RE: Amending Section 8-1009 pertaining to Night Parking Restrictions

Mayor and Commissioners,

Pursuant to your directive on August 27, 2025, at the request of Public Works Operation Director Ben Dow, please find attached for receive and file amended Fargo Municipal Code § 8-1009, removing the night parking restrictions for locations outside of the central business district. Staff evaluated the continued necessity of the seasonal overnight parking restrictions and determined that the one sided parking restriction implemented in 2011 sufficiently addressed the concerns, and the overnight parking restrict is no longer necessary.

Suggested Motion: I move to receive and file the following ordinance amending section 8-1009 of Article 8-10 of Chapter 8 of the Fargo Municipal Code relating to the Traffic Code.

Please contact me if you have any questions, comments or concerns.

STATE OF NORTH DAKOTA

IN DISTRICT COURT

COUNTY OF CASS

EAST CENTRAL JUDICIAL DISTRICT

James and Victoria Ingstad,

Plaintiffs,

v.

City of Fargo, a North Dakota municipal
corporation,

Defendant.

Case No. 09-2025-CV-03948

COMPLAINT

[¶1] **COMES NOW**, Plaintiffs, James and Victoria Ingstad (“Plaintiffs”), by and through counsel, for their Complaint against Defendant City of Fargo (“City”), allege and state as follows:

I. PARTIES, JURISDICTION, AND VENUE

[¶2] Plaintiffs are residents of Cass County, North Dakota, and owners of real property located at 1102 32nd Avenue South, Fargo, North Dakota (the “Property”).

[¶3] Defendant City of Fargo is a municipal corporation organized under the laws of the State of North Dakota and operating within Cass County.

[¶4] Jurisdiction is proper under N.D.C.C. § 27-05-06 and venue is proper in Cass County pursuant to N.D.C.C. § 28-04-01 because the claims arise from actions affecting real property located in Cass County.

II. FACTS

[¶5] Since at least 1997, Plaintiffs have maintained and improved the Property, including landscaping and driveway access in and through the City’s right of way, with the City’s

knowledge and tacit approval. In 2009, Plaintiffs met with City officials, including Mayor Walaker and City Administrator Bittner, wherein the City gave Plaintiffs express permission to plant trees, landscape, and improve drainage through the City's right of way adjacent to Plaintiffs' Property. Plaintiffs have maintained that access and all landscaping improvements from that time forward.

[¶6] In 2009, the City constructed a levee adjacent to the Property as part of its emergency flood protection efforts. The levee was built without Plaintiffs' consent, without compensation, and without formal condemnation proceedings.

[¶7] The City represented the levee as a temporary structure, yet it remains in place to this day, occupying a portion of Plaintiffs' land and impairing access, visibility, and marketability of the Property.

[¶8] The City represented the levee was on City property until 2023, when, for the first time, the City notified Plaintiffs the structure had been built on their property.

[¶9] The levee has encroached on Plaintiffs' Property, without Plaintiffs' consent, without condemnation proceedings, and without compensation, continuously since 2009.

[¶10] In 2015, the City initiated a buyout program for similarly situated homeowners along River Drive, Hackberry Drive, and Harwood Drive. Plaintiffs requested an offer but were never provided one, nor was an appraisal ever conducted. Upon information and belief, Plaintiffs were the only City residents in this area who requested an offer at the City's invitation and were ignored.

[¶11] From 2009 to the present day, due to the existence of the levee built by the City, the value of Plaintiffs' property was substantially diminished, yet the City refused to consider

offering a buyout to Plaintiffs even while the City offered just compensation to the vast majority, if not all, of Plaintiffs' neighbors who were similarly situated.

[¶12] From 2009 to the present day, due to the actions by the City and in part due to the construction of the encroaching levee, the Plaintiffs' Property has been without adequate flood protection and, as a result, the Property's value has been greatly diminished.

[¶13] In 2023-2025, the City undertook construction of Lift Station #27, which further disrupted Plaintiffs' use and enjoyment of the Property, including multiple periods of blocked access.

[¶14] The City has so disrupted Plaintiffs' use of their Property that they have not had garbage service (despite paying the City for service), their regular mail service is disrupted on a regular basis, packages do not get delivered, contractors hired to work on Plaintiffs' house are denied access, and Plaintiffs themselves are completely and totally prohibited from accessing their home for days and even weeks at a time.

[¶15] When the City informed Plaintiffs of the Lift Station project, they told Plaintiffs that if, at any time, their common access to their home was impeded, they would always maintain separate access into their home. The City told Plaintiffs they would never be blocked from accessing their property.

[¶16] Due to the nature of the Lift Station project and its proximity to Plaintiffs' home, the means of accessing Plaintiffs' house has been changed drastically and will permanently be altered. As a result, the City did engage in discussions with Plaintiffs about the route of the drive into Plaintiff's home.

[¶17] Plaintiffs invested substantial resources into landscaping and driveway improvements, including over \$10,000.00 paid to a landscape architect and many hours spent with City

officials to discuss plans for the driveway. After this investment, the City left Plaintiffs with the understanding that Plaintiffs' plan for landscaping was approved. The City later imposed new restrictions that rendered the improvements unworkable.

[¶18] The Lift station project was initially planned for completion by July, 2025. In fact, while they had agreed to conclude all work by November, they asked Plaintiffs to agree to allow them to work into December and January. Plaintiffs agreed because they were told there was no reason why the work would take longer than July.

[¶19] As of September 15, 2025, the project is still unfinished and contractors informed Plaintiffs that they will once again block Plaintiffs' ability to access their home for an extended period of time. When Plaintiffs asked them to allow for access, the contractors refused, saying they needed to finish more quickly.

[¶20] On September 15, 2025, the City notified Plaintiffs that the driveway access to their home will be narrower than anticipated, meaning there would not be two-way travel and larger vehicles, trucks, and vans would have difficulty accessing Plaintiffs' property.

[¶21] The City now seeks to impose additional limitations on Plaintiffs' use of the right-of-way and proposes charging Plaintiffs for berm tie-ins, despite the City's own use of Plaintiffs' Property for public flood protection.

[¶22] The City's actions have substantially interfered with Plaintiffs' property rights, diminished the value of the Property, and deprived Plaintiffs of the reasonable use and enjoyment of their land.

III. CLAIMS FOR RELIEF

COUNT I – INVERSE CONDEMNATION

[¶23] Plaintiffs reallege paragraphs 1–22 as if fully set forth herein.

[¶24] The City's construction and continued maintenance of the levee constitutes a physical occupation and taking of Plaintiffs' property for public use without just compensation, in violation of Article I, § 16 of the North Dakota Constitution and the Fifth and Fourteenth Amendments to the U.S. Constitution.

[¶25] Plaintiffs are entitled to compensation for the fair market rental value of their property from 2009 to the present day because the City's actions constitute a temporary, total taking of Plaintiffs' property.

[¶26] Plaintiffs are entitled to compensation for the taken portion of Plaintiffs' property, along with consequential and severance damages to the property and the resulting diminution in value to Plaintiffs' property as a whole.

[¶27] The City's Lift Station construction project and the resulting impact on Plaintiffs' use and enjoyment of their home, along with the impact on Plaintiffs' ability to access their home constitutes a taking of Plaintiff's property for public use without just compensation, in violation of Article I, § 16 of the North Dakota Constitution and the Fifth and Fourteenth Amendments to the U.S. Constitution.

[¶28] Plaintiffs are entitled to compensation for the ongoing work on the project that has resulted in an adverse impact on Plaintiffs' free use and enjoyment of their property.

[¶29] Plaintiffs are entitled to compensation due to the ongoing work on the project that has resulted in an adverse impact on Plaintiffs' reasonable access to and from their property, including but not limited to, periods of time when Plaintiffs were blocked entirely from accessing their home.

[¶30] The value of Plaintiffs' property will be greatly, permanently diminished as a result of the completion of the project.

[¶31] Plaintiffs are entitled to just compensation as a result of the adverse effect the project will have on Plaintiffs' property.

COUNT II – TRESPASS

[¶32] Plaintiffs reallege paragraphs 1–31 as if fully set forth herein.

[¶33] The City's unauthorized entry onto and continued occupation of Plaintiffs' land constitutes a continuing trespass.

[¶34] The City's actions were intentional, without consent, and have caused actual harm to Plaintiffs' possessory interests.

[¶35] Plaintiffs are entitled to damages for the trespass, including loss of use, emotional distress, and costs associated with remediation and access disruption.

COUNT III – PRIVATE NUISANCE

[¶36] Plaintiffs reallege paragraphs 1–35 as if fully set forth herein.

[¶37] The City's construction, maintenance, and continued presence of the levee on Plaintiffs' property — without consent or compensation — has substantially and unreasonably interfered with Plaintiffs' use and enjoyment of their land.

[¶38] The City's actions have impaired access to the Property, obstructed visibility, disrupted landscaping plans, and diminished the Property's marketability and value.

[¶39] These interferences are ongoing, substantial, and unreasonable, and constitute a private nuisance under N.D.C.C. § 42-01-01, N.D.C.C. § 42-01-02, and applicable common law.

[¶40] As a direct and proximate result of the City's private nuisance, Plaintiffs have suffered damages including loss of use, diminished property value, emotional distress, and costs associated with remediation and access disruption.

COUNT IV – PUBLIC NUISANCE

[¶41] Plaintiffs reallege paragraphs 1–40 as if fully set forth herein.

[¶42] The City’s actions — including the construction and maintenance of the levee, imposition of new restrictions on landscaping and driveway access, and disruption caused by Lift Station #27 — have interfered with public rights, including access to public infrastructure and the safe, reasonable use of adjacent public rights-of-way.

[¶43] The City’s conduct has rendered portions of the public right-of-way dangerous, inaccessible, and unusable for extended periods, affecting not only Plaintiffs but also other members of the public.

[¶44] These actions constitute a public nuisance under N.D.C.C. § 42-01-06 and applicable law.

[¶45] Plaintiffs have suffered special injury distinct from the general public, including blocked access to their home, devaluation of their property, and loss of privacy and use of the right-of-way.

[¶46] Plaintiffs are entitled to damages and injunctive relief to abate the public nuisance and restore reasonable access and use of the affected areas.

IV. PRAYER FOR RELIEF

[¶47] WHEREFORE, Plaintiffs respectfully request that the Court enter judgment in their favor and against Defendant City of Fargo as follows:

- a. For a declaration that the City’s actions constitute a taking under North Dakota and federal law;
- b. For just compensation for the inverse condemnation, including fair market rental value and diminution in value;
- c. For damages resulting from trespass, including loss of use and enjoyment;
- d. For pre- and post-judgment interest;

- e. For costs, disbursements, and attorney's fees as allowed by law; and
- f. For such other and further relief as the Court deems just and equitable.

JURY DEMAND

[¶48] PLAINTIFFS RESPECTFULLY DEMAND A TRIAL BY JURY OF SIX PERSONS ON ALL CLAIMS THAT ARE SO TRIABLE.

Plaintiffs,

v.

**BRIEF IN SUPPORT OF
MOTION FOR TEMPORARY
RESTRAINING ORDER /
PRELIMINARY INJUNCTION**

City of Fargo, a North Dakota municipal
corporation,

Defendant.

I. INTRODUCTION

[¶1] Plaintiffs James and Victoria Ingstad respectfully submit this brief in support of their Motion for Temporary Restraining Order and Preliminary Injunction. Plaintiffs seek to preserve the status quo and prevent the City of Fargo from taking further unilateral action adversely affecting their property at 1102 32nd Avenue South, Fargo, North Dakota (the “Property”), including:

- Preventing Plaintiffs from accessing their home;
- Imposing new restrictions on landscaping and driveway access;
- Revoking historical permissions for use of the right-of-way; and
- Continuing to occupy the Property with a levee constructed without consent or compensation

Plaintiffs are entitled to injunctive relief under Rule 65 of the North Dakota Rules of Civil Procedure and N.D.C.C. § 32-06-02.

