Impact of Over Serving

Civil Law

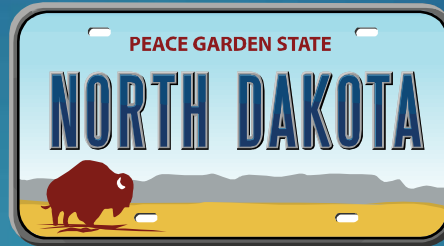

A body of law that determines private rights and liabilities.

Involves private disputes between persons or organizations and seeks to recover money damages or allow/disallow certain acts, rather than imprison or punish.

Dram Shop Law

Civil Law

- ▶ Every spouse, child, parent, guardian, employer, or other person who is injured by any obviously intoxicated person has a claim for relief for fault against any person who knowingly disposes, sells, or gives alcoholic beverages to:
 - ▶ **A person under twenty-one years of age**
 - ▶ **An incompetent, or**
 - ▶ **An obviously intoxicated person**
- ▶ And if death ensues, the survivors of the deceased are entitled to damages.

(NDCC 05-01-06.1)

What is an Incompetent?

- ▶ A person who cannot manage their affairs due to mental deficiency (lack of IQ, deterioration, illness or psychosis).
- ▶ Someone that seems to have no clue what is going on and does not understand what ordering an alcoholic drink means.
- ▶ Common sense should be the basis for determining if someone is “incompetent”.

Right of Action.

- ▶ A spouse, child, parent, guardian, employer, or other persons injured in person, property, or means of support, or who incurs other pecuniary loss by an intoxicated person or by the intoxication of another person, has a right of action in the person's own name for all damages sustained against a person who caused the intoxication of that person by illegally selling alcoholic beverages. All damages recovered by a minor under this section must be paid either to the minor or to the minor's parent/guardian/next friend as the court directs. (340A.801)

MN Dram Shop Case

DULUTH, MN September 8, 2010

An honors student and standout athlete suffered serious brain, kidney and spleen injuries when hit by a drunken driver.

The victim and his father are suing the intoxicated driver and 2 bar owners that served the driver.

The driver was sentenced to 9 months in jail after pleading guilty to driving drunk.

The *Duluth News Tribune* says the victim and his family are seeking more than \$50,000 in damages.

MN Dram Shop Case

A back-up goalie for the UMD hockey team was driving home after a game when a drunk driver hit him. He suffered a permanent back injury that ended his hockey career.

The drunk driver's BAC was .11. He had been drinking at a Duluth bar for 7 hours and toxicology reports estimated he had 12 to 14 beers.

The bar denied responsibility, claiming the defendant was not drunk when he left. It was proven in court that under state dram shop laws, both the drunk driver and the bar were responsible. The jury awarded \$346,000.

MN Dram Shop Case

For \$5, patrons at a Forest Lake, Minnesota nightclub received unlimited drinks from 8-10 p.m.

After consuming four mixed drinks, a shot, and a beer in 2 hours, a patron drove home. He blacked out, crossed the centerline, and hit another car head on.

The victim suffered serious internal injuries and spent 11 days on a ventilator in a chemically induced coma.

Claims against the bar were settled before trial; the victim received \$205,000.

MN Dram Shop Case

Itasca County

A snowmobiler was struck and killed by another snowmobiler.

The driver had been drinking at a bar and was .204 BAC.

A lawsuit against the bar resulted in a \$215,000 settlement for the deceased man's family.

MN Dram Shop Case

- ▶ A 32-year-old woman was hit by a 20-year-old pick-up driver with a BAC of .14.
- ▶ A bar had served the minor before, during and after a softball game.
- ▶ The victim sustained head injuries, pelvis and ribs fractures, and a collapsed lung.
- ▶ Her case against the bar settled for \$160,000.

MN Dram Shop Case

DULUTH, Minn. (2010)

The family of a 22-year-old man sued a bar, alleging alcohol sales contributed to his death of exposure.

