Policy Manual

CHIEF'S PREFACE

The primary purpose of this policy manual is to provide all members of the Fargo Police Department, regardless of their rank, title, position, or status as a sworn officer or civilian employee, with the guidance that allows each employee to perform their duties in the most professional manner possible. Therefore, it is important to recognize the development of this policy manual is an ongoing process and is intended to not only serve the department's interests, but the interests of department personnel and the community as well.

This manual also exists to establish the department's leadership and management principles and to set the standards and expectations all department employees are held to. The department's policies and procedures should elevate the standards of our profession as well as strengthen the community's confidence in our organization. Every member of this department must be encouraged, both individually and collectively, to realize the responsibilities associated with their position. Everyday they must continuously strive to earn the support, respect, and cooperation of the citizens we serve.

Above all else, the men and women who collectively define this organization must recognize the very basis for the existence of the Fargo Police Department is the law. The credibility of our organization and the law enforcement profession in general, is ultimately enhanced by our understanding of and self-adherence to the law and by how we contribute to the welfare of our community. The policies contained within this manual reflect the goal of maintaining that credibility to the best of our ability.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Fargo Police Department to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS

Licensed members of the Fargo Police Department are authorized to exercise the authority of peace officers and to make arrests as authorized by law or as expanded by a joint powers agreement with another jurisdiction (N.D.C.C. § 11-15-03; N.D.C.C. § 40-20-05; N.D.C.C. § 44-08-20).

100.2.1 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE FARGO POLICE DEPARTMENT

An officer of this department in hot pursuit may continue beyond the 1 1/2 mile jurisdictional boundaries of the City whenever obtaining the aid of law enforcement officers who have jurisdiction would cause a delay that could permit escape (N.D.C.C. § 40-20-05).

An officer making an arrest under this subsection should, as soon as practicable after making the arrest, notify the agency having jurisdiction where the arrest was made.

100.2.2 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE FARGO POLICE DEPARTMENT

The arrest authority within the jurisdiction of the Fargo Police Department includes:

- (a) In compliance with an arrest warrant (N.D.C.C. § 29-06-02).
- (b) Without a warrant for the following (N.D.C.C. § 29-06-15):
 1. For a public offense committed or attempted in the officer's presence.
 2. When the person arrested has committed a felony, although not in the officer's presence.
 3. When a felony in fact has been committed and the officer has reasonable cause to believe the person arrested has committed it.
 4. For the public offenses not classified as felonies and not committed in the officer's presence as provided for under N.D.C.C. § 29-06-15.1.
 5. On a charge, made upon reasonable cause, of DUI.
 6. On a charge, made upon reasonable cause, of being under the influence of volatile chemical vapors in violation of N.D.C.C. § 19-03.1-22.1.

100.2.3 GRANTING AUTHORITY TO OTHERS

An officer making an arrest may summon the aid of any persons the officer deems necessary to aid in the arrest (N.D.C.C. § 29-06-03).

100.3 INTERSTATE PEACE OFFICER POWERS

Peace officer authority may be extended within other states:

- (a) As applicable under interstate compacts and memorandums of understanding in compliance with the laws of each state and North Dakota law (N.D.C.C. § 54-40.3-04).

- (c) When an officer enters Montana or South Dakota in fresh pursuit of a subject who committed any offense (§ 46-6-411, MCA; S.D.C.L. § 23A-3-9; S.D.C.L. § 23A-3-10).

Whenever an officer makes an arrest in another state, the officer shall take the offender to a magistrate or judge in the county where the arrest occurred as soon as practicable (Minn. Stat. § 626.66; § 46-6-411, MCA; S.D.C.L. § 23A-3-12).

100.4 CONSTITUTIONAL REQUIREMENTS

All employees shall observe and comply with every person's clearly established rights under the United States and North Dakota constitutions.

100.5 POLICY

It is the policy of the Fargo Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

Chief Executive Officer

101.1 PURPOSE AND SCOPE

All law enforcement Chief Executive Officers employed within the State of North Dakota are required to meet specific requirements for appointment. This policy provides guidelines for the appointment of the Chief Executive Officer of the Fargo Police Department, who is required to exercise the powers and duties of the office as prescribed by state law.

101.1.1 CHIEF EXECUTIVE OFFICER REQUIREMENTS

The Chief Executive Officer shall, as a condition of appointment, meet the required prerequisites, have successfully completed the course of training and examinations prescribed by the Peace Officer Standards and Training Board (POST) and be licensed by POST (N.D.C.C. § 12-63-02; N.D.C.C. § 12-63-09).

In addition, all members shall acknowledge the department's code of ethics and their responsibility to adhere to it. Members who are peace officers shall also take an oath to adhere to the peace officer's code of conduct and to not betray the trust of a fellow peace officer or the public (N.D.A.C. § 109-02-05-02).

The form of oath should be as follows:

"On my honor, I do solemnly swear that I will uphold the Constitution of the United States, the laws of the State of North Dakota, and the City of Fargo. I will always have the courage to hold myself and others accountable for our actions. I will keep my private life unsullied and I will never betray my badge, my integrity, my character, or the public trust in my position as a Fargo Police Officer."

102.4 MAINTENANCE OF RECORDS

The oath of office shall be filed as prescribed by law (N.D.C.C. § 40-13-03; N.D.C.C. § 44-05-04).

Except where otherwise expressly stated, the provisions of this manual shall be considered as guidelines. It is recognized that the work of law enforcement is not always predictable and circumstances may arise which warrant departure from these guidelines. It is the intent of this manual to be viewed from an objective standard, taking into consideration the sound discretion entrusted to members of this department under the circumstances reasonably available at the time of any incident.

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Fargo Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Violations of any provision of any policy contained within this manual shall only form the basis for department administrative action, training or discipline. The Fargo Police Department reserves the right to revise any policy content, in whole or in part.

The Chief of Police shall be considered the ultimate authority for the content and adoption of the provisions of this manual and shall ensure compliance with all applicable federal, state and local laws. Chapter 2 - Organization and Administration

Organizational Structure and Responsibility

200.1 PURPOSE AND SCOPE

The organizational structure of the Department is designed to create an efficient means to accomplish the mission and goals and to provide for the best possible service to the public.

200.2 DIVISIONS

The Chief of Police is responsible for administering and managing the Fargo Police Department. There are three divisions in the Police Department:

- Administrative Services Division
- Field Services Division
- Criminal Investigations Division

200.2.1 ADMINISTRATIVE SERVICES DIVISION

The Administrative Services Division is commanded by the assigned Division Commander, whose responsibility is to provide general management, direction and control for the Administrative Services Unit, the Records Unit, the Property Unit, and the Training Unit. This includes oversight of department budgets and grants, records, training, and evidence.

200.2.2 FIELD SERVICES DIVISION

The Field Services Division is commanded by the assigned Division Commander, whose primary responsibility is to provide general management, direction and control for the Field Services Division. The Field Services Division consists of Uniformed Patrol and Special Operations Units.

200.2.3 CRIMINAL INVESTIGATIONS DIVISION

The Criminal Investigations Division is commanded by the assigned Division Commander, whose primary responsibility is to provide general management, direction and control for the Criminal Investigations Division. The Criminal Investigations Division consists of the Criminal Investigations Unit, the Narcotics Unit, the Intel Unit, and the Metro Area Street Crimes Unit.

200.3 COMMAND PROTOCOL

200.3.1 SUCCESSION OF COMMAND

The Chief of Police exercises command over all personnel in the Department. During planned absences the Chief of Police will designate a Division Commander to serve as the acting Chief of Police.

Except when designated as above, the order of command authority in the absence or unavailability of the Chief of Police is as follows:

- (a) Senior ranking Division Commander
- (b) Senior ranking District Commander

Fargo Police Department

Policy Manual

Organizational Structure and Responsibility

- (c) Senior ranking Sergeant

All department employees shall acknowledge the department's rank structure and follow the established chain-of-command whenever possible and/or practical. In the absence of a command officer or supervisor, the following personnel (if present and in the following order) shall be recognized as being in command until relieved by a command officer or supervisor:

- (a) Police Training Officer (PTO) - rank order for PTO's is determined by the individual officer's tenure with the department
- (b) Senior officer on scene - seniority is based on an individual officer's tenure with the department

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., Canine, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with lawful orders of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order that outwardly appears to be in direct conflict with any federal law, state law or local ordinance. Following an unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority.

Members given an otherwise proper order which conflicts with a previous rule, regulation, procedure, order, or directive, shall respectfully inform the command officer, supervisor, or superior officer issuing the order of the conflict. If the command officer, supervisor, or superior officer issuing the order does not alter or rescind the conflicting order, the conflicting order shall be obeyed. Under these circumstances, the outcome for the conflicting order shall be the responsibility of the command officer, supervisor, or superior officer issuing the order.

Department Directives

201.1 PURPOSE AND SCOPE

General Orders establish interdepartmental communication that may be used by the Chief of Police to make immediate changes to policy and procedure. General Orders will immediately modify or change and supersede sections of this manual to which they pertain.

201.1.1 GENERAL ORDERS PROTOCOL

General Orders will be incorporated into the manual as required, upon command staff approval. General Orders will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

General Orders issued prior to the publication date of this manual have been incorporated into this manual or are no longer in effect.

Any General Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01." For example, 13-01 signifies the first General Order for the year 2013.

Temporary General Orders that become inoperative with the passing of the incident or period for which they are written, and are not intended for, nor will they be included in the manual, should be tracked and acknowledged in a manner similar to policy revisions.

201.1.2 SPECIAL ORDERS AND MEMORANDUMS

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a division, to a unit or to an individual. Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued.

Memorandums establish operating procedures and detailed information specific to units, assignments or organizational subject matter.

201.2 RESPONSIBILITIES

201.2.1 COMMAND STAFF

Emergency Operations Plan

202.1 PURPOSE AND SCOPE

The City has prepared an Emergency Operations Plan for use by all employees in the event of a major disaster, civil disturbance, mass arrest or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

The City Emergency Operations Plan complies with the State of North Dakota Emergency Operations Plan (N.D.C.C. § 37-17.1-07(5)). This plan provides guidance for City emergency operations within its borders and outside its borders as may be required.

202.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. For the Fargo Police Department, the Chief of Police or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

Upon activation of the plan, the emergency manager or the authorized designee should contact the North Dakota Department of Emergency Services (NDDDES) to assist with mutual aid response from local, state and federal law enforcement agencies to provide requested resources to this department.

202.2.1 RECALL OF PERSONNEL

In the event the Emergency Operations Plan is activated, all employees of the Fargo Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

In the event of a natural or man-made disaster, or any other incident where the adverse impact to the city of Fargo is (or could be) substantial and normal modes of communication are disabled or overwhelmed, all department employees, regardless of rank, title, position, or status as a sworn officer or civilian employee, shall presume an order to immediately report for duty has been issued by the Chief of Police.

202.3 LOCATION OF THE EMERGENCY OPERATIONS PLAN

Copies of the City Emergency Operations Plan are available in Administration and the Shift Commander's office. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles personnel will play when the plan is implemented.

Additional information regarding the State Emergency Operations Plan (SEOP) and regional coordination can be found on the NDDDES website.

202.4 PLAN REVIEW

The Chief of Police or the authorized designee shall review the Emergency Operations Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS), and appropriately address any needed revisions.

202.5 WIDE AREA SEARCH AND RESCUE

The Chief of Police or authorized designee is responsible for wide area search and rescue activities. Wide area search and rescue operations must be in compliance with state and local emergency operations plans including the use of the incident command system. The Chief of Police or authorized designee may restrict access to the specific search and rescue area to authorized personnel (N.D.C.C. § 37-17.1-28).

Training

203.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will meet the standards of federal, state, local and the North Dakota Peace Officer Standards and Training (POST) Board's training requirements. It is a priority of this department to provide continuing education and training for the professional growth and progressive development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the public.

203.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever reasonably possible, the Department will use courses certified by the North Dakota POST Board or other regulatory or nationally recognized entities.

203.3 OBJECTIVES

The objectives of the training program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of department personnel.

- (d) Assist in compliance with statutory requirements.

203.4 TRAINING PLAN

It is the responsibility of the Administrative Lieutenant or the authorized designee to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and department-required training is completed by all employees. The plan shall include a systematic and detailed method for recording and logging of all training for all personnel. Updates and revisions may be made to any portion of the training plan at any time it is deemed necessary. The plan will include information on curriculum, training material, training facilities, course and student scheduling. The plan will address the state-required, minimum-mandated training of licensed officers or civilian employees.

203.4.1 MANDATED TRAINING

- (a) Federally mandated training:
 - 1. National Incident Management System (NIMS) training (once depending upon position and rank).

The Training Unit will conduct an annual training needs assessment and complete a report of the training needs. The training needs assessment report will be provided to the Chief of Police and staff. 203.6 TRAINING PROCEDURES

203.7 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a web-accessed system that provides training on the Fargo Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the policy manual administrator.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the policy manual administrator. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB by the end of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment, unless directed otherwise by the policy manual administrator.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

203.8 POLICE TRAINING PROGRAM

The lieutenant with administrative oversight of the Police Training Program (PTO) shall establish a program for recruit peace officers that is of sufficient duration to provide for the adequate orientation and training of the new peace officer in the lawful operations of the Department. The program shall establish procedures for the selection, appointment and training of Police Training Officers (PTO) and supervisors participating in the program and the rotation of PTO personnel to provide for the objective evaluation of recruit performance.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (email) system provided by the Department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law (e.g., North Dakota's open records laws). Generally messages transmitted over the e-mail system should only be those that involve official business activities or that contain information essential to employees for the accomplishment of tasks and/or communications directly related to the business, administration or practices of the Department.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, transmitted over the department computer network or accessed through a web browser accessing the department system are considered department records and therefore are the property of the Department. The Department reserves the right to access, audit and disclose for any lawful reason, any message, including any attachment that is transmitted or received over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential or personal communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department. The use of any computer, Internet service, telephone service or other wireless service to send or receive information that may be related to public business may be subject to review or disclosure.

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire Department are only to be used for official business-related items that are of particular interest to all users. Users are reminded that all email is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular email communication, the user should seek prior approval from a supervisor. Personal advertisements or announcements are not permitted.

Fargo Police Department

Policy Manual

Electronic Mail

It is a violation of this policy to transmit a message under another user's name or email address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended. This added security measure will minimize the potential misuse of an individual's email, name and/or password by others.

204.4 MANAGEMENT OF E-MAIL

All employees are expected to read and review e-mails once during every regularly scheduled work shift.

Because the end user e-mail system is not designed for, nor does it support, long-term retention and archiving of messages, e-mail that an employee desires to save or that requires retention should be stored in another database designed for long-term storage and retrieval.

Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user regularly. All messages in excess of one month may be deleted or automatically archived at regular intervals from the system.

204.5 E-MAIL RECORD MANAGEMENT

E-mail may, depending upon the individual content, be a record under North Dakota's open records laws and must be managed in accordance with the organization's adopted records retention, archiving and destruction policy in compliance with state law (N.D.C.C. § 44-04-18 et seq.).

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 CORRESPONDENCE

To ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on department letterhead. All department letterhead shall bear the signature element of the Chief of Police. Official correspondence and use of letterhead requires approval of a supervisor. Department letterhead may not be used for personal purposes.

Internal correspondence should use appropriate memorandum forms. These may be from line employee to employee, supervisor to employee or any combination of employees.

205.3 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or the authorized designee.

205.4 OTHER COMMUNICATIONS

General Orders and other communications necessary to ensure the effective operation of the Department shall be issued by the Chief of Police or the authorized designee.

Supervision Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available to meet the operational requirements of all shifts. The Department intends to balance the needs of the employee against its duty and inherent managerial right to flexibility and discretion in assigning personnel to meet operational needs. While balance is desirable, the paramount concern is to meet the operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of two Field Services Supervisors on-duty whenever possible. A Field Services Command Officer will ensure that at least one field supervisor is deployed during each shift.

Retiree Concealed Firearms

207.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Fargo Police Department identification cards under the Law Enforcement Officer Safety Act (LEOSA) and North Dakota law (18 USC § 926C).

207.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Fargo Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

207.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

207.4 FIREARMS QUALIFICATIONS

The Fargo Police Department Training Sergeant or designee will schedule two periods each year for retired officers to qualify. The Training Sergeant will inform retired officers of the qualification standards and requirements prior to the qualification dates to insure they are aware any firearms restrictions or equipment needs. Chapter 3 - General Operations

Response to Resistance

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the response to resistance and/or the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained

300.2 POLICY

The response to resistance by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. On a daily basis Officers are involved in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably

Response to Resistance

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer may use reasonable force to effect an arrest if, after notice of intention to arrest the person, the person either flees or forcibly resists (N.D.C.C. § 29-06-13).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.

Response to Resistance

- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. When practical, a verbal warning should precede the use of deadly force.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Fargo Police Department

Policy Manual

Response to Resistance

300.4.2 INTENTIONAL FIREARM DISCHARGE

The intentional discharge of a firearm by an officer at or towards any person shall be interpreted as the use of deadly force. Officers are prohibited from utilizing a “warning shot” from a firearm to gain compliance or otherwise overcome any resistance they encounter in the performance of their duties.

Deadly force may be directed at any animal (wild or domestic) that poses an immediate threat to an officer, civilian employee, or other person, or when the animal is otherwise deemed to be a threat to public safety. Deadly force may also be directed at an injured animal for humanitarian reasons. When feasible, an on-duty supervisor shall be notified and approve the use of deadly force on any animal prior to an officer using such force.

If a firearm is used to dispose of an animal for humanitarian reasons, only the department’s Response to Resistance report is required unless otherwise determined by a command officer or supervisor.

300.5 REPORTING THE USE OF FORCE

Any response to resistance that results in the death or serious bodily injury to any person, or if the force used by an officer results in an evident or claimed injury to the person who the force was used upon and the injury is attributable to the officer’s actions, the officer using such force shall immediately notify an on-duty supervisor, or (when applicable) their shift commander. The incident shall be documented promptly, completely and accurately in a case report and/or supplement to the case report, as well as a department Response to Resistance Report (Attachment #1 or Attachment #2). Based upon the initial circumstances surrounding the incident the supervisor will make a determination regarding which Response to Resistance form is appropriate.

In addition, a sworn officer using force upon any person shall also complete a case report and/or supplement to the case report, as well as a department Response to Resistance report (see policy attachments), when:

- The officer uses pepper spray, police K9, defensive device, or an object of convenience upon any person ; or,
- The officer utilizes any strike, kick, punch, etc., upon a person to overcome resistance, regardless of whether the officer's actions result in an evident or claimed injury to the person who the force was used upon; or,
- The officer's actions result in a person impacting with any hard surface with such force that injury to the person is likely to have occurred

[See attachment: Response to Resistance Report.pdf](#)

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.

Response to Resistance

- (b) The individual subjected to the force complained of injury or continuing pain.
- (c) The individual indicates intent to pursue litigation.
- (d) Any application of the TASER® device .
- (e) The individual subjected to the force was rendered unconscious.
- (f) An individual was struck or kicked.
- (g) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically cleared at a medical facility.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

The Field Services Division supervisor shall respond to an incident in which there has been a reported application of force where an officer’s use of force resulted in any evident or claimed injury to any person and the injury is attributable to the officer’s actions. The on-duty Field Services Division supervisor shall do the following as soon as it is practical to do so:

- (a) Obtain the basic facts from the involved officers.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, interview the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. If a recorded interview was obtained it should be documented in the Response to Resistance Report and kept for use in an administrative review.
 3. The recording of the interview should be kept for use in an administrative review if applicable.

Fargo Police Department

Policy Manual

- (e) Identify any witnesses not already included in related case reports.
- (f) Review and approve all related case reports.
- (g) Evaluate the circumstances surrounding the incident and determine which Response to Resistance Report is appropriate based on the complexity or severity of the incident.

300.7.1 COMMANDER OFFICER RESPONSIBILITY

A Commander Officer shall review each response to resistance by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Response to Resistance Review Process

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Fargo Police Department to review the response to resistance by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Fargo Police Department will objectively evaluate the response to resistance by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

The on-duty supervisor responding to a response to resistance incident shall be responsible for preparing a written review and evaluation of the incident. The supervisor shall promptly notify the Office of Professional Standards (OPS) of the date and time of the incident, the name(s) of the officer(s) and/or civilian employee(s) involved, and the corresponding case report number.

The supervisor's written review and evaluation of a response to resistance incident shall include a thorough review of the incident, to include assessing and evaluating the actions taken by all of the officers directly involved or otherwise present during the incident, the tactics used by the officers, and the actions taken by the officers immediately following the incident.

The supervisor's written review and evaluation of a response to resistance incident should be completed and forwarded through the appropriate chain-of-command to the Chief of Police with fifteen (15) calendar days of the incident, unless an extension has been authorized by the Chief of Police or the supervisor's division commander.

If an officer utilizes deadly (lethal) force, or less-lethal force which results in the death or serious bodily injury to any person, regardless of the officer's assignment, the department's Office of Professional Standards (OPS) shall be responsible for preparing a written review and evaluation of the incident and submitting it directly to the Chief of Police.

A copy of all response to resistance incident reports, as well as the written review and evaluation associated with the incident, shall be retained by the Office of Professional Standards (OPS).

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or response to resistance in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The

Fargo Police Department

Policy Manual

Response to Resistance Review Process

Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Fargo Police Department authorizes the use of restraint devices in accordance with this policy, the Response to Resistance Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- (a) The circumstances or crime leading to the arrest.
- (b) The demeanor and behavior of the arrested person.
- (c) The age and health of the person.
- (d) Whether the person is known to be pregnant.
- (e) Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- (f) Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

Handcuffing and Restraints

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid commingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

Handcuffing and Restraints

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent, or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (b) When practical the person should be placed in a seated or upright position, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (c) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (d) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

302.8 TRAINING

Subject to available resources, the Administrative Lieutenant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

Fargo Police Department

Policy Manual

Handcuffing and Restraints

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Special Impact Weapons and Chemical Agents

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Fargo Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Response to Resistance Policy.

303.3 DEFINITIONS

Chemical agent: Substances designed to temporarily incapacitate individuals by causing irritation to the eyes, skin, and mucous membranes.

Less-lethal: A device which has a low probability of causing death or serious injury when used as designed and intended (less-lethal weapons include 40mm projectiles).

Non-lethal: A device which is not likely and not intended to cause death or serious bodily injury (pepperball delivery systems are considered non-lethal weapons).

Special impact weapon: Any non-lethal or less-lethal weapon system which is designed to fire an impact type projectile.

303.4 ISSUING, CARRYING AND USING CONTROL DEVICES

Special impact weapons, projectiles, and chemical agents described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of the special impact weapons or chemical agents referenced below are authorized to carry and use that device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances.

When using special impact weapons and chemical agents, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.5 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of a special impact weapons or chemical agents should precede its application, unless doing so would endanger the safety of officers, or when it is not practical due to the circumstances. The purpose of the warning is to:

Fargo Police Department

Policy Manual

Special Impact Weapons and Chemical Agents

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the special impact weapon or chemical agent may be deployed.

303.6 PEPPER BALL PROJECTILE SYSTEMS

The pepper ball projectile system is a non-lethal device which uses compressed air to launch projectiles designed to break upon impact. The projectiles typically contain an agent, but certain projectiles, upon senior command officer's approval, may also be used to break glass on vehicles and in dwellings.

303.6.1 USE OF THE PEPPERBALL PROJECTILE SYSTEM

The Pepperball Projectile System may be used to control or gain compliance from a subject who is being violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. Pepperball can also be used to disperse individuals from an area to gain control of a potentially violent situation or to protect property from being damaged.

The Pepperball system may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate such application is reasonably necessary:

- (a) The subject is being violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist.
- (c) When it is unsafe for an officer to get within contact range of an individual, and it's necessary to control the individual from a distance to effect an arrest or apprehension.
- (d) To defend against or to attempt to disarm an individual who is, or potentially could be, armed with a weapon other than a firearm;
- (e) To defend the officer or others from a dangerous animal if the animal poses an imminent threat to human safety;
- (f) To force a subject from concealment, other than barricaded subjects who are known or suspected to possess a firearm.
- (g) To prevent a subject from fleeing from law enforcement in a vehicle, if the vehicle is stationary at the time of deployment of the projectiles.
- (h) To disperse a crowd of people that is potentially violent and engaged in an unlawful assembly that refuses to disperse despite repeated orders to do so.
- (i) To defeat barriers such as side windows of vehicles or windows on dwellings when officers have a lawful reason to do so.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the Pepperball System to apprehend an individual.

Fargo Police Department

Policy Manual

Special Impact Weapons and Chemical Agents

303.6.2 TACTICAL CONSIDERATIONS FOR PEPPERBALL DEPLOYMENT

- (a) Officers encountering a situation that warrants the use of the Pepperball system shall notify a supervisor as soon as practicable.
- (b) The presence of a second officer is highly recommended in the event the officer using the Pepperball launcher encounters lethal resistance.
- (c) The number of projectiles fired should be no more than necessary to gain and maintain compliance from the subject(s). Pause and re-assessment should be a tactic used by operators.
- (d) Heavy clothing can hinder the effectiveness of the Pepperball rounds. If a subject is wearing heavy clothing, the operator should consider targeting the legs.
- (e) Subjects struck with Pepperball rounds often lower their head and turn away from the source of impact. It is important to anticipate this reaction when deploying Pepperball rounds.

303.6.3 PEPPERBALL TARGETING CONSIDERATIONS

- (a) Pepperball projectiles should not be targeted towards the head, neck, spine, or groin except when there is a reasonable belief that the suspect poses an imminent threat of serious bodily injury or death towards the officer or others.
- (b) Officers should avoid using the Pepperball launcher on persons who reasonably appear to be, or are known to be, young children, elderly, medically infirm, or pregnant. Officers are not prohibited from using the Pepperball launcher on such persons, but use is limited to those exceptional circumstances where the potential benefit of using the Pepperball launcher (i.e., injury reduction) reasonably outweighs the risks and concerns.
- (c) Pepperball projectiles may be directed towards the ground or an other surface rather than directly at an individual. This can be an effective tactic if the individual is concealed or in crowd-dispersal situation.

303.6.4 PEPPERBALL GLASS-BREAKING PROJECTILES

Glass-breaking projectiles could potentially cause serious injury or death, an increased care should be exercised when using them. The following precautions shall be followed:

- (a) Glass-breaking projectiles can only be used if authorized by a supervisor.
- (b) Glass-breaking projectiles should not be used to break vehicle windows unless the need to do so outweighs the potential risk towards any occupants of the vehicle.
- (c) Glass-breaking round must not be combined with other types of rounds. Glass-breaking rounds will only be used in a Pepperball magazine or a hopper after emptied of all other types of rounds.
- (d) Prior to loading a launcher with any other type of round, the operator must ensure all remaining glass-breaking rounds are cleared from the launcher.
- (e) Glass-breaking rounds shall not be targeted directly towards individuals unless lethal force is justified.

Special Impact Weapons and Chemical Agents

- (f) Glass-breaking rounds should be targeted towards the corners of windows rather than center-mass. These rounds should not be targeted towards windshields or large plate-glass windows.

303.7 KINETIC ENERGY PROJECTILE SYSTEM

Kinetic energy projectiles are classified as “less-lethal” because they present a lower likelihood to result in death or serious physical injury when used properly. They can be used in an attempt to de-escalate a potentially deadly situation.

303.7.1 USE OF KINETIC ENERGY PROJECTILES

Only department approved kinetic energy munitions shall be carried and deployed. Officers are not required or compelled to use a kinetic energy munition in lieu of other reasonable tactics if the involved officer determines the deployment of these munitions cannot be done safely. The safety of hostages, innocent persons, and officers takes priority over the safety of the subjects engaged in criminal or suicidal behavior.

Kinetic energy projectiles may be used in any of the following circumstances when the officer's perception at the time indicates such application is reasonably necessary to control a person:

- (a) The subject is threatening to harm his/herself through the use of a visible weapon or other potentially dangerous object, and the tactical circumstances allow for the safe application of a kinetic energy device.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist by using a weapon or dangerous object.
- (c) The suspect is engaged in riotous behavior by throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) When it is unsafe for an officer to get within contact range of an individual, and it's necessary to attempt control or disarm the individual from a distance to effect an arrest or apprehension.
- (e) To defend the officer or others from a dangerous animal if the animal poses an imminent threat to human safety;
- (f) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of kinetic energy projectiles to apprehend an individual.

303.7.2 TACTICAL CONSIDERATIONS FOR KINETIC ENERGY PROJECTILES

- (a) Officers encountering a situation that warrants the use of a kinetic energy device shall notify a supervisor as soon as practicable.
- (b) The presence of a second officer with lethal coverage is highly recommended in the event the officer using the kinetic energy device encounters lethal resistance. The operator of the device should also carry multiple projectiles or have officers with additional Special Impact Weapons in case multiple projectiles are necessary.

Fargo Police Department

Policy Manual

Special Impact Weapons and Chemical Agents

- (c) Before discharging projectiles, the officer should consider such factors as:
 - 1. Distance and angle to target.
 - 2. Type of munitions to be used.
 - 3. Type and thickness of subject's clothing.
 - 4. The location of the subject and proximity to others.
 - 5. Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.
- (d) Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.7.3 KINETIC ENERGY TARGETING CONSIDERATIONS

- (a) Kinetic energy projectiles should not be directed towards the head, chest, neck, spine, or groin except when there is a reasonable belief that the suspect poses an imminent threat of serious bodily injury or death towards the officer or others.
- (b) Kinetic energy projectiles should not be used to break vehicle windows unless the need to do so outweighs the potential risk towards any occupants of the vehicle.
- (c) Subjects struck with kinetic energy rounds often lower their head and turn away from the source of impact. It is important to anticipate this reaction when deploying additional rounds.

303.8 OLEORESIN CAPSICUM (OC) GUIDELINES

Oleoresin Capsicum (OC) is a naturally-occurring substance that can temporarily incapacitate a subject by inducing a burning sensation to the skin and eyes, and a swelling of the mucous membranes when inhaled into the respiratory tract.

303.8.1 USE OF OC

OC in spray form can be used when deemed appropriate and necessary by the officer in the following circumstances:

- (a) To bring under control an individual who is engaged in, or is about to engage in violent or resistive behavior.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist.

OC spray should not be used on individuals who are being passively non-compliant.

Special Impact Weapons and Chemical Agents

OC in vapor form can also be used with supervisor approval to disperse or extract potentially violent or concealed individuals from a particular area or dwelling. However, if the individual is known or suspected to be armed with a firearm or is presenting a threat of serious bodily injury towards others in the same area or dwelling, alternative procedures for barricaded subjects should be followed. OC vapor canisters can be safely used indoors or outdoors.

303.9 TEAR GAS AND OTHER CHEMICAL AGENT GUIDELINES

Tear gas and other chemical agents not already addressed in this policy may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances. Only the Shift Commander, Incident Commander, Crowd Management Commander, or Red River SWAT Commander may authorize the delivery and use of tear gas or other chemical agents, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, Fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to or other chemical agent canisters that are considered pyrotechnic to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.10 ACTIONS FOLLOWING DISCHARGE OF SPECIAL IMPACT WEAPONS AND DEPLOYMENT OF CHEMICAL AGENTS

- (a) A supervisor shall respond to all incidents where a subject has been struck by a projectile from a Special Impact Weapon or exposed to a chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Response to Resistance Policy.
- (b) Persons who have been exposed to any chemical agent should be promptly provided with fresh air and clean water to decontaminate the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.
- (c) Persons who have been struck by a projectile fired from a Special Impact Weapon **shall** be examined and cleared at a medical facility.
- (d) **Each intentional discharge of a Special Impact Weapon directed towards a subject or animal shall be documented in accordance with Policy 300, Response to Resistance. Unintentional discharges shall be promptly reported to a supervisor.** Only non-incident use of a Special Impact Weapon, such as training and product demonstrations, are exempt from the reporting requirement.
- (e) Whenever a chemical agent has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean-up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

Fargo Police Department

Policy Manual

Special Impact Weapons and Chemical Agents

303.11 SUPERVISOR RESPONSIBILITIES

The Crowd Management Team Commander or the SWAT Commander may authorize the carrying of a special impact weapon or chemical agent (excluding officer issued OC canister spray) by selected personnel or members of specialized units who have successfully completed the required training.

A Field Services supervisor or the Training Sergeant may authorize the carrying of OC Spray after officers have completed the required training.

303.11.1 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Training Sergeant, a Crowd Management Team supervisor, a SWAT supervisor, or the department Quartermaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

Officers will inspect launchers and projectiles at the beginning of each shift to ensure the launcher is in proper working order and the projectiles are of the approved type and appear to be free of defects.

When not deployed, launchers will be unloaded and properly secured in a locked police vehicle or in a police building.

303.11.2 EQUIPMENT INVENTORY AND MANAGEMENT

A designated member of the Crowd Management Team, SWAT team or the Department Quartermaster shall control the inventory and issuance of all Special Impact Weapons and chemical agent canisters and shall ensure that all damaged, inoperative, outdated or expended devices or munitions are properly disposed of, repaired or replaced.

Every Special Impact Weapon will be periodically inspected by a trained armorer or by a designated instructor. The inspection shall be documented.

303.12 TRAINING

The Administrative Lieutenant, the Crowd Management Team Commander, or the SWAT Commander shall ensure that all personnel who are authorized to carry a special impact weapon or chemical agent have been properly trained and certified to carry the specific device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for special impact weapons and chemical agents will be documented in the officer's training file.

Fargo Police Department

Policy Manual

Special Impact Weapons and Chemical Agents

- (c) Officers who fail to demonstrate proficiency with the special impact weapon, chemical agent, or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a device, chemical agent, or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the device or chemical agent, and may be subject to discipline.

Tasers

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER® devices.

304.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING OF TASERS

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

Officers shall only use the TASER device and cartridges that have been issued by the department. Sworn officers while in full uniform who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may carry or otherwise be issued a Taser as needed or as determined by a command officer or supervisor.

While in uniform, officers shall carry the TASER device in a holster on the side opposite their duty weapon.

- (a) Officers shall be responsible for ensuring their issued TASER is properly maintained and in good working order.
- (b) It is recommended that officers spark test their issued TASER prior to the start of each work shift. The spark test shall be conducted in a manner consistent with their department approved training.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers, or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

304.5 USE OF THE TASER

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

Tasers

304.5.1 APPLICATION OF THE TASER

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

Officers are prohibited from using a TASER device upon any person as a general “pain-compliance” technique.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obviously young children.
- (c) Individuals who are handcuffed or otherwise restrained.
- (d) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (e) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode should be limited to supplementing the probe-mode to complete the circuit.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by medical personnel.

Tasers

304.5.4 MULTIPLE APPLICATIONS OF THE TASER

Officers should apply the TASER device for only one standard cycle and evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should not intentionally apply more than one TASER device at a time against a single subject. If multiple TASERS are deployed, each deployment is considered an additional Response to Resistance.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

- (a) Officers shall notify a supervisor of all TASER device discharges. An officer who utilizes a TASER upon a person in the performance of their duties shall comply with the following in addition to completing all other reporting requirements as described within this policy:
- (b) Immediately seek medical attention for the person a TASER device was used upon, regardless of which mode (probe deployment or drive stun) was utilized. The officer using the TASER device shall ensure the attending physician or other attending medical professional is aware of the TASER use and any evident or claimed injury the person who the TASER device was used upon may have.
- (c) When applicable, notify the attending correctional facility personnel that a TASER device was used upon the person brought into the facility and any evident or claimed injury the person who the TASER device was used upon may have.
- (d) When practical and safe to do so, and in accordance with the training provided by the department, the officer using a TASER device shall remove any of the TASER probes embedded in the body of the person. In the event a probe is embedded in any of the following areas; a person's face, ear, groin, or breast (female only), the officer will have the probe removed by a medical professional. Any removed probes will be discarded in an appropriate bio-hazard container.
- (e) As soon as it is practical to do so following the use of a TASER device, the officer using the TASER device shall ensure the TASER "use-data" is stored electronically by a duly designated department employee. The department employee recording the TASER "use-data" information shall notify the Office of Professional Standards (OPS) of the date, time, and completion of the TASER "use-data" recording.

Tasers

304.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety, and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related case report and the TASER device Use Report Form (Attached). Notification shall also be made to a supervisor in compliance with the Response to Resistance Policy. Unintentional discharges shall be reported immediately to an on-duty supervisor.

304.6.1 TASER USE REPORT FORM

Items that shall be included in the TASER device report form include:

- (a) Officer name, date, case number and serial number of the TASER device.
- (b) Subject name and date of birth.
- (c) The number of TASER cycles and/or cycle length in seconds if not full cycles.
- (d) The type of mode used (probe, drive-stun and/or a combination).
- (e) Location of any probe impact and whether the probes penetrated the skin.
- (f) Location of contact in drive-stun mode.

The Administrative Training Lieutenant or their designee should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Administrative Training Lieutenant or their designee should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations.

304.6.2 REPORTS

The officer should include the following in the case report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses

Tasers

304.7 SUPERVISOR RESPONSIBILITIES

When possible a supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The supervisor should determine which Response to Resistance Report Form is applicable based on the circumstances surrounding the discharge. Photographs of probe sites should be taken and witnesses interviewed.

304.8 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Administrative Training Lieutenant or designee. All training and proficiency for TASER devices will be documented in the officer's training file.

The Administrative Training Lieutenant or their designee are responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training.

The Administrative Training Lieutenant or their designee should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Response to Resistance Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Fargo Police Department is to ensure that officer-involved shootings or other critical incidents resulting in death or serious bodily injury of another person are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Fargo Police Department would control the investigation if the suspect's crime occurred in Fargo.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE INVESTIGATION

Regardless of where the incident occurs, the administrative investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved FPD officer will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved FPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any FPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the District Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.
 - (d) Take command of and secure the incident scene with additional officers until properly relieved by another supervisor or other assigned personnel or investigator.
 - (e) As soon as practicable, ensure involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved FPD officer should be given an administrative order not to discuss the incident with other involved officers or FPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 DISTRICT COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Field Services District Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the District Commander or Public Information Officer.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Division Commander
- Field Services Division Commander
- Outside agency investigators (if appropriate)
- The Office of Professional Standards
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

1. Involved FPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report. FPD officers will be permitted to meet individually with legal representatives.
 2. Requests from involved non-FPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) A licensed psychotherapist shall be provided by the department to each involved FPD officer. A licensed psychotherapist may also be provided to any other affected FPD members, upon request.
1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not be permitted to collaboratively consult, meet collectively, or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

Although the department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved FPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the District Commander to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The designated investigating agency is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) FPD supervisors and Office of Professional Standards personnel should not participate directly in any voluntary interview of FPD officers. This will not prohibit such

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

- (b) If requested, any involved officer will be afforded the opportunity to consult individually with an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED FPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved FPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved FPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved FPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the department.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigation Division supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the investigating agency and may be assigned to separately handle the investigation of any related crimes not being investigated by the investigating agency.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigation Division supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved FPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Office of Professional Standards.

Interviews of officers shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The Office of Professional Standards shall compile all relevant information and reports necessary for the department to determine compliance with applicable policies.
 6. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video, or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.9 DEBRIEFING

Following an officer-involved shooting or death, the Fargo Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

Fargo Police Department

Policy Manual

Officer-Involved Shootings and Deaths

305.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Peer Assistance Crisis Team supervisor is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order (N.D.C.C. § 44-04-18.1(5)).

Attendance at the debriefing shall only include those members of the department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the department, including supervisory and Office of Professional Standards personnel.

