Honorable Board of City Commissioners
City of Fargo
225 Fourth Street North
Fargo, ND 58102

Re: Resolution Regarding Ordinance 10-14 Prohibiting Camping on Public Property and Rights of Way.

Dear Commissioners:

Please find attached the final Resolution, including a revised Homeless Camp Expectation exhibit. The revised Resolution considers earlier comments, and includes several new priority enforcement areas. It also identifies the intention to implement Housing First, so this Resolution is recognized as a short-term solution that will precede the comprehensive long-term Housing First strategy.

City Staff are proposing a minimum of a twice-yearly touch point (spring and fall) or as requested. This will allow staff to report on the status of our Housing First Initiative along with camp reductions. As we have discussed, the flexibility of the Resolution also allows us to adjust in the event modifications are needed based on actual experiences encountered during inception. The revised Homeless Camp Expectations document addresses previous discussions regarding distance from the riverbank and active management of the number of persons in a campsite.

The Ordinance is on the Regular Agenda for second reading and adoption on September 3, 2024, and will be effective upon publication. The Fargo Park District Board will be presented with a Park Resolution authorizing Fargo PD to enforce the City Ordinance along with the Resolution and its associated expectations and process on Park District property September 10th to provide for uniformity of rules and enforcement across the City.

During my presentation I will highlight the feedback received.

Suggested Motion: Approve the Resolution regarding public camping, as presented.

Respectfully submitted,

Brenda Derrig, PE
Assistant City Administrator

COMMISSIONER _____ introduced the following resolution and moved its adoption:

Resolution Regarding Ordinance Prohibiting Camping on Public Property and Rights of Way in the city of Fargo

WHEREAS, the city of Fargo has adopted an Ordinance prohibiting camping on public property and on the public rights of way except pursuant to Resolution; and

WHEREAS, the city of Fargo wishes to prioritize enforcement of Fargo Municipal Code Article 10-14 to address the City resources needed to remove all campsites and in recognition of the need to address the housing needs of persons camping on public property and public rights of way; and

WHEREAS, the city of Fargo recognizes that temporary, controlled permission of camping in compliance with approved rules and expectations may be necessary for a limited duration, until such time as permanent housing resources become available; and

WHEREAS, the city of Fargo's goal is to implement a Housing First program that will eliminate the need for any camping on public property and rights of way as housing becomes available; and

WHEREAS, in conjunction with the approval of this Resolution, the Board of City Commissioners requires a minimum of two reports (spring and fall) from Fargo Cass Public Health or other appropriate City staff be presented, with additional updates as requested. The reports shall include, but not be limited to, data regarding the progress of the Housing First initiative, status of existing camps and information regarding camp reductions; and

WHEREAS, in accordance with Fargo Municipal Code Article 10-14, the Board of City Commissioners of the city of Fargo approves the following enforcement priorities, rules and expectations for camping on public property and public rights of way.

NOW, THEREFORE, BE IT RESOLVED by the Board of City Commissioners of the city of Fargo:

1. Camping in or within 100 feet of critical infrastructure (under bridges, lift stations, outfalls, city buildings, water intake and pump house), within 100 feet of a bridge embankment, on public sidewalks, and within 30 feet adjacent to public bike paths is strictly prohibited. An enforcement officer shall provide notice as provided by Fargo Municipal Code §10-1403 and immediately cite persons in violation of the removal notice. Appropriate steps will then be taken to remove the unlawful campsite.
2. Camping in, or within 100 feet of a Park established by the Park District of the city of Fargo (Park District), is prohibited pursuant to Resolution of the Park District adopting Fargo Municipal Code Article 10-14 and Resolutions and Guidelines adopted by the Board of City Commissioners of the city of Fargo.
3. Camping in areas posted as No Trespassing or No Camping by authorized City personnel is strictly prohibited.
4. Campsites within the service area of the Downtown Engagement Center in compliance with all Camp Protocols and Expectations, attached hereto as Exhibits A & B, and not located in a priority enforcement area, shall be monitored and persons occupying such camps shall be expected to engage in such services available.
5. Persons who have been warned that their conduct is not in compliance with the approved Camp Protocols and Expectations will be subject to citation and Notice of Camp Removal in accordance with Fargo Municipal Code Article 10-14.