The man left the bar at 2 a.m.; his body was found at 9 a.m. after spending the night in -17° .

An autopsy revealed "exposure, with acute alcohol intoxication" and time of death at 4 a.m.

The family is seeking more than \$50,000 in damages.

Responsibility is on the SERVER to....

- Make sure the person is **ACTUALLY** twenty-one (ID checks)

-Compliance Checks

- Make sure the person is competent

- Make sure the person is not intoxicated

-Over serving laws/ Walk-throughs

Detection of Minors

Look for characteristics common among minors...

- Lack of maturity
- Fads/fashions popular with minors
- Nervousness
- Moves from section to section
- Claims they are a 'regular' or a friend
- Won't make eye contact
- Oldest appearing group member purchases

Enforcement: Compliance Checks

- Checks were established to prevent youth access to alcohol and deter underage drinking
- ND & MN State law allows a person under 21 to enter bars/liquor stores as part of a supervised compliance check
- Businesses are checked approximately 4 times per year or more if a failure occurs
- Minors are not disguised to look older, their appearance is not altered
- Minors present their valid ID's if asked
- Bartender/server is penalized for serving even if a bouncer or door staff didn't card

2013 Compliance Check Statistics

Jurisdiction	PASS	FAIL	TOTAL	Percentage
Fargo	347	37	384	90%
Moorhead	88	7	95	93%
West Fargo	61	2	63	97%
Clay County	33	1	34	97%
Cass County	74	5	79	94%
TOTAL	602	53	655	92%

Keep in Mind...

In 2013

- 19 of 41 servers (46%) that failed a compliance check ASKED for ID
- It is essential to do the math correctly and know the features of minor driver licenses

Public Health
Prevent. Promote. Protect.
Fargo Cass Public Health

Keep in Mind...

- ▶ It is a FAIL if you serve alcohol to a minor, then ask for the ID
- ▶ Check IDs BEFORE you serve the alcohol

Off-sale compliance checks

It is a FAIL when a transaction has occurred.

A transaction includes:

- ▶ a purchaser handing payment to a clerk

-AND-

- ▶ a clerk finalizing the sale by one of the following actions
 - ▶ packaging the alcohol;
 - ▶ providing change;
 - ▶ providing a receipt; and/or
 - ▶ taking a signed credit card slip

Other Consequences for Serving a Minor...

- ▶ If you fail a compliance check your employer may terminate you
- ▶ Colleges and universities may suspend and/or expel convicted server
- ▶ Gaining employment may be difficult with a criminal conviction your record
 - ▶ 57% of employers of NDSU graduates conduct background checks

ID Checking Procedures

Approach...

- Check **ANYONE** who appears 30 or younger
- Be courteous, respectful and patient
- “I will need to see valid ID before I can serve/sell to you”
- Look for clues: nervousness, doubt, or not making eye contact

Acceptable Identification

- Driver Licenses from the 50 states
-with security features that can be confirmed
- Valid State ID with security features

Unacceptable Identification

- College ID Cards
- Expired ID or clipped/voided ID cards

Golden Rule:

**Do Not Accept an ID
that you are
uncomfortable with!**

Inspect the ID

- Look at the person presenting the ID before looking at the ID
- Have them take the ID out of the wallet and handle it yourself
- Take the ID to a well-lit area
- Look for pin holes on the surface
- Look for erasure marks or altered numbers
ESPECIALLY AROUND THE DATE OF BIRTH

Inspect the ID

- Look for security features
 - *holograms, state seal, numbers*
- Check size, color, font, thickness and corners
- Check Date of Birth
 - *must be before this date in 1994*
- In MN & ND a person is not 21 years old until 8 a.m. on their 21st Birthday
- Check Expiration Date!
- Look for the word 'Duplicate' on the ID

Inspect the ID

'Feel Test' the ID:

- Check the firmness/flexibility of the card
- Feel for loose/bubbled lamination or glue lines by the picture and DOB
- Feel the front & back for bumps, ridges & irregularities
- Try to split the edge of the ID based on the type of ID presented