305.9.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 FITNESS FOR DUTY EVALUATIONS AND OTHER POST INCIDENT REQUIREMENTS

At least annually, all officers carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any sworn officer fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that officer shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the officer in demonstrating consistent firearm proficiency.
- (b) Officers shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

Firearms

Officers who fail to demonstrate duty firearms proficiency as required by policy, or who fail to meet POST qualification requirements, may not carry a firearm in the course of employment and will be relieved from field assignment (N.D.A.C. § 109-02-03-01). Disciplinary action may follow.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall report the discharge to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved officer shall adhere to the additional reporting requirements set forth in the Response to Resistance Policy.

306.7.1 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a sworn officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 TRAINING SERGEANT DUTIES

The range will be under the exclusive control of the Training Sergeant or an authorized designee. All officers attending will follow the directions of the Training Sergeant or authorized designee. The Training Sergeant will maintain a roster of all officers attending the range and will submit the roster to the Administrative Lieutenant after each range date. Failure of any officer to sign in with the Training Sergeant or authorized designee may result in non-participation or non-qualification.

The range shall remain operational and accessible to department officers during hours established by the department.

The Training Sergeant or an authorized designee has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by officers of this department to verify

proper operation. The Training Sergeant has the authority to deem any department-issued or personally owned firearm unfit for service. The officer will be responsible for all repairs to his/her personal firearm; it will not be returned to service until it has been inspected and approved by the Training Sergeant or an authorized designee.

The Training Sergeant has the responsibility for ensuring each officer meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the officer is authorized to carry.

The Training Sergeant shall complete and submit to the Administrative Training Lieutenant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the department, a list of each officer who completes the training. The Training Sergeant should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Administrative Training Lieutenant.

The Training Sergeant shall forward documentation of licensed department personnel duty firearm qualifications to POST as required by state law (N.D.A.C. § 109-02-03-07(3)).

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the department based on the law and published TSA rules.
- (b) Officers must carry their Fargo Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature, the signature of the Chief of Police or the official seal of the department, and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., drivers license, passport).
- (c) The Fargo Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Fargo Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

Fargo Police Department

Policy Manual

Firearms

- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Fargo Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action which could result in administrative leave or termination.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active peace officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy establishes guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, fleeing violators, and property.

307.1.1 POLICY

The Fargo Police Department recognizes the safety of the general public and any police officer involved in a vehicle pursuit is of paramount importance. This department's response to those who unlawfully flee from law enforcement action shall stress a common sense balance between the importance of apprehending offenders, and the high risk nature of vehicle pursuits.

307.2 DEFINITIONS

Definitions related to this policy include:

Motor Vehicle pursuit - An event involving one or more sworn officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using evasive tactics, and/or maneuvers such as using a high rate of speed, disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly, or willfully failing to yield to an officer's signal to stop.

Police Vehicle - Any motor vehicle, to include motorcycles, unmarked vehicles, special operations vehicles, or those clearly distinguishable as a police vehicle through markings, emergency lights, siren, and/or other devices, which are authorized for the official use of the Fargo Police Department.

Blocking or vehicle intercept - A slow-speed coordinated maneuver where law enforcement vehicles intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Shift Sergeant - For the purposes of this policy, shift sergeant shall be defined as the senior ranking on-duty Field Services Division sergeant.

Serious

Bodily

Injury - Any injury to a person that creates a substantial risk of death or permanent impairment to that person.

Vehicle Pursuits

Tire Deflation Device (TDD) - Devices specifically designed to puncture the tires of a vehicle, causing the tires to deflate in a controlled manner and render the vehicle incapable of further operation. TDD's are primarily used as a forcible stopping technique and in limited circumstances as appropriate.

307.3 OFFICER RESPONSIBILITIES

A vehicle pursuit shall be conducted using a marked emergency vehicle equipped with and using as reasonably necessary a flashing red or a combination of red and blue, red and white, or red, white and blue lights and an audible signal by siren or air horn (N.D.C.C. 39-10-03(2)). Any officer operating a police motorcycle, unmarked police vehicle, or a special operations police vehicle is strictly prohibited from initiating, engaging, or otherwise participating in a motor vehicle pursuit unless authorized by a Field Services Division supervisor.

Officers engaged in a vehicle pursuit may:

- (a) Proceed past a red light, stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit so long as the officer does not recklessly endanger life or property.
- (c) Disregard regulations governing direction of movement or turning in specified directions so long as the officer does not recklessly endanger life or property.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer.

The following factors shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime, and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense, and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

Vehicle Pursuits

- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units, and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) The weather, traffic, and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of the circumstances known or which reasonably should be known to the officer or supervisor during the pursuit indicates the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage, or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle has an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.

Fargo Police Department

Policy Manual

Vehicle Pursuits

- (e) If at any time during the course of a motor vehicle pursuit a person is injured as a result of the pursuit, the primary police unit shall be responsible for ensuring the injured person is provided with immediate medical assistance. This may include directing the secondary police unit to stop and render such assistance..
- (f) The hazards to uninvolved bystanders or motorists.
- (g) When the identity of the offender is known, and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit officers
- (h) When directed to terminate the pursuit by a supervisor.

Upon termination of a motor vehicle pursuit, all of the police units involved shall come to a complete stop and notify the shift sergeant of their location. The shift sergeant will direct the primary and secondary police units to follow the last known direction of travel of the fleeing vehicle to ensure the fleeing vehicle has not been involved in or otherwise caused a motor vehicle crash. The primary and secondary police units will conduct this action for a reasonable distance and obey all traffic regulations while doing so.

307.4 PURSUIT UNITS

Pursuit units should be limited to two vehicles one primary unit and one secondary unit. The number of units involved may vary with the circumstances.

A supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point, following the appropriate rules of the road.

307.4.1 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify Dispatch, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information which includes:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.

Vehicle Pursuits

- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit joining the pursuit to minimize distractions, and allow the primary unit to concentrate foremost on safe pursuit tactics.

307.4.2 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

307.4.3 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards, or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely, in a non-emergency manner, to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
- (c) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 2. Requesting other units to observe exits available to the suspect.

Fargo Police Department

Policy Manual

Vehicle Pursuits

- (d) Notifying the North Dakota State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

307.4.4 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road unless requested emergent by on scene officers to assist in the apprehension of the violator.

The primary unit and secondary unit should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

307.4.5 PURSUIT TRAILING

In the event the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, the initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory control will be exercised over all vehicle pursuits involving officers from this department.

The shift sergeant will be responsible for the following unless directed to relinquish such authority by a command officer:

- (a) Upon becoming aware of a pursuit, immediately notifying involved officers and Dispatch of supervisory presence, and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure the pursuit is conducted within established department guidelines.
- (b) Exercising management and control of the pursuit.
- (c) Ensuring no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.

Vehicle Pursuits

- (d) Directing the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (e) Ensuring the proper radio channel is being used.
- (f) Ensuring that outside agencies are notified and/or coordinated if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (g) Controlling and managing FPD units when a pursuit enters another jurisdiction.
- (h) Preparing a post-pursuit critique and analysis of the pursuit.

307.6 COMMUNICATIONS

If the pursuit is confined within the city limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.6.1 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, should continue to conform to this policy and the laws of the State of North Dakota and determine whether to request the other agency to assume the pursuit (N.D.C.C. § 40-20-05(2); N.D.C.C. § 11-15-33).

If a motor vehicle pursuit enters a bordering state or neighboring jurisdiction, the initiating officer will request dispatch to notify the appropriate law enforcement agency of the bordering state or neighboring jurisdiction of the pursuit, and request any necessary assistance.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Fargo Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Fargo Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.

The role and responsibilities of officers at the termination of a pursuit that was initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Fargo Police Department

Policy Manual

Vehicle Pursuits

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. Only after receiving a request from the other jurisdiction and receiving authorization from a command officer or the shift sergeant, may Fargo Police officers engage in another jurisdiction's pursuit. In the event a single unit from the initiating agency is the only unit involved in the pursuit, a command officer or shift sergeant may authorize a unit from this department to join the pursuit depending on the circumstances. If authorized, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit. Fargo police officers will assume the responsibilities of the primary and secondary police units in the pursuit once authorization is granted. Fargo police officers will continue with or terminate the pursuit based on this department's policy.

When a request is made for this department to assist or take over a pursuit that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) The public's safety within this jurisdiction
- (d) Safety of the pursuing officers

As soon as practicable, the shift sergeant should review a request for assistance from another agency. The shift sergeant, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the city limits provided the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the initiating agency and other involved agencies including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a vehicle through tactical application of technology, blocking, boxing in, ramming, or roadblock procedures.

Vehicle Pursuits

307.8.1 WHEN USE IS AUTHORIZED

An officer shall seek approval from a supervisor before employing a pursuit intervention tactic. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.8.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept "boxing-in" should only be considered when the fleeing vehicle has come to a complete stop, and only if the risk of injury to any person, including other police officers and occupants of the fleeing vehicle is minimal.
- (b) Prior to any intentional or deliberate contact between a pursuing police vehicle and a fleeing motor vehicle; i.e. forcing the fleeing vehicle into parked cars, ditches, or any other obstacle, or heading off, ramming, or driving alongside a fleeing motor vehicle while it is in motion, the officer shall attempt to obtain authorization from a command officer or shift sergeant.
- (c) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box in a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (d) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.8.3 TIRE DEFLATION DEVICES

The tire deflation device (TDD) may be deployed when attempting to stop a motorist who is engaged in a vehicle pursuit or reckless driving behavior. The TDD may also be used to prevent stationary vehicles from being moved in an attempt to leave a scene. If feasible, supervisory approval should be gained prior to deploying the TDD.

1.Pre-deployment Considerations

Fargo Police Department

Policy Manual

Vehicle Pursuits

- (a) The safety of oncoming traffic, the general public, law enforcement personnel, and of the fleeing motorist will be considered when determining the feasibility of deploying the TDD.
- (b) Officers should not unduly risk their own safety in an attempt to deploy a TDD.
- (c) Officers should attempt to deploy the TDD in locations with good sight distances to enable the deployment officer to observe the pursuit and other traffic as it approaches.
 - 1. Deployment should not occur on curves, bridges, or locations where reasonable judgement under the circumstances would dictate avoidance.
- (d) TDD's will not be used to terminate a pursuit of a motorcycle, moped, three/four wheeled vehicles (ATV's), or other similar vehicles unless deadly force is justified.
- (e) Only personnel trained in the use of the TDD's will deploy it in accordance with their training and established policy.

2. Deployment Considerations and Actions

- (a) The on-duty supervisor and all units involved in the pursuit will be notified prior to the deployment, as practical, and the on-duty supervisor will direct the use of the TDD.
- (b) Once it is determined when and where a TDD will be deployed, RRRDC will be notified and will alert all other officers involved.
- (c) The TDD is considered to be deployed when it is actually used in the field in an attempt to stop a moving vehicle or when it is used to keep a parked vehicle from moving.
- (d) Once deployed, pursuing officers should increase their following distance in order to avoid striking the device.
- (e) **The deployment officer(s) at the scene should immediately seek protection out of the travel lane or escape route of the suspect and pursuing vehicles.**
- (f) Once the vehicle has driven over a TDD, the deployment officer will secure the device as soon as it is safe to do so.
 - 1. The deployment officer will inspect the immediate area where the TDD was used and collect any spikes or points which may have become detached.
 - 2. The deployment officer will inspect the TDD and notify the TDD manager of any repair needed.
- (g) The TDD should be placed back into the storage case in accordance with the manufactures recommended guidelines.

3. Requests for Deployments by Another Agency

- (a) The on-duty Field Services supervisor, may authorize the use of the TDD to assist another agency pursuing a fleeing vehicle into our jurisdiction.
- (b) Requests for assistance regarding the deployment of the TDD will be referred to the on-duty shift supervisor who will make his/her decision based upon the totality of the circumstances involved and specific information received from the pursuing agency.

Fargo Police Department

Policy Manual

Vehicle Pursuits

- (c) Once a TDD has been deployed by a FPD officer, regardless of the TDD's effectiveness, supervisors will take into account department policy regarding the decision to pursue.

4. Reporting

- (a) If deployed for a pursuit originated by our department, the officer(s) shall indicate in their case report/supplement the date, time, and location the device was used, nature of the offense, and the effectiveness of the device. In addition, the officer shall complete the Pursuit Reporting form on-line at www.stopstick.com/home/pursuit-reporting. The Pursuit Reporting form will be forwarded to the supervisor, who was on-duty during the time of the deployment, for his/her pursuit critique.
- (b) If deployed for a pursuit originated by another agency, the officer(s) shall complete an "Assist Other Agency" report indicating the date, time, and location the device was used, nature of the offense, and the effectiveness of the device. The deployment officer shall complete the Pursuit Reporting form on-line at www.stopstick.com/home/pursuit-reporting. The Pursuit Reporting form will be forwarded to the supervisor, who was on-duty during the time of the deployment, for his/her pursuit notification memo to the command staff.
- (c) In the event the fleeing vehicle avoided the TDD, meaning none of the tires drove over the TDD device, the deployment officer does not need to complete the on-line Pursuit Reporting form.

5. Maintenance

- (a) For spike replacement or other structural damage, the TDD will be delivered to the assigned department designee for servicing and repairs.

307.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations.

- (a) The primary officer shall complete appropriate arrest reports.
- (b) The shift sergeant shall complete the appropriate pursuit report.
- (c) After obtaining all the available information, the shift sergeant shall notify the Office of Professional Standards of the incident and promptly complete a thorough review of the motor vehicle pursuit, and submit a written critique of the incident to their shift commander. This critique should minimally contain the following information:

the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

Officer Response To Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

308.2 RESPONSE TO CALLS

It is the responsibility of each officer to determine the appropriate driving response to the calls-for-service or other requests for police assistance they are assigned to or those they self-initiate. Officers shall determine the appropriate driving response, including when to utilize any emergency lights, siren, or other warning devices, based on the information available and known to the officer at the time of the officer's response, not on a presumptive or assumed set of circumstances.

Officers responding to an emergency call shall proceed immediately. Officers shall continuously operate emergency lighting equipment and, if appropriate, sound the siren (N.D.C.C. § 39-10-03).

Responding with emergency lights and siren does not relieve the officer of the duty to drive with due regard for the safety of all persons and property, and does not protect the officer from the consequences of reckless disregard for the safety of others.

Officers should only respond to a call as an emergency response when (N.D.C.C. § 39-10-03(2)):

- (a) In pursuit or apprehension of a violator or suspected violator.
- (b) Dispatched or otherwise in response to a reported emergency involving a possible personal injury, death, or damage to property.
- (c) The Chief of Police or authorized designee deems it advisable for the protection of a person or property.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Officers may request emergency assistance when they reasonably believe there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting officer should give the following information:

- (a) The unit number
- (b) The location
- (c) The reason for the request and type of emergency
- (d) The number of units required

Fargo Police Department

Policy Manual

Officer Response To Calls

Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify Dispatch.

308.3.1 NUMBER OF UNITS PARTICIPATING

Only those units which are reasonably necessary to assist should respond to a call with an emergency response. The Field Services Division supervisor should monitor all emergency responses to reduce or enhance the response as warranted.

308.4 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response officers may (N.D.C.C. § 39-10-03(1)):

- (a) Disregard regulations governing parking or standing when using emergency lighting equipment.
- (b) Proceed past a red light, stop signal, or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits providing the speeds are reasonable, and do not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

The first officer arriving at an emergency response scene should determine whether to increase or reduce the level of the response of other officers and notify Dispatch of his/her determination. Any subsequent change in the appropriate response level should be communicated to Dispatch by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.5 SUPERVISORY RESPONSIBILITIES

The Field Services Division supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

When making the decision to authorize an emergency response, The Field Services Division supervisor should consider the following:

- The type of call or crime involved

Fargo Police Department

Policy Manual

Officer Response To Calls

- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

It is the Field Services Division supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

308.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer shall terminate the emergency response.

The officer shall notify Field Services Division supervisor or Dispatch of the equipment failure so another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services to the community including, but not limited to, locating individuals, contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Fargo Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams are assigned to assist and supplement the Field Services Division and the Narcotics Unit.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Field Services Division Commander or an authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Management of controlled substance training aids.
- (c) Maintaining liaison with the vendor kennel.
- (d) Maintaining liaison with command staff and functional supervisors.
- (e) Maintaining liaison with other agency canine coordinators.
- (f) Maintaining accurate records to document canine activities.
- (g) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (h) Scheduling all canine-related activities.
- (i) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 REQUESTS FOR CANINE TEAMS

Officers are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Field Services Division shall be reviewed by the Shift Sergeant. The Narcotics Unit should utilize their canine team as much as possible, but the department

Canines

recognizes there may be times when the Narcotics canine team is not available and pre-coordination with a Field Services supervisor may be necessary.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Sergeant or the Narcotics Sergeant depending on the canine, and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the Canine Coordinator prior to making any resource commitment. The Canine Coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing, or threatening to commit any serious offense, and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest, and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers, or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances, and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or threatening to commit a serious offense, the mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Sergeant. Absent a change in circumstances

Canines

that present an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable. If the canine has apprehended the suspect with a secure bite, the handler should promptly command the canine to release the suspect once the threat no longer exists.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify the announcement could be heard. If available, warnings given in other languages should be used as necessary.

Canines

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified, and the injuries documented in a canine use report. The canine use report is reviewed by the canine sergeant. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the shift supervisor. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

- (a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practicable.

Canines

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.8 HANDLER SELECTION

The minimum qualifications for the Field Services assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Possess the ability to effectively and securely maintain a canine while off duty.
- (c) Living within 30 minutes travel time from the Fargo City limits.
- (d) Agreeing to be assigned to the position for a minimum of four years.

The Investigations Division will be responsible for developing the minimum qualifications for the Narcotics Unit canine handler.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine, and shall ensure the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Fargo Police Department facility.
- (d) Handlers shall permit the canine coordinator to inspect police issued equipment kept at their residence as well as their canine vehicles to verify that conditions and equipment conform to this policy.

Fargo Police Department

Policy Manual

Canines

- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine handler shall ensure secure confinement of the canine as to avoid unintentional contact with the public.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or District Commander.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Commander.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of any agreement between the handler and the City (29 USC § 207).

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the Division Commander of the assigned canine, the Canine Coordinator, the Narcotics Sergeant, or Shift Sergeant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained at the police department by the canine supervisor.

Canines

309.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards, or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards, or other recognized and approved certification standards established for their particular skills.

The Canine Coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Sergeant.

309.12.1 CONTINUED TRAINING

Each canine team shall be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Fargo Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, transporting controlled substances, or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Fargo Police Department may work with outside trainers with the applicable licenses or permits.

Fargo Police Department

Policy Manual

Canines

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (N.D.C.C. § 19-03.1-16; 21 USC § 823(f)).

The Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA). The department must have a DEA Registration Certificate in order to request and receive narcotic training aids.

As an alternative, the Chief of Police or the Field Services Division Commander may allow controlled substances seized by the Fargo Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence and the case is closed.

The Field Services Division Commander shall provide the Evidence and Property Manager (EPM) with written authorization to include a detailed description of the controlled substance, illegal drugs, and/or other contraband requested by the department's Canine Coordinator for canine training purposes. This practice is reserved for special circumstances and all controlled substances, illegal drugs, and/or other contraband shall be returned to the EPM no later than 48 hours after being issued to the canine handler from the EPM.

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples received from the DEA shall be weighed by the Canine Coordinator and confirmed by an officer independent of the canine program, prior to training use. The weight results shall be recorded and maintained by the Canine Coordinator.
- (b) The Canine Coordinator will be responsible for re-packaging, re-quantifying, or otherwise separating all newly obtained DEA narcotics training aids for training purposes. The department receives limited quantities of any controlled substance from the DEA.
- (c) The Canine Coordinator, with approval from the Field Services Division Commander, may re-package, re-quantify, or otherwise separate any controlled substance, illegal drug, and/or contraband from its original or previously form prior to providing it to the department's canine officers for canine training purposes, only if such alteration does not significantly compromise the integrity of the controlled substance, illegal drug, and/or contraband.
- (d) Any person possessing controlled substance training samples pursuant to department authorization or DEA Registration Certificate shall maintain custody and control of the

Fargo Police Department

Policy Manual

Canines

controlled substances, and shall keep records regarding any loss of, or damage to, those controlled substances. The loss of any controlled substances received from the DEA will be reported to the DEA and to the Field Services Division Commander.

- (e) All controlled substance training samples will be inspected, and weighed quarterly by the Canine Coordinator and another officer independent of the canine program. The results of the quarterly testing shall be recorded and maintained by the Canine Coordinator.
- (f) When an authorized officer checks out and check in a controlled substance training sample, all samples shall be weighed and documented by the authorized officer and confirmed by an other officer.
- (g) All controlled substance training samples will be stored in locked case at all times, except during training. The locked cases shall be secured in the back of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (h) Any unusable controlled substance training samples shall be destroyed in accordance with the department's evidence destruction procedures.
- (i) All controlled substance training samples shall be returned to the dispensing agency upon their demand.
- (j) In agreement with the DEA Registration Certificate, the DEA reserves the right to conduct an audit of all controlled substances it has provided to the Department, and inspect the department's storage facility and practices.

309.13 CANINE RETIREMENT

Upon the retirement of a department canine, the final disposition of the canine will be at the discretion of the Chief of Police. The canine may be sold to the canine handler. In these circumstances the new owner assumes all rights, privileges and liabilities associated with the canine and any actions which occur after the transfer of ownership.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence (N.D.C.C. § 14-07.1-14).

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of court orders related to domestic violence, both civil and criminal, whether issued by a court of this state or another and whether service has been made.

Domestic violence - Physical harm, bodily injury or sexual activity compelled by physical force, assault or the infliction of fear of imminent physical harm, bodily injury, sexual activity compelled by physical force or assault, not committed in self-defense, by a family or household member (N.D.C.C. § 14-07.1-01(2)).

Predominant aggressor - An individual who is the most significant, not necessarily the first, aggressor (N.D.C.C. § 14-07.1-01(7)).

310.2 POLICY

The Fargo Police Department's response to incidents of domestic violence, and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies, and community resources whenever feasible. In addition, officers responding to any domestic violence incident shall conduct a thorough investigation and when permitted or authorized by law, arrest any person deemed to be the predominant aggressor or who is otherwise in violation of any domestic violence law.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

Fargo Police Department

Policy Manual

Domestic Violence

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house, at that particular time, should also be obtained for follow-up. It should also be determined if any child present is a victim of domestic violence or abuse.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Victims whose injuries are not visible at the time of the incident, or whose injuries change in appearance warranting additional photographs, should be asked to contact the Investigation Division in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, make an arrest, or seek an arrest warrant if appropriate.
- (h) Any firearm or other dangerous weapon used or possessed while in the commission of a felony or a misdemeanor involving violence or intimidation shall be seized (N.D.C.C. § 62.1-01-02)
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should make a physical arrest when there is probable cause to believe an offense has occurred. The following factors should not be used as sole justification for declining to take enforcement action:
 - 1. Marital status of suspect and victim
 - 2. Whether the suspect lives on the premises with the victim

Fargo Police Department

Policy Manual

Domestic Violence

3. Claims by the suspect that the victim provoked or perpetuated the violence
4. The potential financial or child custody consequences of arrest
5. The physical or emotional state of either party
6. Use of drugs or alcohol by either party
7. Denial that the domestic violence occurred where evidence indicates otherwise
8. A request by the victim not to arrest the suspect

12. Disposition of any previous domestic violence incidents
13. A person's employment as a sworn or civilian member of the Fargo Police Department or any law enforcement agency

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.

Fargo Police Department

Policy Manual

- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise a person protected by a Canadian domestic violence protective order of available local victims' services (N.D.C.C. § 14-07.5-02).

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

Canadian orders shall be enforced in the same manner as if issued in this state (N.D.C.C. § 14-07.5-02).

310.7.1 SERVICE OF FOREIGN COURT ORDERS

If an officer determines that an otherwise valid foreign protection order cannot be enforced because the respondent has not been notified or served with the order, the officer shall inform the respondent of the order and make a reasonable effort to serve the order upon the respondent.

Domestic Violence

After informing the respondent and serving the order, the officer shall allow the respondent a reasonable opportunity to comply with the order before enforcing the order (N.D.C.C. § 14-07.4-03(3); N.D.C.C. § 14-07.5-02).

Officers investigating a possible violation of a Canadian order must advise the protected person that an attempt will be made to contact the person who is the subject of the order. The officer shall then make a reasonable effort to contact the person who is the subject of the order to inform the person of the specific terms and conditions of the order as provided in N.D.C.C. § 14-07.5-02.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 ASSISTANCE IN SERVICE OR EXECUTION OF PROTECTION ORDERS

Upon an order of the court, members of the department shall assist in the execution or service of a protection order including (N.D.C.C. § 14-07.1-04):

- (a) Accompanying an applicant and assisting him/her in obtaining housing.
- (b) Otherwise assisting in the execution or service of the protection order including referral to a domestic violence shelter care facility.

310.10 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following (N.D.C.C. § 14-07.1-10; N.D.C.C. § 14-07.1-11):

- (a) An officer who has probable cause to believe that a person has committed a crime involving domestic violence shall presume that arresting the person is the appropriate response and should make an arrest as follows:

Fargo Police Department

Policy Manual

Domestic Violence

1. An arrest may be made without a warrant within 12 hours from the time the officer determines there is probable cause for the arrest and only if the officer observes that there has been recent physical injury to, or impairment of physical condition of, the alleged victim.
 2. If more than 12 hours have elapsed, the officer must secure an arrest warrant.
- (b) An officer shall not threaten, suggest, or otherwise indicate that a family or household member will be arrested to discourage law enforcement intervention.
- (c) Complaints received from multiple family or household members shall be evaluated separately to determine if either party acted in self-defense. Although not specifically prohibited, dual arrests are discouraged. If self-defense is not a factor, the officer shall consider which party was the predominant aggressor by considering the following factors when determining whether to pursue further investigation or seek an arrest warrant:
1. The comparative severity of injuries involved.
 2. Any history of domestic violence or any other violent acts.
 3. The likelihood of future harm.
- (d) An individual arrested for domestic violence shall not be released on bail or personal recognizance unless he/she has made a personal appearance before a magistrate.
- (e) An officer who has probable cause to believe a person has committed the offense of violating a protection order under N.D.C.C. § 14-07.1-06, shall arrest the person whether or not the violation was committed in the presence of the officer.
- (f) The arresting or booking officer should provide victim contact information to jail staff to facilitate the ability of jail staff to notify the victim before the suspect's release.

310.11 REPORTS AND RECORDS

Officers shall make a written report of any allegation of domestic violence regardless of whether an arrest was made (N.D.C.C. § 14-07.1-12). When preparing a report of domestic violence, an officer shall:

- (a) Include the name of the predominant aggressor, if determined through the investigation, and a description of the evidence that supports the determination.
- (b) Submit to the report to his/her supervisor.
- (c) Complete and submit appropriate documentation to the agency providing child protective services, as required by the current collaborative agreement.

Fargo Police Department

Policy Manual

Domestic Violence

At the request of a domestic violence victim, one copy of each domestic violence face sheet and incident report should be provided. Absent good cause, the face sheet should be made available during business hours, within a reasonable amount of time of the request. Incident reports should be completed in an expeditious manner.

310.12 TRAINING

Training should be provided as incorporated in the department training plan (N.D.C.C. § 14-07.1-14(2)).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and the state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Fargo Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Fargo Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The department will provide relevant and current training to officers as guidance for the application of current law as well as local community standards and prosecutorial considerations to specific search and seizure situations as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts, and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor or other available resource to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Officers of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) Whenever practicable, a search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.
- (f) When the person to be searched is of the opposite sex as the searching officer the following guidelines should be followed:
 - 1. Another officer or a supervisor should witness the search.
 - 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Officers are responsible for documenting any search in which evidence is seized and insure any required reports are sufficient including documentaitn of the following:

- (a) Reason for the search
- (b) The results of the search including a description of any property or contraband siezed
- (c) All steps taken to secure the property at the conclusion of the search
- (d) Supervisors shall review reports to ensure the reports are accurate, the actions are properly documented and the current legal requirements and policies have been met

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Fargo Police Department (34 USC § 11133).

This policy only applies to the temporary custody of juveniles before they are released or transferred to a juvenile detention facility, jail, or other place authorized for the detention of juveniles (N.D.C.C. § 27-20-16).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes an offense under N.D.C.C. § 62.1-02-01 for underage possession of a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed, but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices with a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

Fargo Police Department

Policy Manual

Temporary Custody of Juveniles

- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged so as to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Fargo Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Fargo Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release. The Fargo Police Department does not provide long term or temporary secure custody for juvenile offenders.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held in temporary custody at the Fargo Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent
- (f) Afflicted with, or displaying symptoms of a communicable disease that poses an unreasonable exposure risk

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Fargo Police Department unless or until they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

Temporary Custody of Juveniles

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Fargo Police Department when there is no other lawful and practical alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Fargo Police Department without authorization of the arresting officer's supervisor or the Shift Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Fargo Police Department (N.D.C.C. § 27-20-15; 34 USC § 11133).

312.4.1 CUSTODY OF NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Fargo Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by juvenile referral or upon a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

The following applies to juveniles taken into custody:

- (a) Juvenile offenders may be taken into custody (N.D.C.C. § 27-20-13):
 - 1. Pursuant to an order of the court.
 - 2. Pursuant to the laws of arrest applicable to adults.
- (b) A juvenile offender should not be released from custody without first contacting the court if there is reason to believe any of the following (N.D.C.C. § 27-20-14):
 - 1. Further care is required to protect the juvenile offender, or the property of others or of the juvenile offender.
 - 2. The juvenile offender may abscond or be removed from the jurisdiction of the court.
 - 3. The juvenile offender has no parent, guardian, custodian, or other person able to provide supervision and care, and return the juvenile offender to the court when required.

Fargo Police Department

Policy Manual

Temporary Custody of Juveniles

4. An order for the juvenile offender's detention or shelter care has been made by the court.
5. The detention screening tool indicates that the juvenile offender should be detained.

Juvenile offenders should be held in non-secure custody while at the Fargo Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

312.5 ADVISEMENTS

A member of this department who does not release a juvenile to a parent, guardian, or other custodian shall promptly notify the juvenile's parent, guardian, or other custodian and the court of the reason for the custody (N.D.C.C. § 27-20-15).

If there is reason to believe that a juvenile offender committed a sexual offense (see generally N.D.C.C. § 12.1-20-01 et seq. and N.D.C.C. § 12.1-27.2-01 et seq.), the Department of Human Services (DHS) should be notified as soon as practicable. A copy of the case report shall also be forwarded to DHS (N.D.C.C. § 50-25.1-05.3).

312.6 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy.

A juvenile offender may be handcuffed at the Fargo Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals and monitored in such a way as to protect the juvenile from abuse.

312.7 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. In addition, parental permission must be obtained from a parent or guardian in person.

Adult Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Fargo Police Department members as required by law.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence, neglect or financial exploitation of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (N.D.C.C. § 50-25.2-03).

313.2 POLICY

The Fargo Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Fargo Police Department shall notify the North Dakota Department of Human Services (DHS) or other designated agency when they have knowledge that a vulnerable adult has been subjected to abuse or neglect, or when they observe a vulnerable adult being subjected to conditions or circumstances that reasonably would result in abuse or neglect when the knowledge is derived from information received in their official capacity (N.D.C.C. § 50-25.2-03).

For purposes of this notification, a vulnerable adult is an adult (including a minor emancipated by marriage) with a substantial mental or functional impairment (N.D.C.C. § 50-25.2-01). Abuse is any willful act or omission of a caregiver or any other person which results in physical injury, mental anguish, unreasonable confinement, sexual abuse or exploitation, or financial exploitation to or of a vulnerable adult (N.D.C.C. § 50-25.2-01).

Officers investigating any allegation of abuse or neglect of a vulnerable adult that requires immediate steps to protect the person, such as removing them from their environment, shall notify DHS of the steps taken (N.D.C.C. § 50-25.2-05).

313.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows:

- (a) Notification to DHS or other designated agency should be made immediately, either orally or in writing by completing attached form ND SFN 1607 (N.D.C.C. § 50-25.2-03).
- (b) A member shall, if known, include all of the following in a notification (N.D.C.C. § 50-25.2-03):
 1. The name, age, and residence address of the alleged vulnerable adult.

Fargo Police Department

Policy Manual

Adult Abuse

2. The name and residence address of the caregiver, if any.
3. The nature and extent of the alleged abuse, neglect, or the conditions and circumstances that would reasonably be expected to result in abuse or neglect.
4. Any evidence of previous abuse or neglect, including the nature and extent of the abuse or neglect.
5. Any other information that may be helpful in establishing the cause of the alleged abuse or neglect and the identity of the individual responsible for the alleged abuse or neglect.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all substantiated cases of adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require an investigation, completion of ND SFN 1607 and completion of a police report.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.

Adult Abuse

- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact DHS or another designated agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS or another designated agency.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult abuse victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult (N.D.C.C. § 50-25.2-07).

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the

Adult Abuse

victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING SUSPECTED ADULT ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking, or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Division Supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS or another designated agency, other law enforcement agencies, medical service providers, and local prosecutors to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

Adult Abuse

- (b) Activate any available interagency response when an officer notifies the Investigation Division Supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives there should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Division Supervisor so an interagency response can begin.

313.10 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Release and Security Policy (N.D.C.C. § 50-25.2-12).

313.11 TRAINING

The department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.
- (g) Other training as may be provided by DHS (N.D.C.C. § 50-25.2-13).

The department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The non-discrimination policies of the department may be more comprehensive than state or federal law. Conduct that violates this policy may or may not violate state or federal law, but still could subject a member to discipline.

Such conduct is contrary to department policy and to the department's commitment to a discrimination-free work environment.

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

Fargo Police Department

Policy Manual

Discriminatory Harassment

314.3.1 SEXUAL HARASSMENT

The department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to or rejection of such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

314.3.2 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment does not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the North Dakota Department of Labor, Human Rights Division.
- (b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with city or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

314.3.3 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, harassing conduct, or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be resolved satisfactorily through the process described above, a formal investigation will be conducted by the Office of Professional Standards.

The Office of Professional Standards will have full authority to investigate all aspects of the complaint. The investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Includes any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

315.3 MANDATORY NOTIFICATION

Members of the Fargo Police Department shall notify DHS of where the child is currently residing when there is reasonable cause to believe the child is the victim of abuse or neglect (N.D.C.C. § 50-25.1-03).

Neglect also includes abandonment of a child by a parent, guardian, or custodian; failure of a parent, guardian, or custodian to participate in treatment ordered by the juvenile court; subjecting a child to prenatal exposure to chronic or severe alcohol or drug use; permitting a child to remain in an environment that subjects the child to exposure to a controlled or chemical substance or drug paraphernalia; or subjecting a child to human trafficking (N.D.C.C. § 50-25.1-02).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian or other responsible adult is the responsibility of the responding police officer or detective involved in an investigation.

Child Abuse

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian or other responsible adult is the responsibility of the responding police officer or detective involved in an investigation.

Children may only be removed from a parent or guardian (N.D.C.C. § 27-20-06; N.D.C.C. § 27-20-13):

- (a) With a court order authorizing the removal of the child.
- (b) Without a court order when there is reasonable grounds to believe that the child is suffering from illness or injury, or is in immediate danger from his/her surroundings, and the child's removal is necessary.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

Child Abuse

3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
 - (b) A court order or warrant has been issued.

315.7.3 INTERVIEWING JUVENILES

If the parents or guardians are not the alleged abusers, a parent of the child should, when practicable, be notified prior to the child being interviewed. If the abuse or neglect is alleged to have occurred in a school or childcare facility, the interview should not take place in any school building or child care facility building where the abuse or neglect is alleged to have occurred.

Prior to conducting an interview on school property, the investigating officer shall notify school officials (N.D.C.C. § 50-25.1-05.6). The notification should include the name of the child, the purpose of the interview and a reference to the statutory authority that allows the interview to be conducted on school property. The investigating officer shall determine who may attend the interview, although school officials may set reasonable conditions as to the time, place and manner of the interview. Care should be taken to minimize disruption of the educational program of the child, other students or school staff.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Division supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

317.6 PUBLIC EMERGENCY ALERTING SYSTEMS

The City of Fargo public emergency alerting system consists of the CodeRed Integrated Public Alert and Warning System (IPAWS) system and the Emergency Alert System (EAS). The CodeRed systems and EAS may be utilized as a communication tool used to inform citizens of emergency situations which immediately threaten their lives and or property. The system can be used for missing person notification, criminal investigation information, natural disasters, and critical incidents which threaten the public's safety.

Department employees are responsible for providing their up-to-date contact information to the department's CodeRed administrator (Chief's administrative assistant).

317.6.1 PROCEDURE

The following is the procedure for initiating the CodeRed IPAWS:

- (a) All command officers should be trained on the CodeRed system and able to send out a CodeRed message.
- (b) A CodeRed message can be sent out by a command officer via CodeRed website, through the ECN Launcher "app" on any Android, iOS, or Windows devices, or coordinated through RRRDC.
- (c) Careful consideration should be made when determining which mapping method to use prior to launching a CodeRed message.
 - 1. The size of the selected area may send information to residents outside of the City of Fargo, who aren't affected by the situation.
- (d) Voice and email messages can be as long as needed, but text messages must be limited to 160 characters.
- (e) A CodeRed message should contain the following information:
 - 1. Source - which agency is sending the message
 - 2. Guidance - what actions to take
 - 3. Hazard - what is the situation
 - 4. Location - where is the danger
 - 5. Termination time - if applicable or known

Fargo Police Department

The following is the procedure for initiating the Emergency Alert System (EAS):

- (a) All EAS messages will be coordinated and activated by RRRDC with the proper authorization from an incident commander or designee (see EAS flow chart and Action Code attachments)
- (b) All EAS messages should be crafted by a Sergeant or above, and all messages must be approved by a command officer prior to release by RRRDC.
- (c) For localized incidents supervisors and incident commanders should consider using the Wireless Emergency Alert (WEA) feature of the EAS.
- (d) Once a WEA is sent out, it may be followed by an EAS message which provides more specific details if the incident escalates into more areas.
- (e) In order to successfully send a WEA, the alert must contain certain values which reflect an imminent threat.
- (f) EAS/WEA messages must contain five (5) key elements and are limited to 90 characters:
 - (a) Source - which agency is sending the message
 - (b) Guidance - what actions to take
 - (c) Hazard - what is the situation

Victim and Witness Assistance

318.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that crime victims and witnesses receive appropriate assistance, that they are provided with information from government and private resources and that the department meets all related legal mandates.

318.2 POLICY

The Fargo Police Department is committed to providing guidance and assistance to the victims and witnesses of crime. The employees of the Fargo Police Department will show compassion and understanding for victims and witnesses, and will make reasonable efforts to provide the support and information identified in this policy.

318.3 DEFINITIONS

Crime: Includes all felony offenses; class A misdemeanors, excluding violations of section 6-08-16.1 for no-account checks; all violations of chapters 12.1-17 (Assaults) and 12.1-20 (Sex Offenses), including all corresponding violations of municipal ordinances; and any of the offenses that may result in adjudication of delinquency.

Victim: A natural person who has suffered direct or threatened physical, financial, or psychological harm as a result of the commission or attempted commission of a crime, delinquent act, or against whom the crime or delinquent act is committed. The term victim includes family members of a minor, incompetent, incapacitated, or deceased person. The term victim does not include the accused or a person whom the court finds would not act in the best interests of a deceased, incompetent, minor, or incapacitated victim.

