and

**NC LAND LEASE, LLC
a North Dakota limited liability company**

THIS AMENDMENT TO DEVELOPER AGREEMENT (this "Agreement") is made as of the Effective Date, by and among the City of Fargo, a North Dakota municipal corporation (the "City") and NC Land Lease, LLC, a North Dakota limited liability company ("Developer").

RECITALS:

WHEREAS, Developer's predecessor in interest, Roers Development, Inc., a North Dakota corporation, and City entered into a Developer Agreement dated as of August 26, 2019, hereinafter the "Developer Agreement"] pertaining to a project that is now commonly known as the "Newman Project" and is referred to herein as the "Newman Project"; and,

WHEREAS, Roers Development, Inc., assigned the Developer Agreement to Developer on August 26, 2019, to which agreement the City consented; and,

WHEREAS, Roers Development, Inc., the Developer and the City entered into a Settlement Agreement with an effective date of August 22, 2022, which, among other thing, operated to amend the terms of the Developer Agreement including, without limitation, a revised deadline for completion of construction of the Townhomes (interior and exterior) to May 31, 2023; and,

WHEREAS, on or before May 31, 2023, the Townhomes in the Newman Project did reach construction completion and, therefor, the City and Developer have taken such steps as contemplated in the Developer Agreement that are necessary and appropriate for the issuance by the City of a Certificate of Completion and a Tax Increment Note; and,

WHEREAS, the City and Developer wish to further amend the Developer Agreement in order to establish certain modifications to the payment to the Developer under the Tax Increment Note including the form of Tax Increment Note to be issued by the City;

NOW, THEREFORE, in consideration of the foregoing Recitals, which are hereby incorporated into this Amendment to Developer Agreement, and the mutual promises, undertakings and covenants hereinafter set forth, and intending to be legally bound hereby, the City and Developer covenant and agree as follows:

I. Certain definitions in Section 1.1 of ARTICLE I of the Developer Agreement are hereby amended to read as follows:

"Developer's Taxes" means taxes paid for the first (1st) Tax Year through the tenth (10th) Tax Year with respect to the portions of the Development Property and Improvements thereon. Taxes for the eleventh (11th) year following the first Tax Year, or for any subsequent year, are not included as Developer's Taxes.

"Maturity Date" means the date that is three (3) years from the Payment Date for the tenth (10th) Tax Year.

“Tax Year” is one of a maximum of ten (10) successive calendar years, with the first year being the calendar year identified and deemed to be the first (1st) Tax Year in the Tax Increment Note and with the successive nine (9) consecutive calendar years being the second (2nd) through tenth (10th) Tax Years.

II. Subsections (a) and (e) of Section 3.3 of Article III of the Developer Agreement is hereby amended to read as follows:

(a) There shall be one (1) Tax Increment Note. The amount of the Tax Increment Note shall be One Million One Hundred Eleven Thousand Two Hundred Twelve and 71/100ths Dollars (\$1,111,212.71). The Tax Increment Note shall provide for payments to be made by the City to Developer of Developer’s Tax Increment received by the City from the County for the Project for the first (1st) Tax Year and for each of nine (9) subsequent Tax Years, with payments to be made annually on the Payment Dates, it being further provided that Available Tax Increment exists pertaining to the tenth (10th) or earlier Tax Years. The Tax Increment Note shall continue to be payable on Payment Dates, as defined below, through the Maturity Date. The first (1st) Tax Year under this Developer Agreement, and as identified in the Tax Increment Note shall be the calendar year 2023, the taxes for which become due on January 1, 2024, and are therefore payable in the year 2024.

* * *

(e) Subject to the provisions of the Tax Increment Note, the principal of and interest on the Tax Increment Note shall in the aggregate be payable on or before May 15th following the first (1st) Tax Year as identified in the Tax Increment Note and on or before May 15th of each year thereafter until the Maturity Date, said May 15th dates being referred to herein as “Payment Date” or collectively as the “Payment Dates”. The first payment on the Tax Increment Note, to become due and payable on or before the first Payment Date, shall be limited to all the Available Tax Increments received by the City on the Project prior to the actual date of payment. For all payments after said first payment on the Tax Increment Note, subject to the maximum payment of principal to be included in a payment for any particular Tax Year as is as described below, the amounts payable on the Tax Increment Note on each Payment Date shall be limited to the Available Tax Increments received by the City since the prior year’s payment. All payments made on the Tax Increment Note shall be applied first to pay accrued and unpaid interest on the Tax Increment Note and second toward payment of principal. To the extent that the Available Tax Increments are insufficient, through the Maturity Date, to pay all accrued and unpaid interest on and the principal of the Tax Increment Note, said unpaid amounts shall then cease to be any debt or obligation of the City or of the City whatsoever.

i) Notwithstanding any other provision of this Agreement, the total principal sum of the Tax Increment Note shall not exceed One Million

One Hundred Eleven Thousand Two Hundred Twelve and 71/100ths Dollars (\$1,111,212.71) and the maximum sum of principal and interest to be payable in any single year shall be as follows:

(2) the payments for each of the second (2nd) Tax Year through the ninth (9th) Tax Year, which payments are due, respectively, on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of principal in the amount set forth in the table below and (b) payment of interest accrued on the principal balance of the Tax Increment Note since the prior payment:

Second (2 nd) Tax Year max principal	\$93,426.00

Eighth (8 th) Tax Year max principal	\$125,200.00
Ninth (9 th) Tax Year max principal	\$131,420.00

(3) the payment or payments for the tenth (10th) Tax Year, payable on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of the remaining principal balance due on the Tax Increment Note and (b) payment of interest accrued on the principal balance of the Tax Increment since the prior payment;

(4) The City, in its sole discretion, is authorized to increase the principal sum to be paid to Developer by the City for a particular Tax Year over the maximum sum as outlined in this Amendment to the Developer Agreement. The Finance Director is hereby authorized to

make such decision on behalf of the City and the Finance Director is authorized to remit payment in accordance therewith.

ii) In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. In such instance, the City's Finance Director is authorized to make such payment within the later of (a) forty (40) days after receipt by the City of the Available Tax Increments are received by the City from the County Auditor, or (b) forty days from the date of receipt of said written request.

and upon the execution and delivery of said documents, the Developer Agreement, as amended by the Settlement Agreement and this Amendment to Developer Agreement shall be deemed to have been fully performed by all parties thereto.

IV. In all respects other than the matters addressed in this Amendment to Developer Agreement, the Developer Agreement shall remain in full force and effect.

Available Tax Increments. "Available Tax Increments" are defined in the Developer Agreement as follows:

"Developer Tax Increments minus the reasonable and not theretofore reimbursed actual expenses incurred by the City in establishing and maintaining the TIF District, in preparing and implementing this Agreement, and in general in administering the TIF District and this Agreement and any supplements hereto and in participating in the actions or transactions contemplated thereby and hereby."

"Developer Tax Increments" are defined in the Developer Agreement as follows:

This Note is not any obligation of any kind whatsoever of any public body, except that this Note is a special and limited revenue obligation but not a general obligation of the City and is payable by the City only from the sources and subject to the qualifications and limitations stated or referenced herein. Neither the full faith and credit nor the taxing powers of the City or of the City are pledged to or available for the payment of the principal of or interest on this Note, and no property or other asset of the City or of the City, save

and except the above referenced Available Tax Increments, is or shall constitute a source of payment of the City's obligations hereunder.

Limitation on Transfer. \$1,111,212.71 Tax Increment Revenue Note of 2024
(Newman Project Redevelopment Project—Tax Increment District 2019-02)

Dated: _____, 2024

This Private Placement Memorandum sets forth in brief form certain information relevant to the holders of the One Million One Hundred Eleven Thousand Two Hundred Twelve and 71/100ths Dollars (\$1,111,212.71) Tax Increment Revenue Note of 2024 (Newman Redevelopment Project) (the "Note") issued by the City of Fargo, North Dakota (the "City" or "Issuer").

GENERAL INFORMATION

Authorization. The Note is issued pursuant to a resolution adopted August 26, 2019, 2022, when conditions are met that are set forth in a Developer Agreement dated as of August 26, 2019, (the "Development Agreement"), by and between the City and Roers Development, Inc., the predecessor in interest to NC Land Lease, LLC, a North Dakota limited liability company (the "Developer"), which Development Agreement was amended by a Settlement Agreement entered into between the City, Roers Development, Inc., and NC Land Lease, LLC, with an effective date of August 22, 2022, and which was further amended by an Amendment to Developer Agreement entered into between the City and NC Land Lease, LLC, with an effective date of February 1, 2024. The Note is the "Tax Increment Revenue Note" as defined in the Developer Agreement.

Consideration for the Note. The consideration for the Note is the Developer's payment of certain expenditures that are eligible public redevelopment costs of the City's Tax Increment District 2019-02 (the "Tax Increment District"). The Note is not issued for cash, but rather is issued in reimbursement of those expenditures paid by the Developer.

PAYMENT SOURCE; TAX INCREMENTS

Payment Sources for the Note; Sufficiency. The Note is payable solely and only from Tax Increments of the Tax Increment District if and as received. The Note states,

"Sufficiency of Revenues. The City makes no representation or covenant, express or implied, that the revenues described herein will be sufficient to pay, in whole or in part, the amounts which are or may otherwise become due and payable hereunder. Any amounts which have not become due and payable on this Note on or before the Maturity Date shall no longer be payable, as if this Note had ceased to be any debt or obligation of the City or of the City whatsoever."

Available Tax Increments. "Available Tax Increments" are defined in the Developer Agreement as follows:

" Available Tax Increments" means the Developer Tax Increments minus the reasonable and not theretofore reimbursed actual expenses incurred by the City in establishing and maintaining the TIF District, in preparing and implementing this Agreement, and in general in administering the TIF District and this Agreement and any supplements hereto and in participating in the actions or transactions contemplated thereby and hereby.

Payment Dates. The principal of and interest on the Tax Increment Note shall in the aggregate be payable on or before May 15th following calendar year 2023, which is deemed herein to be the first (1st) Tax Year, and on or before May 15th of each year thereafter until the Maturity Date, said May 15th dates being referred to herein as "Payment Date" or collectively as the "Payment Dates". The first payment on the Tax Increment Note, to become due and payable on or before the first Payment Date, shall be limited to all the Available Tax Increments received by the City on the Project prior to the actual date of payment. For all payments after said first payment on the Tax Increment Note, subject to the maximum payment of principal to be included in a payment for any particular Tax Year as is as described below, the amounts payable on the Tax Increment Note on each Payment Date shall be limited to the Available Tax Increments received by the City since the prior year's payment. All payments made on the Tax Increment Note shall be applied first to pay accrued and unpaid interest on the Tax Increment Note and second toward payment of principal. To the extent that the Available Tax Increments are insufficient, through the Maturity Date, to pay all accrued and unpaid interest on and the principal of the Tax Increment Note, said unpaid amounts shall then cease to be any debt or obligation of the City or of the City whatsoever.

i) The maximum sum of principal and interest to be payable in any single year shall be as follows:

(1) the payment for the first Tax Year, said first Tax Year being the calendar year 2023, which payment is to be made on or before May 15th of the year 2024, shall be a maximum amount, which maximum amount shall be limited to the sum of (a) payment of principal in the amount of \$76,864.24 and (b) payment of interest accrued on the total principal balance due on the Tax Increment Note from the date of issuance of said Note to the date of said payment;

(2) the payments for each of the second (2nd) Tax Year through the ninth (9th) Tax Year, which payments are due, respectively, on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of principal in the amount set forth in the table below and (b) payment of interest accrued on the principal balance of the Tax Increment Note since the prior payment:

Second (2 nd) Tax Year max principal	\$93,426.00
--	-------------

Third (3 rd) Tax Year max principal	\$98,100.00
Fourth (4 th) Tax Year max principal	\$103,000.00
Fifth (5 th) Tax Year max principal	\$108,050.00
Sixth (6 th) Tax Year max principal	\$113,550.00
Seventh (7 th) Tax Year max principal	\$119,230.00
Eighth (8 th) Tax Year max principal	\$125,200.00
Ninth (9 th) Tax Year max principal	\$131,420.00

(3) the payment or payments for the tenth (10th) Tax Year, payable on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of the remaining principal balance due on the Tax Increment Note and (b) payment of interest accrued on the principal balance of the Tax Increment since the prior payment;

(4) The City, in its sole discretion, is authorized to increase the principal sum to be paid to Developer by the City for a particular Tax Year over the maximum sum as outlined in this Amendment to the Developer Agreement. The Finance Director is hereby authorized to make such decision on behalf of the City and the Finance Director is authorized to remit payment in accordance therewith.

ii) In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. In such instance, the City's Finance Director is authorized to make such payment within the later of (a) forty (40) days after receipt by the City of the Available Tax Increments are received by the City from the County Auditor, or (b) forty days from the date of receipt of said written request.

