ENGINEER'S REPORT
STORM SEWER LIFT STATION MODIFICATIONS & INCIDENTALS
IMPROVEMENT DISTRICT NR-19-A

Nature & Scope

The Fargo Street Department has identified several storm sewer lift stations that are in need of repair and safety upgrades. The lift stations on this project include #3, #36 & #50.

Purpose

The purpose of this project is to make the necessary repairs to the lift stations which include pump replacement, control panel replacement, adding safety features such as piping that the City vacor trucks can connect onto for yearly cleaning operations, adding catwalks for safety & adding SCADA capability for remote monitoring.

This project will be funded by special assessments, capital funds used for SCADA integration and the Storm Sewer Utility Fund 524 as identified in the 2019 Capital Improvement Plan.