Witness: A person who has been or is expected to be summoned to testify for the prosecution whether or not any action or proceeding has yet been commenced

318.4 CRIME VICTIM LIAISON

The Chief of Police may appoint a member of the Department to serve as the crime victim liaison; however, at this time the Department does not have a Victim's Advocate Office or program. Therefore, each officer/detective interacting with a victim will serve as a de facto crime victim liaison for City of Fargo offenses. Officers will serve as the point of contact for individuals requiring further assistance or information from the Fargo Police Department regarding crime victim resources. For state offenses the victim should be referred to the Cass County Victim Witness Coordinator.

318.4.1 NONIMMIGRANT VISAS

According to Homeland Security, the lack of immigration status in the U.S. may be one of the many reasons for some victims choosing not to come forward to work with law enforcement. A request for a nonimmigrant U visa or T visa, or for continued presence in the United States that is received by this department should be forwarded to the respective Criminal Investigations Unit commander

Fargo Police Department

Policy Manual

Victim and Witness Assistance

for review. The case agent shall make notifications to the victim regarding application status as required by N.D.C.C. § 12.1-41-18.

In order to qualify for the U and T visa, the victim must prove to the U.S. Citizenship and Immigration Services (USCIS) that he or she cooperated with law enforcement, except if the victim is under the age of 18 or has suffered trauma. One of the primary ways a nonimmigrant victim may demonstrate cooperation with law enforcement is by submitting a signed statement from law enforcement as part of the application. In the U visa context, this statement is a required part of the petition and is known as the USCIS Form I-918, Supplement B, U Nonimmigrant Status Certification. In the T visa context, this statement is known as the USCIS Form I-914, Supplement B, Declaration of Law Enforcement Officer for Victim in Trafficking of Persons.

If the alleged offender in a crime of violence is scheduled to be released before an appearance in court, the Cass County Jail staff shall give prompt notice to the victim and witness as long as the arresting officer provides to the Cass County Jail staff with all of the pertinent victim/witness information. The Cass County Jail fulfills this obligation to notify by registering the victim with the VINE network (N.D.C.C § 12.1-34-02(b)). However, if the arresting/booking officer fails to provide the victim and/or witness information to the Cass County Jail staff, whereas the Jail staff can't register the victim/witness in the VINE network, the Department will be responsible for any victim/witness notifications.

In the absence of the Cass County Jail or the Cass County Victim Witness Coordinator, the handling officer/detective should assist the victim or witness with registering in the VINE system to make sure that future information is received in a timely manner. A victim or witness who objects to registration may not be required to register with the system.

319.4 PROCEDURE FOR INVESTIGATING HATE CRIMES

Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Fargo Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning member conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of the Fargo Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor, or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Command officers, supervisors, Police Training Officers (PTO's), and senior officers shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Command officers, supervisors, PTO's, and senior officers should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. Mutual Aid and Outside Agency Assistance

325.6 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities shall be documented in a case report or as directed by the Shift Commander. In order to insure we can re-contact not only the proper agency to which we provided assistance, but also the proper agent, detective, or officer and provide them with a copy of the report and any evidence gathered, the following information will be required in all Assist Other Agency reports: (all information will be placed in the proper location on the coversheet of the report)

- (a) The requesting agency will be listed as the "complainant" for the report along with the street address and main phone number for the agency.
- (b) If there is a specific officer from the requesting agency, they will be listed in the report as "mentioned." The address listed for the officer will be their home agency's address, but a specific desk or cell phone number for that officer should be listed when available.
- (c) If available, an email address to the agency and/or the case officer should be included in the first line of the synopsis (this will allow us to electronically forward the report).

All Assist Other Agency reports will be coded 2 - follow up needed. This will insure a timely notification to the requesting agency.

325.7 EVIDENCE COLLECTION

Any evidence collected in an assist to another agency incident shall be transferred to the agency of jurisdiction at the earliest opportunity.

Registered Offender Information

326.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Fargo Police Department will address issues associated with certain offenders who are residing in the jurisdiction, and how the Department will disseminate information and respond to public inquiries for information about registered offenders (N.D.C.C. § 12.1-32-15).

326.2 POLICY

It is the policy of the Fargo Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

326.3 REGISTRATION

326.3.1 ORIGINATING AGENCY

The registration forms and instructions will direct the offender to register with the local law enforcement agency where the offender resides, works or attends school (N.D.C.C. § 12.1-32-15(5)).

Once the forms are signed, copies and all required attachments shall be electronically delivered by the Records Division to the Bureau of Criminal Investigation with the exception of DNA samples, which are sent via mail.

326.3.2 RESIDING/REGISTERING AGENCY

When the Department receives copies of the offender registration forms from BCI, the appropriate assigned employee or investigator will ensure the offender registers within the appropriate time frame. If the offender fails to register, the assigned employee will take appropriate action to locate the offender as quickly as possible and ensure compliance (N.D.C.C. § 12.1-32-15(2)).

The Investigation Division supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community.

Upon conclusion of the registration process, the investigator shall forward the completed registration, biometric data, photographs and DNA sample, if applicable, to the Records Division, which will then send the completed registration to BCI within three days and the DNA samples to the state crime laboratory. If BCI does not receive the offender's completed registration forms within the time expected, it will contact this department so that efforts can be made to locate the offender as quickly as possible (N.D.C.C. § 12.1-32-15(7)).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register (N.D.C.C. § 12.1-32-15(9)).

Registered Offender Information

Employees assigned to register offenders should receive appropriate training regarding the registration process.

326.3.3 CONTENTS OF REGISTRATION

The offender is required to provide all of the following applicable information, and to notify the Department if there are any changes to the following:

- (a) Residence address
- (b) Employer address
- (c) School information
- (d) Motor vehicle
- (e) Driver's license and professional licenses
- (f) Email address and social networking information

326.3.4 MODIFICATION OR CHANGES

The offender is responsible for notifying law enforcement regarding any changes including address, employment, school, and other required information, in writing, at least 10 days before the change.

If the offender moves outside this jurisdiction, the offender must complete a change of registration at this department before moving and must register with the new law enforcement agency in the new jurisdiction no later than three days after moving.

An offender must inform the Department if the offender plans to travel outside of the United States, at least 21 days before the intended travel (N.D.C.C. § 12.1-32-15).

All changes shall be forwarded to BCI within three days (N.D.C.C. § 12.1-32-15(7)).

326.3.5 DEPARTMENT RESPONSIBILITIES

When an offender appears at the department for the purpose of registering, the officer registering the offender will:

326.4 MONITORING OF REGISTERED OFFENDERS

The Investigation Division supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration (N.D.C.C. § 12.1-32-15(7)).

This verification should include:

- (a) Efforts to confirm the residence using an unobtrusive method such as an internet search or drive-by of the declared residence. Addresses should be verified every 90 days for lifetime offenders and every 180 days for other offenders.
- (b) Review of information on the state website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the appropriate agencies or departments.

The Investigation Division supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Fargo Police Department personnel, including timely updates regarding new or relocated registrants.

326.5 DISSEMINATION OF PUBLIC INFORMATION

Department members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisors. The supervisor should evaluate the request and forward the information to the Chief of Police,

if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made (N.D.C.C. § 12.1-32-15(14)).

Upon request, the Department may release conviction and registration information regarding low-risk, moderate-risk or high-risk offenders.

Members of the public requesting information on registrants should be provided the Office of Attorney General Sex Offender website or the Fargo Police Department's website.

A law enforcement agency is not subject to civil or criminal liability for making risk determinations, allowing a sexual offender to attend a school function under N.D.C.C. 12.1-20-25, or for disclosing or for failing to disclose information (N.D.C.C. 12.1-32-15(15)).

 - 3. Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
 - 4. The crime for which a person is convicted may not accurately reflect the level of risk.
 - 5. Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

326.5.2 DISSEMINATION

Relevant and necessary conviction and registration information must be disclosed to the public by the Department, following Attorney General guidelines, if the individual is a moderate or high risk and it is determined that disclosure of the conviction and registration information is necessary for public protection (N.D.C.C. § 12.1-32-15(14)).

Public disclosure may include internet access if the offender:

- (a) Is required to register for a lifetime.

Death and Serious Injury Investigations

328.1 PURPOSE AND SCOPE

The investigation of cases involving a serious injury or death includes those ranging from natural causes to attempted homicide or homicide. Some causes of a serious injury or death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of the investigations, including evidence gathering and witness identification, is paramount.

328.2 INVESTIGATION CONSIDERATIONS

Death or serious injury investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Coroner, a Deputy Coroner, or an appointed Coroner Investigator. A supervisor shall be notified in all death or serious injury investigations.

Also refer to Policy 600 Investigation and Prosecution

The Criminal Investigation Division shall be notified by the on-duty supervisor to determine the possible need for an investigator to respond to the scene for further immediate investigation.

Once the initial incident has stabilized and depending on the location of the incident, a search warrant or written consent may be needed to fully investigate the incident. 329.2 REPORTING

- (a) Officers shall complete a report for identity theft, as described in N.D.C.C. § 12.1-23-11, upon request from any victim who resides within the City. The victim shall be given a copy of the report (N.D.C.C. § 51-31-04(1)).

 2. If the victim is not a resident of the City, the officer may also complete a courtesy report to be forwarded to the agency where the victim resides.
- (b) Officers should investigate and report crimes occurring within this jurisdiction which resulted from the original identity theft that occurred elsewhere, but the fraud, usage of services, or receipt of goods was acquired or occurred in this jurisdiction.
- (c) Officers should include all known incidents of fraudulent activity in the report (e.g., credit card number that was applied for in victim's name when the victim never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.
- (e) Following supervisory review and department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution, as circumstances dictate.

329.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report with the three major credit bureaus.

329.4 INFORMATION

The victim should be encouraged to contact the North Dakota Attorney General's Consumer Protection and Antitrust Division, which assists consumers with completing an Identity Theft Affidavit that the consumer can use to relay his/her identity theft information to creditors and credit bureaus.

The victim should also be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images. This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

336.2 POLICY

The Fargo Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

336.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

336.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.

Fargo Police Department

Policy Manual

Public Safety Video Surveillance System

- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images can be viewed from any computer which has the appropriate viewing software. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Field Services Commander, or his/her designee, are authorized to coordinate with the City of Fargo IS Department to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

336.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment should be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

336.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

336.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws.

336.4.1 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Fargo Police Department

Policy Manual

Public Safety Video Surveillance System

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target protected individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

336.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

336.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as video evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

336.6 RELEASE OF VIDEO IMAGES

Recorded videos are classified as public records (N.D.C.C. § 44-04-17.1). All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Fargo Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Administrative Division commander, or his/her designee, for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

336.7 VIDEO SURVEILLANCE AUDIT

The Chief of Police, or the authorized designee, will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or

Fargo Police Department

Policy Manual

any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline, or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

336.8 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

337.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left alone without appropriate care in the event their caregiver or guardian is arrested, or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Vulnerable Adult Abuse Policy

337.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Fargo Police Department will endeavor to create a strong, cooperative relationship with local, state, and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

337.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends, and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian, or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that he/she will be provided care. If this is not safe, or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Fargo Police Department

Policy Manual

Child and Dependent Adult Safety

337.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered minor children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of minor children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution which is in the best interest of the child or dependent adult. In such cases, the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children and dependent adults with a responsible party, as appropriate.
 - (a) Officers should consider allowing the person to use their own cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
 - (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with immediate family, relatives, or friends that he/she knows and trusts. Consideration regarding familiarity with the surroundings, comfort, emotional state, and safety should be paramount.
 - (a) Except when a court order exists limiting contact, the officer should attempt to locate a non-arrested parent or guardian to look after the child.
 - (c) Provide for the immediate supervision of minor children or a dependent adult until an appropriate caregiver arrives.
 - (d) Notify the Department of Human Services, if appropriate.
 - (e) Notify a divisional supervisor or Shift Commander of the disposition of minor children or dependent adults.

If children or dependent adults are at school or a known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location, and inform the principal or appropriate responsible adult of the caregiver's arrest, and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be included in the associated report.

337.3.2 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information for each child or dependent adult in the case report, as applicable:
 - 1. Names
 - 2. Sex
 - 3. Age

Fargo Police Department

Policy Manual

Child and Dependent Adult Safety

4. Special needs (e.g., medical, mental health)
 5. What arrangements were made for the supervision of the child
 6. Identities and contact information for other potential caregivers
 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee should document the following information:
1. Identity
 2. Whether he/she reasonably appears able to care for him/herself
 3. Disposition information if he/she is unable to care for him/herself

337.3.3 SUPPORT AND COUNSELLING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

337.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any dependent minor children or adults, the handling officer should contact the appropriate welfare service or other department-approved social service agency.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

A child, who is less than 15 years old, should not be left unattended overnight or without appropriate care. The age of the child is not the only factor which should be considered when children are left alone. Other factors include the maturity of the child, emotional health factors, and the child's physical or cognitive limitation. A dependent adult should never be left unattended or without appropriate care.

[See attachment: Child Supervision Guidelines - March 2013.pdf](#)

337.5 TRAINING

The Administrative Lieutenant is responsible to ensure that all members of this department, who may be involved in arrests affecting children or dependent adults participate, on a timely basis, in an approved course on effective safety when a parent or guardian is arrested.

Service Animals

338.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Fargo Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) and North Dakota law to permit the use of service animals that are individually trained to assist a person with a disability.

338.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

338.2.1 STATE LAW

A "service dog" means any guide dog, signal dog or other animal trained to do work, perform tasks or provide assistance for the benefit of an individual with a disability. The term includes an animal trained to provide assistance or protection services to an individual with a disability, pull a wheelchair, lend balance support, retrieve dropped objects or provide assistance in a medical crisis (N.D.C.C. § 25-13-01.1).

338.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Service Animals

338.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Fargo Police Department affords to all members of the public (N.D.C.C. § 25-13-02; N.D.C.C. § 25-13-02.1).

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, the employee may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the partner/handler takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to the individual with a disability.

If it is apparent or if the department member is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

In a non-custodial setting, if the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be asked questions about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal. However, in custodial settings, officers may need to determine the individual's medical needs to determine the appropriate course of action (i.e. medical clearance prior to jail/detox, or whether release on personal recognizance (PR) is necessary).

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to permit service animals to accompany their partner/handler in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of their disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Service Animals

338.4 DETENTION OF SERVICE ANIMAL OWNER

In the event the owner of a service animal is arrested or brought to detox, the arresting or detaining officer shall do the following:

- (a) Notify a supervisor given the possible ADA and medical care implications. The person needing service animal assistance may have a medical condition such as frequent seizures, and given the totality of the circumstances, the best course of action may be to contact the City Prosecutor or Cass County States Attorney to discuss release on PR.
- (b) Determine if a Community Service Officer (CSO) is on-duty to assist in taking possession of the service animal.
 1. The CSO will either release the service animal to a person of the owner's choice, or
 2. Transport the service animal to Valley Vet for safekeeping,
- (c) If no CSO is available, the officer shall determine if the service animal can be released to a family member or friend if within a reasonable amount of time (usually less than one hour).
- (d) If the owner refuses to release the service animal to another person, or the person cannot take possession of the service animal within a reasonable time, the officer will:
 1. Take possession of the service animal or request another officer take possession of the service animal.
 2. Transport the service animal to Valley Vet for safekeeping.
 - (a) On the Valley Vet intake form the officer will note "service animal", the owner's name, whether the owner was arrested, and the time and date of arrest.
 - (b) The officer should also send an email to the CSO group notifying them of the placement of a service animal for safekeeping at Valley Vet. The email should include:
 1. Name of arrestee/owner of the service animal
 2. Case number
 3. Time and date of arrest

The Cass County Jail nor the City of Fargo Detox are able to make reasonable accommodations to the owner of a service animal to allow the owner to bring the animal into either facility.

Off-Duty Law Enforcement Actions

341.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others, at great risk and requires careful consideration. This policy is intended to provide directives for officers of the Fargo Police Department with respect to taking law enforcement action while off-duty.

341.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any licensed member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

341.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law, and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medications or a combination thereof that would tend to adversely affect the member's senses or judgment.

341.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a Taser.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much intelligence as possible, instead of immediately intervening.

341.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the off-duty officer if possible.

Whenever practicable, the off-duty officer should loudly and repeatedly identify him/herself as an officer with the Fargo Police Department until acknowledged. Official identification should also be displayed.

341.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

341.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority.

Department Use of Social Media

342.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the department is consistent with the department mission. The Department endorses the secure use of social media to enhance communication, collaboration, and information exchange, streamline processes, and foster productivity. This policy establishes the Department's position on the use and management of social media and provides guidance on its management, administration, and oversight. This policy is not intended to address one particular form of social media; rather social media in general, as advances in technology will occur and new tools will emerge.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).
- Use of social media as part of a criminal investigation, other than disseminating information to the public on behalf of this department (see the Investigation and Prosecution Policy).

342.1.1 DEFINITIONS

Definitions related to this policy include:

Page - The specific portion of a social media website where content is displayed and managed by an individual or individuals with administrator rights.

Post - Content an individual shares on a social media site or the act of publishing content on a site.

Social media - Any of a wide array of Internet-based tools and platforms that allow for the sharing of information, such as the department website or social networking services.

Speech - Expression or communication of thoughts or opinions in spoken works, in writing, by expressive conduct, symbolism, photographs, videotape, or related forms of communication.

342.2 POLICY

The Fargo Police Department recognizes that social media provides a valuable means of assisting the department and its personnel in meeting community outreach, problem-solving, investigative, crime prevention, and related objectives. This policy identifies potential uses, which may be explored or expanded upon as deemed reasonable by administrative and supervisory personnel. The department also recognizes the role that these tools play in the personal lives of some departmental personnel. The personnel use of social media can have bearing on the department personnel in their official capacity. As such, this policy provides

Fargo Police Department

Policy Manual

Department Use of Social Media

information of precautionary nature as well as prohibitions on the use of social media by department personnel.

Department members shall ensure that the use or access of social media is done in a manner that protects the constitutional rights of all.

342.3 DEPARTMENT SITES

The use or creation of all department social media sites or pages shall be approved by the Chief of Police or his designee, and shall comply with the City of Fargo Social Media policy. All social media sites or pages shall be administered by the Administrative Services Division commander or his/her designee. All social media sites or pages shall indicate that they are maintained by the department and shall have contact information for the department prominently displayed, if possible. All official social media sites shall be branded with a City of Fargo logo and/or department logo.

Each social media page or site should include an introductory statement, which clearly states the purpose and scope of the agency's presence on the website, if possible. The page should also link to the department's official website, if possible, and should be designed with the target audience in mind (i.e. youth, potential police recruits).

Social media content shall adhere to applicable laws, regulations, and policies, including all information technology and records management policies. Information contained on these sites is subject to open records law, and relevant records retention schedules apply to their content.

All content must be managed, stored, and retrieved to comply with open records laws and e-discovery laws and policies.

Social media sites should state that the opinions expressed by visitors to the pages do not reflect the views or opinions of the department. Pages should clearly indicate that posted comments will be monitored and that the department reserves the right to remove obscenities, off-topic comments, and personal attacks. Pages shall also indicate that any content posted or submitted for posting is subject to public disclosure.

342.4 AUTHORIZED USERS

All social media accounts shall be created as a company or independent account. Accounts shall not be created within or in relation to an employee's personal account or information. Only members authorized by the Chief of Police or the authorized designee may utilize social media on behalf of the Department. Authorized members shall use only department-approved equipment during the normal course of duties to post and monitor department-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Chief of Police or his/her designee may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command.

Department Use of Social Media

342.5 AUTHORIZED CONTENT

The potential uses of social media are limitless. However, only content that is appropriate for public release, that supports the department mission and conforms to all department policies regarding the release of information may be posted. Department members with ideas for potential uses of social media should submit their ideas through their chain of command for approval by the Chief of Police.

Examples of appropriate content include:

- (a) Announcements.
- (b) Tips and information related to crime prevention.
- (c) Investigative requests for information.
- (d) Requests that ask the community to engage in projects that are relevant to the department mission.
- (e) Real-time safety information that is related to in-progress crimes, geographical warnings or disaster information.
- (f) Traffic information.
- (g) Press releases.
- (h) Recruitment of personnel.

Personnel representing the department on social media sites shall conduct themselves at all times as a representative of the department. All department standards of conduct apply to these sites, and personnel shall observe accepted protocols and proper decorum in their activities on these sites. All postings will be factual, accurate, complete, and within their area of expertise.

Personnel representing the department shall not make statements about the guilt or innocence of any suspect or arrestee, or comments concerning pending prosecution, not post, transmit, or otherwise disseminate confidential information. Employees shall not conduct political activities or private business on department sites or pages.

Employees will not share personal information about themselves, or any other FPD employee, or City of Fargo employee on any FPD approved social media web site.

Employees shall observe and abide by all copyright, trademark, and service mark restrictions in posting materials to electronic media.

342.5.1 INCIDENT-SPECIFIC USE

In instances of active incidents where speed, accuracy and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Public Information Officer or the authorized designee will be responsible for the compilation of information to be released, subject to the approval of the Incident Commander.

Fargo Police Department

Policy Manual

Department Use of Social Media

342.6 MODERATION OF THIRD PARTY CONTENT

As a public entity, the Fargo Police Department must abide by certain standards to serve all its constituents in a civil and unbiased manner. Posts or comments on a department sanctioned social media site containing any of the following inappropriate forms of content shall not be permitted and are subject to removal by the department PIO or his/her designee:

- (a) Content that is abusive, discriminatory, inflammatory or sexually explicit.
- (b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal or local laws.
- (c) Any information that could compromise an ongoing investigation.
- (d) Any information that could compromise or damage the mission, function, reputation or professionalism of the Fargo Police Department or its members.
- (e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects or the public.
- (f) Any content posted for personal use.
- (g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor or to the department's social media coordinator. The supervisor or social media coordinator will ensure its removal from public view and investigate the cause of the entry.

A comment posted by a member of the public on any FPD social media web page site is the opinion of the commentator or poster only, and publication of a comment does not imply endorsement, or agreement by the FPD, nor do such comments necessarily reflect the opinions of policies of the FPD.

Complaints against employees should not be reported on FPD social media sites. If a complaint is received via social media, the complaint will be handled according to existing FPD complaint procedures.

342.6.1 PUBLIC POSTING

Department social media sites shall be designed and maintained in order to provide posting of content by the public. The City of Fargo and the Fargo Police Department reserves the right to restrict or remove any content, which is deemed in violation of this policy, and the City of Fargo social media policy, or any applicable law.

342.7 MONITORING CONTENT

The Administrative Services Commander will appoint a supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

Policy Manual

Department Use of Social Media

342.8 RETENTION OF RECORDS

The Administration Division Commander should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

342.9 TRAINING

Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.

Line of Duty Death Response/Funerals

343.1 PURPOSE

The Fargo Police Department recognizes when a line of duty death or serious injury occurs the agency must be prepared. The manner, in which the agency responds to the family and co-workers at the time of the death, and in the subsequent weeks, is vitally important. The Fargo Police Department wants to assist in the recovery of emotional and psychological trauma the family and the department members are experiencing when these incidents occur. This policy addresses vitally important issues, which must be planned for in advance of a line of duty death.

343.2 POLICY

It shall be the responsibility of the Fargo Police Department to provide assistance to the immediate family of an employee who dies in the line-of-duty. This assistance is applicable whether the employee was killed feloniously or accidentally, while they were an active member of the department. We view our responsibilities to include the clarification and comprehensive study of survivor benefits, to provide tangible and intangible emotional support during this traumatic period, and continuation of contact and care after the funeral.

The complete implementation of this policy is predicated on the wishes of the affected member of the Fargo Police Department, if known by the department (See PACT Packet), the wishes of the surviving family, the needs of the surviving department members, and the reasonable ability of the department to satisfy those needs.

In order to provide support for the shift personnel and/or personnel involved in the same function, or with the same duties, the department may ask those members to participate in a debriefing/diffusing at the end of their tour of duty, and the department will make continued support available. The department will coordinate EAP referrals for any members or family members who may desire to access the City of Fargo EAP service.

When a line-of-duty death occurs, emotions are high and demand on personnel resources are considerable. The Chief of Police or his/her designee, may make a request for mutual aid to other surrounding law enforcement agencies to cover calls for service within the city of Fargo while Fargo Police Department personnel deal with their responsibilities and their grief. The need for mutual aid assistance may also continue while department members receive initial debriefing/diffusing, or other services as needed. The request for mutual aid may be active for street coverage during the fallen member's funeral services so department members may attend the funeral if they wish.

The Fargo Police Department recognizes its responsibility to extend mutual aid to the other surrounding law enforcement agencies should they suffer a line-of-duty death.

343.3 DEFINITIONS

343.4 POSITION DESCRIPTION AND RESPONSIBILITIES

The following positions will be activated immediately upon the death or life threatening injury of a department member. While each of these is outlined individually, it is also recognized several positions may be combined, and assigned to one person. Each individual assuming a functional responsibility will be responsible for maintaining resources and information for his/her function and have those resources readily available.

Officer in Charge (OIC)

It is the responsibility of the on-duty supervisor to notify the chain of command of the incident as soon as possible. Immediately upon notification of the incident, the Chief of Police shall appoint an officer in charge (OIC); typically the involved officer's division commander.

In order to prevent duplication of efforts, maintain order, and to insure the process works for the benefit of the fallen officer and his/her family, the OIC shall coordinate all department functions regarding the incident.

The OIC shall make assignments for tasks and responsibilities for department personnel, including the Peer Assistance Crisis Team (PACT) and Honor Guard. Those unit leaders shall report the status of their tasks to the OIC. Department personnel shall not perform incident related tasks without the approval of the OIC unless exigent circumstances exist.

Family Liaison Officer (FLO)

This individual will be responsible for attending to the needs of the family of the department member who is killed or seriously injured. This position will be the coordinating point for planning, visitation at the funeral home, the actual funeral, and follow-up care for the family.

Personnel assigned to this task will be accessible to the family at all times through the end of the funeral. This position may also be involved in follow-up care for the family as necessary.

This assignment is responsible for assuring the wishes of the family are followed closely throughout the funeral planning process, the funeral service, and internment. The Family Liaison Officer (FLO) will work closely with the Department Liaison Officer during the process to obtain the necessary approval for any expenditures.

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

In the event the fallen or injured officer has multiple families and/or an adversarial relationship exists between the families, the OIC may assign a separate FLO for each family.

Department Liaison Officer (DLO)

This individual must be a command level officer with the authority to allow the FLO to make financial obligations and purchases. The DLO will keep all agency personnel up to date on the plans and arrangements as he/she receives the information from the FLO. The DLO is the contact for any media representatives, who may contact the department for information regarding the injury or death. Media releases, reports, etc., which are to be released, regarding the death of any personnel, shall be provided to the family of the employee prior to being released to the public. The content of the media release may be communicated to the family in lieu of providing them with a physical copy of the pending release. Additionally, absolutely no information regarding the death of an employee shall be released prior to the deceased member's family being notified.

External Law Enforcement Liaison Officer

This individual will be responsible for being the point of contact and information conduit to other law enforcement agencies, and officers who are offering assistance, expressing condolences, or wanting to attend the funeral. This liaison will be responsible for sending out a teletype containing points of contact information consisting of phone and email information, as well as details related to the funeral service, procession, and internment.

Honor Guard Commander

This individual will have the responsibility for contacting and arranging honor guard, color guard, bagpipe players, buglers, etc. The Honor Guard Commander will work in very close contact with the FLO to make sure the family understands the options available, and to insure the family's wishes can be carried out within reason.

Benefits Officer

This individual is responsible for compiling all death benefits due to the survivors. Information on death benefits will be maintained, reviewed, and updated on an annual basis. The benefits explanation booklet available through Concerns of Police Survivors shall be a part of this information. The Benefits Officer will work in conjunction with the Administrative Division commander and the City of Fargo Human Resources Department to assemble this information as soon as possible upon the death of a member, and coordinate with the FLO to provide this information to the survivors. The Benefits Officer will prepare and file the necessary paperwork for these benefits on behalf of the family, as well as check the status of the claims until the benefits are paid to the survivors.

Survivor

For the purpose of this policy, the term survivor will apply first to the immediate family members of the deceased department member. The surviving spouse will be the decision maker regarding arrangements, and the person from whom the FLO will take directions. Should a

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

department member be single, the FLO will work directly with the surviving parents and adult children, if any.

343.5 PROCEDURES

Death or Life Threatening Injury - Internal Notifications

- (a) The Chief of Police or his/her command officer designee, may make a mutual aid request to surrounding agencies to provide police services within the City of Fargo, and pull department personnel out of service for PACT debriefing/diffusing.
- (b) The Chief of Police or his/her command officer designee, will prepare a Code Red message notifying all department personnel of a line-of-duty death (not including the name of the fallen officer) or life threatening injury directing personnel to their city email for further details, and make it optional for personnel to report to the department where further information and PACT will be available.

Death or Life Threatening Injury - Survivor(s) Notification

- (a) Immediately upon notification of a serious injury or death, the Chief of Police will appoint an OIC, who will appoint a Family Liaison Officer (FLO). PACT will be notified as they can retrieve the department member's emergency information located in the PACT Packet.
- (b) The name of the deceased employee shall never be released to the media prior to notifying immediate survivors living in the area. The name of the fallen employee should not be transmitted over the radio system.
- (c) If there is knowledge of a medical problem with an immediate survivor, medical personnel will be dispatched to the residence to coincide with the death notification.
- (d) The death notification will always be made in person and should never be made alone. The Chief of Police or his/her designee, the Family Liaison Officer (FLO), the department chaplain (or the family's chaplain), and/or the member's requested representative as identified in the PACT Packet, will act as the informing representatives.
- (e) If the above suggested persons are not readily accessible, notification should not be delayed until these people can assemble. If the department member has not yet died, all attempts will be made to get the family to the hospital prior to the member's death.
- (f) When most public safety families see a department representative at the home or place of work, they will know something is wrong. Ask to be admitted into their home or place of work. Never make a death notification on the doorstep. Gather everyone in the home and ask them to sit down. Inform them slowly and clearly of the information you have regarding the incident. Make sure you use the employee's first name during the notification.

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

- (g) If the employee has already died, relay this information. Never give the family a false sense of hope. Use words such as "dead" and "died" rather than "gone away" or "passed away."
- (h) If the family wants to go to the hospital, they should be transported via non-marked department vehicle. It is highly recommended the family NOT drive themselves to the hospital. If a family member is adamant about driving to the hospital, it is recommended that the officer provides a non-emergent escort to the hospital.
- (i) The department should find out if there are any young children in the home. Notification representatives will be responsible for arranging immediate baby-sitting needs, if requested.
- (j) Due to the nature of possible radio transmissions, the officer transporting the family should notify police personnel or hospital liaison at the hospital by phone the family is en route.
- (k) The surviving parents will also be afforded the courtesy of personal notifications if they live in the same geographic area. If the employee was married, notification will be at the request of the deceased employee's spouse. In this case, the parents' notification team will be department representatives designated by the Chief of Police, another department employee who knows the family well, and one of the department chaplains (or the parents' chaplain).
- (l) If the immediate survivors live out of town, request PERSONAL death notification from the public safety agency in that area. Logistical arrangements should enable simultaneous telephone contact with our agency.

Assisting the Survivors at the Hospital

- (a) If the family wishes, the FLO can be responsible for acting as the liaison for information between the hospital staff and the family. With the family's permission, additional information regarding the member's condition will be relayed from the FLO to the Department Liaison Officer (DLO) for release to the rest of the department.
- (b) The family of the employee will be afforded the opportunity to see the employee as soon as they wish, and as soon as is practical. If it is possible for the family to be with and see the employee prior to death, immediate arrangements should be made. In the event of the employee's death prior to the families arrival, the survivors should be allowed to see the deceased employee if they wish. While the FLO should try to prepare the survivors for the condition of the employee's body, the family should not be overly protected from reality. The FLO must make clear the importance of evidence preservation, therefore prohibiting contact with the deceased body.
- (c) In addition to the FLO, there will be at least one Fargo Police officer and chaplain present at the hospital at all times until the family departs. The primary responsibility of these personnel will be to shield the family from the media, unless the family wishes to speak with them. Should the employee not be deceased, there will be at least one Fargo Police officer posted at the hospital at all times. This officer will have the responsibility of assisting the FLO, family, and any other relatives who may congregate. The Department may also post an officer, for security purposes, outside of the injured officer's room.

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

- (d) The Department may also assign an officer, with a marked squad car, to be posted outside the injured or deceased employee's residence from the time of the injury/fatality through the end of the funeral day. This officer will only be provided to those employee's who reside within the corporate limits of the City of Fargo.
- (e) The Department Liaison Officer (DLO) will make hospital personnel aware of the fact this is a Workforce Safety and Insurance (WSI) claim and make the arrangements with the hospital for all WSI paperwork. As WSI paperwork and bills arrive after the incident, the DLO should make themselves available to the family for clarification and assistance with these details.

Support for the Survivors during the Wake/Funeral

- (a) As soon as practical, the FLO will discuss arrangements with the survivor(s). The survivor(s) must be made aware of the potential magnitude of the police funeral. All options for the service will be presented to the family. The survivor(s) will make all decisions based off all of the options, and the department will accommodate all reasonable requests of the family.
- (b) Members killed in the line-of-duty are eligible for certain ceremonial rituals at their viewing hours and funeral. It must be reiterated the survivor(s) has the final say regarding the funeral planning. The ceremonial rituals, outlined in Appendix 1 Funeral Protocol, are designed to be a guide in the planning and implementation of a employees funeral.

[See attachment: Appendix 1 Funeral Protocols.pdf](#)

343.6 BENEFITS

Information and Assistance - Benefits to the Surviving Family

- (a) The Benefits Officer will gather information regarding all department, association, state, and federal benefits available to the surviving family and ensure the department's full support pursuing these benefits. The Benefits Officer is responsible for filing the appropriate paperwork and following through with the surviving family to ensure benefits are being received.
- (b) The Benefits Officer should visit with the surviving family to discuss the benefits within a few days following the funeral. A prepared printout of the benefit payments due to the family, listing named beneficiaries, contacts at various benefit offices, and when they can expect to receive the benefit should be given to the family.
 - 1. The same explanation procedure should be repeated within a month following the funeral since the initial contact is clouded by the emotional numbness of the family during the first benefits meeting.
 - 2. A follow-up will be made every six (6) months until the surviving family receives every possible benefit.
- (c) If there are surviving children from a previous marriage, the guardian of those children should also receive a printout of benefits to which the child or children are entitled.

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

- (d) The Benefits Officer should pay special attention to the problems with possible revocation of health benefits to the surviving family. The City of Fargo requires survivors to contact the City of Fargo Human Resources Department within 30 days if they wish to continue coverage.

[See attachment: Line of Duty Death Benefits.pdf](#)

343.7 LEGAL PROCEEDINGS

If criminal violations surrounded the death of the department employee, the survivor(s) will be informed of all developments prior to any department media release.

If there are court proceedings surrounding the circumstances of the department member's death, the department will relay that information to the survivor(s) as soon as possible.

343.8 EXTENDED SURVIVOR SUPPORT

The Family Liaison Officer (FLO) will encourage and assist the family with obtaining emotional support and/or professional counseling services.

It is of paramount importance to help the primary surviving family to maintain a relationship with the department, if they desire. The following are suggestions to maintain support:

- (a) The FLO should schedule follow-up visits with the primary surviving family for at least two (2) years following the line-of-duty death, to include monthly phone calls, and greeting cards for special occasions/holidays.
- (b) The FLO will ensure the primary surviving family members are invited to all memorial services, or other department functions deemed appropriate.
- (c) The Benefits Officer will provide the primary surviving family members with information from organizations such as Concerns for Police Survivors (COPS), and other recognized police survivor organizations.

343.9 DEATHS OF RETIRED FARGO POLICE PERSONNEL

When a retired member of the Fargo Police Department (someone who is vested in the Fargo Police retirement system) dies within the State of North Dakota, or in close proximity to Fargo, the Department response will be based off the Department's needs and the reasonable wishes of the family of the deceased employee based on the following:

- (a) The family wishes do not unreasonably interfere with day to day operations of the Department.
- (b) The deceased officer will have retired from the Department in good standing (no pending complaints, or resignation due to a complaint).
- (c) The circumstances of the retiree's death is not related to any criminal activity by the retiree.
- (d) A four (4) officer Honor Guard detail will be offered to the family.

Fargo Police Department

Policy Manual

Line of Duty Death Response/Funerals

- (e) The Chief of Police may approve or deny family requests as deemed appropriate on a case by case basis.

343.10 LINE-OF-DUTY DEATHS IN OTHER AGENCIES

When a member of the Fargo Police Department becomes aware of a law enforcement line-of-duty death within the State of North Dakota, or in close proximity to Fargo, they should immediately notify the Chief of Police through their respective chain of command.

As soon as practical after notification of a law enforcement line-of-duty death, the Chief of Police or his/her designee, shall notify all department personnel. The notification should include an order to lower any department flags to half-staff, and for department personnel to wear mourning bands on their badges.

Flags shall be lowered to half-staff and mourning bands worn until after the funeral of the involved officer.

The department's standard response to line-of-duty deaths in the tri-state region will include four Honor Guard representatives and two squad cars, unless additional officers are approved by the Chief of Police.

The Chief of Police may order observances as deemed appropriate on a case-by-case basis in the event of unusual line-of-duty death circumstances occurring within the State of North Dakota, or occurring outside of the state.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-organizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Fargo, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide services within the limits of available resources. These include:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and accidents, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other divisions within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.

400.1.2 TERRORISM

It is the goal of the Fargo Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism-related and should document such incidents with a written report.

The supervisor should ensure that all terrorism-related reports are forwarded to the Investigation Division supervisor in a timely fashion. The Investigation Division supervisor shall review all terrorism-related reports as soon as practicable and contact the North Dakota Department of

Fargo Police Department

Policy Manual

Patrol Function

Emergency Services, Homeland Security Division when there is a reasonable suspicion that a terrorism threat exists.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-organizational cooperation and information flow between the various divisions of the Fargo Police Department.

400.2.1 INTEL UNIT

The Intel Unit, to include the crime analyst, will be the central unit for information exchange. Criminal information and reports can be submitted to the Intel Unit for distribution to all appropriate divisions within the Department through daily and special bulletins.

400.2.2 CASE REPORTS

A case report should be completed by any patrol officer who receives information about a criminal act occurring within Fargo PD's jurisdiction. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants/detectives and special unit sergeants/detectives are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

Patrol supervisors or their designee, will utilize the department's electronic bulletin board to disseminate information during the patrol briefing. Shift commanders and patrol supervisors shall also discuss topics to include, but are not limited to, policy implementation, relevant court decisions, department issues, and crime and ILP issues.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers shall consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved. However, officers and supervisors shall use their best judgement when deciding to make a physical arrest or complete a long-form case report as the best means to de-escalate an incident.

Patrol Function

400.4 DISABLED PERSONS

Should an officer encounter a person who exhibits any indication of disability or impairment, which appears to cause an immediate danger to the person's health or well being, the officer shall attempt to intervene in order to prevent the condition from worsening. If the contact may result in the person being charged with a crime or taken to a place of detention, this effort must be made, whenever feasible, prior to charging or detention.

In seeking to determine whether a disabled person suffers from an illness, the officer shall make a reasonable search for an identifying device or identification card. This search may not be done in a manner or to an extent that would appear to a reasonable person in the circumstances as posing an unreasonable risk of worsening the disabled person's condition.