Early Payment of Taxes. In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. In such instance, the City's Finance Director is authorized to make such payment within the

later of (a) forty (40) days after receipt by the City of the Available Tax Increments are received by the City from the County Auditor, or (b) forty days from the date of receipt of said written request.

Subordinate Use of Tax Increments. Section 3.6 of the Development Agreement provides an order of priority for use of tax increments that causes the Note to be subordinate to actual administrative expenses. Section 3.6 reads as follows:

“Section 3.6. Use of Tax Increments.

The City receives the Tax Increments generated by the TIF District from the County. The City may use Tax Increments which are not Developer Tax Increments for any purpose permitted by law. Developer Tax Increments shall be used on any date of application for the following purposes in the following order of priority:

- (1) to make payments on the Tax Increment Note; and
- (2) after payment of the Tax Increment Note in full, to pay or reimburse redevelopment costs identified by the City and to pay other eligible expenses for other projects that may be approved for the TIF District, from time to time, by the governing body of the City.

No Payment Upon Default. No payments will be made on the Note during such time as there is an Event of Default under the Development Assistance Agreement which has not been cured by the Developer.

Lack of Protective Covenants. The City of Fargo, North Dakota (the “City”), has not covenanted to endeavor in any fashion to cause Tax Increments to be sufficient to generate Available Tax Increments sufficient to pay the Note, nor have they covenanted to take actions under the Developer Agreement with such sufficiency as a goal. There can be no assurance that taxes collected on such Assessor’s Minimum Market Value will be sufficient to pay the Note.

Projected Tax Increments for Note. Tax increments are expected to be sufficient to pay the Note and the interest thereon in full; however, tax increments at such a level may not be achieved.

Tax Increment Risks. Tax increments are taxes received on property in a tax increment district from the increased taxable value of the property over its base value at the time that the tax increment district was created, which base value is called "original net tax capacity". There are risk factors for persons relying on tax increments to be received over time, including the following:

- (a) Incomplete Completion of the Improvements. The Tax Increment Notes are issued to encourage the development of specific Improvements in the Tax Increment District, identified in the Developer Agreement. If the contemplated Improvements were completed at a lesser level of value than originally contemplated, they would generate fewer taxes and therefore fewer tax increments than originally contemplated.
- (b) Damage or Destruction. If the Improvements are damaged or destroyed after completion, their value would be reduced, and taxes and tax increments would be reduced. Repair, restoration or replacement of the Improvements may not occur, may occur after only a substantial time delay, or may involve property with a lower value than the Improvements, all of which would reduce taxes and tax increments.
- (c) Change in Use to Tax-Exempt. The Improvements could be acquired by a party that devotes them to a use which causes the property to be exempt from real property taxation. Taxes and tax increments would then cease.
- (d) Depreciation. The Improvements could decline in value due to changes in the market for such property or due to the decline in the physical condition of the property. Lower market valuation will lead to lower taxes and lower tax increments.
- (e) Non-payment of Taxes. If the property owner does not pay property taxes, either in whole or in part, the lack of taxes received will cause a lack of tax increments. The North Dakota system of collecting delinquent property taxes is a lengthy one that could result in substantial delays in the receipt of taxes and tax increments, and there is no assurance that the full amount of delinquent taxes would be collected. Amounts distributed to taxing jurisdictions upon a sale following a tax forfeiture of the property are not tax increments.
- (f) Reductions in Taxes Levied. If property taxes are reduced due to decreased municipal levies, taxes and tax increments will be reduced. Reasons for such reduction could include lower local expenditures or changes in state aids to municipalities.
- (g) Reductions in Tax Capacity Rates. The taxable value of real property is determined by multiplying the market value of the property by a tax capacity rate. Tax capacity rates vary by certain categories of property; for example, the tax capacity rates for residential homesteads are currently less than the tax capacity rates for commercial and industrial property.
- (h) Legislation. The North Dakota Legislature has the authority to modify laws affecting real property taxes, particularly as they relate to mill levies and the overall level of taxes.

- (i) Combinations of Factors. Factors that reduce taxes and tax increments can occur in combinations that reduce tax increments further than any one factor alone.

Factors noted above present risks for the receipt of tax increments; changes in the other direction could increase taxes and tax increments.

Pay-as-You-Go Format. The Tax Increment Notes are instruments which municipalities refer to as "pay as you go" notes. Issued in reimbursement of eligible costs paid by others, such notes involve no initial cash to or from the municipality. They are issued to developers of property improvements, the same parties who are expected to own the real property and pay the taxes. As long as the same party both owns the property and holds the note, the tax increment risks noted above to some extent cancel out economically, making the changes somewhat a "wash". For instance, if the property owner does not pay its taxes, the same party as holder of the note does not receive tax increments (because, due to non-payment of taxes, there are none). If tax capacity rates fall, leading taxes and tax increments to fall, the note holder receives fewer tax increments in payment of the note but the same person as owner of the property has "saved" a similar amount in not paying taxes. If the ownership of the real property and the note cease to be in the same party, this offsetting of tax increment risks by attendant property tax benefits is broken. Upon the initial issuance of the Note, the holder is the Developer.

TAX TREATMENT OF NOTE

No Information About Tax Treatment of Note. The Issuer does not know, and makes no representation about, the tax treatment of, or tax consequences for the Developer of, (1) the Issuer's issuance of the Note in reimbursement of public costs of redevelopment paid by the Developer, or (2) the later retention or disposition of the Note or the retention or disposition of the property whose costs were reimbursed by the issuance of the Note.

NO LEGAL OPINION

The Developer is not being provided with any opinion of bond counsel with respect to the issuance of the Note. The City's bond counsel does not ordinarily issue an opinion with respect to taxable pay-as-you-go notes.

INTEREST TAXABLE

The Note bears interest that is intended to be included in gross income of the holder.

NOT QUALIFIED TAX EXEMPT OBLIGATIONS

The City has not designated the Note as a "qualified tax exempt obligation" for purposes of Section 265(b)(3) of the federal Internal Revenue Code of 1986, as amended, relating to the ability of financial institutions to deduct from income for federal income tax purposes interest expense that is allocable to carrying and acquiring tax exempt obligations. "Qualified tax exempt obligations" are treated as acquired by the financial institution before August 8, 1986. Interest allocable to such obligations remains subject to the 20% disallowance contained in prior law. The Note is taxable and does not qualify for such designation.

NOT COMPREHENSIVE

Not Comprehensive. This Private Placement Memorandum is not intended to be a complete or comprehensive description of the Note or a complete presentation of all matters relevant to owning or holding the Note. It is intended for use with the Developer or a sophisticated investor, each of whom are encouraged to engage in such diligence reviews of matters of fact and law and inquiries as to matters of fact and law as will provide sufficient information for a business decision about ownership of the Note. The Developer to whom the Note is originally issued will provide the City with a certificate as to making its own determinations and not relying on the City or information provided by the City.

(4) The City, in its sole discretion, is authorized to increase the principal sum to be paid to Developer by the City for a particular Tax Year over the maximum sum as outlined in this Amendment to the Developer Agreement. The Finance Director is hereby authorized to make such decision on behalf of the City and the Finance Director is authorized to remit payment in accordance therewith.

ii) In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. Early Payment of Taxes. In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. On each Payment Date (or, if not a business day of the City, the first business day thereafter) the City shall pay by check or draft mailed to the person that was the Registered Owner of the Note at the close of the last business day of the City preceding such Payment Date an amount as follows: (a) the first payment on the Tax Increment Note, to become due and payable on the first Payment Date, shall be limited to all the Available Tax Increments received prior to said date by the City on the Project from the first Tax Year and (b) for all payments after said first payment on the Tax Increment Note, the amounts payable on the Tax Increment Note on each Payment Date shall be limited to the Available Tax Increments received by the City since the prior payment. All such payments made on the Tax Increment Note shall be from the Developer's Taxes. All payments made on the Tax Increment Note shall be applied first to pay accrued and unpaid interest on the Tax Increment Note and second toward payment of principal. To the extent that the Available Tax Increments are insufficient, through the Maturity Date, to pay all accrued and unpaid interest on and the principal of the Tax Increment Note, said unpaid amounts shall then cease to be any debt or obligation of the City or of the City whatsoever. In no event shall any City be obligated to remit payment of principal in excess of the aggregate amount of the unpaid principal of the Note. The City shall have the option at any time to prepay in whole or in part the principal amount of this Note at par plus

accrued interest. All payments made by the City under this Note shall be applied first to pay accrued and unpaid interest on this Note and second toward payment of principal hereof.

Redemption. In addition to the amounts of principal required to be paid by the City as hereinabove set forth, the City shall have the right to prepay on any date the entire principal amount hereof then remaining unpaid, or such lesser portion thereof as it may determine upon, in multiples of \$1,000, at par plus accrued interest. Notice of any such optional prepayment shall be given prior to the prepayment date by mailing to the registered owner of this Note a notice fixing such prepayment date and the amount of principal to be prepaid.

Available Tax Increments. "Available Tax Increments" are defined in the Developer Agreement as follows:

"Developer Tax Increments minus the reasonable and not theretofore reimbursed actual expenses incurred by the City in establishing and maintaining the TIF District, in preparing and implementing this Agreement, and in general in administering the TIF District and this Agreement and any supplements hereto and in participating in the actions or transactions contemplated thereby and hereby."

"Developer Tax Increments" are defined in the Developer Agreement as follows:

"The portion of Developer's Taxes which constitutes Tax Increments, or the portion of Tax Increments; derived from Developer's Taxes."

"Tax Increments" are defined in the Developer Agreement as follows:

"Tax Increments' means those tax increments which the City shall be entitled to receive and retain, and which the City shall have actually received from Cass County, from time to time from the TIF District pursuant to the Urban Renewal Law."

In addition, "Developer's Taxes" are defined in the Developer Agreement as follows:

"Developer's Taxes' means taxes paid with respect to the portions of the Development Property and Improvements completed by the Developer for the tenth (10th) Tax Year and earlier Tax Years. Taxes for the eleventh (11th) year following the first Tax Year, or for any subsequent year, are not included as Developer's Taxes."

In addition, "Tax Year" is defined in the Developer Agreement as follows:

"Tax Year" is one of a maximum of ten (10) successive calendar years, with the first year being the calendar year identified and deemed to be the first (1st) Tax Year in the Tax Increment Note and with the successive nine (9) consecutive calendar years being the second (2nd) through tenth (10th) Tax Years.

In addition, "Maturity Date" is defined in the Developer Agreement as follows:

"Maturity Date" means the date that is three (3) years from the Payment Date for the tenth (10th) Tax Year.

In addition, Section 3.6 of the Developer Agreement provides as follows:

"The City receives the Tax Increments generated by the TIF District from the County. The City may use Tax Increments which are not Developer Tax Increments for any purpose permitted by law. Developer Tax Increments shall be used on any date of application for the following purposes in the following order of priority:

- (a) to make payments on the Tax Increment Note; and,
- (b) after payment of the City Development Costs and Tax Increment Note in full, to pay or reimburse redevelopment costs identified by the City and to pay other eligible expenses for other projects that may be approved for the TIF District, from time to time, by the governing body of the City.

No Payment Upon Default. No payments will be made on this Note during such time as there is an Event of Default under the Developer Agreement which has not been cured by the Developer.

Lack of Protective Covenants. The City of Fargo, North Dakota (the "City"), has not covenanted to endeavor in any fashion to cause Tax Increments to be sufficient to generate Available Tax Increments sufficient to pay this Note, nor have they covenanted to take actions under the Developer Agreement with such sufficiency as a goal.

