About Flood Map Service Center

The FEMA Flood Map Service Center (MSC) is the official public source for flood hazard information produced in support of the National Flood Insurance Program (NFIP). Use the MSC to find your official flood map, access a range of other flood hazard products, and take advantage of tools for better understanding flood risk.

Announcements

Historic FIS now available! FEMA's MSC has for the first time exposed historic Flood Insurance Study (FIS) Reports on the MSC website. There are now over 10,000 historic FIS on the MSC website available for free download. The work continues to make all historic documentation available for download, and if you have a document that is not currently available please contact FEMA's Map Information eXchange at 1-877-FEMA-MAP.

Hazus-MH 3.1 Now Available. The Hazus team has deployed Hazus-MH 3.1. The software can be downloaded for free on the Map Service Center (MSC) [Hazus Download page](#). ArcGIS version compatibility remains at version 10.2.2 and it is supported for 64-bit Windows 7 and Windows 8.1 only.

Please note: Searches often result in many map files listed under a given section. You can determine the Product ID for the individual map panel needed by looking at the Map Index file. The index map files have "IND" within the Product ID and appear at the start of the list. These index files show an overview of a jurisdiction and how it is subdivided into map panels with the Product ID for each panel shown.
