

Task Order 5
Metro Flood Diversion Authority
Fargo-Moorhead Area Diversion Project

In accordance with Article 1 of the *MASTER AGREEMENT FOR PROFESSIONAL SERVICES* (“AGREEMENT”), between the Metro Flood Diversion Authority (MFDA) (“OWNER”) and CH2M HILL ENGINEERS, INC. (“CONSULTANT”), a wholly owned subsidiary of Jacobs Engineering Inc., dated January 13, 2017, OWNER and CONSULTANT agree to the scope of services, work schedule, and compensation as follows.

Task Order Title: Program Management Services

Term: This Task Order shall commence on June 29, 2019 and terminate on December 31, 2021, unless terminated sooner in accordance with the AGREEMENT and/or as set forth in this Task Order.

Purpose and Goal:

CH2M, now Jacobs, has served as the Program Management Consultant (PMC) to the OWNER since November of 2011, with primary responsibilities to plan and implement the Fargo-Moorhead Area Diversion Project (the PROJECT). As such, the OWNER and CONSULTANT have agreed to enter into a Task Order focused on managing and reporting on the various aspects of the PROJECT. The PMC reports directly to the Executive Director and in the event of a vacancy in the position of the Executive Director, the PMC reports directly to the Co-Deputy Executive Directors. The PMC shall consultant with and coordinate all activities with the Owners Technical Advisory Group and Owners Technical Consultant.

Description:

The AGREEMENT establishes the terms and conditions for the CONSULTANT to assist the OWNER with the management and implementation of the PROJECT. For purposes of this Task Order, the term “program” comprises all aspects of the delivery of the PROJECT. OWNER responsibilities as PROJECT Non-Federal Sponsors are described in several agreements with the US Army Corps of Engineers (USACE), including the *Project Partnership Agreement* signed July 11, 2016 as amended on March 19, 2019.

This Task Order describes the functions and activities of the CONSULTANT’s team to assist the OWNER with program management, technical, legislative, implementation, and public outreach aspects of the PROJECT.

CONSULTANT has committed and will provide staff from CONSULTANT and sub-consultant, AE2S (Advanced Engineering and Environmental Sciences, Inc.), to support the anticipated activities and deliver the work described in the Scope of Services of this Task Order 5. CONSULTANT may contract with additional sub-consultants as necessary to meet the needs of the PROJECT, provided that any contract with additional sub-consultants shall be approved by the OWNER. CONSULTANT has agreed to provide services in an efficient and effective manner by managing the activities of its personnel and sub-consultants.

Scope of Services:

The general scope of services are summarized in Table 1 and described in detail by task following the table.

Table 1 – Summary of Scope of Work Tasks

Task	Title	Purpose
5.A	Program Level Services	Provide program strategy assistance and serve as advisor; provide coordination and governance throughout the implementation of the PROJECT. Manage agreements with sub-consultants and OWNER (third-party) contracts with consultants; monitor compliance of contract terms and conditions. Provide contract administration support.
5.B	Financial Support	Advise and provide input on the program financial plan, cost estimates, funding sources, and financial-related schedules. Develop and maintain Diversion Authority program and annual budgets.
5.C	Program Controls and Reporting	Develop, maintain and utilize a cost-loaded schedule, document controls systems, and cost management tools for tracking and reporting on program schedule and expenditures including program management services; maintain a program risk/opportunity register; manage and communicate change; report on the status of the program schedule and budget.
5.D	Technical and PROJECT Support	Manage and coordinate technical activities of third-party consultants directly contracted to OWNER; coordinate with USACE’s technical and management teams; review deliverables prepared by others; develop bidding documents and provide bidding administration services; perform Construction Contract Management and Administration (CCMA) services for non-P3 work.
5.E	Permitting and Permit Compliance Support	Manage activities of OWNER’s Technical Consultant’s permitting and compliance monitoring through an audit process of OWNER’s Technical Consultant’s Permit and Compliance Tracking Plan.
5.F	Federal Legislative Support	Manage OWNER’s legislative engagement efforts in Washington, D.C.; provide federal legislative outreach and engagement services.
5.G	State Legislative Support	Manage OWNER’s legislative engagement efforts in Bismarck, ND and St. Paul, MN; provide state legislative outreach and engagement services.
5.H	Public Involvement and Outreach Support	Manage OWNER’s public outreach, involvement, and education program (excluding outreach related services included in Task Order 4). Provide local outreach services.
5.I	P3 Due Diligence	Provide services related to the preparation of re-engaging the P3 proposers, provide feedback on P3 impacts, continue working on MOUs and update the P3 cost estimate.