Sufficiency of Revenues. The City makes no representation or covenant, express or implied, that the revenues described herein will be sufficient to pay, in whole or in part, the amounts which are or may otherwise become due and payable hereunder. Any amounts which have not become due and payable on this Note on or before the Maturity Date shall no longer be payable, as if this Note had ceased to be any debt or obligation of the City or of the City whatsoever.

Relating to

CITY OF FARGO, NORTH DAKOTA

\$1,111,212.71 Tax Increment Revenue Note of 2024
(Newman Project Redevelopment Project—Tax Increment District 2019-02)

Dated: _____, 2024

This Private Placement Memorandum sets forth in brief form certain information relevant to the holders of the One Million One Hundred Eleven Thousand Two Hundred Twelve and 71/100ths Dollars (\$1,111,212.71) Tax Increment Revenue Note of 2024 (Newman Redevelopment Project) (the "Note") issued by the City of Fargo, North Dakota (the "City" or "Issuer").

GENERAL INFORMATION

Authorization. The Note is issued pursuant to a resolution adopted August 26, 2019, 2022, when conditions are met that are set forth in a Developer Agreement dated as of August 26, 2019, (the "Development Agreement"), by and between the City and Roers Development, Inc., the predecessor in interest to NC Land Lease, LLC, a North Dakota limited liability company (the "Developer"), which Development Agreement was amended by a Settlement Agreement entered into between the City, Roers Development, Inc., and NC Land Lease, LLC, with an effective date of August 22, 2022, and which was further amended by an Amendment to Developer Agreement entered into between the City and NC Land Lease, LLC, with an effective date of February 1, 2024. The Note is the "Tax Increment Revenue Note" as defined in the Developer Agreement.

Consideration for the Note. The consideration for the Note is the Developer's payment of certain expenditures that are eligible public redevelopment costs of the City's Tax Increment District 2019-02 (the "Tax Increment District"). The Note is not issued for cash, but rather is issued in reimbursement of those expenditures paid by the Developer.

PAYMENT SOURCE; TAX INCREMENTS

Payment Sources for the Note: Sufficiency. The Note is payable solely and only from Tax Increments of the Tax Increment District if and as received. The Note states,

"Sufficiency of Revenues. The City makes no representation or covenant, express or implied, that the revenues described herein will be sufficient to pay, in whole or in part, the amounts which are or may otherwise become due and payable hereunder. Any amounts which have not become due and payable on this Note on or before the Maturity Date shall no longer be payable, as if this Note had ceased to be any debt or obligation of the City or of the City whatsoever."

Available Tax Increments. "Available Tax Increments" are defined in the Developer Agreement as follows:

" Available Tax Increments" means the Developer Tax Increments minus the reasonable and not theretofore reimbursed actual expenses incurred by the City in establishing and maintaining the TIF District, in preparing and implementing this Agreement, and in general in administering the TIF District and this Agreement and any supplements hereto and in participating in the actions or transactions contemplated thereby and hereby.

Payment Dates. The principal of and interest on the Tax Increment Note shall in the aggregate be payable on or before May 15th following calendar year 2023, which is deemed herein to be the first (1st) Tax Year, and on or before May 15th of each year thereafter until the Maturity Date, said May 15th dates being referred to herein as "Payment Date" or collectively as the "Payment Dates". The first payment on the Tax Increment Note, to become due and payable on or before the first Payment Date, shall be limited to all the Available Tax Increments received by the City on the Project prior to the actual date of payment. For all payments after said first payment on the Tax Increment Note, subject to the maximum payment of principal to be included in a payment for any particular Tax Year as is as described below, the amounts payable on the Tax Increment Note on each Payment Date shall be limited to the Available Tax Increments received by the City since the prior year's payment. All payments made on the Tax Increment Note shall be applied first to pay accrued and unpaid interest on the Tax Increment Note and second toward payment of principal. To the extent that the Available Tax Increments are insufficient, through the Maturity Date, to pay all accrued and unpaid interest on and the principal of the Tax Increment Note, said unpaid amounts shall then cease to be any debt or obligation of the City or of the City whatsoever.

i) The maximum sum of principal and interest to be payable in any single year shall be as follows:

(1) the payment for the first Tax Year, said first Tax Year being the calendar year 2023, which payment is to be made on or before May 15th of the year 2024, shall be a maximum amount, which maximum amount shall be limited to the sum of (a) payment of principal in the amount of \$76,864.24 and (b) payment of interest accrued on the total principal balance due on the Tax Increment Note from the date of issuance of said Note to the date of said payment;

(2) the payments for each of the second (2nd) Tax Year through the ninth (9th) Tax Year, which payments are due, respectively, on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of principal in the amount set forth in the table below and (b) payment of interest accrued on the principal balance of the Tax Increment Note since the prior payment:

Second (2 nd) Tax Year max principal	\$93,426.00
--	-------------

Third (3 rd) Tax Year max principal	\$98,100.00
Fourth (4 th) Tax Year max principal	\$103,000.00
Fifth (5 th) Tax Year max principal	\$108,050.00
Sixth (6 th) Tax Year max principal	\$113,550.00
Seventh (7 th) Tax Year max principal	\$119,230.00
Eighth (8 th) Tax Year max principal	\$125,200.00
Ninth (9 th) Tax Year max principal	\$131,420.00

(3) the payment or payments for the tenth (10th) Tax Year, payable on or before May 15th of the calendar year following each respective Tax Year, shall be limited to a maximum amount, which maximum amount shall be the sum of (a) payment of the remaining principal balance due on the Tax Increment Note and (b) payment of interest accrued on the principal balance of the Tax Increment since the prior payment;

(4) The City, in its sole discretion, is authorized to increase the principal sum to be paid to Developer by the City for a particular Tax Year over the maximum sum as outlined in this Amendment to the Developer Agreement. The Finance Director is hereby authorized to make such decision on behalf of the City and the Finance Director is authorized to remit payment in accordance therewith.

ii) In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. In such instance, the City's Finance Director is authorized to make such payment within the later of (a) forty (40) days after receipt by the City of the Available Tax Increments are received by the City from the County Auditor, or (b) forty days from the date of receipt of said written request.

Early Payment of Taxes. In the event that Developer's Taxes are paid in full on or before February 15th of a particular year, the City agrees, and the City's Finance Director is hereby authorized, to pay out the full amount of Available Tax Increments received from the County Auditor upon written request submitted by the Developer. In such instance, the City's Finance Director is authorized to make such payment within the

later of (a) forty (40) days after receipt by the City of the Available Tax Increments are received by the City from the County Auditor, or (b) forty days from the date of receipt of said written request.

Subordinate Use of Tax Increments. Section 3.6 of the Development Agreement provides an order of priority for use of tax increments that causes the Note to be subordinate to actual administrative expenses. Section 3.6 reads as follows:

“Section 3.6. Use of Tax Increments.

The City receives the Tax Increments generated by the TIF District from the County. The City may use Tax Increments which are not Developer Tax Increments for any purpose permitted by law. Developer Tax Increments shall be used on any date of application for the following purposes in the following order of priority:

- (1) to make payments on the Tax Increment Note; and
- (2) after payment of the Tax Increment Note in full, to pay or reimburse redevelopment costs identified by the City and to pay other eligible expenses for other projects that may be approved for the TIF District, from time to time, by the governing body of the City.

No Payment Upon Default. No payments will be made on the Note during such time as there is an Event of Default under the Development Assistance Agreement which has not been cured by the Developer.

Lack of Protective Covenants. The City of Fargo, North Dakota (the “City”), has not covenanted to endeavor in any fashion to cause Tax Increments to be sufficient to generate Available Tax Increments sufficient to pay the Note, nor have they covenanted to take actions under the Developer Agreement with such sufficiency as a goal. There can be no assurance that taxes collected on such Assessor’s Minimum Market Value will be sufficient to pay the Note.

Projected Tax Increments for Note. Tax increments are expected to be sufficient to pay the Note and the interest thereon in full; however, tax increments at such a level may not be achieved.

Tax Increment Risks. Tax increments are taxes received on property in a tax increment district from the increased taxable value of the property over its base value at the time that the tax increment district was created, which base value is called "original net tax capacity". There are risk factors for persons relying on tax increments to be received over time, including the following:

- (a) Incomplete Completion of the Improvements. The Tax Increment Notes are issued to encourage the development of specific Improvements in the Tax Increment District, identified in the Developer Agreement. If the contemplated Improvements were completed at a lesser level of value than originally contemplated, they would generate fewer taxes and therefore fewer tax increments than originally contemplated.
- (b) Damage or Destruction. If the Improvements are damaged or destroyed after completion, their value would be reduced, and taxes and tax increments would be reduced. Repair, restoration or replacement of the Improvements may not occur, may occur after only a substantial time delay, or may involve property with a lower value than the Improvements, all of which would reduce taxes and tax increments.
- (c) Change in Use to Tax-Exempt. The Improvements could be acquired by a party that devotes them to a use which causes the property to be exempt from real property taxation. Taxes and tax increments would then cease.
- (d) Depreciation. The Improvements could decline in value due to changes in the market for such property or due to the decline in the physical condition of the property. Lower market valuation will lead to lower taxes and lower tax increments.
- (e) Non-payment of Taxes. If the property owner does not pay property taxes, either in whole or in part, the lack of taxes received will cause a lack of tax increments. The North Dakota system of collecting delinquent property taxes is a lengthy one that could result in substantial delays in the receipt of taxes and tax increments, and there is no assurance that the full amount of delinquent taxes would be collected. Amounts distributed to taxing jurisdictions upon a sale following a tax forfeiture of the property are not tax increments.
- (f) Reductions in Taxes Levied. If property taxes are reduced due to decreased municipal levies, taxes and tax increments will be reduced. Reasons for such reduction could include lower local expenditures or changes in state aids to municipalities.
- (g) Reductions in Tax Capacity Rates. The taxable value of real property is determined by multiplying the market value of the property by a tax capacity rate. Tax capacity rates vary by certain categories of property; for example, the tax capacity rates for residential homesteads are currently less than the tax capacity rates for commercial and industrial property.
- (h) Legislation. The North Dakota Legislature has the authority to modify laws affecting real property taxes, particularly as they relate to mill levies and the overall level of taxes.

- (i) Combinations of Factors. Factors that reduce taxes and tax increments can occur in combinations that reduce tax increments further than any one factor alone.

Factors noted above present risks for the receipt of tax increments; changes in the other direction could increase taxes and tax increments.

Pay-as-You-Go Format. The Tax Increment Notes are instruments which municipalities refer to as "pay as you go" notes. Issued in reimbursement of eligible costs paid by others, such notes involve no initial cash to or from the municipality. They are issued to developers of property improvements, the same parties who are expected to own the real property and pay the taxes. As long as the same party both owns the property and holds the note, the tax increment risks noted above to some extent cancel out economically, making the changes somewhat a "wash". For instance, if the property owner does not pay its taxes, the same party as holder of the note does not receive tax increments (because, due to non-payment of taxes, there are none). If tax capacity rates fall, leading taxes and tax increments to fall, the note holder receives fewer tax increments in payment of the note but the same person as owner of the property has "saved" a similar amount in not paying taxes. If the ownership of the real property and the note cease to be in the same party, this offsetting of tax increment risks by attendant property tax benefits is broken. Upon the initial issuance of the Note, the holder is the Developer.

TAX TREATMENT OF NOTE

No Information About Tax Treatment of Note. The Issuer does not know, and makes no representation about, the tax treatment of, or tax consequences for the Developer of, (1) the Issuer's issuance of the Note in reimbursement of public costs of redevelopment paid by the Developer, or (2) the later retention or disposition of the Note or the retention of disposition of the property whose costs were reimbursed by the issuance of the Note.

NO LEGAL OPINION

The Developer is not being provided with any opinion of bond counsel with respect to the issuance of the Note. The City's bond counsel does not ordinarily issue an opinion with respect to taxable pay-as-you-go notes.

INTEREST TAXABLE

The Note bears interest that is intended to be included in gross income of the holder.

