YES! This is exactly what Fargo needed! Coming from a larger city with local farmers markets in every neighborhood I really missed the community aspect of buying local produce. The Red River Market is the absolute best way to begin your Saturday. If you're new to the city or a local you should come out and enjoy the live music, fresh produce, artisan coffee, and people watching of Fargo's finest.

Aaron and Erica of Plain State flowers is a highlight and true gem. They offer the most beautiful bouquets each hand assorted by the lovely Erica herself. Be sure to get a bouquet and it will brighten up your week!

kelseyklug Some goodies from the [@redrivermarket](#) that encapsulate how I'm feeling right now. Can we just talk for one second about the beauty of something as simple as a farmers market? I will be the first to admit that I love trips to Target and Costco, but there is something so special about supporting community members around you while simultaneously supplying food for your family and meeting the people who grew it. With that, I love you, Fargo.

reddrivermarket Hey Fargo Moorhead! Have we mentioned how much we love you? We've been overwhelmed with the amount of support that we have received in our first few weekends. Remember, we're open every Saturday through October so keep coming by to say hi to your favorite farmers! Shout out to [@kelseyclug](#) for this rad photo of her [#ilovefargo](#) [@lostin Fargo](#) mug.
