the transfer of a Class FA alcoholic beverage license from Grazies Pasta Company LLC d/b/a Grazies Italian Grill to Plaza Azteca Fargo, Inc. d/b/a Plaza Azteca Restaurantes Mexicanos to be located at 5505 28th Avenue South. The complete application is available for review in the Auditor’s Office.

Recommended Motion:
Move to approve the transfer of a Class FA alcoholic beverage license from Grazies Pasta Company LLC d/b/a Grazies Italian Grill to Plaza Azteca Fargo, Inc. d/b/a Plaza Azteca Restaurantes Mexicanos.
MEMORANDUM

TO: Chief David Todd
FROM: Sergeant Matt Christensen
DATE: November 7th, 2019

SUBJECT: Application for transfer of a Class “FA” Alcoholic Beverage License from Grazies Pasta Company ND LLC d/b/a Grazies Pasta Company, to Plaza Azteca Fargo Inc, d/b/a Plaza Azteca Restaurantes Mexicanos to be located at 5505 28th Avenue South, Fargo, ND.

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I questioned the applicant’s criminal background, credit history, past residence history as well as any interaction they have had with law enforcement in any state.

The following information was discovered through this investigation:

**Themis Reyes - Owner**

Criminal History- No areas of concern

Credit History- No areas of concern

**Ruben Leon – Owner**

Criminal History- No areas of concern

Credit History- No areas of concern

**Alberto Arellano – Owner**

Criminal History- No areas of concern

Credit History- No areas of concern
Juan Perez – Manager

Criminal History- No areas of concern
Credit History- No areas of concern

Investigation Notes

The business concept for this restaurant is to serve upscale authentic Mexican cuisine in a family atmosphere. This application is for a transfer sale of the license to new ownership at a new establishment. During this investigation, there were not any issues found that would suggest the issuance of this liquor license would cause any problems.

Business Location

Plaza Azteca Restaurantes Mexicanos will be located at 5505 28th Avenue South, Fargo, ND. Other businesses in the area with an alcoholic beverage license include; Old Chicago, Famous Dave’s, La Quinta Inn & Suites, Four Points by Sheraton, and Fargo Courtyard by Marriott.

Conclusion

I believe I have discovered all information related to the listed applicant(s) and all information related to the issuance of the requested liquor license. I have provided this completed background investigation to Fargo Police Chief David Todd for his review and recommendation.
MEMORANDUM

TO: Board of City Commissioners
FROM: Steven Sprague, City Auditor
SUBJECT: Liquor License Application – Osaka Sushi & Hibachi
DATE: November 20, 2019

The following application for a liquor license transfer was received by the Auditor’s office and reviewed by the Liquor Control Board:

License Class: F Full alcohol, food sales requirements, no bar allowed
Business Name: Osaka Sushi & Hibachi
Location: 1111 38th Street South
Applicants: Tianliang Guo (Oscar)

The previous owner of Osaka is leaving Fargo and selling her business.

Being no significant concerns, the Liquor Control Board voted to approve the transfer of a Class F alcoholic beverage license issued to Osaka Fargo ND Inc. d/b/a Osaka Sushi & Hibachi, ownership change. The complete application is available for review in the Auditor’s Office.

Recommended Motion:
Move to approve the transfer of a Class F alcoholic beverage license issued to Osaka Fargo ND Inc. d/b/a Osaka Sushi & Hibachi to Tianliang Guo (Oscar) reflecting and ownership change.
MEMORANDUM

TO: Chief David Todd
FROM: Sergeant Matt Christensen
DATE: November 7th, 2019

SUBJECT: Application for transfer of a Class “F” Alcoholic Beverage License for Osaka Fargo ND Inc d/b/a: Osaka Sushi and Hibachi for a new ownership change only, to be located at 1111 38th Street South, Fargo, ND.

In accordance with Section 25-1505 of the Fargo Municipal Code, I have conducted an investigation into the character, reputation and fitness of the applicant(s) listed on the supplied application.

During this investigation I questioned the applicant’s criminal background, credit history, past residence history as well as any interaction they have had with law enforcement in any state.