NOT QUALIFIED TAX EXEMPT OBLIGATIONS

The City has not designated the Note as a "qualified tax exempt obligation" for purposes of Section 265(b)(3) of the federal Internal Revenue Code of 1986, as amended, relating to the ability of financial institutions to deduct from income for federal income tax purposes interest expense that is allocable to carrying and acquiring tax exempt obligations. "Qualified tax exempt obligations" are treated as acquired by the financial institution before August 8, 1986. Interest allocable to such obligations remains subject to the 20% disallowance contained in prior law. The Note is taxable and does not qualify for such designation.

NOT COMPREHENSIVE

Not Comprehensive. This Private Placement Memorandum is not intended to be a complete or comprehensive description of the Note or a complete presentation of all matters relevant to owning or holding the Note. It is intended for use with the Developer or a sophisticated investor, each of whom are encouraged to engage in such diligence reviews of matters of fact and law and inquiries as to matters of fact and law as will provide sufficient information for a business decision about ownership of the Note. The Developer to whom the Note is originally issued will provide the City with a certificate as to making its own determinations and not relying on the City or information provided by the City.

MEMORANDUM

TO: Board of City Commissioners

FROM: Jim Gilmour, Director of Strategic Planning and Research 

DATE: January 18, 2024

SUBJECT: In-Kind Commitment for EPIC Gateway Project

EPIC is using the Renaissance Zone incentives to develop a third building on the Gateway site on Main Avenue. The City of Fargo already approved a Renaissance Zone property tax exemption for the project.

EPIC Unite Real Estate Holdings LLC is applying for a buy down of its interest rate from the Bank of North Dakota. This requires community match, which can be an in-kind contribution of the Renaissance Zone property tax exemption.

Attached are agreements the City needs to approve for the in-kind contribution of the already approved Renaissance Zone incentives. Fargo is not providing any cash or loan guarantee. The Bank of North Dakota will provide a lower interest rate if this interest buy down is approved.

Recommended Motion

Approve agreements to provide in-kind contributions of Renaissance Zone property tax exemptions to EPIC Unite Real Estate Holdings LLC.

**BNY MELLON****BROKER DEALER SERVICES DIVISION
PRICING, INDICATIVE DATA AND OTHER DISCLOSURES**

The prices of financial assets and indicative data reported or reflected in reports furnished by the Broker Dealer Services Division (BDS) of The Bank of New York Mellon (BNYM) generally are provided by data providers and ratings agencies ("vendors") used by BDS in the ordinary course of business. Trust receipts will be valued based on the face amount of the underlying financial assets, as set forth therein. Prices and indicative data are not independently verified, and may contain errors or omissions.

With respect to certain newly issued financial assets, if vendors do not provide prices, such financial assets will be valued at par or the new issue price for up to three business days. Thereafter, such financial assets will be valued at zero.

With respect to certain financial assets other than new issues, vendors may not provide prices and may not update prices previously provided on a regular basis. If vendors do not provide prices or update previously reported prices within three business days, such financial assets will be valued at zero, unless other arrangements are agreed in writing.

Notwithstanding the foregoing, certain hard-to-price, thinly traded or illiquid financial assets are valued monthly with no adjustment during the interim period (details are available upon request by contacting BDS).

Although BNYM will not utilize prices obtained from brokers or dealers in providing services, BNYM may obtain from any broker or dealer prices and other information and data such as offering memoranda, observable and non-observable information and assumptions in order to assist BNYM's vendors in determining prices of particular financial assets.

With respect to certain financial assets that are not widely held or regularly traded, vendors may report prices based on valuation models which reflect underlying non-observable assumptions that may not be accurate or complete and such models and/or prices may not be regularly adjusted.

The prices reported by BDS may differ from the prices reported or used by other divisions of BNYM or its subsidiaries or affiliates, and such differences may or may not be material. Margin values reported in connection with triparty transactions may differ from margin values used by BNYM for its own account or for the account of its subsidiaries, affiliates or other clients.

Unless otherwise agreed in writing, financial assets held as collateral may include financial assets in default, provided that the prices of such financial assets are made available to BNYM by a vendor which BNYM uses generally for valuing such financial assets.

BNY MELLON

Unless otherwise agreed in writing, financial assets held as collateral may include financial assets issued by your transaction counterparty or its subsidiaries or affiliates.

Average Traded Volume data is obtained from primary or secondary securities exchanges.

Market data, which is subject to availability, may or may not be current.

The information reported or reflected herein is proprietary to its suppliers and is for your internal use only. It may not be copied, reproduced, published, posted, transmitted, displayed, stored, modified, sublicensed, transferred, disclosed or distributed or used for any purpose without BNYM's express written permission or that of its vendors or other third parties, as applicable.

REPORTED PRICES, WHETHER PROVIDED BY VENDORS OR OTHERWISE OBTAINED AS DESCRIBED HEREIN, MAY NOT REFLECT THE ACTUAL AMOUNT THAT CAN BE REALIZED UPON THE SALE OF PARTICULAR FINANCIAL ASSETS.

Re: Three Ten-Year Deferral Agreements for the Brand Properties

Dear Commissioners:

Enclosed and delivered for the City Commissions review and approval are three Ten-Year Deferral Agreements, non-interest bearing, for the Brand Properties. The properties are located at 2101 57th Street North, 5401 19th Avenue North, and 5617 19th Avenue North. These deferrals were requested by the Developer of the northern quarter of 19th Avenue and 57th Street North Annexation.

The request was sent to the Finance Committee Meeting in May. The Committee unanimously voted to approve the Ten-Year, non-interest accruing Deferral Agreements and to forward them on to the City Commission for approval.

Recommended Motion:

Approve the three Ten-Year, non-interest accruing Deferral Agreements with the terms to be stated in the Agreements.

Respectfully Submitted,

Dan Eberhardt
Special Assessment Coordinator

REPORT OF ACTION

FINANCE COMMITTEE

Type: Deferral

Location: 19th Avenue North & 57th Street

Date of Hearing: May 22, 2023

<u>Routing</u>	<u>Date</u>

Project File	<u>Dan Eberhardt</u>

A request for a deferral for Bruce and Elwood Brand was presented to the Committee. An Annexation plat is in process with Eagle Ridge Development for 19th Avenue North and 57th Street North. The plat excludes the Brand Farmsteads. Bruce and Elwood Brand have agreed to be annexed but are requesting a deferral of special assessments as part of the annexation process. Staff feel that it would be a benefit for the City to agree to the deferral.

MOTION:

On a motion by Steve Sprague, seconded by Dave Piepkorn, the Finance Committee voted to approve the deferral, and to forward on to the City Commission.

Memorandum

To: Members of the Finance Committee
From: Dan Eberhardt, Special Assessments Coordinator
Date: May 16, 2023
Re: Request for Deferment of Special Assessment for the Bruce Brand and Elwood Brand farmsteads.

Background:

Jonathan Youness with Eagle Ridge Development is in the process of an annexation plat in the northeast corner of 19th Avenue North and 57th Street North. This plat currently excludes the Brand Farmsteads (see attachment). To square up the plat, the Brands have agreed to be annexed as part of this annexation process. Elwood and Bruce Brand own the farmsteads in this northeast intersection of 19th Avenue and 57th Street. They are requesting a deferral for becoming part of the annexation process, a ten-year non-interest bearing agreement.

Recommended Motion:

Approve a ten-year deferral for the Brand Farmsteads non-interest bearing.

To: DEberhardt@FargoND.gov

Dear Mr. Eberhart,

I am writing regarding the annexation process of the property adjacent to our farmstead. To streamline the annexation, we have agreed to include our farmstead as well. As a result, the entire northeast corner of 19th Avenue North and 57th Street North would fall within the City's jurisdiction.

As part of the annexation agreement, we kindly request a deferral of any pending special assessments for our property. We believe this would be a fair consideration given the circumstances.

Please feel free to reach out if you have any questions or require additional information from us. Thank you for your attention to this matter.

Sincerely,

**FINANCE COMMITTEE MEETING
MINUTES**

Regular Meeting:

Monday, May 22, 2023

The Regular Meeting of the Finance Committee of the City of Fargo, North Dakota, was held in the Meadowlark Room at City Hall at 10:00 a.m., Monday, May 22, 2023.

The Finance Committee Members present or absent were as follows:

Present: Timothy Mahoney, Dave Piepkorn, Michael Redlinger, Steve Sprague and Tanner Smedshammer.

Absent: None.

Others Present: Melissa Perala, Jan Eliassen, Jordan Beyer, Ben Dow, Kevin Gorder, Brenda Derrig, Dan Eberhardt, Doug Durgin, Nathan Boerboom, Bekki Majerus, Chief Zibolski, AC Stefonowicz, Nancy Morris, Denise Kolpack, Jordan Corneliusen and Jill Pagel.

Approval of Minutes

Mr. Piepkorn moved the minutes of the April 24, 2023 Finance Committee meeting be approved as presented. Second by Mr. Sprague. All Members present voted aye and the motion was declared carried.

Consent Agenda

Sole Source and PBC items Approved:

Two requests were approved to include Tech Sales and Johnson Controls.

Mr. Sprague moved to approve, second by Mr. Redlinger and all members present voted in favor.

Regular Agenda

Budget Adjustment Request Approved:

Ms. Perala summarized two budget adjustment requests. The first request is an adjustment for the nursing staff with the Cass County Jail contract increasing salaries by 10 percent. A budget adjustment of \$38,584.44 reflects current salaries of staff, which will be 100 percent reimbursed by Cass County but needs to be reflected in the Health Department budget numbers.

The second request is for expenses for essential services for the Harm Reduction division. Ms. Eliassen spoke of the growth in the responsibilities of the Downtown Engagement Center. She stated staffing challenges of recruitment and scheduling of

Mr. Piepkorn moved to approve only if the property could be assessed as a nuisance abatement. Second by Mr. Redlinger and all members present voted in favor.

City Participation in Graver Alley overhead power burial Approved:

Mr. Gorder received a request from Kilbourne in March for assistance with the cost of burying the overhead power line on Graver Alley. When the Kesler Building was built, Kilbourne set their building back about 12.5' for clearance of the powerline. After construction started, Xcel notified Kilbourne that the overhead power had to be removed. The Kesler project thus incurred an additional \$209,548 in costs. Kilbourne has asked the City to split this cost.

The City Engineer and Kilbourne sat down and discussed four possible options. Option 4 was agreed to by both parties. The cost share for the City will be \$104,774.36.

Piepkorn moved to approve, second by Redlinger and all members present voted in favor.

Request for Deferment of Special Assessment for the Bruce Brand and Elwood Brand farmsteads Approved:

Mr. Eberhardt gave a background of the annexation plat in process with Eagle Ridge Development on 19th Avenue North and 57th Street North. The plat excludes the Brand Farmsteads. Bruce and Elwood Brand have agreed to be annexed but are requesting a deferral of special assessment as part of the annexation process.

If a deferral is not approved, they will wait for the annexation at this time. Ms. Derrig says it is a benefit for the City to agree to the deferral. Mr. Sprague asked if all of the farmstead, including the trucking area, is part of the request as it is not depicted in the attached picture. Mr. Eberhard confirmed that all the property is included.

Sprague moved to approve, second by Piepkorn and all members present voted in favor.

Request for Deferment of Special Assessment for the North Fargo Land, LLC and ARD Properties, LLC Approved:

Mr. Boerboom spoke on behalf of the Engineering Department in regard to the design for the expansion of the water distribution system along the northern edge of City limits. This project is scheduled to receive bids on June 7, 2023. This schedule is critical to take action on a grant application for a cost share with the North Dakota Water Commission.

One area in this project that the city does not have land rights to is the property owned by North Fargo Land, LLC and ARD Properties, LLC. The City has approved both parties to grant the City an easement for the installation of the water main. The owners

**MEMORANDUM OF UNDERSTANDING
REGARDING EASEMENTS AND RESTORATION OF PARKING SURFACE**

This Memorandum of Understanding ("MOU" or "Agreement") is entered into between the City of Fargo, whose address is 225 4th Street North, Fargo, North Dakota 58102 ("Fargo"), and the Park District of the City of Fargo, whose address is 701 Main Avenue, Fargo, North Dakota 58103 (the "Park District").

