1. Mental Health Awareness Month

Fargo Mayor Mahoney has joined West Fargo Mayor Bernie Dardis, Moorhead Mayor Shelly Carlson and Dilworth Mayor Chad Olson in signing a joint proclamation recognizing May as Mental Health Awareness Month. The proclamation encourages communities to increase awareness and understanding of mental health. Also for the past few days, the lights outside of Fargo City Hall have been illuminated in green to bring awareness to this important topic.

2. North Dakota Department of Health Youth Advisory Board

The NDDoH Youth Advisory Board is seeking members and encourages anyone interest from the Fargo Youth Initiative to contact their advisors directly: Ruth Nwatu, rnwatu@nd.gov and Krissie Guerard, kguerard@nd.gov. In upcoming weeks, they may also be seeking FYI's input on their Parents' Lead Project. The primary goal of Parents Lead is to provide parents and caregivers with tools and resources to support them in promoting the behavioral health and well-being of their children.

3. Break Free Youth Action Summit

On March 29, Fargo Cass Public Health held its third Annual 'Break Free Youth Action Summit' in partnership with Tobacco Free North Dakota. National speaker Kim Homer-Vagadori, California Youth Advocacy Network, provided education to students about how the tobacco industry uses flavors to hook kids, flavored tobacco policy and how youth can become successful advocates to make change in their communities. According to the 2021 Youth Risk Behavior Survey data, current vaping use among North Dakota high school students is 21.2%, remaining higher than ND adult e-cigarette use rates of 17.9%. In the weeks and months following the summit, students will work with their peers to create activities for Take Down Tobacco: National Day of Action (April 1, 2022), and World No Tobacco Day (May 31, 2022).

4. Carbon Reduction, Sustainability and Resiliency Plan and Carbon Dashboard

On April 4, City Commission approved an addendum to Master Services Agreement with Innowatts, Inc. for the Development and Operation of an Infrastructure Carbon Reduction, Sustainability and Resiliency (ICRSR) Plan and Carbon Dashboards for City Facilities. The dashboards and ICRSR Plan will show ICRSR progress to-date, help guide the Sustainability and Resiliency Committee on next steps, and obtain Federal and State funding for future ICRSR projects.

5. Community Health Assessment

Fargo Cass Public Health staff are underway completing their community health assessment (CHA) with an end goal of early summer. This assessment is typically conducted once every three years. View the 2019 CHA here: https://download.fargond.gov/0/2019_fcph_community_health_assessment.pdf.