An officer who finds a disabled person without an identifying device or identification card is not relieved of the duty to that person to ascertain the existence of any illness. An officer who determines or has reason to believe that a disabled person is suffering from an illness that would cause his/her condition shall promptly notify the person's physician, if practicable. If the officer is unable to discover the physician's identity or cannot communicate with the physician, the officer shall make a reasonable effort to have the disabled person transported immediately to a medical practitioner or a facility where medical treatment is available. If the officer believes it is unduly dangerous to move the disabled person, the officer shall make a reasonable effort to obtain the assistance of a medical practitioner on-scene (N.D.C.C. § 23-28-03).

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Fargo Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, gender, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The Fargo Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural, or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively, and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor.

Members of the Fargo Police Department are expressly prohibited from engaging in "racial profiling" and "other bias based policing" activities.

Bias-Based Policing

Members will not use the actual or perceived race, color, national origin, sex, gender identity, sexual orientation, religion, or disability, of any person, as the sole basis for developing reasonable suspicion or grounds for a traffic or street stop, or in deciding upon the scope and substance of post-stop actions.

Members must be able to articulate the specific police or public safety purpose of any traffic or street stop.

Members will immediately report any observed violations of this policy to a department supervisor.

Members should, when reasonably to do so, intervene to prevent any biased-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.5 SUPERVISOR RESPONSIBILITY

Supervisors are responsible for diligently monitoring those individuals in their command for any behavior exhibited that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
- (b) Supervisors should throughout each month review Mobile Video/Audio recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 1. During the monthly reviews, supervisors shall immediately document any positive or negative findings of any alleged or observed violations of this policy, and forward their report to their shift commander.
 2. Recordings or data that capture a potential instance of racial or bias-based profiling should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial/bias-based profiling.

Bias-Based Policing

401.6 ADMINISTRATION

Each year, the Field Services Division Commander shall review the efforts of the Department to prevent racial or bias-based profiling and submit an overview in this annual report, including public concerns and complaints, to the Chief of Police. This annual report should not contain any identifying information regarding any specific complaint, citizen or officer. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors shall review the annual report for the Department and discuss the results with those they are assigned to supervise.

401.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Unit.

Briefing

402.1 PURPOSE AND SCOPE

This policy discusses the activity of briefing and includes the tasks that should be accomplished during this period.

402.2 BRIEFING

Briefing is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing. However, officers may conduct briefing for training purposes, with supervisor approval.

Briefing should accomplish, at a minimum, certain basic tasks, including:

- (a) Providing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new policies or changes in policies.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

402.3 PREPARATION OF MATERIALS

The individual conducting briefing and/or roll call training is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training. A supervisor may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

402.4 RETENTION OF BRIEFING TRAINING RECORDS

Briefing training materials and a curriculum or summary shall be maintained by the patrol command staff, as appropriate.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Fargo Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

[See attachment: Crime Scene Entry Roster.pdf](#)

Crime and Disaster Scene Integrity

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present, there are no injured persons to be treated, and/or there no longer exists an imminent dangerous threat, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

[See attachment: Authority to Search Premises.pdf](#)

Ride-Along

405.1 PURPOSE AND SCOPE

The ride-along program provides an opportunity for persons to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the ride-along program.

Any person requesting to accompany or "ride-along" with a sworn officer assigned to patrol duties, or who otherwise wishes to accompany an officer or civilian employee while the officer or employee is on-duty and engaged in the performance of their work activities, shall first obtain authorization to do so from a command officer or a sergeant. The command officer or sergeant authorizing any such request shall ensure the requirements and/or restrictions established within this policy are followed.

405.1.1 ELIGIBILITY

The Fargo Police Department ride-along program is offered to residents, students and those employed within the City. Reasonable efforts should be made to accommodate interested persons. Any applicant may be disqualified without cause from participating in the program.

Factors that may be considered in disqualifying an applicant include, but are not limited to:

- Being under 14 years of age
- Prior criminal history
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor

405.1.2 AVAILABILITY

The ride-along program is available on every day of the week. The ride-along times are restricted to no more than a four consecutive hours. Exceptions to this schedule may be made as approved by the Chief of Police, Division Commander, or Shift Commander.

405.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by one of the shift sergeants. The participant will complete and sign a ride-along waiver form. Information requested will include a valid drivers license, address, date of birth, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the ride-along form.

The requirements described above may be waived by a command officer or a sergeant for the purpose of having a dignitary, public official, or representative of the news media accompany an on-duty sworn officer or civilian employee. In addition, nothing in this policy shall prevent

Fargo Police Department

Policy Manual

Ride-Along

or preclude an on-duty law enforcement officer from another jurisdiction from accompanying or assisting any department member in the performance of their work activities.

The shift sergeant will schedule a date, based on availability, and enter comments on the daily roster indicating which officer or civilian employee the rider will be assigned to. The shift sergeant will forward all ride-along request/waiver or liability agreements, including those which have been denied, to the Office of the Chief of Police where the forms will be retained for a period of six months.

Command officers and/or sergeants shall have the discretion to approve or deny any requests they receive from a person who wishes to accompany an on-duty sworn officer or civilian employee while the officer or employee is engaged in the performance of their work activities. If the ride-along is denied after the request has been made, the command officer or sergeant denying the request will contact the person, the person's parents, or legal guardian, and advise him/her of the denial. The command officer or sergeant shall also attach a brief written explanation as to why the request was denied to the corresponding ride-along request form.

Any person participating in a department authorized internship, work-study, or other similar program shall complete and submit a single ride-along request/waiver of liability agreement prior to beginning any such program. The agreement shall describe all of the activities associated with the program, and shall include any time the person requests to ride-along with a sworn officer assigned to patrol duties, or time requested with any other on-duty officer or civilian employee.

[See attachment: Updated 2016 RIDE ALONG WAIVER.pdf](#)

405.2.1 PROGRAM REQUIREMENTS

Once approved, civilian participants will be allowed to ride no more than once every six months. An exception would apply to the following: department interns, approved work-study students, qualified volunteers, chaplains, and police applicants with approval of the Shift Commander.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one participant will be allowed in the officer's vehicle at a given time.

Any person authorized to ride-along with an on-duty sworn officer or civilian employee shall be attentive and courteous at all times. The person shall follow all lawful instructions provided to them by any member of the department (see reverse side of attachment #1). Failure to comply with this requirement shall be sufficient cause for a command officer or sergeant to immediately dismiss the person from accompanying an officer or civilian employee.

405.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in appropriate attire. Business casual or professional attire is preferred. However, blue jeans, tennis shoes, and other casual attire are acceptable as long as it is not offensive or in disrepair. Sandals, tank tops, shorts, and

Fargo Police Department

Policy Manual

Ride-Along

ripped or torn blue jeans are not permitted. The Shift Commander or field supervisor may refuse a ride-along to anyone not properly dressed.

405.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department will not be permitted to ride-along with on-duty officers.

Unless specifically authorized by the Chief of Police, no person other than an "on-duty" law enforcement officer from another jurisdiction may carry or otherwise have in their possession a firearm or other dangerous weapon while they are accompanying an on-duty sworn officer or civilian employee of the department while the officer or employee is engaged in the performance of their work activities.

405.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check, a North Dakota Criminal Justice Information Sharing (CJIS) and National Crime Information Center (NCIC) warrants check prior to approval as a ride-along participant (provided that the participant is not an employee of the Fargo Police Department).

405.3 OFFICER'S RESPONSIBILITIES

Officers shall consider the safety of the participant at all times. Officers will be responsible for ensuring the person riding is not negligently exposed to hazards associated with the officer or civilian employee's work activities.

Officers should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit. If practicable, the participant should be let out of the vehicle in a safe, well-lit place. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Sworn officer or civilian employees may ask a command officer or sergeant to dismiss a request to ride-along or a current ride-along from accompanying them further, if the officer or civilian employee believes the person is in violation of this policy, or for other reasonable cause. The command officer or sergeant receiving any such request shall have final authority over any such decisions.

The shift sergeants are responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the shift commander with any comments that may be offered by the officer.

Officers shall take all reasonable steps to ensure sensitive information is not shared with the ride-along to include criminal intelligence or information detrimental to any on-going cases.

405.4 CONTROL OF RIDE-ALONG

The officer shall maintain control over the participant at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include the following:

Fargo Police Department

Policy Manual

Ride-Along

- (a) The participant will follow the directions of the officer.
- (b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.
- (c) The participant may terminate the ride at any time and the officer may return the observer to his/her home, the place of the ride origin or to the station if the participant interferes with the performance of the officer's duties.
- (d) Ride-along participants may be allowed to continue riding during the transportation and booking process, provided this does not jeopardize their safety.
- (e) Officers will not knowingly allow any participant to be present in any residence or situation that would jeopardize his/her safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian participant be permitted to enter a private residence with an officer without the express consent of the resident or other authorized person.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees and others as a result of their exposure. To comply with applicable law, the following represents the policy of this department.

The Fargo Police Department, in hazardous material incidents, will secure the scene, control vehicular and pedestrian traffic, and assist the Fargo Fire Department and other city departments.

The Fargo Fire Department is the designated emergency response authority of the City of Fargo and as such will be in charge at the scene of a hazardous material incident. The Fargo Fire Department has the training and expertise in the handling of hazardous materials and compliance with Federal regulations.

406.1.1 HAZARDOUS MATERIAL DEFINED

Definitions related to this policy include:

CHEMTREC - Chemical Transportation Emergency Center, a public service of the Manufacturing Chemists Association. The center provides information about the product for those at the scene of emergencies, then promptly contacts the shipper of the chemicals involved for more detailed assistance and appropriate follow up. CHEMTREC is not intended and is not equipped to function as a general information source. Do not call CHEMTREC on problems other than chemical cargo emergencies.

Hazardous substance - A chemical or substance or a mixture of chemicals and substances defined as hazardous under the federal Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), known as Superfund (N.D.C.C. § 18-01-34).

Shipping Papers - Papers which list the specific cargo being transported. The papers list the sender, the receiver, the carrier, the destination and details of the contents, and the dangers associated with the materials.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, train derailment, chemical spill, or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The Fargo Fire Department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. Officers will assist within their level of training as a first responder.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

Fargo Police Department

Policy Manual

Hazardous Material Response

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) If safe to do so, attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
 1. Determine wind direction and speed at the scene.
 2. Approach the scene with caution and from an upwind direction
 3. When there is any question whether materials are hazardous, officers will avoid contact with the material and will keep other persons away from the material.
 4. Officers should refer to the DOT Emergency Response Guidebook either in their squad car or downloaded onto their department issued smart phone, and take the appropriate emergency action.
 5. Identification is usually accomplished by descriptive data in shipping papers and placards. If this information is not readily obtainable due to an incapacitated driver, destruction of shipping papers or placards, or general safety concerns due to proximity, officers can contact CHEMTREC at 1-800-262-8200
- (b) Notify the fire department through RRRDC.
- (c) Provide first aid to injured parties if it can be done safely and without contamination.
- (d) Begin traffic and crowd control measures
 1. Traffic Control - major routes should be established and maintained. Private vehicles will be prevented from entering the area and will be removed if blocking emergency equipment. Road blocks and alternate routes should be established as needed.
 2. Crowd Control - crowd control measures should be implemented as soon as possible to keep spectators away from the contaminated area. This will reduce the possibility of looting and other crimes in the affected area and minimize interference and injury.
- (e) Any additional information which may be helpful to emergency responders in determining the best course of action

406.3 SUPERVISOR RESPONSIBILITIES

When notified of a hazardous material incident, the on-duty supervisor shall respond to the Fire Department Command Post to determine what level of assistance department personnel can provide. The department's roles during a hazardous material incident may include:

- Scene protection/isolation
- Traffic and crowd control
- Escorting necessary non-law enforcement emergency equipment
- General search and rescue

Fargo Police Department

Policy Manual

Hazardous Material Response

- Assist in evacuation notifications and procedures

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

406.4 EVACUATION

The decision to evacuate an area in a hazardous material incident is generally that of the Fire Department. If no Fire Department officials are present to make that decision, the incident commander is empowered to make such a decision.

The policy of this department is to request voluntary compliance to requests for evacuation, and not to evict persons forcibly from their homes and businesses. In cases involving the mentally or physically ill, those unable to understand, including children, etc., proper action will be dictated by the circumstances. Nonresidents and those without lawful business in the area may be required to leave if deemed necessary.

Every reasonable effort must be made to safeguard the homes and property of those evacuated. This includes limiting access to the area, and if possible, patrolling to prevent looting and vandalism.

406.5 DECONTAMINATION

Any exposure to a hazardous material at an incident will require the decontamination of all exposed uniforms and equipment as determined by the appropriate responding HAZMAT expert.

406.6 REPORTING EXPOSURE

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an incident report that shall be forwarded via chain of command to the Division Commander as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the incident report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide direction for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

Inner Perimeter - The immediate area of containment for the incident.

Outer Perimeter - A control area surrounding the inner perimeter, providing a safe zone for access to the inner perimeter, as well as defining the limit of access by unauthorized personnel.

407.2 POLICY

It is the policy of the Fargo Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

Hostage and Barricade Incidents

407.3.1 EMERGENCY COMMUNICATIONS

An officer with supervisory control over an incident in which there is probable cause to believe that an individual could suffer injury or death as a result of the incident may order a telecommunications company to cut, reroute or divert telecommunications transmissions for the purpose of controlling communications (N.D.C.C. § 8-10-11).

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

Hostage and Barricade Incidents

- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

Fargo Police Department

Policy Manual

Hostage and Barricade Incidents

- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SWAT response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 RED RIVER SWAT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SWAT Commander, whether to deploy the SWAT team during a hostage or barricade situation. Once the Incident Commander

Fargo Police Department

Policy Manual

Hostage and Barricade Incidents

authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue to maintain operational command and control over the incident. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

407.6.1 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Fargo Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Fargo Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device using the bomb threat checklist as a guide.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Commander is immediately advised and informed of the details. This will enable the Shift Commander to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

[See attachment: Bomb Threat Checklist.pdf](#)

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 FARGO POLICE DEPARTMENT FACILITY

If the bomb threat is against the Fargo Police Department facility, the Shift Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Fargo Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Commander deems appropriate.

Fargo Police Department

Policy Manual

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Fargo, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 RESPONSE

Officers responding to a bomb threat will take the following steps:

- (a) Position your vehicle in a manner, which protects the scene or controls pedestrian and vehicle traffic, but does not prevent other emergency response vehicles from access.
- (b) Limit communications within 300 feet of the potential threat area or device to intrinsically safe portable radios or cellular phones.
- (c) Ensure Fargo Fire Department and medical personnel are dispatched to the scene to stand by at a safe location.

Fargo Police Department

Policy Manual

Response to Bomb Calls

- (d) Officers should not use any electronic communications equipment when they are within 50 feet of a potential threat area or device.

408.5.2 ASSISTANCE

The Shift Commander should be notified when police assistance is requested. The Shift Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices

Fargo Police Department

Policy Manual

Response to Bomb Calls

- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Commander including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

Response to Bomb Calls

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Mental Illness Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place a person under a mental illness commitment for purposes of a mental health evaluation (N.D.C.C. § 25-03.1-01 et seq.).

409.2 POLICY

It is the policy of the Fargo Police Department to protect the public and individuals through legal and appropriate use of mental illness commitments.

409.3 AUTHORITY

When an officer has reasonable cause to believe that an individual requires treatment and there exists a serious and immediate risk of harm to that individual, other persons, or property, and preliminary intervention by a magistrate is not possible, the officer may take the individual into custody and transport him/her to a public treatment facility to be screened for admission (N.D.C.C. § 25-03.1-04; N.D.C.C. § 25-03.1-25).

Should emergency conditions exist that prevent the immediate transportation of the individual to a public treatment facility, a private facility that has adequate resources and capacity may hold the individual for up to 23 hours prior to transfer to a public treatment facility (N.D.C.C. § 25-03.1-25).

If an officer reasonably believes that the individual is not complying with an order for alternative treatment, that the alternative treatment is not sufficient to prevent serious risk of harm, and that considerations of time and safety do not allow intervention by a court, the officer may cause the individual to be taken into custody and detained at a treatment facility as provided by law (N.D.C.C. § 25-03.1-21).

Upon being taken into custody, an officer shall immediately advise the individual of the purpose of custody, of the intended uses and possible effects of any evaluation that the individual undergoes, and of the individual's rights to counsel as well as a preliminary or treatment hearing (N.D.C.C. § 25-03.1-25).

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a mental illness commitment, he/she may inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility. If the person so desires, the officer should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person for detention for the purpose of a mental health evaluation.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, the officer should proceed with the involuntary detention for the purpose of a mental health evaluation, if appropriate.

Mental Illness Commitments

- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission. If during the officer's investigation he/she has gathered enough information to support reasonable cause necessary to involuntarily commit the individual for an evaluation, the officer shall fill out an Evaluation and Detention form even if the person agreed to go willingly.
- (d) If an officer does not find reasonable cause to involuntarily commit the individual, but the individual is voluntarily transported to a mental health facility, the officer must enter comments into the dispatch run to document those facts.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who may qualify for detention for the purpose of a mental health evaluation should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the possible cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques, such as Crisis Intervention Team.
- (d) Community or other resources that may be readily available to assist with mental health issues such as the Mobile Crisis team.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of officers and others.

Detention for the purpose of a mental health evaluation should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

409.5 TRANSPORTATION

When transporting any individual for a mental illness commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Although the preferred method of transportation is by ambulance, an officer may transport individuals in the patrol unit and, if appropriate and necessary, shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in an ambulance and the safety of any person, including the detainee, requires the presence of an officer during the transport, an officer may accompany the transport.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the officer has reasonable cause to believe the person is a danger to

Mental Illness Commitments

themselves or others, the officer shall provide the staff member with the Evaluation and Detention form for the purpose of a mental health evaluation and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

Upon arrival to the appropriate facility, the officer shall complete and provide the Evaluation and Detention form to the facility staff. The Evaluation and Detention form must state the circumstances under which the individual was taken into custody and must describe the actions that led the officer to believe the individual requires treatment, and that, because of that person's condition, there exists a serious risk of harm to the individual, another person or property if the person is not immediately detained (N.D.C.C. § 25-03.1-25).

The officer should also provide a verbal summary to a receiving facility staff member regarding the circumstances leading to the involuntary detention.

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for a mental health evaluation should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for detention for the purpose of a mental health evaluation has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention, and determine if an arrest is appropriate.
- (b) Facilitate the individual's transfer to jail.
- (c) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for detention.

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should contact the Cass County States Attorney's Office to discuss the seriousness of the offense, the treatment options available, the ability of the Department to regain custody of the individual, department resources (posting a guard), and other relevant factors before making this decision.

Mental Illness Commitments

409.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a mental illness commitment, the handling officer should try to determine if the person owns or has access to any firearm or other deadly weapon.

North Dakota Century Code does not allow specific authority to seize property from a person for the purpose of safekeeping, to include suicidal individuals. Doing so could create a liability for the department and the officer. In situations where there is no lawful reason to seize the firearm as evidence, the firearms may only be taken into custody with consent of the lawful owner or their designee. These persons should be encouraged to find alternative methods of securing the firearms such as, turning them over to a family member, a friend, or rendering the firearm unusable.

Firearms may be taken and logged in as safekeeping when:

- (a) All other options for alternative storage have been exhausted, AND
- (b) The owner has given permission for the firearm to be placed in police custody, AND
- (c) A report has been completed documenting the reason for police custody and consent from the owner, AND
- (d) A Safekeeping Receipt has been issued to the owner.

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody. The department does background checks on all persons claiming the return or release of a firearm from the Property Unit. Firearms will not be returned to individuals who are not the lawful owner and/or who cannot lawfully possess them.

409.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, mental illness commitments and crisis intervention.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

412.2 POLICY

The Fargo Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If there is a reasonable belief, a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (c) Whether the suspect can be contained or denied access to victims.
- (d) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (e) Whether planned tactics can be effectively deployed.

Rapid Response and Deployment

- (f) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (RRV SWAT and/or the RRV Negotiation team).

412.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.5 PLANNING

The department's Emergency Management Coordinator should develop and coordinate critical incident planning with the Division commanders. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

412.6 TRAINING

The Administrative Lieutenant should include rapid response to critical incidents in the training plan. This training should address:

Fargo Police Department

Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Reporting Law Enforcement Activity Outside of the Jurisdiction

413.1 PURPOSE AND SCOPE

This policy provides direction for reporting law enforcement activity, while on- or off-duty, that is occurring outside the jurisdiction of the Fargo Police Department.

413.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Commander and shall respond to the request as outlined in the Mutual Aid and Outside Agency Assistance Policy. If the request is of an emergency nature, the officer shall notify Dispatch before responding and thereafter notify a supervisor as soon as practicable.

413.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer who engages in self-initiated law enforcement activities of any type outside the immediate jurisdiction of the Fargo Police Department that are not part of a mutual aid request shall notify his/her supervisor or the Shift Commander as soon as practicable. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction, shall notify the Shift Commander as soon as reasonably practicable.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Division Commander.

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to employees of the Fargo Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Fargo Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or North Dakota constitutions.

414.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

Fargo Police Department

Policy Manual

Immigration Violations

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

414.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Fargo Police Department

Policy Manual

Immigration Violations

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Division supervisor assigned to oversee the handling of any related case. The Investigation Division supervisor should coordinate with the department crime victim liaison to:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.9 TRAINING

The Administrative Lieutenant should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for addressing City of Fargo utility service emergencies. This policy will address calls for service that are frequently directed to the Fargo Police Department.

415.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. The public works department can only turn off the valve at the meter. The citizen can normally turn off the water to the residence from the meter.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by Dispatch. Broken water main lines located on or near public streets may cause a significant public safety concern. Officers may need to assess the situation and coordinate with the Fargo Public Works Department to determine if police traffic control intervention is necessary.

415.1.2 ELECTRICAL LINES

The public works department does not maintain electrical lines to street light poles, but does maintain the metal street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or the public works department should be promptly notified, as appropriate.

415.1.3 RESERVOIRS, PUMPS AND WELLS

The Fargo Public Works Department maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

In the event of flooding, reservoirs may need to be checked to ensure individuals, especially children are not playing or swimming in the flood water. The department Public Information Officer may have to coordinate with the Public Works Department to advise individuals or warn parents to keep their children away from the reservoirs.

415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Dispatch.

415.2 TRAFFIC SIGNAL MAINTENANCE

The City of Fargo is responsible for maintenance for all traffic signals within the City other than those maintained by the North Dakota Department of Transportation (NDDOT).

Fargo Police Department

Policy Manual

Emergency Utility Service

415.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency. The officer shall assess the traffic situation to determine the need for temporary traffic control.

Police Training Officers

417.1 PURPOSE AND SCOPE

The Police Training Officer (PTO) Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Fargo Police Department.

It is the policy of this department that all new police officers must successfully complete the PTO program. The PTO Program is designed to prepare the new officer to perform in a patrol assignment and to acquire all of the skills needed to operate in a safe, productive, and professional manner. It also prepares officers to become better problem solvers in the daily performance of their duties.

417.2 DEFINITIONS

Lateral Police Officer: An officer who has previous law enforcement experience with another agency.

417.3 POLICE TRAINING OFFICER

417.3.2 PTO TRAINING

An officer selected as a PTO shall successfully complete a PTO course approved by the Department prior to being assigned as a PTO. PTOs are expected to attend on-going training to improve and enhance their law enforcement skills. They are also expected to stay up-to-date on changes to department policies, procedures, local, and state laws.

417.3.3 PTO RANK

PTOs who have successfully trained at least one recruit officer and with the approval of the PTO Administrator, will be allowed to wear a double chevron on their sleeves of their uniforms.

PTOs will fall under the department's rank structure in accordance with Policy 200, Organizational Structure. However, becoming a PTO is not considered a promotion.

PTOs who transfer to other lateral assignments or resign as PTOs, and who are not a member of the Board of Evaluators, must remove the chevrons from their uniforms.

417.3.4 REMOVAL FROM PTO DUTIES

The position of PTO is considered a secondary assignment, and it is not a promotion. PTO's who fail to satisfactorily maintain their skills, professionalism, or leadership can be removed from their status as a PTO at any time.

417.4 POLICE TRAINING SERGEANT

The Police Training Sergeant (PTS) is the direct supervisor to a recruit officer. It is preferable a PTS should have prior training and experience as PTO in order to be assigned as a PTS, but there may be circumstances where the department selects a sergeant to be a PTS, who was never a PTO.

The responsibilities of the PTS include:

- (a) Meet bi-weekly with the recruit officer and their assigned PTO to discuss the recruit's performance, training expectations, and learning issues.
- (b) Review all recruit officer and PTO documentation.
- (c) Ensure all training documentation is properly filed.
- (d) Handle short-term scheduling issues as needed.
- (e) Provide guidance to the assigned PTO when necessary.

Police Training Officers

417.5 POLICE TRAINING OFFICER PROGRAM COORDINATOR

The PTO Program Coordinator will be selected from the rank of sergeant within the Field Services Division by the PTO Program Administrator and the Field Services Division Commander. The responsibilities of the PTO Coordinator include, but are not limited to:

- (a) Provide leadership to the PTO training team and ensure communication about the program is shared with all team members.
- (b) Set recruit schedules and PTO assignments.
- (c) Facilitate PTO meetings and retreats.
- (d) Ensure PTO performance reviews are completed and proper follow-up is conducted.
- (e) Advise and assist the cadre of PTO Sergeants.
- (f) Monitor individual PTO performance and keep the PTO Administrator updated about their performance.
- (g) Ensure all training documentation is complete and maintained.
- (h) Attend Board of Evaluator meetings.
- (i) Participate in the selection and training of new PTOs, PTSs and Board of Evaluator (BOE) members.

417.6 POLICE TRAINING OFFICER PROGRAM ADMINISTRATOR

The PTO Program Administrator should be a Field Services Division lieutenant, who has experience and familiarity with the PTO program. The PTO Administrator's responsibilities include, but are not limited to:

- (a) Oversee the operations of the PTO program.
- (b) Provide updates about recruit training to the senior command staff.
- (c) Oversee the selection and training of the PTOs and PTSs.
- (d) Determine policies and procedures related to the PTO program.
- (e) Handle disciplinary issues within the PTO program.

417.7 RECRUIT OFFICER TRAINING REQUIREMENTS

Recruit officers shall be required to successfully complete the PTO program to maintain employment with the Fargo Police Department. Each recruit officer must complete 13 weeks of phase training, a one-week midterm evaluation, a one-week non-traditional training period, and a two-week final evaluation, for a total of 17 weeks of training. The length of the training program could be extended if it is determined the recruit officer needs additional time for development.

The training period for lateral police officers can be shortened to a minimum of eight (8) weeks depending on their demonstrated performance and level of experience. The lateral police officer must also pass a final evaluation.

Fargo Police Department

Policy Manual

Police Training Officers

To the extent possible, recruit officers should be assigned to a variety of PTO's, shifts, and geographical areas during the training program.

417.8 TRAINING DOCUMENTATION

Documentation of the recruit officer's performance in the PTO program is an important component of the training process and shall be completed as outlined below. All documentation will become part of each recruit officer's permanent training record.

417.8.1 RECRUIT OFFICER DOCUMENTATION

- (a) All recruit officers will be required to complete a daily learning journal which will describe their daily activities and contain their self-assessment of their daily performance. These journals will be submitted daily to their assigned PTO for review.
- (b) All recruit officers must complete a Coaching and Training Report (CTR) at the end of each phase of their training. This report will contain their self-assessment of their performance in the 16 Core Competencies.
- (c) All recruit officers will complete two Problem Based Learning Exercises (PBLE). These exercises will be assigned at the start of training. The first PBLE must be completed prior to the start of the midterm evaluation, and the second PBLE must be completed prior to the start of the final evaluation.

417.8.2 PTO DOCUMENTATION

- (a) PTOs will complete a daily learning journal while assigned a recruit officer. This journal will contain a summary of the recruit officer's daily activities as well as the PTO's assessment of the recruit's performance. The journal shall be shared with the recruit officer.
- (b) PTOs will complete their portion of the CTR at the completion of each phase of training. The CTR will be shared with the recruit officer.
- (c) PTOs assigned as Evaluators will complete a Coaching and Training Evaluation (CTE) at the end of the midterm and final evaluations. The CTE will be shared with the recruit officer.

417.8.3 PTS DOCUMENTATION

All PTSs will complete a bi-weekly form which will provide a summary of the bi-weekly meeting held with the recruit officer and the assigned PTO.

417.9 BOARD OF EVALUATORS

The Board of Evaluators (BOE) consists of a group of PTOs, who have been re-assigned to other lateral assignments within the department such as Investigations, Narcotics, K-9, etc. The members maintain an inactive status, but are still considered part of the PTO program. Members are selected by the PTO Coordinator and PTO Administrator based on the PTO's past performance as a trainer.

Police Training Officers

The BOE will meet at the conclusion of the midterm evaluation and the final evaluation to determine if the recruit officer has successfully passed either evaluation. During a convened BOE meeting, the members will listen to testimony from the assigned PTOs and the assigned PTS, as well as review any relevant training documentation. At the conclusion of the meeting, the BOE will submit a written recommendation to the PTO Coordinator concerning the recruit officer's continuation, removal, or graduation from the program. The Chief of Police and/or the PTO Administrator will have the final determination regarding a recruit officer's graduation from the program.

The BOE will consist of no less than three members during a convened meeting.

417.10 EXTENSIONS TO TRAINING

Occasionally, recruit officers may need additional time to learn the skills needed to be a successful police officer. The department recognizes not every recruit officer will complete training at the same pace as others, and extensions to the training program may be necessary.

Each extension of training is unique to the individual recruit officer and can vary in length. The goal of the training extension will be to continue substantial progress towards successful graduation. Training extensions may be followed by an evaluation period to assess the progress of the recruit officer.

417.10.1 LEARNING ACTIVITY PACKAGE

When a recruit officers training is extended due to performance or learning issues, the assigned PTO, PTS, and the PTO Coordinator will create a learning activity package (LAP) for the recruit officer. The LAP will contain the following:

- (a) A summary of the recruit officer's training deficiency
- (b) The expected outcomes and learning objectives of the training extension
- (c) Detailed tasks and activities which will help the recruit officer overcome their training deficiency
- (d) A list of resources which can be used by the recruit officer and the PTO to help in the recruit officer's learning

The LAP will be given to the recruit officer prior to the start of the training extension. Also, a copy of the LAP will be retained in the recruit officer's training documentation.

417.10.2 COMPLETION OR CONTINUATION OF EXTENSION

An extension period may be followed by an evaluation period to further assess the recruit officer's progress. A training extension period will end once it's determined a recruit officer has satisfactorily achieved the objectives of the assigned LAP by the BOE. If the BOE determines the recruit officer has not achieved the objectives of the LAP, the BOE will determine if a continuation of the original LAP is needed or decide if a new LAP is necessary.

Police Training Officers

417.11 FAILURE TO COMPLETE THE PTO PROGRAM

If it is determined by the BOE and the PTO training team that the recruit officer is not making sufficient progress towards the completion of the PTO program, the process for the removal from the program will be initiated upon the approval of the PTO Administrator and the Field Services Division Commander. The process will include:

- (a) A recommendation to the Chief of Police to remove the recruit from training
 - 1. If approved by the Chief of Police, the recruit officer will be placed on paid administrative leave
- (b) A formal Office of Professional Standards complaint will be initiated by the PTO Administrator
- (c) The Office of Professional Standards will conduct interviews, review the overall training record for the recruit officer, and submit a written recommendation of the findings to the Chief of Police

417.12 PTO PROGRAM COMPENSATION

Refer to Policy 1019 Compensation.

417.12.1 MEETINGS, BOARD OF EVALUATORS, AND TRAINING

- (a) If a PTO or PTS is required to attend a BOE, outside of their regularly scheduled work period, they will receive a minimum of two (2) hours of straight time or 2 hours of NR time.
- (b) If a PTO or PTS is required to attend any other meeting, or in-service training, this time will be NR time.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Consensual encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - This type of search is used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot, and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The Fargo Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable

Fargo Police Department

Policy Manual

Contacts and Temporary Detentions

suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Fargo Police Department to strengthen community involvement, community awareness, and problem identification.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts that, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description of a suspect or clothing worn that matches clothing worn by a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other dangerous weapon.

Contacts and Temporary Detentions

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should make note of the consent in the narrative portion of the applicable call for service. Officers may not force a person in a consensual encounter in a public place to pose, or require them to face the camera during the photographing. Officers, in such encounters, are not permitted to keep citizens at a location while waiting for someone to take their photo.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Photographs of persons located in public areas, where they have no expectation of privacy, are allowed without the person's consent, if the person is in such a position that the officer can take the picture without seeking consent, and the officer does not force the person to pose for the photo.

Field photographs may also be taken without consent if they are taken during a detention which is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate the subject was involved in, or was about to become involved in criminal conduct. The subject should not be ordered to remove, or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be retained in compliance with this policy and the records retention schedule. All other copies of photographs, whether electronic or physical, shall be deleted/destroyed after the photograph has been properly entered in the records management system, unless approved by a supervisor.

419.6 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices as best as possible in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

Contacts and Temporary Detentions

419.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and uploaded to the department's Bulletin Board, and/or submitted to the Intel Unit with either an associated FI card, or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted with the related case report for entry into the case file..

If a photograph is not associated with an investigation where a case number has been issued, the officer will forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or memorandum is relevant to criminal gang enforcement, the officer will forward the photo and documents to the Intel Unit and to the Metro Street Crimes supervisor. The Metro Street Crimes supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in the criminal gang file, or that are not evidence in an investigation with an assigned case number shall be forwarded to the Intel Unit. These photographs will be purged in accordance with intelligence purging guidelines.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in compliance with the department's records retention schedule.

419.8 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Department members.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Intelligence and Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Fargo Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates criminal intelligence information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates.

Criminal street gang - Any ongoing organization or group of three or more persons, whether formal or informal, that acts in concert or agrees to act in concert with a purpose that any of those persons alone or in any combination commit or will commit two or more predicate gang crimes (N.D.C.C. § 12.1-06.2-01(3)).

420.2 POLICY

The Fargo Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

The Fargo Police Department Intelligence Unit will be responsible for maintaining each criminal intelligence system that has been approved for department use. The Intelligence Unit supervisor shall ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the Intelligence Unit supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence

Criminal Intelligence and Organizations

system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the Intelligence Unit supervisor should ensure copies of those documents are retained by the Intelligence Unit. Any supporting documentation for an entry shall be retained by the Intelligence Unit in accordance with 28 CFR Part 23 and N.D.C.C. § 44-04-18.7

The Intelligence Unit supervisor should ensure that any documents retained by the Intelligence Unit are appropriately marked as intelligence information. Such documents may not be purged without the approval of the Intelligence Unit supervisor. Information sent to the Intelligence Unit to be considered for inclusion in the department intelligence system should be labeled in the subject line of an e-mail or prominently placed on the document as "Criminal Intelligence" as defined in N.D.C.C. § 44-04-18.7. For auditing purposes, shortened or alternate versions of "criminal Intelligence" should not be used.

420.3.2 STORAGE OF CRIMINAL INTELLIGENCE INFORMATION

It is the role of the Fargo Police Department Intelligence Unit to properly store criminal intelligence information in a database which captures the following:

- (a) Originating date of information
- (b) type of information
- (c) Source of information
- (d) Status
- (e) Evaluation (reliability)
- (f) Officer who provides the information
- (g) Any locations, subjects, vehicles connected to that information
- (h) Any documentation to supplement the information (i.e. photos, videos, audio files, documents, etc.)

420.3.3 DISSEMINATION OF CRIMINAL INTELLIGENCE INFORMATION

It is the responsibility of the Intelligence Unit to properly disseminate criminal intelligence information in accordance with 28 CFR part 23 on the intended recipient's need to know.

420.3.4 PURGING OF CRIMINAL INTELLIGENCE INFORMATION

It is the responsibility of the Intelligence Unit to ensure criminal intelligence information files are not stored more than five (5) years in accordance with 28 CFR Part 23. Criminal intelligence information may be extended beyond five (5) years if additional criminal intelligence information is obtained regarding that specific person, location, vehicle, etc, and the information obtained is of the same subject type. The Intelligence Unit will run a monthly purge at the beginning of each month to ensure all outdated files are purged. The Intelligence Unit will keep a record of all purged items which states the following:

- (a) Internal reference number

Criminal Intelligence and Organizations

- (b) Date and time entered into the intelligence database
- (c) Date and time of last update to that file
- (d) Type of information

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system (CIS). However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the Intelligence Unit responsible for consideration of CIS entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within 30 days, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible Intelligence Unit supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Division or Property Unit, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI forms, Dispatch records or booking forms).
- (c) No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than 30 days. At the end of 30 days, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The Intelligence Unit supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the Intelligence Unit supervisor.

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information to the Fargo Police Department Intelligence Unit. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.

Criminal Intelligence and Organizations

- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Intelligence Unit supervisor to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system as defined in 28 CFR Part 23 and N.D.C.C. § 44-04-18.7 regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and may not be furnished to other law enforcement agencies or non-law enforcement persons or organizations.

420.7 CRIMINAL STREET GANGS

The Metro Area Street Crimes Unit supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

420.8 TRAINING

The Intelligence Unit supervisor should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Commanders

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

421.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a Lieutenant is unavailable for duty as a Shift Commander, in most instances the qualified sergeant shall be designated as acting Shift Commander. This policy does not preclude designating a less senior officer as an acting Shift Commander when operational needs require .

Mobile Audio/Video

422.1 PURPOSE AND SCOPE

The Fargo Police Department has equipped marked patrol cars with Mobile/Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy is to establish standard parameters by which the department's Mobile/Audio Video recording system is to be utilized by department personnel, to include how any video/audio recording captured or otherwise obtained through the use of the system is to be accessed and/or retained.

Department personnel having access to the department's Mobile/Audio Video recording system shall utilize the system as described within this policy. This includes the parameters associated with recording, accessing, viewing, duplicating, and/or managing any video and/or audio information captured or obtained through the use of the system. All video and/or audio recordings obtained through the use of the system shall be considered the property of the Fargo Police department and will only be used for the official business purposes of the department.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at a minimum, a camera, microphone, recorder and monitor.

In-custody - Being in the custody of a sworn officer as the result of an arrest or judicial order.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Primary Officer - The sworn officer designated or identified as being responsible for the police action, to include the completion of any case report, associated with a call for service or other incident involving department personnel.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

422.2 POLICY

It is the policy of the Fargo Police Department to use mobile audio and video technology to more effectively fulfill the mission of the Department and to ensure these systems are used securely and efficiently.

Mobile Audio/Video

422.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field; this includes department issued smart phones and digital audio recorders. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. Only Fargo Police Department issued or approved recording systems are to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training. Any problems or defects with the system or equipment shall be reported to an on-duty Field Services Division supervisor as soon as practical. A problem or defect with the MAV recording system, which renders the system inoperable within that vehicle does not preclude an officer from using the vehicle in the performance of their work duties.

422.4 ACTIVATION OF MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated, the speed threshold is met, the vehicle is involved in a significant accident, or the system can be turned on manually. The system remains on until it is turned off manually. The audio portion can be independently controlled and can be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

422.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances, it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system shall be activated in any of the following situations when it is practical, reasonable, and/or necessary for an officer to do so:

- (a) All field contacts involving actual (a) or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. DUI investigations including field sobriety tests

Fargo Police Department

Policy Manual

Mobile Audio/Video

8. Crimes in progress
 - (b) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
 - (c) Any other circumstance where the officer believes that a recording of an incident would be appropriate.

The requirement to record all enforcement actions taken by an officer does not extend to every action associated with an enforcement action. Officers may choose not to record certain activities associated with an enforcement action such as communicating with other officers, witnesses, or a complainant. Officers are expected to exercise their discretion and judgment towards determining the need or relevance of recording their work activities beyond those which are required.