WHEREAS, North Dakota Century Code § 40-05.1-6 and Article 3 of Fargo's Home Rule Charter authorizes Fargo to enter into contracts; and

WHEREAS, North Dakota Century Code § 40-49-04 authorizes the Park District to enter into contracts; and

WHEREAS, Fargo is planning to construct a storm sewer lift station and related appurtenances on the north side of 32nd Avenue South near Lemke Park in 2024; and

WHEREAS, Fargo has a need to obtain a temporary construction easement from the Park District to assemble and store construction materials upon a portion of the parking surface and green space located at Lemke Park; and

WHEREAS, Fargo also intends in the future to construct a cul-de-sac on 32nd Avenue South near Lemke Park; and

WHEREAS, Fargo has a need to obtain from the Park District a permanent street and utility easement for a portion of the future intended cul-de-sac; and

WHEREAS, because the parking surface at Lemke Park is near the end of its useful life, upon completion of construction of the storm sewer lift station Fargo is willing to reconstruct the parking surface.

NOW THEREFORE, in consideration of the mutual terms, covenants, conditions, and agreements contained herein, it is hereby agreed by and between the parties as follows:

1. Easements. The Park District hereby agrees to grant unto Fargo a temporary construction easement effective until December 1, 2025, or a later date as mutually agreed by the parties, allowing Fargo to assemble and store construction related materials upon a portion of the parking surface located at 1000 32nd Avenue South, which is known as Lemke Park, during construction of the lift station. The temporary easement area is more particularly described in Exhibit A attached hereto. The Park District also hereby agrees that it will grant unto Fargo a street and utility easement allowing construction and installation of the intended cul-de-sac and underground public utilities. The street and utility easement is more particularly described in Exhibit B attached hereto. The parties acknowledge that construction of the cul-de-sac is anticipated for the year 2026.

2. Restoration of Parking Surface. In exchange for the above-described easements, Fargo hereby agrees to replace the parking surface located at 1000 32nd Avenue South at Lemke

Park. Fargo will replace the entire parking surface as soon as reasonably practicable after completion of construction of the storm sewer lift station but agrees to complete the repaving by not later than December 1, 2025. Fargo agrees the parking surface will be replaced with six (6) inches of asphalt with an eight (8) inch base to its existing surface area and to the same dimensions as the parking surface exists as of the date of this MOU.

3. Construction. Fargo shall be solely responsible for the construction of the storm sewer lift station and related appurtenances. Fargo shall also be responsible for the future construction and maintenance of the cul-de-sac and underlying public utilities.

4. Park District General Maintenance. Park District shall remain responsible for all futures repair and maintenance of its parking surface, including snow and debris removal, after Fargo completes replacement of the parking surface as required by this MOU.

5. Release and Waiver. To the extent allowed by law, Fargo shall hold the Park District and its agents, employees, and designees, harmless as a result of any injury or death and property damage or loss arising as a result of Fargo's use of the Park District parking surface for storage of construction materials, the construction and installation of the storm sewer lift station and related appurtenances, and the intended cul-de-sac.

6. Notice. Any notice or election required or permitted to be given or served by any party to this MOU upon any other will be deemed given or served in accordance with the provisions of this MOU if said notice or election is (a) delivered personally, or (b) mailed by United States certified mail, return receipt requested, postage prepaid, and in any case properly addressed as follows:

PURCHASE OF SERVICE AGREEMENT

WHEREAS, the Cass Human Service Zone (CHSZ) 1010 2nd Ave. S, Fargo, ND 58103 has determined the services referred to in the paragraph entitled "Scope of Service" should be purchased: and

WHEREAS Fargo Cass Public Health
1240 25th Street South
Fargo, ND 58103

(Provider), proposes to provide those services.

NOW, THEREFORE, the CHSZ and Provider enter into the following:

AGREEMENT

I. TERM OF THE AGREEMENT:

The term of this agreement shall be from January 1, 2024, through December 31, 2024.

II. SCOPE OF SERVICE:

The Provider agrees to render in-home services to eligible individuals (Recipients) in Cass County, North Dakota. The Provider understands and agrees that eligibility will be determined solely by CHSZ. The Provider agrees that the specific services to be provided Recipients, the definitions of those services, and related manual chapters are those set forth in Addendum B. In rendering services, the Provider agrees to abide by the provisions of the North Dakota Department of Human Services Manual Chapter Policies and Procedures.

The Provider understands and agrees that the CHSZ will inform the Provider of the name of the Recipients of services under the terms of this Agreement. The Provider further agrees to designate an individual to negotiate with a similarly designated individual from the CHSZ for the specific services to be provided Recipients, the number of units of service to be provided Recipients, and the compensation for Recipients as set forth in paragraph III herein.

III. COMPENSATION:

- A. Compensation under the terms of this agreement shall not exceed the maximum amount allowed for the service provided under the terms of this contract. The maximum amount allowed for the service is set forth in Addendum B.
- B. The Provider understands and agrees that:
 - 1. Travel time will not be billed nor paid.
 - 2. The contracted rates are the maximum allowable and will cover all costs to provide a unit of service, as defined by this contract. CHSZ makes no guarantee of the number of hours that will be referred for service.
 - 3. No release time or cancel time will be billed.
 - 4. Supervisory time, charting time, training, client reassessment, and all other activities relating to program management are built into the rate.

5. The Provider shall submit a complete billing for a service period to the CHSZ within five (5) working days following the close of each service period. Such billing must be submitted with the required information stated in "D" below.
 6. Payment will not be made for unauthorized services rendered by the Provider, nor for claimed services which CHSZ determines by contract monitoring, have not been provided as authorized or have been provided in excess of authorizations.
 7. No supplemental billings will be accepted by the CHSZ without prior notification to CHSZ of the need and justification for such a billing and authorization by the CHSZ to submit. Payment for authorized supplemental billing will be made as part of the next regular claim cycle.
 8. CHSZ will make payments within statutory requirements.
- C. The Provider understands and agrees that Recipients will be screened by the Cass Human Service Zone to determine eligibility. Both parties understand that units of service expended will be at the unit rate of \$6.93/unit for homemaker services and \$7.70/unit for personal care for the period of January 1, 2024, through December 31, 2024.
- D. The CHSZ agrees to reimburse the Provider at the negotiated rates per Form #1699 upon the Provider's billing to the CHSZ. The billing must include the Recipient's name, units of service per Recipient, per date, and compensation being claimed. With each billing, the Provider must attest to the following statement:
- "I certify that the above information is true and correct. I understand that payment of this claim is payment in full. I further understand that any false claims made will constitute a violation that may result in prosecution."
- E. The Provider agrees to accept the rate of payment as payment in full and shall not make demands on individual Recipients of service, their family or guardian, for any additional compensation for these same services.

IV. PROVIDER'S UNDERSTANDING OF TERM OF FUNDING:

The Provider understands that this agreement is a one-time agreement and acknowledges that it has been furnished no assurances that this agreement may be extended for periods beyond its termination date.

V. PROVIDER ASSURANCES:

The Provider agrees to comply with the applicable assurances set forth in Addendum A attached hereto.

VI. CHANGES:

If either party wishes to change this agreement, such change shall be effective only when mutually agreed to and incorporated by written amendment to the agreement.

VII. AUTHORITY TO CONTRACT:

The Provider shall not have the authority to contract for or on behalf of or incur obligations on behalf of the CHSZ. However, the Provider may sub-contract with qualified providers of services, provided that any such subcontract must acknowledge the binding nature of this agreement, and

incorporate this agreement, together with its attachments. The Provider agrees to be solely responsible for the performance of any subcontractor.

VIII. TERMINATION:

This contract may be terminated by mutual consent of both parties, or by either party upon 30 day's notice, in writing, and delivered by certified mail or in person.

The CHSZ may terminate this contract effective upon delivery of written notice to the Provider, or at such later date as may be established by the CHSZ, under any of the following conditions:

- A. If CHSZ funding from federal, state, or other sources is not obtained and continued at levels sufficient to allow for purchase of the indicated quantity of services, the contract may be modified to accommodate a reduction in funds.
- B. If federal or state regulations or guidelines are modified, changed, or interpreted in such a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.
- C. If any license or certificate required by law or regulations to be held by the Provider to provide the services required by this contract is for any reason denied, revoked, or not renewed.
- D. If the Qualified Service Provider (QSP) rate is increased by the State in July, discussions will occur which may result in modifications to accommodate for a potential increased rate.

Any such termination of this contract shall be without prejudice to any obligations or liabilities of either party already accrued prior to such termination.

The CHSZ by written notice of default, including breach of contract, to the Provider may terminate the whole or any part of this agreement:

- A. If the Provider fails to provide services provided under the terms of this contract within the time specified herein or any extension thereof; or
- B. If the Provider fails to perform any of the other provisions of this contract, or so fails to pursue the work as to endanger performance of this contract in accordance with its terms, and after receipt of written notice from the CHSZ, fails to correct such failures within 10 days or such longer period as the CHSZ may authorize. The rights and remedies of the CHSZ provided in the above clause related to defaults, including breach of contract, by the Provider shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

IX. ACCESS TO RECORDS:

The CHSZ, ND Department of Human Services, Office of Attorney General of the State of North Dakota, the Federal Government, the Cass County States Attorney's Office and others at its direction, and their duly authorized representatives, shall have access to the books, documents, paper and records of the Provider which are pertinent, as reasonably determined by the CHSZ, to this contract for the purpose of making audit, examination, excerpts, and transcripts.

X. RETENTION OF RECORDS:

The Provider agrees to retain financial program records for a minimum period of three (3) years from the submission date of the State Medicaid Agency's HCFA-372 report. For the purpose of this agreement the submission date is December 31 of each year.

XI. CONFIDENTIALITY:

The parties further intend that they be represented by the same attorney whenever reasonably possible and ethically permitted. If a claim against is resolved by one party but continues

against the other party, each party will pay for half the combined attorney's fees and legal defense costs incurred on or before the date, or the amount of such fees and costs covered by the CHSZ's liability coverage or self-retention fund, whichever is less. After that date, the remaining party will be responsible for its own attorney's fees and legal defense costs. The CHSZ shall provide such reimbursement in accordance with the Special Assistant Attorney General Billing policy within thirty (30) days after the total amount of reimbursement can be determined.

Such legal defense is not required if Cass County and the CHSZ refuse to waive a potential conflict of interest that can be waived under the North Dakota Rules of Professional conduct. Said endorsement shall also provide that any attorney representing Cass County and the CHSZ, its officers, employees or agents under this clause must first qualify and be appointed by the North Dakota Attorney General as a Special Assistant Attorney General as required under NDCC. Section 54-12-08 and agree to follow the Special Assistant Attorney General Billing Policy.

XX. SEVERABILITY:

The parties agree that if any term of provision of this contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular term or provision held to be invalid.

XXI. WAIVER:

The failure by either party to enforce any provisions of this contract shall not constitute a waiver by the party of that or any other provision.

XXII. MERGER CLAUSE:

This agreement constitutes the entire agreement between the parties. No waiver, consent, modification or change of terms of this agreement shall bind either party unless in writing and signed by both parties. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this agreement. The

The provider is an independent contractor.

Memorandum

DATE: January 22, 2024
TO: Mayor Mahoney and Board of City Commissioners
FROM: Shawn Ouradnik, Inspections Director
SUBJECT: Amendment to the International Property Maintenance Code

Background:

The Inspections Department has had difficulty enforcing section 303 of the International Property Maintenance Code, relating to fencing requirements for swimming pools, spas, and hot tubs. The proposed amendments would clarify what enclosures are acceptable, where to place them, and how to ensure proper stabilization of the enclosure. These amendments are taken directly from certain sections of the 2021 International Swimming Pool and Spa Code, which have not been previously adopted by the city. At its January 4, 2024 meeting, the Board of Appeals reviewed and approved the amendments.