II. FACTUAL BACKGROUND

[¶2] Since at least 1997, Plaintiffs have maintained and improved the Property, including landscaping and driveway access from the City’s 32nd Ave S. Right of Way, with the City’s

knowledge and tacit approval. *See* Declaration of James Ingstad at ¶¶ 5-6. In 2009, without first seeking Plaintiff's permission, the City constructed a levee on the Property as part of its emergency flood protection efforts. *See* Complaint at ¶ 6. The levee was built without Plaintiffs' consent, without compensation, and without formal condemnation proceedings. *Id.* at ¶ 9. The City represented the levee as a temporary structure, yet it remains in place to this day, occupying a portion of Plaintiffs' land and impairing access, visibility, and marketability of the Property. *Id.* at ¶ 7. In 2015, the City initiated a buyout program for similarly situated homeowners along River, Harwood, and Hackberry Drives, among other neighborhoods. *Id.* at ¶ 10. Plaintiffs requested an offer but were never provided one, nor was an appraisal conducted. *Id.* at ¶ 11. Upon information and belief, Plaintiffs were the only residents who requested an offer but were never given one in this neighborhood.

[¶3] Now, from 2023–2025, the City undertook construction of Lift Station #27, to the North/Northwest of Plaintiffs' Property, which has further disrupted Plaintiffs' use and enjoyment of the Property, including multiple periods of blocked access. *See* Declaration of James Ingstad at ¶¶ 8-16. During construction beginning in the fall of 2024 and extending through the summer of 2025, the City's work has resulted in at least 30 full days where nobody, including Plaintiffs, were able to get in or out from the Property due to the construction project. *Id.* at ¶ 8. When the City first informed Plaintiffs of the project in 2023, they represented to Plaintiffs that at no time would they be without access to their home.

[¶4] At the City's invitation, and due to the impact the project would have on Plaintiffs' Property, Plaintiffs invested substantial resources into landscaping and driveway improvements, including over \$10,000 paid to a landscape architect. *See* Complaint at ¶ 17. Plaintiffs spent hours with City officials discussing plans for landscaping and the driveway

access. The City reviewed these plans but later imposed new restrictions that rendered the improvements unworkable. *Id.* The City now seeks to impose additional limitations on Plaintiffs' use of the right-of-way and proposes charging Plaintiffs for berm tie-ins, despite the City's own use of the land for public flood protection. *Id.* at ¶ 21. The City's actions have substantially interfered with Plaintiffs' property rights, diminished the value of the Property, and deprived Plaintiffs of the reasonable use and enjoyment of their land. *See* Declaration of James Ingstad at ¶¶ 14-16.

[¶5] On September 15, the City informed Plaintiffs they would be without access for at least five days beginning on Thursday, September 18. *Id.* At ¶ 10. The City also informed Plaintiffs that the driveway they intended to create would be too narrow for two-way travel and would not follow what Plaintiffs had requested nearly two years prior – plans the City had heretofore accepted without comment that allowed for spacing between the drive and the lift station walls for privacy. *Id.* at ¶¶ 11 – 16.

[¶6] Plaintiffs now seek Injunctive Relief to maintain the status quo and to avoid irreparable harm to Plaintiffs' property rights. The City should not be allowed to pour concrete until they can assure Plaintiffs will have access to their home throughout the project, and the City should not be allowed to unilaterally reject Plaintiffs' plan for the permanent drive into their home for a pathway that is too narrow for larger trucks, vans, and too narrow for two-way travel. Such a path would irreparably harm Plaintiffs, as it would diminish the value of their home.

III. LAW AND ARGUMENT

A. Legal Standard

[¶7] This Court is authorized by Rule 65, N.D.R.Civ.P., to issue temporary restraining orders, preliminary injunctions, and other forms of temporary injunctive relief. *See* N.D. R. Civ. P. 65. Specifically, Rule 65 of the North Dakota Rules of Civil Procedure states:

[¶8] Basis for Relief. The court may issue a temporary restraining order only if it finds:

- (A) appropriate injunction grounds;
- (B) a clear need for immediate relief; and
- (C) either:
 - (i) the moving party gave reasonable notice or made reasonable efforts to give reasonable notice to the opposing party's attorney, if known, or if not known, to the opposing party; or
 - (ii) a substantial reason exists for not giving notice.

N.D. R. Civ. P. 65.

[¶9] The issuance of temporary injunctive relief is within the discretion of the district court. *Vorachek v. Citizens State Bank of Lankin*, 461 N.W.2d 580, 585 (N.D. 1990). A temporary restraining order (“TRO”) and a preliminary injunction are tools that permit the court to exercise its discretion to preserve the status quo for trial and protect the rights of the applicant pending a determination on the merits. *Id.*; *see also State v. Holecek*, 545 N.W.2d 800, 804 (N.D. 1996) (holding “the purpose of a temporary or preliminary injunction ‘is to maintain the cause in status quo until a trial on the merits.’”) (quoting *Gunsch v. Gunsch*, 69 N.W.2d 739, 745 (N.D.1954)).

[¶10] The grounds for an injunction are also statutorily defined in North Dakota and are as follows:

An injunction may be granted in any of the following cases:

1. When it shall appear by the complaint that the plaintiff is entitled to the relief demanded, and such relief, or any part thereof, consists in restraining the commission or continuance of some act, the commission or continuance of which during the litigation would produce injury to the plaintiff.
2. When, during the litigation, it shall appear that the defendant is doing or threatening, or is about to do, or is procuring or suffering, some act to be done in violation of the plaintiff's rights respecting the subject of the action and tending to render the judgment ineffectual, a temporary injunction may be granted to restrain such act.
3. When, during the pendency of an action, it shall appear by affidavit that the defendant threatens, or is about to remove or dispose of the defendant's property, with intent to defraud the defendant's creditors, a temporary injunction may be granted to restrain such removal or disposition.

N.D.C.C. § 32-06-02. Once a TRO is in place, a court may issue a subsequent preliminary injunction after a preliminary injunction hearing. *See* N.D. R. Civ. P. 65(b).

B. A Temporary Restraining Order / Preliminary Injunction in Favor of Plaintiffs is Necessary to Preserve the Status Quo.

[¶11] A preliminary injunction is appropriate on these facts. “A trial court’s discretion to grant or deny a preliminary injunction is based on the following factors: (1) substantial probability of succeeding on the merits; (2) irreparable injury; (3) harm to other interested parties; and (4) effect on the public interest.” *Eberts v. Billings Cty. Bd. of Comm’rs*, 2005 ND 85, ¶ 8, 695 N.W.2d 691. “The burden of establishing the necessity of a temporary restraining order or a preliminary injunction is on the movant.” *Crawford Capital Corp. v. Bear Soldier Dist.*, 374 F. Supp. 2d 821, 824 (D.N.D. 2005). “No single factor in itself is dispositive; in each case all of the factors must be considered to determine whether on balance they weigh

towards granting the injunction.” *Id.* “The court’s discretion is exercised in light of preserving the status quo and protecting the rights of the applicant pending a determination on the merits.” *Vorachek v. Citizens State Bank of Lankin*, 461 N.W.2d 580, 585 (N.D. 1990). Here, each of the four factors weigh in favor of granting the requested injunctive relief against the Defendants.

1. **Substantial probability of success on the merits.**

[¶12] When seeking temporary injunctive relief to maintain the status quo, North Dakota courts apply a relatively low bar with respect to establishing a likelihood of success on the merits. The moving party is not required to show that it will prevail at a final trial on the merits, or that its rights are clearly established. *Gunsch v. Gunsch*, 69 N.W.2d 739, 750 (N.D. 1954). Instead, “[i]t is sufficient if it appears that there is a real and substantial question between the parties” *Id.* If the plaintiff, by its complaint, appears entitled to relief, then temporary injunctive relief may be granted. *Fargo Women's Health Org., Inc. v. Lambs of Christ*, 488 N.W.2d 401, 406 (N.D. 1992) (citing N.D.C.C. § 32-06-02(1)).

[¶13] Here, Plaintiffs far exceed this low bar by establishing that they are highly likely to succeed on the merits of their underlying claims. Plaintiffs’ Complaint, filed simultaneously to this brief, asserts causes of action for trespass and taking that has been ongoing for years.

[¶14] Article I, § 16 of the North Dakota Constitution declares that “[p]rivate property shall not be taken or damaged for public use without just compensation having been first made to, or paid into court for the owner.” “Inverse condemnation actions are a property owner’s remedy, exercised when a public entity has taken or damaged the owner’s property for a public use without the public entity’s having brought an eminent domain proceeding.” *Aasmundstad v. State*, 2008 ND 206, ¶ 15, 763 N.W.2d 748 (quoting *Knutson v. City of Fargo*, 2006 ND 97,

¶ 9, 714 N.W.2d 44). ‘To establish an inverse condemnation claim, a property owner must prove a public entity took or damaged the owner’s property for a public use and the public use was the proximate cause of the taking or damages.’ *Aasmundstad*, at ¶ 15.” It cannot be seriously disputed that the City has been using the Plaintiffs’ land without compensation since 2009. The City’s levee constitutes a physical occupation of private land for public use without just compensation, violating Article I, § 16 of the North Dakota Constitution and the Fifth Amendment. The City’s continued occupation and interference with the Property is unauthorized and ongoing.

[¶15] While this alone is egregious enough to warrant injunctive relief, the City is now on the cusp of further deteriorating the value of Plaintiff’s property by completing a project that will render their current plans for a driveway obsolete and make it extremely difficult to reasonably access the property. In addition, as of September 15, the City informed Plaintiffs that their work will block Plaintiffs from access to their home for at least 5 days. *See* Decl. of Ingstad, ¶10. In *Yegen v. City of Bismarck*, the North Dakota Supreme Court held that while traffic flow and parking regulations are generally within the City’s police powers, they cannot override a property owner’s right to reasonable access or be used to justify uncompensated interference with property rights. 291 N.W.2d 422, 424 (N.D. 1980); *see also Cummings v. City of Minot*, 67 N.D. 214, 271 N.W. 421 (1937) (“The rights of an abutting owner to ingress and egress are private rights which cannot be destroyed or impaired without just compensation.”). This too justifies the granting of an injunction.

[¶16] The lift station project has resulted in multiple long stretches when the Plaintiffs were blocked from accessing their home and without immediate action, this will occur again. *See* Decl. of Ingstad, ¶ 7 – 9. In *Filler v. City of Minot*, the court found that the elimination of

access points, while a temporary obstruction, was compensable if it completely prevented access to the property at issue. 281 N.W.2d 237, 244 (N.D. 1979). That is exactly what is occurring here and the Plaintiffs are likely to succeed on the merits. Given all of the above, this factor weighs in favor of granting immediate injunctive relief.

2. Irreparable injury

[¶17] “The preservation of the status quo recognizes that the most important prerequisite for the issuance of a preliminary injunction is a demonstration that, if the preliminary injunction is not granted, the applicant is likely to suffer irreparable harm before a decision on the merits can be rendered.” *Vorachek v. Citizens State Bank of Lankin*, 461 N.W.2d 580, 585 (N.D. 1990). As the Court in *Vorachek* further explained:

An injury is irreparable when it cannot be adequately compensated in damages, and it is not necessary that the pecuniary damage be shown to be great. * * * Acts which result in a serious change of, or are destructive to, the property affected either physically or in the character in which it has been held or enjoyed, * * * do an irreparable injury.