Employees are strictly prohibited from intentionally manipulating the department's MAV recording system in any manner so to as to avoid recording any enforcement action (except as described above), any activity associated with the operation of the police vehicle, or any other activity where the use of the MAV system is required.

422.4.2 CESSATION OF RECORDING

Once activated, the MAV system shall remain on until the incident has concluded. For the purpose of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Employees are not prohibited from manipulating the MAV system to avoid or limit the unnecessary recording of an activity which is routine in nature such as travel, the transportation of a person not in custody, or the extended transportation of a person who is in custody from one jurisdiction to another.

422.4.3 WHEN ACTIVATION NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation (N.D.C.C. § 12.1-15-02).

422.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved accidents), a supervisor shall ensure all applicable vehicles with recordings relative to the incident are driven to a data download site as soon as possible. The recordings may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Mobile Audio/Video

422.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the Department is strictly prohibited, except to the extent permitted or required by law.

When reasonably possible, a copy of the original media shall be used for external viewing or listening (unless otherwise directed by the courts).

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By an investigator participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) An officer who is captured on or referenced in the video or audio data may review such data and use the data for any purpose relating to his/her employment.
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Employees are strictly prohibited from deleting and/or altering any video and/or audio recording captured through the use of the department's MAV recording system. Employees may add notes or commentary to any such recording as long as the accuracy and integrity of the video and/or audio recording is not compromised.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

422.6 DOCUMENTING MAV USE

All video and/or audio recordings obtained through the use of the department's MAV recording system related to the arrest of any person for a criminal offense, or those recordings obtained as

Fargo Police Department

Policy Manual

Mobile Audio/Video

part of any criminal investigation, felony motor vehicle stop, motor vehicle pursuit, or response to resistance incident, shall be appropriately categorized and identified with a corresponding case report number by the officer responsible for capturing the recording. The officer shall further note the existence of any such recording with the corresponding case report's arrest narrative.

In the absence of an arrest associated with a case report in which a video and/or exists, the officer shall complete the department's Arbitrator 360 Video/Audio Disclosure report and submit it for attachment to the case report.

[See attachment: Video-Audio Disclosure Form.pdf](#)

All video and/or audio recordings obtained through the use of the department's MAV recording system related to traffic enforcement actions shall be appropriately categorized by the officer responsible for capturing the recording. In addition, officers shall note the existence (or non-existence) of any video/audio recording upon any traffic citation issued by the officer.

It shall be the responsibility of the primary officer involved in an incident or traffic enforcement action where a video and/or audio recording obtained through the use of the department's MAV recording system exists, to ensure all video and/or audio recordings associated with the incident or traffic enforcement action are categorized appropriately and retained in accordance with the parameters of this policy.

422.7 RECORDING MEDIA STORAGE AND INTEGRITY

All video and/or audio recordings obtained through the use of the department's MAV recording system shall be appropriately categorized by the officer responsible for capturing the recording and retained for no less than 90 days from the date of the recording or as otherwise determined by the following categories:

<u>Category</u>	<u>Retention Period</u>
Test	90 days
No Event	90 days
Non-Criminal Traffic	180 days
RTR/Other Policy	365 days
Criminal Traffic	three (3) years
Misdemeanor Non-Traffic	three (3) years
Felony	ten (10) years

All video and/or audio recordings shall be automatically purged and deleted from the storage server at the end of the established retention period unless a command officer determines there is reason to retain the video/audio recordings longer.

Only upon authorization received from the Chief of Police or a division commander may a video/audio recording obtained through the use of the department's MAV system be

Fargo Police Department

Policy Manual

Mobile Audio/Video

deleted, destroyed, or purged from retention by the department outside the parameters established above (ex. purging video/audio recordings once the Evidence Property Manager has received notice from the courts that the department can purge physical evidence relative to a case which is located in the department's property room).

422.7.1 COPIES OF RECORDING MEDIA

Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. Requests to duplicate, copy, or release any video/audio recording obtained through the use of the department's MAV system and retained by the department, shall be in writing and submitted to the Administrative Services Division commander.

Only upon authorization received from the Administrative Services Division commander may any such video/audio recording be duplicated, copied, or released. The Administrative Services division commander may appoint a designee, who shall have the authority to duplicate, copy, and/or release any video/audio recordings obtained through the use of the department's MAV system unless otherwise permitted within this policy.

Personnel assigned to the Office of Professional Standards (OPS) may duplicate any video/audio recording obtained through the use of the department's MAV system for the purpose of examining or resolving any personnel complaint or other internal affairs issue.

422.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer, or against the Fargo Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

422.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

Mobile Audio/Video

- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices (such as audio and video playing devices) should not be used inside MAV-equipped law enforcement vehicles while the MAV system is recording in order to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, modify, or tamper with MAV recordings. Only MAV technicians (select IS personnel) have the ability to erase MAV Recordings at the authorization of the Chief of Police or division commander.

422.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Retrieving and storing of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Monitors the system to ensure adequate server storage is available.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

422.10 AUDIO RECORDINGS

Any time the MAV system is used in the capacity of an audio recorder, the Use of Audio/Video Recorders Policy shall apply.

422.11 TRAINING

All members who are authorized to use the MAV system shall receive instruction on how to properly operate the MAV system prior to its use. This is generally accomplished by a Police Training Officer (PTO) when a new officer is in the PTO program.

Mobile Digital Computer Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

423.2 POLICY

Fargo Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 CARE OF MDC'S

Employees are responsible for the proper care and use of the MDC which they are using, and may be administratively and financially liable in the event of loss or damage, in accordance with city and department policy.

Physical damage to or loss of the MDC and/or its components shall be reported immediately to the on-duty supervisor.

Employees will not place drinks, food, or other items directly on the computer, or in a location which may cause a spill onto the MDC.

Magnetic objects shall not be placed close to the MDC (e.g. emergency dash lights, magnetic clips, etc.).

MDC's malfunctioning or in need of repair shall be reported to the City of Fargo IS Department as soon as practical.

423.5 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions

Fargo Police Department

Policy Manual

Mobile Digital Computer Use

about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or close the MDC when it is unattended and unsecured. This added security measure will minimize the potential for unauthorized access or misuse.

Each officer assigned to a patrol unit equipped with a MDC should log onto the system as soon as possible at the beginning of his/her shift. Conversely, the officer shall log off the system at the end of his/her shift.

423.5.1 USE WHILE DRIVING

When operating a vehicle, the safe operation of the vehicle is the officer's primary responsibility.

The use of the MDC is always of secondary importance. Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.6 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Commander or other department established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

All MDC messages sent via the MDC are recorded and subject to open records discovery. MDC messages will be reviewed randomly to assure proper content. Specific and focused reviews will be conducted when warranted.

423.6.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) shall be transmitted over the police radio or through the MDC system.

Fargo Police Department

Policy Manual

Mobile Digital Computer Use

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident.

423.6.2 EMERGENCY ACTIVATION

If there is an emergency activation on the MDC, and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.7 EQUIPMENT CONSIDERATIONS

423.7.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. In the event the officer needs to enter comments into a call for service, it shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio. Extended comments must be relayed to dispatch via cellular or landline communications, or added later on a functional computer. This will ensure the radio remains available for other emergency or routine communications.

The employee experiencing the MDC malfunction shall promptly notify the IS Department regarding the date, time, and nature of the MDC malfunction. The employee shall also leave a notice on the MDC indicating the MDC is not operational.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. **Portable audio/video recording devices include all recording systems whether body-worn, hand held, or integrated into portable equipment such as department issued smart phones and digital recorders.**

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Fargo Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

424.2 POLICY

The Fargo Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

424.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department.

424.4 SURREPTITIOUS USE OF THE PORTABLE RECORDER

North Dakota law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (N.D.C.C. § 12.1-15-02).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

424.5 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member will report the failure to his/her supervisor, and obtain a functioning device as soon as reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful.

Fargo Police Department

Policy Manual

Portable Audio/Video Recorders

When using a portable recorder, the assigned member when feasible, should record his/her name, FPD employee number and the current date and time at the beginning and the end of the period of use. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording. Any recordings which have evidentiary value shall be logged into the appropriate evidence storage system at the end of the officer's shift.

Members shall document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

424.6 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All investigations of domestic assault or related crimes such as a violation of a protection order.
- (b) All in custody interviews pertaining to felony crimes or misdemeanor personal crimes.
 - (a) In custody will refer to all situations where a person is under arrest or detained in a manner to which a reasonable person would believe they are not free to leave.
 - (b) The issuing of the Miranda warnings and subsequent interview in its entirety will be recorded either by an audio or audio/video recording device
- (c) In addition to the above, during criminal investigations the officer may choose to record, at their discretion, any interview which they believe may be necessary in furtherance of the investigation or which has a likelihood of the person being interviewed to recant or challenge the account of the interview.
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as practicable.

Portable Audio/Video Recorders

Officers will document within the case synopsis/narrative or supplemental report that a recording was made and that a copy of the recording has been placed into laserfiche. A narrative report will summarize the relevant content of the interview. The summary need not detail the entire content of the recorded statement, but rather the pertinent information as to the elements of the offense or specific facts relevant to the investigation. Officers should make sure all recordings are thoroughly reviewed prior to completing a narrative summary.

424.6.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

424.6.2 USE OF PORTABLE RECORDER IN DRUG OFFENSE INVESTIGATIONS

Officers may use a portable recorder to intercept wire or oral communications in drug offense investigations in compliance with a court order (N.D.C.C. § 29-29.2-02). Upon expiration of the order, the officer designated in the court order shall provide the issuing judge all documents and other information pertaining to the communications pursuant to the order or as required by law.

Intercepted communications shall be maintained in their entirety, without editing or alteration, and shall be maintained in accordance with Records Retention Policy.

424.7 PROHIBITED USE OF PORTABLE RECORDERS

While using department issued recording devices, such as a cell phone or digital recorder, members are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment, or ridicule.

424.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

Fargo Police Department

Policy Manual

Portable Audio/Video Recorders

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the North Dakota Open Records Law (N.D.C.C. § 44-04-18.7).

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

424.9 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records or Office of Professional Standards prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

Fargo Police Department

Policy Manual

Portable Audio/Video Recorders

424.10 RETENTION OF RECORDINGS

Portable recordings are public records (N.D.C.C. § 44-04-17.1(16)). All recordings prepared for use in connection with public business, or which contain information relating to public business shall be retained for a period consistent with the requirements of the organization's records retention schedule, but in no event for a period less than 180 days. However, once an officer has transferred the recording to evidence the officer may remove the recording from his/her portable recording device.

424.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Public Recording of Law Enforcement Activity

425.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

425.2 POLICY

The Fargo Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

425.3 DEFINITIONS

Media: the storage source for visual or audio recordings, whether by film, analog, or digital means.

Recording: Capturing of images, audio, or both, by means of camera, cell phone, audio recorder, or other device.

425.4 RECORDING LAW ENFORCEMENT ACTIVITY

Persons who are lawfully in public spaces or locations where they have a legal right to be present; such as their home, place of business, or the common areas of public and private facilities and buildings, have a First Amendment right to record things in plain sight or hearing to include police activity. Police may not threaten, intimidate, or otherwise discourage or interfere with the recording of police activities. Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

Public Recording of Law Enforcement Activity

425.5 OFFICER RESPONSE

Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

Arrests of a person who is recording in public shall be related to an objective, articulable violation of the law unrelated to the act of recording. The act of recording does not, in itself, provide grounds for detention or arrest.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

Arrest of an individual does not provide an exception to the warrant requirement justifying search of the individual's recording equipment or media. While equipment may be seized incident to arrest, downloading, viewing, or otherwise accessing files requires a search warrant, consent, or exigent circumstances. Files and media shall not be altered or erased under any circumstances.

425.6 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of department members, such as how and where to file a complaint.

425.7 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

Fargo Police Department

Policy Manual

Public Recording of Law Enforcement Activity

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - (a) To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - (b) If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Foot Pursuits

427.1 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public, or the suspect. Officers are expected to act reasonably, based on the totality of the circumstances.

427.2 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

427.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in, or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in a foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to

Foot Pursuits

immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

427.4 GENERAL GUIDELINES

Foot pursuits are dangerous and the decision to initiate, or continue a foot pursuit may change as the foot pursuit evolves. Officers must consider many factors to include, but are not limited to: their physical condition, lighting conditions, environmental conditions, loss or malfunction of equipment, loss of sight of the suspect, whether back-up is close, situational awareness, and many others. If at any time the officer reasonably believes the need to immediately apprehend the suspect is outweighed by the danger to themselves or the public, the officer should consider terminating the foot pursuit.

427.5 RESPONSIBILITIES IN FOOT PURSUITS

427.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should consider whether to attempt to overtake and confront the suspect, or attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be implemented and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Dispatch of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

Foot Pursuits

427.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

427.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit and depending on the totality of the circumstances, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever reasonably possible. The supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers, or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

If the supervisor deems it appropriate, upon apprehension of the suspect, the supervisor may proceed to the termination point to direct the post-pursuit activity.

427.6 REPORTING REQUIREMENTS

If an arrest is made or suspect is known, the initiating officer shall complete appropriate case/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Alleged offenses.
- (d) Involved vehicles and officers.
- (e) Whether a suspect was apprehended as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (f) Arrestee information or suspect information, if applicable.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

As with all reports, the supervisor will review the report to make a preliminary determination if any additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, the initiating officer need not complete a formal report.

Automated License Plate Readers (ALPR)

428.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Fargo Police Department to convert data associated with vehicle license plates and use it for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. The ALPR may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

428.2 DEFINITIONS

ALPR - Equipment consisting of cameras and computer software used to automatically recognize and interpret characters on vehicle license plates, and capture digital images.

Hit/Alarm - An indication by visual and/or auditory notice of a potential match between data stored and a license plate scanned by the system. A hit/alarm is not conclusive confirmation of a match and further investigation is always required before taking enforcement action.

Hot List - A database populated with license or partial license plates for which a concern to officer safety or investigative interest exists.

BOSS Application - Interface for user maintenance, data queries, import and export of data, and dispatch functions of the central repository of data collected by the ALPR system. This application can be accessed and reviewed for investigative purposes from designated department computers.

428.3 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, shall be managed by the Field Services Division Commander. The Field Services Division Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment. The ALPR data retention and access shall be managed by the Criminal Investigations Division Commander and he/she will assign personnel under his/her command to administer the day-to-day operation of the data management.

428.4 ALPR OPERATION

Use of ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not necessary before using ALPR.

Fargo Police Department

Policy Manual

Automated License Plate Readers (ALPR)

- (c) Upon receiving a hit, and prior to initiating a traffic stop, the ALPR operator shall utilize all information available to determine the accuracy of the hit. A receipt of a hit is not sufficient probable cause to initiate a stop without verification.
 - 1. Operators shall visually verify the vehicle license plate numbers and state of issuance on all hits.
 - 2. If an operator verifies a hit is still active, the operator shall take the appropriate action in accordance with department policy and procedures.
 - 3. Operators shall report any action taken to the Intel Unit to determine if Hot List information needs to be updated or purged.
- (d) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas surrounding homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (e) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (f) No ALPR operator may access Criminal Justice Information Sharing (CJIS) data unless otherwise authorized to do so.
- (g) If practicable, the officer should verify an ALPR response through CJIS before taking enforcement action that is based solely upon an ALPR alert.
- (h) When ALPR equipped vehicles need to be washed, the employee may utilize a touchless car wash service or hand wash the vehicle. If an employee hand washes the vehicle, the lens for the ALPR system must be hand cleaned with a soft "water only" damp cloth. Operators must not attempt to adjust the ALPR equipment.

428.4.1 ALPR HOT LISTS

- (a) The officer requesting to add information to a Hot List will fill out an Intel submission form, and forward it via email to a on-duty supervisor.
- (b) The Intel form must be reviewed and approved by an on-duty supervisor. The on-duty supervisor will note their approval by forwarding the form to the Intel Unit.
- (c) The Intel officer(s) will review the information and enter it on the appropriate Hot List.
- (d) It is the responsibility of the requesting officers to notify the Intel Unit if the information is no longer needed on the Hot List.
- (e) The Intel Unit will review and remove information from the Hot List, which is 30 days old unless the information is the subject of an ongoing criminal investigation. Retention of information beyond 30 days will be only upon the approval of a Criminal Investigations Unit supervisor and must be reviewed every 30 days for continued retention.

428.5 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by ALPR are for the official use of the Fargo Police Department, because such data may contain confidential information, it is not open to public

Fargo Police Department

Policy Manual

Automated License Plate Readers (ALPR)

review. The ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

No employee shall upload data into the ALPR system without approval from their on-duty supervisor.

The Criminal Investigations Division Commander is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for the period identified in the department records retention schedule, which has been identified as 90 days. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In those circumstances, other than criminal cases, the applicable data should be downloaded from the server onto portable media and given to the requesting party. ALPR data connected to a criminal case should be processed in accordance with department's evidence processing manual.

428.6 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Fargo Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Manager and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile work station and server shall be accessible only through the Boss Application, which is a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted every six (6) months by the Intelligence Unit supervisor who will then forward his/her findings to the Criminal Investigations Division commander.

Crisis Intervention Incidents

431.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Behavioral Health Condition - Any permanent or temporary condition adversely affecting human behavior to include mental illness, emotional disturbance, chemical influence, or intoxication.

Consumer - For the purpose of this policy, subjects who use the mental health care system or may be in need of it shall be referred to as consumers.

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions.

431.2 POLICY

The Fargo Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

431.3 SIGNS

A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstances or events which causes the person to engage in erratic, disruptive, or dangerous behavior which may be accompanied by impaired judgment. Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal

Crisis Intervention Incidents

- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

431.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

431.5 CRISIS INTERVENTION PROGRAM

- (a) The crisis intervention team will be composed of volunteer sworn personnel, of any rank, who have completed the appropriate certification course.
- (b) The department will strive to maintain membership and certification for about one third of the Field Services personnel.
- (c) No officer shall identify themselves publicly as a CIT officer until they have completed and have been certified in a department approved CIT certification course.
- (d) A Field Services lieutenant will be selected to manage and administer the CIT program. Supervision and administrative duties include:
 - 1. Selecting new team members.
 - 2. Ensuring training and certification standards are met, maintained, and updated.
 - 3. Tracking CIT activity and evaluating the effectiveness of the program.
 - 4. Manage the ongoing development of the CIT program.

431.6 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

Fargo Police Department

Policy Manual

Crisis Intervention Incidents

- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

431.7 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills.
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.

Crisis Intervention Incidents

- Argue, speak with a raised voice or use threats to obtain compliance.

If officers recognize they are faced with an individual with a behavior health condition who is in crisis, and the officer cannot establish effective rapport with the subject, the officer should request a CIT officer.

Once a CIT officer has established rapport with a consumer, the beat officer or other officers on scene will not interfere with or interrupt a CIT officer who is attempting to de-escalate a consumer in crisis unless their assistance is requested by the CIT officer, or they observe unsafe circumstances at the scene which requires their intervention to maintain the safety of everyone involved.

431.8 CRISIS INTERVENTION TEAM RESPONSIBILITIES

- (a) CIT officers will respond to calls for service where they are requested to intervene with consumers in crisis, or when someone in crisis is likely to be encountered.
- (b) CIT officers will not interrupt or interfere with other officers attempting to de-escalate a consumer in crisis unless they observe unsafe circumstances at the scene which would require them to intervene.
- (c) At the scene of an incident involving a consumer in crisis, a CIT officer shall become the primary point of contact with the consumer for the beat officer on the call unless effective communication has already been established by other officers on scene.
- (d) Regardless of which officer becomes the primary point of contact with a consumer, a CIT officer may be used as a resource to refer them to the appropriate mental health or chemical dependency services.

431.9 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

431.10 SUPERVISOR RESPONSIBILITIES

Fargo Police Department supervisors shall maintain overall supervision responsibility for all department personnel, including CIT officers, during a crisis intervention incident.

If possible, a supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.

Crisis Intervention Incidents

- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Re-direct or countermand CIT activity if the supervisor perceives the CIT officer is conducting themselves in a manner which puts themselves, other officers, the public, or the consumer in an unsafe condition.
- (d) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (e) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (f) If the incident warrants, conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (g) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

431.11 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

The beat officer on any crisis intervention incident will retain overall reporting responsibility, but the CIT officer, or other officer who established rapport, will assume responsibility of communications with the consumer and documenting any mental health commitment or referral reports.

All CIT related activity should be documented by the CIT officer on the call in accordance with current department reporting procedures. In the event a CIT incident is resolved without a report or commitment documentation, the CIT officer will be responsible for recording a brief account of the incident in the comments section of the call for service.

431.11.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy when appropriate.

431.12 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.

Crisis Intervention Incidents

- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer shall be promptly summoned to provide assistance.

431.13 EVALUATION

The Field Services Division Commander should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will be submitted to the Chief of Police.

431.14 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

To maintain certification, CIT officers must attend a minimum of eight (8) hours of CIT training every year. The training hours must be reported to the department's training unit, the department's CIT administrator, and to the North Dakota CIT Association.

First Amendment Assemblies

432.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

432.2 POLICY

The Fargo Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

432.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

432.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assisting in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

432.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

432.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

432.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

432.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established when ICS is considered. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

432.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

432.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

432.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

432.8 ARRESTS

The Fargo Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely processing of arrestees.
- (e) Full accountability for arrestees and evidence.
- (f) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

432.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

432.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

432.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

432.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

432.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

433.1 PURPOSE AND SCOPE

This policy provides members of the Fargo Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by North Dakota law.

433.2 POLICY

The Fargo Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

433.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts will take an unreasonable amount of time.

Civil Disputes

433.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order, but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor.

433.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location, unless the person making the standby request can show legal standing to the property.

433.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented, in either the case report or comments in the call for service as appropriate.

Civil Disputes

433.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Medical Aid and Response

434.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

434.2 POLICY

It is the policy of the Fargo Police Department that all officers and other designated members be trained to provide a basic level of emergency medical aid and to facilitate an emergency medical response.

434.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should notify Dispatch and if necessary, request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex and age, if known.
 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel regarding whether to transport the person for treatment.

Medical Aid and Response

434.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

434.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision, and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a mental illness commitment in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person, who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members may sign refusal-for-treatment forms as witnesses, but shall consult with a supervisor prior to signing any forms accepting financial responsibility for treatment.

434.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

434.7 AIR AMBULANCE

When on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response. Given the

Medical Aid and Response

proximity of EMS personnel to the two local trauma units, and the operational requirements of the air ambulance; it is unlikely an air ambulance would be utilized within the City of Fargo. However, in the chance an air ambulance is requested, officers will be responsible for scene security by restricting vehicular and pedestrian traffic near the landing zone.

434.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after he/she has received training in a nationally recognized course in CPR and AED use (N.D.C.C. § 32-03.1-02.3).

Absent clear and convincing documentation that a "Do Not Resuscitate Order" exists for a patient, officers will initiate AED intervention.

- (a) Clear and convincing proof consists of a signed order presented to the officer that the officer knows is that of the patient, or the verbal verification of the existence of an order provided by an individual that the officer knows is a physician.

434.8.1 AED USER RESPONSIBILITY

Employees who, as part of their work shift, are assigned or operate department vehicles which are equipped with an AED shall check the AED at the beginning of the shift to ensure it is properly charged and functioning. This also includes checking for the expiration on the electrode patches. Any AED that is not functioning properly will be taken out of service and given to the Quartermaster, who is responsible for ensuring appropriate maintenance. If a member discovers a set of electrode patches are expired the member will turn the expired electrode patches into the Quartermaster and obtain new electrode patches.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The used electrodes and/or pads can be replaced by FM Ambulance if the electrode pads are compatible with our AED's. It will be the officer's responsibility to ask FM Ambulance personnel for the new electrodes and/or pads. Officers can also acquire new electrode pads from the Quartermaster.

Once the AED is attached to a patient and powered on, the AED records and save important information about the condition of the patient's heart and the results of any shocks delivered. Upon request of the emergency room physician or FM Ambulance personnel, regardless of whether a shock was delivered, the AED will be given to FM Ambulance personnel who will download the AED event summary data.

Any member using an AED shall notify Dispatch as soon as possible and request response by EMS.

For officers operating police vehicles with a trunk, when temperatures are cold enough to affect the operations of the AED, officers shall place the AED in the front to ensure the AED is warm enough to function when needed.

Fargo Police Department

Policy Manual

Medical Aid and Response

434.8.2 AED REPORTING

Any member using an AED will enter comments into the narrative portion of the dispatch incident or complete a case report detailing its use, whichever is appropriate.

434.8.3 AED TRAINING AND MAINTENANCE

The Administrative Lieutenant shall ensure appropriate training is provided to members authorized to use an AED (N.D.C.C. § 32-03.1-02.3). Training on CPR and the AED will be completed in accordance with the department's training schedule.

If an officer determines there is an issue with an AED, the officer will bring the AED to the Quartermaster's office, and the Quartermaster will be responsible for ensuring AED devices are appropriately serviced. If available, the Quartermaster will retain records of all maintenance in accordance with the established records retention schedule.

434.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members who are trained to deliver opioid overdose medications may administer those medication in accordance with protocol specified by the health care professional, who prescribed the medication for use by the member (N.D.C.C. § 23-01-42).

434.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shifts to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Narcotics lieutenant.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

434.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in the narrative portion of the dispatch incident or an appropriate case report.

434.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Administrative Lieutenant should ensure re-occurring training is provided to members authorized to administer opioid overdose medication.

434.10 FIRST AID TRAINING

Subject to available resources, the Administrative Lieutenant should ensure officers receive periodic first aid training appropriate for their position.

434.11 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the

Fargo Police Department

Policy Manual

Medical Aid and Response

officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

Medical Marijuana

436.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under North Dakota's medical marijuana laws.

436.1.1 DEFINITIONS

Definitions related to this policy include (N.D.C.C. § 19–24.1–01):

Allowable amount of usable marijuana – Possession of no more than three ounces of dried leaves or flowers, or the amount that can be purchased in concentrated form, or combination of both as set forth in N.D.C.C. § 19-24.1-01.

Registered designated caregiver - An individual who agrees to manage the well-being of a registered qualifying patient with respect to the qualifying patient's medical use of marijuana and who has been issued a valid registry identification card from the North Dakota Department of Health (DOH).

Registered qualifying patient - An individual who has been diagnosed by a health care provider as having a debilitating medical condition and issued a valid registry identification card from the North Dakota DOH.

436.2 POLICY

It is the policy of the Fargo Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

North Dakota medical marijuana laws are intended to provide protection from prosecution to those who produce, process, sell, dispense, and use medical marijuana. However, North Dakota medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Fargo Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under North Dakota law and the resources of the Department.

436.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim
- (b) Investigations involving a registered qualifying patient
- (c) Investigations involving a registered designated caregiver

Medical Marijuana

436.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production, or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal claim may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

436.3.2 INVESTIGATIONS INVOLVING A REGISTERED QUALIFYING PATIENT

Officers shall not take enforcement action against a registered qualifying patient for acquiring, using, or possessing medical marijuana or related supplies who are in compliance with North Dakota's medical marijuana program. This will generally include a registered qualifying patient in possession of his/her registry identification card who possesses no more than an allowable amount of usable marijuana (N.D.C.C. § 19–24.1–32).

Enforcement action should not be taken because a registered qualifying patient is not in physical possession of his/her registry identification card if it can be established the person is a registered qualifying patient.

436.3.3 INVESTIGATIONS INVOLVING A REGISTERED DESIGNATED CAREGIVER

Officers shall not take enforcement action against a registered designated caregiver for assisting a registered qualifying patient to acquire, use, or possess medical marijuana or related supplies in compliance with North Dakota's medical marijuana program (N.D.C.C. § 19–24.1–32).

Enforcement action should not be taken because a registered designated caregiver is not in physical possession of his/her registry identification card if it can be established the person is a registered designated caregiver. A registered designated caregiver may receive compensation for associated costs (N.D.C.C. § 19–24.1–32).

436.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Registry identification cards specify when a patient is authorized to use the dried leaves or flowers of marijuana (N.D.C.C. § 19–24.1–11).
- (b) Because enforcement of medical marijuana laws can be complex, time-consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at another time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Fargo Police Department

Policy Manual

Medical Marijuana

4. Any other relevant factors, such as available department resources and time constraints.
- (c) Manufacturing facilities, dispensaries, and registered compassion center agents are also protected from prosecution for possession and transfer of marijuana or related products when conducted in accordance with North Dakota's medical marijuana program (N.D.C.C. § 19–24.1–32).
- (d) Before proceeding with enforcement related to a manufacturing facility, dispensary, or a registered compassion center agent, officers should consider conferring with appropriate legal counsel and the North Dakota DOH.
- (e) Registry cards can be verified through the North Dakota DOH's secure verification system (N.D.C.C. § 19–24.1–31).

436.3.5 EXCEPTIONS

Officers may take enforcement action if the person (N.D.C.C. § 19–24.1–33):

- (a) Possesses or consumes an allowable amount of usable marijuana:
 1. On a school bus or school van that is used for school purposes.
 2. On the grounds of any public or private school.
 3. At any location while a public or private school sanctioned event is occurring at that location.
 4. On the grounds of a correctional facility.
 5. On the grounds of a child care facility or licensed home day care, unless authorized under rules adopted by the North Dakota Department of Human Services (DHS).
- (b) Undertakes specified offenses related to smoking in public.
- (c) Allows the smoke or vapor to be inhaled by a minor who is not the registered qualifying patient.
- (d) Operates, navigates, or is in actual physical control of a motor vehicle, aircraft, train, or motorboat while under the influence of marijuana.

436.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

436.5 PROPERTY SUPERVISOR RESPONSIBILITIES

The Evidence Property Manager (EPM) should ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed. The EPM is not responsible for caring for live marijuana plants.

Fargo Police Department

Policy Manual

Medical Marijuana

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the EPM should, as soon as practicable, return to the person from whom it was seized any useable marijuana, plants, drug paraphernalia, or other related property.

The EPM should not destroy marijuana that was alleged to be for medical purposes except upon receipt of a court order.

The EPM may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Division supervisor.

436.6 REPORTING

436.6.1 REPORTABLE INCIDENTS

Officers who reasonably believe one of the following has occurred are required to report the incident to the North Dakota DOH within five days on the form provided by the DOH (N.D.A.C. § 33-44-01-34):

- (a) Individuals who are found to be in possession of usable marijuana dispensed pursuant to the state medical marijuana program and who are not registered cardholders.
- (b) Registered qualifying patients or designated caregivers who are found in possession of more than the allowable amount of usable marijuana.

436.6.2 ADVERSE REACTIONS

Officers who reasonably believe that an incident involving an overdose or adverse reaction may be related to the use of usable marijuana are required to report the incident to the North Dakota DOH as set forth in N.D.A.C. § 33-44-01-35.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic accidents and improve the safety and quality of life for the community through traffic law compliance. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, traffic conditions and other data. This department provides enforcement efforts, not only in proportion to the frequency of their occurrence in accident situations but also in terms of traffic-related needs.

500.2 TRAFFIC ENFORCEMENT DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Fargo Police Department. Information provided by the department's Crime Analyst, analytics program, or the North Dakota Department of Transportation (NDDOT) are valuable resource for traffic accidents, and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic laws and address accident-causing violations during those periods and at those locations where the incidence of accidents is increased. As a matter of routine, all officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. Officers, supervisors, and command officers should consider using high and low visibility enforcement tactics when addressing traffic and crash issues.

Other factors to be considered for deployment are citizen requests, construction zones, school zones, or special events.

500.3 ENFORCEMENT

Enforcement actions should correspond with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will correspond with the philosophy of this policy. Several methods are effective in the reduction of accidents.

Traffic Function and Responsibility

500.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as an officer.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the cargo area of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each bicycle. Each vest should be stored inside the re-sealable plastic bag that is provided to protect and maintain the vest in a serviceable condition. Before going into service, each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

Additional high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The department's quartermaster should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Accident Response And Reporting

501.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Fargo Police Department prepares traffic accident reports in compliance with the North Dakota Motor Vehicles Code (N.D.C.C. Title 39) and as a public service makes traffic accident information available to the public.

501.2 DEFINITIONS

Reportable Motor Vehicle Crash - Any motor vehicle crash resulting in the death or injury of any person, or property to the extent by which the person(s) involved in the crash are required by law to notify a law enforcement agency.

Non-reportable Motor Vehicle Crash - Any motor vehicle crash not defined as a reportable motor vehicle crash.

Hit-and-Run Motor Vehicle Crash - A motor vehicle crash where any one of the persons directly involved in the crash leaves the scene of the crash prior to fulfilling all of the requirements established by law relative to the person's involvement in the crash.

Preventable Motor Vehicle Crash - A motor vehicle crash where the operator of any motor vehicle directly in the crash failed to do everything *reasonably* possible to avoid the crash.

501.3 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic accident. A traffic accident with reported injuries may include an emergency response if the officer reasonably believes such a response is appropriate.

501.3.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at an accident should consider the following:

- (a) The most appropriate route to the incident
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene
- (c) Potential for involvement of hazardous materials
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing)
- (e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary
- (f) Traffic control and protection of the scene

Traffic Accident Response And Reporting

- (g) Clearance of the roadway

501.4 ACCIDENT INVESTIGATION

An officer assigned to investigate a traffic accident shall make every reasonable effort to determine the following:

- (a) Identification and interview of all involved parties
- (b) Identify and interview of any witnesses
- (c) Determine if a crime has occurred and taking appropriate enforcement action
- (d) Identify and protection of items of apparent evidentiary value
- (e) Document the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms.
- (f) Determine if any property, evidence, or other items should be collected to aid in the crash investigation
 1. Any property, evidence or other items shall be processed and recorded in accordance with the department's Property and Evidence policy.
 2. To avoid the unnecessary collection and/or storage of items relative to a motor vehicle crash, officers are not required to collect, process, or record any item associated with a motor vehicle crash if the crash resulted in property damage only. However, officers are not prohibited from doing so if the crash investigation warrants the collection of any such item.

501.5 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of local ordinances, or state traffic statutes contributed to the accident, officers should issue a traffic citation or a misdemeanor citation to the offending driver.

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.6 TRAFFIC ACCIDENT REPORTING

501.6.1 OFFICER RESPONSIBILITIES

Department members shall utilize North Dakota Department of Transportation (NDDOT) forms for the reporting of traffic accidents that meet the following criteria (N.D.C.C. § 39-08-10; N.D.C.C. § 39-08-13):

- (a) Injury or death of any person
- (b) Apparent property damage of \$4,000 or more

Fargo Police Department

Policy Manual

Traffic Accident Response And Reporting

The investigating officer shall complete the motor vehicle crash report in its entirety, to include a narrative description of the crash, and a diagram detailing the crash.

Accidents involving an undomesticated animal and resulting in property damage only to the driver's vehicle are exempt from the notice requirements of N.D.C.C. § 39-08-09.

Officers shall notify a supervisor as soon as practicable of any traffic accident involving serious injury or death to any person.

Upon completion of an investigation, officers shall attach a sticker to the window of any damaged vehicle showing that the accident in which the vehicle was involved has been investigated (N.D.C.C. § 39-07-12).

Officers shall ensure the operators of the vehicles involved, or any other person directly involved in the crash, fulfill all of the requirements established by law relative to their involvement in the crash. This shall include, but is not limited to, exchanging their name, address, and other information to others involved in the crash.

Officers shall provide their name, police ID number, and the crash report number to the operators of the motor vehicles involved in the crash, and to any other person(s) directly involved in the crash.

Officers assigned to investigate a crash may forego the completion of a non-reportable motor vehicle crash if ALL persons directly involved in the crash agree an investigation and report are not necessary, and further agree to exchange information as required by law with the other persons involved in the crash. At no time shall officers dissuade any person involved in a non-reportable motor vehicle crash or non-reportable hit-and-run motor vehicle crash from having the crash investigated and recorded.

A person involved in a reportable, non-reportable, or hit-and-run motor vehicle crash requests to have the crash recorded at a time other than immediately after the crash, the officer assigned to investigate the crash shall complete the appropriate motor vehicle crash report, even if the operators and/or other occupants of all vehicles involved in the crash are not present at the time the officer initiates the investigation.

All traffic accident reports taken by members of this department shall be forwarded to their shift supervisors for approval.

501.6.2 SUPERVISOR RESPONSIBILITIES

All shift supervisors will be responsible for reviewing crash reports for content, clarity, and completeness. If the crash report conforms to department standards, the supervisor will approve the report and will reject all reports which do not meet department standards.

A supervisor shall respond to the scene of any traffic accident involving serious injury or death of a person and, without delay following positive identification of any person seriously injured or deceased, notify the person's immediate family, as defined by law, or make arrangements for notification by clergy or another suitable person (N.D.C.C. § 39-08-10.1).

Fargo Police Department

Policy Manual

Traffic Accident Response And Reporting

This department shall not release the identity of any person seriously injured or deceased in a traffic accident until one of the following occurs:

- (a) A member of the immediate family has been notified and given an opportunity to notify other immediate family members; or
- (b) Twenty-four hours have elapsed from the time positive identification was made.

501.6.3 MODIFICATIONS TO TRAFFIC ACCIDENT REPORTS

A change or modification of a written report that alters a material fact in the report may be made only by the person who prepared the report prior to its approval and distribution. A written supplemental report may be made by any authorized employee.

501.7 REPORTING SITUATIONS

501.7.1 TRAFFIC ACCIDENTS INVOLVING CITY VEHICLES

Any reportable, non-reportable, or hit-and run motor vehicle crash involving a vehicle owned or otherwise authorized for use by the City of Fargo shall be investigated and recorded as described within this policy.

An officer assigned to investigate any motor vehicle crash involving a City of Fargo vehicle, shall provide the operator of the vehicle with the City of Fargo Motor Vehicle Crash report. The investigating officer will advise the operator of the City of Fargo motor vehicle to complete the City of Fargo Motor Vehicle Crash form and forward it to the operator's immediate supervisor.

Photographs of the accident scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

Motor vehicle crash reports involving a city of Fargo vehicle will be forwarded to the NDDOT only if the crash is considered reportable by law.

All motor vehicles authorized for use by the Fargo Police Department personnel are considered City of Fargo vehicles. The procedure for investigating and recording motor vehicle crashes involving city of Fargo vehicles as described within this policy shall be followed anytime a department motor vehicle is involved in a motor vehicle crash.

If a motor vehicle authorized for police use is involved in a motor vehicle crash, an on-duty Field Services Division sergeant will investigate and record the crash. In the absence of an on-duty Field Services sergeant, a Field Services lieutenant or the Field Services Division commander may designate a sworn officer to investigate and record the crash.

If a motor vehicle authorized for use by department personnel is involved in a motor vehicle crash outside of the city of Fargo, the operator of the vehicle will ensure a motor vehicle crash report is completed by the appropriate law enforcement agency. The operator of the vehicle will notify their immediate supervisor of the crash and complete the City of Fargo Motor Vehicle Crash Report form as soon as possible.

Fargo Police Department

Policy Manual

Traffic Accident Response And Reporting

501.7.2 INJURY OR FATALITY TRAFFIC ACCIDENTS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on- or off-duty, is involved in a traffic accident within the jurisdiction of the Fargo Police Department and it results in a serious injury or fatality, the traffic sergeant, the on-duty supervisor, or Shift Commander should request the North Dakota Highway Patrol (NDHP) or other outside agency as deemed appropriate by the Chief of Police to complete an investigation and report.

The term serious injury is defined as any injury that may result in a fatality.