The recommendation is to **direct the city attorney to amend Section 31-0102 of the Fargo Municipal Code relating to the International Property Maintenance Code to adopt and clarify certain standards for pool enclosures.**

303.3 Enclosure Requirements

303.2.1 Fence or Barrier height and clearances. Barrier heights and clearances shall be in accordance with all the following:

1. The top of the barrier shall be not less than 48 inches above grade where measured on the side of the barrier that faces away from the pool or spa. Such height shall exist around the entire perimeter of the barrier and for a distance of 4 feet measured horizontally from the outside of the pool or spa to the inside of the required barrier.
2. The vertical clearance between grade and the bottom of the barrier shall not exceed 2 inches (51 mm) for grade surfaces that are not solid, such as grass or gravel, where measured on the side of the barrier that faces away from the pool or spa.
3. The vertical clearance between a surface below the barrier to a solid surface, such as concrete, and the bottom of the required barrier shall not exceed 4 inches (102 mm) where measured on the side of the required barrier that faces away from the pool or spa.
4. Where the top of the pool or spa structure is above grade, the barrier shall be installed on grade or shall be mounted on top of the pool or spa structure. Where the barrier is mounted on the top of the pool or spa, the vertical clearance between the top of the pool or spa and the bottom of the barrier shall not exceed 4 inches (102 mm).

303.2.2 Openings. Openings in the barrier shall not allow passage of a 4-inch-diameter (102 mm) sphere.

303.2.3 Solid barrier surfaces. Solid barriers that do not have openings shall not contain indentations or protrusions that form handholds and footholds, except for normal construction tolerances and tooled masonry joints.

303.2.4 Mesh fence as a barrier. Mesh fences, other than chain link fences in accordance with Section 303.2.7, shall be installed in accordance with the manufacturer's instructions and shall comply with the following:

1. The bottom of the mesh fence shall be not more than 1 inch (25 mm) above the deck or installed surface or grade.
2. The maximum vertical clearance from the bottom of the mesh fence and the solid surface shall not permit the fence to be lifted more than 4 inches (102 mm) from grade or decking.
3. The fence shall be designed and constructed so that it does not allow passage of a 4-inch (102mm) sphere under any mesh panel. The maximum vertical clearance from the bottom of the mesh fence and the solid surface shall not be more than 4 inches (102 mm) from grade or decking.

4. An attachment device shall attach each barrier section at a height not lower than 45 inches (1143 mm) above grade. Common attachment devices include, but are not limited to, devices that provide the security equal to or greater than that of a hook-and-eye-type latch incorporating a spring-actuated retaining lever such as a safety gate hook.
5. Where a hinged gate is used with a mesh fence, the gate shall comply with Section 303.3.
6. Patio deck sleeves such as vertical post receptacles that are placed inside the patio surface shall be of a nonconductive material.
7. Mesh fences shall not be installed on top of on-ground *residential* pools.

303.2.4.1 Setback for mesh fences. The inside of a mesh fence shall be not closer than 48 inches (1219 mm) to the nearest edge of the water of a pool or spa.

303.2.5 Closely spaced horizontal members. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is less than 45 inches (1143 mm), the horizontal members shall be located on the pool or spa side of the fence. Spacing between vertical members shall not exceed $1\frac{3}{4}$ inches (44 mm) in width. Where there are decorative cutouts within vertical members, spacing within the cutouts shall not exceed $1\frac{3}{4}$ inches (44 mm) in width.

303.2.6 Widely spaced horizontal members. Where the barrier is composed of horizontal and vertical members and the distance between the tops of the horizontal members is 45 inches (1143 mm) or more, spacing between vertical members shall not exceed 4 inches (102 mm). Where there are decorative cutouts within vertical members, the interior width of the cutouts shall not exceed $1\frac{3}{4}$ inches (44 mm).

303.2.7 Chain link dimensions. The maximum opening formed by a chain link fence shall be not more than 2 inches (50.8 mm). Where the fence is provided with slats fastened at the top and bottom which reduce the openings, such openings shall be not more than 2 inches (50.8 mm).

303.2.8 Diagonal members. Where the barrier is composed of diagonal members, the maximum opening formed by the diagonal members shall be not more than $1\frac{3}{4}$ inches (44 mm). The angle of diagonal members shall be not greater than 45 degrees (0.79 rad) from vertical.

303.2.9 Clear zone. Where equipment, including pool equipment such as pumps, filters and heaters, is on the same lot as a pool or spa and such equipment is located outside of the barrier protecting the pool or spa, such equipment shall be located not less than 36 inches (914mm) from the outside of the barrier.

303.3 Doors and gates. Doors and gates in barriers shall comply with the requirements of Sections 303.3.1 through 303.3.2 and shall be equipped to accommodate a locking device. Pedestrian access doors and gates shall open outward away from the pool or spa, shall be self-closing and shall have a self-latching device from a distance of 6 inches.

303.3.1 Double or multiple doors and gates. Double doors and gates or multiple doors and gates shall have not fewer than one leaf secured in place and the adjacent leaf shall be secured with a self-latching device.

303.3.2 Latch release. For doors and gates in barriers, the door and gate latch release mechanisms shall be in accordance with the following:

1. Where door and gate latch release mechanisms are accessed from the outside of the barrier and are not of the self-locking type, such mechanism shall be located above the finished floor or ground surface at residential pools and spas, not less 54 inches (1372 mm).
2. Where door and gate latch release mechanisms are of the self-locking type such as where the lock is operated by means of a key, an electronic opener or the entry of a combination into an integral combination lock, the lock operation control and the latch release mechanism shall be located above the finished floor or ground surface at residential pools and spas, at not greater than 54 inches (1372 mm).
3. Where the only latch release mechanism of a self-latching device for a gate is located on the pool and spa side of the barrier, the release mechanism shall be located at a point that is at least 3 inches (76 mm) below the top of the gate.

303.3.3 Barriers adjacent to latch release mechanisms. Where a latch release mechanism is located on the inside of a barrier, openings in the door, gate and barrier within 18 inches (457 mm) of the latch shall not be greater than 1/2 inch (12.7 mm) in any dimension.

303.4 Structure wall as a barrier. Where a wall of a dwelling or structure serves as part of the barrier and where windows having a sill height of less than 48 inches (1219 mm) above the indoor finished floor, doors and gates shall have an alarm that produces an audible warning when the window, door or their screens are opened. The alarm shall be *listed* and *labeled* as a water hazard entrance alarm in accordance with UL 2017.

Exception: An *approved* means of protection, such as self-closing doors with self-latching devices, is provided. Such means of protection shall provide a degree of protection that is not less than the protection afforded by an alarm that produces an audible warning when the window, door or their screens are opened.

303.5 On-ground residential pool structure as a barrier. An on-ground *residential* pool wall structure or a barrier mounted on top of an on-ground *residential* pool wall structure shall serve as a barrier where all the following conditions are present:

1. Where only the pool wall serves as the barrier, the bottom of the wall is on grade, the top of the wall is not less than 48 inches (1219 mm) above grade for the entire perimeter of the pool, the wall complies with the requirements of Section 303.2 and the pool manufacturer allows the wall to serve as a barrier.
2. Where a barrier is mounted on top of the pool wall, the top of the barrier is not less than 48 inches (1219 mm) above grade for the entire perimeter of the pool, and the wall and the barrier on top of the wall comply with the requirements of Section 303.2.
3. Ladders or steps used as means of access to the pool are capable of being secured, locked or removed to prevent access except where the ladder or steps are surrounded by a barrier that meets the requirements of Section 303.
4. Openings created by the securing, locking or removal of ladders and steps do not allow the passage of a 4-inch (102 mm) diameter sphere.
5. Barriers that are mounted on top of on-ground *residential* pool walls are installed in accordance with the pool manufacturer's instructions.

303.6 Natural barriers. In the case where the pool or spa area abuts the edge of a lake or other natural body of water, public access is not permitted or allowed along the shoreline, and required barriers extend to and beyond the water's edge not less than 18 inches (457 mm), a barrier is not required between the natural body of water shoreline and the pool or spa.

303.7 Natural topography. Natural topography that prevents direct access to the pool or spa area shall include but not be limited to mountains and natural rock formations. A natural barrier *approved* by the governing body shall be acceptable provided that the degree of protection is not less than the protection afforded by the requirements of Sections 303.2 through 303.5.

Minor Subdivision

The LDC stipulates that the following criteria is met before a minor plat can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.**

This subdivision is intended to replat the existing lot into 2 new lots. The current zoning is LC, Limited Commercial. No zone change is proposed. The subject property is located within the 2007 Tier 1 Southwest Land Use Plan which designates the land use as "Commercial". In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, staff has received two inquiries about the application inquiring about the proposed uses for the lots. Staff has reviewed this request and finds that this application complies with standards of Article 20-06 and all applicable requirements of the Land Development Code.

(Criteria Satisfied)

(Continued on next page.)

2. Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.

While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles.

(Criteria Satisfied)

Staff Recommendation:

Suggested Motion: "To accept the findings and recommendations of the Planning Commission and staff and move to approve the proposed subdivision plat, **The Pines at the District Fifth Addition** as outlined within the staff report, as the proposal complies with the adopted 2007 Tier 1 Southwest Land Use Plan, the standards of Article 20-06, Section 20-0907.B. and C and all other applicable requirements of the Land Development Code."

<i>(Continued on next page.)</i>

<p>Area Plans:</p> <p>The subject property is located within the 2007 Tier 1 Northwest Future Land Use Plan. The plan designated the subject property as "Commercial", however, in 2012 when the subject property underwent a zone change from GI, General Industrial and GC, General Commercial, it was felt that it made sense to shift the retail and service industry further north to the main intersection and to keep the industrial land uses with access to the rail road. The current Zoning is LI, Limited Industrial. No zone change is proposed.</p>

<p>Staff Analysis:</p> <p>This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.</p> <p><u>Minor Subdivision</u></p> <p>The plat proposes a 3 lot minor subdivision, entitled Northern Sheyenne Land Fourth Addition. The current zoning is LI, Limited Industrial. No zone change is proposed. Negative access easements that were left over from the previous plat, located along both sides of Sheyenne Loop roadway, are to be vacated with this plat. There are no additional findings for negative access easements.</p> <p><u>Access</u></p> <p>Access for the subject property will only be taken off of Sheyenne Loop North.</p> <p>Minor Subdivision</p> <p>The LDC stipulates that the following criteria is met before a minor plat can be approved:</p> <ol style="list-style-type: none"> Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted 	

Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.

This subdivision is intended to replat the existing two lots into three new lots. The current zoning is LI, Limited Industrial. No zone change is proposed. The subject property is located within the 2007 Tier 1 NW Future Land Use Plan. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, Planning staff has received no inquiries on the subject property. Staff has reviewed this request and finds that this application complies with standards of Article 20-06 and all applicable requirements of the Land Development Code.
(Criteria Satisfied)

2. Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.

While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles.
(Criteria Satisfied)

Staff Recommendation:

Suggested Motion: To accept the findings and recommendations of the Planning Commission and staff and move to approve the proposed subdivision plat, **Northern Sheyenne Land Fourth Addition** as outlined within the staff report, as the proposal complies with standards of Section 20-0907.B & C, standards of Article 20-06, and all other applicable requirements of the Land Development Code

Planning Commission Recommendation: October 3, 2023

At the October 3, 2023 Planning Commission hearing, by a vote of 7-0 with two Commissioners absent and two Commission seats vacant, the Commission moved to accept the findings and recommendations of staff and moved to recommend approval to the City Commission of the proposed subdivision plat, **Northern Sheyenne Land Fourth Addition** as outlined within the staff report, as the proposal complies with standards of Section 20-0907.B & C, standards of Article 20-06, and all other applicable requirements of the Land Development Code.

RE: 2024 Law Enforcement Resiliency Grant Award and Budget Adjustment
Grant# RS25004
Account #101-5054-411-59-50
Project Code PD91

We would like to express our sincere appreciation to the City Commission for its ongoing support of our efforts to ensure the highest level of service and safety for the residents of the City of Fargo. The 2024 Law Enforcement Resiliency Grant funds, issued by the North Dakota Office of the Attorney General in the amount of \$21,960.00, will be utilized exclusively for training programs and travel-related expenses that directly contribute to the professional growth and skill enhancement of our officers.

One of the noteworthy aspects of this grant is that it comes with no matching requirement from the city. This ensures that the entire grant amount can be dedicated solely to the intended purposes without placing any additional financial burden on the city's budget. We believe that this grant will significantly contribute to the effectiveness and efficiency of the Fargo Police Department.