Id. (citing *Viestenz v. Arthur Twp.*, 78 N.D. 1029, 54 N.W.2d 572, 578 (1952)).

[¶18] Absent immediate injunctive relief in the form of a temporary restraining order, Plaintiffs stand to be irreparably harmed by: (1) loss of access and use of their driveway; (2) destruction of landscaping; (3) continued devaluation of their home; and (4) ongoing trespass and uncompensated occupation. The Plaintiff’s merely seek to maintain the status quo and pause the City’s project while this litigation plays out, or at least until the parties can resolve this aspect of their dispute. Should injunctive relief not be granted, the property in question will diminish in value while this litigation runs its course and Plaintiffs will be without access to their home. These harms cannot be remedied by monetary damages alone and warrant

immediate relief. Given all of the above, this factor similarly weighs in favor of granting immediate injunctive relief.

3. Harm to other interested parties and effect on the public interest.

[¶19] Defendants will not suffer any harm if the Court issues the requested TRO and preliminary injunction. Plaintiffs are requesting a restraining order and preliminary injunction against the City preventing them from taking unilateral action that will destroy the value of Plaintiffs' property. The City's rights will not be violated should the Court decide to issue the requested TRO and preliminary injunction. If successful on the merits, the City will be able to restart its project having only lost time. Once a TRO and preliminary injunction are issued and the status quo maintained, the parties will be able to attempt resolution of their ongoing dispute and/or proceed to a decision on the merits of Plaintiffs' claims. However, if the injunction is not granted, even significant monetary damages would fail to replace the unique character of real estate. Accordingly, this factor weighs in favor of granting immediate injunctive relief.

[¶20] Lastly, the City's actions undermine trust and violate constitutional protections. The public interest will be best served if immediate injunctive relief is granted. The public has a significant interest in ensuring that City is not allowed to unilaterally destroy property values with vindictive and/or poorly planned projects or use the public's land without permission or compensation in perpetuity. The public interest favors fair dealing, respect for property rights, and accountability in municipal land use. This factor weighs in favor of granting immediate injunctive relief.

IV. CONCLUSION

[¶21] All four factors considered in awarding injunctive relief favor a temporary restraining order and preliminary injunction at this stage. There is a clear need for immediate relief in

order to protect the Company and to maintain the status quo pending a decision on the merits. Likewise, notice has been given to the Defendants. Accordingly, Plaintiffs respectfully request that the Court grant their Motion and enter an order:

1. Enjoining the City from continuing with the driveway project until the driveway design is adequate and can be completed without entirely blocking Plaintiffs' access to their home;
2. Enjoining the City from imposing new restrictions on landscaping or driveway access;
3. Prohibiting the City from charging fees for berm tie-ins;
4. Preventing the City from removing existing trees or landscaping;
5. Requiring the City to maintain the status quo pending resolution;
6. Granting such other relief as the Court deems just and equitable;

v.

Case No. 09-2025-CV-03948

**DECLARATION
OF JAMES INGSTAD**

James Ingstad, being first duly sworn, deposes and states:

1. I am a Plaintiff in the above captioned lawsuit and make the following statements of my own personal knowledge and belief.
2. My wife, Victoria, and I have lived at our home at 1102 32nd Ave S. continuously since 1998.
3. Our property is adjacent to the 32nd Ave S. city right of way, though to my knowledge, a road has never been built, nor is a bridge across the river planned.
4. For as long as we have owned our Home, the City of Fargo operated a lift station for flood water control purposes in the right of way. As part of that operation, a pipe has run through the right of way, from east-west.
5. For as long as we have owned our home, until 2023, we have had unimpeded, continuous access from our driveway directly onto 32nd Ave S.
6. Sometime in 2023, I was informed by the City that they planned to construct a new lift station, called Lift Station #27, within their right-of-way. I was told that the work

would have an impact on the means and route of access to our home but that the City would work with my wife and I on ensuring that we had input in the work.

7. We were never informed prior to construction, that as part of the construction process, we would be entirely blocked from access to and from our home. In fact, the City informed us that whenever the work might impede access, they would ensure we had an alternative access.

8. Since the project began, we have been blocked from accessing our home for at least 30 days in total, though I believe the actual number of days to be more. At times we have gone a week or even longer at a time without the ability to access our home, accept deliveries, have anyone work on our home, or provide services to our home.

9. For a little more than a year now, due to the construction process, we have not had garbage service. We have had to haul our trash ourselves, even though we pay the City for this service.

10. On September 15, 2025, I was informed that the contractors again intended to block our access to our home, likely for at least five days straight, if not longer.

11. I informed the City and its representatives that this would be unacceptable but it's my understanding as of today that the City intends to go forward with their work as planned, without regard to our concerns or our desire to access our home.

12. I was also informed on September 15, 2025, that the City and its contractor intended to pour a drive into our home that would be no more than 14' wide with very little, if any, buffer between the planned concrete walls and fence that would line either side of the drive to our home.

13. When we were asked to provide input, we requested a road wide enough to allow for two-way travel, and to allow for service trucks, work trucks, and any other larger vehicles to pass through.

14. Another concern was that I did not want the road to run directly next to the lift station.

15. I proposed plans that would accomplish this goal but my requests have been ignored.

16. On September 15, 2025, I was informed that the City will ignore our requests, which will have a serious, adverse impact on our property value.

17. I was also informed on September 15 that if the City would work on the lift station, such as have a pump truck accessing the station, we would be unable to travel to and from our home.

18. Once the City carries on with this work, which I was told about just yesterday, the work will be irreversible and the harm to my property will be irreparable.

19. FURTHER YOUR AFFIANT SAYETH NOT.

I declare under penalty of perjury that the foregoing statements are true and correct to the best of my knowledge.

Dated this 17th day of September, 2025.

Re: Project No. UR-25-D1 – Change Order #1

Background:

Project No. UR-25-D1 is for the Utility Rehab/Reconstruction of several Sanitary Sewer Manholes throughout the City.

Key Contracting is the Prime Contractor for this project.

Change Order #1

The following items were encountered throughout the construction of this project:

1. Site #2 - 7th Avenue & 21st Street North:

The Contractor was directed to make an additional repair in the north drop connection of the sanitary manhole in this intersection. The 10" vitrified clay pipe (VCP) had broken at the tee. The Contractor grouted the broken area to redirect sewer flow back into the drop connection. The total contract price adjustment for this work is \$1,250.00.

2. Site #3 - 15th Street & 11th Avenue South:

Due to the bottom of the sanitary sewer manhole being completely washed out with a void 24" below the pipe inverts, the Contractor had to rebuild the grade below the invert prior to being able to make the planned repairs to this manhole. The Contractor had to install concrete block and rock while maintaining the sewage flows through this structure. The total contract price adjustment for this work is \$2,475.00.

Key Contracting is requesting a total of \$3,725.00 for this work.

Recommended Motion:

Approve Change Order #1 in the amount of \$3,725.00 to Key Contracting for Project No. UR-25-D1.

- c. Notwithstanding the repair and maintenance responsibilities set forth elsewhere herein, Fargo and the Park District shall split any and all costs of a future trail replacement equally.

5. Park District General Maintenance. Park District shall be responsible for the repair and maintenance of all amenities and improvements placed by Fargo for the proposed path and its connections as shown in Exhibit "A" attached hereto, as well as path pavement maintenance and repair, and snow and debris removal, as necessary, for the entire length of the path (including portion within VA property), EXCEPT as stated in paragraph 6 of this Agreement and that in the event the shared use trail or vegetation constructed by Fargo are damaged as a result of Fargo's construction, maintenance or reconstruction, Fargo shall repair the same, at Fargo's cost. Park District understands and agrees that it may not construct any permanent structures on the property, make any modifications to the levees, or plant any trees on Fargo or VA property, or plant any trees within 15-feet of the toe of the levee, unless otherwise agreed to in writing signed by both parties. Fargo and Park District understand and agree that any work to be completed pursuant to this Agreement that may disrupt Park District use of the property shall be coordinated between the parties so as to minimize impacts, to the extent possible.

- b. Park District shall be responsible for mowing and providing all weed control within a 10-foot buffer area on each side of the proposed path and its connections (the "Buffer Area"), and all weed control within this area. All Fargo owned property outside this Buffer Area remains the responsibility of Fargo to mow and provide weed control. All VA owned property outside this Buffer Area remains the responsibility of VA to mow and provide weed control. All Park District owned property remains the responsibility of Park District to mow and provide weed control.
- c. Park District understands and agrees that any work completed by Park District may not impact Fargo's flood control system without prior written consent of Fargo.
- d. Park District is also authorized to close the shared use path via the VA property line gates upon the occurrence of a flood event that renders the portions of the shared use path located on the VA property as unsafe for use, and reopen them once the flood event has passed.

6. Veteran Affairs Hospital General Maintenance. The VA will maintain and cover any future maintenance cost of any items specifically for VA property. This includes: the solar lights, property signage, property fencing, and the four vehicle gates with two being placed within the VA property, and one gate each being placed near the north and south property line of the VA.

7. Dispute Resolution.

- a. Fargo and the Park District will each designate a representative who will be the party's representative with respect to any matters relating to the repair and/or maintenance of the improvements and amenities identified herein, which may be in dispute or requiring agreement under the terms of this Agreement. Such representative may be changed from time to time. The representatives will be responsible for resolving any dispute between the parties concerning this Agreement and for the preparing of an annual schedule of maintenance and repairs.
- b. If the designated representatives cannot agree with respect to any matter requiring agreement or with respect to any dispute concerning this Agreement, the parties will submit the matter to their respective Boards (or a committee established by the Board) to resolve the dispute.

8. Term. The term of this Agreement will be 30 years. This Agreement will automatically renew for successive periods of 30 years. If either party intends to terminate this Agreement, at least 180 days' Notice prior to expiration of the current term shall be given to the other party. The LPA agrees to the terms and conditions required for this project by the Federal Highway Administration (FHWA).

NDDOT will procure federal funds for the construction of the project, pursuant to Title 23 of the United States Code.

Federal funds obligated for this project shall not exceed 90 percent of the total eligible project cost up to a maximum of \$525,637.68. The balance of the project is the obligation of the LPA.

Additional Funding Clause

The total eligible project costs include the cost of those items shown in the engineer's detailed estimate as approved for federal funds and any project changes approved by NDDOT for the use of federal funds.

Federal funds may not be obligated by the LPA, prior to FHWA approval of the program documents for the project.

PART I

LPA Obligation:

1. To comply with the Disadvantaged Business Enterprise (DBE) requirements established by NDDOT for the project.

The LPA shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any USDOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR Part 26. The LPA shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of USDOT-assisted contracts. NDDOT's DBE program, as required by 49 CFR Part 26 and as approved by USDOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the LPA of its failure to carry out its approved program, the USDOT may impose sanctions as provided for under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et. Seq.).

Include the following paragraph verbatim in any subcontracts they sign relative to this project:

The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the solicitation, award, and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as NDDOT deems appropriate.

2. To comply with requirements of 23 CFR Part 633, Required Contract Provisions, and 23 CFR Part 635, Construction and Maintenance.
3. To construct the project in conformity with the construction contract, changes to the plans shall meet the requirements of 23 CFR Part 625, Design Standards for Highways and the current edition of the NDDOT's *Local Government Manual*.
4. To construct the project in conformity with the approved environmental documents and provide for the implementation of any measures mitigating the environmental impact of the project.
5. To comply with the procedures outlined in the current edition of NDDOT's *Local Government Manual*.
6. To comply with the current edition of NDDOT's *Right of Way Acquisition Procedures for Local Public Agency Federal Aid Projects*.
7. The LPA will be responsible for any consideration, avoidance, and minimization of impacts upon real property related to this project, such as changes in the grades of streets, inconvenience to property or business, and any loss of light, air, view, access, egress, drainage, support, or nuisance,
8. To comply with the requirements of Appendices A and E of the Title VI Assurances, attached and incorporated by reference herein.