501.7.3 TRAFFIC ACCIDENTS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Traffic Sergeant, on-duty supervisor, or Shift Commander may request assistance from the NDHP or other outside agency for the investigation of any traffic accident involving any City official or employee where a serious injury or fatality has occurred.

501.7.4 TRAFFIC ACCIDENTS INVOLVING INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic accident involves disposition of an injured animal.

501.8 NOTIFICATION OF TRAFFIC SERGEANT

In the event of a serious injury or death-related traffic accident, the on-duty Field Services supervisor should evaluate the circumstances of the traffic accident and seek assistance from an advanced crash investigator or crash reconstructionist. In the absence of a Traffic Sergeant, the Shift Commander or any supervisor may assign an advanced crash investigator or crash reconstructionist to investigate the traffic accident.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing and impounding a vehicle by or at the direction of the Fargo Police Department.

502.2 DEFINITIONS

Impounded vehicle with evidence hold - Vehicle taken into police custody for evidentiary purposes or for pending civil forfeiture proceedings.

Impound vehicle - Vehicle taken into police custody for violations of city ordinance and state law to include: recovered stolen vehicles, unauthorized-use vehicle of which no evidence processing is necessary, vehicles which constitute an obstruction to the roadway, hazard, detriment to public safety, snow removal operations, public safety, public health or morals, or vehicles which may be damaged, disabled or otherwise involved in an accident, or unclaimed within the city are declared to be nuisance.

502.3 IMPOUNDS AND STORAGE

When circumstances permit the handling employee should, prior to having a vehicle towed; make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 48 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately (N.D.C.C. § 39-10-47; N.D.C.C. § 39-10-48). Employees do not have to make an effort to notify a registered owner of a vehicle of the intent to impound, if excessive parking ticket fees exists.

If any personal property or cargo has been spilled from a vehicle is presenting a hazard, the property or cargo may also be removed immediately (N.D.C.C. § 39-10-47).

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.3.1 VEHICLE IMPOUND REPORT

Department members requesting towing, seizure, or impound of a vehicle shall complete a Vehicle Impound Report in Aegis Mobile and must be approved by a department supervisor before the Records Unit can merge the form into the RMS. The contract tow company will have access to the Vehicle Impound Report through authorized access to the RMS.

502.3.2 REMOVAL FROM A TRAFFIC ACCIDENT SCENE

When a vehicle has been involved in a traffic accident and must be removed from the scene, the officer will ask the driver if they prefer a private tow or city contract tow, and shall relay the request for the specified towing company to Dispatch. When there is no preferred company requested, the city contracted tow company will be selected. In most cases, crash vehicles will be towed to the contract tow company accident lot for storage and no further documentation is required.

Fargo Police Department

Policy Manual

Vehicle Towing and Release

If the owner is incapacitated or unavailable for any reason and it is necessary for the Department to assume responsibility for a vehicle involved in an accident, the officer shall impound the vehicle. The officer will then conduct an impound inventory using the Vehicle Impound Report in Aegis Mobile.

Some crash vehicles have evidentiary value for a traffic crash reconstruction. In these instances, the crash vehicles will be impounded, an impound inventory completed using a Vehicle Impound Report, and categorized as an impounded vehicle with an evidence hold and logged into the evidence processing software.

502.3.3 STORAGE AT AN ARREST SCENE

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. The vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed (e.g., traffic hazard, high crime area).

If a vehicle is impounded due to the arrest of the driver, the officer shall complete an impound inventory by completing the Vehicle Impound Report in Aegis Mobile.

Situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition, include:

- A traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the registered owner of the vehicle is present, and is willing and able to take control, or relinquish control to a valid licensed passenger of any vehicle that was not involved in criminal activity.
- Whenever the vehicle does not need to be towed and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

502.3.4 IMPOUND VEHICLE WITH EVIDENCE HOLD PROCEDURES

Any vehicle taken into custody for evidentiary purposes or for pending civil forfeiture proceedings will adhere to the following:

- (a) Prior to the vehicle being towed, the employee will run a check through NCIC and CJIS to determine if the vehicle has been reported stolen.
- (b) The vehicle will be transported to the City of Fargo impound lot by the contracted tow company.

Fargo Police Department

Policy Manual

Vehicle Towing and Release

- (c) The vehicle will be stored in the impound lot, unless it is necessary to preserve evidence on the exterior of the vehicle, in which case it may be stored inside the impound lot garage.
 - 1. Vehicles which are leaking fluids cannot be stored inside the impound lot garage.
- (d) The investigating officer will complete the impound section of Aegis Mobile, which includes an impound inventory. In the reason for impound section the officer will select "evidence."
- (e) The investigating officer will enter the vehicle and the vehicle keys as separate items in Tracker (only the vehicle keys should be seized; all irrelevant keys should be removed and left with owner if possible).
- (f) The keys will be logged into evidence at the police department during the work period in which they are seized.
- (g) If access to the interior of the vehicle is legal and available, the evidence bar code label for the vehicle will be placed on a wire tag, attached to the steering wheel, and the "Evidence" or "Seized" placard will be placed on the dash.
- (h) If access to the interior of the vehicle is not allowable, the evidence bar code label will be affixed to the lower exterior of the driver's side windshield, and the "Evidence" or "Seized" placard will be placed under the windshield wiper.
- (i) The investigating officer will lock the vehicle.
- (j) The investigating officer will send an email to the property unit staff notifying them of the vehicle seizure and reason for seizing (evidence or pending civil forfeiture).
- (k) The investigating officer will ensure the evidence processing is done in a timely manner.
- (l) When impounding two or more vehicles for investigative purposes officers need to refer to the Property and Evidence Processing Manual for instructions on entering the second and subsequent vehicles.
 - 1. The software does not normally allow more than one vehicle to be entered and the manual will instruct the officers on how to enter the vehicles.

502.3.5 IMPOUND VEHICLE PROCEDURES

Any vehicle taken into police custody for violations of city ordinance, state law, recovered stolen vehicle, or an unauthorized-use vehicle of which no evidence processing will adhere to the following:

- (a) Prior to the vehicle being towed, the employee will run a check through NCIC and CJIS to determine if the vehicle has been reported stolen.
- (b) The vehicle will be towed to the City of Fargo impound lot by the contracted tow company.
- (c) The vehicle will be stored in the impound lot.
- (d) The investigating officer or non-sworn employee will complete the impound section of Aegis Mobile.

Fargo Police Department

Policy Manual

Vehicle Towing and Release

- (e) The investigating officer or non-sworn employee will lock the vehicle.
- (f) No holds will be recorded in the impound record.

502.3.6 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or to comply with parking regulations. Generally, officers should gain permission from the person in charge of the vehicle prior to moving it.

502.3.7 IMPOUND FOR OTHER AGENCY

In the event another agency requests a member of this department to impound a vehicle as a result of their criminal investigation the following shall apply:

- (a) The impound officer will verify the vehicle to be impounded and the reason for impound with the respective case agent.
- (b) Impound officer will coordinate with the requesting agency to determine the appropriate towing company and location where the impounded vehicle is to be transported.
- (c) Determine any special considerations and complete an Assist Other Agency report.
 - 1. The impound officer will document in the Assist Other Agency report the condition of the vehicle at the time of impound and any contents of the vehicle which are visible.
 - 2. An internal search of the vehicle may compromise any subsequent evidence collection conducted by the case agency.

502.3.8 RECORDS DIVISION RESPONSIBILITY

Vehicle Impound Reports shall be promptly processed so that they are immediately available for release or review should inquiries be made.

Upon the request of the contracted impound agent, the Records Division shall:

- (a) Determine the names and addresses of any individuals having an interest in the vehicle through North Dakota Department of Transportation (NDDOT) or CJIS databases. Within 10 days of the impoundment by department personnel, the contracted impound agent shall notify any individual identified as having an interest in the vehicle of the impoundment unless all of the following apply (N.D.C.C. § 39-26-05):
 - 1. The vehicle is more than seven model years of age.
 - 2. The vehicle lacks vital component parts.
 - 3. The vehicle does not display a current valid license plate for North Dakota or any other state or foreign country.

Fargo Police Department

Policy Manual

Vehicle Towing and Release

- (b) Send notice by mail to each individual identified as having an interest in the vehicle. If the identity and address of the registered owner and all lienholders cannot be determined with reasonable certainty, the notice shall be published once in a newspaper of general circulation in the City. The notice shall include (N.D.C.C. § 39-26-06):
 - 1. The date and place where the vehicle was taken into custody.
 - 2. The year, make, model, and serial number of the abandoned motor vehicle.
 - 3. The place where the vehicle is being held.
 - 4. Information for the owner, any lienholders or secured parties that they have a right to reclaim the vehicle.
 - 5. A statement that failure of the owner, lienholders or secured parties to exercise their right to reclaim the vehicle is deemed a waiver of all right, title and interest in the vehicle and a consent to sell the vehicle at a public auction.
- (c) Not place holds on any vehicle which has not been marked as evidence.

502.4 TOWING SERVICES

The City of Fargo periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used when:

- (a) It is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) A vehicle is being held as evidence in connection with an investigation.
- (c) It is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts, they shall be placed on a rotation list.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the Impound Vehicle form located in the impound section of Aegis Mobile. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked

Vehicle Towing and Release

container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.6 PRESERVATION OF EVIDENCE

An officer removing a vehicle who has probable cause to believe the vehicle or its contents constitute any evidence which tends to show a criminal offense has been committed, or tends to show a particular person has committed a criminal offense, should ensure all legally required and reasonably necessary efforts to preserve the evidence are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search should take alternative methods of securing and/or preserving the vehicle or property. North Dakota Century Code does not grant specific authority to seize property from another for the purpose of safekeeping, and doing so could create an unnecessary liability for the department and officer. Property may be taken and logged in as safekeeping when:

- (a) All other options for alternative storage have been exhausted AND
- (b) The owner has given permission for the property to be placed in police custody AND
- (c) A report has been completed documenting the reason for police custody and consent from the owner AND
- (d) A safekeeping receipt has been issued to the owner.

When in doubt contact a supervisor for guidance.

502.8 RELEASE OF IMPOUNDED VEHICLES

Impounded Vehicle with Evidence Hold will be released in the following manner:

- (a) The vehicle is held at the impound lot until any applicable fees are paid, and the investigating officer, or supervisor authorizes its release.
- (b) The investigating officer or supervisor, who authorizes the release, will be responsible for notifying the property room staff via email that the vehicle can be released and the identity of the person it can be released to. The officer or supervisor will update the disposition in the departments CAD/RMS to "LE holds removed".
- (c) The property room staff will notify the impound agent that the vehicle can be released unless arrangements are made for the investigating officer, detective, or property room staff to do the release.

Fargo Police Department

Policy Manual

Vehicle Towing and Release

- (d) The releasing party (impound agent, investigating officer, or property room staff) will verify that the person taking possession of the vehicle is the person identified by the investigating officer or supervisor.
- (e) If the vehicle is to be driven from the lot, the releasing party will also verify current insurance, registration, and licensed driver.

Impound Vehicle will be released in the following manner:

- (a) The contracted towing agent will be responsible for attempting to notify the last known registered owner of the impounded vehicle.
- (b) The vehicle is held at the impound lot until all applicable fees and fines are paid.
- (c) The impound agent will verify ownership of the vehicle.
- (d) If the vehicle is to be driven from the lot, the releasing party will also verify current insurance, registration, and licensed driver.

502.8.1 WAIVER OF FEES

Waiving of impound fee is possible and appropriate in some circumstances. Storage fees will be waived for any period of time in which a vehicle is not authorized for release. If impound fees are contested by the vehicle owner, the owner should be referred to the Office of Professional Standards (OPS), who shall be the liaison between the department and the contracted tow company for storage fee issues. Each circumstance of contested impound fees will be evaluated by OPS, and a determination as to whether or not fees will be waived will be decided on a case-by-case basis.

- (a) Fees acquired on vehicle which was impounded while on city property can be waived if determined appropriate by OPS.
- (b) Fees acquired on a vehicle which was impounded while on private property cannot be waived by OPS since those fees must be paid to the contracted tow company.
- (c) Towing fees cannot be waived by OPS since those fees must be paid to the contracted tow company.
- (d) Vehicle seized as evidence, which in some way have accumulated impound fees, can be waived by OPS if deemed appropriate.
- (e) Towing fees, along with storage fees from private property impounds, could be paid by the City of Fargo to the contracted tow company under certain circumstances. This would require the City of Fargo to be billed by the contracted tow company for their fees. This type of circumstance would be rare and would have to be authorized by the Administrative Services Division commander.
- (f) All transactions and determinations pertaining to impound and towing fees will be initially handled by OPS. OPS will be responsible for communicating with the contracted tow company and the property room staff regarding these issues.

502.8.2 LIEN CHECKS

The Fargo Police Department will conduct lien checks on impounded vehicles. The checks will be completed by a Police Support Specialist when notice is received from the contract tow

Fargo Police Department

Policy Manual

Vehicle Towing and Release

company, but within 10 days as specified under state law. The Police Support Specialist will submit a lien holder request, once a month, for all vehicles still stored in the impound lot with North Dakota and Minnesota plates.

The Police Support specialist will forward the lien holder information received from the North Dakota or Minnesota to the impound agent, who will notify the lien holder of the vehicle in impound.

Whenever police department personnel conduct a lien check on a vehicle for the purpose of seizing or auctioning a vehicle they will be required to file that paperwork in the Records office. The lien holder information is kept on file in Records for six (6) years. After six (6) years, the paperwork will be purged.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

505.2 RESPONSIBILITIES

Employees of this department shall use the North Dakota Uniform Traffic Complaint and Summons form for all traffic and parking offense citations (N.D.C.C. § 29-05-31). Employees shall provide any person issued a citation with an appropriate envelope for use in mailing the bond (N.D.C.C. § 39-07-07).

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the on-duty Field Services shift supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the on-duty shift supervisor may request the dismissal of the traffic citation. The citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall notify an on-duty Field Services supervisor. The supervisor will notify the Records Unit, Fargo Municipal Court, and the City Prosecutor's office regarding the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS

All handwritten copies of all traffic citations issued by members of this department shall be forwarded to the Records Unit for processing prior to the end of the shift during which the citation was issued. The citation copies shall then be filed with the Records Division.

505.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to state and local laws.

505.7.1 APPEAL STAGES

Appeals may be pursued sequentially at two different levels:

Fargo Police Department

Policy Manual

Traffic Citations

- (a) Administrative reviews are conducted by the department's designated employees, which will review written or documentary data. Requests for administrative reviews are available at the front desk or online located on the Fargo Police website. These requests are informal written statements outlining why the parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be submitted to the correct processing agency.
- (b) The appellant may petition the Municipal court for a hearing by filing with the clerk of the Municipal court and posting fees as required.

505.7.2 TIME REQUIREMENTS

Administrative review or appearance before a magistrate will not be available if the violator does not adhere to the mandated time limits.

- (a) Requests for an administrative appeal must be received by the department within 5 days of issuance of a notice of parking violation. The violator can fill out the City of Fargo Parking Ticket Administrative Appeal form online or in person at the police department.
- (b) The administrative review, conducted by the designated department representatives, must be completed within 5 days of receiving an appeal notice.
- (c) If a parking ticket appeal is denied, a violator may request an appeal hearing before a magistrate. The appeal must be made in person, to the Fargo Municipal Court and within 5 days of the department's denial.

505.7.3 COSTS

- (a) There is no cost for an administrative review.
- (b) An appeal through Municipal Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant, in addition to any previously paid fines, if the appellant's liability is overruled by the Municipal Court.

505.8 JUVENILE CITATIONS

Juvenile citations are similar to adult citations except that certain juvenile offenses, including those involving a criminal offense, would be processed through the juvenile referral procedure. Criminal driving offenses include all Infractions and Misdemeanors.

Juvenile Court does not have jurisdiction over a juvenile for a non-criminal driving offense, regardless whether or not the offender has ever been licensed. Juvenile offenders must be processed through Fargo Municipal Court for any non-criminal driving offense by issuing a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

The Fargo Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

506.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources, and the vulnerability of the disabled motorist. Squad cars should not be used to jump start other vehicles given the electronics and communication systems mounted on or in the squad car.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. This to avoid the potential liability to the department for any claims of wrong doing against the officer, who may have attempted to fix the problem. Mechanical repairs are best left for trained automotive technicians or automotive mechanics.

Assisting a disabled motorist change a flat tire is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle (either under human power or by mechanical means) should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

Abandoned Motor Vehicles

507.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording, and storage of vehicles abandoned in violation of abandoned vehicle laws (N.D.C.C. § 23.1-15-01 et seq.).

Definitions related to this policy include:

Abandoned motor vehicle - A motor vehicle is abandoned if (N.D.C.C. § 23.1-15-01):

 - 1. Illegally, or
 - 2. It lacks vital component parts.
- (b) It is on private property:
 - 1. Without consent of the person in control of the property, or
 - 2. It has no substantial potential further use consistent with its usual functions, unless it is kept in an enclosed garage or storage building.
- (c) It has been voluntarily surrendered by its owner for disposal.

Vital component parts - The parts of a motor vehicle that are essential to its mechanical functioning, including but not limited to the motor, drive train, and wheels.

507.2 MARKING VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of North Dakota laws shall be documented via the computer aided dispatch (CAD) system. No case number is required at this time.

A visible chalk, crayon or paint mark should be placed on the rear window or left rear tire tread at the fender level unless the vehicle is missing tires or other vehicle conditions or the weather prevents marking. Any deviation in markings shall be documented via the CAD system.

If a marked vehicle has been moved or the markings have been removed during a 48-hour investigation period, the vehicle shall be marked again for the 48-hour abandonment violation and a CAD update completed.

507.2.1 MARKED VEHICLE FOLLOW-UP

Community Service officers shall be responsible for the follow-up investigation of all abandoned violations noted on the marked vehicle cards or CAD system.

507.3 VEHICLE STORAGE

Any abandoned vehicle qualifying for a tow should be removed by the authorized towing service and a Vehicle Impound Report, located in Aegis Mobile, and a thorough impound inventory shall be completed by the officer authorizing the storage of the vehicle.

Fargo Police Department

Policy Manual

Abandoned Motor Vehicles

507.3.1 VEHICLE STORAGE REPORTING

The Vehicle Impound Report shall be submitted in the CAD/RMS to the Records Division immediately following the storage of the vehicle. It shall be the responsibility of the Records Division personnel to process the information from the Vehicle Impound Report to ensure the contract towing agent has access to the impound information. The contracted tow agent is responsible for attempting to notify the last known registered owner as specified in the Vehicle Towing and Release Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Investigation and Prosecution

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

- (d) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (e) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation, and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information, and report the discovery

Fargo Police Department

Policy Manual

Investigation and Prosecution

to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department established record keeping systems (see the Records Maintenance and Release and Criminal Street Gangs policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. The case report shall document such access was used in the investigation and list the name of the supervisor who approves the use.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related case report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

This includes any time the Fargo Police Department seizes property for forfeiture or when the Fargo Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Fargo Police Department

Policy Manual

Asset Forfeiture

2. All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing or exporting any controlled substance and the containers for the preceding items.
3. All conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale or receipt of controlled substances.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

601.2 POLICY

The Fargo Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations or any person's due process rights.

It is the policy of the Fargo Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeitures.

601.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy and in accordance with applicable state and federal law.

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

601.3.1 PROPERTY SUBJECT TO SEIZURE

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer (N.D.C.C. § 29-31.1-03; N.D.C.C. § 19-03.1-36):

- (a) Property subject to forfeiture authorized for seizure by a court order.

Fargo Police Department

Policy Manual

Asset Forfeiture

- (b) Property that officers have probable cause to believe qualifies as property subject to forfeiture and the property is seized under circumstances in which a warrantless seizure would be reasonable (i.e., property would be lost without immediate seizure).

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Property of someone who had no part in the commission of the offense and who had no knowledge of the criminal use or intended use of the property (N.D.C.C. § 29-31.1-07; N.D.C.C. § 19-03.1-36).
- (b) Cash and property that does not meet forfeiture thresholds.

601.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer promptly after the seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 MAINTAINING SEIZED PROPERTY

The Property Evidence Manager is responsible for ensuring compliance with the following):

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.

Fargo Police Department

Policy Manual

Asset Forfeiture

- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.
- (e) Forfeitable property is retained until such time as its use as evidence is no longer required (N.D.C.C. § 29-31.1-08).

601.6 FORFEITURE REVIEWER

The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

If funds distributed exceed \$600 in any reporting year, the CI/SOI should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the CI/SOI and by doing so jeopardize any investigation, the safety of officers or the safety of the CI/SOI (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

Eyewitness Identification

603.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification procedures involving show-ups, photo arrays, and lineups. In addition to eyewitness identification, all appropriate investigative steps and methods should be employed to uncover evidence, which either supports or eliminates the suspect identification.

603.1.1 DEFINITIONS

Definitions related to the policy include:

Confidence Statement - A statement in the witness' own words taken immediately after an identification is made stating his/her level of certainty in the identification.

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification/Show-ups - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Filler - A live person, or a photograph of a person, included in an identification procedure who is not considered a suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Sequential - Presentation of a series of photographs or individuals to a witness one at a time.

Simultaneous - Presentation of a series of photographs or individuals to a witness all at once.

603.2 POLICY

The Fargo Police Department shall adhere to the procedures for conducting eyewitness identification in order to enhance and maximize the reliability of identification, minimize erroneous identifications, and gather evidence which conforms to contemporary eyewitness identification protocols. This policy recognizes the sequential and simultaneous approaches are both valid methods of conducting an identification procedure and does not recommend one over the other. Regardless of the method utilized, the basic procedures outlined in this policy should be followed.

603.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Fargo Police Department

Policy Manual

Eyewitness Identification

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

603.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigation Division supervisor's shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

603.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way; influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

Eyewitness Identification

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

603.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so using the sequential or simultaneous procedures for identification.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding

603.7 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as single-person show-ups or one-on-one identifications, generally should be avoided or used where exigent circumstances make it impracticable to conduct a photo or live lineup identification. Officers should use caution any time a show-up identification is used, and must consider whether the show-up is limited in duration and the least intrusive means of confirming or dispelling the reasonable and articulable suspicion.

A show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness prior to conducting the show-up.
- (b) Assess whether a witness should be included in a field identification process by considering:
 1. The length of time the witness observed the suspect.
 2. The distance between the witness and the suspect.

Fargo Police Department

Policy Manual

Eyewitness Identification

3. Whether the witness could view the suspect's face.
 4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the individual who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
 - (d) Officers should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
 1. Officers should be cautioned that any statements made by the suspect while being detained could be suppressed unless Miranda warnings are given.
 - (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
 - (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
 - (g) Officers should avoid words or conduct of any type, which may suggest to the witness that the individual is or may be the perpetrator.
 - (h) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
 - (i) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect, but rather use a lineup or photo array for the remaining witnesses.
 1. If a witness positively identifies a subject of a show-up as the suspect, officers should obtain a witness confidence statement and document the contact information for any additional witnesses for follow up, if necessary.
 - (j) Remind the witness not to talk about the show-up to other witnesses until police or prosecutors deem it possible.
 - (k) Video record the identification process using an in-car camera or other recording device when available.
 - (l) Document the time and location of the show-up, the officers present, the results of the procedure, and any other relevant information.

Eyewitness Identification

603.8 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady-Giglio Information Disclosure

604.1 PURPOSE AND SCOPE

This policy establishes procedures for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

604.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Fargo Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

604.2 POLICY

The Fargo Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Fargo Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

604.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Under the "Brady-Giglio" Rule, prosecutors are required to disclose any information to a defense attorney in a criminal case which may adversely affect the credibility of a witness for the prosecution, including a law enforcement officer, even if it is not requested by the defense or is inadmissible at trial.

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informants whose identity is protected or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

604.4 BRADY COORDINATOR

The Chief of Police shall delegate certain responsibilities to a *Brady* Coordinator, which has been identified as the Office of Professional Standards (OPS).

The responsibilities of the *Brady* Coordinator include, but are not limited to:

Fargo Police Department

Policy Manual

Brady-Giglio Information Disclosure

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or OPS file of any member of this department, the *Brady* Coordinator will coordinate with the Chief of Police to disclose the *Brady* information to the appropriate prosecutors' offices.

604.5 DISCLOSURE OF PERSONNEL INFORMATION

On a yearly basis, the Chief of Police will provide a letter to the appropriate prosecutors' offices indicating the presence of *Brady* information on any department employee. If during the course of the year, any subsequent *Brady* information develops on an employee, the *Brady* coordinator will ensure an updated letter is provided to the appropriate prosecutors' offices.

This does not restrict any of the relevant prosecutors' offices from contacting the *Brady* coordinator directly for any inquires relative to department *Brady* information.

604.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

Sexual Assault Investigations

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in N.D.C.C. § 12.1-20-02 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

606.2 POLICY

It is the policy of the Fargo Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

606.3 INITIAL OFFICER RESPONSE

Initial responding officers shall:

- (a) Make contact with the victim as soon as possible to address safety concerns and summon emergency medical assistance if needed.
- (b) If applicable, evaluate the scene for people, vehicles, or objects involved as well as possible threats.
- (c) Relay all vital information to responding officer and supervisors, including any possible language barriers.
- (d) If applicable, secure the crime scene to ensure evidence is not lost, changed, or contaminated.
- (e) Request assistance from Investigations personnel via the on-duty supervisor, when appropriate.
- (f) Begin a search for the suspect when appropriate.

Sexual Assault Investigations

If the initial assessment by the officer and supervisor shows a need for additional officers, the initial officer assumes responsibility for the victim while additional officers assume responsibility for preserving the scene, gathering evidence, searching for the suspect and other tasks.

Assisting the Victim

- (a) Officers shall show understanding, patience, and respect for the victim's dignity and attempt to establish trust and rapport.
- (b) Ensure that if the victim is being taken to a hospital that advanced notice is given. This will ensure that an examination room is made available and medical staff are notified.
- (c) A release for medical information form should be completed at the hospital, if possible.

606.4 PRELIMINARY INTERVIEW OF THE VICTIM

The initial interview may take place at the scene of the crime, hospital, or other location. The initial investigating officer has the responsibility of interviewing the victim and completing an initial case report. The purpose of the interview is to obtain information concerning the basic elements of the crime, location, and time of offense, and accurate description and/or identity of the suspect, as well as information needed to determine what evidence might be available. If necessary, pertinent information should be given to assisting officers as soon as possible.

In interviewing the victim, the officer should allow the victim to speak freely and spontaneously.

The victim should be questioned concerning specific details of the sexual aspects of the crime only to the extent necessary to establish what evidence there may be and what needs to be collected, what crime has been committed, and any suspect information.

The officer should explain to the victim:

- (a) What information is needed and why
- (b) The types of evidence which may be important to the investigation
- (c) The purpose of a medical examination (to discover and treat any injuries and gather evidence for possible prosecution)
- (d) The decision to prosecute can be made at a later time, evidence collection needs are immediate
- (e) It should be emphasized to the victim the importance of not bathing, changing clothes, or in any other way destroying possible evidence

606.5 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

Sexual Assault Investigations

- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

606.6 INVESTIGATION AND REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation.

606.6.1 DETAILED VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

Victims are often reluctant or embarrassed to discuss details. Recanting or changing one or more aspects of a prior statement is not necessarily an indication of false reporting or that the case is unfounded. If the responding officer has reason to believe the incident may be without merit, he/she should document the evidence and inconsistencies. Due to physical and emotional trauma, and the myths and stereotypes associated with sexual assault, inconsistencies in the victim's report are not uncommon. No opinions of whether the case is unfounded shall be included in the report.

606.6.2 CONTACTING AND INTERVIEWING THE SUSPECT

The investigating officer(s) shall follow department procedures on identifying the suspect, conducting the suspect interview, and collecting evidence in a sexual assault investigation.

Involvement of a victim in a pretext phone call to the suspect should take into consideration the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

606.6.3 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Sexual Assault Victim

Fargo Police Department

Policy Manual

Sexual Assault Investigations

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected within 96 hours following the assault unless good cause is shown for the delay in performing the examination. Any evidence obtained during the medical examination may not be used against the victim for the prosecution of the victim for a separate offense (N.D.C.C. § 12.1-34-07).

If a drug-facilitated sexual assault is suspected, it is critical to the investigation that a urine sample from the victim be collected by a medical professional.

In cases where a GSI collection kit has been completed, the assigned detective must complete one of the following actions based on the listed status of the case. The victim's authorization or declination to have the GSI kit examined is contained within the Appendix C of the GSI Kit paperwork. A scanned copy of this document is placed in the case file and the assigned detective must verify authorization before requesting the kit be sent to the state lab for analysis.

- (a) Unfounded cases (allegations do not meet the statutory definition or facts presented were false and evidence establishes the crime did not actually occur) will require a case summary supplement detailing why the case is unfounded and a notification shall be sent to the Evidence Property Manager directing the GSI kit and other evidence be disposed of.
- (b) Inactive cases whose victims have declined to authorize the submission of the kit for analysis will require the assigned detective or officer re-contact the victim during the initial case review and during the annual case review thereafter (as assigned by the Evidence Property Manager) to determine if the victim now wishes to proceed and if not, would they provide permission for the kit to be disposed of. If the victim indicated the kit could be disposed of, the detective or officer will complete the review form and a short supplement to the case report indicating the victim has authorized the disposal of the kit and other evidence in the case. If the victim wants the kit submitted, the officer or detective will have the case status changed to "active" and follow the steps listed below. If the victim still wishes to retain the kit, but not proceed with the investigation, the detective will complete the review form and a short supplement to the case indicating the kit will be maintained. The kit will be retained until such time as the victim indicates the kit can be destroyed or until the seven (7) year statutory limitation has expired.
- (c) Arrest and/or active cases where permission from the victim exists will require the assigned detective to complete the required state lab submission forms and notify the Evidence Property Manager to submit the GSI kit to the state lab for analysis. **All kits meeting active or arrest criteria will be submitted to the state lab.** This would include, but not limited to situations where the suspect admits to sexual contact/acts or the victim's statements indicating fact exist which may preclude the locating of forensic evidence (ex. the suspect wore a condom or the victim had prior consenting sexual contact with the suspect or others).

[See attachment: LAB EVIDENCE SUBMISSION FORM.pdf](#)

Sexual Assault Suspect

Protocol for Suspect Examination

Fargo Police Department

Policy Manual

Sexual Assault Investigations

- (a) It is essential the victim and the suspect examinations must take place in different locations.
- (b) Immediately after the preliminary suspect interview, the investigating officer shall determine whether a forensic sexual assault examination should be obtained for the suspect.
- (c) A search warrant may be needed to collect any evidence from the body of the suspect or even to collect clothing. If the suspect consents to such evidence collection procedures, documentation of voluntary consent shall be obtained and provided in the case report.

606.6.4 GATHERING AND PRESERVING EVIDENCE

It is critical the chain of custody of evidence be maintained by all personnel involved in evidence collection. All evidence will be collected and processed in accordance with the department's Property and Evidence Manual and this policy.

Not all sexual assault incidents will have identifiable scenes containing recoverable and/or timely evidence. When presented with an identifiable crime scene containing recoverable evidence a decision should be made whether recovery is best done by a patrol officer with crime scene investigation duties or by a detective. In cases where a search warrant is required to enter a scene for crime scene processing the Investigations Division will take control of the incident.

In addition, Investigative personnel will be summoned to the scene in cases where evidence must be collected from immovable objects, where specialized collection techniques or equipment are needed, where spatter and other similar fluid evidence is to be documented and collected, and in cases where the scene requires specific processing needs such as special photography, lighting, measurements, and/or high profile cases.

606.6.5 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Division supervisor.

Classification of a rape case as unfounded requires the Investigation Division supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence to support the recanted information before the case should be determined as unfounded.

606.6.6 AUDITING CASE DISPOSITIONS

The Investigation Division supervisor will ensure case dispositions are reviewed on a periodic basis.

606.7 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing

Sexual Assault Investigations

information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Division supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

606.8 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Fargo Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

The designated officer or case officer will prepare the affidavit and search warrant, consulting with the applicable supervisor or prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and/or the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

The affiant (officer who prepares a warrant) should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Information Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk. The incident commander shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

Warrant Service

- (c) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (d) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (e) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (f) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (g) A copy of the search warrant is left at the location.
- (h) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The officer who issued the warrant shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement

Fargo Police Department

Policy Manual

Warrant Service

- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the appropriate operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Fargo Police Department are utilized appropriately. Any concerns regarding the requested use of Fargo Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Fargo Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Fargo Police Department when assisting outside agencies or serving a warrant outside Fargo Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 TRAINING

The CID Unit supervisors should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service, and reporting requirements.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Fargo Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police has designated the Intel Unit commander to be the operations director regarding the planning and deconfliction of high risk operations. The operations director will report to the incident commander of the high risk operation.

The operations director will develop and maintain a risk assessment form to assess, plan, and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved commanders and supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

A risk assessment should be conducted on all higher risk warrants regardless of the circumstances. This will help to ensure department members are identifying safety issues and minimizing hazards.

608.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

Fargo Police Department

Policy Manual

Operations Planning and Deconfliction

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

[See attachment: Revised RRVS-025 Attachment A Risk Assessment.pdf](#)

608.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

Operations Planning and Deconfliction

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Red River SWAT (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance
 - 8. Canines
 - 9. Property or analytical personnel to assist with cataloguing seizures
 - 10. Forensic specialists
 - 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

Fargo Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 - 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 - 2. Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, Personal Digital Assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Fargo Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable open records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY POLICY

The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service is without any expectation of privacy that the member might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of member misconduct and, as practicable, will be done in the presence of the affected member. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

Fargo Police Department

701.4 DEPARTMENT-ISSUED PCD

Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

The following actions are prohibited from use on department issued PCD's unless authorized by the Chief of Police or his designee:

701.5 PERSONALLY OWNED PCD

Members may carry their own PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
 - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police.

Fargo Police Department

Policy Manual

Personal Communication Devices

- (f) Use of a personally owned PCD for official department work constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, open records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with all telephone access numbers for the device if requested.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Fargo Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, as much as practical out of the sight of the public, and shall not be disruptive to the work environment, unless an emergency exists.
- (b) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (c) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official Fargo Police Department business.
- (d) Members will not access social networking sites for any purpose that is not official Fargo Police Department business.

- (f) Members are not required to carry, access or monitor department issued PCD's and are not to respond to work related electronic communications using a PCD while off-duty unless authorized. If an off-duty member is in an authorized status that allows for appropriate compensation consistent with policy or if the off-duty member has prior express authorization from his/her supervisor, the member may engage in department business-related communications on their department issued PCD. Should members engage in such approved off-duty communications or work, members entitled to compensation shall document the time worked. Members who independently document off-duty department-related business activities shall provide their supervisor a description of the work conducted and the number of hours worked.

Personal Communication Devices

701.7 SUPERVISOR RESPONSIBILITIES

Supervisors shall ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors shall monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while operating a motor vehicle can cause unnecessary distractions and presents a negative image to the public. On-duty members operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location when utilizing the device (N.D.C.C. § 39-08-23(3)).

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. Whenever reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. 703.2 POLICY

The Fargo Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

Attorney General's website ([ND Crime Lab General Forms](#)). Do not use old forms. To ensure the most recent forms are used, retrieve them from the website. All forms must be completely filled out with every question answered. If the question does not pertain to the case, put Not Applicable or N/A. Anti-Retaliation

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance, or employment agreement.

1003.2 POLICY

The Fargo Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Any person who has pled guilty, nolo contendere, or is convicted of any felony, or is prohibited from using or possessing any firearm under state or federal law is prohibited from being a peace officer (N.D.C.C. § 62.1-02-01; N.D.A.C. § 109-02-01-03).

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1004.4 REPORTING

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Commander or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending, or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Commander or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST-issued license.

Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

Drug- and Alcohol-Free Workplace

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform directives regarding drugs and alcohol in the workplace. The City of Fargo and Fargo Police Department will not accept any risk to safety, quality, or productivity which may be caused by an employee who uses drugs and/or misuses alcohol. Even a small amount of such substances may be capable of impairing the user to some degree. It is the Fargo Police Department's goal, through this policy and City of Fargo policy, to achieve a workplace which is free of drugs and alcohol.

1005.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL PROVISIONS

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

- (a) The possession or use of alcohol, or the sale, purchase, manufacture, possession or transfer of an illegal drug for other than official police business, or being under the influence of alcohol or of an illegal drug, during work time or at any time while on police business, on city property (including the City's employee parking lots), or while operating the City's vehicles, is prohibited. Work time includes meal breaks and other breaks, regardless of where these breaks occur, including while being on City property, on City business, or in a City owned/leased vehicle located on or off City premises.
- (b) The use of alcohol by employees while conducting business, attending a City-sponsored business or social function, or otherwise representing the Fargo Police Department and City of Fargo offsite is permitted only to the extent that it does not lead to impairment, inappropriate behavior, endanger the safety of an individual, or violate applicable law.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status. Any member who is taking medications which may cause drowsiness or

Fargo Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

otherwise adversely affect his/her job performance, coordination, judgment, or fitness for duty is required to notify his/her immediate supervisor of such use as soon as possible, and prior to performing any police functions. The supervisor will then take steps to investigate whether the member's job assignment should be temporarily changed during the treatment, or whether other accommodations may be appropriate.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician. If, after conferring with his/her physician, an employee has reason to believe that his/her ability to perform his/her job competently and safely may be adversely affected, the employee should consult with his/her immediate supervisor regarding possible accommodations, including taking sick leave and/or a leave of absence, or temporary reassignment of job duties if possible/appropriate.

The City and the department reserves the right to obtain an independent medical opinion regarding the effects of a prescription or over-the-counter drug on an employee's ability to perform law enforcement functions or other aspects of his/her job, and to place the employee on medical leave pending a decision as to whether the employee may continue to perform his/her regular duties while taking medication.

Possession or consumption of medical marijuana or being under the influence of marijuana on-duty is prohibited and may lead to disciplinary action (N.D.C.C. § 19-24.1-34).

1005.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

In the event an employee is called to duty outside of his/her normal work schedule, and that employee has recently used alcohol; the employee will be expected to acknowledge such use at the time he/she is called to report for duty. No discipline will be taken against any employee who acknowledges his/her recent use of alcohol prior to a call-in, unless such conduct has the effect of making that employee repeatedly unavailable for on-call/call-in service.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisor of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction (41 USC § 8103).

Drug- and Alcohol-Free Workplace

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems. For additional EAP information, employees should consult City of Fargo Policy 400-007.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication which could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If a supervisor reasonably believes, based upon objective facts, that a member's ability to perform his/her duties safely and efficiently may be impaired by the consumption of alcohol or other drugs, the supervisor may ask the member whether he/she has consumed any alcohol or other drugs and, if so, the amount and type of alcohol or other drugs consumed and the time of consumption, and the name of the person who prescribed the controlled substance.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 REQUESTING SCREENING TESTS

The Shift Commander may request an employee to submit to a screening test if he/she:

- (a) Reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs which are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of his/her duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the department while off-duty, resulting in injury, death, or substantial damage.
- (d) The employee drives a motor vehicle in the performance of his/her duties and becomes involved in an accident which results in bodily injury, death, or substantial damage to property.
- (e) Informs the employee of the specific facts supporting this belief and prepares a written record of those facts, and:
 1. Informs the employee in writing whether the test will be for alcohol or drugs, or both.
 2. Informs the employee that the result of the test is not admissible in any criminal proceeding against him/her.

Fargo Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

3. Informs the employee that he/she may refuse the test, but that his/her refusal may result in termination or other disciplinary action.