The following information was discovered through this investigation:

**TianLiang “Oscar” Guo - Owner**

Criminal History- No areas of concern

Credit History- No areas of concern

**Investigation Notes**

The business concept for this restaurant will remain the same, as a sushi and hibachi grill restaurant. This application is for a transfer of the license to new ownership. During this investigation, there were not any issues found that would suggest the issuance of this liquor license would cause any problems.

**Business Location**

Osaka Sushi & Hibachi is located at 1111 38th Street South, Fargo, ND. Other businesses in the area with an alcoholic beverage license include; Paradiso, Santa Lucia, Holiday Inn, Holiday Inn Express, Select Inn, and Red Lion Inn & Suites.
Conclusion

I believe I have discovered all information related to the listed applicant(s) and all information related to the issuance of the requested liquor license. I have provided this completed background investigation to Fargo Police Chief David Todd for his review and recommendation.

Board of City Commissioners
City Hall
Fargo, ND 58102

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 3017 37 Ave. S as submitted by Jagila M. Wesley. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2020, 2021, & 2022.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about $165 with the City of Fargo’s share being $25.

Sincerely,

[signature]

Ben Hushka
City Assessor

City Hall
Fargo, ND 58102

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 157 35 Ave. NE as submitted by Daniel R. & Jaclyn B. Shultis. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2020, 2021, 2022, 2023, & 2024.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about $180 with the City of Fargo's share being $30.

Sincerely,

[Signature]

Ben Hushka
City Assessor

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 1646 2 St. N as submitted by Megan J. & Sean M. Dunlap. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for the years 2020, 2021, 2022, 2023, & 2024.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about $190 with the City of Fargo’s share being $30.

Sincerely,

Ben Hushka

Re: Four-Year Capital Improvement Plan

Dear Commissioners:

Attached you will find a proposed 4-year Capital Improvement Plan (CIP) along with a comprehensive report for the 2020 CIP. Staff will be requesting approval of only those projects listed under Federal Aid, Water Main and Street Reconstruction, and Arterial Roadway categories in years 2021 – 2023. This will allow us to communicate earlier with those Fargo citizens that will be impacted by the projects.

I look forward to presenting the 2020 CIP Report and the proposed 4-year CIP and answering any questions you have. We will take the next two weeks to answer any remaining questions, make any necessary adjustments, and be back at the next meeting with a request for approval.

RECOMMENDED MOTION
Receive and File the proposed 4-year Capital Improvement Plan (CIP) along with the comprehensive 2020 CIP Report.

Respectfully,

Brenda E. Derrig, P.E.
City Engineer

Federal Aid Projects

Overview

Federal aid projects are for major improvements that typically include coordination with other local entities, such as the North Dakota Department of Transportation, West Fargo, Cass County, and the City of Moorhead. The Federal Aid we receive is programmed through Metro COG and is programmed out for four years. There are many different types of federal aid and they are as follows: Interstate Maintenance funds (for use on I-29 and I-94 mainline and service and system interchanges), Regional Highway Funds (for use on US 81 & US 10, which are 52nd Ave S, University Drive, 10th Street, 19th Ave N, and Main Ave), Urban Roads Funds (which can be spent on any road classified as an arterial or collector), Urban Grant Program (specifically for projects in the downtown) and Transportation Alternatives Program (which are funds set aside for shared use paths and pedestrian bridges).

Proposed Projects

The proposed water main replacement and street reconstruction projects for 2020 will replace a total of approximately 6,340 feet (1.20 miles) of cast iron and asbestos cement water main. Water main will also be replaced on projects summarized under Federal Aid Projects and Arterial Roadway Projects. All together, the 2020 CIP will replace approximately 11,592 feet (2.20 miles) of cast iron and asbestos cement water main or about 0.43% of our water main network. Life expectancy of water main varies from material to material, but it is generally estimated to have a life expectancy of 100 years. Based on that life expectancy, our goal should be to replace approximately 1% of our water main network each year.

While the amount of water main being replaced in 2020 is significantly less than our goal, we do not feel there is need to ‘sound the alarm’ as the amount of water main that is replaced will inevitably vary from year to year. Arguably, the best way to measure the long-term trends in overall water main condition is through the continued tracking of annual breaks.