PART II

Contracting and Construction:

1. On behalf of the LPA, NDDOT will:
 - a. Prepare the bid package, solicit proposals, and include the project in a scheduled bid opening as provided in the North Dakota Century Code, Chapter 24-02.
 - b. Evaluate the bids as to the sufficiency of Disadvantaged Business Enterprise (DBE) participation and the bidder's good faith efforts in satisfying the requirements of the current edition of the DBE special provision, and 49 CFR Part 26. NDDOT shall have exclusive authority in evaluating the adequacy of DBE participation.
 - c. Tabulate the bids and send to the LPA.
 - d. Concur in the award of the contract, after the LPA has executed the contract, for the sole purpose of enabling the LPA to procure federal aid for the construction of the project.
2. The LPA will:
 - a. Review bids to determine the lowest responsible bidder.
 - b. Execute the contract.
 - c. Distribute copies of the executed contract and contract bond to NDDOT.
3. During the construction of the project, the LPA will:
 - a. Provide engineering services, material testing, and inspection of the work as required by the contract documents and the current editions of NDDOT's *Sampling and Testing Manual* and the *Standard Specifications for Road and Bridge Construction*.
 - b. Keep all project records and documentation as required in NDDOT's current editions of the *Construction Records Manual* and the *Construction Automated Records System*.
 - c. Make all records available to NDDOT and FHWA for inspection upon request. The LPA will submit all documents and records to NDDOT for review before final payment is made. NDDOT will maintain the project records for three years from the final voucher date of FHWA and then return them to the LPA.
 - d. Be responsible for any changes in plan, character of work, quantities, site conditions, or any claim for extra compensation. NDDOT will review all contract adjustments to determine if the adjustments are eligible for federal aid. Federal aid shall be limited to the amount stated on page one of this agreement.

PART III

Post Construction:

After the project is completed the LPA agrees to:

1. Control the length and location of curb openings for future entrances and to not permit the length of curb openings for entrances to exceed the length shown on the plans or as shown on a sketch of typical entrances for similar entrances; and prohibit the construction or use of any entrances along the project within the LPA other than those shown on the plans, without prior approval of NDDOT.
2. Prohibit double parking and diagonal parking within the limits of the project. Additional parallel parking will be allowed within the limits of the project if designed considering the effects the added parking will have on the entire traffic corridor. The design will meet the requirements of 23 CFR Part 625, Design Standards for Highways.
3. If the traffic corridor intersects a state highway, the LPA must justify to NDDOT that any new access allowed will have minimal impact to the state highway. The design will meet the requirements of 23 CFR Part 625, Design Standards for Highways.
4. Prohibit the installation of traffic signals and pedestrian beacons on or in connection with the project, including those installed at the sole cost and expense of the LPA or by others, without NDDOT approval.
5. Maintain all traffic control devices on the project according to the current edition of the *Manual on Uniform Traffic Control Devices for Streets and Highways*, as supplemented and amended.
6. Restrict the speed limit on the project at or below the maximum design speed. Any changes to the speed limit will be pursuant to North Dakota Century Code, Chapter 39-09.
7. Provide maintenance to the completed project at its own cost and expense.
8. Prohibit access and encroachments upon the right of way pursuant to 23 CFR Part 1.23, Rights of Way, and Part 710 Subpart D, Right of Way, Real Property Management.

PART IV

General:

1. NDDOT will make all contract payments on behalf of the LPA. Payment will be made upon receipt of the engineer's estimate. The LPA will reimburse NDDOT for payments made less the amount paid by FHWA. No costs will be incurred by NDDOT for the construction and maintenance of this project.

If the LPA fails to reimburse NDDOT within 60 days after billing for funds advanced on behalf of the LPA, this document will constitute an assignment of funds now or hereafter coming into the hands of the state treasurer, which would otherwise be distributed to the LPA out of the highway tax distribution fund, NDCC 54-27-19. The state treasurer is hereby directed to pay NDDOT all such funds until the total equals the sum billed pursuant to this agreement.

2. The Risk Management Appendix, attached, is hereby incorporated and made a part of this agreement.
3. No official, employee, or other person performing services for the LPA who is authorized to negotiate or approve any contract or subcontract in connection with the project shall have any financial or other personal interest in any such contract or subcontract. No officer or employee of such person retained by the LPA shall have any financial or other personal interest in any real property acquired for the project unless such interest is openly disclosed upon public records of NDDOT and of the LPA, and such officer, employee, or person has not participated in such acquisition for and in behalf of the LPA.
4. The failure of the state to enforce any provisions of this contract shall not constitute a waiver by the state of that or any other provision.

5. Entities that receive federal funds through NDDOT may be required to obtain an audit in accordance with 2 C.F.R. Part 200, Subpart F. A copy of such audit shall be submitted to NDDOT. Entities that spend less than \$1,000,000 of federal funds from all sources may be subject to reviews by NDDOT at its discretion. Additionally, all entities receiving federal funds through NDDOT shall certify whether a Single Audit has been completed as part of the annual Federal award process. These requirements are applicable to counties, cities, state agencies, Indian tribes, colleges, hospitals, and non-profit businesses.
6. All notices, certificates, or other communications shall be sufficiently given when delivered or mailed, postage prepaid, to the parties at the respective places of business as set forth below or at a place designated hereafter in writing by the parties.

8. This agreement constitutes the entire agreement between the parties. Defend, indemnify, and hold harmless the Governments, its agencies, officers and employees, from and against claims based on the vicarious liability of the Governments or its agents, but not against claims based on the Government's contributory negligence, comparative and/or contributory negligence or fault, sole negligence, or intentional misconduct. The legal defense provided by the Subcontractor to the Governments under this provision must be free of any conflicts of interest, even if retention of separate legal counsel for the Governments is necessary. Subcontractor also agrees to defend, indemnify, and hold the Governments harmless for all costs, expenses and attorneys' fees incurred if the Governments prevail in an action against Subcontractor in establishing and litigating the indemnification coverage provided herein. This obligation shall continue after the termination of this agreement.

Subcontractor shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds authorized to do business in North Dakota: 1) commercial general liability; 2) automobile liability; and 3) workers compensation insurance all covering the Subcontractor for any and all claims of any nature which may in any manner arise out of or result from this agreement. The minimum limits of liability required are \$500,000 per person and \$2,000,000 per occurrence for commercial general liability and automobile liability coverages, and statutory limits for workers compensation. The Governments shall be endorsed on the commercial general liability policy and automobile liability policy as additional insureds. The Governments shall have all the benefits, rights and coverages of an additional insured under these policies that shall not be limited to the minimum limits of insurance required by this agreement or by the contractual indemnity obligations of the Contractor. Said endorsement shall contain a "Waiver of Subrogation" waiving any right of recovery the insurance company may have against the Governments as well as provisions that the policy and/or endorsement may not be canceled or modified without thirty (30) days prior written notice to the undersigned representatives of the Governments, and that any attorney who represents the State under this policy must first qualify as and be appointed by the North Dakota Attorney General as a Special Assistant Attorney General as required under N.D.C.C. Section 54-12-08. Subcontractor's insurance coverage shall be primary (i.e., pay first) as respects any insurance, self-insurance or self-retention maintained by the Governments. Any insurance, self-insurance or self-retention maintained by the Governments shall be excess of the Contractor's insurance and the Subcontractor's insurance and shall not contribute with them. The insolvency or bankruptcy of the insured Subcontractor shall not release the insurer from payment under the policy, even when such insolvency or bankruptcy prevents the insured Subcontractor from meeting the retention limit under the policy. Any deductible amount or other obligations under the Subcontractor's policy(ies) shall be the sole responsibility of the Subcontractor. This insurance may be in policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and be placed with insurers rated "A-" or better by A.M. Best Company, Inc. The Governments will be indemnified, saved, and held harmless to the full extent of any coverage actually secured by the Subcontractor in excess of the minimum requirements set forth above. The Government Entity that hired the Subcontractor shall be held responsible for ensuring compliance with the above requirements by all Subcontractors. The Governments reserve the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time.

ENGINEER'S REPORT INTERSECTION SAFETY PROJECT

PROJECT NO. TR-26-A

INTERSECTION OF UNIVERSITY DR N AND 19TH AVE N

Nature & Scope

This project consists of the existing east concrete median removal, turn lane realignment, concrete pavement, ADA improvements, signal revisions and street lighting.

Purpose

The intersection of University Drive North and 19th Avenue North has a high accident rate for left hand turns. This is in part due to the reduced visibility due to the negative left turn offset at the intersection. This project will remove the negative offset and better align the turn lanes to improve visibility and therefore increase the intersection safety.

Feasibility

The estimated cost of construction is \$531,447.70. The cost breakdown is as follows:

<u>Construction Cost (with 10% Contingency):</u>		<u>\$ 584,592.47</u>
Amount Federally Funded		\$ 526,133.22
Amount State Funded		\$ 29,229.62
Amount Locally Funded		\$ 29,229.62
Plus 4% Administration Fee:		\$ 1,169.18
Plus 3% Legal Fee:		\$ 876.89
Plus 4% Interest Fee:		\$ 1,169.18
Total Local Funded		\$ 32,444.88
<u>Miscellaneous Costs</u>		
Outside Engineering		\$ 86,180.90
Total Estimated Cost:		\$ 673,988.63
<u>Project Funding Summary</u>		
Federal HSIP Funds	78.06%	\$ 526,133.22
State Funds	4.34%	\$ 29,229.62
Sales Tax	17.60%	\$ 118,625.78
Total Estimated Project Cost		\$ 673,988.63

We believe this project to be cost effective.

Background:

Improvement District No. BN-25-C1 is to provide City infrastructure for the development of new commercial properties within and surrounding Dakota Commerce Center North Addition.

Dakota Underground is the Prime Contractor on this project.

This change order, as requested by the Contractor, will forgo the post-stripping cross section method of calculating earthwork quantities and will instead utilize planned quantities as basis for payment. By doing so, the Contractor waives the right to dispute or request adjustments to the earthwork quantities for the items listed below.

Topsoil - Strip
Topsoil - Spread
Topsoil - Haul
Fill-Contractor Supply

Re: City of Fargo BR-25-G1

To EMS Partners:

For Graybar PO # 4703961567, Hapco production has established an estimated ship date (ESD) of 10-17-25, from our plant in Abingdon, VA. Hapco has worked to improve this ESD, but current production demands will not allow an improvement to this 10-17-25 date. If production and shipping can improve the ESD, Hapco Customer Care will notify EMS Partners and Graybar.

Hapco values the City of Fargo, EMS Partners, and Graybar Electric and your continued support of our products.

Sincerely,

Re: Improvement Dist. No. PR-25-H1 – Change Order #1

Background:

Improvement District No. PR-25-H1 is an asphalt mill and overlay preventative maintenance project to enhance the street infrastructure within the City of Fargo. This work is taking place in four areas of the City.

FM Asphalt is the Prime Contractor.

When preparing estimates for bidding mill and overlay projects, we consider several factors to determine quantities for each section. These include the age of the existing infrastructure, the location and adjacent land uses, the current visual condition, and data from past projects. For the sections noted below, we estimated quantities we believed to be reasonable based on these factors; however, some sections ultimately required more work than anticipated.