1005.7.1 ADDITIONAL SCREENING TESTS

The Shift Commander may request an employee to submit to a screening test if the employee:

- (a) Discharges a firearm, other than in training, in the performance of his/her duties.
- (b) During the performance of his/her duties, drives a motor vehicle and becomes involved in a vehicle crash that results in bodily injury to him/herself or another person or substantial damage to property.
- (c) Knowingly or unknowingly, sustained or has caused another employee to sustain a personal injury in the course of employment; or
- (d) Knowingly or unknowingly, caused or contributed to a work-related accident or was helping to operate machinery, equipment, or vehicles involved in a work-related accident.

When a supervisor suspects an employee has used drugs or alcohol while on duty, or is under the influence of drugs or alcohol, the supervisor will arrange for the employee to be transported to the collection site for the collection, and back to the employee's home after the collection is completed. The employee will not be permitted to operate a motorized vehicle.

1005.7.2 SCREENING TEST REFUSAL

An employee is subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested in accordance with this policy or city policy will be considered to have voluntarily resigned (per City Policy 400-008C).
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she had taken the substance as directed pursuant to a current and lawful prescription issued in his/her name.

1005.8 EMPLOYMENT STATUS

In accordance with City of Fargo policy 400-008C, Section X, Subsections A-D, an employee who has admitted to being under the influence of alcohol and/or drugs, or whose drug or alcohol test result is positive, will be immediately withdrawn from service by the City, pending further disciplinary action.

The City and the department **may** place an employee on unpaid leave during the testing process if the City or the department believes it is reasonably necessary to protect the health or safety of the employee, co-workers, or the public. If the result of the confirmatory test or any retest is negative, the employee will be compensated in full for the hours he/she was scheduled to work, but which were missed while he/she was on leave awaiting the results of the test, including

Fargo Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

the additional time required for the retest, if a retest was requested. If a confirmatory test is positive and a retest is also positive or is not requested, the employee will not be compensated for any time during the leave.

An employee who is placed on paid or unpaid leave for safety reasons during the testing process is required to remain available to report for work and must do so within 2 hours of being contacted by the City. If extenuating circumstances prohibit the employee from being contacted directly by phone, the employee must notify the Director of Human Resources, and must be able to return the City's phone call within 2 hours and return to work with 2 hours of returning the call. Failure to return the City's phone call or report to work within the required time will be considered a failure to report for duty and/or other disciplinary action.

1005.9 CONSEQUENCES OF POSITIVE RESULT

Refer to City of Fargo Policy 400-008C, section VII, subsection Consequences of Positive Test Result for guidance on a positive test finding.

1005.10 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.11 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files (N.D.C.C. § 44-04-18.1).

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City of Fargo Policy manual.

Employees of this department are provided with a sick leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the City of Fargo Employment Policy manual (500-003 Sick Leave). Employees may also be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC & 2601 et seq.).

1006.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness; injury; temporary disability, including pregnancy and maternity; consequences of domestic violence, sex offense, stalking or terrorizing; or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not reasonably possible to schedule such appointments during non-working hours (N.D.A.C. § 4-07-13-07; N.D.C.C. § 54-06-14; N.D.C.C. § 54-06-14.5; N.D.C.C. § 54-52.4-03).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline and/or denial of sick leave benefits. Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness.

Employees shall complete and submit a leave request through the department's scheduling and payroll system, describing the type of leave used and the specific amount of time taken.

1006.2.1 NOTIFICATION

Employees are encouraged to notify an immediate supervisor, the Shift Commander, or other appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees should make such notification no less than two hours before the start of their scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every reasonable effort should be made to have a representative contact the supervisor.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever reasonably possible, provide notice to the Department as soon as reasonably possible and with no less than 30 days' notice of the intent to take leave.

Sick leave hours will only be approved if accrued by the beginning date of the requested leave. If sick time is exhausted, employees must use annual leave for the remainder of the absence. Once both sick and annual leave are exhausted, employee's absences for reasons covered under the City of Fargo Employment sick leave policy will be recorded as unpaid leave.

Fargo Police Department

Policy Manual

Sick Leave

1006.3 EXTENDED ILLNESS

Employees on extended absences shall, if possible, contact their unit supervisor at three-day intervals to provide an update on their absence and expected date of return. Any employee who has a sick leave absence in excess of three (3) consecutive days must present medical documentation for the absence before they return to work. In addition, the City reserves the right to require documentation from a treating physician indicating the employee is fit for duty and authorizing the employee to return to duty at any time at the discretion of the Chief of Police.

Absences of greater than three full consecutive days of sick leave utilization will be reviewed to determine if Family and Medical Leave (FMLA) is applicable.

1006.4 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address the use of sick leave in the employee's performance evaluation when it has **negatively** affected the employee's performance, or ability to complete assigned duties and when unusual amounts of sick leave by the employee have a negative effect on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

Communicable Diseases & Exposure Control Plan

1007.1 PURPOSE AND SCOPE

This policy provides general directives to assist in minimizing the risk of department members contracting and/or spreading communicable diseases and to further establish a procedure for responding to any such exposure.

In accordance with Occupational Safety and Health Administration (OSHA) standards regarding a person's exposure to human blood or other potentially infectious materials, department employees who come into contact with human blood, blood products, body fluids, or other potentially infectious materials shall treat the materials as infectious at all times and shall take the necessary precautions when coming into contact with these materials. Department employees shall comply with the procedures described within this policy relative to responding to a potentially infectious exposure, which includes reporting, evaluating, and providing treatment to employees following such an exposure.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Bloodborne Pathogen - Any microorganism present in human blood, other bodily fluid, or tissue which can cause a disease in humans, and for which testing is recommended by the United States Public Health Service and OSHA's Bloodborne Pathogens Standard.

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane, abraded skin, or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Fargo Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

Infectious Materials - Includes human blood, blood products, or other body fluids considered to be potentially infectious such as saliva, semen, vaginal secretions, amniotic fluid, synovial fluid, pleural fluid, pericardial fluid, and peritoneal fluid. An infectious material may also include any unfixed tissue or organs other than intact skin from a living or dead human being.

Personal Protective Equipment (PPE) - Includes, but is not limited to, gloves, facial protection, eyewear, shoe covers, protective cap and/or gown, or any equipment worn by an employee and intended to be a barrier between an employee and infectious material.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

Health Care Provider - Any person licensed, certified, or otherwise authorized by law in the State of North Dakota to provide health care, including personnel at the state crime laboratory or any commercial or research laboratory authorized to handle blood, body fluids, or body tissue.

1007.2 POLICY

The Fargo Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO), who will coordinate with the City's Safety Manager and Employee Health representative to develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for employees who have a risk of exposure.
- (d) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Ensuring completion of the mandatory notification to the North Dakota Department of health of any known reportable diseases (N.D.C.C. § 23-07-02; N.D.C.C. § 23-07-02.3).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

The ECO should periodically review and update the exposure control plan and review implementation of the plan. At this time, the Deputy Chief of Administrative Services or his/her designee will serve as the department's ECO.

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS/WORK PRACTICE CONTROLS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable diseases. The department shall make personal protective equipment (PPE) available to all department employees whenever an employee must handle an infectious material or any item, which contains, or is likely to contain, any infectious material. Whenever possible, employees shall utilize the necessary and/or appropriate PPE prior to handling any infectious materials or items, which may contain an infectious material. This includes, but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks, N95 mask, or other specialized equipment in the work area or department vehicles, as applicable.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a facemask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, work surfaces, evidence processing equipment, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
 - 1. A small sharps container is located in each police vehicle.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazard waste appropriately or labeling biohazard material properly when it is stored.

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV (Hepatitis B) due to their positions may receive the HBV vaccine and any routine booster at no cost. Any employee who chooses to decline the vaccination shall sign a waiver indicating the risks of HBV have been explained to them and of their decision to decline the vaccination. Department employees may elect to have the HBV vaccination administered to them at a later date at the department's expense.

All medical records associated with a department employee's exposure to an infectious material shall be kept in the employee's medical file, maintained by Fargo Employee Health, for the duration of the employee's employment with the Fargo Police Department, plus 30 years.

1007.5 DISPOSAL/CLEANING OF CONTAMINATED PERSONAL EQUIPMENT OR OTHER EQUIPMENT

All disposable PPE, or other equipment requiring disposal due to bio-hazardous contamination, shall be placed in a properly labeled "bio-hazard" bag immediately after its use. The "bio-hazard" bag and its contents shall be placed in an appropriately designated disposal container and disposed of accordingly.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

All non-disposable equipment which contains, or is likely to contain, an infectious material shall be cleaned as soon as possible by using soap and water and/or a disinfectant and allowed to air dry.

When necessary and practical to do so, police uniforms, footwear, or other employee clothing containing, or likely to contain, an infectious material shall be placed in a properly labeled "bio-hazard" bag and placed in an appropriately designated container so it can be professionally cleaned.

- When you cannot remove footwear which has been contaminated with blood or other bodily fluids, the footwear should be disinfected as follows:
 - Put on nitrile gloves and remove as much of the contaminant as possible by wiping footwear with a disposable cloth, paper towel, etc.
 - Spray the entire exposed surface of the footwear liberally with Clorox Hydrogen Peroxide and let the spray dry on the surface for 60 seconds (the time needed to kill all pathogens)
 - After 60 seconds, you may wipe the surface dry or you may allow it to air dry.

If a large area has been contaminated, or is likely to have been contaminated with an infectious material; i.e. restrooms, hallway, interior of a police vehicle, etc., the department employee who discovers or is otherwise made aware of the contaminated area shall immediately notify an on-duty supervisor as soon as possible. The supervisor or on-duty Field Services sergeant made aware of the contamination shall make the necessary arrangements to have the area professionally cleaned. Small areas of contamination may be cleaned by a department employee by using a disinfectant, but only when the employee is utilizing PPE.

1007.6 POST EXPOSURE

1007.6.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water and/or saline may be used to wash the area). The employee shall also remove and properly dispose of or store any clothing, which may have been contaminated as described in section 1008.5 of this policy.
- (b) If an employee has been or has reason to believe they may have been exposed to any infectious material, the employee may seek medical from a health care provider. Upon the employee's request, the on-duty Field Services supervisor or employee's immediate supervisor shall promptly make the necessary arrangements for the employee to seek medical attention and shall further ensure the employee completes the applicable Worker's Compensation documentation. The supervisor or on-duty Field Services supervisor may require an employee to seek medical attention following an exposure if, in the opinion of the supervisor, such medical attention is necessary.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

1. Treatment for HIV exposure is most effective when started within two hours of the exposure and must be started within 72 hours of the exposure to be effective. Treatment for Hepatitis B is most effective when started as soon as possible after the exposure.
- (c) An employee who has been exposed to any infectious materials or has reason to believe they may have been exposed to any such material, shall notify a supervisor as soon as practicable after such exposure.

1007.6.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The employee's supervisor or Field Services sergeant notified of the exposure shall be responsible for the timely notification of the City of Fargo's Human Resource Office and the physician retained by the Human Resource Office.

[See attachment: Policy 1008 Communicable Diseases Supervisor Checklist.pdf](#)

1007.6.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials, which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

1007.6.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1007.6.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Acquiring mandatory/court-ordered testing under N.D.C.C. § 23-07.5-02.
- (c) The North Dakota Department of Health disclosing test results for an exposed person (N.D.C.C. § 23-07.5-06).

Consensual Source Testing

A department employee exposed to an infectious material, the employee's health care provider, or the Chief of Police, may request the source of the exposure be tested for bloodborne pathogens.

If the source to be tested is a person, and that person consents to such a test, he or she shall be transported to a medical facility for the purpose of being tested. The employee's immediate supervisor or an on-duty Field Services sergeant will inform the health care provider conducting the test of the circumstances surrounding the exposure, the request for the testing of the source person's blood, and the consensual nature of the testing.

Non-Consensual Source Testing

In addition to the parameters described in Consensual Source Testing, if the source to be tested is a person, and that person refused to consent to testing, a test without the source person's consent may still be performed if all of the following apply:

- (a) A sample of the source person's blood is already available, and;
- (b) A physician or other health care provider determines and certifies in writing that the source person was responsible for an exposure, and;
- (c) The source person is informed prior to the testing of the already available sample that his or her blood will be tested for bloodborne pathogens and the test results will not be disclosed to anyone other than the department employee(s) who were the subject of the exposure, the employee's health care provider, or any other person as authorized by law, and;
- (d) The source person is informed that if their identity is known to the exposed employee(s), the exposed employee(s) cannot disclose the source person's identity to any other person except for purposes of having the test performed, and;
- (e) The source person is informed that the record of the test results may be placed in the exposed employee(s) medical file, but only if the record does not contain the source person's identity.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

If the source to be tested is a person who refuses to consent to testing and a sample of that person's blood is not already available, a test of the source person's blood may still be performed, but only after the department and/or the department employee has obtained a judicial order requiring such testing. A command officer or a sergeant, with the assistance of the States Attorney or City Attorney's Office if necessary, will facilitate obtaining a judicial order when the circumstances necessitate obtaining one.

If the source to be tested is a person who is unconscious or otherwise incapable of giving their consent to be tested, any person who is authorized by law to make decisions relative to the source person's health care may provide consent. If the source person is deceased, medical personnel are required to conduct a bloodborne pathogen test and will provide the results to the exposed department employee or the employee's health care provider.

This section of policy presumes the source person to be tested is an adult, 18 years of age or older. If the source person to be tested is a juvenile, the parent or legal guardian of the juvenile shall be contacted prior to any consensual or non-consensual testing.

[See attachment: Bloodborne Pathogen Testing Flow Chart.pdf](#)

1007.7 CONFIDENTIALITY OF REPORTS

The results of any bloodborne pathogen testing are subject to strict non-disclosure rules and regulations {N.D.C.C. 23-07.5-02}. Department employees shall adhere to all laws of the State of North Dakota regarding the disclosure of any bloodborne pathogen testing conducted on behalf of the Fargo Police Department, or as a result of an employee's exposure to infectious material in the performance of their job duties.

Department employees may disclose the results of any bloodborne pathogen testing conducted on their behalf to another department employee, but only when the disclosure of the test results are necessary to protect the health and safety of another employee who has had an exposure, as defined within this policy, with the person who was the source of the test results.

A source person's identity **MAY NOT BE DISCLOSED** under any circumstances other than those allowed by law. Under North Dakota law, the unlawful disclosure of a source person's identity is a Class C felony. Any department employee who disclosed the identity of a source person in violation of law or this policy is subject to both criminal prosecution and department imposed discipline.

1007.8 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training
- (b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

Fargo Police Department

Policy Manual

Communicable Diseases & Exposure Control Plan

- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY

The Fargo Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and any form of tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy.

In accordance with State law and City of Fargo policy 400-002, smoking is defined as inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, or pipe, or any other lighted or heated tobacco or plant product intended for inhalation, in any manner or in any form.

1008.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Fargo Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside City facilities and vehicles (N.D.C.C. § 23-12-11).

1008.4 ADDITIONAL PROHIBITIONS

No member shall smoke within 20 feet of entrances, exits, operable windows, air intakes and ventilation systems of any City facility, office, any other public place or place of employment (N.D.C.C. § 23-12-10).

This policy provides guidelines for the reporting, investigation, and disposition of complaints regarding the conduct of members of the Fargo Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment, or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.2 POLICY

The Fargo Police Department takes seriously all complaints regarding the service provided by the department and the conduct of its members.

- (e) **Informal Counseling:** The process by which isolated instances of employee misconduct and/or work performance deficiencies, which do not require the initiation of a personnel complaint, may be addressed and/or resolved by an employee's supervisor.

1009.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

- (d) The department may be the recipient of tort claims and lawsuits.
- (e) Allegations of criminal misconduct, excessive or unnecessary use of force, or civil rights violations shall be received and promptly investigated by the department regardless of how or when the complaint was received.
- (f) Unless determined by the Chief of Police or OPS, a department employee who is the subject of a personnel complaint shall be notified in writing as soon as practical. The written notification shall be provided to the employee by OPS and will specify the department or City of Fargo employment policy, rule, procedure, directive, or law the employee is alleged to have violated as well as a brief description of the allegation.

the department when they are no longer under the influence of alcohol, a drug, or other controlled substance.

4. A complaint alleging an employee's misconduct occurred six (6) months or more prior to the department receiving the complaint.
5. A complaint which is retaliatory in nature between department personnel. In these instances the initial complaint investigation (if applicable) will deal with the entire scope of the grievances between the employees involved.

1009.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1009.4.1 COMPLAINT FORMS

Personnel complaint forms will be accessible at the front desk of the police facility and be accessible through the department website. Forms may also be available at other Fargo Police Department facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1009.4.2 ACCEPTANCE

During regular business hours personnel complaints, both internally and externally generated, will be directed to and received by the department's Office of Professional Standards (OPS). If the personnel assigned to OPS are not available, the complaint will be directed to and received by an on-duty sergeant, or a command officer.

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. A personnel complaint, both internally and externally generated, will only be received directly from the complainant, either in person or in writing, unless there is an extenuating or compelling reason not to do so. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

In some instances, a complainant's questions and/or concerns regarding a department employee's actions or conduct may be immediately resolved through informal discussion with a command officer, a sergeant, or other department supervisor. All command officers, sergeants, and supervisors are expected to utilize their best judgement and discretion when resolving issues in this manner. If a complainant is dissatisfied with the resolution or information provided by a command officer, sergeant, or other supervisor under these circumstances, the complainant will be directed to the Office of Professional Standards (OPS) where the complaint and an appropriate resolution will be considered further.

Personnel Complaints

1009.5 DOCUMENTATION

Supervisors shall ensure that all complaints are documented on a complaint form (attachment #1). The supervisor shall ensure that the nature of the complaint is defined as clearly as possible, to include a brief description of the allegation, date, time, and location of the incident. In addition, the name, address, and telephone number(s) of the complainant, witness, or others who may have information directly related to the complaint will also be included.

Any accompanying documentation relative to a personnel complaint, to include any written statements, photographs, other recordings, or any other information provided by the complainant at the time the complaint is received by the department will be attached and included in the initial complaint file whenever possible or applicable.

All complaints and inquiries should also be documented in a system which records and tracks complaints. The system shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the department should audit the system and send an audit report to the Chief of Police or the authorized designee.

1009.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1009.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the Office of Professional Standards (OPS). In most cases, OPS will conduct the investigation and provide the Chief of Police with a regular update as to the status of the complaint investigation. However, OPS may assign a personnel complaint (in whole or in part) to a command officer, sergeant, or other department supervisor who will be responsible for conducting the complaint investigation and returning it to OPS.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of command officers, sergeants, or other department supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any complaint, a complaint form is completed.
 1. The original complaint form will be directed to the Office of Professional Standards (OPS) who will take appropriate action and/or determine who will have responsibility for the investigation.
 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the Office of Professional Standards, who will initiate appropriate action.

Fargo Police Department

Policy Manual

Personnel Complaints

- (h) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.
- (i) No employee should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

- (k) All employees subjected to interviews which could result in discipline have the right to have an uninvolved representative or legal counsel present during the interview, unless it is determined by the Office of Professional Standards (OPS), the investigating supervisor, or the Chief of Police the person's presence may jeopardize the continuance and/or outcome of the complaint investigation.

1009.6.3 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses the alleged acts did not occur or did not involve department members. Complaints determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses the alleged act occurred, but the act was justified, lawful, proper, and within the scope of the department policies, rules, procedures, directives, or the City of Fargo's employment policies.

Not sustained - When the investigation discloses there is insufficient evidence to prove or disprove the validity of the complaint allegation.

Fargo Police Department

Policy Manual

Personnel Complaints

Sustained - When the investigation discloses sufficient evidence to establish the act occurred and it constituted misconduct. If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

Policy Failure - The investigation proved the act(s) by an employee were justified; however, department policies, rules, procedures, directives, or the City of Fargo's employment policies governing such an act, were insufficient in providing the employee with the guidance necessary to protect the public's interest or the interests of the department.

Mediation - The complaint was resolved to the satisfaction and the mutual agreement of the complainant and the department employee, who is the subject of the complaint, through informal discussion and/or explanation.

Closed - The nature of the complaint or the circumstances of the investigation could not be classified through any of the other dispositions.

1009.6.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within 60 days from the date of discovery by an individual authorized to initiate an investigation, unless an exception or an extension is approved by the Chief of Police.

In the event new or otherwise relevant information regarding a personnel complaint is discovered after the complaint has received a final disposition, the Chief of Police may order the complaint investigation re-opened, after which the context of the complaint and the disposition may be subject to change.

If at any time prior to the conclusion of a personnel complaint investigation the complainant decides to withdraw their complaint, but the investigation has disclosed a possible violation of any department policy, rule, procedure, directive, or the City of Fargo's employment policies, the investigation will continue until a conclusion is reached and an appropriate disposition determination is made by the Chief of Police.

The Office of Professional Standards (OPS) shall provide the complainant, to include any department employee, who initiates a personnel complaint with written notification of the complaint disposition. The written notification shall include a brief summary of the investigations findings, but shall not include any details or reference to any discipline imposed upon the department employee(s) named in the complaint, if applicable.

1009.6.5 NOTICE TO COMPLAINANT OF INVESTIGATION

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

Fargo Police Department

Policy Manual

Personnel Complaints

1009.6.6 COMPLAINT REGARDING THE USE OF A CONFIDENTIAL INFORMANT

The member conducting the investigation regarding the alleged misuse of a confidential informant in violation of N.D.C.C. § 29-29.5-01 et seq. shall comply with the investigation time frame and notification requirements of N.D.C.C. § 29-29.5-07.

1009.7 DISPOSITION OF PERSONNEL COMPLAINTS

Sustained Personnel Complaints:

If a personnel complaint receives a sustained disposition, the Office of Professional Standards will forward the complaint file to the command officer responsible for the supervision of the employee named in the complaint. The command officer shall submit a written disciplinary recommendation to their respective division commander after considering the following:

- The nature and seriousness of the employee's actions.
- The employee's work performance and disciplinary history.
- Any extenuating, mitigating, or aggravating circumstances surrounding the complaint.
- Any previous effort to remediate the employee's misconduct or work performance deficiencies.

The division commander shall review the disciplinary recommendation submitted by the command officer responsible for the supervision of the employee named in the complaint, and attach their concurrence or non-concurrence to the recommendation prior to forwarding the entire complaint file to the Chief of Police. If the division commander does not concur with the disciplinary recommendation received, the division commander will submit a written disciplinary recommendation of their own, and include it in the complaint file prior to forwarding it to the Chief of Police. All disciplinary recommendations shall be submitted to and received by the Chief of Police **within 14 days** of the complaint receiving a sustained disposition, unless an exception or an extension is authorized by the Chief of Police.

If any part of the disciplinary recommendation submitted to the Chief of Police by either the command officer or division commander involves an economic sanction, specifically a suspension from duty without pay, a permanent or temporary demotion, a reduction in rank, or termination of employment with the department, the employee who is the subject of the disciplinary recommendation shall be provided with a pre-determination hearing with the Chief of Police prior to any disciplinary decision. A pre-determination hearing shall also be required prior to any disciplinary decision if, separate from any recommendation submitted to the Chief of Police, the Chief of Police considers an economic sanction to be a viable outcome to the complaint.

The Chief of Police shall be responsible for the final determination relative to employee discipline and will ensure it is imposed accordingly.

Inquiries:

Fargo Police Department

Policy Manual

Personnel Complaints

The department may receive an allegation of employee misconduct which may not constitute a violation of a department policy rule, procedure, directive, or the City of Fargo's employment policies. Rather, the allegation may be based on the complainant's misunderstanding or disagreement with a law enforcement practice or other department procedure. If an inquiry cannot be resolved, the Office of Professional Standards shall conduct a preliminary investigation into the allegation to determine if the initiation of a personnel complaint is necessary and/or appropriate.

If after receiving an allegation of employee misconduct, the Office of Professional Standards (OPS) determines through a preliminary investigation a personnel complaint is not justified, the allegation will be classified as an inquiry. The inquiry will be kept on file with OPS and the matter considered closed. However, if OPS determines through the preliminary investigation a personnel complaint is warranted, a complaint will be initiated and investigated as described within this policy.

Mediation:

In some instances, regardless of the evidence or facts discovered during the departments review, investigation, or conclusion to a personnel complaint or inquiry, it may be appropriate for the complaint, or inquiry to be resolved through mediation. The Office of Professional Standards (OPS) shall be responsible for identifying personnel complaints, or inquiries which may be best resolved through mediation. Mediation may only be considered as a possible means of resolving a personnel complaint, or inquiry if both the complainant and department employee, who is the subject of the complaint, agree to participate.

- Participation in mediation must be voluntary, and neither the complainant nor the department employee, who is the subject of the complaint, shall be coerced or pressured into using mediation as a means of resolving a complaint.

If at any time during or at the conclusion of mediation, either the complainant or the employee, who is the subject of the personnel complaint or inquiry is dissatisfied with the process or outcome, they may request to have the complaint or inquiry investigated and resolved outside of the mediation process. The Office of Professional Standards will ensure the complaint or inquiry is then resolved as otherwise described within this policy.

If a personnel complaint or inquiry is resolved to the satisfaction of both the complainant and the department employee through mediation, the person serving as the mediator will complete a written report detailing the mediation process and the outcome. The mediator's report will be included in the complaint or inquiry file which will be forwarded to the Chief of Police by the Office of Professional Standards for final review and disposition.

Informal Counseling:

At times, a department employee's misconduct and/or work performance deficiency may be best described as isolated and/or relatively minor in nature. In these instances, and only when the misconduct or performance deficiency does not require or otherwise make the initiation of a personnel complaint necessary, the employee's immediate supervisor, a command officer, or

Personnel Complaints

other department supervisor may utilize informal counseling as the means to appropriately address and/or resolve the misconduct or performance deficiency.

When a department employee's immediate supervisor, a command officer, or other department supervisor determines informal counseling is the appropriate means for addressing an employee's misconduct and/or performance deficiency, the supervisor or command officer may utilize the department's Informal Employee Counseling form. The completed counseling form shall be forwarded to the command officer responsible for the supervision of the employee, who is the subject of the informal counseling. The command officer receiving the counseling form shall ensure the subject of the informal counseling is considered for inclusion within the employee's annual performance appraisal.

[See attachment: Department Counseling Form.pdf](#)

1009.8 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1009.9 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate allowing the accused to continue to work would adversely affect the mission of the department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1009.10 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

Personnel Complaints

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

A member accused of criminal conduct shall be afford their Garrity protections as it applies to relative case law.

The Fargo Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1009.11 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES FOR A SUSTAINED COMPLAINT

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

[See attachment: FPD Discipline Recommendation-Determination Form.pdf](#)

1009.11.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1009.11.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, which should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

Fargo Police Department

Policy Manual

Personnel Complaints

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1009.11.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1009.12 PRE-DISCIPLINE EMPLOYEE RESPONSE

As personnel complaints and/or inquiries are received, reviewed, investigated, and/or resolved by the department, the department shall remain committed to ensuring the due-process rights of the department employee are not compromised. Department employees will always be afforded a fair and reasonable opportunity to respond to any allegation which results, or may result, in the initiation of a personnel complaint.

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial, formal hearing, or designed to accommodate the presentation of testimony or witnesses. Employees shall be treated with courtesy and respect at all times, and shall be interviewed in a confidential setting whenever possible.
- (b) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (c) In the event the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (d) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

Fargo Police Department

Policy Manual

Personnel Complaints

- (e) If the personnel complaint investigation interview is audio and/or video recorded by the Office of Professional Standards or an investigating supervisor, the Chief of Police may authorize the production of a copy of the recording which will be made available to the employee upon written request. Both audio and/or video recordings of personnel complaint investigation interviews, outside of those initiated by the department, are prohibited unless otherwise authorized by the Chief of Police.
- (f) Employees may bring with them a person of their own choosing to any pre-determination hearing held with the Chief of Police, and may also present any pertinent information to the Chief of Police for consideration prior to any disciplinary determination. Employees wishing to present any additional information to the Chief of Police following such a hearing will have not less than 48 hours to do so.

1009.13 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline. The Chief of Police will determine whether or not to accept the resignation or retirement prior to the completion of the complaint process.

1009.14 POST-DISCIPLINE APPEAL RIGHTS

Non probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal in accordance with Fargo Municipal Code #7-0305, and City of Fargo Policy #300-008A. Department employees may appeal any discipline determination which consists of an economic sanction, specifically a suspension from duty without pay, a permanent or temporary demotion, reduction in rank, or termination or employment with the department, to the City of Fargo Civil Service Commission.

1009.15 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

Probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate (see also the Temporary Modified-Duty Assignments Policy).

1009.16 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

Fargo Police Department

Policy Manual

Personnel Complaints

Personnel complaint records, to included those categorized as an inquiry, are subject to review and/or inspection as prescribed by the "Open-Records" laws of the State of North Dakota and/or the policies governing the review and/or inspection of any such records established by the department and/or the City of Fargo. Personnel complaint records will be securely maintained in the Office of Professional Standards and may be accessed only upon written request to OPS unless otherwise authorized by the Chief of Police.

Personnel complaints or those categorized as an inquiry which are still pending investigation and/or review, or those which are otherwise awaiting a final disposition from the Chief of Police, are not considered closed and are therefore not accessible or subject to review and/or inspection by any person unless specifically authorized by the Chief of Police.

Any documentation relative to employee discipline which accompanies a personnel complaint shall be included in the complaint file. In addition, a copy of any final discipline determination made by the Chief of Police, and/or any written form of discipline which accompanies a personnel complaint, shall be forwarded to the City of Fargo's Human Resources Office for inclusion in the employee's personnel file where it will be retained indefinitely.

1009.17 TERMINATION REPORTING

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (N.D.C.C. § 39-21-41.2).

1010.2 POLICY

It is the policy of the Fargo Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

1010.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat (to include the rear seats) equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (N.D.C.C. § 39-21-41.4).

Exceptions to the requirement to wear safety restraints may be made only in situations where, due to circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1010.4 TRANSPORTING CHILDREN

Children younger than 8 years of age shall be transported using a child restraint system unless an exemption exists due to the child's height and weight (N.D.C.C. § 39-21-41.2).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

Safety Belts

1010.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners, and arrestees should be in a seated position and secured in the rear seat of any department vehicle with safety belts provided by the vehicle manufacturer. Suspects, prisoners, and arrestees who are transported in the back seat should be seat belted if the person is under the age of 18 (N.D.C.C. 39-21-41.2), unless the officer can reasonably articulate a compelling reason not to use the rear seat safety belt.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.6 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the Fargo Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF BODY ARMOR

The Administration Division Commander shall ensure that body armor is issued to all officers and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Officers will be fitted for body armor upon start of employment with the department, or when reasonably practical to do so. In the event a newly hired officer's body armor hasn't arrived, temporary body armor shall be issued before an officer begins the PTO program.

Body armor shall be replaced when the body armor becomes damaged to the point that its effectiveness or functionality has been compromised. Additionally, soft body should be replaced in accordance with the Administrative Services Division's replacement practices, which is based in part from the manufacturer's recommendations and NIJ recommendations. The department will endeavor to replace body armor issued to officers every five (5) years, unless there are unforeseen circumstances which prevents the department from purchasing new body armor.

When an officer is issued new body armor, the officer shall promptly turn-in their old body armor to the department's Quartermaster.

Officers who are issued a rifle rated trauma plate must wear the trauma plate in their soft body armor vest carrier at all times.

1011.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear department-approved body armor.
- (b) Officers shall wear body armor while on duty when they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers are not required to wear body armor when they are functioning primarily in an administrative or support capacity and would not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform (exceptions provided in items (c) and (e) of this section), or taking part in department range training.

Fargo Police Department

Policy Manual

Body Armor

- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation.

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the department's approved method or manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

1011.4 ADMINISTRATIVE RESPONSIBILITIES

The Training Sergeant shall:

- (a) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

The Quartermaster shall:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to the department-approved body armor.

Fitness for Duty

1015.1 PURPOSE AND SCOPE

All employees performing public safety duties are required to be free from any physical, emotional or mental condition that might adversely affect the exercise of their respective duties. The purpose of this policy is to establish consistent policy and procedures for ordering and implementing physical and psychological fitness for duty evaluations of sworn personnel and other personnel involved in public safety functions.

It is not the intention of this policy to interfere with a supervisor's ability to recommend or suggest personal counseling to a subordinate, nor is this policy intended to alter or replace confidential counseling provided by the department as a result of critical incidents. In addition, this policy is not intended as a substitute for, or to preclude the department from, imposing discipline for employee misconduct. Rather, this policy is intended to provide a mechanism for the assessment of an employee's physical, mental, and emotional abilities to perform essential functions of his/her position when the employee's conduct, behavior, and circumstances indicate to a reasonable person that continued service by the employee may be a threat to public safety, the safety of other employees, the safety of the particular employee, or may interfere with the City's ability to deliver effective police services.

1015.2 POLICY

It is the policy of the Fargo Police Department to provide a work environment in which all employees performing public safety duties have the physical stamina and psychological stability free from physical, emotional, or mental conditions that might adversely affect their ability to perform the essential functions of their positions, with or without reasonable accommodation.

1015.3 PROCEDURES

To assist in determining the continuing physical, emotional, and mental fitness of Fargo Police officers to carry out their essential duties as armed police officers, and other employees whose duties affect the public safety, all supervisory employees should be alert to any indication that an employee may not be physically, emotionally, or mentally fit. Such indications may include, but are not limited to the following factors. The mere presence of any one factor or combination of factors may not be sufficient to order the evaluation. However, such presence should not be ignored and may lead to the ordering of an evaluation. While there is a great variety and range of acceptable behaviors among employees, dramatic or sudden changes in any particular employee's customary behavior may increase concerns. Some of the following factors may form the basis for imposing discipline in addition to, or instead of, ordering a fitness for duty evaluation. These factors, not all inclusive or in a specific order of importance, are:

- (a) Three personnel complaints, whether originated internally or externally, particularly complaints of the use of unnecessary or excessive force, inappropriate verbal conduct, or any conduct indicating an inability to exercise self-control and self-discipline.

Fargo Police Department

Policy Manual

Fitness for Duty

- (b) An abrupt and negative change in customary behavior toward an inability to perform essential functions of the position.
- (c) Irrational verbal conduct or behaviors including delusions and hallucinations.
- (d) Suicidal statements, behaviors, or personal expressions of mental instability.
- (e) Unexplained and excessive tiredness or hyperactivity.
- (f) Dramatic change in eating patterns resulting in sudden weight loss or gain, or diagnosis of a life threatening eating disorder.
- (g) Change in behavior pattern to inattention to personal hygiene and health.
- (h) Inappropriate use of alcohol, medications or other drugs, including symptoms of illegal drug use.
- (i) Memory loss.
- (j) Impatience or impulsiveness, especially with a loss of temper control.
- (k) A pattern of conduct indicating a possible inability or decrease in ability to defuse tense situations, a tendency to escalate such situations or create confrontations.
- (l) Unexplained and inappropriate excessive lateness or absenteeism.
- (m) Any other factor or combinations of factors which causes a supervisor to reasonably suspect a fitness for duty evaluation may be necessary.

1015.4 EMPLOYEE RESPONSIBILITIES

- (a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of the position.
- (b) Each member of this department shall perform his/her respective duties without physical, emotional, and/or mental constraints, unless the constraints are Department approved.
- (c) During working hours, all employees are required to be alert, attentive, and capable of performing assigned responsibilities.
- (d) Any employee who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that an employee believes that another employee is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1015.5 SUPERVISOR RESPONSIBILITIES

Each supervisor is responsible for monitoring those individuals in his/her command for any behavior that would warrant further inquiry. A supervisor observing an employee, or receiving a report of an employee who is perceived to be unable to safely perform his/her duties due to

Fargo Police Department

Policy Manual

Fitness for Duty

a physical, medical, or mental condition shall take prompt and appropriate action in an effort to resolve the situation.

- (a) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem.
- (b) In all cases, a preliminary evaluation should be made to determine the level of inability of the employee to perform his/her duties.

- (b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, list any functional limitations that limit the employee's ability to perform job duties, whether the condition which leads to the limitation is industrial or non-industrial in nature, and/or other information to the extent authorized by law, necessary to achieve the legitimate purpose of the Department. If the employee places his/her condition at issue in any subsequent or related administrative action or grievance, the examining physician or therapist may be required to disclose any and all information that is relevant to such proceeding.
- (c) The Department has a right to information, which is necessary to achieve the legitimate purpose of public safety. The evaluation is ordered by and conducted for the department. It is not for the purpose of treatment, but to determine fitness for duty. The verbal and/or written results of the evaluation will be provided to the Chief of Police or his/her designee and to the City of Fargo Employee Health Medical file as a confidential personnel record.

Meal Periods and Breaks

1016.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as reasonably possible, shall conform to the policy governing all City employees that has been established by the City Manager.

1016.1.1 MEAL PERIODS

Sworn employees shall remain on-duty subject to call during meal breaks. Civilian employees are not on-call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol shall request clearance from Dispatch prior to taking a meal period. Uniformed officers shall take their breaks within the City limits and shall monitor their radios unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed, which is generally 30 minutes unless approved by a supervisor.

1016.1.2 15-MINUTE BREAKS

Non-sworn employees may be given a 15-minute break, near the midpoint, for each four-hour work period. Only one 15-minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Lactation Breaks

1017.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1017.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to one year after the child's birth (29 USC § 207).

1017.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1017.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area (N.D.C.C. § 23-12-16).

Payroll Records

1018.1 POLICY

1018.2 PURPOSE AND SCOPE

Payroll records are submitted to Administration on a biweekly basis for the payment of wages.

1018.2.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS

1018.2.2 TIME REQUIREMENTS

New employees will be enrolled in direct deposit with their financial institution by the Human Resources Department and they will receive a check for the first payroll cycle. Subsequent payroll cycles should be made via direct deposit. Payroll records shall be completed and submitted to Administration no later than 10:00 a.m. on the Monday morning before the end of the pay period, unless specified otherwise.

Compensation

1019.1 PURPOSE AND SCOPE

It is the policy of the Department to establish work rules and compensate non-exempt salaried employees who work authorized overtime or straight time by payment of wages as agreed and in effect through an employment agreement. The employee must complete and submit a request for overtime/straight time compensation as soon as practicable after the additional time is worked.

1019.1.1 DEPARTMENT POLICY

Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of the shift in which the overtime is worked.

When agreed upon by the supervisor and employee, short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime compensation. If the supervisor authorizes or directs the employee to complete an overtime slip for such a period, the employee shall comply. This does not prohibit any employee from claiming overtime or straight time for short periods of work at the end of their normal duty day.

Employees approved for outside employment expressly agree that their financial records, specific to their outside employment, may be requested and reviewed/audited for potential conflict of interest.

Failure of the employee to provide the requested financial records, specific to their outside employment, could result in denial of the outside employment application. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her financial records, specific to their outside employment, for review/audit. If the employee elects not to provide the requested records, his/her outside employment application may be revoked pursuant to this policy.

1020.6 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during the period of an approved application, the employee shall promptly submit written notification of such termination to their respective Division commander through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to their Division commander any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material shall report the change.

The revocation process outlined in this policy shall be followed. Criteria for revoking or suspending an approved outside employment application while on disability status or administrative leave includes, but is not limited to, the following:

Work-Related Disease and Injury Reporting

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide directives regarding the timely reporting of occupational diseases and work-related injuries.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Work-related disease or injury - An injury by accident arising out of and in the course of employment which must be established by medical evidence supported by objective medical findings. This includes a disease caused by a hazard to which the member is subjected in the course of employment and where there is a direct causal connection between the work conditions and the disease (N.D.C.C. § 65-01-02).