Flood Control Projects

Overview

Flood control projects are part of the overall FM Diversion Project and include projects east of I-29 along the Legal Drain systems and along the Red River of the North. The proposed flood control projects also include the acquisition of properties that will need to be moved or demolished for the construction of flood control projects.

Fifty percent (50%) of Flood Control Projects eligible costs are reimbursable from the North Dakota State Water Commission per the cost-share policy.

Proposed Projects

The City of Fargo has 9,767,717 SY of pavement. There are a number of different categories in the annual CIP in which pavement replacement is incorporated; Federal Aid Projects, Arterial Roadway Projects, Water Main Replacement/Street Reconstruction Projects, and Pavement Preservation Projects all contain pavement replacement. The 2020 CIP will replace approximately 31,408 SY of concrete pavement and 19,973 SY of asphalt pavement for a total of approximately 51,381 SY or about 0.52% of our roadway pavement network.

While it can vary widely depending on a number of factors (pavement subgrade and drainage, traffic volumes, weight of vehicle traffic, and initial quality of pavement), it is generally anticipated that with appropriate maintenance asphalt pavement will have a life expectancy of 50 years and concrete pavement will have a life expectancy of 80 years. Based on the percentage of concrete and asphalt pavement in the City of Fargo the average life expectancy for our roadway network calculates to be approximately 63 years. Therefore, our goal should be to reconstruct approximately 1.59% of our roadway pavement network each year.

While the amount of pavement being replaced in 2020 is significantly less than our goal, we do not feel there is need to ‘sound the alarm’ as the amount of pavement that is replaced will certainly vary from year to year. The best way to measure the long-term trends in overall pavement condition is through a citywide pavement condition survey. These surveys are performed every four years, with our most recent survey being performed in 2017.

## Traffic and Streetlight Projects

### Overview

Traffic and street light projects improve the safety and efficiency of traffic operations by providing for the initial installation, maintenance, and improvements of street lights, traffic signals, communication cable, intelligent transportation systems, and pavement markings.

Alley Paving Projects

Alley Network Overview

Alley paving projects are at the request of property owners. There are typically an increase in requests in years where the condition of gravel alleys are difficult to maintain due to a lot of precipitation. As shown in the table below, most of the alleys in the City of Fargo are either gravel or asphalt. Most of the asphalt alleys were constructed in 1983 and were constructed with a thin asphalt pavement section. Many of these asphalt alleys have met, or will soon meet, the end of their useful life. All alleys that are constructed or reconstructed are done so with concrete pavement.

Proposed Projects

Alley paving projects must be petitioned by at least 55 percent of the benefiting property owners to be included in the annual CIP. Typically, a property owner going door-to-door with a petition to get signatures from the benefiting property owners does this. Upon verification of signatures, the Engineering Department then moves forward with the design, creation, bidding, and construction of the petitioned alley project. All alley paving projects are 100% special assessed. The following projects have been petitioned.

**Miscellaneous Projects**

**Overview**

Miscellaneous projects vary from year to year, but this year they include tree planting, water service lowering, sanitary sewer/manhole rehabilitation, and public relations/communications.

The tree planting project is for plantings along arterial roadways and is funded utilizing city funds.

The water service lowering project is an annual project to lower water services throughout the city that are known to be susceptible to freezing. Currently these property owners need to run water continuously during winter in order to reduce the risk of a frozen water service. This project will reduce the amount of freezing water services and eliminates the need to continuously run water during the winter.

The sanitary sewer lining/manhole rehabilitation project is to repair sanitary sewer mains and manholes that have been discovered by Public Work’s televising program. This project uses “no dig” repairs as much as feasible and is necessary to prevent what will otherwise become very costly repairs in the near term.

The public relations/communications project is to aid in the communication of capital improvement projects. This project is critical to a successful construction project as it allows us to successfully communicate with the public by providing construction progress updates, notice of upcoming road closures, changing access and detour routes, and other items that aid in a positive public perception of roadway projects.