RESTRICTIONS AND ENDORSEMENTS

- A. CORRECTIVE EYE WEAR
- B. UNDER 21 YEARS OF AGE
- C. NO SOCIAL SECURITY CARD
- D. OTHER FORM OF ID REQUIRED
- E. NOT A VALID ID CARD
- F. NOT A LEGAL DOCUMENT

I do fully understand without reservation or restrictions that this card is sold solely as a novelty identification only and "NOT A GOVERNMENT DOCUMENT" of any kind. And I do hereby agree that

this is "NOT A DRIVERS LICENSE" nor is it any type of sub agency thereof

"FEDERAL OR STATE" inclusive as well as but not limited to the department of public safety.

I further affirm that at this time of purchase as evidence by my signature and picture on the front of this document, that the above stated facts were explained to me. It is therefore understood that the

sole purpose of this card is for novelty identification only. The "purchaser/bearer" whose

name and photograph appear hereon certifies that all the information on this card was furnished by the

"purchaser/bearer" and is true and correct and further agrees to accept total responsibility

for any and all consequences arising from the fraudulent use of this card. I, the undersigned

purchaser/bearer hereby state that I have read and fully understand the proceeding

Statements and accept this agreement in its entirety.

Check the back of the ID for words, symbols, or a statement that it is a novelty item.

Make sure the ID matches the person!

