

Ninjin Bat-Od

Mrs. Bollinger's third grade class, Bennett Elementary

This is what I would do if I were Mayor. First, what I think is great about Fargo is that there are police officers and fire fighters to protect us, I also think having schools to learn at, parks, and homes are great about Fargo. What I think is special about Fargo is that our safe and kind community is what represents Fargo. Another thing that's special about Fargo is that everyone here is unique and special in their own way. Now, what I would do as Mayor is stop selling cigarettes, tobacco, and stuff like that. I also would build more parks to walk in and plant lots of trees for fresh air. Some more things I would do is make sure the water is safe and clean, also any animals. I would also make sure the schools teach the kids what they need, including math, literacy, science, art, history, etc. Another thing that I would do is make sure Fargo is clean and safe for everyone living here. I would make sure Fargo is getting the healthy and good resources we all need. Also, I would appreciate the help of ALL people helping environment. I will make more homeless shelters for those in need. Plus, I would help Fargo grow strong and healthy. I would make sure EVERYONE has equal rights. Lastly, I will make sure Fargo is enjoyable and awesome! That is what I would do if I were Mayor for a day. ❤️
