Mission and Actions (What are you planning to do? Please attach additional information if applicable)

We are looking for funds to help us keep our new Winter program running; due to lack of funds we are not able to rent Fargo Park Facility (Metro Rec Center) for indoor soccer. This year we haven't received any grants/funds to start the winter program. We are unable to give our youth the winter program as we did two years in a row. Our summer program has helped many New American youth to stay active during the summer break, maintain a healthy social environment with their peers away from phones, and achieve academic success through our tutoring in core subjects. Without the necessary funds our community youth will truly suffer the loss, because they are relying on us to not let them down by not being consistent with them. We've come a long way to motivate our kids, as well as gain their

trust that if they dedicate themselves we would do the same. The Winter program is costly than the summer program, because we have to pay a fee to use the indoor field and provide transportation for the kids to be picked up and dropped off home.

The funds will help us maintain trust between our youth and us. So far, we gave them no section, sections cost \$57hr, 2hrs per section. $\$57\text{hr} \times 2\text{hrs}$ a week section.

We are trying to give our clients at least seven sections of the program. We plan to divide the seven sections into one sections a week, for seven weeks while we trying to find other donations.

$\$57$ an hr. \times 2hrs = $\$114$ \times 7 sections = $\$798$

$\$200$ for Transportation = $\$120$

$\$116$ for Soft drinks = $\$82$

Total $\$1,000$

The remaining \$202.00 will be used for gas \$120 in those 7 sections we will provide since we must give rides to our clients. Our clients can't get rides from their families, and no help comes from families because the families are low income families, they don't have any extra money to give their kids for recreation programs, that's why Global Youth United want to give unlimited resource of after school and summer recreation program. We are looking forward to keep our new program running so we don't lose our clients, and if we lose them, they will lose focus in their education and love they have with their talents and they want to succeed. The \$82 will used to provide soft drinks in every section of the program.

We hope the City of Fargo will help us keep our winter program as we have been losing clients every winter season for the last three years. By producing and keeping our Winter program, it will help our clients, our mentors, our coaches to keep the programs going, until next year when outdoor programs start. Without winter programs our organization must start all over again spring time, then if we have a running winter programs it will help us all to keep our clients and just adding new one's spring time. Also, thanks for the last help we have received from human relations commission that helped us to keep our indoor program while looking for help other places.