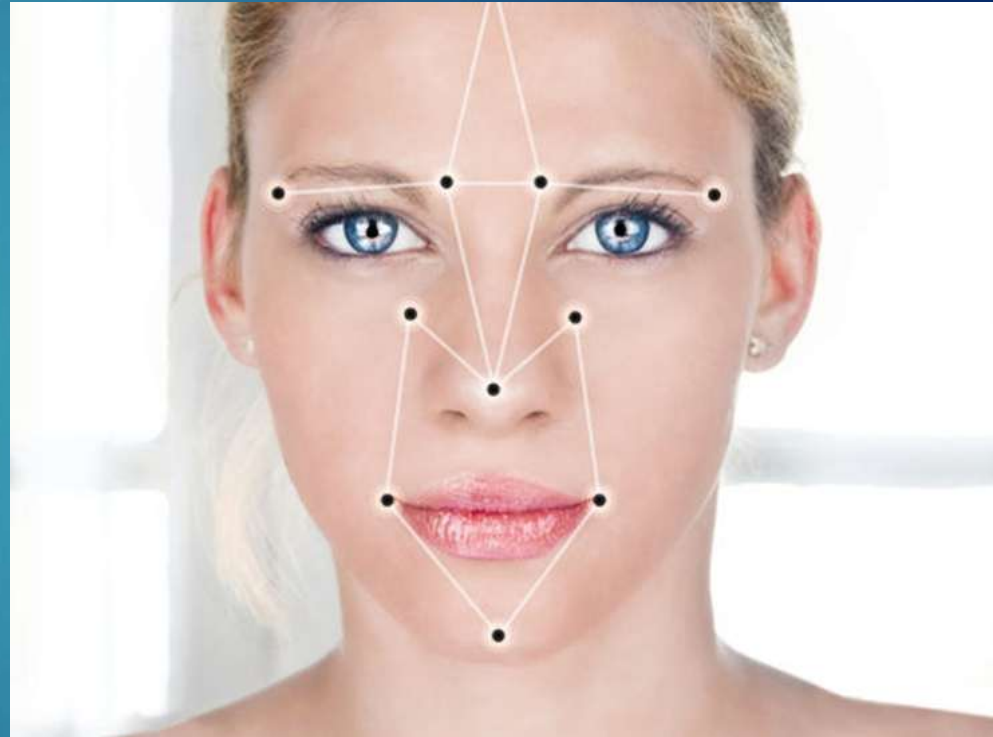

And look to make sure the photo has NOT been replaced

Check Physical Features

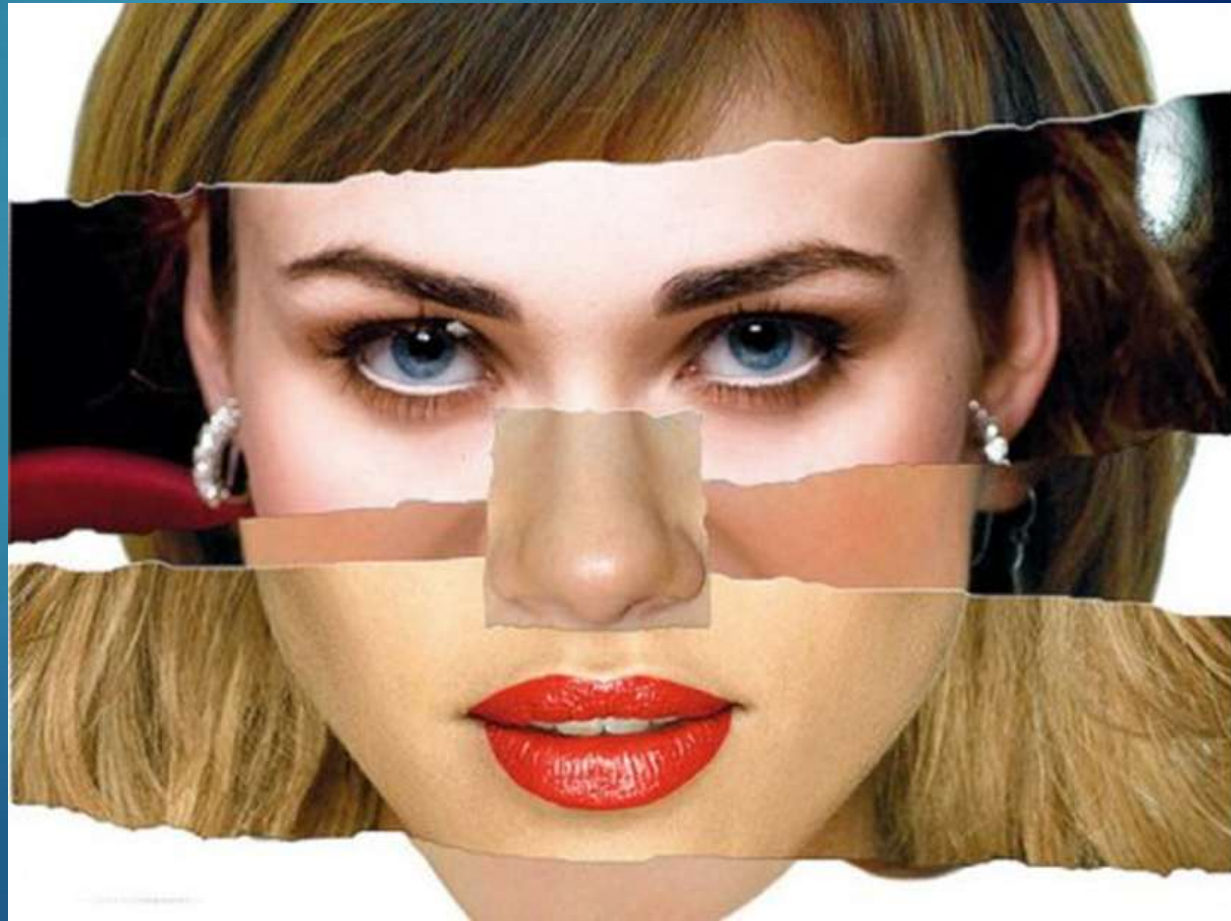

- ▶ Features that don't easily change
 - ▶ Ears
 - ▶ Nose (width and length)
 - ▶ Space between eyes
 - ▶ Chin
 - ▶ Mouth and lips
 - ▶ Arch of eyebrows

