Fire Department Uniforms**

RFP20008

Proposals are due 2:00 p.m. CST, Tuesday, January 21, 2020

REQUEST FOR PROPOSALS
PUBLIC SAFETY FIRE DEPARTMENT UNIFORMS

CITY OF FARGO, NORTH DAKOTA

The City of Fargo, North Dakota, requests proposals from qualified firms to provide the Fargo Fire Department (“Department”) fire uniforms and duty equipment for the city’s fire personnel on an as-needed and ongoing basis, as more fully described in this document.

For the purpose of the Request for Proposals (“RFP”) and the anticipated Agreement, “City” means the city of Fargo, and “Services” means the provisions and delivery of fire department uniforms to the City, as described in this RFP.

The selected firm will be invited to enter into an agreement with the city, in a form to be provided by the City (“Agreement”). The City commission has the ultimate authority to approve any proposal and to authorize execution of the Agreement.

Section 1: Project Background

The City of Fargo is a thriving community of more than 120,000 residents. The City is a full-service community which provides police, fire, engineering, public works, public health, and water purification services for the safety and enjoyment of residents and visitors.

The City supports a growing fire department of 7 fire stations, 108 line personnel, 6 fire prevention personnel, 2 administrative personnel, 3 assistant chiefs, and a chief of the fire department. All line personnel are required to wear an approved uniform of the fire department and must abide by department policy.

The City is publishing the RFP to enter into a five-year Agreement with a vendor to be the primary supplier of Services to the City with an option for the City to renew the Agreement annually.

Section II: Project Scope and Requirements

The purpose of the RFP is to invite qualified firms to submit proposals to supply and deliver to the City fire department uniforms on an as-needed and ongoing basis (“Services”). The Services must conform to the following minimum requirements:

- A. The firm must be able to supply all of the items listed in Appendix A. The City has provided a specific manufacturer and item number for each item listed in Appendix A. The listed manufacturer and item number for each item listed in Appendix A is a benchmark meant to establish a minimum quality standard for each item. Proposers may submit proposals to provide items made by the manufacturers and matching the item number listed in Appendix A. However, except where specifically noted, proposers may propose to provide items made by

different manufactures and/or bearing different items numbers than those listed in Appendix A (“Substitutions”) so long as the Substitutions are of equivalent dimensions, quality, and performance as the make and model of the item listed in Appendix A. Proposers may not propose Substitutions for those items identified in Appendix A as “No Substitutions Permitted.”

If a proposer desires to propose Substitutions, the proposer must submit a description of each substitution to the Department to evaluate the price, quality, dimensions, and performance of each substitution. All substitution descriptions must be sent to the following address.

Craig Nelson
Assistant Chief
Fargo Fire
Department
Fargo, ND 58102
(701)241-8132
Cnelson@FargoND.gov

- B. All items provided by the proposer must be new and first quality as to the construction, workmanship, and appearance.
- C. The prices proposed by the proposer may not be increased during the term of the Agreement.
- D. The proposer or manufacturer must come to the City’s Fire Department to work with each of the personnel to take his/her measurements and, as necessary, to enable the proposer to make alterations.
- E. The proposer must make minor alterations (take in/ease waist, hem pant legs, adjust seat of pants, add hidden zippers to uniform shirts, add rank and hash marks on sleeves, add mic tab on side-seams on shirts, and if necessary shorten length of the bottom of the uniform shirts), provide embroidery and sewing on of patches and badges to each applicable item for no extra charge. All alterations shall be performed in a timely manner and shall be performed to the satisfaction of the Officer for whom the garment is intended.
- F. The proposer must maintain a sufficient inventory of shirts and trousers in stock at all times during the term of the Agreement to outfit each member of the Department without the proposer needing to order shirts and trousers from a manufacturer upon receiving an order from the Department.
- G. The proposer must be able to provide nearly all items within as short as time possible, but no more than twenty-eight (28) business days from the date the order is placed. If an item is on back order due to a manufacturer’s delay, proposer may substitute the backordered item with an article of equal or better quality for the same price as the backordered item upon the prior approval of the City.

