

# Summer Reading Program June 3 to August 10, 2019

Name \_\_\_\_\_  
Age \_\_\_\_\_ Phone \_\_\_\_\_

## READING LOG & READER'S CHALLENGE

## READING LOG & READER'S CHALLENGE DIRECTIONS

- To register for the Summer Reading Program:
  - Participation is **FREE**.
  - The Fargo Public Library Summer Reading Program officially starts **Monday, June 3, 2019**. Stop by any Fargo Public Library location on or after this date to register and pick up a Reading Log. Registration forms and schedules are available at each location and on our website. Call **701.241.1495** or visit our website [www.fargolibrary.org/kids](http://www.fargolibrary.org/kids) for more details.
- To earn prizes including a **FREE** book:
  - To earn planet pins, you must read (or be read to) for **5 hours**. You will receive a planet pin for every 5 hours you read up to 45 hours. Record the time you read using the inside of the Reading Log. In addition to silent or individual reading, listening to audiobooks, reading out loud to others, and attending storytimes also count towards your total time. Both print books and ebooks (read on a device like a tablet or Kindle) qualify.
  - To earn a book, you must read for a total of **20 hours**.

- Answer the questions in the space provided and complete the activities. To finish the Reader's Challenge, complete **all questions and activities** and collect **5 stickers** for attending library events, donating food or toiletry items, completing the Fargo History Hunt, or completing activity sheets.
- When you attend a library event, donate food or toiletry items, complete the Fargo History Hunt, or complete an activity sheet, library staff will give you a sticker for the large circles. Activity sheets are available at each Fargo Public Library location.
- To have your picture and/or name in The Forum:
  - Any child who reads, or is read to, for a total of **45 hours** and completes the Reader's Challenge will get their picture and/or name published in The Forum on **Saturday, August 31, 2019** (as space allows).
  - Turn in your completed Reading Log to library staff, along with a photo of yourself (printed on photo paper and no smaller than 2x3") with your name on the back, no later than **August 10, 2019 at 6pm**. Portrait shots like school photos are preferred. (Photos not returnable.)

- To be entered into the end-of-summer prize drawing:
  - When you are eligible for a planet pin, you will receive a **coupon** to fill out to enter the end-of-summer prize drawing. Every 5 hours of reading earns you a prize-drawing coupon.
  - Once you have received the 45 hour prize, you can continue to read (at 5 hour intervals) to earn additional prize-drawing coupons.

## Reader's Challenge

To complete the Reader's Challenge answer the questions and finish the activities listed below. When you attend a library event, donate food or toiletry items, complete the Fargo History Hunt, or complete an activity sheet (available at any library location), library staff will give you a sticker to place in the circles at the bottom of this page. *Adults: please feel free to adapt questions/activities to meet your child's age or ability.*

On clear night, go outside and look at the moon. Record the date, time, and moon phase. Draw a quick sketch of what you see.

How many stars are in the Big Dipper constellation ? \_\_\_\_\_

A planetarium is a place where people grow planets. Circle one: TRUE FALSE

How often is Halley's Comet visible from Earth? \_\_\_\_\_

Make up a pneumatic device to remember the planet names. Record it here: \_\_\_\_\_

A blue moon looks blue. Circle one: TRUE FALSE

From what language does the word "astronaut" come from and what does it mean? \_\_\_\_\_

What country invented the first rocket? \_\_\_\_\_

In 2006, Pluto was reclassified from a planet to a \_\_\_\_\_

The Earth revolves around the Sun. Circle one: TRUE FALSE

List all three of the astronauts who took part in the historic Apollo 11 moon landing on July 20, 1969. \_\_\_\_\_

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

Many people believe that wolves howl at the moon. Which of the following are scientifically studied reasons that wolves howl? Circle one: a) to signal the pack to meet b) as a warning to other wolves to stay out of a pack's territory c) just for the fun of it d) all of the above

Poke holes in a piece of paper and use it to cover a flashlight to create stars on the ceiling.

Which planet has the most moons? \_\_\_\_\_

Draw a picture of an alien from your favorite planet.

On a clear night, go outside and see if you can identify a constellation. Ones that are easy to spot are the Big Dipper, Orion, or Cassiopeia.