Recognizing Facial Features

- Never look at the face as a whole
- Divide it into sections and compare each section
- It doesn't matter what order you choose
- Find a way that you feel comfortable with and stick with it
- Be systematic

Using Your Friend's ID

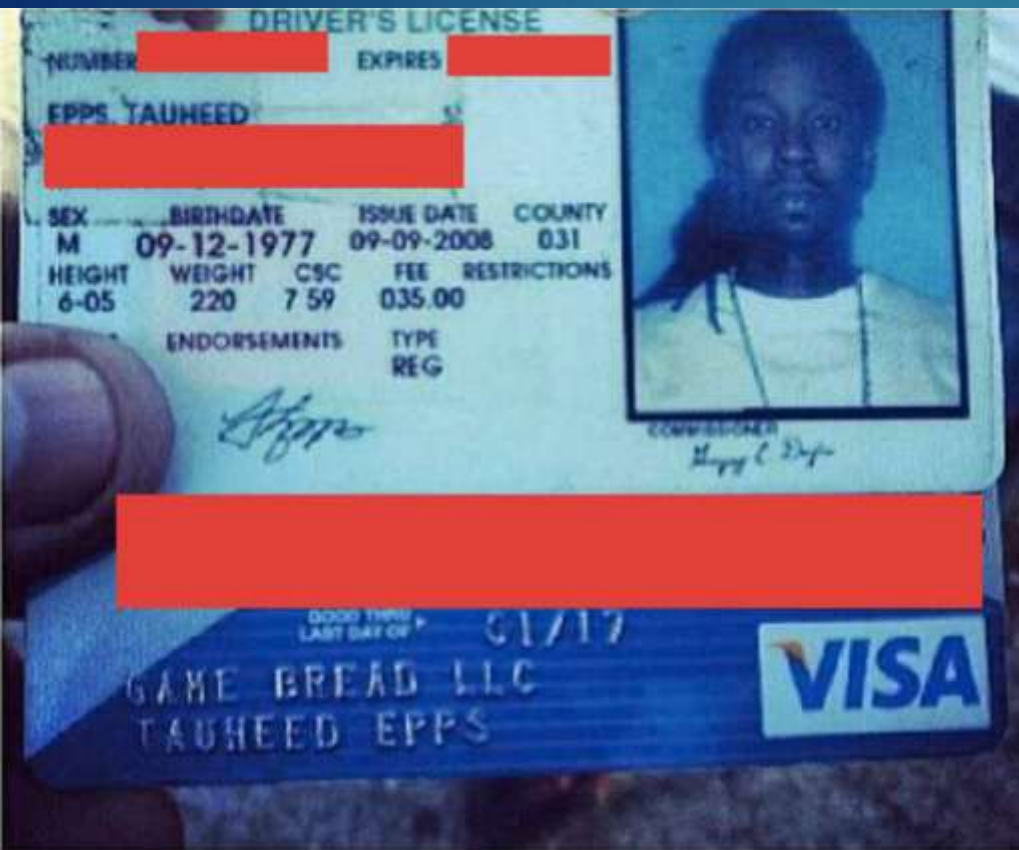

Look at permanent features:

- Eye Color
- Height
- Weight
- Nose
- Ears

When in doubt...

- Quiz the person:
 - Zip code? Year they graduated? What their Middle Initial stands for?
- Ask them to write their signature on a piece of paper
- Ask for more Identification
- Use the ID checking guide

Practical Application

On April 10, 2010, security at an area establishment was presented with a fake Wisconsin ID.

- ▶ It felt thick and appeared glossy;
Security asked if it was a new ID, suspect stated “no”.
- ▶ ID was a commercial driver license;
Security asked if she drove semi, suspect responded “no”.
- ▶ Security compared ID to checking guide;
State seal wasn't present, holograms were incorrect, and
DOB information displayed varying font sizes.