Task 5.A-Program Level Services

The scope of services for Task 5.A generally includes the following:

1. Program Assistance, Strategy Support, Advisory Services, Coordination, and Governance – Provide direction and overall management to support implementation of the PROJECT through the following activities:

- a. Provide guidance, strategy assistance, coordination, communications, and organizational assistance through prepared materials, meetings, and conference calls with OWNER.
- b. Prepare for and attend meetings with the OWNER representative(s) during the first week of every month to discuss, coordinate, and build a consensus around the intended services to be performed during that month.
- c. Prepare for and attend OWNER's Board and Finance Committee meetings and report on program activities other than property rights. Present monthly Program Management report and recommended contracting actions at Diversion Board meeting. Present to OWNER, at Admin Advisory meeting, proposed Board and Finance Committee agenda topics for approval prior to issuing agendas.
- d. Prepare for and participate in Admin Advisory meetings to assist OWNER's staff in planning, organizing, and directing activities required to implement the Program.
- e. Prepare for and participate in OWNER's Executive Leadership calls to assist executives in planning, organizing, and directing activities required to implement the Program.
- f. Consult and provide input to OWNER leadership and staff to support legal counsel activities for the PROJECT. Participate in conference calls and meetings as requested by OWNER.
- g. Provide office and administrative support and assist program staff in the performance of activities on the PROJECT.
- h. Secure and maintain a PROJECT office and support facilities to conduct the activities of the program team and to support the confidentiality requirements of the P3 Developer procurement. OWNER and CONSULTANT agree and acknowledge that upon a 90-day written notice given by OWNER to CONSULTANT, that OWNER may secure and select a PROJECT office to be maintained by OWNER, or as otherwise mutually agreed to between OWNER and CONSULTANT in writing. Upon exercise of OWNER of its option to create a PROJECT office, CONSULTANT will transfer any and all project materials to the OWNER's PROJECT office. This shall not void or relieve the OWNER of the requirements in the Master Agreement for Professional Services between the OWNER and CONSULTANT, Section 19 – Office Space. CONSULTANT shall not negotiate or agree to any extension of a lease for providing an office or support facility to conduct the activities of the program team without the express written consent of the OWNER.

2. Contract Administration

- a. Develop and manage agreements and task orders, including amendments, work directives, and other changes with CONSULTANT's sub-consultants and OWNER (third-party) contracts with others for OWNER's review.
- b. Monitor compliance of contract terms and conditions and support program delivery with respect to scope, schedule, and budget performance. Maintain compliance records for contract terms and conditions on third-party contracts including insurance certifications and related items.
- c. Review and process third-party contract invoices for payment by OWNER.

3. Deliverables and Schedule

- a. Decision papers, presentation materials, meeting agendas, conference calls, and policy papers as requested.

- b. Draft DA Board and Finance Committee agendas in Administrative Advisory meeting packet, prior to all Administrative Advisory meetings.
- c. Material for DA Board packet on the Friday prior to all Board meetings.
- d. Program status report at DA Board meeting, once per month.
- e. Materials for Finance Committee packet one week prior to Committee meeting.
- f. Agenda and materials for the Administrative Advisory meeting two days prior to the meeting.
- g. Agenda and materials for the DA Executive Leadership meetings prior to the weekly meeting.
- h. Materials for USACE coordination as requested.
- i. Monthly reports tracking the expenditures related to the operations of the program office.
- j. Third-party agreements and task orders, amendments, work directives, and other changes for OWNER review, as requested.
- k. Final third-party agreements and task orders for OWNER approval as required.
- l. Monthly, or more frequently if required, third-party invoices for payment

Task 5.B-Financial Support

The scope of services for this Task 5.B generally includes the following:

1. Provide input and coordinate ongoing monitoring of the established PROJECT Financial Plan developed by Ernst & Young Infrastructure Advisors (EYIA), OWNER's Financial Advisor, as needed. Provide input to the financial plan for existing and potential new revenue sources and alternative sources of local and state financing. Provide input and coordinate updates to the PROJECT Financial Plan, as needed.
2. Develop and recommend the OWNERs annual Cash Budgets based on projected expenditures consistent with the OWNER's approved Program Budget. Update the Program Budget, as needed.
3. Deliverables and Schedule
 - a. Adjustments to annual budgets as requested by OWNER.
 - b. Financial Plan comments as needed.
 - c. Data related to existing and potential funding sources and programs available to local and state entities as requested.
 - d. Position papers, talking points, summaries, and other documents related to the funding and financing aspects of the PROJECT as requested by OWNER.
 - e. Presentation of recommended annual Cash Budgets to OWNER's technical and administrative staff every September or as requested by the OWNER.
 - f. Presentation of recommended annual Cash Budgets to Finance Committee every October or as requested by the OWNER.
 - g. Presentation of recommended annual Cash Budgets to DA Board every November or as requested by the OWNER.

