MEMORANDUM

TO: Fargo Native American Commission

FROM: Tia Braseth, Planning Coordinator

DATE: August 3, 2020

RE: July Staff Report

This agenda item is an effort to summarize and memorialize issues, concerns, or staff action related to the work of the Native American Commission since the last meeting. During the meeting, the Chair may open for discussion or questions concerning these items.

Staff Items

1. Local COVID-19 Response

Planning and Development Director Nicole Crutchfield continues to lead in coordinating education and quarantine support efforts for special populations through the Red River Valley COVID-19 Task Force. We continue to contract with local non-profits that provide direct support to community members.

Meanwhile, Planning staff is conducting research in preparation to use Fargo's allocation of CDBG-CV money. Planning Coordinator Tia Braseth has conducted over a dozen interviews with agencies to analyze their priority needs. A summary report of findings will be shared with you once finalized.

2. Human Relations Commission

Last month, the Human Relations Commission (HRC) made several recommendations to the City Commission, including:

- 1) To accept the recommendation from the HRC to approve the Statement of Intent as coordinated with WeAreOne.
- 2) To recognize the recommendation from the HRC to create Juneteenth as a holiday and to support further work from city leaders, members of the community, and Human Relations Commission to further explore the details of how the holiday is recognized.
- 3) To approve the HRC 2020 work plan and priorities.

In addition, the HRC submitted two letters to Fargo Public Schools, including one supporting the removing of Woodrow Wilson as a name of a high school, and one expressing concern over the recent Director of Equity and Inclusion hiring process.

3. Sweat Lodge Update

Chief Arvol Looking Horse, Keeper of the Sacred White Buffalo Calf Pipe Bundle, will visit the sweat lodge over a weekend in September to help with a ceremony for the lodge's disassembly. Please reach out to Lenore if you would like to be part of this ceremony to assist.

Moving forward, NAC member Anna Johnson will help coordinate community conversations to determine a plan for how a community sweat lodge can be sustainable for the future.

4. Land Development Code Diagnostic Report

The City of Fargo is currently conducting an evaluation of the Fargo Land Development Code (LDC) (zoning code) to identify and address any potential areas of improvement. The August 4 Planning Commission agenda includes a presentation from the consultant working on this evaluation. The LDC influences many issues that intersect or may be of interest to the NAC. A few examples include:

- the cost of housing
- what is or is not allowed in certain areas of the city (e.g., housing types, home-based occupations)
- environmental sustainability, such as design standards or density which allows for better use of infrastructure or the feasibility of public transit
- public or other open space

Here are a few ways to get involved in this project:

- Review the report. A copy has been posted to the project website at: <https://fargond.gov/city-government/departments/planning-development/land-use-zoning/land-development-code/land-development-code-ldc-diagnostic>.
- Submit comments or questions to Aaron Nelson by August 11 at ANelson@FargoND.gov.
- Attend of the August 4 Planning Commission meeting (or watch the livestream or recording later)
- Attend the August 20 Human Relations Commission meeting, where Aaron will be doing a short presentation about the project (or watch the livestream or recording later)

5. Native American Needs Assessment

In partnership with the Native American Development Center, NATIVE INC. recently received a \$200,000 grant from the Northwest Area Foundation to conduct community needs assessments among Native American communities in Bismarck, Fargo and Grand Forks.

The project seeks input from Native Americans who have lived or currently lived in those areas in regards to what programs, services, resources and infrastructures are needed in those areas. Currently interviews are underway with key Native American stakeholders and focus groups are being created with the Native American populations in these areas to assess community leaders. Leaders said they should have a report of these community needs by the end of next year.

6. Police Chief Selection Committee

In-person interviews for the police chief will begin this week. Chair Lenore King continues to serve at the Native American Commission representative, along with four at-large community members, one Human Relations Commission member. Other members include Mayor Tim Mahoney, Commissioner Dave Piepkorn, Fargo Public Schools Superintendent Rupak Gandhi, Park District Executive Director Dave Leker, city staff, and police officers.

7. 2020 Census

Please help spread the word about two upcoming Census Mobile Questionnaire Assistance (MQA) events at the Fargo Public Library – Main Branch (102 3RD St. N) scheduled for:

- Monday, August 10th: 4:00 pm - 8:00 pm
- Wednesday August 12th: 10:00 am - 2:00 pm

Official Census Bureau employees will be there to provide assistance with completing forms. Attendees are encouraged to bring their 2020 Census packet that was delivered, if available, although this is not required. If you have questions about this event, please contact our Census Partnership Specialist Erin Musland at erin.f.musland@2020census.gov or 701-659-3566.

Additionally, Non-Response Follow-Up (NRFU) began in North Dakota last week and will run through October 31, 2020. During the NRFU operation, census enumerators will be going door-to-door to collect data from households that have not yet completed their census questionnaires.

Please continue to spread the message that it's not too late to complete your census questionnaire. Households may self-respond at any time through October 31, 2020 (the last day to be counted), and doing so now may eliminate the knock at your door.

The charts below show where we stand right now -- comparing our current 2020 Census self-response rates (as of today, 7/30/20) to our final self-response rates for the 2010 Census. Our goal is to surpass our 2010 self-response rates.