Recent Fake IDs in the FM Area

A server was presented a Minnesota ID and made these observations:

- ▶ ID was thin, laminated and separating at the bottom edge
- ▶ State seal image appeared less defined and darker
- ▶ Security features were not present
- ▶ Photo was added, not an integrated digital image

It was determined that the ID was a photocopy of a valid driver's license with a different picture added .

A security guard was presented a Montana ID:

- ▶ He noticed the hologram appeared larger.
- ▶ He confirmed that it was fake by checking the ID guide.

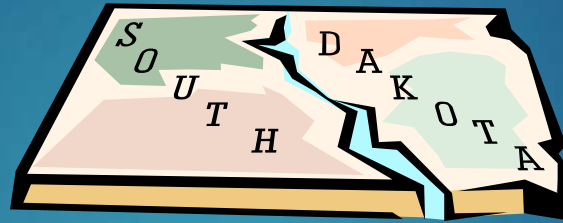

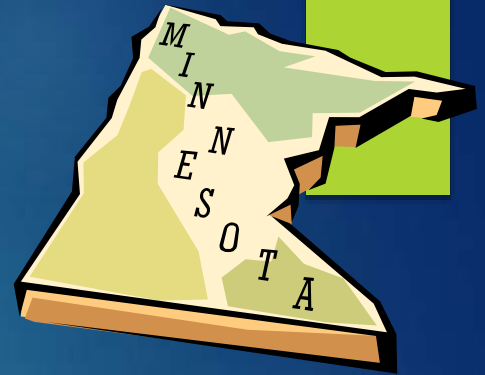

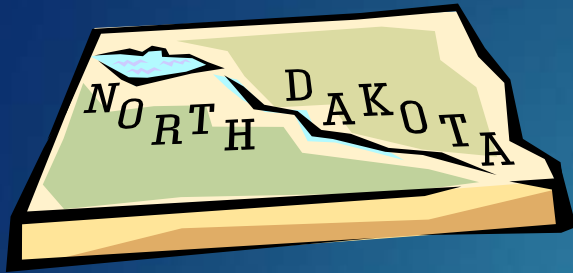

Fake IDs confiscated at the Red River Valley Fair - July 2012

If fraud is suspected...

- Take suspect's ID when going to call police
- Call police and identify that someone has tried to use a fake ID
- DO NOT attempt to detain the person if they leave
- If suspect leaves, record license plate number, make and description of the vehicle and the suspect

Minnesota License Tricks

Figure out if a MN DL is real or fake based on the number

Use the following DL number as an example: B152011740708

If you add the first three numbers together, it will total the last two numbers: $1+5+2=08$

If you flip the 3rd and 4th number around, it will give you the numeric position of the front letter on the license in the alphabet: flip the 2 and 0 around and you get 02 which "B" is the second letter of the alphabet.

International Driver's License

*In reality, there is no such thing as
an international driver's license.
Selling them is a scam.*

The IDL should not be confused with a legal document called an International Driver's Permit (IDP). An IDP is an official booklet which translates a driver's license into several languages. In many countries (but not the U.S.), a visitor who wishes to drive is required to have an IDP.

