

Student Name: Laila Wangen

Teacher: Mr. Brewster

Grade: 3

Kennedy Elementary School

If I were Mayor for a Day

If I were Mayor for a day I would build an amusement park for people to visit I would make an amusement park because we don't have any here right now. I would also make a place for family and friends. I would raise money to fix buildings, parks, and money for hospitals, homeless people, and schools. I would fix potholes, parks and plant flowers around buildings. I would make are city be welcoming so the people would feel welcome. I would also get a welcome sign so everybody knows there welcome. I would host city events like bonfires, art in the park and picnics. I would fix potholes and plant flowers around buildings. That's what I would do if I were Mayor for a day.