The training and conference attendance covered by the grant will focus on the latest advancements in law enforcement techniques, wellness strategies, and programming. Additionally, the grant will support travel expenses associated with attendance at relevant conferences and workshops, allowing our officers to stay informed about best practices and industry standards to bring back to our region.

We are confident that these investments in training and development will contribute to the overall safety and well-being of our community and the Officers that serve.

Recommended Motion:

Accept the 2024 Law Enforcement Resiliency Grant issued by the Office of Attorney General in the amount of \$21,960.

Increase Revenue Account 101-0000-334-10-92 (State Operating Grants/Police Department) by \$21,960.

Reimbursements must be done either monthly or quarterly and followed through the same schedule the entire grant period. Tracking will be done to note late reimbursements. CERTIFIED CONDITIONS
Project Safe Neighborhoods (PSN) Grant Program
OFFICE OF ATTORNEY GENERAL
12/2023

I. INTRODUCTION

Subrecipient

Subrecipients are state agencies, units of local government (such as a city or county), other general-purpose political subdivisions of a state, or Indian tribes.

Implementing Agency

The Implementing Agency has direct responsibility for carrying out the activities of the grant (such as a police department or sheriff's office).

Authorized Official

The authorized official must have the legal authority to commit the Subrecipient to a contract or other agreement. Examples are the mayor, city auditor, county auditor, director of the state agency, or tribal chairperson. Overall responsibility for the administration of the project rests with this individual.

Project Director

The project director has direct responsibility for implementation of the project activities and spending within the awarded budget. This person will prepare and submit all progress reports as required by the Office of Attorney General (OAG).

Fiscal Officer

The fiscal officer prepares and submits all financial reports as required by the OAG and has responsibility for the financial administration of the project.

II. GENERAL TERMS AND CONDITIONS

General terms and conditions are available online at
https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf

1. The conditions of this award are material requirements of the award. Compliance with any certifications or assurances submitted by or on behalf of the Subrecipient that relate to conduct during the period of performance also is a material requirement of this award.

Failure to comply with any one or more of these award requirements – whether a condition set out in full below, a condition incorporated by reference below, or a certification or assurance related to

conduct during the award period – may result in the Office of Justice Programs (OJP) taking appropriate action with respect to the Subrecipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award.

The Department of Justice (DOJ), including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 42 U.S.C. 3795a), and may lead to imposition of civil penalties and administrative remedies for false claims of otherwise (including under 31 U.S.C 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or unenforceable, such provision shall be deemed severable from this award.

2. This award is subject to the federal Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR Part 200. For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards, see the OJP website <http://ojp.gov/funding/Part200UniformRequirements.htm>.
3. The Subrecipient agrees to comply with the DOJ Grants Financial Guide posted on the OJP website (currently the “2022 DOJ Grants Financial Guide” available at <https://ojp.gov/financialguide/DOJ/index.htm>), including any updated version that may be posed during the period of performance.
4. Subrecipients must comply with the federal Government-wide Suspension and Debarment provisions set forth at 2 CFR Part 180.
5. If a project has commenced operation within 60 days of the beginning project date, the project director will report in writing, the steps taken to initiate the project, the reasons for the delay and the expected starting date. Failure to submit this report when required may result in cancellation of the grant.

If a project has not begun operations within 90 days of the beginning of the project date, the project director must submit a second written report updating the information supplied in the first report. If this report is not received, or if the OAG determines that the delay is not desirable, the project will be canceled.

6. General appropriations-law restrictions compliance on the use of federal funds is required. The Subrecipient at any tier must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions, including from various “general provisions” in the Consolidated Appropriations Act, 2021, are set out at <https://ojp.gov/funding/Explore/FY21AppropriationsRestrictions.htm> and are incorporated by reference here.

7. Subrecipients must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that – for purposes of federal grants administrative requirements – OJP considers a “subaward” (and therefore does not consider a procurement “contract”).

The details of the requirement for authorization of any subaward are posted on the OJP website at <https://ojp.gov/funding/Explore/SubawardAuthorization.htm> (Award condition: All subawards must have specific federal authorization), and are incorporated by reference here.

8. In regards to employment eligibility verification for hiring under the award, the Subrecipient must:
 1. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the Subrecipient properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C 1324a(a)(1).
 2. Notify all persons associated with the Subrecipient who are or will be involved in activities under this award of both:
 - a. this award requirement for verification of employment eligibility, and
 - b. the associated provisions in 8 U.S.C 1324a(a)(1) that, generally speaking make it unlawful in the United States, to hire (or recruit for employment) certain aliens.
 3. Provide training (to the extent necessary) to those persons required by this condition to be notified of the award requirement for employment eligibility and of the associated provisions of 8 U.S.C 1324a(a)(1).
 4. As part of the recordkeeping for the award (including pursuant to the Part 200 Uniform Requirements), maintain records of all employment eligibility verifications pertinent to compliance with this award condition in accordance with Form I-9 record retention requirements, as well as records of all pertinent notifications and trainings.

Allowable Costs: To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary and allocable costs (if any) of actions designed to ensure compliance with this condition.

Rules of Construction:

1. Staff involved in the hiring process: For purposes of this condition, persons “who are or will be involved in activities under this award” specifically includes (without limitation) any and all subrecipient officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.
2. Employment eligibility confirmation with E-Verify: For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the subrecipient may choose to participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the subrecipient uses E-Verify (and follows the proper E-Verify procedures, including in the event of a “Tentative Nonconfirmation” or a “Final Nonconfirmation”) to confirm employment

eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

3. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands.

4. Nothing in this condition shall be understood to authorize or require any subrecipient or any person or other entity, to violate any federal law, including any applicable civil rights or nondiscrimination law.

5. Nothing in this condition, including paragraph 2 under Rules of Construction, shall be understood to relieve any subrecipient or any person or other entity of any obligations imposed by law, including 8 U.S.C. 1324a(a)(1).

9. Subrecipients must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "personally identifiable information (PII)" (2 C.F.R 200.79) within the scope of an OJP grant-funded program or activity, or 2) uses or operates a "Federal information system" (OMB Circular A-130). The subrecipients breach procedures must include a requirement to report actual or imminent breach of PII to the OAG no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

10. Determination of suitability to interact with participating minors.

SCOPE: This condition applies to this award if it is indicated in the application for the award for any subaward, that a purpose of some or all of the activities to be carried out under the award by the subrecipient is to benefit a set of individuals under 18 years of age.

The subrecipient must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP website at <https://ojp.gov/funding/Explore/Interact-Minors.htm> (Award Condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

11. Subrecipients must comply with all applicable requirements (requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of subrecipients or individuals defined (for purposes of this condition) as "employees" of the subrecipient.

The details of the subrecipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

12. Subrecipients must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the

use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "2017 DOJ Grants Financial Guide").

13. The Subrecipient must collect and maintain data that measure the performance and effectiveness of work under this award. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws.
14. Any training or training materials that the Subrecipient develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at <https://ojp.gov/funding/ojptrainingguidingprinciples.htm>
15. The Subrecipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards
16. The Subrecipient must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The Subrecipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.
17. Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages subrecipients to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.
18. The Subrecipient agrees to cooperate with OJP monitoring of this award pursuant to OJP's guidelines, protocols, and procedures, and to cooperate with OJP (including the grant manager for this award and the Office of Chief Financial Officer (OCFO)) requests related to such monitoring, including requests related to desk reviews and/or site visits. The subrecipient agrees to provide to OJP all documentation necessary for OJP to complete its monitoring tasks. Further, the subrecipient agrees to abide by reasonable deadlines set by OJP for providing the requested documents. Failure to cooperate with OJP's monitoring activities may result in actions that affect the subrecipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the subrecipient's access to award funds; referral to the DOJ OIG for audit review; designation of the subrecipient as a DOJ High Risk grantee; or termination of an award(s).

19. Subrecipients must comply with all confidentiality requirements of 34 U.S.C 10231 and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. The subrecipient further agrees, as a condition of award approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, 28 C.F.R. 22.23.

20. Compliance with National Environmental Policy Act and related statutes.

Upon request, the subrecipient must assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these award funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes.

The subrecipient understands that this condition applies to new activities as set out below, whether or not they are being specifically funded with these award funds. That is, as long as the activity is being conducted by the subrecipient or any third party, and the activity needs to be undertaken in order to use these award funds, this condition must first be met. The activities covered by this condition are:

- a. New construction;
- b. Minor renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
- c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
- d. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The Subrecipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. The subrecipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed at <https://bja.gov/Funding/nepa.html> for programs relating to methamphetamine laboratory operations.

21. The Subrecipient agrees to submit a signed certification that all law enforcement agencies receiving body armor purchased with funds from this award have a written "mandatory wear" policy in effect. This policy must be in place for at least all uniformed officers before any funds from this award may be used by an agency for body armor. There are no requirements regarding the nature of the policy other than it be a mandatory wear policy for all uniformed officers while on duty.

22. The subrecipient will not make any subawards to State, local, college, or university law enforcement agencies unless such agencies have been certified by an approved independent credentialing body or have started the certification process. To become certified, law enforcement agencies must meet two mandatory conditions: (1) the agency's use of force policies adhere to all applicable federal, state, and local laws; and (2) the agency's use of force policies prohibit chokeholds except in situations where use of deadly

force is allowed by law. For detailed information on this certification requirement, see <https://cops.usdoj.gov/SafePolicingEO>.

23. The subrecipient agrees to comply with NIJ standards regarding body armor. Ballistic-resistant and stab-resistant body armor purchased with award funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the body armor has been tested and found to comply with applicable National Institute of Justice ballistic or stab standards, and is listed on the NIJ Compliant Body Armor Model List. In addition, ballistic-resistant and stab-resistant body armor purchased must be made in the United States and must be uniquely fitted, as set forth in 34 U.S.C.10202(c)(1)(A). The latest NIJ standard information and the NIJ Compliant Body Armor List may be found by following the link located on the NIJ Body Armor page: <https://nij.ojp.gov/topics/equipment-and-technology/body-armor>

III. COOPERATION

The Subrecipient and implementing agency agree to work with local, state, and federal criminal justice agencies in the performance of the project.

IV. THIRD-PARTY PARTICIPATION

No contract or agreement may be entered into by the Subrecipient and implementing agency for execution of project activities or provision of services for a grant project, unless the contract or agreement was part of the original grant award or is approved in advance by the OAG (exception: purchase of supplies, or standard commercial or maintenance services). Any contract or agreement entered into shall provide that the Subrecipient and implementing agency retain ultimate control and responsibility for the grant project and that the contractor shall be bound by these conditions and any other requirements applicable to the Subrecipient and implementing agency in the conduct of the project.

V. WRITTEN APPROVAL REQUIRED FOR CHANGES

The Subrecipient and implementing agency must obtain prior written authorization from the OAG for major project changes including:

- A. Changes of substance in project activities, designs, or research plans as set forth in the approved application;
- B. Changes in the project director or key professional personnel identified in the approved application;
- C. Changes in the approved project budget as specified under financial conditions;
- D. Grant extensions

A grant extension must be requested in writing before the project period end date. The written request for an extension must state the need for the extension and indicate the additional time frame required to complete the project. In order to receive approval for an extension, financial and progress reports must be completed and submitted to the OAG.

VI. PROGRESS REPORTS

Purpose

Congress appropriates funds for the Project Safe Neighborhoods (PSN) Grant Program to create safer neighborhoods through a sustained reduction in violent crime. The value of each project is not only what it does for the community, but what it tells the PSN Task Force, the Drug and Violent Crime Policy Board, the Attorney General, the North Dakota Legislature, the U.S. Attorney's Office, the U.S. DOJ, and Congress about violent crime within the identified target area.

Accordingly, subrecipients must submit Progress Reports to the OAG. Progress reports have the following purposes:

- A. To determine if the Subrecipient operated the project as agreed;
- B. To determine the outcome of the project;
- C. To develop data for criminal justice planning and the North Dakota PSN Strategy;
- D. To help other agencies which might undertake a similar project;
- E. To present information to Congress and the North Dakota Legislature.