Change Order #1 is to add or subtract quantity to some of the bid items on the project and a couple of additional pay items as follows:

Section 1 - (2nd Ave N)

This section has had limited work on it since 1986 when an asphalt overlay was done on the avenue. The concrete under the asphalt is from 1912 or 1917 depending on the location. When we started on this section of the project we found more curb that was broken or holding water than anticipated and needed to be fixed. We also had to replace additional sidewalk to achieve the proper grade required to meet ADA ramp guidelines. In addition, a new ramp and sidewalk was installed at 12th Street North to provide a pedestrian crossing at 2nd Avenue North.

Section 2 - 2nd Ave S to 5th Ave S between University Dr and 16th St S

This section was reconstructed in 2002–2003, which included replacement of the water main, sewers, and street section. Over time, areas began to hold water and the asphalt deteriorated, leading to the decision to complete a mill and overlay. Given that the section was just over 20 years old, we did not anticipate the extent of repairs needed. During construction, we discovered more settlement in the curb, gutter, and street than expected, requiring mud-jacking in some areas and full replacement in others to restore drainage. Additional asphalt was placed to correct street slopes, more sidewalk was replaced to achieve proper ADA ramp grades, and extra sod was needed to restore adjacent yards impacted by the added curb and sidewalk work.

In addition, the Contractor put up no parking signs along the streets where work was going to take place. Some residents didn't move their cars off the street. The Contractor hired a towing company to move them so the work on the streets could be done.

Section 3 – 9th Ave Circle S to 13th Ave S between 42nd St S and 45th St S

Some of this section had a mill & overlay done to the streets in 2010 while other streets in this section were last overlaid in 1986. This area has a lot of apartments and businesses which means there is a lot of heavier traffic on these streets. The asphalt in this area was starting to deteriorate, so it was decided to do a mill & overlay on the streets in this area. During construction, we found additional curb repairs were needed to restore proper drainage, and a bit more asphalt was required to achieve the correct street slope. While addressing these issues, we also replaced a few ADA ramps to meet proper grade requirements and added a new ramp and sidewalk at 10th Avenue South and 44th Street South to provide a pedestrian crossing at that intersection.

Section 5 – 24th Ave S from 9th St S to University Dr.

This avenue was last overlaid in 2010 and has a lot of traffic on it. The asphalt was starting to deteriorate so it was decided to do a mill & overlay on it to get more life out of it. When we got started on this section we noticed that more work was required around the inlets. The rings under the inlet castings were deteriorating and needed to be replaced. We also found a couple of the inlet castings were broken so we replaced them. This work caused us to replace more curb than anticipated.

Change Order #1 is for \$218,921.50. The original contract amount was \$1,837,589.00, bringing the new total to \$2,056,510.50. Funding for this project is sourced 50% from Special Assessments and 50% from City Sales Tax Funds.

Recommended Motion:

Staff recommends approval of Change Order #1 in the amount of \$218,921.50 for Improvement Dist. No. PR-25-H1.

Asphalt Mill & Overlay & Incidentals

Dear Jason:

We are requesting reimbursement for towing costs that we incurred on August 19, 2025 while trying to pave in Section #2 of our Asphalt Mill & Overlay Project. We had distributed flyers to every home and placed no parking signs throughout the development but when we arrived to do our work there were several cars in the way that had to be moved. After knocking on doors and getting no response we had no choice but to call a wrecker and have the cars removed so we could continue. We are requesting reimbursement as follows:

All Pro Towing Invoice #1473	\$520.00
FM Asphalt 10 % Markup	<u>\$ 52.00</u>
Total	\$572.00

Please add this amount to your next pay estimate for this project.
Thank you.

Sincerely,

AGREEMENT

1. **The Easement Property.** The District grants and conveys to the City a non-exclusive, permanent easement, including the easement rights described in this Easement, upon, over, across, and through the following real property in Cass County, North Dakota:

See legal description and survey attached as **Exhibit A.**

The property described above is the "Easement Property." The District does not warrant fee simple ownership of the Easement Property and only conveys those rights to the City permitted under North Dakota law that are consistent with the District's rights in the Easement Property.

2. **Easement Rights.** The City's rights under this Easement, and the rights of the City's officers, agents, representatives, employees, and contractors, include access upon, over, in, under, across, and through the Easement Property for the following purposes: installing, constructing, inspecting, maintaining, reconstructing, altering, repairing, replacing, operating, improving, modifying, and removing the City Street and the Water Infrastructure; excavating, piling, storing, depositing, spoiling, spreading, and removing excavated dirt, soil, clay, silt, or other materials; moving, storing, and removing equipment, materials, and supplies; removing trees, underbrush, obstructions, and any other vegetation, structures, or obstacles from the Easement Property; and the right to perform any other work necessary and incident to the installation, construction, inspection, maintenance, reconstruction, alteration, repair, replacement, operation, improvement, modification, and removal of the City Street and the Water Infrastructure, together with all necessary and reasonable rights of ingress and egress to and from the Easement Property. The City's access rights regarding the City Street extends to the City's invitees and licensees, including the public's use of the City Street.

3. **Drainage Priority and Use.** The parties understand and agree that Drain 53 is a public facility that provides drainage benefits and other important public benefits to Cass County and its residents, including the City and residents of the City, and further agree the District's use of Drain 53, including the Easement Property, as a drainage facility takes priority over any other use of the Easement Property, including the City's use of the Easement Property, the City Street, and the Water Infrastructure.

4. **No Unreasonable Interference.** The District will not unreasonably interfere with the City's easement rights under this Easement. However, the District's priority use of Drain 53 for drainage, flood protection, or other emergency purposes may require and include temporary disruptions or interference with the City's use of or interest in the Easement Property. The District will use reasonable care to avoid any damages to the City Street and the Water Infrastructure; however, the District will not be liable or responsible for any damages to the City Street or to the Water Infrastructure resulting from any reasonable construction, cleaning, inspection, reconstruction, modification, operation, maintenance, repair, or improvement of Drain 53 by the District, its officers, agents, representatives, employees, consultants, or contractors. In the event any reconstruction, modification, or improvement of Drain 53 requires any modifications to the City Street, the Water Infrastructure, or both, the City will construct the modifications at the City's expense and, if necessary, the parties will amend this Easement for purposes of redefining the "Easement Property."

5. **Improvements and Repairs to the Easement Property.** Any improvements or repairs to the City Street, the Water Infrastructure, or both are subject to the following:

a. Prior to the City's construction, reconstruction, or other improvements of the City Street, the Water Infrastructure, or both, the City must provide plans and specifications to the District, and the District must first give prior written consent to the design of any construction or improvements; the District will not unreasonably withhold consent.

b. The City will install, construct, inspect, maintain, reconstruct, alter, repair, replace, operate, improve, modify, and remove the City Street, the Water Infrastructure, or both at the City's sole cost.

c. With the exception of emergency situations, the City will obtain the District's written consent prior to commencing any structural repairs, modifications, or improvements to the City Street, the Water Infrastructure, or both on or adjacent to the Easement Property that require excavation; the District will not unreasonably withhold consent.

d. The City will design and construct any and all improvements and required maintenance on the City Street, the Water Infrastructure, or both in a manner that ensures adequate drainage of the Easement Property, with a finished grade that drains the Easement Property, and that does not result in ponding in or on Drain 53.

e. With the exception of the City Street and the Water Infrastructure, the City will not construct any improvements in, upon, under, over, or across any portion of the Easement Property; the City will not place any fixtures, equipment, or other personal property on any portion of the Easement Property; the City will not construct or install, or

allow construction or installation of, any other utility facilities, lines, structures, or associated appurtenances on, over, in, under, through, or across the Easement Property; the City will not encumber any portion of the Easement Property; and the City will not otherwise alter any portion of the Easement Property without prior consent from the District; the District will not unreasonably withhold consent.

f. The City will repair the Easement Property and will repair or replace any of the District's structures, facilities, right of way, or any other property owned by the District damaged as a result of the City's construction, operation, inspection, maintenance, alteration, repair, replacement, reconstruction, or removal of the City Street, the Water Infrastructure, or both, or otherwise damaged as a result of any use, access, ingress, or egress granted under this Easement; the City will otherwise repair and return the Easement Property as nearly as practicable to its original condition following any disturbance or damages, at the City's sole cost.

g. The City will promptly cease any activity and remove any structure or obstruction that interferes with Drain 53 or the District's use of the Easement Property, at the City's sole cost.

6. **Term.** The rights granted under this Easement are permanent and the District may only terminate this Easement if necessary to protect the integrity of Drain 53; as necessary to comply with any laws, rules, regulations, requirements, or directives of any applicable federal or state agency with regulatory jurisdiction over Drain 53; or in the event of any default by the City not remedied within a reasonable time. In the event of any termination, the District will record an Affidavit of Termination with the Cass County Recorder's Office, and the City will remove any improvements from Drain 53, at the City's sole cost.

RE: RFQ25276 – FARGODOME Exterior Fire Line Gate Valve Replacement

Commissioners:

Earlier this year, it was discovered that the gate valve on the exterior water line serving the FARGODOME fire system is leaking and in need of replacement. FARGODOME requests a 2025 budget adjustment of \$48,360 from the FARGODOME Permanent Fund for the immediate replacement of the water line.

Following purchasing policy, staff worked with the Public Works department to create a scope of work to include excavation, removal of the existing fire line gate valve, and full site reclamation, including restoring all disturbed areas to their original condition, including surface replacement, grading and cleanup.

A review committee consisting of Tom Ganje with Public Works, Rob Sobolik, Bernie Larson and Jayson Metzger of FARGODOME selected vendor Dirt Dynamics at \$48,360.00 for the completion of the work.

Suggested Motion:

Approve the recommendation for a 2025 budget adjustment of \$48,360.00 for Fire Line Valve Replacement funded by the FARGODOME Permanent Fund.

Thank you for your consideration of this matter.

Respectfully Submitted,

Rob Sobolik
General Manager, FARGODOME

MEMORANDUM

September 16, 2025

TO: FAHR Committee

FROM: Captain Matt Christensen, Fargo Police Department
Assistant Chief Craig Nelson, Fargo Fire Department
Tom Ganje, Fleet Purchasing Manager

Subject: Request to Approve 2025 RRVAS Unit Mobile Command Center Vehicle

The Red River Valley Unmanned Aircraft Systems (RRVUAS) Unit was established in 2018 through a joint agreement between the Fargo Police and Fire Departments, Cass County Sheriff's Office, and the West Fargo Police and Fire Departments. The program operates under a cost-sharing model, with each of the five agencies currently contributing \$9,000 annually to a shared budget that supports equipment upkeep, insurance, software, and communications tools. Staffed by over 20 FAA-certified pilots and equipped with a versatile fleet of drones ranging from rapid-response platforms to advanced thermal and zoom systems, the RRVUAS Unit is a proven regional asset providing critical aerial support for emergencies, investigations, and large-scale public safety operations.

On August 11, 2025 the Red River Regional Unmanned Aircraft Systems Unit Board approved the purchase for a Mobile Command Center Vehicle. This equipment will serve as a Mobile Command Center, providing on site coordination, communication and operational support during incidents and events. By having a dedicated Mobile Command Vehicle, RRVUAS Unit can establish operations immediately on site. This will reduce delays, speed up decision-making and ensuring resources are deployed to critical incidents faster.

The vehicle will be acquired under North Dakota Contract # 380-NES. The total estimated cost of the project is \$105,000.00 with first year's annual payment of \$25,000.00 and the remaining balance spread over five years. The funds for this purchase will be drawn from Special Revenue Fund 222. All participating agencies contribute \$9,000.00 annually to this account. The City of Fargo will be responsible for procuring the vehicle, and the vehicle will be titled under City of Fargo's ownership.

At this time, we are requesting FAHR Committee approval for City of Fargo Red River Valley Unmanned Aircraft Systems Unit representatives to proceed with the purchase of a Mobile Command Center Vehicle for the Red River Valley Unmanned Aircraft Systems Unit. The vehicle will be procured under North Dakota Contract # 380-NES, and a lease agreement will be secured at the time of purchase.