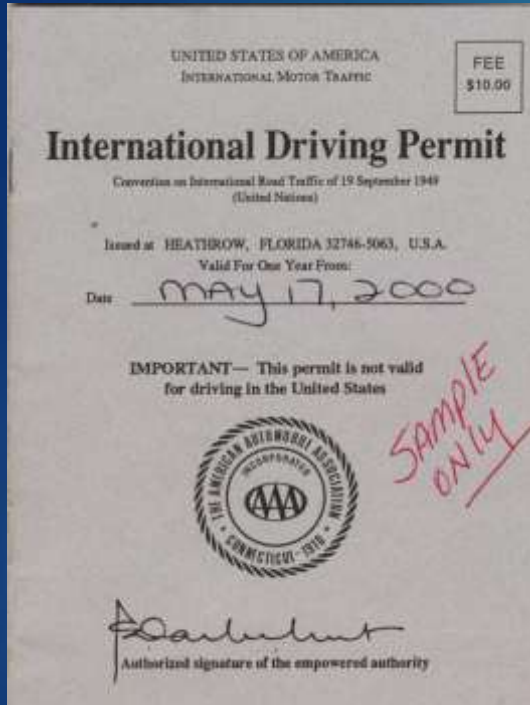

FAKE ID

International Driver's License

- There are no International Driver's Licenses or United Nations (U.N.) International Driver's Licenses.
- There are legitimate International Driving Permits (IDPS), which translates a persons home driver's license information into several languages to be read by foreign officials.
- IDPs are not identity documents.
- Additional identification MUST be presented, which is the home country license.
- Legitimate IDPs are paper-gray in color, and are not laminated.
- The Dept. of State issues Driver's Licenses to Diplomatic personnel
- IDPs are only valid for foreign nationals to operate in the United States, NOT U.S. citizens to use stateside
- If presented with an IDP by a *U.S. citizen* or presented with a fraudulent "International Driver's License" notify law enforcement.

How alcohol affects the human body....

The more alcohol a person drinks, the higher their Impairment.

As a person's impairment increases, usually four things are affected:

- Inhibitions
- Judgment
- Coordination
- Physical Appearance

Factors that influence a person's Impairment:

•Size

The drinker's weight and body mass make a difference. Smaller people are usually affected more quickly by alcohol.

Factors that influence a person's Impairment:

•Rate of Consumption

Gulping drinks and ordering frequently will rapidly increase a person's impairment

Factors that influence a person's Impairment:

- **Gender**

Women are generally smaller than men and have more body fat, therefore tend to become impaired more quickly.

Factors that influence a person's Impairment:

• Food

A full stomach slows the pace in which alcohol is absorbed.

HOWEVER, eating more before drinking will not prevent impairment.

Factors that influence a person's Impairment:

•Strength of the Drink

Drinks have different effects based on their composition. For example: straight shots, carbonated or juice mixers

Factors that influence a person's Impairment:

- **Mood**

A person who is upset, exhausted or under stress feels the effects of alcohol more quickly than others.

Factors that influence a person's Impairment:

- **Drug Use**

Legal or illegal drugs can speed up the effects of alcohol and have an unpredictable outcome.

Factors that influence a person's Impairment:

• Experience

Experienced drinkers may not exhibit signs of impairment as quickly as moderate drinkers.

Please rate your experience

- Outstanding*
- Excellent
- Very good
- Good
- Average
- Poor

Monitoring Customers:

- It takes a healthy body approximately one to two hours to eliminate a drink
- Maximum impairment isn't reached until 15-30 minutes after last drink

One drink equals:

- 1.5 ounces of 80 proof liquor
- a 12-ounce Beer
- a 5-ounce glass of wine

**12 fl oz of
regular beer**

=

**8–9 fl oz of
malt liquor**
(shown in a
12 oz glass)

=

**5 fl oz of
table wine**

=

**1.5 fl oz shot of
80-proof spirits**

How Much is TOO MUCH?

Green- GO

Characteristics

- ▶ Logical speech
- ▶ Pleasant demeanor
- ▶ Coordinated movements
- ▶ Not intoxicated

Server Responsibilities

- ▶ Okay to serve

Yellow- Slow Down

Characteristics

- ▶ More talkative & outgoing
- ▶ Argumentative
- ▶ Drinking other's drinks
- ▶ Inhibitions loosen
- ▶ Speech gets louder

Server Responsibilities

- ▶ Bring water with every drink
- ▶ Offer food
- ▶ Take glass away then come back to take the order

Red - STOP

Characteristics

- ▶ Uncoordinated gait
- ▶ Slowed reactions
- ▶ Spilling drinks
- ▶ Change in demeanor
- ▶ Irrational speech
- ▶ Laying head on table
- ▶ Glassy eyes

Server Responsibilities

- ▶ Stop serving alcohol immediately!
- ▶ Bring them water
- ▶ Have friends take home/call taxi

Keep in Mind...