Progress Report Requirements

Performance Measurement Tool (PMT) online reporting is required.

The Subrecipient must submit quarterly performance metrics reports through BJA's PMT website (<https://ojpsso.ojp.gov/>). The reporting requirements are due quarterly on the 20th of the month following the end of the quarter.

Additionally, the BJA may require specific project data.

Due Dates

Subrecipients must submit PMT reports quarterly, and depending on your agency/program, semi-annual progress reports may be required. **Reports are to be based on that period's activities.**

Failure to Submit the Progress Report

The OAG will not reimburse any expenditure if any federal progress report is outstanding. Failure to submit the progress reports may also result in the suspension of processing new or continuation projects.

VII. FINANCIAL MANAGEMENT

Accounting Requirements and Procedures

The Subrecipient and implementing agency agree to establish financial accounting procedures to assure

proper disbursement and accounting for all federal funds and required non-federal matching funds. All conditions which apply to federal grant funds apply to match funds. These procedures should include timely recording and documentation of receipts and expenditures. At a minimum, your accounting system must:

- A. Separately account for the receipt of federal funds and matching funds under each grant awarded.
- B. Separately account for expenditures under each subgrant, even though it may be a project that is receiving continuation funding. Total costs and receipts must be identifiable under each grant award.

Non-Supplanting

The subrecipient and implementing agency agree that federal funds made available through the PSN program must be used to supplement existing funds for program activities and cannot replace, or supplant, state, local, or other non-federal funds that have been appropriated for the same purpose.

Pre-Agreement Costs

The OAG reimburses only for goods or services purchased during the grant period. Expenditures or costs incurred prior to the "beginning date" listed on the federal Grant Award and Acceptance will not be allowed. Project funds cannot be spent or committed until January 1, 2024.

Budget Deviation

All expenditures of the project must be in accordance with the detailed federal Budget Summary of the Grant Award and Acceptance. The OAG will not reimburse expenses which are not in the approved budget. Requests to purchase items that are not in accordance with the detailed Budget Summary must be made in writing, in advance, to the OAG and will be considered on a case-by-case basis.

Unexpended Funds

Unexpended funds for the specific purposes or conditions of the grant during the awarded calendar year period must be returned to the OAG. These funds will be made available for award during the next grant award process.

Reimbursement/Allowable Expenses

The OAG reimburses actual expenses on a quarterly basis unless otherwise agreed upon by the OAG and the subrecipient. The Summary Financial Report (SFR) must be used to report all grant expenditures and a template will be provided to you. The report is required quarterly and must be submitted to the OAG within 30 days following the end of the reporting period.

The SFR must show all project expenditures during the period of the report. Expenditures should be reported as actual amounts and must be accompanied by complete documentation as indicated below.

A. Personnel Expenditures

Includes: Salary, overtime, and benefits

Documentation required: Hourly rates, copies of check stubs or payroll ledgers, itemization of withholding amounts and benefits paid, and supporting calculations of wages paid (timesheets may be reviewed during audits).

B. Operating Expenditures

Documentation required: Invoices, vouchers, receipts, purchase orders, bids and/or sole source documentation, or other supporting documentation.

C. Equipment

Documentation required: Invoices, vouchers, receipts, purchase orders, bids and/or sole source documentation if necessary, or other supporting documentation.

D. Travel

Includes: Meals, lodging, mileage, and commercial transportation for travel approved in the subrecipient's application

Documentation required: Invoices, vouchers, receipts. Sufficient detail must be submitted to support the claim including destination, purpose of travel, dates, and authorization

Mileage, meals and lodging: Will be reimbursed at the local or state rate - whichever is lower; or for out-of-state travel, General Services Administration (GSA) rates will prevail. Current state rates are as follows:

To receive reimbursement for meals you must document departure and arrival times, and you must travel a minimum of four (4) hours, which cover the following time frames:

<u>Meals</u>	<u>State Rate</u>
Breakfast (leave on or before 7:00 a.m.)	\$ 9.00
Lunch (11:00 a.m. - 1:00 p.m.)	\$13.50
Dinner (5:00 p.m. - 7:00 p.m.)	\$22.50

E. Contracts, Leases, and Agreements

Consultant and contractual services, leases, and agreements must be supported by written contracts stating the services to be provided, rate of compensation, and length of time over which the services will be provided. Payments must be supported by invoices providing details on the services provided and when these services were provided. Subrecipients must submit a copy of approved contracts, leases, or agreements before reimbursement will be made.

Unallowable Expenses

The subrecipient understands and agrees that award funds may not be used for items that are listed on the Federal Prohibited Expenditure List at the time of purchase or acquisition, including as the list may be amended from time to time.

Federal funds may not be expended for the following items:

Audit Requirements

Subrecipients receiving a total of \$750,000 or more in federal funds: The subrecipient agrees to have an audit which shall be in compliance with the audit requirements of the federal Office of Management and Budget (OMB) 2 C.F.R Part 200.514, "Audits of State and Local Governments, Institutions of Higher Education, Hospitals, and Other Nonprofit Institutions", if \$750,000 or more in total federal financial assistance is received. The audit must cover the period of the award.

The subrecipient understands and agrees that the DOJ awarding agency (OJP) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

Units of local government and non-profit organizations must provide a copy of report of the audit to the OAG.

State agencies must give the OAG a copy of that part of the report of an audit conducted by the State Auditor's Office, which pertains to project funds at the time the agency received funds.

Subrecipients receiving a total of less than \$750,000 in federal funds: The subrecipient agrees to meet the following criteria:

- A. Establish an accounting system integrated with adequate internal fiscal and management controls to provide full accountability for revenues, expenditures, assets, and liabilities;
- B. Prepare financial reports to support claims charged toward the grant award. Reports should be supported by accurate and reliable financial data and should be in accordance with the terms of the applicable agreements; and
- C. Expend project funds in accordance with the federal Grant Award and Acceptance and federal and state rules.

Agencies not required to have an audit must provide and maintain adequate financial records for each period in which they received or spent project funds.

Potential Fraud, Waste, Abuse or Misconduct

The subrecipient must promptly refer to the OAG any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has either 1) submitted a false claim for grant funds under the federal False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.

No subrecipient under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the subrecipient--

- a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
- b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations

of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the subrecipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the subrecipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

VIII. INSPECTION OF RECORDS

Retention of Records

Subrecipients must maintain their project file and financial records for three years after the close of the grant and completion of an audit.

Records Inspection

The subrecipient and implementing agency give the OAG or its representatives permission to audit and inspect any records, objects, or premises pertaining to this grant and to evaluate and monitor the project at any reasonable time.

Monitoring

Subawards must be monitored as outlined in 2 C.F.R. 200.331. Program monitoring involves the ongoing collection of information to determine if programs are operating according to plan. Monitoring also provides ongoing information on program implementation and functioning. It is our policy that the OAG

or its representatives will monitor your program on an annual basis via telephone, desk review, or on-site visit.

IX. PROCUREMENT

The subrecipient must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$150,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$150,000)), and are incorporated by reference here.

Adequate Competition

All procurement transactions, whether negotiated or competitively bid, and without regard to dollar value, should be conducted in a manner so as to provide maximum open and free competition. A state purchase price as obtained by the Office of Management and Budget (OMB) State of North Dakota, may be considered the same as a bid price.

Level or Competition Required

When needed commodities or services cannot be obtained from an existing source or a government entity, state procurement procedures must be used. The dollar of the purchase determines the level of competition required:

Purchasing Thresholds Effective July 1, 2018		
Level	Competition Requirements	Documentation Maintenance Requirement
Level 1 "Micro" Purchase Less than \$10,000	Obtain at least one fair and reasonable quote. Note: Equipment and software must be added to inventory if \$5,000 or greater. (N.D.C.C. § <u>54-27-21</u> Fixed Asset Minimum Reporting Value) State agencies (excluding Higher Education institutions) must submit printing purchase requests \$5,000 and over to OMB State Procurement.	Rotate vendors solicited on an equitable basis (N.D.A.C. § <u>4-12-08-02</u>)

<p>Level 2 Small Purchase</p> <p>At least \$10,000 but less than \$50,000</p>	<p>Solicit informal quotes/bids or proposals from at least three vendors, or post to SPO Online with appropriate state bidders list. May send to additional vendors.</p> <p>ITD must review IT purchases over \$25,000.</p>	<p>Documentation is required.</p> <p>Alternate Procurement form required if competition is not solicited from at least three vendors.</p> <p>The form is not required if three vendors are solicited and fewer than three bids or proposals are received.</p>
<p>Level 3 Informal Written Purchase</p> <p>At least \$50,000 but less than \$100,000</p>	<p>Solicit informal bids or proposals using SPO Online with appropriate state bidders list. May send to additional vendors.</p> <p>ITD must review IT purchases over \$25,000.</p>	<p>Documentation is required</p> <p>Alternate Procurement form required if:</p> <ol style="list-style-type: none"> 1. Competition is not solicited. 2. SPO Online is not used. 3. OMB: Competition is limited.
<p>Level 4 Formal Purchase</p> <p>\$100,000 and over</p>	<p>Must be purchased using formal sealed bids: Invitation for Bid (IFB) or Request for Proposal (RFP). Solicitations must be posted using SPO Online with appropriate state bidders list. May send to additional bidders.</p> <p>ITD must review IT purchases over \$25,000.</p>	<p>Documentation is required.</p> <p>Alternate Procurement required if:</p> <ol style="list-style-type: none"> 1. Competition is not solicited, or competition is limited. 2. SPO Online is not used. 3. OMB: Competition is Limited.

Alternate Procurement (Sole Source)

Competition is required for Level 2, Level 3 and Level 4 purchases. Occasionally, a fully competitive procurement process may be difficult or impossible. Factual evidence and/or documentation is needed in order to justify non-competitive purchases (i.e.: product needs to be compatible with existing equipment; or statement from the vendor that the product is covered by a patent or not sold through resellers). The State Procurement Office (SPO) reviews and approvals all alternate procurements. Please contact the office's Procurement Officer for assistance.

X. EQUIPMENT

Equipment Inventory

- A. Equipment description
- B. Brand name
- C. Model numbers
- D. Serial numbers
- E. Unit cost
- F. Purchase date

Ownership of Equipment

Subrecipients and implementing agencies shall exercise due care in the maintenance, protection, and preservation of such property during the period of project use. F. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (A), (B), (C), (D), and (E).

XII. LOBBYING

C. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Re: RFP23214

Commissioners:

On October 30, 2023, the Fargo City Commission approved awarding a contract to GMV Syncromatics Corporation for the purchase of fixed route transit automatic vehicle location/automatic vehicle announcements (AVL/AVA) dispatching software and hardware. The City of Fargo Transit Department respectfully requests approval of the attached contract between GMV Syncromatics Corporation and the City of Fargo.

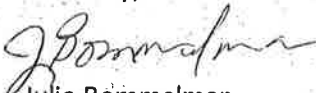

The State of North Dakota (ND) issued a Request for Proposal (RFP) for fixed route and paratransit scheduling and dispatch software: State RFP # 110.7-22-069. The RFP was competitively bid with the objective of awarding contracts to multiple vendors for both fixed route and paratransit products and allow Transit agencies to select vendors best suited to each agency's individual and unique needs. City of Fargo staff participated throughout the process including evaluation of proposals and award recommendations. A list of qualified vendors was developed for fixed route and paratransit products and the State of ND awarded contracts to the following vendors: Ecolane, GMV, HBSSCC, Kevadiya, Pantonium, Passio, Shah Technologies, Stratagen Systems, Trip Masters, Trip Spark and Via Mobility.

The City of Fargo staff chose Ecolane, GMV, Passio, Trip Master and Via to further demonstrate their products and submit price proposals for consideration. Following extensive review and discussion, evaluating staff made the award recommendation to GMV Syncromatics Corporation, as being qualified and within the approved budget. Please note, federal grant funds will cover 80% of the cost, with the remaining 20% included in the Transit Department's approved budget.

Requested motion: Approve the attached contract for fixed route transit AVL/AVA software and hardware between GMV Syncromatics Corporation (RFP 23214) and the City of Fargo.

Thank you.

Sincerely,

Julie Bömmelman
Transit Director
City of Fargo