TO: Board of City Commissioners

FROM: Ben Dow

RE: Request for Riverfront TIF Funding for Downtown River Corridor Riparian Vegetation Management

The riparian tree population along the downtown river corridor from 1st Avenue to 4th Avenue North has become increasingly dense and overgrown. To enhance the area and create a more vibrant, open connection to the river, staff have assessed the site and developed a plan to thin excessive vegetation and conduct large-scale pruning and low limbing of trees within this stretch.

We believe that this work will significantly improve visibility, safety, and the overall experience for residents using the river corridor path system. The enhanced sightlines and openness will strengthen the connection between the community and the river.

Certified tree contractors were contacted to provide quotes for the project, and the lowest bid came in at \$36,000. Since a portion of the project area is owned by the Park District, they have agreed to contribute up to \$16,000 toward the cost of the work. However, the remaining \$20,000 is not currently available within the Forestry Budget.

To move the project forward, staff explored alternative funding options and identified the Riverfront TIF as a viable source. Administration has confirmed that approximately \$93,000 is currently available within the Riverfront TIF fund.

Based on this available funding, I am requesting approval to allocate \$20,000 from the Riverfront TIF to complete this project in partnership with the Park District's contribution.

Recommended Motion:

Approve the allocation of \$20,000 from the Riverfront TIF for the removal of vegetation overgrowth and the pruning/low limbing of trees along the downtown river corridor between 1st Avenue and 4th Avenue North.

Re: 2026 Benefit Renewals

Date: September 25, 2025

We have several benefit plan renewals occurring on January 1, 2026. The cost of the proposed benefits has been included in the 2026 budget. The renewals and proposed changes are listed below:

Health Insurance

In late 2024, we conducted a health insurance survey to measure the level of satisfaction with our health insurance plan and to assess the level of interest in providing additional options. We received responses from 337 employees with 73% of the respondents indicating they would like to see additional options. A high-deductible plan was added as an option for 2025. We are proposing the addition of another option with Blue Cross Blue Shield of North Dakota (BCBSND) for 2026. The options are summarized below:

BlueAccess – plan currently offered. The city will continue to pay 80% of the family premium and 86% of the single premium. The 2026 health premiums are attached.

BlueSaver – high-deductible health plan (HDHP) currently offered with a change from 100% to 80% coinsurance and a deductible increase from \$3,300 to \$3,400.

NEW - DakotaBlue (Essentia Network) – new option is available with either the BlueAccess or the BlueSaver plans listed above. There are significant premium savings for employees who opt for the Essentia network in Fargo and Moorhead. Services received outside of Fargo and Moorhead Essentia are subject to higher deductibles, co-payments and out-of-pocket expenses.

While the plan designs remain primarily the same, the most significant changes include the removal of coverage for weight loss medication and management (oral and GLP-1s) as well as a change to pharmacy benefits to a NetResults standard pharmacy formulary benefit.

The city will continue to pay 86% of the individual premium and 80% of the parent + children and family premiums (pro-rated for benefited employees scheduled less than 40 hours per week). The 2026 premiums are attached.

Dental Insurance

Our dental insurance provider is Blue Cross Blue Shield of North Dakota (BCBSND). The proposed renewal for 2026 includes a \$0.30 monthly premium reduction for the City of Fargo per employee. Those who choose to cover family members will experience a reduction of \$0.30 (employee + child), a \$0.56 reduction (family) per month. The city contributes the cost of the single premium for all full-time employees (pro-rated for benefited employees scheduled less than 40 hours per week) regardless of the level of coverage elected. The 2026 dental premiums are attached.

Vision Insurance

Our vision insurance provider is Superior Vision which is underwritten by MetLife. There is no increase to the current premiums which are guaranteed through December 31, 2026.

Life Insurance

Our current life insurance provider is Mutual of Omaha. The life insurance renewal for 2026 provides no increase to employee premiums, which are paid entirely by COF employees.

Long-Term Disability (LTD) Insurance

Our current long-term disability provider is Mutual of Omaha. The LTD premium, which is paid entirely by the City of Fargo, will remain at .22% per \$100 of monthly insured income for 2026. The maximum monthly benefit is \$11,000. The plan's elimination period remains 120 days.

Short-Term Disability Insurance

In conjunction with BlueConnect, the benefit enrollment platform, Unum will continue to be offered as an individual short-term disability plan. The plan is voluntary and the premium will be paid entirely by participating employees. The plan has an elimination period of 14 days and a benefit period of six months at 60% of base income.

Flexible Spending Accounts

The City of Fargo will continue to offer employees the opportunity to participate in flexible benefits administered by WEX. Participants utilize pre-tax dollars to pay for eligible health and dependent care expenses.

Health Savings Account (HSA)

We propose adding a City of Fargo contribution to the Health Savings Account to encourage our employees to utilize an HSA to save pre-tax dollars for their out-of-pocket expenses under the high-deductible plan. The proposed contribution is \$20 per month (\$10 per pay period) for individual coverage and \$40 per month (\$20 per pay period) for either the parent + child or family plans). These contributions would occur over 24 pay periods.

RECOMMENDED MOTION: To approve the benefit renewals as outlined in this benefit renewal memo effective January 1, 2026.

MEMORANDUM

TO: Board of City Commissioners
FROM: Shiloh Hanson, Clerk of Court
SUBJECT: Contract Renewal with Centre, Inc. (PBC26002)
DATE: September 29, 2025

In January 2001 the City of Fargo entered into a minimum security placement agreement with Centre, Inc. Every 5 years the contract is reviewed and has been renewed with Centre, Inc. as they are the only qualified facility in Fargo.

The Federal Bureau of Prisons (BOP) contracts with residential reentry centers, also known as halfway houses, to provide assistance to inmates who are nearing release from jail or to house inmates referred to by Municipal Court as an alternative to going to jail.

The Centre, Inc. is the contracted Residential Reentry Center (RRC) for Fargo. Males are located at 123 15th Street North and females are located at 601 Westrac Drive. The existing contract with Centre, Inc. is set to expire on 12/31/25. It is recommended that the contract be renewed as a piggyback procurement under the Federal Bureau of Prisons, Contract #15BRRC20D00000214, expiring December 31, 2030.

Suggested Motion: Approve the renewal of the contract with Centre, Inc. for minimum security placement. (PBC26002)

Federal Bureau of Prisons

Completing the transition.

Reentry assistance reduces recidivism.

The BOP contracts with residential reentry centers (RRCs), also known as halfway houses, to provide assistance to inmates who are nearing release. RRCs provide a safe, structured, supervised environment, as well as employment counseling, job placement, financial management assistance, and other programs and services. RRCs help inmates gradually rebuild their ties to the community and facilitate supervising ex-offenders' activities during this readjustment phase.

Residential Reentry Centers provide programs that help inmates rebuild their ties to the community and reduces the likelihood that they will recidivate.

They are accountable.

In-house counts are conducted throughout the day at scheduled and random intervals. An inmate is only authorized to leave the RRC through sign-out procedures for approved activities, such as seeking employment, working, counseling, visiting, or recreation purposes. During the approved activity, the inmate's location and movements are constantly monitored and RRC staff may visit or call them at any time. In addition, when the inmate returns they may be given a random drug and alcohol test.

They assist with employment.

RRC staff assist inmates in obtaining employment through a network of local employers, employment job fairs, and training classes in resume writing, interview techniques, etc. Ordinarily, offenders are expected to be employed 40 hours/week within 15 calendar days after their arrival at the RRC.

They assist with housing.

During their stay, offenders are required to pay a subsistence fee to help defray the cost of their confinement; this charge is 25 percent of their gross income, not to exceed the per diem rate for that contract. The contractor assists inmates in locating suitable housing (if necessary), to which they can release from the RRC. In cases where an inmate will be released with supervision, the contractor verifies the proposed address and forwards its comments to the U.S. Probation Office.

They assist with substance abuse treatment.

RRCs offer drug testing and substance abuse programs. Based upon the inmate's needs and substance abuse history, they may be referred for substance abuse treatment by contracted treatment providers. In addition, inmates who have completed the Residential Drug Abuse Program (RDAP) while confined at a BOP institution are expected to continue their drug treatment with these certified community treatment providers under contract with the BOP.

They assist with the inmate's medical and mental health care.

RRC contractors provide offenders an opportunity to access medical and mental health care and treatment. The intent is to assist the offender in maintaining continuity of medical and mental health care and treatment. Inmates ordinarily transfer from an institution to an RRC with an initial supply of required medications.

Proposal:

PROJECT NOTE: A nearly identical plat was recommended for approval by your Commission at the June 3rd, 2025 Planning Commission meeting. That plat was approved by the City Commission at their July 7th, 2025 meeting. Prior to recordation of that plat, the applicant resolved the matter of an encroachment into the neighboring property to the west through the recordation of a quit-claim deed. The applicant decided to submit a new application for a subdivision that included the quit-claimed area. The original plat, also called Family Healthcare Center Addition, was not recorded, so the name can be used again.

The applicant has requested one entitlement:

1. A minor subdivision, entitled **Family Healthcare Center Addition**, a replat of part of Lot 5 and all of Lots 6-12, Block 3, Keeney & Devitts Addition, to the City of Fargo, Cass County, North Dakota.

Surrounding Land Uses and Zoning Districts:

- North: DMU, Downtown Mixed-Use with Vehicle Repair;
- East: DMU, Downtown Mixed-Use with Office;
- South: DMU, Downtown Mixed-Use with Household Living and Office;
- West: DMU, Downtown Mixed-Use with Parking, Commercial.

Area Plans:

The Fargo Growth Plan 2024 designates the place type of the subject property as Downtown / Core. The Downtown InFocus plan identifies the property as "Commercial." The current zoning is DMU, Downtown Mixed-Use, which matches this place type designation.

Context:

Neighborhood: The subject property is located within the Downtown Neighborhood.

Schools: The subject property is located within the Fargo School District and is served by Horace Mann and Roosevelt elementary, Ben Franklin middle and North high schools.

Parks: The subject property is located approximately 0.25 miles south from Broadway Square. Amenities include green space in the summer, picnic tables, live music, kid friendly events, ice rink in the winter, and warming houses. The subject property is also located approximately 0.25 miles north of Island Park. Amenities include outdoor pool, basketball courts, cross country ski trails, grill, handball court, picnic tables, playgrounds for ages 2-5, and 5-12, recreational trails, restrooms, a shelter that can be reserved and tennis courts.

Pedestrian / Bicycle: There are bike lanes on both the north and south sides of Northern Pacific Avenue North directly south of the subject property. These bike lanes are components of the metro area bikeways system.

MATBUS: The Ground Transportation Center (GTC) is located at 502 Northern Pacific Drive North approximately 0.8 miles from the subject property.

Staff Analysis:

The underlying lots in this subdivision were platted in 1882 as part of Keeney & Devitts Addition. These lots have existing structures. The Family Healthcare Center, a medical office use, occupies these structures and has proposed to connect the buildings with a passage way. The subdivision will combine the underlying lots into a single lot so that the structures are not crossing lot lines.

Note that seven of the underlying lots have been deed-combined into three lots. Deed combines are a method some land owners historically used to formalize tax parcel changes. Deed-combined lots are not platted lots. The portion of the eighth underlying lot, Lot 5 of Block 3, was acquired through quitclaim deed from the adjacent property owner to accommodate a building encroachment from the Family Healthcare Center building at 313 Northern Pacific Avenue North into Lot 5.

The proposed subdivision was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.