Time is the ONLY thing that can sober a person up.

- People get intoxicated at different rates, however everyone sobers up at the same rate.
- Alcohol leaves the system at the rate of .015 percent per hour (LESS than one drink per hour) regardless of gender, body type and size.
- Drinking coffee, taking a shower, exercising and other things have **NO EFFECT** on how fast a person sobers up.

Alcohol Poisoning

The person:

- Cannot be woken up
- Vomits while passed out
- Cannot stand without assistance
- Has slow breathing (fewer than 6 breaths per minute)
- Has bluish/purplish or pale skin
- Has cool or clammy skin
- Has an irregular pulse (slower than 40 beats per minute)
- Has an irregular heart rhythm

WHEN IN DOUBT CALL 911!!!

Keep in Mind...

- A person doesn't reach their maximum impairment level until **15-30 minutes** after their last drink.
- It is important to re-rate your customer's level of intoxication before every sale.

Sobering Takes Time

Only time can sober someone up.

A late afternoon of heavy drinking “Happy Hour” follows a person late into the night. Notice the BAC levels if they were to stop drinking at 8:00 p.m.

Time	BAC
8 p.m.	.200
9 p.m.	.185
10 p.m.	.170
11 p.m.	.155
12 a.m.	.140
1 a.m.	.125
2 a.m.	.110
3 a.m.	.095

Keep in Mind...

You can mistake illness for intoxication.

- Look for Medic-Alert jewelry
- Other indicators (medications that are present, ask others)
- Need for prompt, correct action

WHEN IN DOUBT CALL 911!!!

Intervention Techniques:

- ▶ Take time to assess the situation – get ALL the facts
- ▶ Contain the situation, get on the same level, use the person's name
- ▶ Use “I” statements, place the blame on the establishment/management/yourself
- ▶ Never embarrass the person
- ▶ Don't accuse/judge the person
- ▶ **NEVER** use the word “**DRUNK**”
- ▶ Remain calm, but be firm
- ▶ **DO NOT TOUCH**, give the person space
- ▶ Express concern for the person's safety
- ▶ Don't get defensive, but don't back down

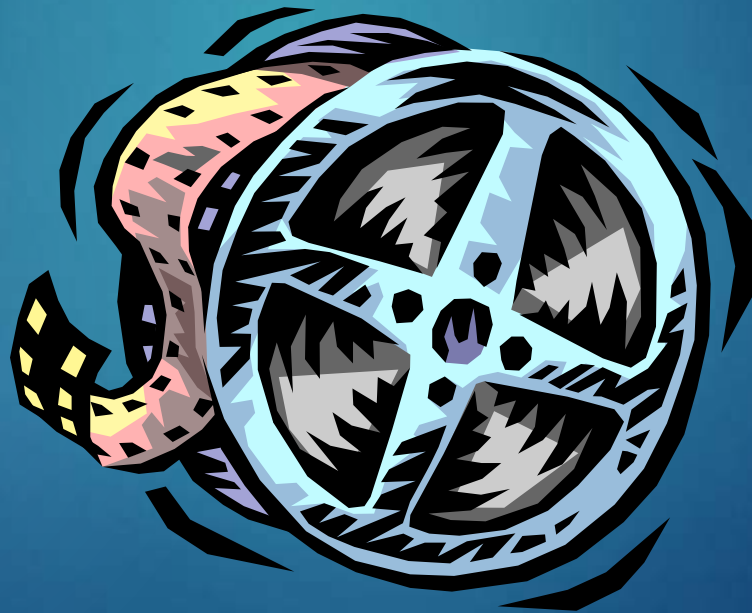

Ten Steps of Intervention

1. Assess
2. Contain
3. Use name
4. Don't judge/ Use "I"
5. Remain Calm
6. Don't Touch
7. Show Concern
8. Offer choices
9. Don't get defensive
10. Don't back down
