

STANDARDS FOR ALL INDUSTRIES

COMPLIANCE	Adhere to CDC Guidelines for Businesses and Employers	https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html
	Adhere to ND Department of Health Recommendations and Resources for the Public	https://www.health.nd.gov/diseases-conditions/coronavirus
	Complete the Workplace Assessment Tool for COVID-19	https://www.health.nd.gov/sites/www/files/documents/Files/MSS/coronavirus/Workplace_self_assessment_ND.pdf
	Tribal Areas	Any business located within the exterior boundaries of a reservation is subject to additional requirements under tribal law.
MOVEMENT AND ACTIVITY	Gathering Size	<p>Risk levels and color-coded health indicators provide situational awareness to help make informed decisions and make adjustments necessary in industry guidelines in order to prevent further spread and impact of the virus in communities; especially among vulnerable populations. The following recommendations for industry protocols should be followed along with meeting public health criteria to ensure there is no increased risk of exposure or uncontrolled transmission in the community.</p> <ul style="list-style-type: none"> Capacity should be limited to a percentage of normal operating capacity for controlled and managed facilities or capped at a total number. If there is no way to control access of entry (egress), spread out activities to double the normal footprint. <ul style="list-style-type: none"> » Red/Critical Risk Level — This is the area with the highest disease burden and level of significant and uncontrolled community transmission, multiple outbreaks resulting in increased deaths, surge capacity of hospitals are threatened, and there is lack of adequate PPE supplies available for healthcare workers. Only essential travel and services are open. <p>(CONTINUED ON NEXT PAGE)</p>

MOVEMENT AND ACTIVITY	Gathering Size	<ul style="list-style-type: none"> » Orange/High Risk Level — This is the level of significant transmission and risk for exposure due to widespread community spread of infections. Implement strategies emphasizing Stay Home. Stay Healthy. Stay Connected. Only essential work and travel are open. Limit gathering size to 10 people or less. Additional restrictions for high-risk individuals, personal care services are closed, schools are closed but offering distance learning, home is highly encouraged when gatherings, events and fitness and recreational centers are closed and foodservice operations are limited to takeout or delivery. » Yellow/Moderate Risk Level — This is the level of heightened risk for exposure but where transmission is controlled in the area AND health criteria is met. Group gatherings are limited by certificate of occupancy for the room or seating area according to industry-specific Smart Restart protocols and social distancing is maintained. Cancel gatherings of any size where distancing cannot be maintained. » Green/Low Risk Level — This is the level of low risk for exposure and when transmission is controlled in the jurisdiction AND health criteria is met. Group gatherings are limited by certificate of occupancy for the room or seating area according to industry-specific Smart Restart protocols and social distancing is maintained. Cancel gatherings of any size where distancing cannot be maintained. » Blue/New Normal Level — This is the lowest level of risk for exposure and when transmission in the jurisdiction AND health criteria is met. It is the time when most normal occupancy activity can resume with heightened cleaning, standard precautions and awareness of health guidelines.
	Physical Distancing	Mark six-foot increments where lines form.
	Workplace Activity	<p>Post signage (state provided) at all entrances of the facility informing all employees and customers that they should:</p> <ul style="list-style-type: none"> • Avoid entering the facility if they have a cough or fever. • Maintain a minimum six-foot distance from one another. • Wash their hands often with soap and water for at least 20 seconds. • Limit unnecessary contact such as hugging and shaking hands. <p>(CONTINUED ON NEXT PAGE)</p>

STANDARDS FOR ALL INDUSTRIES (CONTINUED)

<p>EMPLOYEE AND CUSTOMER SAFETY AND TRUST</p>	<p>Personal Protective Equipment (PPE)</p>	<p>Encourage use of cloth face coverings to employees and contracted workers whose duties require close contact (within 6 feet for 10 minutes or more) with other employees and/or the public.</p>
<p>EMPLOYEE AND CUSTOMER SAFETY AND TRUST</p>	<p>Hygiene and Cleaning</p>	<ul style="list-style-type: none"> • Provide contactless payment systems or, if not feasible, disinfect all payment portals, pens and styluses after each use. • Provide hand sanitizer, soap and water or effective disinfectant at or near the entrance of the facility and in other appropriate areas for use by the public and employees, and in locations where there is high-frequency employee interaction with members of the public (e.g. cashiers). Keep chemicals out of reach of small children. Restrooms normally open to the public shall remain open to the public with heightened hygiene and cleaning standards.. • Regularly disinfect other high-touch surfaces according to industry standard operating procedures in conjunction with Personal Protective Equipment (PPE) use for staff.
	<p>Special Measures</p>	<ul style="list-style-type: none"> • Develop policies and procedures for prompt identification and isolation of sick staff and customers. • Encourage customers to download the Care19 Diary and Care19 Exposure Apps to increase success levels with contact tracing.