Minor Subdivision

The LDC stipulates that the following criteria is met before a minor plat can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.** The current zoning of the subject property is DMU, Downtown Mixed-Use and no zone change is proposed. The zoning is consistent with the Fargo Growth Plan 2024 designation of "Downtown /

Core” place type and Downtown InFocus plan for “Commercial”. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, Planning staff has received no inquiries about the proposal. The project has been reviewed by the city’s Planning, Engineering, Public Works, Inspections, and Fire Departments. (Criteria Satisfied)
2 Section 20-0907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision. While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any public improvements associated with the project (whether rehabilitation of existing infrastructure or new proposed improvements) will be funded in accordance with the City’s Infrastructure Funding Policy, which may include the use of special assessments. (Criteria Satisfied)
Staff Recommendation:
Suggested Motion: “To accept the findings and recommendations of the Planning Commission and staff and move to approve the proposed subdivision plat, Family Healthcare Center Addition, as presented, as the proposal complies with the Fargo Growth Plan 2024, Downtown InFocus Plan, the standards of Article 20-06, Section 20-0907.B and C of the LDC, and all other applicable requirements of the Land Development Code”.
Planning Commission Recommendation: September 4th, 2025
At the September 4th, 2025 Planning Commission hearing, that Commission, by a vote of 7-0 with four Commissioners absent, moved to accept the findings and recommendations of staff and recommended approval to the City Commission of the proposed subdivision plat, Family Healthcare Center Addition, as presented, as the proposal complies with the Fargo Growth Plan 2024, Downtown InFocus Plan, the standards of Article 20-06, Section 20-0907.B and C of the LDC, and all other applicable requirements of the Land Development Code

Instructions for the Recipient:

The Recipient must mark the one (and only one) checkbox above that best reflects how the Recipient's indirect costs will be calculated and charged under the grant. Do not include indirect cost rate information for subrecipients.

The table following the third box must be completed only if that box is checked. For example, if the direct cost base used for calculating indirect costs is Modified Total Direct Costs, then enter "MTDC" in the "Type of Direct Cost Base" column.

If using the Simplified Allocation Method for indirect costs, enter the applicable indirect cost rate and type of direct cost base in the first row of the table.

If using the Multiple Allocation Base Method, enter each major function of the organization for which a rate was developed and will be used under the grant, the indirect cost rate applicable to that major function, and the type of direct cost base to which the rate will be applied.

If the Recipient is a government and more than one agency or department will carry out activities under the grant, enter each agency or department that will carry out activities under the grant, the indirect cost rate(s) for that agency or department, and the type of direct cost base to which each rate will be applied.

- allow the de minimis 15% flat rate (the de minimis rate, is not applicable in certain cases (200.414(f); Appendix VII.D.1.B).) This rate may be used indefinitely, until the Contractor seeks to formally negotiate a rate. If the de minimis rate is used, the NDDOT does not need to review and approve.

Section 15: The NDDOT shall conduct pre-award risk assessments of applicants prior to issuing a contract. The Contractor shall conduct risk assessments of their subawardees either before or after making the award to determine the appropriate level of monitoring. Attachment 1 – Enforcement Overtime Calendar for FFY 2026

BACKGROUND

The North Dakota Department of Transportation’s (NDDOT) Highway Safety Division administers the North Dakota Vision Zero initiative to reduce motor vehicle crash fatalities and serious injuries to zero. The Highway Safety Division receives and provides state and federal funding to local entities to assist the NDDOT to achieve the traffic safety goals identified in the Vision Zero Plan and the Triennial Highway Safety Plan. This contract will assist in achieving the following plan goals to:

- Decrease the number of alcohol and/or drug related crashes.
- Decrease the number of speed related crashes.
- Decrease the number of distracted driving related crashes.
- Increase seat belt use to decrease the severity of injuries and trauma sustained in crashes.
- Increase the public’s knowledge and understanding of roadway safety and strategies.

The purpose of this contract is to provide funding to the **Fargo Police Department** (hereinafter referred to as the Contractor) to participate in the statewide enforcement programs listed below:

OCCUPANT PROTECTION (OP) ENFORCEMENT SCOPE OF WORK

PROJECT NO. OP2605-05-00

The *Click It or Ticket (CIOT)* enforcement campaign exists to increase occupant protection (OP) use for both adults and children through heightened enforcement of OP laws in the state. The campaign's success is built upon the strategy that education, along with highly visible and consistent enforcement, is an effective means to change driver behavior and increase OP use.

Participating law enforcement agencies are required to work overtime during scheduled CIOT campaigns to achieve high visibility within their jurisdictions to deter motorists from driving or riding in a motor vehicle without the appropriate use of an OP device (i.e., seat belt or child passenger safety seat).

The Contractor may **only** work during the scheduled CIOT enforcement periods as identified in Attachment 1. The Contractor may not work outside the scheduled periods.

During each identified enforcement period, the Contractor must:

- Conduct a minimum of two shifts (no minimum number of hours per shift) per high visibility enforcement period within corridors and at times (including nighttime) where the occurrence of unbelted serious injury and fatal crashes is greatest. When possible, the Highway Safety Division will coordinate with the Contractor to determine these locations based on North Dakota (ND) crash data.
- Issue Citations – **not warnings** – for failure or improper use of an OP device. This is to assure the integrity of the *CIOT* message to the public. Each stop is an opportunity to educate the public on taking personal responsibility for driving behaviors and safety measures.
- Coordinate with the Highway Safety Division to complete earned media requirements (pre- and post-news releases).
- Submit an electronic enforcement log sheet for participating officers by the date indicated in the schedule, "Enforcement Log Due Date." *The report will include: (1) number of enforcement hours, (2) dates and times of enforcement, (3) number and type of citations issued, and (4) number of enforcement contacts/stops made.*
- Submit a reimbursement voucher by the date indicated in the schedule, "Reimbursement Voucher Due Date."
- Work with other area law enforcement within the region to conduct multi-agency enforcement efforts to maximize the visibility of law enforcement during the *CIOT* enforcement period.

IMPAIRED DRIVING (ID) ENFORCEMENT SCOPE OF WORK

PROJECT NO. ID2610-02-00

The *Drive Sober or Get Pulled Over (DSOGPO)* enforcement campaign exists to deter impaired driving (ID) through heightened enforcement of ID laws in the state. The campaign's success is built upon the strategy that education, along with highly visible and consistent enforcement, is an effective means to change driver behavior.

The Contractor is required to work during the scheduled ID enforcement periods as outlined in Attachment 1. The Contractor may conduct additional enforcement activity beyond the required regional calendar events within their jurisdiction, if the budget allows, and if the Contractor can justify the purpose of additional enforcement. The Contractor must notify the Highway Safety Division of the additional enforcement activity prior to conducting the additional enforcement activity.

During each identified enforcement period of the contract period, the Contractor must:

- Conduct a minimum of two shifts (no minimum number of hours per shift) per enforcement period, except for the National Labor Day *Drive Sober or Get Pulled Over* campaign.
- Conduct a minimum of four shifts (no minimum number of hours per shift) during the dates identified as the National Labor Day *Drive Sober or Get Pulled Over* campaign.
- Ensure that officers working the ID grant have been SFST (Standardized Field Sobriety Testing) certified and have attended a SFST refresher or ARIDE course at least once every three years. The Contractor must provide verification of the completed training upon request by the Highway Safety Division for each officer conducting overtime enforcement through the grant.
- Determine the best enforcement strategy (e.g., sobriety checkpoints vs. saturation patrols, time of day, locations, etc.) that will most effectively deter ID within the Contractor's jurisdiction. Data indicates this would typically be at night on weekends and holidays, or during special community events justifying the need for additional traffic enforcement. Some jurisdictions may have varying times based on demographics (e.g., college communities).
- Conduct high visibility enforcement within corridors and times where the occurrence of injury and death from ID is greatest. When possible, the Highway Safety Division will coordinate with the Contractor to determine these locations based on ND crash data.
- Coordinate with the Highway Safety Division to complete earned media requirements (pre- and post-news releases).
- Submit an electronic enforcement log sheet for participating officers by the date indicated in the schedule, "Enforcement Log Due Date." *The report will include: (1) number of enforcement hours, (2) dates and times of enforcement, (3) number and type of citations issued, and (4) number of enforcement contacts/stops made.*

- Submit a reimbursement voucher by the date indicated in the schedule, "Reimbursement Voucher Due Date."
- Work with other area law enforcement within the region to conduct multi-agency enforcement efforts to maximize the visibility of law enforcement during the ID enforcement period.

UNDERAGE DRINKING (UA) ENFORCEMENT SCOPE OF WORK

PROJECT NO. ID2610-12-00

The underage drinking (UA) enforcement program supports and enhances efforts by law enforcement to reduce the availability of alcohol to minors. Tragic social consequences can result when youth use alcohol, including traffic injuries and fatalities. The objective of the program is to prohibit the sale and consumption of alcoholic beverages to minors. (For the purpose of this solicitation, "minors" are defined as individuals under the age of 21.)

*Please note that funds for operations may be utilized to cover the costs of overtime for officers, stipends for underage buyers, and direct expenses for server training (printing, postage, and other approved direct expenses). **These funds may not be used for food or refreshment.***

Activities under this program are for Non-Saturation events only. The Contractor is required to work two (2) scheduled UA enforcement periods chosen by your agency and relay plans to the Highway Safety Division. The Contractor may conduct additional non-saturation enforcement activity beyond the two (2) scheduled required calendar events within their jurisdiction, if the budget allows, and if the Contractor can justify the purpose of additional non-saturation enforcement. The Contractor must notify the Highway Safety Division of the additional non-saturation enforcement activity before conducting the additional non-saturation enforcement activity.

Qualifying Non-Saturation Events include:

The following types of enforcement activities will be reported as a non-saturation event in the Law Enforcement Web Reporting (LEWR) online report system.

- **Compliance Checks** — Compliance Checks must utilize an underage buyer working under the direction of a law enforcement agency. The underage buyer enters a licensed liquor establishment and attempts to purchase alcoholic beverages. This operation may be conducted at on-premises sites (bars, restaurants, clubs, etc.) and off-premises businesses (convenience stores, grocery stores, gas stations, etc.).
- **Shoulder Tap** — Shoulder tap activities must involve an underage buyer working under the direction of a law enforcement agency. The underage buyer will approach an individual who is about to enter an off-sale establishment and ask them to purchase alcohol for them from an off-sale establishment.
- **Server Training** — Training provided to servers, sellers, and consumers of alcohol to prevent intoxication, drunk driving, and UA.
- **Evidence-Based Alcohol Prevention Educational Awareness Program** — Evidence-based curricula have been proven to be effective in reducing underage drinking and driving. Examples of evidence-based programs include but are not limited to Lifeskills Training, Positive Action, and D.A.R.E. (Drug Abuse Resistance Education). Costs eligible for reimbursement are the purchase of educational presentation videos, or printing of teaching guides, workbooks for students, and educational tools. Please contact the

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or

- structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

(applies to subrecipients as well as States)

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an

- erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
 5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded**, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
 6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
 7. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov>).
 9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded**, as used in this clause, are defined in 2 CFR parts 180 and 1200. 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled “Instructions for Lower Tier Participant Certification” including the “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov>).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST

(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
 - a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
 - b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in

organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

In accordance with [Executive Order 13043](#), Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at www.trafficsafety.org. The NHTSA website (www.nhtsa.gov) also provides information on statistics, campaigns, and program evaluations and references.