The motion for the adoption of the foregoing resolution was duly seconded by COMMISSIONER _____, and upon roll call vote, the following voted in favor thereof: COMMISSIONERS _____. The following were absent and not voting: _____, and the following voted against the same: _____, whereupon the resolution was declared duly passed and adopted.

Dated this ___ day of _____, 2024.

ATTEST:

Steve Sprague, City Auditor

Exhibit "A"

Although camping along the Red River is not permitted, The City of Fargo and area service providers recognize that due to the lack of available shelter and housing options, many people who find themselves without a home have no other option besides sleeping outside. As we work towards implementing Housing First, and to minimize the likelihood of your camp being removed, the following expectations have been developed to ensure the peace and safety of the campsite, campers, and community members.

Homeless Camp Expectations

- Keep camps at least 30 feet away from public paths. The visibility of camps is a main driver of public complaints.
- Camps must maintain a minimum distance of 15 feet from the riverbank. This is to prevent the loss of life and property from flash flooding and prevent garbage from entering the river.
- Camps must remain peaceful and safe. There can be no violence or threats of violence to fellow campers or passersby. Inability to maintain a peaceful and safe environment may result in camp removal.
- Camp size should be kept to no more than 3 people in one camp, unless authorized by the Harm Reduction Division. Camps must also maintain a distance of at least 30 yards (90 feet) between other camps. This is to ensure camps are discreet, quiet and cleanliness is easier to maintain.
- To allow consistent access to services, all camps must be within one-half mile north or south of the Downtown Engagement Center (DEC) along the Red River. All people in camps must be willing to engage with DEC services and staff. Not doing so may result in the removal of your camp.
- Keep your camp tidy. You will be provided with garbage bags and sharps containers which will be collected once per week by the Outreach Team. This helps to minimize negative impacts on the local environment, decrease the likelihood of a fire in your camp, and prevent biohazard concerns.
- All City policies regulating recreational fires apply to camp fires. All open burning, including recreational fires, is banned when the fire index is at the high, very high or extreme level and any time during a red flag warning. This information, including red flag days, will be made available at the DEC and provided by the Outreach Team when possible.

If the above expectations are not met, or you are unable to get your camp into compliance in a timely manner, your camp may be subject to removal. A written notice will be provided to you at least 48 hours in advance of a planned camp removal.

Outreach Team Expectations

You can expect certain predictable supports from our Outreach Team in order to be successful in meeting the above expectations.

- The Outreach Team will visit camps often, no less than once per week, to collect garbage, sharps containers, and address any concerns that may arise.
- If and when shelter space or housing options become available, the Outreach Team will notify you and can assist in creating a plan to store your belongings and move into shelter or housing.
- Connection to staff and services at the DEC is required to keep your camp in good standing. A variety of area service providers are on-site at the DEC each week day to connect you to the services you may need.
- The DEC is open daily from 8:00am-5:00pm to assist in additional needs that may come up. Showers, lockers, food, and connection to resources are available daily.
 - Homeless Healthcare is provided at the DEC on a first-come-first-serve basis from 8:00am-12:00pm Monday-Friday to assist in addressing any physical or mental health concerns you may have.
 - Often bug spray, sun screen, hand warmers, and other necessities are available at the DEC if you need them.
 - If you have questions, stop by the DEC or call us at 701-476-6723.

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements for the property at 1258 4 St N as submitted by Benjamin Balas and Erin Conwell. A description of the property involved, types of improvements to be made, and assessment information are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for 5 years.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about \$148 with the City of Fargo's share being \$25.

Sincerely,