- H. The proposer must provide an online ordering/tracking system to allow each member of the Department to place orders online, to electronically track the progress of each order, and to conduct data analysis on member purchase history.
- I. The proposer must provide a dedicated customer service care representative to assist the Department with purchases, resolve problems with orders, and to assist in issues related to billing. The City understands the Department may not be the only account that this representative is assigned; however, the City requires a single point of contact.
- J. All shipping and returns must be at the proposer's expense and pre-paid by the proposer. The City will notify the proposer of any damaged goods and will assist in arranging inspection and replacement of any items damaged in shipping.

Section III: Submittal Requirements

All proposals must be signed by an authorized official, and notarized. Proposals which contain omissions, erasures, alterations, conditional quotes, or that contain irregularities of any kind may be rejected.

The proposal should contain, without limitation, the following information at a minimum:

A. Contact Information

- Name of firm and designated sales representative, including direct telephone number, cellular phone number and email;
- Office address, main telephone and fax numbers, and website address.

B. List of Qualifications, Certifications, and Required Licensing. The proposer shall describe its ability to satisfy the minimum requirements set forth in Section II of this RFP.

C. Proposal and Fee Structure

- The proposer shall describe all the costs and financial responsibilities associated with the provision of each item listed in Appendix A. The fee summary should clearly provide the not-to-exceed fee inclusive of all goods, services, taxes, and shipping costs. The not-to-exceed costs specified by the proposer are to include all direct and indirect costs of implementing the Services, and the City shall not be bound to pay any additional costs absent a written change order.
- The proposer shall specify a guarantee for how long it will take the proposer to deliver the ordered items, provided that no guarantee shall be longer than twenty-eight (28) business days from the date the order is placed. The city prefers a guaranteed delivery period which is as short as possible.

D. Letter

A letter indicating that all information attached is true and complete and signed by the authorized owner, partner, officer of the corporation, or manager of the limited liability company submitting the proposal, with said signature duly notarized by a notary public (located on pages 7 and 8).

Section IV: Evaluation of Proposals

City staff will evaluate all properly submitted proposals, and will grade and rank all proposals with respect to the Project Scope and Submittal Requirements set forth in this RFP, including without limitation, the total cost for the Services and the responsiveness of the proposal. The City reserves the right to ask any proposer for additional information and to interview any proposer to assist the City in making its selection.

The City will then select the top preferred firm, with whom an Agreement will be executed, on a form to be provided to the City. The City Commission has the ultimate authority to approve any proposal and to authorize execution of the Agreement.

The City reserves the right to make clarifications, corrections, or changes in the RFP at any time prior to the deadline for the submission of proposals. All proposers or prospective proposers will be informed of said clarifications, corrections, or changes so long as the proposers and prospective proposers register with the City via email to Cnelson@FargoND.gov prior to the due date for proposals.

Section V: Submittal Procedures

A. Questions and Clarifications

All questions regarding this RFP should be directed in writing to Assistant Chief Craig Nelson, at Cnelson@FargoND.gov.

B. RFP Submittals

Proposals must be received no later than 2:00 p.m. CST, on Tuesday, January 21, 2020 at the City Auditor's Office, City of Fargo, 225 4th St. N., Fargo, ND 58102. All proposals shall be labeled Fire Department Uniform Proposal. Proposals will not be opened publically. Proposals submitted after closing time will not be opened. No oral, telephone, or facsimile proposals will be considered.

Please also deliver one digital copy of the proposal via email to Cnelson@FargoND.gov

C. Standard Terms and Conditions

Proposals submitted are offers only, and the decision to accept or reject is a function of quality, reliability, capability, reputation, and expertise of the firms submitting proposals. Issuance of this RFP does not obligate the City to pay any costs incurred by a respondent in its submission of a proposal, conducting any necessary studies, creating any necessary designs for the preparation of the proposal, or for procuring or contracting for services to be furnished under the RFP.

A proposer may withdraw its proposal, either personally or by written request, at any time prior to the deadline for submittals.

The City reserves the right to accept the proposals that are, in its judgment, the best and most favorable to the interests of the City and to the public; to reject the proposal with the lowest Consultant Fee; to accept any item of any proposal; to reject any and all proposals; and to waive irregularities and informalities in any proposal submitted or in the RFP process; provided, however, that the waiver of any prior defect or informality shall not be considered a waiver of any future or similar defect or informality. Firms should not rely upon, or anticipate, such waivers in submitting their proposals.

Section VI: Anticipated Project Time

- RFP Released December 30, 2019
- RFP Due Date January 21, 2020
- RFP selection Commission approval February 10, 2020