Task 5.C-Program Controls and Reporting

The scope of services for Task 5.C generally includes the following:

1. Develop and maintain a cost-loaded, Primavera P6 schedule of activities comprising work tasks to be accomplished by the USACE, land acquisition, P3 development, in-town projects and other items which are required to complete the PROJECT. The Primavera P6 schedule will be developed to the level of detail necessary (1) to track the progression of the PROJECT and (2) to be able to identify impacts to the overall PROJECT cost and schedule including the critical path. The Primavera P6 schedule will be updated regularly in order to provide current PROJECT status of budget and schedule, typical of major program controls. The CONSULTANT will not independently develop P6 data but shall use data provided by the OWNER's Technical Consultant, the USACE, and others as appropriate.
2. Develop, maintain, and facilitate use of document control systems, processes, and tools, including an OWNER provided Electronic Data Management System (EDMS) for management and storage of Program documents. Coordinate with ACONEX, the OWNER's selected provider for the EDMS platform. The EDMS will allow storage, preservation, management, and retrieval records by OWNER, CONSULTANT, and third-parties, such as HMG and USACE.
3. Implement a cost management tool for managing program budget, fiscal year budget, contract budget, and invoiced costs. Develop and prepare reports for OWNER on program expenditures, budget status, and projected cash flows.
4. Maintain a Program Risk/Opportunity Register for the PROJECT by compiling existing risk registers and updating a compiled register with the OWNER's Technical Consultant, the USACE, and others as appropriate on a quarterly basis or as directed by the OWNER. Updating shall be achieved through a quarterly meeting, facilitated by the CONSULTANT, with the OWNER, the OWNER's Technical Consultant, the USACE, and the CONSULTANT.
5. Monitor program scope and execution of scope to track potential scope, schedule, and cost changes. Manage change with OWNER input and report results.
6. Deliverables and Schedule
 - a. Monthly report to the Administrative Advisory Group, the Finance Committee, the Diversion Authority Board, and the OWNER representative(s) on program expenditures, P6 Schedule status, budget status, and projected cash flows.
 - b. Quarterly updated Program Risk/Opportunity Register for the Administrative Advisory Group, the Finance Committee, the Diversion Authority Board, and the OWNER representative(s).
 - c. Quarterly updated Change Management Report for the Technical Advisory Group (TAG), the Administrative Advisory Group, the Finance Committee, the Diversion Authority Board, and the OWNER representative(s).
7. Step-in-rights: OWNER and CONSULTANT agree and acknowledge that upon a 90-day written notice given by OWNER to CONSULTANT, that OWNER may assume some and/or all of the tasks set forth in Task 5.C of this Task Order. Upon exercise of OWNER of its step-in-rights set forth in this section, CONSULTANT shall transfer any and all materials related to Task 5.C of this TASK ORDER to OWNER. In the event that Owner exercises its step-in-rights pursuant to this section, CONSULTANT acknowledges that its budget may be reduced or eliminated for Task 5.C of this Task Order for work not yet initiated under this Task 5.C. OWNER and CONSULTANT agree that in the event that OWNER exercises its step-in-rights under this section, CONSULTANT is entitled to be compensated for work already completed for Task 5.C of this Task Order but not invoiced to OWNER.

Task 5.D-Technical and PROJECT Support Services

The scope of services for Task 5.D generally includes the following:

1. Monitor and coordinate technical activities of the OWNER's Technical Consultant, Houston-Moore Group (HMG), and other third-party technical consultants directly contracted to the Diversion Authority. CONSULTANT is responsible for reviewing and providing comment as to the necessity of and level of effort for work assigned by others to the OWNER's Technical Consultant and shall provide the comments to the OWNER.
2. Coordinate OWNER-led technical activities with USACE. Coordinate with USACE and OWNER's Technical Consultant to assure that studies, designs and other tasks requested to be completed by USACE are necessary and being delivered efficiently and timely in accordance with the Project's budget and timeline. Communicate with USACE regarding project timelines, review USACE proposals and provide input to OWNER and the Technical Advisory Group regarding the impact of such proposals on the Project's budget and timeline.
3. Coordinate and facilitate Technical Advisory Group (TAG). Attend Technical Working Group (TWG) and Local Sponsor/Local Consultant Technical Team (LSLCTT) meetings at the request of OWNER.
4. Review, coordinate, and provide comments on OWNER'S Technical Consultant, USACE and other third-party consultant's studies, reports, and designs for general consistency with OWNER's Program objectives.
5. Develop bidding documents for construction contracts from technical plans and specifications prepared by OWNER's Technical Consultant.
6. Provide bidding administration services including advertising for bids, preparing addenda, receiving bids, and recommending award of construction contracts.
7. Perform Construction Contract Management and Administration (CCMA) for non-P3 Work as follows:
 - a. Bidding, CCMA, and related services for the PROJECT elements that have been designed by OWNER's Technical Consultant and that are named in this Task Order. CONSULTANT understands that bidding, CCMA, and Construction Management Services for Work Package WP-43B.1, WP-43B.2, and the County Highway 18/81 Road Raise will be performed by HMG or the US Army Corps of Engineers.
 - b. The construction contracts and professional services contracts that are expected to be active during the duration of this Task Order 5 are included in Attachment C.
