

The City Needs Me For Mayor

By Alex Zhao, Longfellow Elementary, Ms. Medbery's 3rd grade class

Have you wondered what would happen if and what you would do if you were mayor of our great home called Fargo? Well I have and I definitely know that I should be mayor of this terrific town of Fargo!

Fargo is the best place to be when you're feeling down. There are so many more ups than downs! For example, the people are so kind and hardworking they just make you smile! And the places are so nice and exciting there are so many good parks and restaurants!

I should be mayor because I will make the city feel like home for everybody! In other words, I will upgrade the city to really feel like home for even the homeless people. For example, if somebody has an Idea that might help a person's life I will use all my power to make that Idea come true. If somebody needs me I will be there as a friend and leader!

Another reason I should be mayor is because I will listen to people who have Ideas to upgrade the city even if it's not a very good Idea I will try to come up with something similar to it. I will care for my clients even if it means getting hurt myself. For example if they are really hurt I will do my best to make them feel better.

As you can see I will make a great mayor for the city of Fargo I will make sure everyones happy and safe. I will be a friend to all people!