States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

5. As part of a comprehensive program, the State will support a data-based traffic safety enforcement program that fosters effective community collaboration to increase public safety, and data collection and analysis to ensure transparency, identify disparities in traffic enforcement, and inform traffic enforcement policies, procedures, and activities. (23 U.S.C. 402(b)(1)(E))

I understand that my statements in support of the State's application for Federal grant funds are statements upon which the Federal Government will rely in determining qualification for grant funds, and that knowing misstatements may be subject to civil or criminal penalties under 18 U.S.C. 1001. Highway Safety Division Program Manager, to determine if officer time is eligible for reimbursement (regular time is not reimbursable).

- Educational tools may be purchased with grant funds. Agencies choosing to purchase or use educational tools must provide an explanation of how they will be incorporated into activities (e.g., classroom presentations, community events, school assemblies, traffic safety fairs), the frequency of use, and the settings in which they will be used. A written report summarizing activities involving the educational tools must be submitted at the end of each grant year.

Promotional items are not an allowable expense.

During each fiscal year of the contract, the Contractor must:

- Conduct a minimum of two (no minimum number of hours per shift) **planned** non-saturation events. Provide the Highway Safety Division a calendar of scheduled events for the fiscal year that identifies the type of events to be conducted and when.
- Determine the best enforcement strategy (e.g., shoulder tap, server training or compliance checks, etc.) that will most effectively deter underage access and consumption of alcohol within the Contractor's jurisdiction.
- Coordinate with the Highway Safety Division to complete earned media requirements (pre- and post-news releases).
- Submit an electronic enforcement log sheet for participating officers within five days after completing the event.
- For evidence-based activities, documentation of actual curricula expenses need to be supported by an invoice when submitting a voucher for reimbursement. A voucher can be submitted through the Law Enforcement Web Reporting System.
- Submit a reimbursement voucher by within 45 days after completing the event.

DISTRACTED DRIVING (DD) ENFORCEMENT OF WORK

PROJECT NO. DD2611-02-00

The distracted driving (DD) enforcement campaign exists to decrease the use of handheld electronic devices and other activities that are a distraction or cause inattentiveness by the driver through heightened enforcement of DD laws in the state. The campaign's success is built upon the strategy that education, along with heightened and consistent enforcement, is an effective means to change driver behavior and decrease crashes caused by driver distraction.

Participating law enforcement agencies are required to work overtime during scheduled DD campaigns to achieve heightened enforcement within their jurisdictions by enforcing the ban on all cell phone use by minors (under the age of 18) and activities by all drivers which cause inattentiveness resulting in traffic violations.

The Contractor is required to work during the scheduled DD enforcement periods as identified in Attachment 1. The Contractor may conduct additional enforcement activity beyond the required events within their jurisdiction, if the budget allows, and if the Contractor can justify the purpose of additional enforcement. The Contractor must notify the Highway Safety Division of the additional enforcement activity prior to conducting the additional enforcement activity.

During each identified enforcement period, the Contractor must:

- Conduct a minimum of two shifts (no minimum number of hours per shift) per DD enforcement period.
- Determine the best enforcement strategy that will efficiently use available resources and conduct heightened enforcement within corridors and at times where the occurrence of DD and electronic device usage is most prevalent.
- Issue Citations – **not warnings** – when observing a driver violating North Dakota's DD law. This is to assure the integrity of the *Put the Phone Away or Pay* message to the public. Each stop is an opportunity to educate the public on taking personal responsibility for their driving behaviors.
- Coordinate with the Highway Safety Division to complete earned media requirements (pre- and post-news releases).
- Submit an electronic enforcement log sheet for participating officers by the date indicated in the schedule, "Enforcement Log Due Date." *The report will include: (1) number of enforcement hours, (2) dates and times of enforcement, (3) number and type of citations issued, and (4) number of enforcement contacts/stops made.*
- Submit a reimbursement voucher by the date indicated in the schedule, "Reimbursement Voucher Due Date."
- Work with other area law enforcement within the region to conduct multi-agency enforcement efforts to maximize the heightened enforcement of DD laws during the enforcement period.

SPEED (SC) ENFORCEMENT SCOPE OF WORK

PROJECT NO. SC2607-04-00

The speed (SC) enforcement campaign exists to decrease speed violations through heightened enforcement of speeding laws in the state. The campaign's success is built upon the strategy that education, along with highly visible and consistent enforcement, is an effective means to change driver behavior and decrease excessive speed.

Participating law enforcement agencies are required to work overtime during scheduled Speed campaigns to achieve high visibility within their jurisdictions to deter motorists from driving above the posted speed limits.

The Contractor may **only** work during the scheduled speed enforcement periods as identified in Attachment 1. The Contractor may not work outside the scheduled period.

During each identified enforcement period, the Contractor must:

- Conduct a minimum of two shifts (no minimum number of hours per shift) per high visibility enforcement period within corridors and at times (including nighttime) where the occurrence of highest number of speed-related serious injury and fatal crashes is greatest. When possible, the Highway Safety Division will coordinate with the Contractor to determine these locations based on North Dakota (ND) crash data.
- Issue Citations – **not warnings** – for driving above the posted speed limits. This is to assure the integrity of the *Speeding Slows You Down* message to the public. Each stop is an opportunity to educate the public on taking personal responsibility in driving behaviors and safety measures.
- Coordinate with the Highway Safety Division to complete earned media requirements (pre- and post-news releases).
- Submit an electronic enforcement log sheet for participating officers by the date indicated in the schedule, "Enforcement Log Due Date." *The report will include: (1) number of enforcement hours, (2) dates and times of enforcement, (3) number and type of citations issued, and (4) number of enforcement contacts/stops made.*
- Submit a reimbursement voucher by the date indicated in the schedule, "Reimbursement Voucher Due Date."
- Work with other area law enforcement within the region to conduct multi-agency enforcement efforts to maximize the heightened enforcement of speeding laws during the enforcement period.

REPORTING AND AUDIT REPORTING/ALL PROJECTS

Reporting

The Contractor must submit the enforcement logs and reimbursement voucher(s) to the Highway Safety Division per the schedule referenced in the previous enforcement sections. Late reports may result in a delay in processing or a reduction in payment.

The Contractor must retain for a minimum of three years, copies of timesheets, payroll, agency work schedules, and any other supporting documentation.

An enforcement contact is defined as one traffic stop, which may include multiple enforcement actions with the occupants of a motor vehicle while conducting overtime enforcement under contract with NDDOT.

Because the law enforcement overtime programs are statewide efforts, participation by each contracted entity is critical to the success of the campaigns. If the Contractor is unable to fulfill any portion of the contractual scope of work, they must contact the Highway Safety Division immediately.

Audit Reporting

A non-federal entity that expends \$1,000,000 or more during the non-federal entity's fiscal year in federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200, Subpart F.

Entities that spend less than \$1,000,000 of federal funds from all sources may be subject to reviews by NDDOT at its discretion. These requirements are applicable to counties, cities, state agencies, Indian tribes, colleges, hospitals, and non-profit businesses.

- All entities receiving federal funds through NDDOT shall certify whether a Single Audit has been completed as part of the annual Federal award process.
- All entities must complete the Single Audit Certification Form.
- All entities must provide a Schedule of Expenditures of Federal Awards (SEFA).

NDDOT RESPONSIBILITIES, REIMBURSEMENT, AND OTHER REQUIREMENTS/ALL PROJECTS

NDDOT Responsibilities

This Scope of Work will be monitored by the NDDOT's Program Manager. Oversight will include, but will not be limited to, desktop and on-site monitoring of program finances, operations, and performance. This will include identification and written notification of issues and/or concerns that could significantly affect the program's performance and outcomes to agents of the contracting agency in the community.

Based on federal grant requirements, NDDOT may revise the enforcement dates shown in Attachment 1. The Contractor will be notified by email and will receive a revised Attachment 1 that will identify the revised enforcement dates and due dates of enforcement logs and reimbursement vouchers.

Reimbursement

This contract will reimburse allowable expenses up to each project's total budget for costs incurred through completion of the scope of work and/or at the direction of the program manager. The Highway Safety Division reserves the right to deny payment for unallowable expenses identified in the applicable cost principles.

Overtime wages will be reimbursed at the agency-approved overtime rate and mileage, if applicable, will be reimbursed at the state-approved rate.

At the close of the state fiscal year, which is June 30, enforcement logs and reimbursement vouchers must be submitted no later than July 12 for any services or purchases that took place on or before June 30. Vouchers received after July 12 may not be reimbursed. Please note: only equipment that has been received by June 30 is affected by this due date.

The final reports/vouchers for all projects are due no later than November 14, 2026. ***Vouchers received after November 14, 2026, will not be reimbursed.***

Other Requirements

In accordance with 23 CFR Part 1300 Appendix C, the Contractor, as a representative of its political subdivision, requests the benefit of the NDDOT Highway Safety Division coordination of paid media and marketing to capitalize on the high visibility enforcement and education model necessary to change driver behavior. The NDDOT Highway Safety Division will coordinate paid and earned media statewide to complement the enforcement initiative outlined in this project agreement. The outreach may include the following: TV spots, radio spots, online ads, billboards, print ads, press releases, posters, flyers, and/or outreach events. These efforts will include local jurisdictions and will be coordinated statewide. By signing the contract, the Contractor signifies his/her understanding of the outreach component of the mobilization and approves the use of these educational techniques within his/her jurisdiction.

The Contractor is encouraged to follow the guidelines for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect.

The Contractor shall not use the funds for supplanting also known as general costs of government. *Funds for programs and services provided through this grant are intended to supplement, **not supplant**, other state or local funding sources.* Supplanting is defined as replacing routine and/or existing state or local expenditures with the use of federal grant funds and/or using federal grant funds for costs of activities that constitute general

expenses required to carry out the overall responsibilities of state, local, or federally recognized Indian tribal governments.

Written and verbal warnings are not encouraged under any of the grant programs.

The Contractor is encouraged to use the E-Citation module within TraCS Web while conducting overtime enforcement activities through NDDOT grant funded programs. The Highway Safety Division will monitor enforcement activities in TraCS. Upon request, those issuing paper citations or electronic citations in another program will be required to submit copies of citations to the Highway Safety Division.

RE: Replacement of Rooftop AC Unit, Air Handler, Evaporator Coils and Re-Plumbing of Existing
Broiler Heating Coils for Central Garage (RFP25259)

Commissioners:

On September 12, 2025, three proposals were submitted and two proposals were compliant for the replacement of a rooftop AC unit, air handler, evaporated coils, and re-plumbing of existing broiler heating coils for the Central Garage building.

The results are as follows:

<u>Firm</u>	<u>Cost</u>
J-Tech Mechanical	\$118,760.00
Metropolitan Mechanical Contractors	\$207,419.00

The review committee consisting of Ben Dow, Allan Erickson and Tom Ganje determined that two vendors met the required specifications. Based on the low bid proposal, our recommendation is to award J-Tech Mechanical for the replacement of the rooftop AC unit, air handler, evaporated coils and re-plumbing of the existing broiler heating coils. Funding for this project is included in the 2025 Central Garage Budget.

SUGGESTED MOTION:

Approve the recommendation to purchase one (1) Replacement of Rooftop AC Unit, Air Handler, Evaporated Coils and Re-Plumbing of Existing Broiler Heating Coils from J-Tech Mechanical totaling \$118,760.00 (RFP25259).

Respectfully submitted,

Defend, indemnify, and hold harmless the Governments, the state of North Dakota, its agencies, officers and employees (State), from and against claims based on the vicarious liability of the State or its agents, but not against claims based on the State's comparative and/or contributory negligence or fault, sole negligence, or intentional misconduct. The legal defense provided by Contractor to the State under this provision must be free of any conflicts of interest, even if retention of separate legal counsel for the State is necessary. The insolvency or bankruptcy of the insured Subcontractor shall not release the insurer from payment under the policy, even when such insolvency or bankruptcy prevents the insured Subcontractor from meeting the retention limit under the policy.