1021.2 POLICY

The Fargo Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (N.D.C.C. § 65-05-01.4). For additional guidance, refer to City of Fargo policy 400-005, Workforce Safety and Insurance (WSI) Injury Leave Occupational Health.

1021.3 RESPONSIBILITIES

1021.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event immediately to a supervisor, and shall seek medical care when appropriate.

Except in an emergency, employees with work related injuries must seek medical attention at the City of Fargo Designated Medical Provider (DMP) or chiropractor unless another provider has been selected by the employee on the DMP form submitted to Human Resources prior to the injury/illness.

The injured employee is responsible for keeping their chain of command and Human Resources informed of their injury status. Forms are required to return to work with work release restrictions from the DMP or designated health care provider.

In the event an employee involved in or witnessing a near miss, which is an incident that did not result in any personal injury, property damage, or production interruption, shall fill out a near miss report to mitigate the likelihood of a potentially harmful future accident.

Work-Related Disease and Injury Reporting

1021.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease or injury-reporting protocol shall also be followed. **Supervisors must report all injuries to Human Resources within 24 hours of notification of the injury.**

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

[See attachment: Supervisor Initial Incident Report.pdf](#)

1021.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the City's risk management entity in Human Resources, and the Administration Division Commander.

[See attachment: COF Safety Self Inspection Report.pdf](#)

1021.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall designate the injured employee's supervising command officer to review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department of Human Resources shall be filed in the member's confidential medical file.

1021.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1021.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Transitional Duty Assignments

1027.1 PURPOSE AND SCOPE

This policy establishes procedures for providing transitional duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, or City rules. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1027.2 POLICY

Subject to operational considerations, the Fargo Police Department may identify transitional duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A transitional assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1027.3 DEFINITIONS

Temporary Modified or Transitional Duty: An assignment to a temporary position within the police department or other city department due to an employee's injury or illness. These two terms shall be synonymous as it pertains to this policy.

Injury, Illness, other Medical Condition: A condition which limits or otherwise interferes with an employee's ability to perform the established functions of the employees regular work assignment.

For the purposes of this policy, an injury, illness, or other medical condition is not limited to only physical injuries or illness.

Short-Term Transitional Duty: The assignment of an employee to a transitional duty position for a period not to exceed five (5) of the employee's scheduled work days.

Extended Transitional Duty: The assignment of an employee to a transitional duty position for a period greater than five (5) of the employee's scheduled work days.

Sedentary Work Assignment: An assignment generally associated with office work which requires limited physical work activities.

1027.4 GENERAL CONSIDERATIONS

Priority consideration for transitional duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the North Dakota Human Rights Act (N.D.C.C. § 14-02.4) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Fargo Police Department shall be created or maintained as a transitional duty assignment.

Transitional duty assignments are a management prerogative and not an employee right. The availability of transitional duty assignments will be determined on a case-by-case basis, consistent

Transitional Duty Assignments

with the operational needs of the Department. Transitional duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in transitional duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Transitional duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

Generally, transitional duty assignments are for the purpose of bringing employees back to their regular work assignment after a sustained injury, illness, or other medical condition has caused an employee to be unable to perform their regular work assignment. However, the Chief of Police also has the discretion, based on the totality of the circumstances, to place an employee on a transitional duty assignment when that employee has been placed on administrative leave for situations such as, but are not limited to, officer involved shootings, or personnel complaints.

Transitional duty is intended to be used only for the period of time deemed reasonable by the department to bring an employee back to their regular work assignment. An employee's continued assignment to transitional duty may be impacted by the prognosis of the employee's ability to return to their regular work assignment. The department reserves the right to discontinue or withdraw an employee's assignment to transitional duty at any time.

[See attachment: Transitional Duty Request Form.pdf](#)

1027.5 PROCEDURES

SHORT-TERM TRANSITIONAL DUTY:

All department employees are subject to being placed in a short term transitional duty assignment while the employee recovers from a work related injury or illness. Employees may request a transitional duty assignment for short-term injuries or illnesses. Employees shall be permitted to utilize sick leave (if necessary), or otherwise follow a physician's recommendations in lieu of being placed in short-term transitional duty assignment.

Employees seeking a short-term transitional duty assignment should submit a written request to their respective shift/unit commander prior to being approved for such an assignment. The shift/unit commander will be responsible for reviewing the request and has the authority to approve or deny the short-term transitional duty request. The request should, as applicable, include a certification from the treating medical professional containing:

- (a) An assessment of the nature and probable duration of the illness or injury.
- (b) The prognosis for recovery.
- (c) The nature and scope of limitations and/or work restrictions.

Fargo Police Department

Policy Manual

Transitional Duty Assignments

- (d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
- (e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

If approved, the shift/unit commander will forward the request to their respective Division Commander, who will forward it on to the City of Fargo's Human Resources Office. The Division Commander will make a recommendation regarding transitional duty assignments that may be available based on the needs of the Department and the limitations of the employee.

In the absence of a shift/unit commander in an employee's chain of command, written requests for short-term transitional duty shall be submitted directly to the employee's Division Commander.

If an employee's request for short-term transitional duty assignment is approved by their shift/unit commander, or if the employee is otherwise placed in any such assignment, the employee will be given a sedentary work assignment. If the employee is a sworn officer, that officer will report to the assignment in appropriate civilian attire (no uniform) and without their firearm for the duration of the assignment unless an exception is authorized by the Chief of Police.

EXTENDED TRANSITIONAL DUTY:

All department employees are subject to being placed in an extended transitional duty assignment while the employee recovers from a work related injury or illness. In addition, employees recovering from a non-work related injury, illness, or other medical condition who have elected to use their leave and they exhausted their leave benefits afforded to them through the Family Medical Leave Act (FMLA) are also subject to being placed in an extended transitional duty assignment. Under no circumstances will the department prevent an employee from being absent from work under the parameters and/or conditions established within FMLA.

Employees seeking an extended transitional duty assignment should submit a written request to their respective Division Commander prior to being approved for such an assignment. The Division Commander will be responsible for reviewing the request and has the authority to approve or deny the extended transitional duty request. The request should, as applicable, include a certification from the treating medical professional containing:

- (a) An assessment of the nature and probable duration of the illness or injury.
- (b) The prognosis for recovery.
- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
- (e) A statement that the employee can safely perform the duties of the extended duty assignment.

Transitional Duty Assignments

If approved, the Division Commander will forward the request on to the City of Fargo's Human Resources Office.

Prior to a Division commander approving a request for an extended transitional duty assignment, the employee making the request must be evaluated by both the City of Fargo Employee Health and the primary physician caring for the employee's injury, illness, or other medical condition to ensure the employee is fit for an extended transitional duty assignment. The Division Commander receiving the extended transitional duty request will work with City of Fargo Human Resource Office to ensure the physicians involved are provided with a copy of the complete job description for the transitional duty assignment the Division commander has decided upon. Only after being approved for an extended transitional duty assignment by the involved physicians may the employee be placed into that assignment.

If an employee's request for extended transitional duty assignment is approved by their Division Commander, or if the employee is otherwise placed in any such assignment, the employee will report to the assignment as directed. If the employee is a sworn officer, that officer will report to the assignment in appropriate civilian attire (no uniform) and without their firearm for the duration of the assignment unless an exception is authorized by the Chief of Police.

1027.6 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to transitional duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander. The supervisor responsible for the employee for the duration of the assignment will provide the employee with a work schedule and the expectations associated with the assignment.

1027.6.1 EMPLOYEE RESPONSIBILITIES

The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

- (a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

- (d) Submitting a written status report to the Division Commander that contains a status update and anticipated date of return to full-duty when a transitional duty assignment extends beyond 60 days.

Transitional Duty Assignments

Prior to being released from any transitional duty assignment for non-work related injuries, the employee must be evaluated by the City of Fargo Employee Health office to ensure the employee is fit to return to their regular assignment. Only after the physician approves the employee's return to their regular work assignment may the employee's Division Commander return the employee to that assignment.

Prior to being released from any transitional duty assignment for work related injuries, the employee must be cleared by their attending physician to ensure the employee is fit to return to their regular assignment. Only after the employee's attending physician approves the employee's return to their regular work assignment may the employee's Division Commander return the employee to that assignment.

If an employee elects to utilize their sick time in lieu of a transitional duty assignment for work related injuries, the employee must be cleared by their attending physician to ensure the employee is fit for return to their regular assignment.

If an employee elects to utilize their sick time in lieu of a transitional duty assignment for non-work related injuries, the employee must be evaluated by the City of Fargo Employee Health office to ensure the employee is fit for return to their regular assignment.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

At the direction of the Chief of Police, an employee who requests or is placed in a transitional duty assignment shall immediately make themselves and/or the medical records associated with the employee's injury, illness, or other medical condition available for examination by the physician

A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Generally, the Department will follow the recommendations of the pregnant employees medical provider regarding her ability to perform her assigned duties.

Employee Speech, Expression and Social Networking

1029.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1029.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or public speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file sharing sites.

1029.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contradict the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Fargo Police Department will carefully balance the individual employee's rights against the department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1029.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Fargo Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

Given the sensitive nature of the PACT program, the department recognizes that not all employees will be suited to be PACT members. The PACT coordinator will be responsible for recruiting employees to fill vacant positions within the program. Selection to the PACT program will be based on the department needs, position vacancies, employee experience and qualifications, and PACT advisor recommendations.

All PACT members will receive training on stress awareness, reduction, referrals, and critical incident stress management techniques and procedures from an accredited CISM training program. The PACT coordinator will be responsible to ensure all members meet and maintain standardized training requirements.

1033.5 PACT COORDINATOR RESPONSIBILITIES

The Chief of Police will designate a command officer to serve as the department's PACT Coordinator. The PACT Coordinator shall function as the primary liaison between PACT members, the contracted police psychologist, and the Chief of Police.

The PACT Coordinator will be responsible for the following PACT activities:

- (a) The activation of the team when requested for department members.
- (b) When PACT activation is requested to assist another agency, the PACT Coordinator will consult with the Chief of Police to determine what assistance PACT can provide.
- (c) Maintain a record of current contacts of all PACT advisors and continuously seek out those members who would qualify as a PACT advisor.

The PACT coordinator will assign PACT supervisors within the program. The PACT supervisors will be responsible for the daily oversight of PACT operations, and the implementation of the vision and goals of the team. The supervisors will be responsible for delegating tasks and assigning duties to the various team advisors. Statistical data will be sent and maintained by the supervisor(s) for the purpose of program evaluation, and it will include hours/time spent by team advisors on training, meetings, and peer support. When the PACT advisor is informed of a situation in which peer support is needed, they will be responsible for the following:

- (e) Shall remain in contact with the PACT coordinator and PACT supervisors regarding program activities and the scheduling of debriefings and defusings.

1033.8 PACT TEAM MEMBER DUTIES AND RESPONSIBILITIES

The behavior and actions of a PACT member reflects on the credibility of the PACT program. Inappropriate behavior can damage the trust all employees place in this program. Therefore, all PACT members are expected to be role models in their professional lives, appearance, and off-duty activities. Each advisor will have the utmost personal integrity and will have respect for the employee's dignity, self-development, and personal welfare.

PACT membership and hierarchy includes the PACT Coordinator, PACT Supervisors, Advisors, and Team Members. All PACT members shall attend mandated meetings, trainings, and seek continued education opportunities. All PACT members will be mandated to do an annual mental health check-up with the City of Fargo's designated employee assistance program (EAP), or a provider approved by the PACT Coordinator.

PACT Team Member duties and responsible are the following:

- (a) When advised of a situation, they will make contact with that employee as soon as possible. The PACT member will explain to the employee the purpose of the team, services the team can provide, names of each PACT member, and information on how the employee can utilize PACT services.
- (b) Inform employees seeking assistance that the advisors are not exempt from laws, rules, regulations, or orders; but that any exchange of information not in violation of the aforementioned shall remain confidential. The employee is to be advised that any acts of self-injury or injury to others cannot go unreported.
- (c) Must be knowledgeable with state statute and department policy involving confidentiality. Any other party seeking information about discussions shared between an employee and an advisor shall be informed that the information is confidential.
- (d) Will assure the employee that use of the PACT is strictly voluntary.
- (e) Should not enter into a "dual relationship" with employees.
 - 1. This can include situations where the employee is a subordinate or supervisor of the PACT member.

Fargo Police Department

Policy Manual

Peer Assistance Crisis Team

2. PACT members should also avoid situations where the employee's need for peer support stems from an incident involving the PACT member, or any other situation diminishing the member's ability to remain objective.
 3. Should any the the aforementioned situations arise, the PACT member shall contact the PACT Coordinator and/or a PACT Supervisor to be removed from that situation.
- (f) Provide short-term supportive assistance and/or referral within the scope of their ability, knowledge and training, and may make additional referrals for assistance when deemed appropriate.

The Chief of Police or his/her designee, may require an employee to attend sessions with or without a group. The decision to require an employee's attendance will be made on a case-by case basis, with advice from the department's EAP representative.

1033.9 DEPARTMENT SUPERVISOR RESPONSIBILITIES

When practical to do so, department supervisors shall be responsible for the following:

- (a) Requesting a PACT advisor to be contacted to assist department personnel involved in events or circumstances which would typically be considered critical incidents or high-stress situations.
- (b) Briefing PACT advisors who are contacted to assist employees regarding critical incidents by providing them with an overview of the situation and any key actions taken with the involved employees.
- (c) Assisting PACT advisors in arranging a private place to talk with involved employees.
- (d) When in doubt, contact the PACT coordinator or PACT supervisors when they believe an employee could benefit from PACT assistance or referrals.

1033.10 PACT ACTIVATION PROTOCOL

Trauma takes a variety of forms and cannot be accurately or exhaustively quantified in description. There are certain events which are of such magnitude they should be considered disruptive to nearly anyone involved. Situations appropriate for PACT activation and usage include, but are not limited to:

- (a) Line of duty deaths/serious injuries
- (b) High risk incidents
- (c) Incidents involving serious injury/death to others
- (d) Natural disasters
- (e) Significant events (duty and non-duty related)
- (f) Shootings

Fargo Police Department

Policy Manual

Peer Assistance Crisis Team

When such incidents occur, the on-duty shift supervisor or command officer will assess the situation and if appropriate, contact PACT for support. The need for group intervention or immediate peer support will be assessed and mobilized when appropriate.

Department supervisors should be aware of situations which may require PACT activation and usage. Supervisors or the shift commander may contact the PACT coordinator or a PACT supervisor anytime to activate PACT, or inquire if activation may be necessary.

This program is dependent upon the identification of all traumatic and critical incidents, large and small, to help reduce the emotional impact and to avoid the effects of post-traumatic stress.

Department employees may access any PACT member for one-on-one informal peer support and referrals anytime at their discretion.

Requests for department defusing can be made through any PACT member. The department supervisor(s) may request a PACT member to conduct a defusing as needed without prior approval from the PACT Coordinator.

All requests for PACT assistance involving formal debriefings, and demobilizations, shall be made through and coordinated with the PACT coordinator or his/her designee. The PACT coordinator in conjunction with the PACT supervisor and PACT advisor(s) will identify the type of service and staffing required.

1033.11 OUTSIDE AGENCY PACT ACTIVATION

There are several instances where the department's PACT could be activated to assist other agencies. The following is a non-inclusive list of those instances:

- (a) Line of duty death
- (b) Officer involved shooting
- (c) Natural disaster with mass casualties
- (d) Terroristic event
- (e) Conflict of interest identified
- (f) Other agency does not have a PACT available for use

All activations will be brought to the PACT Coordinator and or his/her designee for approval prior to activation. The Chief of Police will have the final decision to activate the department's PACT to assist another agency.

1033.12 MULTI-AGENCY INCIDENTS

The Fargo Police Department has a mutual aid agreement with the surrounding law enforcement agencies to include PACT utilization. Each agency has their own respective PACT and should utilize them when available for defusings. The PACT coordinator and/or their designated counterpart from the other agencies will be responsible for designating which department's

Fargo Police Department

Policy Manual

Peer Assistance Crisis Team

PACT will defuse/debrief specialized work groups (ie. SWAT, Negotiations, and other designated groups).

Since debriefings are scheduled at a later date, the PACT advisor assigned to the event will determine in conjunction with the other agencies PACT leads if a multi-agency debrief is necessary. It will be the responsibility of the PACT advisor assigned to the event to communicate with the PACT coordinator/PACT supervisor about the details of their efforts with the other involved agencies.

1033.13 REPORTING

No written note taking or recordings are allowed on any PACT interventions. PACT members providing any type of assistance will complete and forward a PACT usage report form to the PACT Coordinator. The only names included on this report will be those of assisting PACT members. The report will include the type of assistance provided, PACT members involved, location, date and times, number of attendees/agency and type of incident involved. Supervisors will provide an annual report to the PACT Coordinator.

1033.14 COMPENSATION FOR PACT MEMBERS

All PACT members who are activated to perform PACT related functions or tasks will be compensated in accordance with Policy 1019 Compensation.

1033.15 COMPENSATION FOR EMPLOYEES PARTICIPATING IN PEER SUPPORT ACTIVITIES

Any employee participating in a defusing, which typically occurs shortly after the critical incident and may be during the shift of the involved officer(s) or directly afterwards, will be compensated in accordance with Policy 1019 Compensation, if the defusing is past their scheduled shift time.

Debriefings are scheduled for a later date and employees participating in a debriefing will be compensated with NR time for any meeting outside of their regular work schedule. It will be up to the participating employee to coordinate the NR time with their respective supervisor.

1033.16 CONFIDENTIALITY

Matters discussed between PACT members and attendees/employees will be handled as strictly confidential in nature. PACT members will maintain confidentiality of all discussions they have with attendees/employees unless required to disclose the details of such conversations by law.

Criteria for Issuing Warnings

Urgency	Severity	Certainty	= Action Code
Immediate	Extreme	Observed	EVI, SPW, CDW, CEM*
Expected	Severe	Likely	EVI, SPW, CDW, CEM*
Future	Moderate	Possible	Advisory
Past	Minor	Unlikely	Advisory

* Using a CEM will activate Wireless Emergency Alerts, but not Emergency Alert System

When deciding whether to issue a public warning, the following criteria should be applied:

- Does the hazardous situation require the public to take immediate action?
- Does the hazardous situation pose a serious threat to life and property?
- Is there a high degree of probability that the hazardous situation will occur?
- Are other means of disseminating the information adequate to ensure rapid delivery of urgent information?

Action Codes:

EVI – Evacuate Immediately – is where an immediate evacuation is recommended

CDW – Civil Danger Warning – is an event which presents a danger to a significant amount of the local population – usually warns of specific hazard and gives specific protective actions

SPW – Shelter-in-Place Warning – a warning of an event where the public is recommended to shelter-in-place or to take cover from a dangerous situation in their area

CEM – Civil Emergency Message (WEA only) – is an emergency message regarding an in progress or imminent significant threat(s) to public safety and/or property

Criteria for Issuing Warnings

In order to successfully send a Wireless Emergency Alert (WEA), the alert must contain certain values for these fields, reflected an “Imminent Threat”. The values marked in red (below) are the ones which will activate a WEA or EAS alert:

1) Urgency:

“**Immediate**” – Responsive action should be taken immediately

“**Expected**” – Responsive action should be taken soon (within the next hour)

“Future” – Responsive action should be taken in the near future

“Past” – Responsive action is no longer required

“Unknown” – Urgency not known

2) Severity:

“**Extreme**” – Extraordinary threat to life of property

“**Severe**” – Significant threat to life or property

“Moderate” – Possible threat to life or property

“Minor” – Minimal to no known threat to life or property

“Unknown” – Severity unknown

3) Certainty:

“**Observed**” – Determined to occurred or to be ongoing

“**Likely**” – Likely 9more than 50% chance)

“Possible” – Possible but now likely (less than 50% chance)

“Unlikely” – Not expected to occur

“Unknown” – Certainty unknown

CHILD SUPERVISION GUIDELINES

FACTORS TO CONSIDER BEFORE LEAVING A CHILD HOME ALONE:

-  Age and maturity, emotional health, the child's physical or cognitive abilities, length of time alone, time of day or night, whether the child will be expected to supervise other children, location and safety of neighborhood, frequency of being left alone, and how far a parent or other adult would be from home.
-  A parent or caregiver is responsible for the safety, care, well-being, and behavior of their children, whether they are present to supervise them or not.
-  In all instances below where “yes” is indicated, the parent is ultimately responsible for using sound judgment.

2007-002 Seizing Firearms.pdf

INVESTIGATIONS DIVISION – MEMORANDUM

TO: All Department Personnel

FROM: Lieutenant Jason Nelson

SUBJECT: Seizing Firearms for Evidence, Found Property, or Safekeeping

DATE: February 1st, 2017 (Updated)

NUMBER: 2007–002

POLICY REFERENCE: FPD - 019

This memorandum provides guidelines for officers when they can and should take custody of firearms. Firearms should only be seized when such seizure is *lawful and necessary* for the purpose of a criminal investigation (evidence), removing the firearms from the possession of those who may not legally possess them (contraband), it is considered found property, or to secure the firearms to prevent harm and limit the department's liability (safe keeping).

EVIDENCE/CONTRABAND

Firearms should be seized and logged in as evidence when the seizure is made lawfully with a warrant or a valid exception to the warrant requirement AND there is an offense listed in the report that relates to the firearm. Examples of when to take guns for evidence include:

- ◆ When the firearm was used (includes actual use, threatened use or display) during the commission of a crime such as Homicide, Assault, Robbery, GSI, Terrorizing or Menacing **OR**
- ◆ When the firearm was possessed by a person who is prohibited by state or federal law from possessing firearms. (See NDCC 62.1-02-01 & USC Title 18 922[g]) **OR**
- ◆ When the firearm is found in a location or carried by an individual in a manner prohibited by law (examples, carried concealed w/o a permit, loaded uncased in a MV) **OR**
- ◆ When the firearm has been modified in a way prohibited by law (examples: shotgun barrel sawed off too short or serial number obliterated) **OR**
- ◆ When the firearm has been reported stolen (Note: Information on recovered stolen guns should be documented in a supplement to the original theft report or, if the original theft was reported in another jurisdiction, in a Recovered Stolen Property or Assist Other Agency report, NOT a Found Property report. The gun should then be logged in as Evidence under that case number.)

Firearms should not be seized and logged in as evidence when:

- ◆ The firearm is merely present in a location where other criminal activity took place or is taking place. These circumstances do not necessarily justify a seizure and a seizure may not be lawful.
 - You should investigate if the firearm is stolen or lawfully possessed.
- ◆ The firearm is not related to a crime under investigation.

FOUND PROPERTY

Firearms should be taken and logged in as found property when:

- ◆ The firearm is discovered or located by the officer or a citizen under circumstances that would indicate the firearm has been lost, misplaced or abandoned. **AND**
- ◆ An NCIC inquiry (and/or others records check) indicates no record of the firearm being reported stolen. **AND**
- ◆ The firearm is not known or suspected of being related to any criminal investigation.

Firearms should not be taken and logged in as found property when:

- ◆ The firearm is surrendered to police by a person with an ownership interest in the firearm. **OR**
- ◆ The firearm is seized by an officer from another's possession. **OR**
- ◆ The firearm is found by an officer during the course of a criminal investigation or impound inventory.

SAFEKEEPING

NOTE: ND law does NOT grant specific authority to seize property from another for purposes of safekeeping (not even from suicidal individuals) and doing so could create a liability for the department and the officer. In cases where there is no lawful reason to seize the firearms as evidence, the firearms may only be taken into custody with consent of the lawful owner or their designee. These persons should be encouraged to find alternative methods of securing the firearms such as, turning them over to family member, friend, rendering them un-usable or selling them to a licensed firearm dealer.

Firearms may be taken and logged in as safekeeping when:

- ◆ All other options for alternative storage have been exhausted **AND**
- ◆ The owner has given permission for the firearms to be placed in police custody **AND**
- ◆ A report has been done documenting the reason for police custody and consent from the owner **AND**
- ◆ A Safekeeping Receipt has been issued to the owner.

NOTE: The Fargo Police Department does background checks on all persons claiming the return or release of a firearm from the Property Unit. Firearms will not be returned to claimants who are not the lawful owner and/or who cannot lawfully possess them.

GUIDELINES AND DIRECTION WHEN A FIREARM IS TAKEN INTO POLICE CUSTODY

The police department has to make an effort to establish ownership of a firearm. It is important to note, simply possessing a firearm does not equate to ownership. We need to document the steps we take to establish ownership. An arrested person may choose not to provide information regarding a gun in their possession. Please document this in your report. The following must be done when taking a gun into custody:

- ◆ Anytime a firearm is taken into custody by the police department, officers will complete a New World case report (this includes found property and for safekeeping). This will allow for tracking the firearm and case follow up.
- ◆ A “Fargo Police Firearms Information Form” will be completed for each firearm taken into custody. The entire form should be filled out as completely as possible by the original officer. Completing this early in the process helps determine if/when the gun should be returned or destroyed. This form should be scanned into the case report.
- ◆ On scene officers or investigators will also utilize the “Request for Destruction” form when on scene and applicable.
 - In cases of suicide, please consider asking next of kin if they are interested in providing written authorization for the destruction of the firearm upon conclusion of the investigation. Obviously if a family member is extremely distraught this is not expected to happen; however this can save everyone involved some uncomfortable moments down the road. If written consent for destruction is obtained, please scan it into the case report. State law allows us to destroy these weapons when we have a written request from a family member and there are no “innocent owners” claiming the firearm.
- ◆ The Evidence Room will send an email to the Criminal Investigations Division (CID) Lieutenants, CID Sergeants, and Intel when a firearm is taken in. This will allow for case assignment so any needed follow-up is completed.
 - CID will start an E-trace and any other gun background information needed.
 - CID will complete the case investigation and the “Firearm Disposition Form.”
- ◆ Request for Release/Return of Firearm form is completed by the person requesting to take lawful possession and control of the firearm.

Appendix 1 Funeral Protocols.pdf

Fargo Police Department
222 4th Street North, Fargo, North Dakota 58102

Appendix 1

This is only a guide, not a rigid set of rules. All protocols and order of events will be pre-arranged by the Family Liaison Officer in accordance with the families' wishes and abilities of the department.

I. FUNERAL PROTOCOL:

1.01 All members will maintain excellent personal appearance – conforming to all current grooming regulations. Uniforms and equipment must be in outstanding condition.

1.02 Uniforms

- Command officers and Honor Guard will wear their Dress uniforms, for others the uniform will be their Class A uniform.
- A black band will be worn across the badge.

1.03 Funeral Services – Depending on the wishes of the family and the ability of the Department, this funeral protocol may be subject to change.

- Members who attend the funeral services will report to a pre-designated assembly point away from the place of services for inspection and briefing.
- If a squad car processional is utilized all squad cars will be washed and in good appearance.
- From the assembly point, members will proceed to the place of service, timing their arrival to permit immediate entry. Officers and department civilian personnel should proceed from the assembly point to the place of service in an organized manner.
- Upon entering the building, members wearing headgear will remove their uniform hats, hold them upright resting on their left arm, hat brim forward, and move in an orderly manner to the place reserved for them.
- Once in the funeral service area, members will remain standing until all members are in their places and the command “BE SEATED” is given.
- Members with headgear will sit with their hats upright in their laps.
- At the end of the service, members, upon receiving the command “OFFICERS RISE”, will rise in unison and place their hats upright on their left arm in preparation to filing past the casket, applicable. Officers will hold their hats in this position until they are outside.
- Upon leaving the building, members will replace their hats and proceed as instructed in accordance with the funeral services plan of events.
- Any Department formation used during the pallbearer’s escort of the coffin to the hearse will be coordinated prior to the funeral service. If a formation is used members will stand at parade rest.

- When the casket comes into view, the formation will be called to “Attention”. The next command will be “PRESENT ARMS”. All members salute and hold this salute until the casket is placed in the hearse. At this time, the command, “READY”, “FRONT”, will be given and members will return their hands to their sides.
- The Commander will then dismiss the formation with the command, “OFFICERS DISMISSED”. The members will break ranks and leave in a quiet and orderly manner.
- Members will then take their assigned places in the motorcade and proceed to the cemetery.

1.04 Gravesite Services

- Members will report to the places that have been reserved for them immediately upon arrival at the gravesite. If indoors, members will remove their hats and hold them on their left arm with the hat brim forward. If seating is available members will sit with hats in laps, maintaining a military bearing throughout the services. If services are held outdoors, members will wear their hats.
- Just prior to the 21-gun salute and taps, the command “Attention” will be given. Members will stand at attention facing the firing team or bugler. When the 21-gun salute and taps have concluded, the command “OFFICERS DISMISSED” will be given. Members will then break ranks and return to their assigned vehicles.

II. HONORS ACCORDED

- 2.01 Any Fargo Police Officer who dies in the line of duty will be accorded full honors if requested by the survivors. This will include the casket watch during viewing, honor guard, pallbearers, firing squad, taps, military flag-fold and presentation and motor escort.
- 2.02 The Honor Guard commander is responsible for coordinating and directing the activities of the Honor Guard, casket watch, pallbearers, firing squad, bugler, and flag presentation. The following is a brief description of some of the ceremonial rituals.

Casket Guard

Usually comprised of officers from the Honor Guard. However, volunteers may stand watch at the discretion of the Honor Guard commander. Officers who are assigned to the casket watch must present an excellent uniform appearance and conform to all current grooming regulations

- The dress uniform, including hat, and white gloves, will be worn for the casket watch. The watch will be divided into shifts with two officers standing 30 minutes at a time.
- If the family wishes, an informal watch can take place after the viewing has been concluded for the day.
- The casket watch moves in slow cadence. This includes marching movements, and saluting. The official will post the watch and the officers will position themselves at or near the head and feet of the deceased officer.

Residence Guard

A marked cruiser and officer will be posted outside the incapacitated or deceased employee's home from the time of the fatality through the end of the funeral day. The duty of this detail is to

discourage any visits from media or others, unless the family liaison representative indicates the family wishes to speak with the media. This guard will only be provided to those officer's residences within the corporate limits of the City of Fargo.

Honor Guard and Flag Presentation

The Fargo Police Honor Guard contingent will participate in the funeral service. They may act as pallbearers should the survivor wish to have them act in that capacity. The casket will be draped with an American casket flag that will be removed, folded and presented by the honor guard commander to the Chief of Police. The Chief of Police will then present the flag to the survivor at the gravesite. If there are parents of the deceased employee in attendance, a flag will also be presented to them.

Former members of the Fargo Police Department that have served at least ten years with the department are eligible to receive an American casket flag presented to the survivor from the department.

Twenty-One Gun Salute

The Fargo Police Honor Guard will carry out this ceremony if the survivor(s) wishes to have this tribute.

Bagpipes

A bagpipe detail can be arranged for the service. The bagpipes can be played at the funeral service site as well as the gravesite. Again, the survivor's wishes should be honored.

Taps

Taps should be arranged for playing at the gravesite.

- 2.03 Members of the Honor Guard will assemble at a location near the service (church, funeral home, or cemetery) for inspection by the Honor Guard Commander.
 - Commands will be executed by the Honor Guard Commander.
- 2.04 If pallbearers are requested by the family, they will be selected by the Honor Guard Commander and will be under the direction of the Honor Guard Commander. They will report to the funeral home as directed for instructions and seating arrangements.

III. PROCEDURAL VARIATION

- 3.01 The procedures outlined in this appendix are a guideline to be used in planning purposes. Any changes made necessary by a shortage of manpower, the unusual size of the funeral, the type of service, the physical arrangement of the place of services or for any other reason shall be made by the Officer in Charge or the Department Liaison Officer in conjunction with the wishes of the deceased officer's family.
- 3.02 Any additional honors to be accorded to deceased members or employees of the Fargo Police Department or to deceased members of other law enforcement agencies shall be at the discretion of the Chief of Police.

FARGO POLICE DEPARTMENT RIDE-ALONG INSTRUCTIONS

Thank you for your interest in riding along with a Fargo Police Officer. Please read the following guidelines before submitting your application:

- Ride-alongs can occur at anytime on any shift. The Day Shift runs from 7:15 am to 5:15 pm; the Evening Shift runs from 4:30 pm to 2:30 am; the Night Shift runs from 10:45 pm to 7:45 am.
- Generally, riders are allowed a four-hour block every six months. However, exceptions will be made if the applicant is attending a law enforcement academy, citizen academy, intern program or if other special circumstances apply.
- Riders must be at least 14 years of age. Those under the age of 18 will need a parent's approval prior to riding along.
- You should indicate the time and date you wish to ride in the appropriate space on the application. The selected date should be at least **2 weeks** from the date of application.
- We may not be able to accommodate requests to ride with specific officers or in specific parts of town.
- Those wanting to ride-along with a Fargo Police Officer must agree to have a criminal records check completed prior to the request being approved. Prior citations, arrests or convictions will not necessarily disqualify you from riding along. Each application will be considered on a case-by-case basis.
- You will not be contacted about your ride-along unless there is a problem with your application or some other complication. Unless you hear differently, you should show up at the Fargo Police Station on the date and time you selected.

Dress Code/Ride Along Etiquette: Citizens riding along with Fargo Police Officers must dress appropriately for the duration of their ride. Business casual or professional attire is preferred. However, blue jeans, tennis-shoes, and other casual attire is acceptable as long as it is not offensive or in disrepair. Riders should be prepared to be outside for short or extended periods in a variety of weather conditions. Smoking or the use of other tobacco products is not permitted in any police facility, motor vehicle, or while in the presence of the general public.

Any person riding along must agree to follow all lawful instructions provided to them by any member of the Fargo Police Department during the time the person is participating in the ride-along.

Weapons: You are not allowed to carry or bring with you any firearm or other dangerous weapon during the time you are accompanying a sworn officer or other department employee, regardless of your status or ability to otherwise lawfully possess or carry any such firearm or dangerous weapon.

****Failure to adhere to these rules and guidelines could result in the ride-along being terminated early at the discretion of the officer or supervisor.**

Unattended Death Investigations 2017.pdf

Unattended Death Investigations & Documentation:

The documentation involved in these types of cases is crucial in ruling out foul play and assuring the family of the deceased that a thorough investigation has been done. The medical examiner needs to know details from the scene investigation to correctly interpret conditions and marks on the body. The following list identifies valuable pieces of information that should be documented in all death cases.

- 1) **List the person(s) who found the body as the “Complainant.” Also identify any other persons who were with the complainant or who were present when the victim died. (i.e. other people who live in the home and were present when the victim died in his sleep) These people should be listed as “Mentioned” in the report.**
- 2) Document any changes in the positioning of the body and who moved him/her. (i.e.: did the family move to floor to try CPR? Did they remove blankets? Did ambulance or Fire move body or alter clothing?). **If something was altered prior to the death investigator arriving, relay that information to him/her.**
- 3) Document the scene with photographs. (Consider utilizing a sketch too.)
- 4) Photography does not diminish the need for **complete and detailed narrative description of the scene.** This description should include:
 - A) Overall description of scene (complete vehicle description, third floor two bedroom apartment, single family dwelling etc..)
 - B) Where within scene victim was found.
 - C) Condition of the residence (ransacked, dirty, tidy etc..) Try to determine if those conditions are normal for your victim.
 - D) Signs of forced entry OR lack of signs of forced entry. Include condition of locks on doors and windows, damage to doors and windows.
 - E) Lights on/off. Doors opened/closed. TV, radio, stove on. Alcohol/drugs present. Temperature in residence, vehicle, or outdoors.
 - F) Signs of a struggle. Signs of a fall. Signs victim tried to get help.
- 5) Document, through detailed description, the condition of the body. Include:
 - A) Physical description of deceased. (White, male, approximately 40 years of age, long brown hair, beard, glasses and clothing). If identity is known, document how identification was confirmed (Family member, tattoos, ID in wallet etc..) NOTE: When looking for ID on the body, be careful about how you handle or alter the clothing and possible evidence on the clothing. The death investigator will collect ID and/or Social Security Card if located at scene.
 - B) What position was victim found in? (Sitting in chair, lying on stomach in bed, on left side-fetal position on floor in front of toilet etc..) Was the victim clothed?
 - C) LOOK FOR and document any visible injuries to Victim ? (describe location and appearance)
 - D) Presence of Lividity, Rigor Mortis, Decomposition, and/or Insect activity (only if Coroner’s office does not come to the scene.) Look for and document consistency in position of body and location of Lividity and/or other blood evidence. **The Death Investigator will document this if at the scene.**
- 6) Evidence of last time Victim was known to be alive. Should be obtained from statements by friends, neighbors or family, mail at the scene, phone messages on answering machine, dates on newspapers inside and outside residence, receipts, checks in a checkbook etc....

- 7) Evidence of medical conditions or illnesses. Can be obtained from statements from: friends, neighbors, co-workers, or family; documents within residence; medications present. (Medications need to be logged and should be sent with body for autopsy if one is ordered.) Also note the presence of vomit, diarrhea, and blood. NOTE: It is normal to see a small amount of blood tinged fluid coming from the nose or mouth of a deceased person.
- 8) Identify who from Coroner's office was notified. (Dispatch will confirm who is on-call.) Did they come to scene or were they consulted over the phone? What comments or observations were made by him/her? Was an autopsy ordered? **The body should not be moved until Coroner gives permission. If life-saving efforts are performed, the body should be left as is once those efforts are stopped. Don't forget to take additional photographs of parts of body that were not visible before being moved and the area under the body.**
- 9) Take measures to ensure evidence on the body is preserved. **Don't remove ligatures from neck unless necessary for life saving efforts. NEVER untie the knot at either end of the ligature.** Place paper bags over hands if applicable. Also, leave all clothing and jewelry items on the body. If handcuffs are on body, officers will remove them if requested by the death investigator.
- 10) The Coroner's office will tag the body and seal the body bag for transportation to the autopsy.
- 11) Evidence to look for and collect includes:
 - A) Notes or writings that would suggest suicide. (Document where found.)
 - B) Weapons. (Document complete description) **Do not move weapons until photographed and documented. Proper documentation of the location and position of bullets within guns is crucial.** Documentation identifying who owns any firearm collected should also be obtained.
 - C) Other items that would explain marks or injuries on the body.
 - D) Rope that matches ligature, receipts for rope etc..
 - E) Pills or drugs that might identify substances from overdose. **(Collect Drug evidence.)**
 - F) Medications deemed relevant to the death as determined by the Coroner's Office.
 - G) Evidence of assault, sexual assault, theft/robbery or other crimes that may be related to the death.
- * **Note: In cases involving a weapon found at scene, the Medical Examiner will want the photographs of the weapon when they start the autopsy. Guns/knives cannot be sent along in the body bag.**
- 12) DO NOT collect personal property items that are not needed for evidentiary reasons just for Safekeeping. Items such as money, keys, phones etc...should be left in the residence or vehicle for the family to deal with. Items logged into evidence will be held a minimum of 6 months before being released (Coroner's office requirement).
- 12) Document who transported body, when, and to where. (Death investigator will notify funeral home.)
- 13) Document if any alterations to the body are made while loading body for transport. Document if body was dropped, skin slippage etc...
- 14) Obtain next of kin information. Indicate in report if death notification was made and who was notified. Relay if other notifications need to be made. **Next of kin should be listed as "Mentioned" persons in report with complete address and phone number information. Notify death investigator and funeral home once NOK has been identified and if notification has been made.**
- 15) When leaving scene, take measures to secure scene and notify landlord if applicable. Explain issues related to Biohazards. The Coroner's office will have information on companies that provide cleaning services for biologically contaminated scenes.
- 16) Ensure that the initial report is completed as soon as possible. In cases where an autopsy has been ordered, the Medical Examiner and coroner's office will need a copy of the report by the time he begins the autopsy.
